

A Killer 1141

Chapter 1141: Arrivals

The journey was not very good, so Tang Xiaolong slowed down, blinking his eyes and looking into the distance while driving the car.

Vaguely they could finally see the town ahead.

Could it be Beiliao City? Tang Xiaolong looked at and whispered in that mouth.

"Here." A word suddenly came out of Na Qiu's mouth.

"The place in front is Beiliao City." Aqiu pointed and said.

At a glance, I saw that the city does not have Jinghai City, or the bustling Binhai City, and there are not too many high-rise buildings. However, the city is pretty good when viewed by the rushing vehicles and pedestrians on the road. .

The urban area of Beiliao City is quite large. After Tang Xiaolong drove his car along the suburbs of Beiliao City and directly entered the urban area, the streets were indeed quite lively and bustling.

They, who were outside the urban area of Beiliao City just now, hadn't felt the prosperity, but after going deep inside, they immediately gave them a different feeling.

But see both sides of the street, large supermarkets, and high-end entertainment venues are everything.

At first glance, this city, like other cities, is filled with a kind of peace and peace.

Li Tian frowned slightly: There is nothing special in this city? Why did Ah Qiu say that this city is very troublesome? And also said that the police enforcement in this city is a brutal and brutal force?

Although Li Tian thought this way in his mind, after all, he didn't say it.

He just said to Tang Xiaolong who was driving in front of him: "Xiaolong, everyone is tired for almost two days and two nights. Let's find a hotel...then take a rest and eat something."

Tang Xiaolong said in his mouth, and then drove to the front.

The brothers in the car didn't have too many opinions, and they didn't listen to Li Tian.

After arriving in Beiliao City, the woman who was only sitting in the car looked uneasy, as if she was afraid of something.

When Tang Xiaolong drove to a hotel that was not considered a star, he stopped in front of the hotel.

Then the brothers walked out of the car one by one.

After jumping out of the car, Tang Xiaolong stretched a huge waist and said, "My body is sore...Your mother, I must have a good sleep."

Looking at the name of the hotel in front of you, the name is: Grand Century Hotel.

The name is very domineering, with a total of 6 floors.

After taking a look, Li Tian said, "Just live here."

The brothers nodded.

"Little boss, what about the woman in the car?" Tang Xiaolong would suddenly remember that there was a woman in the car.

Li Tian glanced at the pale-faced woman who had shrunk in the corner of the car, and thought for a while and said, "Bring her down too..."

"Oh, okay." Tang Xiaolong replied, then got into the car and took the woman down.

The woman looked a little scared, but she didn't dare to struggle there. Only this would follow Li Tian and the brothers into the Grand Century Hotel in front of her.

When they arrived at the front desk, they used Tang Xiaolong's ID card to register for a while, and then opened a few rooms, and then they carried their things to the room.

A total of four rooms were opened.

Because of the woman's relationship, Li Tian asked Tang Xiaolong to be in the same room with the woman and looked at the woman.

Although Tang Xiaolong was unwilling, but there was no alternative, so he could only follow Li Tian's arrangement.

After arriving at the hotel, they can really take a break, take a shower, and then rest for about ten minutes before they decide to go to the restaurant outside to find something to eat.

Li Tian went to find Tang Xiaolong after meeting with Duguxie, the ghost servant, and Haolong.

When I arrived in Tang Xiaolong's room, I saw Tang Xiaolong sitting and smoking a cigarette with a depressed look, while the woman on one side was sitting pitifully on the other side.

Li Tian frowned and glanced at the situation in front of him and smiled and said, "What's the matter, Xiaolong?"

"It's okay, this woman always whispers, I bother her."

Listening to Tang Xiaolong's words, the brothers all laughed.

"Let's go, go to the restaurant and eat something." Li Tian said to the sulking Tang Xiaolong there.

Tang Xiaolong stood up, took a look at the woman and said, "Then she can do it?"

"Take...to eat together." Li Tian said.

So Li Tian and his brothers took the woman down the elevator to the hotel, and then started looking for a restaurant to eat.

There happened to be a nice restaurant across the street, so Li Tian and his brothers walked in.

There were quite a lot of guests inside, and the waiter came to greet him. Li Tian and his brothers were sitting in this hall.

After simply ordering a few meals, they ate them.

During the meal, Li Tian looked at the woman who was shrinking and scared and asked, "After I have eaten, I want you to take us to the place where you delivered the goods...Have you heard clearly?"

The so-called "delivery" place is undoubtedly the person at the motel handing over the dug out kidney to the joint person of Boss Liu here.

When the woman heard Li Tian's words, her expression became a little ugly, but at this moment she did not dare to speak too much, and nodded with her head down there.

"Little boss, do you do it later?" Tang Xiaolong looked at Li Tian in front of him curiously and said.

Li Tiandao: "The sooner this matter is handled, the sooner we can leave here and go to the Dark City. I don't want to delay our trip due to other things."

"Oh, that's fine too."

After Li Tian made this decision, then they began to eat quickly.

The place where they ate next to Li Tian was a table of honest looking men and women, and a 45-year-old girl.

The men are about 30 years old, and the women are about the same age. Judging from what they wear, they don't seem to be particularly rich, on the contrary they look a little shabby.

The little ***** one side looks quite cute, with a delicate little face, lying on the table and picking rice, but if you look carefully, you will see that the little girl has only one hand, and the other His hand is Qigan's broken.

Disabled?

It seems that she is indeed a disabled little girl.

The middle-aged woman next to her looked at her daughter distressedly, her eye circles were a little red and swollen, as if she had cried.

And that man? It was just sullenly drinking there.

"Baby her father, we don't want money... let's not ask them for money..."

"Xiuxiu's arm, even if we are unlucky, okay?" the middle-aged woman suddenly said with a cry in her voice.

Chapter 1142: the wicked

The man who was drinking, grabbed the glass severely and poured the spicy spirits into his stomach, and said with red eyes, "No..."

"My daughter was hit by their car... just one arm is gone... I don't believe that there is no king in this world! I must make them lose money!" the man said.

"But, my dad, we can't afford to provoke those people...we can't afford to provoke them." There was a choke in the middle-aged woman's voice.

The man said: "If I can't provoke me, I must provoke!"

"I can't be sacked for the rest of my life not to be fair to my daughter..."

"Xiu Xiu is only 4 years old... She is only 4 years old." The middle-aged man said with tears on his face after hugging his daughter.

The woman also lowered her head, covered her face with rough hands, and tears flowed from her cheeks.

The little girl with a poor hand, seeing her father and mother like this, walked to her father's side very sensibly: "Father, why are you crying..."

While talking, he stretched out his only right hand and gently wiped the tears from his father.

The middle-aged man listened to his daughter calling him, and hugged the little girl in his arms with distress.

They didn't speak very loudly, but they could still be heard clearly by Li Tian who was eating next to them.

When Li Tian heard this, he frowned slightly, then raised his eyes and took a look at the father and daughter over there.

The brothers also heard the conversation over there just now.

