

A Killer 1151

Chapter 1151: Magic sword, killing heart

Oh my God, a living leg was just kicked off by Li Tianji.

The leg of the Scarfaced man was completely distorted... the whole man was kneeling on the ground with one leg... Two hands propped on the ground, screaming and piercing his heart.

But Li Tian didn't even look at him, and continued to ask: "Say, or not?"

The scarfaced man who had been subjected to such abuse, immediately roared with blood-red eyes there, "Say your mother's head... if you have the ability, you can kill Lao Tzu!"

"Okay! This is what you said."

As Li Tian finished saying these words coldly, he suddenly grabbed one of his wrists, without even a hint of pity, and directly snapped the entire Scarface's wrist.

what.....

A scream, a scream of pain came from the mouth of the scar face.

He was lying on the ground convulsively, one hand and one arm being broken alive by Li Tianhuo, he was almost aching to death.

"Still not talking, right?" Li Tian continued to torment the scar face in front of him.

The scar face was already pale... with blood vomiting in his mouth and shaking all over, he looked at Li Tian who was smiling at this moment, as if he saw a demon...

Li Tian was ready to break his other hand, and just as Li Tian was about to kill him, the man with the scarred face finally gave in.

He can no longer bear such pain...

Although he is man and hard enough, he is not ruthless in Li Tian after all!

So he could only give in.

He was panting, those eyes that were still sinister just now turned into fear, fear...

"I said... I said..." He gasped fiercely in his mouth, trembling all over, as if he was about to die at any time.

Listening to this kid finally succumbing, a satisfied smile appeared on the corner of Li Tian's mouth.

He let go of the only right hand that the kid could still move, and then asked, "Do you know a man named Boss Liu, right?"

Although the man with the scarred face was tortured half to death, when he heard the name "Boss Liu", he was shocked violently.

But he did not dare to lie.

Nodded there.

"Are you selling human organs? Then give the organs to the ***** named Liu, right?" Li Tian continued to ask.

The scarred man endured the pain on his body and looked at Li Tiandao at this moment in disbelief and said, "You...how do you...how do you know this?"

But seeing Li Tian sneered: "Don't worry about how I know, I'm just asking you, where is your boss, Boss Liu, right now?"

"Are you looking... looking... what does he... want to do?" The scarred man looked at Li Tian weakly.

"Find him and kill him." Li Tian said lightly.

The scarred man did not speak any more.

"Say, tell me now, where is Boss Liu?" Li Tian forced to ask.

I saw the scarred face lying on the cold ground, and the pain had already numbed his entire body. He said weakly, "He...he...in the People's Hospital of Beiliao City."

"Hospital?" When Li Tian heard that the so-called Boss Liu was in the hospital, he was not only taken aback.

"Yes, Boss Liu is dying... His entire kidney has been removed. The only thing that can save him now is to press another suitable kidney into his body... So he asked us to help him get that. Kidneys..." said the man with the scarred face.

Listening to the man with the scarred face saying this, an unprecedented anger rose from Li Tian's heart.

"Just to get a kidney, to kill so many people for his bastard's life? Is it?" The roaring words came out of Li Tian's mouth.

The man with the scarred face shook his head in pain and said, "This...it doesn't matter to us...we are just following orders."

"According to orders?"

"You killed so many people at the motel... did so many evil things... and now you still say nothing to you?"

"I tell you, people like you are absolutely worthless even if they die 10,000 times."

After Li Tian finished speaking, his eyes suddenly revealed a horrible murderous intent.

When the scarred man suddenly saw the terrifying chill in Li Tian's eyes, he was shocked... He backed up hard, looking at Li Tian in front of him with extremely scared eyes...

"You...you...what do you want to do?"

"What I should say... I have already told you all... Please... please let me go alive... Please, I will never do those things again." Scarface seemed to cry. One side said to Li Tian,

But can Li Tianneng spare him?

Thinking of the evil things he did, thinking of the many innocent corpses in the motel...

"late!"

After these two words were uttered, the black light suddenly appeared... but after hearing the sound of a dragon chanting like a devil, he saw a sword full of endless hostility being pulled out of Li Tian's hand.

The pure black sword seemed to be hungry and thirsty and wanted to drink human blood... Hissing sword sound, with a strange feeling, then wiped the sword towards the neck of the scarred man.

The sword is the magic sword, the red magic sword.

Blood is the blood of the wicked.

The red blood was stained on the Chilian Sword, the black glow of the whole sword became more and more vigorous, and the murderous aura that multiplied in Li Tian's body became more and more intense.

The sword fell, and his neck was directly cut off.

The head was chopped off by a sword from his **** neck like a round ball.

The person died, and the body fell to the ground with a bang.

The head of the man with the scarred face also rolled aside.

The magic sword was still hissing from the blood sucking on the sword, but what about Li Tian? But he didn't even look at the corpse, turned his head, and uttered a faint word: "Look for that Boss Liu."

Then he turned and walked outside.

Looking at the headless corpse in front of him, as well as Li Tian's back brothers and Du Guxie, they all fell silent for a while, and then followed without saying anything.

What about Opteron? But it was a pair of eyes looking at the corpse on the ground, and I felt more and more scared in my heart.

Because he could feel Li Tian's killing nature, it had begun to gradually be exposed, he became even more ruthless and more poisonous.

Any bad person in his hands is probably inevitable.

If they could find the "Boss Liu" in the hospital in Beiliao City this time, it is estimated that Boss Liu might have died tragically.

Chapter 1152: Is it possible?

Li Tian killed Scarface!

For Li Tian, that kind of person is definitely damnable, so Li Tian kills him without any mercy.

Li Tian's cruel cold blood made the brothers feel a little more and more unaccustomed. After all, this is a little different from him before, and now he can't even blink his eyes when he kills.

But the brothers just thought this in their hearts, and didn't say it.

Following Li Tian out of the cabin in front of him, Tang Xiaolong ran over quickly.

"Little boss, what should I do with that guy?" Tang Xiaolong said while pointing at the big burly man who turned pale in fright.

But seeing Li Tian glanced at the strong man in front of him.

Then he said: "Let him go."

When Li Tian said that he let the big and strong man go, he didn't mention how happy the big and strong man was.

"Thank you...Thank you..." The big man thanked him, and hurried to other places.

At this time, Tang Xiaolong and Duguxie all walked over and followed Li Tian.

"Young Master, let's go to the hospital in Beiliao City next? Look for the boss Liu?" the ghost servant asked.

But seeing Li Tian nodded directly.

"Yes."

"I want to find the so-called Boss Liu immediately... and then slaughter him personally, let's leave here." Li Tian said.

Hearing what Li Tian said, the brothers didn't have too many opinions, so they nodded quickly.

When Li Tian and the others were walking towards the off-road jeep, they suddenly heard the sound of a police car coming from here.

"Policemen?"

"It looks like the police are here," said the ghost servant.

