

A Killer 1131

Chapter 1132: Perverted place

Sitting in the car, Li Tian closed his eyes slightly, and said in his mouth.

Then Tang Xiaolong drove the car to the gas station next to the motel on the left.

After their car drove over, they saw the lonely motor hotel and the old gas station.

That motel is not particularly big, there are only 56 houses in total.

And there are many old vehicles parked around.

After Tang Xiaolong drove the car over, he stopped on one side, then opened the door and jumped out of the car.

A cold breeze blew over at this moment, making people feel a cold feeling all over the body.

Tang Xiaolong shrank his neck, tightened his clothes a little, and then walked quickly towards the gas station, but there seemed to be no one.

"Hey, anyone?"

"I want to refuel my car..." Tang Xiaolong then yelled there.

After his voice sounded in the dark night, but no one beat out in the room over there.

"Hey, anyone?" Tang Xiaolong then shouted again.

Unfortunately, no one will come out.

Just when Tang Xiaolong was about to yell out his third voice, he heard the rear door slam open, and then he saw Li Tian, Duguxie, Guipu, and Opteron... They all got out of the car. Jumped down.

When Tang Xiaolong saw them all getting out of the car, he turned his head and smiled and said, "Little boss, you are awake."

Li Tian smiled at him.

Then he raised his eyes and looked around, looked at the motel next to it, and then looked at the fuel lane in front of him and asked, "Xiaolong, what's wrong?"

Tang Xiaolong pointed to the fuel lane in front of him and said, "There is no one in this place..."

"I yelled twice just now and there was no one, which is really strange."

Listening to Tang Xiaolong's words, Li Tian looked around and said, "There should be someone."

"Go, go in there and take a look." Li Tian, who was talking, walked quickly towards the room with the brothers behind him.

The light was still on in that room. After Li Tian and his brothers arrived at the door, Li Tian knocked on the door politely.

The sound of knocking on the door went inside.

After the knock on the door, they thought someone would come to open the door, but no one came to open the door at this meeting.

Li Tian was curious, and then reached out and knocked again.

However, this time as before, there is still no one.

"Is there no one?" Tang Xiaolong asked curiously.

Li Tian frowned and glanced at the door, then glanced inside through the gap in the door.

"It seems that the room is not locked!" Tang Xiaolong said suddenly.

As this guy said so, his hand pushed open the door of this room in an instant.

Then Li Tian originally wanted to stop him. After all, it was not good for strangers like them to break into someone else's room in the middle of the night... It's a pity that Tang Xiaolong's hand was too fast, and at this time he had already pushed the door open.

As the door in front of him was pushed open, a rancid smell rushed towards Li Tian and their noses.

This smell is extremely unpleasant, just like there are many dead bodies piled up in this room.

Not only did Li Tian and his brothers cover their noses, even the extremely indifferent Opteron frowned at this moment.

"Fuck, it smells so bad!"

"What's the smell in this room... It stinks to me." Tang Xiaolong said depressedly while covering his nose.

He seemed to regret that he had opened the door of this dilapidated house.

But what about Li Tian at this moment? He also walked in curiously towards the room, with an uncontrollable dark lining in his heart: Why does this room smell so bad? And this stench is like a rotting corpse?

With this kind of surprise in his heart, Li Tian walked into the room, and Duguxie, the ghost servants, and Ah Qiu followed in the same way.

After they came in, what they saw was that the room was dilapidated and old. The wooden tables and chairs were covered with tattered pots and bowls, and from the edge of the deeply stained bowl, Li Tian could see It can be concluded that these things seem to have not been cleaned for a long time.

There are still some rusty iron hooks on a wooden table next to it, which is full of the table, and there is a pile of dusty things like earthen jars on the left.

"Hey, where does Nima live? Why is it so broken? It's more broken than a garbage dump?" Tang Xiaolong, who saw this meeting, frowned while covering his nose.

The brothers behind him also looked at this room full of rotting corpses with curious eyes.

But Li Tian kept his eyes brightly open, searching for what is emitting such a strong stench.

The more you go inside, the more you can smell the rancid smell,

Suddenly Li Tian's eyes saw the root of the rancid smell. It turned out that the place behind a large closet in this room was filled with large jars like wine jars.

And the strong rancid smell came from this jar.

Li Tian rushed to become more and more curious, so he slowly walked towards the big dusty jar. The strong rotten stench almost made Li Tian almost spit it out, but he tried his best to endure it because he was really curious,

Then he endured the stench, reached out and grabbed one of the big jars and brought it over.

At this moment, the brothers are holding their noses and walking over to see...

At a glance...

Gosh!

But I don't know what meat is in that big jar... and it's completely rotten, with a bunch of creeping maggots crawling on it! !

what!

Tang Xiaolong almost vomited out after seeing the disgusting worms wriggling.

Disgusting, it's disgusting.

Even the Duguxie and the ghost servants over there looked very ugly.

"Perverted!"

"Nima's, who exactly lives in this place? Why is it so disgusting?" Tang Xiaolong yelled and ran outside. He really didn't want to stay in this stinking room anymore.

And because Li Tian in the room was too disgusting, he quickly threw the big jar aside in his hand, frowning deeply.

He didn't know what meat was in that big jar... and he didn't know who the owner of this room was, but in his heart he felt that the people living here must be psychologically distorted, otherwise he would never use that much. The big jar contains so much rotten meat here.

Chapter 1133: Motel

"Young Master, let's go, there doesn't seem to be anyone here." That Duguxie looked around and said.

Li Tian nodded in the same way and said, "Let's go."

After speaking, they turned around, preparing to leave this weird room full of rancid smells.

Just after they turned around together, a voice suddenly came from behind.

"Don't you know it's rude to break into someone's room at night?"

With this weird voice suddenly sounded behind Li Tian and the others... Li Tian, who had just turned around, and his brothers suddenly stunned, and then suddenly turned their heads at a very fast speed.

"Who?"

Cold words came out from the mouths of Duguxie and the ghost servant.

Then they saw a person.

An ugly man with only one eye. The man is very short and short. It seems that he has not reached 160. He is not clear about his age because his hair is about to fall out completely, and his face is extremely bad. Distorted, one eye seems to be suffering from cataract, the whole eyeball is terrifying white, staring wide, but unfortunately he is blind, the other eye looks at Li Tian and Dugu in front of him with a weird look Evil them.