But seeing that at this time, Tang Xiaolong was the first to flop and stood up from his seat.

"His grandma, what I hate the most is those **** in this world who bully others." The guy snarled.

Then he walked directly towards the father and daughter.

"Hey, I heard all of what you said just now... Tell me, is it a mess? Was that **** who hit this little sister and didn't admit it?" Tang Xiaolong walked over and said in high spirits. Then asked.

But he didn't expect his grand deeds to shock the father and daughter.

Looking at Tang Xiaolong in front of him with a pair of scared eyes, the middle-aged man asked timidly: "Who...Who are you?"

Tang Xiaolong just wanted to introduce himself, but it was a pity that the ghost servant behind him grabbed him by the shoulder and pulled him back.

Then Li Tian smiled and walked over.

"Hello there....."

"We were passing by here. Unexpectedly, we just heard your conversation just now... So I just wanted to find out briefly how we can help." Li Tian said politely.

After Li Tian said this, the middle-aged man was obviously much better.

He glanced at Li Tian, and then at the brothers behind Li Tian.

"You said you want to help?" The middle-aged man looked at Li Tiandao in disbelief, as if in his heart there was no such thing in the world.

But seeing Li Tian smiled slightly.

"Yes."

"Hey, thank you for your kindness..."

"But please, you can't help at all in this matter...because those people are people you absolutely can't afford." The middle-aged man sighed.

Li Tian listened to the middle-aged man and continued to smile and said, "Why don't you tell me what the matter is? Maybe... Maybe we can really do a little bit and help you?"

The middle-aged man hesitated when he heard Li Tian insisted on helping them again.

The woman with red and swollen eye sockets glanced at his man, and then silently nodded.

In the end, the middle-aged man was silent for a while, then raised his bloodshot eyes and said, "Okay... Then I'll tell you."

"Well, I'm listening." Li Tian said with a smile.

So the middle-aged man started talking...

"Last year, I took my child and my wife to work in Beiliao City. Because my wife and I worked in the construction team, the child was alone at home... One day the child accidentally played on the street and was given a car by a car. I crashed... When we came back, the child was sent to the hospital by a kind person, but the car that crashed was nowhere to be seen... So my wife and I hurriedly took care of the child, and after the doctor's efforts, the child finally managed I took my life back, but unfortunately I lost one arm... So my wife and I wanted to be fair to the child."

"Because fortunately some passers-by had seen the car at the time, and someone wrote down the license plate number, so my wife and I wanted to ask the driver for an explanation, but after we checked it, we only knew the person who crashed. , Turned out to be... turned out to be..." When the middle-aged man said this, his face showed a deep look of helplessness.

Li Tiandao: "Who is it?"

"It's... the police!"

"It's a police car in Beiliao City." The middle-aged man said.

When the middle-aged man in front of him suddenly said such a thing, Li Tian suddenly became depressed.

No wonder this honest man would say that they could not help, because it turned out that it was the police who hit their child.

These poor people want to find some bad police officers to reason. That is completely nonsense.

So after listening to this meeting, Li Tian was not only slightly depressed.

"What the **** is the police?"

"Can officials do evil?" Tang Xiaolong roared there all of a sudden.

But seeing the middle-aged man continue to say: "In the beginning we went to find the man who drove...want to reason with him, but unfortunately we were kicked out by him before we spoke...every time we I went to find him and wanted to ask for an explanation, but I was beaten out... Finally, the man said that if we want to find him again, we will be locked up in prison." When the man said here, his eyes were deep. The deep red rose.

"hateful!"

"It's disgusting..." Then Tang Xiaolong almost jumped up when he heard such a thing, with his fists clenched tightly, as if he wanted to catch the **** and fix it severely now.

Listening to the man in front of him, Li Tian thought about it and said, "Then you haven't hired other policemen to talk about this? Or you can go to the court to sue them."

"The other policemen? Those policemen and court members are all in the same group... Even if we sue, we will be returned." The man said angrily.

The 45-year-old ***** one side saw her father lose his temper and stretched out her only little hand and said, "Father, no more angry... no more angry..."

Looking at such a poor family, Li Tian was deeply depressed.

Tang Xiaolong, who was next to him, couldn't help the anger in his heart at this moment and said: "Little boss, let's go and teach those bastards."

Chapter 1143: Who the ***** beat me?

"Grandma's...with the salary given by the state, but not doing anything for the people, and doing such a bad thing, it is ***** it." Tang Xiaolong said.

Li Tian glared at him as soon as he finished speaking.

Tang Xiaolong is an impulsive and no-brained person, he only sees the surface of everything, and doesn't analyze it further.

"Xiaolong, take a seat first." Li Tian said with a glance at Tang Xiaolong.

Then he turned his head and glanced at the family.

After the middle-aged man finished speaking, he seemed to have finally vomited the saddest thing in his heart, and grabbed a glass of wine next to him and took a big sip.

Just when Li Tianzheng was about to finish speaking, he suddenly heard the glass door of the hotel being pushed open with a bang.

Then I saw a few men in casual clothes walking in from outside.

There are a total of 4 men, two of whom are wearing sunglasses.

At the moment the four men walked in, I don't know why, this poor family suddenly lowered their heads as if they saw the devil, wishing to shrink their heads under the entire table.

"Don't say anything...Don't make a noise..." The middle-aged man said in a low voice in fear.

But Li Tian was depressed when he saw this situation. What happened?

What are the four men who came in?

But after seeing these four men walk in, he first glanced at all the people eating in the restaurant, and then looked around as if looking for someone.

The waiter smiled and walked over to greet him: "How many can you eat?"

The words were just said, but when he saw one of the men in the gray jacket, he pushed him away.

"Go away! The police handle the case...you all get out of me."

Policemen!

These four people turned out to be police officers.

When the man in the gray jacket said so suddenly, Li Tian and his brothers were depressed.

It turns out that these four guys who look like rascals are actually 4 policemen?

Then Li Tian understood in his heart that no wonder the poor person around here was so scared.

Just as he was thinking this way in his heart, suddenly he saw a man over there who claimed to be a policeman with sunglasses pointing here and saying, "I found...they are here."

They were not pointing at others, but the poor family who had just told Li Tian and the others about the suffering.

The other three guys over there also saw the scared family with their heads down, and walked over with a smile.

Tang Xiaolong was about to stand up right now, but the ghost servants around him pressed his shoulders: "Don't say anything, don't talk, the young master will have his own opinions."

Tang Xiaolong snorted, but he still had to listen to his master.

After the four police officers finally found the poor family, they saw that the policeman in the gray jacket took out his ID from his arms and said to all the people who ate in the restaurant: "The police handle the case and everyone else will give Get out."

As soon as the voice came out, most of the people who had been eating in the restaurant hurried out.

Then the four policemen walked over here.

The poor family here, after seeing these four policemen, was all trembling with fright.

The poor little girl was hugged tightly by her mother, blinking a pair of round and bright eyes and curling her small mouth and said, "Mom, I'm afraid..."

She seemed to want to cry.