Li Tian thought for a while and said, "Let's get out of here soon... the police in the province were targeted by the police. Don't forget, we killed a policeman before. If we get caught by those people, it's troublesome. Up."

After Li Tian said this, he quickly ran to the car in front of him with his brothers.

Ah Qiu, who was in the car, had already walked out and greeted Li Tian over there.

After Li Tian and the others ran over, the famous wine quickly got into the off-road vehicle in front of them, and then after the car started quickly, they turned around and drove to the other road.

And this meeting also saw several police cars approaching here, passing by their cars.

Looking at the police cars in the past, the brothers are just a heart down.

In the car, apart from Li Tian and his brothers, the only woman left was the woman brought from the motel.

"Scarface...did you find it?" The timid words came out of the woman's mouth suddenly, her voice was very small, very small, as if she was afraid of Li Tian and the brothers.

"Yeah!" Li Tian looked at her and responded.

The woman continued to ask with a pale face and timidly: "Then... and then?"

"Then I cut off his head." Li Tian said calmly.

what!

When Li Tian said he had cut off the scarred head, the woman in front of him was shocked, and the same eyes became frightened.

"Then...then you...how do you...do you intend to deal with me? Are you going to kill me too?" The woman looked at Li Tian in tears and said pitifully.

Li Tian glanced at the shivering woman, thought about it, and said to the Aqiu who was driving in front: "Stop."

A Qiu heard Li Tian's voice, so he parked the car aside.

After the car stopped, Li Tian looked at the poor woman and said, "From now on...you must not do bad things again...this matter, I will let you go first, not kill you. , But if you let me know that you will do evil in the future, no matter if you chase it to the end of the world, I will kill you."

Listening to Li Tian suddenly saying this, the woman was stunned for a few seconds.

He hurriedly said with tears and tears: "Thank you...Thank you for not killing me...I will never do those things again...I swear that I will never do anything that hurts the truth."

After the woman said so, Li Tian opened the car door with his hand.

"You can get out of the car now." Li Tian said, looking at the woman.

The woman heard Li Tian say this, and then slowly walked out of the car. Her delicate body was still trembling, trembling in fear.

After she got off the car, Li Tian exhorted again.

"Also, you won't go to the police station to tell the news?" Li Tiandao said.

The woman hurriedly shook her head and said, "No, no, no..."

"well!"

After Li Tian uttered these two words, he closed the car door in front of him with a swish.

"Aqiu, drive to Beiliao City Hospital."

Ah Qiu responded in front: Yes, after the word, he drove quickly toward the hospital in Beiliao City.

Scarface has been slaughtered.

The worst bad guy right now: Boss Liu is not dead yet.

According to the scar face, Mr. Liu should be lying in the hospital...

So far, Li Tian still doesn't know who this boss Liu is from Beiliao City.

To Li Tian now, the so-called Boss Liu is just a wicked person who deserves to be killed.

So Li Tian didn't plan to ask this boss Liu's identity in Beiliao City.

When they drove to the Beiliao City Hospital, the sky was almost completely dark, and the street lights on both sides of the street were all on. Looking at Beiliao City at night, it still felt good. There were colorful and bustling lights everywhere. If you just look at the appearance, this city can still be

said to be a good city, but if you know the true truth of Beiliao City, you will find that this city is actually very dirty and evil.

Li Tian's car was from Beiliao City Hospital which arrived at 6pm.

The car parked in the parking lot of the hospital. After getting out of the car, they walked directly towards the gate of the hospital.

As soon as I walked over, I saw a few police cars parked at the gate.

When seeing so many police cars surrounding the entrance of this hospital, Li Tian not only frowned slightly, but also secretly said: Why are there so many police officers in this place?

Could it be that the police found their tracks and arrived here early?

impossible!

How did the people at the police station know that they were coming to this Beiliao City Hospital?

The only person who knew that he was here was the dead scar face. These policemen probably wouldn't come here to catch them.

After Li Tian thought about it this way, he was not only depressed.

Chapter 1153: Mix in

From this point of view, there must be a lot of police officers in this hospital. If you wait until Li Tian and his brothers actually see Boss Liu in the hospital, they will definitely take action. If they are met by these police officers, then I was depressed.

After thinking about it, Li Tian didn't think about walking to the gate of the hospital, but was silent there, carefully looking at the police cars over there.

"Policemen?"

"Grandma, how come there are so many police officers here?"

"Little boss, look there, there seem to be two policemen standing at the gate of the hospital." Following Tang Xiaolong's words, he quickly stretched out his finger over there.

Li Tian and his brothers did see the two policemen standing guard at the entrance of the hospital.

After looking like this, they all looked a little depressed.

"Boss, will these police know our actions in advance? So here is it?" Just listen to Tang Xiaolong's depressed expression.

The ghost servant next to him said: "How is it possible?"

"We just asked for clues. Besides, that scarface is dead. How could the police know that we are here," said the ghost servant.

Tang Xiaolong thought for a while and said, "Yes, that's weird, then how come there are so many police officers in this hospital?"

"do not know."

"Little boss, what should we do now? Are we still in that hospital?" Tang Xiaolong just listened to the question.

Li Tian glanced at the police guarding at the entrance of the hospital and the police cars parked in front of him. He said to himself: It seems that there are still many police officers coming from this hospital? But what is certain is that these policemen are definitely not here for themselves and their brothers, there must be other things.

After thinking for a while, Li Tian said, "Let's do it... I will go in with Bai Long... Ghost servant, you wait outside with Xiaolong and others."

After Li Tian gave this order, the ghost servant and Duguxie were all startled slightly.

"Young Master, why don't you let us follow you?" He only heard the ghost servant in front of him and the puzzled words of Duguxie.

Tang Xiaolong also looked very depressed, looking at Li Tian and said.

Li Tiandao: "Because the two of us went to the hospital, we won't attract too much attention!"

"I believe that those policemen definitely didn't come to us...so I guess we two should be able to get in. As for you, just wait here for me...I will come out soon."

Li Tian actually arranged it well.

Seeing that there are policemen guarding the gate of the hospital, if two people like Ghost Servant and Duguxie follow Li Tian, their appearance will definitely attract the attention of those policemen... Besides, Li Tian and the others have already He blatantly killed a policeman in the hotel. If nothing happened, the incident would have been committed, and there were so many eyewitnesses, and they might not remember Li Tian and Haolong. But they will definitely remember the ghost servant who wore a grimace mask, and the Duguxie who broke a hand.

After the Duguxie and the ghost servants understood their young master's thoughts, they all nodded slowly, without saying anything.

"Young Master, then you be careful." The ghost servant said there.

Li Tian smiled and said, "Don't worry."

After making this decision, Li Tian planned to bring only the old-fashioned and dull Opteron into the hospital in Beiliao City.

After making all the preparations, but seeing Li Tian and Hao Long, he walked towards the gate of the hospital, while the brothers around him blinked at them.