"Someone?"

"There are still people in this ghost place?" Tang Xiaolong who was outside heard a voice from inside, pinched his nose and walked in, and then saw the weird guy at a glance.

"Fuck, there are people." Tang Xiaolong exclaimed.

Then Li Tian stopped Xiaolong: "Xiaolong, don't talk nonsense,"

Then he turned his eyes and looked at the ugly one-eyed man in front of him: "Excuse me, this is your room?"

"Nonsense, isn't it mine, or yours?" The ugly man didn't say too much in a good tone.

"You better pay attention to your words." The ghost servant saw this ugly man speak to his young master so coldly, he looked at the short man in front of him.

The short one-eyed man seemed to have seen Li Tian and the others, showing a weird smile. He leaned against the doorway, his yellow and distorted face suddenly glanced at Li Tiandao in front of him. Say: "What are you doing here?"

"Come on." Tang Xiaolong said on one side.

"Does your gas station still have gas?" Tang Xiaolong continued to ask.

"Oh... So I want to refuel the car." The ugly one-eyed man said.

Then he spit out a yellow spittoon from his mouth and said there, "Come on, I will cheer you on."

After speaking, he walked out of the room step by step.

Li Tian and the brothers behind him all looked at this strange-looking and extremely weird guy, so they walked over slowly.

But seeing that strange-looking guy came over, he started to cheer for Li Tian and their off-road vehicle

While cheering, they looked at Li Tian in front of them and said, "The night is so late...Are you going to hurry up?"

Then Tang Xiaolong looked at the ugly man and said, unhappy and muttered: "Yeah."

"Why don't the few rest in the hotel here for one night, and then go on the road the next day?" The ugly man said again.

Listening to this ugly guy, Li Tian and his brothers then turned to look at the motel on the side.

They drove for a day, but to be honest, they were a little tired.

After hearing the ugly man in front of him say so, the brothers are not only slightly tempted.

After all, a good rest night here is not a bad thing for them.

The Duguxie, the ghost servant, and the white dragon all turned their heads and listened to Li Tian's answer.

Li Tian glanced at the brothers, thought about it and said, "Okay."

"Then let's listen to this gentleman, let's take a good night's rest here." Li Tian said suddenly.

"Xiaolong, drive the car over, let's go to the motel." Just listen to Li Tiandao.

After Li Tian decided to stay in the motel in this barren land tonight, then Tang Xiaolong finished filling up the gas, and after handing the gas money to the ugly man, he drove over to the motel here ,

And only the ugly man standing in the night flashed a strange light in his eyes, and then he spit a thick yellow sputum on the ground, and then walked slowly towards the room with a strange smile.

The gas station and the motel are closely next to each other. At this moment, Li Tian and the others quickly reached the door of the motel. After reaching out and gently pushing the door of the motel in front of them, they saw a 40-odd person. The year-old middle-aged man was sitting there, smoking a cigarette while staring at the TV in front of him.

At this moment, seeing Li Tian and the others walk in, they were startled slightly, and then quickly stood up.

"Are you staying at the store?" The man asked Li Tian and the brothers in front of him.

Those grunting eyes glanced at Li Tian and the brothers in front of him.

To be honest, Li Tian and his brothers are disgusted with the cunning eyes of this guy, and it feels very uncomfortable to be looked at by him.

Li Tian gave a soft "um" in his mouth.

"Ok."

"How many?" the middle-aged man in his 40s asked again.

"Six." Li Tiandao.

When the middle-aged man heard Li Tian and the group of 6 people, he was not only a little startled, but then he didn't talk too much. He smiled and said, "Okay, come, come, the trouble is here first. Sign up... I'll ask someone to take some people to rest right away."

As he spoke, he pressed the electric bell on his side wall with his hand.

As the bell rang, a middle-aged woman walked out from the door on the other side.

The woman painted heavy makeup, charming and coquettish, although she was slightly bloated, but overall, she belonged to the more plump type. It was obvious that this woman was also a motel person.

After walking out, he then took a look at Li Tian and others.

Li Tian and his brothers also saw this woman.

Li Tian stepped forward and slightly registered there. After paying some money, the middle-aged man said to the woman: "Take the guests to the room and rest."

The charming woman nodded, then pointed to the front and said, "Please, please."

Talking about the lunch, walked forward alone.

Li Tian and his brothers followed,

They passed through the dark corridor, and then walked towards the three houses next to them.

Because this motel is not very big and does not have many rooms, Li Tian and his brothers can only stay together at the moment.

The three houses they wanted were not together, as if the motel guy wanted to separate them.

Chapter 1134: the wicked

When Li Tian was arranging the room, he looked at the charming woman questioningly and asked, "Why can't our rooms be arranged together?"

The charming woman smiled and said, "I'm sorry, our hotel room is almost full...and only these few rooms are left vacant..."

Listening to this charming woman, Li Tian looked around the motel. Apart from a few old vehicles, there were not too many travelers at all. It was obvious that this charming woman was lying, but Li Tian Did not expose her lies, just follow her and see how she arranges.

Eventually they were arranged. Li Tian and Tang Xiaolong lived together. The room they lived in was on the left, while Duguxie and the ghost servant were together. Their location was on the right, and the rest Qiu and Opteron were arranged in the last room.

After Li Tian and Tang Xiaolong were taken to the room first, Tang Xiaolong reached out and turned on the light.

At a glance, the room looks tidy and clean, with white bedding on both beds.

After Li Tian and Tang Xiaolong walked in, they closed the door gently.

Tang Xiaolong lay down on the soft bed, muttering in his mouth, "Fuck, I can finally get a good night's sleep."

He said that he rolled onto the bed in front of him.

But at this moment, Li Tian walked slightly to the window of the room, looked around, and then he turned off the light in the room before him first.

After Li Tian turned off the light in front of him, Tang Xiaolong was taken aback, got up and said, "Boss, turned off the light?"

Following Tang Xiaolong's question, he saw Li Tian who was standing in front of the window "hush".

Tang Xiaolong saw Li Tian begging him not to speak, and suddenly became curious, and quickly got up from the bed, then walked quickly to Li Tian's.

He asked in a low voice, "Little boss, what's the matter?"

