

A Killer 1161

Chapter 1161: Waiting to die?

What can he do? A pair of eyes looked at the desert where the sky and the earth seemed to adjoin... He was lost.

So there is no direction, no route, how can they get out of this desert?

"Fuck!"

"Then now let's say we are trapped and died here?" Tang Xiaolong sat down on the ground with a depressed butt.

The brothers did not speak, because they knew that Tang Xiaolong was telling the truth at the moment.

Silence, everyone's face showed an ominous look at this moment.

The scorching sun is still there, exposing this ruthless desert, but what about the brothers? Now there is no water, no food, no sense of direction, what should they do?

Finally after ten minutes of silence together, Li Tian stood up.

"Don't worry... we will definitely get out of this desert."

"From now on, we all must maintain our strength and walk... out of this desert." Li Tiandao.

Tang Xiaolong looked at Li Tiandao at this moment: "Little boss, but where are we going? Now the east, west, south and north are completely unclear..."

"Besides, there is no food, no drink..."

"We will definitely be trapped here alive."

"No! Look at the place where the sun now rises... Let's go in the opposite direction! The opposite direction must be the West... Where shall we continue to go!"

Li Tian said suddenly there.

Hearing what Li Tian said, the brothers suddenly understood.

"Yeah! Why am I so stupid, why didn't I remember it!" Tang Xiaolong became excited all at once.

At this time, my brothers also had a bright mind!

Yes!

The sun rises from the east. Now if they walk in the opposite direction, they must go west. When they think of this, a flame of hope suddenly grows in each of them.

"Young Master, why don't we go back?" Du Guxie over there suddenly asked.

Now the sense of direction has been resolved... Why did Li Tian go westward? Why not leave this desert at this time?

But seeing Li Tian standing there, looking at the endless desert road, he said: "The reason why I go west is because I want to reach the border fortress... I believe we should not be far from the border

fortress... but if so If you want to go back, it will take at least a day or two. Instead of spending so long going back, it's better to fight it once!"

"Although I know my thoughts are very selfish...but I have already decided so in my heart!"

"Brothers, if you want to go back, it doesn't matter, I won't stop you....." Li Tian said to the brothers there.

Li Tian actually decided to continue looking for the place of the fortress?

Are you crazy? Still desperate?

After listening to Li Tian's decision, the brothers and others hesitated.

"Young Master, have you really made up your mind?" Du Guxie looked at Li Tian and said.

After experiencing yesterday's events, Li Tian had already made all the decisions in his heart, so he nodded directly.

After seeing Li Tian nodding his head so simply, Duguxie said, "Well, since the young master has made such a decision, we have nothing else to say!"

"We're going with you." Just listen to Duguxie.

The ghost servant over there also came over and said, "Yes, we will follow you."

"We don't believe that we can't find that frontier place."

After the Duguxie and the ghost servants here have made a decision, then there is no need to say Tang Xiaolong and A Qiu, and the same is true for Qinglong.

So after they made the decision to fight, Li Tian gratefully looked at the brothers.

"Good brother." Three words came out of his mouth.

"Everyone must maintain their physical fitness from now on. We may have to go a long, long way...without water and no food supplies...I believe that although the road is very difficult, everyone will definitely go out. "Li Tian encouraged the brothers.

"Ok!"

After all of them nodded, Li Tian began to lead the way to the front.

Instead, they walked towards the sun, the sun was scorching, they just stepped on the hot sand with one foot deep and one shallow foot.

After all, this journey has no end.

The barren desert is endless.

Where is the side? Where is the shore?

go!

Keep going!

One day passed and they persisted.

During the day, they rushed as little as possible because it was too hot and tired.

At night, they rushed, because the air was relatively lower at that time, so they walked better.

Their shoes were about to break, and their entire bodies began to become overdrawn from the long journey.

His face became dry and collapsed, and Lie's lips became chapped.

Two days...

They continued to move forward.

It seems that this desert never ends.

Three days...Four days...

When it reached the fifth day, the brothers couldn't walk anymore.

It was Tang Xiaolong who fell first.

He walked at the back, with a plop, and his body suddenly fainted in the desert as if fatigued.

Li Tian, who saw Tang Xiaolong down in front of him, hurriedly exclaimed: "Xiaolong..."

Li Tian's voice has become weak. Even if he saw his brother fall, he couldn't run. He could only endure the heat and hunger, and walked over slowly to help Tang Xiaolong.

The Duguxie and the ghost servants over there also came over with difficulty at this time.

Shouted: "Little Dragon..."

But seeing Tang Xiaolong lying on the ground, his whole body lying on the hot sand, his lips were completely chapped, and his whole body exuded a salty smell.

"I... can't walk..."

"Little boss, I can't do it anymore...I really can't walk..." he said weakly while lying on the ground.

Li Tian pulled his body and shouted, "Stand up...stand up...can't fall...can't fall!"

But what about Tang Xiaolong? With his body overdrawn to the limit, he really didn't have any strength.

He shook his hand there and said, "Little boss...I'm sorry...I really don't have any strength..."

"I'm thirsty...I'm thirsty..." he said with a trembling corner of his mouth.