But seeing Li Tian and the Opteron were more casual, and walked towards the two policemen guarding the gate.

This is because it is around 6 o'clock in the afternoon and there are fewer pedestrians. Only occasionally one or two doctors in white coats and nurses pass by.

And when Li Tian and Hao Long were walking towards the gate, the two policemen guarding the entrance of the hospital saw them at a glance, and then a pair of eyeballs looked at them.

After being watched by these two policemen, Li Tian and Hao Long still walked towards the gate in a very normal manner.

"I have been discovered... Little Boss and they seem to have been discovered." There was a dark and unobtrusive corner on the side, but Tang Xiaolong said excitedly there.

"Shut up..." the ghost servant said to Tang Xiaolong.

Tang Xiaolong closed his mouth tightly and looked there nervously.

He said that although the two policemen stared at Li Tian and Hao Long with unblinking eyes, they didn't seem to recognize them.

And what about Li Tian and Opteron? He brushed past the two police officers with his usual face, and then went into the hospital.

After Li Tian and Haolong finally entered the hospital without being recognized, Tang Xiaolong and the ghost servants finally let go of their hearts.

"I'll go, it's okay..." Tang Xiaolong said with a smile there.

"Your kid just likes to make a fuss. In the future, you will pay more attention to your little old university. What does it mean to be not surprised, don't you?" The ghost servant reprimanded Tang Xiaolong.

Tang Xiaolong scratched his head with his hands, smiled awkwardly and said, "Master, I understand."

"Understood."

During their conversation, Li Tian and White Dragon who had entered the hospital also let out a sigh of relief.

"Let's go to the front desk to find out if there is a person surnamed Liu who lives in this hospital..." Li Tian whispered to the white dragon next to him.

Opteron nodded slightly, and then followed Li Tian towards the front desk.

At the front desk of the hospital was a young nurse in her 20s. At this moment, she saw Li Tian and Opteron coming over, revealing a pair of white teeth and saying in a sweet voice: "Good morning, two people. What help?"

Li Tian smiled slightly and said, "I would like to ask you to check for me whether there is a patient surnamed Liu living here..."

"Patient surnamed Liu?" The nurse was startled slightly when Li Tian asked.

Li Tian hurriedly said: "That's it, because I had a friend a long time ago.... I heard that his kidney was very difficult to come here for surgery recently, because we have not seen each other for many years. After that, it was only a one-sided fate at the beginning, so I only remember his surname Liu. As for his name... I don't remember it anymore." Li Tian made up a lie full of holes there.

But what about this lie? The little nurse didn't care.

The little nurse just blinked a pair of beautiful eyes and said, "Removal of the kidney? That's internal medicine... OK, wait a moment, I'll check it for you."

After the little nurse said this, she began to look it up on the computer statistics sheet on one side.

Chapter 1154: It turned out to be him! ! !

At this time, exactly 45 policemen in uniform walked out of the corridor over there.

However, they said that when Li Tian saw 45 policemen approaching here, they not only frowned, but what made Li Tian depressed the most was that at a glance, he saw one of the policemen who were in the hotel at the time. The police they beat...

"Not good!" Li Tian said inwardly.

"Leave here first... the policeman knows us." Li Tian suddenly lowered his voice and said to the white dragon beside him.

When Opteron heard Li Tian say this, he glanced at this moment, and saw the policeman wearing sunglasses who had been beaten by them in the hotel this morning, but he saw that the kid still had bruises on his cheeks. While walking towards this side, they talked to the other four police officers in uniforms beside them.

And what about Li Tian and the two White Dragons? At this moment, he can only move his head over there.

"Two... Two gentlemen... How did you leave?" At this moment, the little nurse found Li Tian and White Dragon who had left and shouted.

Just as she exited, the policemen came over, but they seemed to not be able to see the little nurse's words.

"Hey, how can Director Liu's illness get better?"

"It's been almost two months now, so I can't keep relying on drugs like this..." said one of the policemen frowning there.

"How can there be any way?"

"Fuck, I can't find a suitable kidney, who the **** can do anything." Just listen to the other policeman in front of you.

"The **** **** took our money and haven't delivered fresh kidneys. What the **** is he doing?" one of them said angrily.

"I don't know, but I heard that several have been done, but the size of the kidney is not the same model as Director Liu's, so it can't be used at all."

"A bunch of bastards! This can't be done well."

"There are so many people in the world... kill a few and it will be over." One of them said fiercely there.

"Hey, who knows what the butcher is doing."

"But Director Liu doesn't need to worry too much now, after all, it can be maintained by medicine..."

"Ah That's good!"

"If something happens to our Liu Bureau... Nima's, why will we stay in Beiliao City in the future... You say no?"

...

The policemen were talking and walking towards the door.

After several policemen arrived at the gate of the hospital, Li Tian and Hao Long suddenly appeared behind them.

There is no doubt that the content of their conversation just now, this Li Tian and that White Dragon were all heard in their ears.

The two of them looked very ugly now, without saying a word, and turned and walked towards the empty corridor over there.

"Did you hear what those ***** said?"

"I heard it!" Opteron said coldly.

"It's them... it turns out it's them... and their chief." Li Tian suddenly said with a brutal murderous intent in his eyes.

"It looks like it should be their leader!"

"No wonder there are so many police officers in this hospital... It turns out that their chief is in the hospital."

"Now I finally understand why those people are so afraid of the so-called Boss Liu, and work for him so much... It turns out that Boss Liu is the police, procuratorate, and chief of Beiliao City!"

After Li Tian learned the truth in shock, his heart was full of hatred and anger.

At the beginning, he thought that the so-called Boss Liu was a figure in the underworld of Beiliao City, but now that he knew that Boss Liu turned out to be the chief of the people's public servants, he wished to find the ***** immediately and kill him himself. he.

After Li Tian stayed in the corridor for a minute, they only heard Li Tiandao say: "I'm going to find that bastard."

"But... I guess there should be someone guarding the door." Opteron said.

"I can't control so much... If I don't kill this person, I will be unwilling in my whole life."

After Li Tian spit out these words angrily, then he walked forward with strides, and the Opteron couldn't persuade him, so he could only follow closely.

After asking a doctor wearing a white coat, they found out that Director Liu lived in the intensive care unit on the third floor.

At this time, Li Tian walked towards the third floor.

After they reached the position on the third floor, there were many people in the corridor, including doctors in white coats, nurses, and people who came and went to see the doctor.

While in the intensive care unit in front, I saw a few policemen standing there motionless.

Obviously the so-called Director Liu should live there.

Looking at the policemen with guns in their arms at the door, Li Tian hesitated for a moment, and did not choose to go directly, but went to the side and quieted.

"How are you going to do it?" Hao Long glanced at Li Tiandao and said.

"Is it head-on?" Opteron asked again.

Head-to-head, Li Tian and Hao Long will not be afraid of anyone, the few guards over there.

