

A Killer 116

Chapter 116: Lovesickness!

After Li Tian won the boxing match, his name began to become famous in the black market boxing world.

People who like black market boxing in Kyoto nowadays, who don't know Li Tian's name, can be said to be rare.

Those underground businessmen who bet on Li Tian to win today couldn't help earning so much money in vain, and they also watched the most thrilling boxing match in history. Of course, they were all excited.

So that when Li Tian came down from the ring, several rich women-like women were busy asking Li Tian to leave him the phone.

Li Tian just smiled at these people.

He took Shen Feng and left quickly.

In the corner, a pair of gloomy eyes looked at Li Tian, with fierce and cruel eyes.

Fat guy.

"Fuck, this bastard, if you don't punch me and let others win money, I will never let you go." The fat man said fiercely.

The treacherous paparazzi on the side also looked at the back of Li Tian and Shen Feng with gloomy eyes and said to the fat man: "Yes, such an ungrateful ***** must teach him well."

"Yes, I will definitely make him regret not following me."

The fat guy said viciously and went out.

When Li Tian and Shen Feng arrived outside, they saw Master Feng and Meng Chong standing in front of the car with a smile on his face.

"Yes, yes, I really didn't read the wrong person in Fengwuguo." Feng Ye said with a smile at Li Tian and Shen Feng.

"Today's boxing match was good and beautiful."

"By the way, your name is Li Tian, isn't it?" Feng Ye suddenly looked at Li Tian and asked.

Li Tian nodded and gave a hum.

"Young man, do you know now, you are already famous, at least in the black market boxing match in Kyoto, no one does not know your name, yes, yes, really scary."

Feng Ye said while laughing.

"Master Feng, I have to tell you one thing, that is, after today's boxing match, Li Tian will not fight black market boxing anymore, and I will not fight black market boxing with anyone anymore."

When Li Tian said decisively that he would not fight the black market boxing, Feng Ye's face changed.

"Don't fight anymore?" Feng Ye asked, wondering.

Li Tian nodded decisively.

"Well, don't fight anymore."

"Do you know how valuable you are in the black market boxing competition now? Moreover, if you continue to fight the black market boxing here, your value will definitely continue to grow. After you become famous today, people who come to see the black market boxing will be More and more, the money you will make will exceed your imagination."

"You better think about it."

But Li Tian shook his head there: "No matter how much money I make, I don't want to fight anymore."

When Li Tian said so decisively, Feng Ye also smiled helplessly.

"Well, since you don't want to fight the black market boxing, I can only say that it is a loss of the black market boxing. Since you have decided to go, I will not stop you." Feng Ye said with a smile.

Li Tian nodded.

Feng Ye turned his head and winked at Meng Chong.

Meng Chong took a step forward, took out a wad of money from his pocket, and handed it to Li Tian in front of him.

At first glance, the wad of money is at least 20,000 yuan.

Looking at so much money, Li Tian, to be honest, was the first time he saw it and was taken aback.

"This is your reward today." Feng Ye said with a smile.

Li Tian was taken aback, Na Mengchong had already stuffed a wad of hundred yuan bills into Li Tian's hands.

"If you win the money, you should be cool, man, you just make money, spend money, and have a chance to play in my Yuehai Club."

When Feng Ye finished speaking, he smiled and turned around and left with a large group of people behind him.

Shen Feng and Li Tian stood there.

Li Tian held the 20,000 cash in his hand and was stunned. Of course, Li Tian, who was holding so much money in his hand for the first time in so many years, was excited.

However, Shen Feng was accustomed to look at Li Tiandao there and said: "Brother Tian, let's go, we won, our brothers have two drinks."

Li Tian was really happy at this time. He couldn't help but won the boxing match and won so much money. Of course he was excited.

"Go, drink."

The two happily walked towards the night.

Since Li Tian became famous in the black market boxing competitions, his name can be said to have swept the entire black market boxing competitions in Kyoto.

Those spectators who had seen Li Tian take action in the black market arena in the west of the city, all of them deified Li Tian, and described Li Tian to the extreme.

Most of the people who came to the black boxing match in the west of the city were high-class figures in Kyoto.

If it were not for the characters of the upper class, it would be impossible to go to the underground boxing match in the west of the city.

During the day, these brightly-dressed and well-dressed characters at the level of the chairman and the manager during the day, once it is night, they take off their hypocritical appearance and reveal their original nature. These people like to watch the most violent scenes at night, and like to watch the most. Blood and killing.

In Kyoto City, a black BenzSKL300 quickly moved towards the villa area.

Sitting in the car is a 40-year-old boss-level figure.

The glamorous brand-name dress, and the occasional platinum Rolex exposed from the middle of the wrist can all tell that this person is definitely an upper-class figure.

She had sparse and shiny black hair, and underneath was a rich face.

Sitting quietly in the car in Naan.

The car quickly arrived at the villa area, and then slowed down and stopped in front of a mansion with a combination of east and west.

Upon closer inspection, the style of this building is somewhat familiar, as if I have seen it before.

Looking at the security guard at the door again, he immediately understood after taking a look like that.

Tang family.

Yes, this is the Tang family, Tang Feifei's home in Kyoto City.

However, since the last time Li Tianyu Feifei bid farewell, Tang Feifei rarely went out during this period of time. Even at home, she locked herself in her boudoir all day long and did not go out.

Tang Zheng was deeply worried about his daughter for this, but it was a pity that his daughter seemed to hate herself and rarely talked to Tang Zheng again.

What for? Of course, Tang Zheng looked down on Li Tian before, thinking that Li Tian was just a security guard, and it was not proper to be with his daughter all day long.

That's why Li Tian was driven away and he was not allowed to be a security guard.

But Li Tian endured the pain and severed all ties with Feifei, which led to the current situation.

Since Feifei said goodbye to Li Tian last time, this girl has become unusually strong and stubborn, and she rarely contacts outsiders.

That Tang Zheng once suspected that his daughter had depression, but the facts proved that Tang Feifei did not have depression, but lovesickness.