The woman with her arms around her daughter choked up and said, "Don't be afraid...Don't be afraid..."

"Finally found you!" Suddenly, only an evil voice came over here.

It was the man in the gray jacket who was talking.

He talked and walked over with a smile.

"What's the matter? Stop talking... Don't you want to lose money to Lao Tzu? Yes, why don't you ask me now?" The guy in the gray jacket suddenly said rampantly there.

Listening to what he said, Li Tian and the brothers sitting there suddenly understood that it was the man who ran into the poor little girl with his car. It turned out to be him, but now Li Tian still has his brothers. Still sitting there peacefully, without saying a word.

"You...you...what do you want to do?" He just listened to the middle-aged man looking at the so-called policeman wearing a jacket with scared eyes.

But the policeman sneered and said, "What do I want?"

"Don't you ***** want justice? I'm here now to give you justice..."

"Asshole... I always go to the bureau to make Lao Tzu angry. If Lao Tzu doesn't teach you today, I'll be sorry to myself."

"And your **** child... I only hate that she was killed when she didn't drive a car."

Said the man in the gray jacket inferiorly.

"Binzi, don't talk nonsense with him, teach him a lesson first, and then put him in the bureau." He just listened to the policeman wearing sunglasses beside him arrogantly said.

"Okay!" Then the man in the gray jacket replied.

Evilly walked towards the poor family.

"What do you want...what are you doing..." said the middle-aged man holding his wife and the poor little girl beside him in fear.

The little girl was so scared that she started to cry at this time, and the woman was shaking all over.

"What do I want to do?"

"I want to clean up you."

There was a roar, but when he saw the man in the gray jacket, he punched the honest middle-aged man.

As soon as the fist was punched, an electric chopsticks flew out with a whistling sound... Then only a painful cry, an wailing sound, came out of the man in the gray jacket.

I saw that his right hand was hit by a chopstick in the knuckle of the finger, his entire finger knuckle seemed to be shattered, and he screamed, and that arm was trembling.

What happened,

How could this be?

Not only were the three police officers around him depressed, but even the honest middle-aged man and the woman holding the child tightly beside him were also confused.

Enduring the pain, but saw the man in the gray jacket growl suddenly.

"Who?"

"Who the **** beat me?" he roared and said to the surroundings, his eyes becoming cannibalistic.

There were not many people around, except for a few waiters hiding in the restaurant, Li Tian and the others were at the table.

But seeing Li Tian and his brothers still sitting motionless, eating quietly, as if they hadn't moved from beginning to end.

But what about this man in a gray jacket? His arm was so painful that it was hard to lift it up. When he glanced at an ordinary chopstick that had attacked him just now, he put his evil eyes on Li Tian and his brothers who were eating.

Chapter 1144: Killer

"It's them."

"It must be this bastard." The man in the gray jacket said to Li Tian and the others viciously. The three accomplices around him also walked towards Li Tian's table together at this time.

"Asshole, you all stand up for me... hurry up."

"Did you move your hands just now?"

Only one of the men wearing sunglasses who walked past pointed to Li Tian and said.

Li Tian raised his eyes slightly and glanced at him.

"Are you talking to us?" Li Tianxiao asked.

The policeman, Cha said a little angrily: "Nonsense, don't I talk to you, who else would I talk to?"

Li Tian smiled slightly and said, "I'm sorry...I can only understand human words, but I don't understand a word of animal language."

After speaking, Li Tian continued to sit there.

When the man wearing sunglasses heard this, he was taken aback for a moment, and then he came to realize that Li Tian used to call them not humans, but beasts!

Angry right now.

"What the **** are you talking about? Are you looking for death?" The words came out and hit Li Tian with a punch.

But what about Li Tian? Without even looking at him, he just sat there quietly.

It's a pity that the guy's fist hadn't hit Li Tian's body, and then he saw a slap with a cold hand slapped on his face.

Ah screamed, but after seeing this guy being slapped severely, five scarlet bloodstains appeared on that face suddenly.

But who is it that shot?

He didn't see it at all.

The only thing he saw was a hand slapped on his face.

Now he was scared.

Touching his painful, hot and swollen cheek, backing away timidly...

"You...you... dare to call the police and watch..."

"You don't want to live anymore?"

After he uttered these words, the two other police officers nearby, Cha also walked over at this time, and both looked at Li Tian and his brothers cautiously.

"Hit them...hit these bastards." Only the guy in the gray jacket said angrily.

Then the two guys around were ready to do something against Li Tian and the brothers.

"Things that do not live or die... I have endured you for a long time." With a roar, Tang Xiaolong, who couldn't help anymore, stood up like an angry cow.

Then without warning, one hand directly held one of the men who hit him with a punch, suddenly grabbed his neckline, and threw the man directly 3-4 meters away like a sack. distance.

With a plop, just a scream, the guy was thrown a few meters away, and hit one of the tables. The plastic table was smashed, and he was lying on the ground as if he was dead. Like a pig, it is no longer difficult to get up.

The other kicked towards Tang Xiaolong, but it was a pity that his foot had not touched that Tang Xiaolong's body. Tang Xiaolong only saw Tang Xiaolong kick back and kicked directly on the man's calf joint, but when he heard a scream, the man had one The leg knelt directly on the ground, and then Tang Xiaolong flew up and kicked the guy's face fiercely.

With a bang, the whole face was kicked by Tang Xiaolong, and the blood splashed out of his mouth spilled all over the floor.

With a wow, lying on the ground, pain cried out that it was difficult to get up.

In an instant, three of the four policemen have been knocked down.

Only the worst man in a gray jacket would be completely dumbfounded.

Looking dumbfounded at these "killers".

As for the poor couple over there, this meeting was also stunned, never expected that Li Tian and others were so fierce.

"You...you..."

"You assaulted the police and inspected...you are not afraid to go to prison?"

The policeman in the gray jacket looked at the three companions who fell on the ground, and then glanced at Li Tian and others in front of him with horrified eyes.

When I turn around, I want to run.

It's a pity that he can run in time there.

Isn't this? As soon as he stepped out of one leg, he reached out to Duguxie and reached out to pick up a chopstick next to him, and then flicked his finger, the chopstick suddenly shot out like a sharp arrow with a swish.

With a bang, the chopsticks hit the knuckles of the guy's calf accurately, and then, after hearing a scream, the man in the gray jacket knelt directly on the ground, and at the same time the entire upper body fell down there.

"Your mother, do you still want to run?" Tang Xiaolong walked over like a giant at this moment.

A big hand grabbed the man's shoulder like a steel claw, and lifted him up like a chicken.

Then he took a big stride to bring the guy to Li Tian's side, and then stretched out his hand and threw him in front of Li Tian like a dead dog.

There was a scream of pain in his mouth.

Li Tian looked at the worst policeman who fell on the ground in front of him, sneered at the corner of his mouth, then stretched out one foot, and directly stepped on the policeman's head.

"Something inferior to a beast like you... How do you want to die?" A cold word came out of Li Tian's mouth.