Even if they had guns in their hands, they couldn't be Li Tian's opponents and White Dragon's opponents.

But don't forget, Li Tian and the others can't make a fuss in this hospital...Moreover, there are a lot of police downstairs...If there is a lot of noise, they will definitely meet in Beiliao City for a while. Uneasy.

After Li Tian thought for a while, suddenly his eyes fell on the doctor who was wearing a white coat.

Then he thought, "I have a solution."

After Li Tian said so happily, the White Dragon was startled: "What can be done?"

Li Tian didn't tell him directly, but walked over there quickly.

I saw a doctor over there walking towards the bathroom, and Li Tian hurriedly followed.

When Opteron saw the situation, he immediately understood what Li Tian was going to do.

However, he said that after Li Tian went into the toilet with the doctor in the white coat, he heard a muffled sound from the toilet soon... Then he heard another plop, and then he saw this meeting. Li Tian walked out of the toilet in a white coat, but where is the other doctor in the toilet? At this moment, she fainted naked to the ground.

After Li Tian changed his clothes quickly, he whispered to the white dragon next to him, "I'll go in, and you will guard me outside."

The Opteron nodded.

"Li Tian, promise me one thing..." White Dragon suddenly grabbed Li Tian's arm and said.

Chapter 1155: Kill you

Li Tian was startled and asked, "What's the matter?"

"Don't kill innocent people randomly... You have to know that your cruel killings can't solve everything." Hao Long persuaded Li Tian there.

In the past few days, to tell the truth, Li Tian's temperament had already changed drastically. He became cruel and bloodthirsty, killing people without blinking, and the Opteron looked deeply into all this.

From the corpses all over the motel and the inhuman performance of these people, the most cruel and poisonous part of Li Tian's heart has been completely inspired. Now his heart of killing is better than anyone else. They are all heavy, so the Opteron at this meeting was there to remind Li Tian.

But there was a strange smile on Li Tian's mouth.

"Senior Hao, let me tell you the truth. I have lived for so many years. Only now have I realized that only when a person becomes a real evil person, those so-called bad people will be afraid of you... they will fear you!"

"I want to be a villain, a villain who is afraid of seeing others." With this weird smile, Li Tian shook off that Opteron's arm and walked towards the intensive care unit in front.

What about Opteron? Looking at the back of Li Tian with a weird smile, the whole person was stunned.

In his mind, he recalled the wicked person Li Tian said just now... he suddenly shook his whole body.

He seems to have seen Li Tian's journey from now on... It was a **** journey of killing... It was his journey as a scary devil.

After a deep sigh, the Hao Long in front of him interrupted the thought in his mind, and then stood there quietly, guarding inside.

After Li Tian got on the ship in the white lab coat, he turned into a doctor, and then he didn't know where he found a tray with needles and medicines... step by step. Walked toward the intensive care unit guarded by several police officers over there.

After arriving at the door of the intensive care unit, a few policemen at the door stopped Li Tian.

"Hey, what are you doing?" one of the guys asked Li Tian.

Li Tian said slightly in that: "Change the patient's dressing..."

"Didn't it have been changed just now? Why do you want to change again?" The other one frowned and said.

Li Tianwan didn't expect that a doctor had actually come here to change the medicine. At this moment, after hearing this thing say this, he immediately said, "This is another kind of nutrient potion... after being injected into the human body, It is of great benefit to the patient, so the director of our hospital specifically urged me to change the patient."

"Oh, it turned out to be like this..."

"Okay, then you go in." Just listen to the policeman at the door saying there.

After all, Li Tian is now wearing a doctor's costume, and the guard at the door will not pay attention to Li Tian even if he is alert.

So Li Tian steadily opened the door of the intensive care unit in front of him and walked in.

After walking in, a pungent smell of medicine came to his nose.

But seeing Li Tian walked in, he backhanded the door lightly locked, and then walked over here with the white tray in front of him.

There is a hospital bed here, and on the hospital bed lies a man with needle all over his body...

The man looks 4050 years old, looks rich and bloated, and is lying there quietly to rest.

The heartbeat next to it is still ringing there...

After Li Tian glanced at the man on the bed in front of him, he slowly put his forehead tray on the table, and then approached the patient like a **** of death.

The man lying on the hospital bed is still wearing a respirator...

Don't know if it was because of being awakened by the cold air on Li Tian? It was because he suddenly woke up, the man at this meeting suddenly opened his eyes and saw Li Tian, who was motionless in front of him.

From his eyes, Li Tianneng could see a little surprise.

Then his mouth moved, as if to say something... But because he was wearing a respirator on his mouth, Li Tian could not hear him.

But what about Li Tian? But then he stretched out his hand and slowly uncovered the respirator from his mouth...

"You...you...who are you...?" Suddenly the man stared at Li Tian and asked Li Tian with difficulty breathing.

"You...you...not a doctor..."

He seemed to feel that Li Tian was not a doctor the moment Li Tian came in.

Li Tian smiled.

"You are right... mine is not a doctor."

The middle-aged man's eyes widened at the moment: "Then...then you...who are you...?"

"I am the one who came to kill you!" Li Tian continued to say flatly.

"You're the Director Liu...that's the boss Liu, right?" Li Tian asked, standing in front of him, looking at him.

The middle-aged man seemed to be very angry, his eyes widened. Although he had difficulty breathing, he still spit out a word there: "You are looking for death..."

"You know my name...you can't get out of here..."

"The people waiting for me are here... I will make you die hard." The "Boss Liu" finally admitted his identity.

After Li Tian finally found the worst villain, his face slowly narrowed his smile.

"Do you know? I have been looking for you since the motel... Do you know why I want to find you sooner? I just want to see... What kind of virtue do you have? A face with a human face and an animal heart?"

"I finally saw it now... I saw you."

"Guess how I would kill you?"

"How do you seek justice for the innocent people you killed...?" Li Tian looked at the boss Liu before him and said.

The boss Liu's eyes widened when Li Tian was talking about the motel and when he was about to kill him.

"Dare you kill me?"

"Do you know who I am..."

"Do you know what I can do..."

Li Tian smiled slightly and said, "I know, of course I know."

"You are an out-and-out animal, a beast... You are a **** * who cares about life." Li Tian said angrily.

"For your humble life, so many innocent people were killed on the highway... and the internal organs of their bodies were dug out... You said, how should you die?" As Li Tian said. After that, I saw that Li Tian had a sharp and bright scalpel in his hand at this moment.

The scalpel exudes a terrifying cold light, looking in the eyes of that boss...

fear!

For the first time, Boss Liu had unprecedented fear in his eyes.

Chapter 1156: Horrible death

What he feared was not the cold scalpel in front of him, but the breath of death emanating from Li Tian.

The breath seemed to have dragged him into the darkest hell.

"What do you want..." Suddenly the boss Liu stared at Li Tiandao with wide eyes with difficulty breathing.