Li Tian lowered his voice, looked outside through the gap in the window, and said, "It's okay...I just think this motel reveals a weirdness everywhere."

"Weird?" Tang Xiaolong was startled slightly.

Then he blinked and looked out from the gap in the window.

"Little boss, do you mean such a person is a little weird?" Tang Xiaolong asked.

But seeing Li Tiandao said: "Don't you think that everything here reveals an indescribable weirdness?"

Following Li Tian's words, Tang Xiaolong in front of him looked back and thought about it. It did seem that something was wrong.

So Tang Xiaolong said, "Could it be possible that we still live in a black shop?"

"Presumably I will know soon." Li Tian said with confidence.

He was standing in front of the window, looking outside through the window, Tang Xiaolong would also be curiously standing with Li Tian.

It was a dark and icy night outside, and the old cars.

But he said that after Li Tian and their lights turned off, less than ten minutes later, a dark shadow suddenly looked back and forth in the room where Li Tian and the others lived.

"Little boss, someone..." Tang Xiaolong called out excitedly after seeing the dark shadow man outside the room.

Then Li Tian quickly covered the servant's mouth.

"Keep your voice down... don't let them hear you."

Tang Xiaolong took a deep breath, then nodded quickly.

"What is this guy doing outside of us?" Tang Xiaolong asked in a low voice.

Li Tian looked outside and said, "Don't worry, you'll know the answer later."

But I saw that the black figure outside was standing outside Li Tian's room. After standing for a while, suddenly another figure appeared from the left side. Look carefully that the figure is the one at the front desk of the motel. the man.

After he cringed and walked out of the room all of a sudden, the dark shadow gathered in everything, and then the two whispered as if they were talking about something there.

Here Li Tian and Tang Xiaolong watched the two guys outside talking sneakily...Because of the distance, they couldn't hear exactly what those two guys were talking about in the dark. .

"When do you do it?"

One of the two people outside said.

Through a little light, you can see his face clearly.

This guy has only one eye, thin hair, and a stinking odor. It is obvious that he is the guy next to the gas station in that weird house.

And here? It's the man in the motel.

"Wait, no hurry."

"Now they have just turned off the lights...presumably they haven't fallen asleep yet... Let's start when they fall asleep." The man in the motel said with a yin smile in the middle of the night.

"However, this time seems to be a bit crowded and troublesome... and these characters from afar don't seem to be easy to mess with." The motel man seemed a little hesitant in the dark.

"What are you afraid of?"

"When the drug blows, even if he is a god, I will tear them apart one by one." The one-eyed ugly man said with an evil smile.

The man in the motel didn't seem to like the one-eyed man around him that smelled so bad, he mumbled, "Okay."

"I'll start working in a while."

Following the evil words of the two men, they quietly left the door of the room where Li Tian and the others lived.

But he said that Li Tian and Tang Xiaolong in the house watched them leave.

Tang Xiaolong asked quickly, "Little boss, what do those two guys want to do?"

I saw Li Tian shook his head slightly.

"I don't know right now..."

"Well, Xiaolong, you stay in the room first, I'll go out and see what happened." Li Tian quickly opened the door in front of him. He hadn't waited for Tang Xiaolong to speak, but he saw Li Tian's figure has rushed out like a cat quickly, very fast.

After Li Tian came out, he quickly arrived at the entrance of the motel under the cover of the black night.

I saw that the TV inside the motel was still rumbling... and the guy who was talking in front of Li Tianmen just now disappeared.

Li Tian was taken aback for a moment, his eyes looked around, wanting to find the two sneaky guys just now, but there were no traces of those two in the black night.

Li Tian quietly opened the door in front of him and walked in.

After he walked in, he first looked around cautiously. After making sure that there was no one, Li Tian continued to walk inside. After he walked in, Li Tian found that there were quite a few doors in the motel, so he gently He pushed open the door on the far left. After he pushed it open, he turned around and swooped in. The light inside was not very good, but it was still vaguely distinguishable. It's a storage room.

Chapter 1135: Black shop

Li Tian took a closer look at the warehouse in front of him, and slightly noticed that something was wrong with the entire warehouse, because it seemed to be filled with personal belongings.

Li Tian felt strange, and walked over to look, but saw that there was still a lot of documents in a dilapidated cardboard box in front... Li Tian approached and took a closer look. It turned out that there were many ID cards, driver's licenses, etc. Credentials...

After seeing such a situation, Li Tian was suddenly taken aback: What happened?

"Why are there so many people's driver's licenses here? And ID cards?"

Li Tian reached out and took one of the ID cards and took a closer look. It was a strange name and a strange face...

"How can these people's driver's license and ID card stay here?" Li Tian became suspicious.

At the same time, I feel that this motel is a bit weird.

After Li Tian thought about it for a while, suddenly an extremely terrifying idea surged from his heart...

"Could it be that...could it be that... these people are the same as their own, they all go through here? Then the driver's license and ID card fell here?"

Just as Li Tian was thinking like this, the sound of footsteps suddenly came from the place facing him.

After Li Tian heard the sound of footsteps in his ears, he hurriedly shrank and hid away to one side.

After he quickly hid, the door of the room was pushed open slightly, and then a figure was seen walking in toward the storage room.

Li Tian rolled his eyes and looked slowly, but saw that the charming middle-aged woman who had taken them to the room was the one who walked in. That woman seemed to be holding something in her hand... Li Tian fixed his eyes. I was depressed. It turned out that what the woman was holding was Li Tian's ID card. It turned out that Li Tian's ID card that Li Tian had registered before and their house was pressed at the front desk, but now? How come this woman got here?

After Li Tian felt weird, he kept looking at what this woman wanted to do? After the woman walked in with Li Tian and their IDs, she threw Li Tian and the brothers' ID cards into the carton box just now, and then she saw the woman holding the card with both hands. The carton box went outside.

Li Tian frowned and thought for about a second, then flashed around and followed out.

He wants to see what the woman wants to do with their ID?

After Li Tian quietly followed the woman out, it was of course impossible for the woman in front to find Li Tian who was as agile as a cat, but after seeing her going out, she walked straight to the open space in front.

After reaching the vacant lot there, I saw the woman throw away the cardboard box full of ID cards on one side, and then took out a barrel full of gasoline from the other side, and then, without saying anything, she used the gasoline can towards that side. The cartons poured over.