Tang Xiaolong saw his little boss change from the weak heart of the past, this will not only be slightly taken aback.

To be honest, it was the first time he saw his little boss so "poisonous."

The policeman, who was stepped on his head by Li Tian, could only breathe heavily in his mouth and groan...

"Say?" Li Tian roared.

The strength under the feet is even tougher!

But seeing that the man was stepped on half of his face, he had turned purple, and the corners of his mouth trembled, panting and saying: "Please... please... you... let go... let me..."

"I...I...I don't dare anymore..." the man almost begged.

But how could Li Tian spare him?

Stepping on his cheek fiercely, he said coldly: "Let you go?"

"I'm afraid God won't agree."

"How much evil did you do?"

"You treat such a small child like this... If I don't kill you today, how can I be worthy of those who have been murdered by you!" Li Tianan said.

It seemed that he was really ready to kill.

When he heard that Li Tian was about to kill the policeman, the Opteron over there frowned slightly. After all, today is broad daylight, and even if the person in front of him is bad, he is also a policeman! So he frowned slightly, but still thought in his heart that Li Tian might just scare him.

But Duguxie and the ghost servant didn't say anything.

After Li Tian finished speaking, he suddenly raised his head and looked at the poor family over there.

He looked at the honest middle-aged man and said, "Did this ***** hit your daughter?"

Chapter 1145: The coldest blood

When the middle-aged man saw that Li Tian was so domineering, he was already dumbfounded, and he nodded with eyes that were astonished.

"Well, since he owes your daughter an arm... Then I will let him return that arm first."

Following Li Tian's words, his hand directly grabbed the arm of the man who had been stepped on by his foot... He twisted fiercely, only to hear a click.

what

A miserable scream came from the man in the gray jacket in front of him.

She screamed sternly, like a slaughtered pig.

And what about his arm? It was at this moment that Li Tianji was alive and broken, and all the bones inside were broken.

A scream, a screaming scream came out of the policeman's mouth, but Li Tian ignored it.

And the poor family was completely shocked.

At this moment, I don't know if I should be grateful to Li Tianhao? What should I do? Completely dumbfounded there.

"Now this ***** has paid your daughter an arm." Li Tian said with a slight smile.

The middle-aged man just nodded dumbly.

When the brothers here saw Li Tian's hands, the corners of their mouths moved, as if they wanted to say something, but in the end they held back.

"Xiaolong, Aqiu, how much money do you have?" Li Tian suddenly asked.

So Tang Xiaolong took out all the cash he had, and so did A Qiu...

When the cash came, the Baihua Fairy gave it to Li Tian and placed it on Tang Xiaolong and A Qiu's body, including a bank card worth more than 200,000 yuan.

After they took it out, they passed them all to Li Tian in front of them.

So Li Tian took the money and walked towards the poor family who was completely frightened... After he reached the one-armed little sister, he bent down slightly and gave the money to that Poor little girl.

"Take her to see the doctor... Maybe her arm can be saved." Li Tian said at last.

The middle-aged man and his wife were completely stunned when they saw that Li Tian had given them so much money.

"No... we are poor... but how can we ask for your money?"

"You have helped us so much..." the man said with red eyes there.

The women beside her also shed tears of gratitude.

But seeing Li Tian smiled and said, "It's okay...just treat it as a little thing I did for this little sister."

"Hurry up and leave here...Don't come here." Li Tian advised them.

After all, after this incident, these police officers are sure to find them to retaliate, so Li Tian advised them to leave here.

The couple saw that Li Tianzhen gave them the money, and they threw a plop, and they knelt in front of Li Tian.

"Thank you...thank you..."

"Our family will remember your great kindness." The man said with tears.

Li Tian helped the couple and said with a smile: "Let's go..."

The last couple, after thanking Li Tian, finally left with their daughter who had a broken hand.

After they left, there were only Li Tian in front of him, his brothers, and the four policemen who fell to the ground.

Among them, the three policemen had already stayed on one side like rats, and did not dare to say a word.

And the worst guy was broken an arm by Li Tian alive, lying there, panting weakly...His lips had begun to turn purple, and his whole body was convulsive as if he was about to die.

The waiters in the restaurant have already run away.

"Little boss, what about this bastard?" Just listen to Tang Xiaolong pointing at the worst policeman on the ground.

"Forget it, young master, let him go!"

"Yeah, he is miserable enough...After all, he is still a policeman." The ghost servant over there said.

Li Tian glanced at him slightly, and then stood up from his seat. After he stood up, the Duguxie, the ghost servant and the Opteron beside him all stood up.

They all thought Li Tian was leaving...After all, that policeman had already been taught by Li Tian.

But no one thought that at the moment when all of them stood up and were about to leave, Li Tian suddenly stepped on the neck of the worst policeman on the ground with one foot.

With a click.

Even the screams were too late... Then the policeman was directly broken his neck by Li Tian's foot. died!

In this way, Li Tian directly trampled to death with his feet.

what

The other three policemen were completely stunned when they saw their companions were killed alive in this restaurant.

Even the Duguxie and the ghost servant around him, and that Opteron's complexion changed drastically.

"Little Lord....."

"Little boss..."

"Li Tian..."

Together, they looked at Li Tian, who was full of murderous aura in shock.

Then Li Tian coldly spit out a few words from his mouth: "These people absolutely deserve to die."

"I killed him for the sake of the people."

After he said this, he turned around, didn't even look at the other three policemen there, and then walked away.

What about the brothers following him? Then one by one looked at Li Tian who was walking ahead with completely incomprehensible eyes... Each of them had a strange feeling in their hearts.

Li Tian, what's wrong? Why is it so ruthless? And if you kill, you kill?

Although the brothers were extremely puzzled in their hearts, they didn't say anything after all, and took the woman who was already dumbfounded, and walked towards the hotel.

After they left, how about the other three policemen on that side? Completely dumbfounded, after a few seconds, he ran towards his dead companion.

"Binzi, Binzi..." one of the men wearing sunglasses hurriedly yelled.

The other one is to slowly reach out and touch the breath called Binzi...

Then his eyes were dull and said, "He's dead..."

"Binzi is dead..."

"That gang actually killed Binzi?"

The three police officers in front of them were completely confused.

"Call, call... and inform the team..."

"Damn, just search the whole Beiliao City, and catch those bastards... They must be killed." Only one of the policemen said angrily.

The other two policemen who had just been repaired also started to call.

Beiliao City, a place completely controlled by the police. At this moment, Li Tian and the others killed one of the policemen in broad daylight. Obviously they stabbed a big basket... And what will this big basket cause in Beiliao City? The huge consequences? Presumably no one knows now.

Chapter 1146: Sealand Street, Scarface

After returning to the hotel, Li Tian took the lead to return to his room alone, and Du Guxie and the others also returned to their rooms one by one.

After Li Tian returned to the hotel, the cold murderous aura that permeated him began to slowly fade.

Li Tian, who was sitting quietly in the room, suddenly knocked on the door twice at this time.

Hearing someone knock on the door, Li Tian responded: "Come in."