His body moved slightly, and his whole face became paler and paler.

But what about Li Tian? He smiled, so strange.

"you guess....."

Then Li Tian walked towards the "Boss Liu" step by step with the sharp scalpel in his hand.

Boss Liu's eyes widened violently, and his whole body was trembling.

"No...no...don't..."

In the end, the screaming sound could not be called out, it could only be stuck in his throat, and the whole mouth was tightly covered by a cold hand.

The extremely sharp scalpel in his hand moved... and then cut it towards his body with one cut! !

Kill.

The cruelest way to die!

Li Tian didn't know how to solve the "Boss Liu" in front of him. He just stayed in the ward for ten minutes, then put on the white coat and gently opened the door of the ward before him. , And then walked out.

When they walked out, the policeman guarding the door took a look at Li Tian.

"Why is this dressing change so long?"

"How is our Director Liu now?" He only heard the other one ask.

Li Tian smiled and said, "Don't worry, your director's situation is very good now..."

"Oh, thank you, doctor." The guarding staff also said thank you to Li Tian.

After this meeting, Li Tian nodded, and then walked over here.

When Hao Long saw Li Tian coming over, the two of them exchanged glances. Then they saw Li Tian quickly reach the bathroom, then changed his clothes, and then followed Hao Long to the hospital downstairs. Go.

Just when Li Tian and the others arrived downstairs in the hospital, suddenly there was an exclamation from the third floor.

"Something happened to Liu Ju..."

"Ju Liu was killed!"

...

All of a sudden, the exclamation sounded throughout the hospital.

Then I saw one of the police men on the 3rd floor hurriedly shouted in surprise: "Close the door...Close the door...No one is allowed to let it go. The gangster is definitely still in the hospital."

As the voice shouted, more than a dozen men rushed in here, and then the police guarding the gate began to quickly close the gate of the hospital.

And there are many policemen walking towards the room where the accident happened.

After the police rushed to the intensive care unit, my God, they saw a terrible scene in their eyes.

The white hospital bed was all red blood at the moment... the **** red stained the entire bed.

Looking at the "Boss Liu" lying on the bed, his pupils were violently open. Those eyeballs seemed to protrude, and the eyes were covered with bloodshot eyes. The whole face was already purple and blue, and he died There.

And on his body, there were **** bloodstains with a blade, each of which was very deep and bloody. On his legs, hands, or arms, almost no skin was intact.

dead!

It's so terrible to die.

When these policemen ran in, they were completely astonished.

Gosh!

who? Who on earth did it? So cruel, murder with such a vicious means? He clearly tortured that Boss Liu to death.

"Catch that bastard!"

"Be sure to catch that bastard."

"Start searching for me... Search for all of the entire hospital." With a roar, but seeing the policemen, they pulled out the guns from their waists, and then started searching the whole building.

"I remember, it must be him, it must be the **** doctor just now!" Suddenly, he just heard the guy who was guarding the hospital door just now remembered.

"Yes, it must be him!"

"It must be that bastard."

After these people knew the truth, they then began to question the doctors in white coats one by one.

And the entire hospital was suddenly in a panic.

The door of the hospital has been tightly closed, and two police officers with guns are still guarding at the door.

But in the unobtrusive corner on the right, Li Tian and Hao Long were hiding there.

The entire hospital has been thoroughly searched by the police.

Looking at the environment in front of him, Li Tian glanced at the gate. He knew that it would be impossible to get out of the front entrance of the hospital now.

After taking a look at the entire hospital environment, Li Tian whispered: "Go to the second floor."

Then he quickly ran towards the second floor, and the white dragon behind him also followed.

After arriving on the second floor, I first saw a policeman standing on the left side, searching the wards from there.

Li Tian cast a wink at Opteron, and Opteron knew what it meant right away, without saying anything, he strode towards the policeman.

The policeman heard the footsteps and just turned his head. Before he could see the shadow of the person in front of him clearly, he felt a pain in the back of his head, then his eyes went dark, and he passed out.

After knocking down the policeman, Li Tian and Hao Long quickly reached the corridor on the second floor.

I looked at the surrounding environment and the noisy sounds downstairs.

Li Tian finally cast his eyes on the glass window over there, and that Opteron turned his eyes and looked over.

"It seems we can only get out from here." Li Tian said with a smile looking at the white dragon.

Opteron nodded silently, and said, "It's okay."

Then the two quickly walked towards the glass window.

Are they going to jump out of the window on the second floor?

Yes!

Now it seems that there is only one way.

After seeing Li Tian bang the heavy glass with his feet, then he saw the broken glass fell on the ground and made a crisp sound.

When the people on the first floor below heard the sound of the broken glass on the second floor, they were stunned.

"There is movement on the second floor..."

"Quickly, go up and have a look."

"You come with me."

Then at this meeting, I heard the voices of the police rushing towards the second floor.

This will only see Li Tian and Opteron standing at the window, and then Li Tian smiled and looked at the Opteron in front of him and said, "You jump first? Or should I jump first?"

"You go first," said the white dragon.

Li Tian nodded, without hesitation, his body jumped directly from the second floor, the height of the first floor, after Li Tian jumped down, and then his body dived, rolled, and then It fell sharply to the ground.

But at this time, I saw that Opteron also jumped down from the second floor like a Dapeng.

"They are there..."

Chapter 1157: Frontier Land

"Chasing them..." At this time, the police on the second floor who had rushed over had already seen Li Tian and them.

Li Tian and Opteron didn't hesitate at all, turned around and ran to the brothers quickly.

Tang Xiaolong and Duguxie, they also saw Li Tian and Haolong at this moment, shouting from here: "Little boss, here..."

Li Tian and Opteron then quickly ran over.

After the two of them ran over, Na Aqiu had already driven the off-road jeep out.

"Quick, get in the car."

Li Tian and his brothers quickly opened the door, and then jumped up one by one...Then the car hummed as it started, and the car sprinted towards the distance.

In the dark, he saw that Aqiu was driving the off-road jeep on the highway like flying.

Li Tian and the brothers were sitting there in the car. After this unusual day, the brothers can finally stay calmly for a while.

Tang Xiaolong asked, "Little boss, have you found that ***** boss Liu?"

Because Tang Xiaolong was outside the hospital with the ghost servants and Duguxie, he didn't know the situation inside that hospital, even who was "Boss Liu"? None of them knew.

So Tang Xiaolong at this meeting couldn't help but ask Li Tian.

But seeing Li Tian, he told the brothers in front of everything in the hospital.

When the brothers heard that the so-called "Boss Liu" turned out to be the police station, they were all at a loss! ,

"It turned out to be a director... Nima!"

"So it's like this..."

"No wonder, the surname Liu is so powerful, so vicious!" Tang Xiaolong said in shock.

"Yes, I was really surprised when I knew the truth."

"It seems that this city is really hopeless." The brothers here sighed.