After Li Tian saw this situation all of a sudden, he was stunned.

Secretly: What is this woman doing? Is it to burn all their certificates? Why?

Just as he was thinking this way, the woman had already lit the lighter in his hand.

With a bang, following the flames jumped out, and then I heard a boom, the box of ID cards and driver's licenses in front of me all burned.

The woman was looking at the beating flame, her mouth was moving.

"Bodhisattva bless, Bodhisattva bless...I hope you people don't come to me for revenge when you go to hell...Don't find me...Don't find me." She muttered in that mouth as if she was very scared.

Li Tian looked at the horror in front of him, completely stunned.

What is going on?

He was a little confused.

Just as he was surprised, he suddenly heard a voice coming from there.

"Hey, come back."

"I'm going to do it soon." Only the voice came from the man in the motel.

After he called out, the woman in front of him slowly stood up straight, and then walked over here very obediently.

But Li Tian is getting more and more weird. He wants to see what the **** is going on today, he wants to see what the **** these people want to do! And also heard that the man just said he wanted to do it? What do you do? Is it ready to do something with yourself and your brothers?

Li Tian thought of this in his heart, and then quickly followed, he wanted to see what happened.

After following, I saw that the three of them were gathering together at the moment, discussing things quietly.

These three were the woman who burned the ID card just now, the other was the man in the motel, and the other was the one-eyed ugly man.

And the one-eyed ugly man also held a sharp axe in his hand, eye-catching and hideous.

His face was as ugly and evil as his people, and he said at the moment: "Can I do it?"

The man at the motel looked at the watch on his wrist slightly at this moment: "It's almost... almost an hour has passed, and those guys must be asleep."

"okay."

"Still the old rules."

"You are here to guard the door, and I will prepare the fragrance." The motel man pointed to the woman beside him and said.

The woman next to her seemed to be very scared of the two people in front of her, so she nodded there and sat aside timidly.

And the man from the motel went in and began to get the miracle.

"It seems that I and my brothers have really lived in a black shop." Li Tian thought to himself.

At this time, seeing that the man in the motel was ready to take the drug, he walked out. After he walked out, he blinked at the guy with the axe in his hand, and then the two of them began to understand each other. Li Tian walked to the room where they lived.

Hands on?

When Li Tian saw the two of them walking towards his room at this time, he not only smiled bitterly.

"It's just looking for death!"

Li Tian quickly disappeared into the darkness, and then she returned to the room very quickly.

After pushing open the dark door, Tang Xiaolong exclaimed, "Who?"

"It's me." Li Tian said in the dark.

Then Tang Xiaolong heard Li Tian's voice and immediately asked, "Little boss, how is it? Have you found out? What are the two **** sneaking up on?"

Li Tiandao: "It seems that we were very unlucky today and we actually lived in a black shop." what? ,

"Black shop?" Tang Xiaolong said in surprise.

Li Tian nodded silently in the dark room.

"Yes, if I'm not mistaken, this guy specializes in robbing customers who pass by in the middle of the night... and kills them and takes money."

Chapter 1136: Surprise

"Fuck! There are such bastards... No wonder, I think one person in this motel looks so weird."

"Little boss, let me go out...Take them out and kill them one by one." Tang Xiaolong said angrily, and he was about to rush out at this moment to kill those bastards.

How dare you break ground on the tiger's head?

Isn't this impatient to live?

But Li Tian stopped Tang Xiaolong slightly.

He smiled and said: "Don't worry, they will be here soon, we just need to wait for them now."

"Okay, then I will take care of this bunch of little-eyed Wang Ba Lao." Tang Xiaolong said angrily.

Li Tian and Tang Xiaolong in front of them stayed in this room, waiting for the two guys.

If those two guys waited to come in, they would definitely die and would not understand what kind of character they offended today.

One minute passed, there was no movement.

Two minutes passed and there was still no movement.

The last five minutes have passed... but there is still no movement.

"What happened?"

"Those guys can't come yet?" Tang Xiaolong asked depressedly.

Li Tian also frowned in confusion.

"According to the inference, the two guys should have arrived? Why are they so slow?" Li Tian said to himself.

Just as he was thinking about it, a miserable cry suddenly came out from the motel, and the voice looked particularly miserable in the dark...like death.

After Li Tian and Tang Xiaolong suddenly heard this miserable cry, Li Tian suddenly opened the door: "Come on, go over and see what happened."

After the words fell, Li Tian flew out quickly, and swiftly came over here.

Ah... Ah... Ah...

A scream came from a woman's mouth.

After Li Tian arrived here quickly, he saw Duguxie and the ghost servants, and that Haolong and Aqiu had already arrived on the scene.

Looking closely at the screaming woman, she turned out to be so scared that she screamed.

"what happened?"

"do not know."

"It seems dead."

The ghost servant here snorted muffledly.

Then I saw the woman sitting paralyzed on the ground. At this moment, her eyes were full of horror... As if she was frightened and silly, she yelled over there, trembling and saying, "No matter what I am... No matter me Thing... don't kill me... don't kill me..."

Looking at the woman who seemed to be frightened, Li Tian frowned.

What's going on? What exactly happened? Just now Li Tian obviously saw the two guys walking towards his door, why did it suddenly become like this?

Just as he was surprised, he suddenly heard Aqiu Dao say over there: "Brother Tian, come and see... there is blood here."

As Ah Qiu's voice sounded, the brothers in front of him came quickly.

Sure enough, I saw it at a glance, but I saw a large pool of scarlet blood on the ground.

When they suddenly saw the scarlet blood stains one by one, they all stared cautiously around.

Then Li Tian looked forward with the scarlet blood in front of him, but saw a ***** corpse lying in the pool of blood, dead.

The death was miserable and ugly.

Look closely at who is the dead body?

It turned out to be the owner of that motel!

Isn't this the guy who was going to get drugs on Li Tian just now? How could you suddenly die now?

he died?

His pupils were still widening, and his eyes were horrified and unbelievable, but he was already dead here.

How could he suddenly die?

Just now Li Tian saw with his own eyes that he was preparing to do something to himself? Why are you suddenly dead now? What is going on? Li Tian was puzzled at once.