Then I saw Opteron pushing open the door and walking in.

Hao Long's indifferent face first glanced at Li Tian in front of him, and then strode over.

"Li Tian...why did you kill?" A word came out of Hao Long's mouth.

He is a soldier, a disciplined soldier.

Facing such unscrupulous murder, in the eyes of Opteron, it is absolutely forbidden.

But Li Tian sneered and said, "He deserves to die."

"That kind of person, alive will only be a worm...so he must die."

Opteron said: "Even if he deserves to die, it is not your turn to kill... If you do this, then what is the use of the law!"

"The law? Is the law useful now? Can you really rely on the law to solve things in this place?" Li Tian suddenly roared with blood red eyes there.

After hearing Li Tian say this, Opteron paused for a while.

He knew that Li Tian was right.

In this place, the law is indeed useless.

But White Dragon threw it away and said, "Then you can't kill people in broad daylight!"

"I kill him, it is an act of indignation between man and god, I will not only kill him, I will kill more nasty people!"

"Damn them all! Absolutely."

When Li Tian said this sentence, his whole body had changed, the violent feeling that had never appeared in him, even the current Opteron felt cold all over!

He looked at Li Tian who was already bloodthirsty before him, and then said nothing, turned around and strode away from Li Tian's door.

After Hao Long walked out, the terror in Li Tian's eyes was still so strong.

Has Li Tian really changed?

Why did he suddenly come here and become so cruel? Like killing so much?

The gloomy atmosphere in the room permeated, but in a corner, the "red sword" wrapped tightly in cloth was also emitting a strange light at this time, and the strange light was also reflected. On Li Tian's body.

"How does the young master seem to have changed? Second brother, have you noticed it?" In the room of another hotel, I saw the ghost servant looking at Duguxie.

Duguxie also sat there silently, his face extremely ugly.

After coming back from the hotel, he has always been ugly, and it is the same now.

After a few seconds with a gloomy face, I only heard Duguxie say: "You should kill that **** by the young master."

"If our eldest brother was there, I believe that with his temper, he would personally slaughter that kind of evil person." Du Guxie said.

After listening to Duguxie saying this, the ghost servant didn't speak any more.

But he was still a little awkward, always felt that there was something wrong with Li Tian,

He looked like he had changed.

After such an accident happened, the brothers felt a little depressed in their hearts, but their heart towards Li Tian remained unchanged.

After 3 o'clock in the afternoon, Li Tian finally left his room and went to look for Tang Xiaolong.

After knocking on Tang Xiaolong's door, Tang Xiaolong was taken aback and saw Li Tian.

"Little boss, you are here." Tang Xiaolong said with a smile there.

Li Tian in front of him glanced at Tang Xiaolong's room and said, "Where is that woman?"

Naturally he asked the woman who brought it back from the motel.

Tang Xiaolong pointed to the room and said, "It's inside."

"Oh, take me to take a look." Li Tian said.

"Ok."

So Tang Xiaolong in front of him quickly took Li Tian to see the woman.

After they opened the door on the left, they saw the woman sitting on the bed with her legs in her hands, her face pale in fright.

After experiencing Li Tian's murder, the woman seemed to be even more afraid after seeing Li Tian.

After Li Tian came in, he glanced at the woman and said, "Come out..."

Then the woman could only slowly get off the bed, and then stepped out timidly.

"Little boss, are we going to act?" Tang Xiaolong asked while looking at Li Tian.

Li Tian nodded.

"Ok."

"You go and inform them... Tell them that we will find the so-called Boss Liu immediately." Li Tian said.

Tang Xiaolong smiled, then nodded, and said, "Okay."

Then he ran out quickly and called Duguxie and Hao Long and the others.

At this moment, there was only Li Tian and the frightened woman in the room.

Li Tian glanced at the woman, then sat aside.

"Tell me, where is your delivery location usually?"

"When you deliver the goods, will the boss Liu be there?" Li Tian looked at her and asked.

The woman was afraid of Li Tian, so she could only truthfully replied: "I only know... the place of delivery... but I don't know if Mr. Liu is there."

"Okay, then you tell me where is the delivery location?" Li Tian asked again.

"At Xilan Street Pier...find a man named Scarface. Usually this man named Scarface receives the goods... and then transfers it to that boss Liu." The woman said.

When Li Tian heard that the woman said the location and the character honestly, he didn't say much.

At this time, footsteps came from a distance.

Soon I saw that Opteron, Ah Qiu, and Du Guxie and the ghost servants walk in.

"Young Master." They looked at Li Tian and shouted.

Li Tian stood up directly, and said: "Start to act."

"Look for that boss Liu to settle the account."

After he said it, he walked directly outside, and the brothers behind him took the woman beside him and walked outside with Li Tian.

After the group left the hotel, they boarded their off-road jeep.

After getting in the car, the brothers asked, "Little boss, shall we go there?"

"Silan Street, Pier."

Then Ah Qiu, who was driving in front of him, entered the place name on the navigator, and the navigator quickly displayed the specific route.

After the car turned around, they drove quickly toward the pier on Xilan Street.

On the way, but when I heard Tang Xiaolong asked, "Is this place the site of the ***** Wang Ba Laozi Liu boss?"

"I don't know... but the connector is there." Li Tiandao.

Chapter 1147: Make a big fuss

"Wait later, I will find the connector first. I think I should be able to find the ***** surnamed Liu soon." Li Tian said.

"Oh, I see."

The car drove all the way through the busy streets of Beiliao City, and then hurried towards the pier on Xilan Street.

There is a moat in Beiliao City. The river is very long and very big. It leads to the westernmost side along Beiliao City. People in Beiliao City call that river: Daohe.

People near Daohe depend on fishing and selling fish for a living.

Li Tian at this meeting had already driven to Xilan Street in the car.

This Xilan Street is basically a set of blocks where fishermen are fiddling with fish and shrimp, trading.

There are many people on both sides.

After Li Tian and the others arrived, they frowned slightly.

"Little boss, this Xilan Street is quite big, how can I find that person?" Tang Xiaolong asked Li Tian in the car.

Li Tian also hesitated a little, then looked at the woman next to him and said, "How can I find that guy called Scarface?"

The woman in the car shook her head hurriedly.

"I don't know too... But I know that the man named Scarface is very famous in this area... I should be able to ask if I should ask," the woman said.

Li Tian glanced at the woman and said, "You didn't lie to me?"

"I didn't...no." The woman said quickly.

Li Tian then looked at the noisy and noisy Xilan Street again, so he thought about it and said, "Okay..."

"Aqiu, you watch her in the car... the rest of them get off with me."

After Li Tian made this decision, Ah Qiu who was sitting in the car nodded, and then Li Tian jumped out of the off-road vehicle in front of him, and Duguxie, the ghost servant and Tang Xiaolong all followed out. .

After they all jumped out of the car, they then walked towards Xilan Street in front of them.

Most of this Xilan Street are local fishermen, who use the dialect here to bargain with fish buyers.

Because this is a market area, it is very lively.