Tang Xiaolong thought for a while and said: "The little boss, have you killed that bastard?"

Li Tian smiled slightly, and did not answer his words.

Tang Xiaolong didn't understand what Li Tian's smile meant. Not only was he slightly depressed, he then looked at the Opteron over there.

"Brother Hao...Is that ***** dead?"

After hearing Tang Xiaolong's question, White Dragon nodded seriously.

"Dead." The cold words came out of his mouth.

After hearing the news of the death of the worst man, Boss Liu, the brothers were all happy.

They want to ask Li Tian, how did that boss Liu kill? But Li Tian never told them.

Except for the eyewitnesses in the hospital, it is estimated that no one knows what cruel method Li Tian used to kill the boss Liu.

Boss Liu is dead!

His death may be the most terrifying death that the police saw.

Those police officers still couldn't understand what kind of person was so cruel and cruel to kill their chief.

After the car moved forward along the way, I just listened to A Qiu in the car asking at this moment:

"My God, shall we go back to the hotel now?"

"No!" A word came out of Li Tian's mouth.

Na Qiu asked in a daze, "Where shall we go instead of going back to the hotel?"

Li Tiandao: "I won't go back... just go, leave this city, leave this place."

"what?"

"Not back to the hotel? Leave here?" Tang Xiaolong asked in surprise.

Li Tian nodded here and said, "Yes."

"Now the people who should be killed have all been killed. If we continue to stay here, it will only increase unnecessary trouble, so let's leave here." Li Tian said at last.

After Li Tianxia made such a decision, the brothers around him didn't say much.

After all, they are already making a big noise in Beiliao City, not to mention killing three people, and the most important thing is that the identity of the deceased has a lot of background. , If Li Tian and the others do not leave Beiliao City, I am afraid it will be more troublesome in the future.

So after such a decision, Na Aqiu turned his car, and the off-road vehicle that was sprinting toward the hotel changed its direction. Then, when he stepped on the accelerator, the off-road vehicle made a roar and began to head towards the outskirts of Beiliao City. Go in the direction.

Beiliao City, a completely depraved city, left after Li Tian and the others had a big uproar.

What will this city look like in the future? How evil will it become? No one knows, including Li Tian and others,

After all, this city is not Li Tian's destination, Li Tian and his brothers are just a passer-by for Beiliao City.

So even if they are concerned about the safety of the city in the future, they have no choice but to leave far away at this moment.

After the car drove all the way to the outskirts of Beiliao City, they gradually began to move away from the city.

The legendary dark city is still far, far away.

Li Tian and the others just arrived at the first place, Beiliao City, so the second place they are going to is the frontier fortress.

On the far road, but the off-road vehicle that saw Li Tian and the others was driving fast forward.

That Tang Xiaolong was sitting on one side, playing with the map in his hand with one hand, while blinking his eyes and looking at the endless wasteland outside the car window.

"The frontier place..."

"The land here seems to be very difficult to find," he said while pointing his finger at the map.

Li Tian, the ghost servant and the others over there sat quietly in the car, without speaking or speaking.

Li Tian just looked at the sand dunes outside the car window, looking confused, no one knew what he was thinking at the moment.

"In the past, we should have gone deep into the desert, right?" Li Tian said suddenly, looking at the endless wilderness ahead.

Duguxie beside him nodded there.

"should be."

"I heard the guy called the old ghost tell me that as long as you reach the desert, you should be very close to the dark city." Li Tian thought.

Duguxie said: "I hope that guy made no mistake."

Ah Qiu drove the car, and after driving for an hour or two, he finally reached the endless desert hill.

Facing the vast expanse of desert, an unprecedented state of emptiness emerged from the depths of their hearts.

On the vast wilderness, looking down at Li Tian and others from above, they are as small as ants.

Li Tian motioned to Aqiu to stop the car, and then took the brothers out of the car one by one.

Standing among the sand dunes and looking at the road ahead, Li Tian was not only a little depressed.

The sand dunes in front are large or small, more or less, and if you pass by a car, it will definitely be choking. After all, the wind and sand are too deep.

Chapter 1158: Conquer the desert

"This is the desert." Li Tian said with a sigh.

Tang Xiaolong looked at the boundless huge desert and said depressedly: "Little boss, we have no direction, no map... how can we go next?"

"Besides, our car may not be able to go."

He was telling the truth, the car could no longer move forward and could only stop here.

To be honest, Li Tian is also very depressed now.

Where is the "frontier land"? What direction? For Li Tian, he really didn't know much.

He only remembered that the old ghost who told him the route said: If you keep going west, you will reach the place of the fortress, and then go to the place of the fortress and you will be able to see the dark city.

After thinking about it, Li Tian glanced at the endless desert and said: "Go slowly...I hope we can find the frontier fortress luckily."

"Crossing into this desert?" Xiaolong said with wide eyes.

Li Tian smiled and said, "Why: Are you scared?"

"Fear of the ball! What the little boss dares to do, Tang Xiaolong, I absolutely dare to do." He said that he laughed.

After Li Tianxia made this decision, the brothers did not say too much.

In this endless desert, is this the right approach? Or is it wrong? I'm afraid I won't know until the end.

After they made this decision, they took out the necessary supplies of life from the car, and then prepared to start conquering this endless desert.

After the brothers took out all the things in the car, they began to march towards the vast desert.

They didn't think too much, they only hoped to find the place of the fortress as soon as possible after entering the desert, but they never thought that they would almost die in the desert.

Stepping on the deep sand nest, just one word: tired.

But fortunately, the physical stamina of the brothers is all first-class, so it is not too slow to walk.

They took their luggage and walked alone in the desert like a goshawk.

The scorching sun was there, and Li Tian and Du Guxie had left salty sweat on their cheeks.

The temperature in this desert is really high enough. Every time you walk a distance, the brothers have to stop and take a good rest, then drink some water to replenish the overdrawn body, and then continue to walk forward.

When they are hungry, they simply eat something.

In the endless desert, it's hard to imagine that Li Tian and the others can really find a place over there?

Walked on foot for a day.

In one day, Li Tian and the others walked a dozen miles in the desert like this.

In the vast wilderness, only a little spark of fire can be seen rising from the desert.

That is Li Tian and brothers.

But seeing the brothers sitting together, there was a bonfire in the middle.

They stayed there one by one with ugly faces.

"Mother, that frontier place is really hard to find!" Tang Xiaolong complained there.

He was exhausted all day, and the shoes were filled with sand at the moment, and blood blisters were worn out on one foot. At this moment, he was taking off his feet on the other side while muttering in that mouth.

The Duguxie here, the ghost servant, and Ah Qiu stayed aside, and the white dragon walked there quietly.

Only Li Tian raised his eyes and looked at the firmament in the black night sky.

While he was quietly looking at the sky and thinking about his thoughts, that Duguxie walked over slowly.

"Young Master." Duguxie whispered.