"There is blood here too!"

"There is still a corpse." Suddenly the ghost servant over there exclaimed.

Li Tian walked over quickly, but saw that there was indeed a ***** corpse lying on the ground.

The corpse was undoubtedly the one-eyed ugly man. He still held the axe in his hand. It's a pity that the entire throat tube was cut with a sharp weapon. The red blood flowed down his neck. The whole ground was dyed red.

Looking at the two corpses on the ground, the brothers and Li Tian in front of them were all depressed, especially Li Tian.

In such a short time, in such a hasty time, these two guys just said they would do something to them, but now? Now he died immediately? Who killed them? who is it?

"Who made it?"

"do not know,"

"Master, did you do it?" Tang Xiaolong asked in surprise.

"We haven't yet." Just listen to the ghost servant.

Duguxie also stood up at this moment and said: "Although we have long felt that this motel has a problem, this is not our hands."

Then looking at the Haolong and Aqiu over there, they also shook their heads slowly.

This made Li Tian and Tang Xiaolong completely puzzled.

What's the situation? Why did they want to harm Li Tian's two people, they died tragically here before they could do anything... and Li Tian and his brothers hadn't done anything yet! ! Who made it? Who killed the people who wanted to kill Li Tian and the others?

After Li Tian blankly glanced at the two corpses on the ground, he suddenly strode towards the woman who was shivering with fright on the ground.

Then one hand suddenly held the screaming woman in front of her.

The woman screamed with fright, her entire face turned pale.

"Tell me, what happened here? Who killed your two accomplices?" Li Tian asked coldly at the woman in front of him.

But seeing that woman seemed to be stupid, she said: "It doesn't matter to me... It really doesn't matter to me... All this attention is not mine... They forced me... Don't kill me. Please don't kill me!"

Looking at this woman who said these weird words, Li Tian frowned.

"You calm down, I won't kill you, I just want to know who the two accomplices with you are? And, what did you see just now? Did you see who killed your accomplice?"

But seeing that woman heard Li Tian say this, as if her head was slightly awake, but her whole body was still trembling violently because of excessive fear.

"That person killed them, and that person killed them." The woman suddenly said.

Hearing this woman suddenly say this, Li Tian in front of him quickly asked: "Who? Did you see him? What does he look like? Where is he now?"

"He... he... wears a purple dress... his face... a scar on his face."

"It's him, he killed them." The woman called out suddenly.

After hearing the woman in front of him say so suddenly, Li Tian's head was suddenly stunned.

"Ouyang Longyan? Ouyang Longyan, the man in purple?" Li Tian called out suddenly in disbelief.

Chapter 1137: Butcher, doctor!

"what?"

"Does this woman say Ouyang Longyan?"

You must know that Ouyang Longyan's purple clothes and the cold scar on his face are the most clear signs of him.

"Is that Ouyang Longyan at the Gate of Hell?" Tang Xiaolong over there asked in disbelief as if he had encountered the most unbelievable thing.

"impossible!"

"Why did Ouyang Longyan get here? How could he know that I came to this place with Little Boss? Besides...why did Ouyang Longyan kill these two people?" Tang Xiaolong over there said with a puzzled face. .

"Yeah, I also find it strange." Ghost servant said.

What about Li Tian? Obviously more depressed at the moment.

How could it be Ouyang Longyan? If Ouyang Longyan really killed the two people just now, why on earth? Li Tian obviously saw the two guys just now and clearly wanted to harm him and his brothers... and Ouyang Longyan himself was a member of the gate of hell. In a sense, he was still an enemy with Li Tian. He should hope that he Death, how could it be possible to kill the man who was going to kill Li Tian? This is not right, it is totally unscientific.

How could Ouyang Longyan kill the man who killed Li Tian? Isn't this protecting Li Tian? how is this possible?

Of course Li Tian didn't know all of this.

While Li Tian was suspicious of this, I saw Duguxie over there dull, bent down, and then carefully glanced at the wounds of the corpses of the two deceased and said: "Young Master, it seems that it is Ouyang. Longyan did it."

"Both of them were used by each other to pierce the throat with a sword... the sword technique is vicious and vicious, I think only Ouyang Longyan can use such a powerful sword technique."

When Duguxie looked at the wound and determined that it was Ouyang Longyan who had killed the two people, Li Tian only felt a little confused.

He was increasingly confused about what happened today.

"Second brother, that said, our whereabouts have been exposed... Then Ouyang Longyan has clearly followed us?" The ghost servant in front of him said coldly.

Duguxie stared at the black surroundings, and then said, "It should be."

"Master, I don't understand... Then shouldn't Ouyang Longyan kill us? How could he attack these two guys?"

"These two guys want to harm us." Tang Xiaolong asked the ghost servant with a tangled look on his face.

The ghost servant is also very depressed.

To be honest, everyone nowadays has no idea why Ouyang Longyan did this today?

At this moment, Li Tian shook his head vigorously.

"Don't worry about so much for now... Since we already know that Ouyang Longyan's hand, let him go."

"Anyway, he hasn't done anything at us now."

As Li Tian said so, the brothers did not say too much at this moment.

I saw Li Tian suddenly approaching the woman.

"I ask you, what are your two accomplices doing? They both discussed just now... Are they drugged to harm us? Also, why are there so many strangers in your storage room? Driver's license and ID card, why did you burn all those things? Say..."

The woman was stunned when she heard Li Tian tell the truth all at once.

"How do you know? How do you know this?" The woman said with a face full of fear and panic.

Li Tian sneered.

"Don't worry about how I know... You just need to honestly answer my question just now."

Listening to Li Tian's words, the woman hurriedly waved her hands and said, "It doesn't matter to me... it doesn't matter to me... I was forced by them..."

"What the **** do they two force you to do?"

Seeing that she could not escape, the woman could only give in at this moment.

She shed tears and pretended to be pitiful and said: "Okay, I tell you... our place is indeed a black shop, a slaughterhouse."

Slaughterhouse?

When Li Tian heard this woman say this, his heart suddenly shook, and the Duguxie and his brothers over there also came over one by one, listening to the woman in front of him.

But seeing that woman pointed at the ugly one-eyed man's corpse on one side and said, "He was called the One-Eyed King. He used to be a butcher. Later, his personality was abnormal, so he killed people... He would kill a living person. dead."