Li Tian and the others were walking toward the front along the wet street, and the people who bought fish were shouting everywhere along the street.

Li Tian looked at the fish-buyers on both sides, and finally he stopped slowly beside a dark-skinned man wearing a black short sleeve.

The man looked about 2526 years old.

There are two huge water basins in the front area. Inside the water basins are lively carp and big white fish. When they saw someone walking towards his stall, they hurriedly greeted him and said, "A few people buy Fish?"

"What fish do you want? I have crucian, carp, and prawns..." The dark-skinned man introduced to Li Tian and his brothers in front of him with a smile.

But seeing Li Tian smiled slightly, and then shook his head.

"Hello, I just want to ask you personally." A word came out of Li Tian's mouth.

After Li Tian said this all of a sudden, the dark-skinned man selling fish was taken aback, and then his expression revealed an unhappy face.

"Who are you asking?" He said with a disdainful tone on his face.

Li Tian said, "I want to ask, is there a man named Scarface here?"

"Knife...Brother Knife..." the dark-skinned man suddenly said quietly.

But he instantly looked suspiciously at Li Tian and his brothers before him, and then said: "Are you looking for Scarface?"

"Yeah." Li Tian nodded there.

"I don't know... I don't know." Suddenly this guy waved his hand there and said.

Hearing that the dark man said that he didn't recognize that scarred face... Li Tian was slightly startled, after all, he had heard the boy say: Brother Dao, this name is taboo.

"You really don't know?" Li Tian continued to ask.

But seeing the dark man suddenly seemed a little impatient.

"Why are you so annoying... Didn't I say... I don't know, I don't know... Go, go... Don't hinder me from doing business." The dark man suddenly showed disgust in front of him. Li Tian still has brothers.

Then Tang Xiaolong saw that this kid dared to be so rude to his little boss, he immediately wanted to teach this kid, but was slightly stopped by Li Tianji on the side.

"Forget it, since you don't know each other, then we will go to other places to inquire... sorry, excuse me." Li Tian said politely.

"Go, go." The dark man seemed to say that Li Tian and the others were plagues.

Li Tian didn't get angry with such a person either, so he turned around and led his brothers forward.

Then Tang Xiaolong followed Li Tian and said, "Little boss, that kid knew Scarface clearly just now...Why didn't you catch that kid and ask carefully?" Xiaolong looked very unconvinced.

But seeing Li Tian, he shook his head slightly and said, "No, we can't cause trouble here...Don't you see that these fishermen are united?"

"If something happens at that time, I guess people on both sides of the street will attack us... Don't forget, we are strangers to this place after all." Li Tian said.

Listening to Li Tian's analysis, Tang Xiaolong nodded without understanding.

And the ghost servant beside him said: "The young master's analysis is not bad."

"These local fishermen, when I passed by just now, I can really feel that they are very united... If we really had to question that kid just now, it would be self-defeating if we weren't it."

Li Tian smiled.

"However, I already know at least that the guy named Scarface seems to be quite capable in this area." Li Tiandao said.

As they walked forward, they had reached the fork in the two roads ahead.

Both roads are alley roads of that kind, and they are of the kind with few people.

"Little boss, where should we go now to find the guy called Scarface?" Tang Xiaolong who just listened to the moment asked Li Tian there.

Li Tian hesitated and was about to speak, when suddenly he heard a noisy voice from behind.

He turned his head to look, but saw a dozen guys rushing towards this side with full momentum.

More than a dozen of them were men with sticks, steel pipes, and iron hooks in their hands.

And the leader is the dark-skinned kid who Li Tian and the others questioned just now.

When seeing these people running towards this side, Li Tian suddenly sneered: "It seems that we are really going to make a big fuss here today."

The ghost servant on one side also smiled slightly and said: "If this is the case, we are still worried about the worry..."

"Don't worry, someone will tell the whereabouts of the scar face soon."

Chapter 1148: Ghost servant shot

After the brothers finished speaking, they all turned around quietly, and then calmly looked at the dozen or so people holding the guy who rushed over.

"It's them!" I saw the dark boy at the head, pointing at Li Tian and the brothers in front of him.

"It's him, just inquiring about the whereabouts of Brother Dao." At this time, the dark man finally admitted that he knew that Dao face.

More than a dozen guys have already surrounded them with guys. The fishermen on both sides of the street behind saw that there was going to be a war, and quickly packed up their things and began to withdraw... Some of them were still there on tiptoes looking here. The excitement.

"What's wrong?"

"What happened over there..."

"do not know!"

"It seems someone is making trouble."

"Damn, **** them..."

...

Those native fishermen on Xilan Street whispered in that mouth, obviously they are not very welcome to outsiders like Li Tian.

What about here?

After these dozens of people with guys in their hands surrounded Li Tian and the others, they first glanced at the brothers in front of them with bad eyes.

Then I saw the burly man at the front, who looked like a big man of 185, staring at a pair of giant bear-like eyes, and glanced at Li Tian and the others coldly.

"That's why you want to find our Dao brother, right?" The voice is like a cow yelling, and the voice is very loud.

Hearing the sound of this guy's eardrums, Li Tian stood there and frowned slightly, then nodded with interest.

"um, yes."

"Who are you? Why are you looking for Brother Dao on our Xilan Street?" The strong man continued to yell.

Li Tian said there, "No, ask him something.

"Ask something?" The strong man was taken aback for a moment.

Then he roared, "Ask Mao..."

"I don't think you guys are a bunch of good things... owe to clean up!"

"Call me!"

"Play Xilan Street." Suddenly the strong man gave the order.

After the strong man gave an order, the dozen guys around him rushed towards Li Tian and the others with the guys in their hands.

What about here? But what about Li Tian?

Before everyone had taken action, the ghost servant suddenly flashed to the front place: "Young Master, leave these guys to me."

"I haven't done it for many days...my muscles and bones should move, too." He said while smiling.

Then Tang Xiaolong also rushed over at this meeting: "Master... let me come."

The ghost servant glared at Tang Xiaolong: "Go and rest first...I will finish dealing with them quickly, and I will find the scar face later."

Listening to the ghost servants saying this, Tang Xiaolong was slightly depressed and could only retreat. He was originally full of blood, and he could only resist his desire to fight.

When Li Tian saw that the ghost servant was going to fight, he smiled and nodded, saying, "Okay."

Then the ghost servant turned his head, and the face wearing the grimace mask glanced at the dozen or so men present, and a cold air rushed towards them...

When the dozen or so guys saw the ghost servant wearing a weird grimace mask, they were all startled together, and a sense of fear for no reason poured over them.

The strong man saw his gang of brothers hesitate, and suddenly roared, "Hit me."

Then a dozen guys around started to move.

The two men who rushed over were very sturdy and muscular. One was holding a spearfishing iron hook in his hand, and the other was holding a steel pipe in his hand, and hit the ghost servant headlessly. Come here.

Although they didn't have any tricks to fight, they were still fierce. After all, these people who fished in the river all year round came from the wind and rain.

However, it's a pity that they don't know who they are facing this time.