Li Tian heard the sound, then slowly turned his head and glanced at Duguxie.

"I want to talk to you." A word came out of Du Guxie's mouth.

Li Tian didn't expect that Duguxie would want to talk to him, so he smiled, then nodded and agreed.

"What are you talking about?"

"Young Master, our food and water, I'm afraid it won't last long." I heard Duguxie suddenly said.

"From the current state of view, the supplies we are carrying can only last for two more days. Two days later, we may not have food anymore." Du Guxie said a very serious problem.

To be honest, the frontier fortress is so hard to find, which was beyond Li Tian and the others' expectations.

So they didn't bring too many supplies... Now Li Tian and the others have abandoned their car and entered the desert on foot. They had already broken their original plan. After entering the desert, they found such suffering. .

Such a difficult trek, if there is no sufficient food and water, it will definitely not last.

Although each of them is a super master, although each of them is a powerful character, what can they do in the face of this vast desert?

After such a serious problem was placed in front of Li Tian, Li Tian frowned.

He deeply understood that if there is no water and food as a supplement, they will definitely not be able to get out of this desert.

Don't talk about looking for a place over there at that time, I'm afraid it's not certain whether they can get out of this desert alive.

"Our water and food can only last for two days?" Li Tian asked, looking at Duguxie.

Duguxie nodded with an ugly expression.

"Furthermore, it is only when everyone drinks less and eats less before they can last for two days." Du Guxie said cautiously.

Li Tian had a headache now, he raised his eyes and looked at the desert in the distance.

what should I do?

"Young Master, there are two steps to go now. One step is to move forward and continue to look for the place of the jam. The other step is to retreat... Let's leave this terrible desert as soon as possible, and then wait until we retreat and make all preparations. When it's time, let's do it again..." Duguxie said what was in her heart.

Two roads were placed in front of Li Tian.

One goes in, one goes back.

How should Li Tian choose?

"Now we have leftover water and food. If we quit this desert, there shouldn't be any major problems... But if we don't retreat, if we walk for another day, I'm afraid it will be troublesome." Duguxie will face a severe situation. Said it again.

Li Tian was thinking there with a calm face.

How should he decide?

Do you risk your death and continue walking forward? Or retreat to this terrible desert?

Finally, after Li Tian thought about it, he raised his eyes: "Well, I'll listen to you, let's withdraw to this desert tomorrow."

Although Li Tian was slightly unwilling in his heart, what could he do in such an environment?

There is an endless desert hill in front of them. At this moment, they have insufficient water and food. What if they really can't get out of this desert at that time? In the endless desert, it is estimated that they will all die here...so Li Tian did not dare to take this risk.

Chapter 1159: Encounter wind and sand

After Li Tian said this, Duguxie was still quite surprised. After all, Li Tian was not afraid of heaven and earth before.

But this time for the safety of the brothers, Li Tian must think more about the brothers.

After making this decision, Li Tian walked over and told all the thoughts he had just now to Tang Xiaolong and White Dragon who were beside the bonfire.

"Huh? Are we going back?"

"Is there not enough water and food?"

"Yes, water and food can only barely last two days."

"If we can't find the place over there in the middle of two days, it's tantamount to being trapped alive in this vast desert," Duguxie said.

After hearing Duguxie say so, the brothers were silent.

No one is a fool.

So staying in this savage land, what is it not to seek death?

Moreover, food and water are not sufficient at all.

After they thought about it, they finally decided.

"Okay, let's exit this terrible desert tomorrow morning." Just listen to the brothers.

After this decision, they began to rest.

In this desert, the sandy ground that has been tanned by the sun during the day is quite warm, but the temperature of the desert at night is very different from the daytime temperature. Although they have a campfire around them, they are still faint. It feels chilly.

Li Tian just lay on the sand and rested slowly.

The weather in this desert is fickle. The weather was good just now, and a huge sandstorm blew up in a short while.

The strong wind blew dust and sand everywhere, all rushing towards the brothers...

Almost all of their clothes, bodies, and hair are covered with fine sand.

After the wind and sand blow, Li Tian and the others are depressed.

This is how to do? In such a barren place, there is no place to hide, and there is no way to hide. I can only cover the whole head with clothes as much as possible to prevent the wind and sand from blowing into my nose and mouth.

"What's going on? Little boss...what the hell, why is there such a big sand blowing all of a sudden?" Tang Xiaolong, who covered his entire head with clothes over there, faced Li Tian in the whirring wind. Shouted.

Li Tian also covered his head with his clothes, and said in that mouth: "I don't know..."

"The desert weather is changeable...I don't know what happened."

They had never seen such a big wind and sand, so they could only squat on the ground, then covered their faces with clothes and curled up their entire bodies.

The whirring wind and sand hit the sky.

"It's not good... the wind is getting stronger and stronger." The ghost servant over there suddenly said.

Sand flying in the sky in the biting cold wind has completely blocked their sight. As long as their eyes are opened slightly, sand will get into the eyes immediately.

Li Tian also felt that the wind seemed to be getting stronger.

And the temperature is getting lower and lower.

This is how to do? In the past there were ways to deal with Li Tian, but now facing this sinister nature? What can he do?

"Everyone get together... hold hands, don't be blown away by the wind and sand." Just listen to Li Tian screaming in the wind covering his mouth.

After the brothers heard the sound, they hurriedly gathered.

The whirring wind caused them to lean back, but they finally got together.

"Take me, Xiaolong..." Li Tian said to Tang Xiaolong.

Then Tang Xiaolong hurriedly took Li Tian's arm tightly...then the six of them stubbornly pulled each other, and then sat around, resisting the wind and sand.

"No! Our water, and food..." Tang Xiaolong screamed abruptly and said amidst the flying sand in the sky. Just when his mouth opened, a mouthful of sand was put into his mouth.

But seeing that the huge wind and sand had indeed blown Li Tian and his only little food to the distance.

The only food, with water!

Of course Li Tian couldn't be blown away by the wind and sand.

So he just yelled out and said: "You are here waiting for me... I will get our water and food."

The words had just fallen, but seeing Duguxie and the ghost servants all called out at the same time: "Young Master..."

"Be careful." Duguxie cried out,

But what about Li Tian? He has released his hand, and the whole person has already greeted the wind and sand.

The bag that was blown away contained water and food.

Although these foods and drinks are few, it is considered a luxury for Li Tian in the desert. If their food is swept away by the wind and sand like this, then it will be really troublesome.

After Li Tian ran towards this side, he hurried to grab the bag, and the whirring wind blew the bag on the sandy surface and rolled into the distance.

Li Tianshen kicked and stepped on the sand, then went to find the bag of food.

He couldn't open his eyes, because the sand was flying all over the sky, and if one didn't fix it, the sand would get into his eyes, so he could only squint to find it. The wind and sand in the sky hit his

face, finally he Out of the corner of his eyes, he caught a glimpse of the bag over there, and ran to reach out to grab it, but a gust of wind rolled in...with a whirr, the bag was swept away again.