After the woman finished speaking, she then pointed to another corpse lying in a pool of blood and said, "His name is Zhou Liang. He used to be a surgeon, and now he specializes in dissecting corpses..."

A doctor? A butcher?

When Li Tian and his brothers heard this, they all showed puzzled expressions.

"Then tell me, why do you want to destroy our ID card? Also, where did the driver's licenses and ID cards of the strangers in your storage room come from?" Li Tian asked.

"Those are the things left by the people who passed by here in the middle of the night like you, living in the hotel." The woman said.

Li Tian continued to ask: "What about them? Didn't they even notice that you stole their things?"

"They're all dead... They're all killed here," the woman choked out.

what?

Are you all dead here?

When Li Tian heard the shocking news all of a sudden, he was shocked.

He had thought about it before, but he couldn't believe that these people would be so cruel. Could it be that the people who passed by here in the middle of the night were killed by them!

"You...you, why are you so cruel?" Li Tian looked at the woman in front of him speechlessly and said.

The brothers around him were all shocked there. They couldn't believe that this motel turned out to be a real "slaughterhouse", a slaughterhouse.

The woman's face was pale, and she stepped back and said, "It doesn't matter what my business is...it doesn't matter what my business is...they forced me."

"Who forced you?" Li Tian asked, looking at the woman in front of him suddenly.

"Boss Liu's people forced us to do this." The woman said scaredly there.

When I heard the name of Boss Liu from the woman's mouth, not only Li Tian but also the brothers were slightly startled.

"Boss Liu? Who is Boss Liu?" Li Tian asked, wondering.

"I don't know who is Boss Liu, I have never seen this character... The only thing I know is that Boss Liu is very powerful and has many subordinates, but... It's just that... he has a terminal illness and needs They changed their kidneys, so they were sent here to rob and kill those who were passing by... Then, then, they opened up these robbed people and dug out the kidneys from their bodies... and sent them to Boss Liu... .."

Chapter 1138: kill

"It's a pity, it's a pity that no one has a kidney that matches the blood type match of Boss Liu."

Listening to the woman in front of him speaking like this, Li Tian and his brothers in front of him were confused.

"what did you say?"

"You said that you not only killed these people who passed by... but also dug out their internal organs?" Li Tian could hardly believe the atrocities of these villains.

But seeing the woman said scaredly: "No matter what happened to me...this is really not our attention...it was the boss who forced us to do this."

"Asshole!"

"Too disgusting."

"This group of people is simply not human." Even the ghost servant said angrily.

It is also difficult for Li Tian to accept such a tragic thing.

"Please, don't kill me... I'm just a watchman here... I didn't do anything..."

"I really didn't do anything." The woman cried bitterly and pleaded with Li Tian.

Li Tian looked at this woman, angrily wishing to slaughter her.

But he finally held back.

"What about those corpses...Where are the corpses of the people you killed?" Li Tian asked, he didn't understand that these wicked men killed so many people, did they bury their bodies?

"The corpses are there! They are all piled up there." A word suddenly came out of the scared woman.

After she said it, her hand pointed to a room over there and said.

That room was the room full of corrosive odor, the room where the ugly one-eyed man lived.

When they looked at the room, they were all stunned.

"You take me there!" Li Tian grabbed the arm of the woman in front of him, lifted her up and said fiercely.

The woman did not dare to resist, she could only lead the way timidly.

After she led Li Tian to push away the rancid room, Li Tian followed the brothers behind him to this room, they pinched their noses tightly, and the rancid smell of the corpses filled them. .

"It's right here." Suddenly the woman pointed to the side door and said.

Li Tian and his brothers opened their eyes and saw that there was a secret door inside.

Then Li Tian walked over, and Duguxie and the ghost servant behind him followed him closely.

After Li Tian arrived in front of the secret door, a feeling of nausea he had never felt before came up...Even if he pinched his nose, he couldn't bear the smell coming from the secret door.

With a bang, as Li Tian stretched out his hand, he pushed the door fiercely.

Then an extremely disgusting scene of horror appeared in their eyes.

Gosh!

Corpse...

Piles of corpses were all piled up there.

The corpse rots, the flies are buzzing...

what!

Tang Xiaolong spit out disgustingly, and ran outside covering his mouth...

The Duguxie and the ghost servant behind him also looked extremely ugly at this time, watching the horrifying scene before them.

And what about Li Tian? The whole face has also changed, turning blue...

It's hateful.

It's so evil.

Li Tian has never seen such a cruel person... He even killed these people and dug up their internal organs... The limbs were thrown all over the floor. At this moment, this room is like a hell, alive. The hell.

Then Li Tian slammed his hand and closed the door.

Without a word, the brothers walked out.

After they came out, they took a deep breath of fresh air.

But seeing that Tang Xiaolong bent over and vomited on one side, he seemed to be about to be nauseated, and his entire face was extremely ugly.

"I'm so disgusting...Fuck...Fuck..." Tang Xiaolong vomited while cursing there.

But seeing Li Tian had a gloomy face, and the horror aura permeated his whole body. From his eyes, he could tell that he wanted to kill... to kill.

Suddenly pinched the neck of the woman in front of him.

The woman was suddenly squeezed by Li Tian's neck, and she screamed... her face turned pale, her pupils widened and begged, "Don't kill me...Don't kill me..."

"Tell me, who is Boss Liu? Where is this bastard?" Li Tian suddenly roared.

His five fingers clenched tightly, wishing to crush the woman's neck alive in his hands.

But seeing that woman's body was constantly struggling, her entire face became as if she was about to suffocate and said, "I don't know... I only know... We deliver to a person in Beiliao City every time. People...Then the people there will send the fresh kidneys we took out to Boss Liu..."

"Beiliao City?"

"You said that Boss Liu is in Beiliao City?" Li Tian asked suddenly.

You know, Li Tian and the others were going to pass through Beiliao City when they went to the Dark City this time, but they didn't expect it would be such a coincidence.

"Yes... Boss Liu's is in Beiliao City." The woman said painfully.

There was a bang, but Li Tian stretched out his hand to loosen the woman who was pinching her neck, and then the woman sat on the ground like a puddle of mud, and then began to pant violently...

"It seems we are leaving for Beiliao City." The ghost servant over there suddenly said.