But the ghost servant didn't even look at the two of them, and even the whole body almost didn't move.

When the guy in the hands of those two guys was about to hit him, a cold smile suddenly appeared at the corner of his mouth, and then the ghostly right hand moved.

Bang Bang... Two punches!

The two strong men didn't even see the shadow of their fists, and then one of them received a violent punch in the nose... After being hit hard, their whole bodies were carried upside down... and at the same time, the mouth uttered A scream.

With a plop, the two of them were thrown to the ground by the ghost servant at the same time, but what about the two of them? I couldn't get up anymore, clutching his **** nose and screaming there.

These four words, blockbuster, are best placed here at the moment.

The big strong man over there just now, as well as more than a dozen other men around him, were completely stunned when they saw that the ghost servant overturned the two of them.

Nima, is this guy a human or a ghost?

He didn't see him making any move, so he knocked his two brothers down.

At this moment, none of the dozen or so people who were thinking about the guy dared to do it, they were all stunned.

At the moment, the ghost servant was smiling and looking at the dozen or so hunks and said: "Come on, why isn't it here?"

"Isn't it awesome just now... come again." Ghost servant said.

But seeing that strong man loses face at the moment, it is not to fight, it is not to not fight.

After thinking about it, I looked at my group of so many brothers, and thought to myself, even if your uncle is so awesome, I still don't believe it, so many brothers really can't provoke you.

"Call me...all on...all on me."

After screaming out a word, the dozen or so hunks beside him said nothing at this moment, all picked up the guys in their hands and rushed over.

The steel pipe, the iron rod, and the harpoon in his hand all smashed toward the ghost servant.

The ghost servant sneered at this moment, and suddenly his still standing body suddenly moved. fast!

As fast as electricity!

Only a dark shadow could be seen suddenly rushing towards the dozen people.

Immediately there was a ping-pattering sound... and at the same time, it was accompanied by the screaming sounds of those guys one by one like killing a pig.

A painful cry fell down.

The second one fell down again, and fell to the ground like a mother.

Third, fourth!

...

In less than three minutes, Nima and the dozen or so hunks in the audience were all knocked down in a blink of an eye.

Only ghost servants wearing grimace masks were left, and a strong man with a bruised nose and a swollen nose kneeling on the ground with a punch in the face.

The arrogant and domineering eyes have long disappeared from the eyes of the strong man. At this moment, there are only eyes full of disbelief and consternation...

The frightened cold sweat on his head ran down like running water from his choking cheek bit by bit.

With his mouth open, he wanted to say something, but couldn't say it.

Chapter 1149: found it

And the ghost servant? He pinched his neck with one hand and stood in front of him.

"Do you still fight? Do you still want to clean up us?" At this moment, only the ghost servant who was smiling and looking in front of him asked.

This strong man looked at the ghost servant as if he saw a ghost, there was nothing but fear in his eyes.

"No...no...hit..." The strong man opened his mouth and finally hesitated.

The ghost servant continued: "Isn't it very tugging just now? Wasn't it awesome? Why don't you fight now?"

The strong man was so scared that he was about to pee his pants, and his entire huge body was trembling.

"I... I was wrong... I was wrong..." the strong man said with trembling in his teeth.

The ghost servant didn't care about his three-seven-two-one. At this moment, a hand stretched out, directly holding his shoulder, and then the guy's huge body was lifted up like a bird and walked towards Li Tian Come here.

Such a sturdy macho was being carried like this by the ghost servant at the moment, it was really funny.

When Li Tian was in front of him, but seeing the ghost servant stretched out his hand and tossed it, the huge active body fell to the ground like a rock... with a bang.

"Young Master, this guy is handed over to you." Only the ghost servant clapped his hands and said.

And that strong man? At this moment, he also slowly got up, looking at Li Tian in front of him, a chill came out of his spine.

I saw Li Tian glance at him and asked in a very flat voice, "I want to ask you a few words now, I hope you can tell me honestly... Otherwise, the consequences, I believe you Will know."

The strong man quickly nodded there...There was a deep fear in his eyes.

The dozen or so of his brothers lying on the ground behind him were still screaming like a pig.

"Do you know Scarface, right?" A word suddenly came out of Li Tian's mouth.

After Li Tian asked, the strong man nodded silently, and said, "I know..."

"Do you know he is there?" Li Tian continued to ask.

"Know...know..." The strong man seemed to never dare to lie anymore.

Li Tian laughed when he heard this strong man say that he knew.

"well."

"Now you take me to find that scar face!" Li Tian said coldly.

After Li Tian finished speaking, the strong man suddenly showed fear in his expression.

"Look for...find... him?" The strong man asked in a cold voice.

Li Tiandao: "Not bad."

"What? You don't want to go?" Li Tian said, looking at him.

"No...no...I don't want to go...just...just afraid to go." The strong man said truthfully there.

Li Tian was taken aback for a moment and asked, "Why?"

"Because he is a very cruel person!" The strong man in front of him said in fear.

"Is it ruthless?"

Li Tian suddenly laughed.

"Don't worry, as long as you take us to find him honestly, I will tell you what is really cruel!"

Listening to Li Tian's words, the strong man's expression was dull for a moment.

"Let's go, don't dawdle." The ghost servant already looked impatient, and kicked the strong man with his foot there.

The strong man had no choice but to get up quickly... and then with an ugly look, he led Li Tian and his brothers to the front, looking for the so-called scar face.

Lying on the ground were those men who were screaming for pain and watching Li Tian and the strong man walking away, they could only watch.

But he said that after the strong man took Li Tian and the others through one of the alleys, they went to the river.

Looking at the Dao River in front of me, it was very wide and big, and the water was clear, extending to a place invisible to the eyes.

At the wharf of the river, there are still many fishing boats docked one after another, and some fishermen are drying their nets and fishing there.

When the strong man took Li Tian and the others to the riverside, Li Tian frowned slightly and asked, "Where is the scar face?"

The strong man quickly replied, "It should be in the fishing boat ahead..."

"Brother Dao... Scarface... likes to gamble here... so if I guess it's right, he should be here." Just listen to the strong man at the moment.

Listening to the strong man saying this, Li Tian and his brothers all turned to look over there together.

However, beside the river, a large fishing boat was docked on the shore.

After Li Tian and his brothers saw the boat, they began to walk towards the fishing boat.

There was no one on the deck of the fishing boat, only the anchor and the wet fishing nets.

After Li Tian and his brothers got on the fishing boat in front of him, Li Tian first took a look at the fishing boat and found that there was a large cabin under the deck of the fishing boat. Presumably the gambling that the strong man just said. The matter should be in this cabin.

"It's here, right?" Li Tian said with a glance at the strong man who was cowering in front of him.

The strong man's left cheek was still bruised, and he nodded in horror.

"Okay, take us down." Just listen to Li Tiandao.

The strong man was threatened by Li Tian at the moment, and there was no way, he could only obediently lead Li Tian in front of him to the cabin below the deck.