Just when Li Tian was about to look for the bag, he suddenly heard Tang Xiaolong's cry in the gale behind him.

"Young Master...it's not good...a bigger sandstorm is coming."

Li Tian was taken aback, and looked back, my God, but saw a large piece of black sand rolling towards this side, the speed is unusually fast, and very violent.

Li Tian no longer cares about those food and water.

Because if he were to go there now, he would probably be blown away by the wind and sand, blowing away from his brothers.

Li Tian, who was heartbroken, had no choice but to give up the water and food, and then quickly ran towards his brothers.

"Take my hand! Hold on tightly..."

"Even if the wind and sand are big, we can't let go, understand? Otherwise, we won't be able to live alone today." Li Tian roared there.

The brothers were nodding their heads there, so they held hands firmly.

The black misty wind and sand hurriedly rolled over here, and the blown sand rushed towards their bodies...

The brothers' feet were already deep in the middle of the sand, and their hands were tightly gripping their companions. The violent wind shook their bodies continuously.

The sky has been filled with wind and sand, and it is so dark that nothing can be seen at this moment.

They held hands tightly just like that, and withstood the slap of the wind and sand... they pulled each other tightly.

Chapter 1160: Alive

The wind continues to blow.

The sand was slapping their bodies in the same way.

I don't know how long this violent sandstorm lasted, and finally began to slowly dissipate.

The wind gradually stopped, and the flying sand began to fall to the ground.

The endless desert returned to calm again.

And does Li Tian still have brothers?

At a glance... they seem to have disappeared, as if they were submerged by the huge sand.

People?

Indeed, Li Tian and his brothers were not seen in the endless desert.

I was in doubt, but suddenly I saw the sand pile over there, and suddenly shouted, and then saw a figure suddenly burst out of the sand pile...

The body rushed to a distance of two meters, and then fell to the sand with a plop.

He is not someone else, it is the Duguxie

He turned out to leap out from under the sand! ! !

After Duguxie broke out of the sand all at once, his face, hair, and clothes were covered with sand.

At the same time, he was still breathing heavily.

But he didn't care so much, but suddenly ran towards the sandy place that had just jumped out.

"Young Master...Ghost Servant..."

Brothers and Li Tian were also submerged in the sand?

Yes!

Yesterday's sandstorm was too big, and the violent sandstorm had completely covered their bodies. The Duguxie just used all the energy of his body, and then broke through the sand. After this, he was shocked quickly. Call your brothers.

Just when his voice yelled out, boom, boom...

There were two more explosions, and then two figures were seen breaking out of the deep sand.

Opteron, and the ghost servant.

After the two of them rushed out of the sand, they also fell on the surface of the sand. After breathing for a while, it was considered stable.

When Du Guxie saw that the ghost servant and the Opteron came out of the sand, not only was he more worried about Li Tian, but also Tang Xiaolong and Na Aqiu.

"Where are the young masters and the dragons?"

"Still in the sand!"

"Quickly get them out."

You must know that they were almost suffocated to death under the sand pile just now. Fortunately, they were so powerful that they broke through the sand one by one.

But Tang Xiaolong, A Qiu, and Li Tian are still in the sand now! What will happen to them? This is what Duguxie, the ghost servant and the white dragon around him worry most.

At this time, they seemed to be crazy. They went to pick the sand next to it with both hands, while they were picking the sand with both hands while still shouting loudly: "Young Master...Young Master..."

"Little Dragon!"

Just as they were picking up the sand, the sand piles beside them suddenly opened up violently.

Then I saw an arrogant roar, but saw three figures bursting out of the sand.

Looking closely, I saw that Li Tian was in the middle of the three figures. One of his hands was holding Tang Xiaolong, and the other hand was holding Ah Qiu beside him... He straightened out of the sand. Breaking out of the cocoon, and then rushing to a distance of three meters... With a thump, the three of them fell into the sand at the same time!

Gosh! Li Tian actually grabbed Tang Xiaolong in one hand and Na Qiu in the other, dragging the two of them out of the sand.

"Young Master!" This will see that after Li Tian breaks through the sand, Duguxie and the ghost servant, and the white dragon rushes towards Li Tian.

But seeing Li Tian was covered with sand and his hair, his face was a little pale, panting there.

"Young Master, are you okay?" Du Guxie hurried over and asked concerned.

But seeing Li Tian took a deep breath, then shook the sand on his head vigorously...weakly said, "It's okay..."

They were relieved when they heard Li Tian said that he was all right.

Tang Xiaolong and Ah Qiu over there slowly got up, and their stamina was almost overdrawn to the limit. They were sitting there at the moment, slapping the sand on their bodies.

Li Tian would feel sore all over this time... He just wanted to lie down and take a good rest... As soon as he tilted his body, he lay on the sand pile.

Escape from the dead! It's an honor.

After all, in this ruthless desert, no one knows what will happen.

The scorching sun slowly rose.

After the blizzard of last night, the brothers, everyone seemed a little weak at the moment, and they all lay quietly there to recover.

At this moment, Tang Xiaolong, who was lying quietly there, turned over slightly, and then asked Li Tian, "Little boss...what should we do now?"

"There is no food and water..."

Listening to Tang Xiaolong's words, Li Tian straightened up slowly, then glanced at the endless desert.

He was also depressed, and he didn't know what to do.

"Let's leave this place soon... after we are fully prepared next time, come here again." Li Tiandao.

Yes, now they have recovered a life from the brink of death.

If you still go forward stupidly, it will undoubtedly be lifeless, so the wisest choice now is to go back...leave here.

The Duguxie, Ghost Servant, and Opteron over there didn't have any opinion, and then slapped the sand on his body and stood up.

"Let's go, let's go back..."

Duguxie said, and they were ready to go back.

"Not good... not good..." Suddenly the ghost servant over there exclaimed in surprise.

Li Tian, who had just stood up and prepared to go back, heard the ghost servant scream, and they all turned their heads in surprise and looked at the ghost servant.

"what happened?"

"Ghost servant, what happened?" Du Guxie also turned to look at the ghost servant and asked.

But seeing the ghost servant suddenly sat up from the ground, and then said with wide eyes:

"Second brother...our compass has fallen!"

compass?

Yes, when they came, they had a compass in their bag to identify the direction.

But now? The compass, food, and water were originally contained in that bag... Now they have been swept away by the strong wind. Of course, you won't find the compass again in the boundless desert.

When the ghost servant said this all at once, Li Tian and Du Guxie all of a sudden shook their hearts.

Tang Xiaolong over there looked at the ghost servant with a look of disbelief and said,

"Master...that...what should I do?"

"Without a compass and no direction, how do we get back?" he said, stunned.

At this time, it was not only him, but also that Opteron's entire expression became stunned.

They all looked at Li Tian in front of them, but what about Li Tian?