"Well, I heard from Ah Qiu that the city of Beiliao City still has some minor troubles... but I didn't expect that we were destined to stay in Beiliao City for a while." Duguxie over there also slowly said.

"Take her away!"

"We set off to Beiliao City..."

"Kill Boss Liu."

A vicious word came out of Li Tian's mouth, and his eyes were fierce and scary.

After Li Tian uttered the words, then Tang Xiaolong followed Li Tian's intention, grabbing the woman who fell on the ground, and roared: "You evil woman, stand up for Laozi...get in the car."

The woman didn't dare to talk too much, for fear of being killed by the angry brothers at the moment, she could only be obediently taken by Tang Xiaolong to the car.

After being brought to the car, but seeing that Duguxie here slowly walked to the side of murderous Li Tian, then he asked, "Young Master, what about this place?"

The meaning of Duguxie is obvious. This motel and the gas station next to it are undoubtedly a living hell.

But seeing Li Tian glance at the motel full of death in front of him, and the two villains killed by Ouyang Longyan, then he spit out a cold word: "Burn!"

"Burn it here."

After Li Tian finished speaking, Du Guxie and the ghost servant nodded.

Then Tang Xiaolong and Ah Qiu ran to the gas station quickly, then opened the gas station valve, and then filled it with gasoline, and poured the gasoline on the motel room.

Chapter 1139: Show up

After all the gasoline was used to water the place, they got into the car, then Tang Xiaolong took out a lighter and stood there, opened the lighter in his hand with a slap, and then reached out and tossed the lighter in the air. The line fell on the ground full of gasoline, and then with a "boom", the fire light poured down the ground full of gasoline and burned towards the gas station.

Looking at the fire in front of him, Tang Xiaolong jumped into the car, hummed, and then drove forward as the car started.

With a bang, a violent explosion sound, after a few meters from the car, the entire gas station behind suddenly exploded, and then the sky of fire began to follow the entire gas station towards the motel and the room full of corpses. Burn off...

In the dark night, the fire went up to the sky, burning away those corpses, burning away the evil left in that place...

Looking at the flames rising to the sky behind, the brothers said nothing, and then drove the car in front of them and drove away.

"How far is it from Beiliao City? When will it be possible?" In the car, a cold voice asked.

The words came from Li Tian's mouth, and he asked with a gloomy expression at the moment, looking at Tang Xiaolong who was driving ahead.

Tang Xiaolong glanced at the odometer above, and then said, "It's coming soon."

"If we hurried overnight tonight, we should be there before noon tomorrow." Tang Xiaolong said.

Li Tiandao: "Very good."

"Go to Beiliao City." Li Tian repeated again.

At this moment, there was a woman with a pale face in the car. The woman had been sitting on the side timidly, her eyes full of fear, and her whole body was shaking slightly, afraid to speak or move.

"Hey, you should know where to find the boss Liu, right?" Suddenly the ghost servant looked at the scared woman and said.

The woman hesitated, and then said, "I only...only know... where we deliver the goods."

"Delivery? Those dug out kidneys are handed over? Isn't it?" Gui Pu asked coldly.

The woman shrank in fear and nodded slightly.

"Really a bunch of **** bastards." The ghost servant couldn't help roaring.

"When we get to Beiliao City, we must find out the so-called Boss Liu so that he has no place to die."

"For his own life, so many innocent people were killed... He definitely deserves to die ten thousand times."

At this moment, Li Tian and his brothers had decided to reach Beiliao City as quickly as possible, and then personally found the so-called "Boss Liu" and killed him.

Although they don't know who the so-called "Boss Liu" is? Exactly how strong is in Beiliao City, but all of this is not important to Li Tian and his brothers who are currently extremely angry.

The important thing is that Li Tian has already committed a murderous intention and vowed to kill the "Boss Liu".

The car was driving fast along the way, and after this unpleasant evil thing, the brothers were in a bad mood.

Now in the whole quiet car, everyone is dull and silent.

In the dark night, but seeing the car driving fast, in the endless night, only two beams of car lights can be seen driving fast in the dark.

"Little boss, I'm thinking about something." Tang Xiaolong, who was driving on the other side, suddenly asked Li Tian at this moment.

Li Tian raised his head and glanced at Tang Xiaolong.

"what's up?"

"That's why Ouyang Longyan wanted to make a move just now."

"Aren't they our enemies? Why... Ouyang Longyan helped us solve those two **** bastards."

"I've been thinking about this, as if Ouyang Longyan was protecting us." Tang Xiaolong said in his mouth.

protection?

Ouyang Longyan is protecting Li Tian and brothers?

Are you kidding me?

Ouyang Longyan and the Ecstasy have always been **** gates, and they have chased and killed Li Tian several times. How could they protect Li Tian? This is the common idea of Li Tian and his brothers.

But what about the facts?

The fact is that Ouyang Longyan made a move this time.

And also killed the two wicked men who were going to act on Li Tian and his brothers. Although Li Tian had discovered the conspiracy and tricks of the two wicked men, he did not expect that Ouyang Longyan would take the lead in doing it?

After thinking about it, Li Tian was also a little depressed.

"To be honest, I don't understand now, what on earth is Ouyang Longyan doing this time?"

"According to their behavioral character, they would never do such a careless thing... It seems that Ouyang Longyan must have killed the two villains this time." Li Tian said.

"Ok."

"The young master's analysis is not bad."

"So it seems that Ouyang Longyan's has helped us this time." Ghost servant said on the side.

"Don't worry about these now... Since they already know our whereabouts, let them follow... Anyway, I have been recruiting them." Li Tian said there.

After hearing Li Tian made such a decision, the brothers did not speak too much, nodded, and agreed.

The night is getting darker and darker.

The black is desolate, and the black is chilling.

In the dark night, the only thing you can see is the blazing sky behind.

But after Li Tian and their car left, the motel was burning with fire and the gas station that had exploded.

And at this moment, in the dark night, two figures jumped out of the darkness very fast, and then their figures reached the place where the fire was burning like electric shots.

Look closely at who these two people are?

In the bright flames of fire, they saw two slender people standing there motionless, two pairs of cold eyes looking at the direction where Li Tian and his car left.