The fishing boat is really big, and it is not visible from the outside, but after getting off the deck, you can feel that the space in the cabin is really big enough.

On the side is a dining room, and here is a small bathroom... There are two rooms at the end of the wide aisle in front.

After Li Tian and the others walked down the cabin with gentle steps, they heard a shout from the room at the end. From the sound, it can be basically judged that there are at least a lot of people staying there. ...And they are all men.

Li Tian and his brothers took a look at the room, and then focused their eyes on the strong man in front of him.

"This is it?" But seeing Li Tian pointed at the place in front of him and said.

As Li Tian stretched out his hand, the strong man nodded timidly.

"Uh, uh..."

"Take me over." Li Tian gave the strong man a push.

So the strong man could only walk towards the room at the end of that side with an uneasy heart.

After they reached the end of the room, they could hear the yelling inside.

It is obvious that those people are indeed betting money.

boom!

At this moment, the whole door was kicked open suddenly...

After this violent kick kicked the door open, then all the guys there who had been gambling money were all stunned at this time.

All turned their heads to look at Li Tian and the brothers who kicked the door open at this moment... and the strong man.

And Li Tian and his brothers began to look for the so-called scar face in the entire room.

Finally in the innermost place, Li Tian saw the man with a very narrow scar on his face.

Chapter 1150: Who is ruthless?

The man is a bald head, wearing a black T-shirt without sleeves, and his exposed shirt is tattooed with awesome tattoos. He is holding a cigarette in his mouth, looking at Li Tian and others with evil and vicious eyes. people.

There were 78 money gambling people around, and after hearing the loud noise, they all turned their heads in resentment.

"Damn...who are you?"

"Zhuangzi, who are these bird people? Why did you bring them here?"

Just listen to the man in the front roaring at the strong man who led Li Tian and the others in.

The strong man still dared to speak loudly there, and he was a little afraid to provoke him on both sides... he stood there suddenly confused and embarrassed.

"Who is Scarface?"

"Is it you?" A word suddenly came out of Li Tian's mouth, and at the same time his eyes were staring at the man with a hideous scar on his cheek.

The man with a hideous scar on his face gave Li Tian a vicious look at this moment: "What about Laozi?"

"who are you?"

After he confessed his identity at once, at this moment only Tang Xiaolong beside Li Tian suddenly said: "You bastard...finally found you..."

After Tang Xiaolong said this, the face of Scar's face changed.

"I came to Lao Tzu's site to find me? I think you are tired of living!" The scar face suddenly stood up and roared.

"Brothers, copy me guys... hack these ***** to death."

Following the scars face roared and slammed, but seeing a few hunks around the table overturned the table in front of them, they pulled out a bright machete from under the table.

When the sharp machete was held in their hands, they rushed towards Li Tian and the brothers.

This thing is not finished, it is absolutely fatal if it hits someone.

The cabin was originally very small. When these guys rushed towards Li Tian and the brothers with machete one by one, Li Tian first flew and kicked directly on the chin of one of the front swordsmen.

There was a scream, but the swordman was kicked and flew out.

The machetes in the other hands greeted them headlessly.

Tang Xiaolong, who was standing next to him, let out a roar at this time, and suddenly avoided one of the guys with a knife. Then a fist slammed into the guy's face, screaming in pain, but he saw the guy staggered and fell. Fell to the ground.

And the two swordsmen here were overturned to the ground by Duguxie and the ghost servant.

How could they be Li Tian and the brothers' opponents?

Although they have a machete in their hands, is there a guy? But even if they are ten times more people, can they be Li Tian's opponent?

Of course not!

Isn't this? In less than a minute, 78 guys with machetes in their hands were all thrown to the ground by Li Tian and his brothers, screaming in pain one by one.

And the scar face that was clamoring just now? Seeing that he was not Li Tian's opponent at all, he suddenly picked up a chair beside him and threw it at Li Tian.

Li Tian kicked back and clicked, and the wooden stool was crushed by him.

Then the scarred man turned abruptly to run.

"Damn, I want to run."

Tang Xiaolong roared and chased after him.

The Scarface ran forward lifelessly at this moment...The space in this cabin was not very large, and it could only accommodate the distance between two people side by side. At this moment, as the Scarface ran forward lifelessly, Tang Xiaolong Chasing closely behind.

"Fuck you, running..." Tang Xiaolong yelled, grabbed a pipe beside him, and threw it over.

With a bang, the steel pipe hit the back of Scarface's head accurately, but after hearing a painful cry, the scarface man fell to the ground with a faint scarlet blood flow on the back of his head. Came out.

At this time, Tang Xiaolong had already flew over.

"Guri, see if you can still run?" Tang Xiaolong went up and kicked on the scarface. The scarface man let out a muffled hum, and at the same time he quickly got up and turned his head. He punched Tang Xiaolong over.

"Dare to fight back?" Tang Xiaolong was suddenly angry.

The fist of the Scarface hadn't hit his cheek yet, but seeing the slight side of Xiaolong's head, dodge the punch, and then his knees flew up and directly hit the abdomen of the Scarface...

With a scream, the scarred face covered his stomach and almost knelt to the ground. At this time, Tang Xiaolong was holding his shoulder with one hand, and the other fist was banging and banging, hitting him with three heavy punches. Scarface's body... there was a bang, but saw that Scarface's body was smashed and flew out, hitting the ship deck...and fell to the ground, as if it was difficult to get up again , Panting violently while enduring the pain.

Li Tian and Duguxie who were behind this meeting had already rushed over. Seeing Tang Xiaolong being viciously teaching the scar face, they not only frowned slightly.

"Xiaolong, stop first." Just listen to Li Tian.

At this moment, Tang Xiaolong was holding the scarred face with a bruised nose and swollen nose with both hands, and when he heard the little boss say this, he spit in his mouth unconvinced.

"Damn... I'll spare you first, and I'll teach you later." After speaking, he let go of the scarfaced man with swollen nose and blue nose.

Even though the scarred face man was beaten like this, he still had a pair of extremely insidious eyes. He stayed open, watching Li Tian and his brothers in front of him.

"Scarface...I want to ask you a few things now, you can say or not, but the result... Then I can't guarantee it." Li Tian said coldly at the scarface in his voice.

The Scarface spit out a mouthful of blood from his mouth, his body aching half leaning on the cabin, and with those vicious eyes he said fiercely, "Ask your mother's head..."

"I can't say anything." He just listened to the arrogant face of the scarred face.

Although he was beaten like that by Tang Xiaolong, his mouth is still so hard now, it can be seen that this person is indeed somewhat sexual.

But is his ***** really comparable to Li Tian?

Hearing what he said, Li Tian smiled and walked towards him.

"Are you really reluctant to say anything?" Li Tian had already walked up to him, still smiling.

The scarred face said fiercely: "Don't say..."

Just as he uttered this sentence, Li Tian's eyes suddenly changed, becoming vicious and vicious.

At the same time, a foot kicked fiercely on the calf joint of the scarred face, but there was a creak when the bones broke...

Ah, a miserable scream came from the mouth of Scarface.