One of them is a man wearing a purple dress and holding a sword in his hand. The man looks handsome from the side, but if you look from the front, you will see the long and narrow sword mark on his left cheek, revealing With ferociousness, revealing a wildness.

Ouyang Longyan.

Ouyang Longyan in the gate of hell,

Then there is no doubt that the other one standing beside him is Situ Xuan, who has already taken off his mask and dressed in black.

The two really appeared here.

It seemed that Li Tian and Duguxie had a good guess at all.

Sure enough, the people who killed the two villains in the motel were Ouyang Longyan in front of him and the ecstasy who stood here now.

In the darkness, but seeing the ecstasy eyes looking at the shadow of Li Tian and the others, the corners of their mouths slowly said, "It seems that they have guessed that we are following him."

Chapter 1140: Coming

Ouyang Longyan nodded in the cold wind.

"should be."

"What can I do if I know it?"

"Everything we do now is to protect him...not to harm him." A word slowly came out of Ouyang Longyan's mouth.

The ecstasy smiled and said, "But don't forget, he still doesn't know the real situation now... He doesn't know that the two of us are following him, not to harm him, but to help him in the future. "

Ouyang Longyan thought for a while, but did not speak.

"From the current route, Li Tian and Duguxie are really ready to go to the Dark City." A word suddenly came out of the ecstasy.

Ouyang Longyan said, "What about us?"

"Really going to that legendary terrifying place along the way?"

Ecstasy turned his head slowly and glanced at Ouyang Longyan and said, "What? You dare not go?"

"Huh! There is no place in the world that Ouyang Longyan dared to go." Ouyang Longyan said coldly.

But seeing the ecstasy in front of me smiled: "That's it..."

"Since we have promised that senior... we should do this to the end."

"Furthermore, you and I have now escaped from the gate of hell...If we don't help Li Tian, the people at the gate of **** will soon find us and kill us."

"Yeah!" Ouyang Longyan stood there with a grunt in his mouth.

"Okay, it's time to go..."

"Although the Dark City has always been said to be very dangerous...hehe, it's a relief for Situ Xuan to have the fortunate experience in this life."

The words were spoken, but the figure of the ecstasy suddenly jumped, and then his body shot into the distance like a meteor.

At this moment, Ouyang Longyan didn't think too much about any problems, and then stood up, lasing towards the distance.

That night, Li Tian, they encountered an unprecedented cruel thing and came to an end.

This night, there was surprise, hatred, and endless anger that had been soaring.

The brothers in the car and Li Tian can say that they didn't close their eyes all night, because they were so angry in their hearts.

They really don't understand what kind of wicked person would be so bad, so many people who died tragically, just to get a kidney that can be replaced and rescued.

Boss Liu, this person should definitely be killed.

So Li Tian was angry.

He wished to go to Beiliao City now, and then personally use a knife to kill the fellow named Liu Boss alive.

The distant sky finally began to shine, and then the sun was slowly rising from the horizon.

A Qiu and Tang Xiaolong who were sitting in the car took over and exchanged driving, while Li Tian and the others were sitting quietly in the car.

Soon, we are almost in Beiliao City.

After driving for almost two days and one night, they have already arrived to the west without compromise.

You can see the mounds on both sides of the highway and the surrounding mountains...

The car was speeding all the way, and they ate a little bit in the middle.

There is also a captured woman in the car, because Li Tian can only find the evil Boss Liu with her, so Li Tian can only take her with her.

The woman's charming face turned pale because of excessive fear, and she kept sitting in the corner with her body curled up.

This night, she stayed there like a lonely person.

While eating, Li Tian glanced at the woman, then reached out and passed a bottle of mineral water and two breads.

"Here." Li Tian said, looking at the woman who was shrinking in the corner.

The woman saw that Li Tian gave her water and food, she took it with joy, and then grabbed the bottle of mineral water like a hungry beast and poured it into her mouth...

And because she drank too fast, she almost choked herself.

"Thank you...thank you..." the woman said to Li Tian after drinking water.

Li Tian didn't pay attention to the woman in front of him, and then turned around.

The woman also knew why Li Tian didn't kill her. At this moment, she had to shut her mouth tightly and continued to gnaw the bread in her hand.

After simply eating something, they then continued to drive forward.

If there is no mistake in the route, they will reach the so-called Beiliao City in 34 hours.

"It's almost there, right?" Li Tian asked, sitting in the car.

"Well, soon."

"It's displayed on the navigator. It will be almost in an hour," Tang Xiaolong said in front.

"well."

So the car continued to move forward.

The farther you go, the more you can feel that the wind and sand in this western area are indeed relatively large.

And at first glance, there are still many sand dunes, even some sand occasionally appears on the highway.

Sure enough, he was almost in Beiliao City.

"Little boss, I heard that Beiliao City could see the desert in the past... I don't know where the border fortress we are going to reach next, and what is it?" Tang Xiaolong asked there.

But seeing Li Tian shook his head.

He is not very familiar with the geographical environment, so he didn't talk nonsense.

On the contrary, Opteron who had been silent on the other side spoke up.

"In the frontier fortress, there is windy sand all the year round, and the windy sand is bigger than it is now... There are dunes at a glance..." Hao Long said.

"Brother Hao, where can I be the master?" Tang Xiaolong asked.

White Dragon said: "Yes."

"It's just that they live in places where there are no sand dunes. Just like our ordinary people, they also live in ordinary houses. However, the foundation of the house must be deep and deep." Wang Long said.

"Oh, that's how it is."

"So that dark city is in the desert." Tang Xiaolong muttered there.

Yes.

If what Opteron said just now was correct, the one in the Dark City should be in the desert.

Because to go to the dark city, you have to pass through Beiliao City and pass through the frontier fortress before you can see the dark city...

Along the way, the brothers said some insignificant words in the car, and soon passed by over an hour.

At this moment, Tang Xiaolong driving this off-road vehicle had already followed the signs on the highway and got off the highway.

"It's almost here, and finally Beiliao City." Tang Xiaolong said happily, pointing at the road sign in front of the turn.

The brothers took a look, and there was a joy in their hearts.

After driving the vehicle in front of him off the highway, he turned directly to the road on the left, and then he could see the houses and houses on both sides of the road.

Basically, it can be seen that they are indeed not far from the urban area of Beiliao City.