His eyes seemed to have been weakly opened...closed tightly there.

Li Tian sat there dejectedly...Looking at the best brother on the ground, he suddenly felt that he was wrong.

"Am I really wrong... Am I hurting my brothers?" A deep self-blame rose from Li Tian's heart.

Endless desert, who knows where they are now

There is no end, no people, just endless sand dunes!

Could it be that this time we will eventually die in this desert?

Chapter 1162: miracle

Li Tian suddenly felt despair in his heart.

Turning to look at the Duguxie and the ghost servants... all sitting on the ground paralyzed, with their heads hanging down, they obviously didn't have much strength to leave!

Five days! For five days, they hadn't drank a drop of water, hadn't eaten anything!

No matter how strong they are, they are first-class masters, but what can they do to face this endless desert?

Sit and wait for death like this?

The front is endless desert, and the back is also. What should they do?

Li Tian sat there slumped, licking his chapped lips with his tongue, and finally he compromised.

He didn't move anymore.

He has no strength...

Time passed by every minute.

The ***** of death seemed to greet them little by little, Ah Qiu was no good!

After all, Ah Qiu also fell and became unconscious and hallucinated.

Sixth day!

When time reached its limit, the brothers finally fell.

Even Duguxie was overdrawn to the limit. He was lying there, blinking weakly...At this moment, he didn't even have the strength to get up.

The ghost servants have become unconscious like their brothers.

Although the Opteron over there was still enduring it, it was reaching the limit.

"Am I going to die?"

"Am I just going to die like this?" Li Tian murmured while lying on the hot sand.

On the sixth day, in the end, the Duguxie and the fierce Opteron couldn't hold on anymore...the whole person fell into a coma.

Among the six people, Li Tian's eyes were still weakly open...but he was going to die soon.

He just supported himself with the hatred in his heart.

"I'm sorry... I'm sorry brothers... I've caused you..." Li Tian finally said blindfolded, looking at the brothers lying on the ground in despair.

One minute passed, and one hour passed.

Li Tian's eyes began to slowly appear unprecedented illusions...

It is said that when people die, they will see unexpected hallucinations in their minds, which may be the case for Li Tian now.

He seemed to have seen his favorite person in the desert, saw Situ Ningbing... saw Duanmu Ying... saw Ouyang Shiqing... the women he loved deeply, but were not around him... Then he saw a man,

a man standing with a sword, with his back facing him, with a tall figure and a majestic body, is he his father? Li Tian didn't know.

Then Li Tian heard in his mind that there seemed to be another person calling his name.

"Tian'er... Tian'er..." The voice was so beautiful, whenever he heard the name, he couldn't help but crystal tears appeared in his eyes.

"Mom...Mom!" Li Tian called in a hallucination.

But the beautiful voice calling him then began to drift away slowly...to a far, far place...

Li Tian just meditated there with hallucinations.

dead!

Death is so close!

The scorching sun, the endless desert, seemed to brutally slaughter Li Tian and his brothers.

Finally, Li Tian couldn't hold on anymore. He knew that he could not escape bad luck this time. He succumbed, closed his eyes slowly, and then fainted in the endless desert.

The scorching sun is still there, and there will be one or two circling goshawks in the sky occasionally...These goshawks seem to be waiting for the death of Li Tian and others, and then eat their flesh, and they are constantly in a coma Around the body.

I don't know how long the time has passed, only that the brothers and Li Tian were all in a coma.

Just when they were in a coma, they suddenly didn't know whether it was an illusion or a real thing, and suddenly saw a group of people walking toward this side from a distance.

The sparse silhouettes were completely invisible, only their dark shadows were coming quickly towards this side.

And it seems to be holding a camel!

When they all came over, they were all wearing weird costumes, like ethnic minority, and they also wore very weird hats on their heads.

"Kabaji Da Saskar..." One of the tall, thin men with a very long and thin finger spoke completely incomprehensible words to the other human being.

The other one seemed to be the leader of the team. He was about 50 years old. He had a goatee and glanced at the fainted Li Tian and his brothers. Then he reached out his hand and grumbled in his mouth. Said a lot of words that were completely unintelligible.

Then after he finished speaking, the other two strong men next to him picked up Li Tian and his brothers, put them on top of the camel, and walked forward slowly along the desert.

Who are these people?

How can a group of people who don't understand their clothes appear in the desert like this?

Is it a coincidence? Or because of other reasons!

Li Tian thought he was dead!

When he had that hallucination, he knew that he was getting closer and closer to death.

Although he was reluctant to die, he could not escape the cruel desert.

He was struggling with hatred, unwillingness, and all regrets in his heart.

Finally, he had a little consciousness on the Buddha's head... because he could feel a drop of cool things slowly flowing into his body!

As the cool thing that penetrated into his heart flowed into his body, his dead body finally seemed to be revitalized and began to slowly become energetic... The heart began to beating slowly, albeit with great strength. Small, small, but still can be felt.

He is alive!

Yes, the cool thing just now was water!

It is the water flowing into his body!

It turned out to be water!

Li Tian, who was in a coma, didn't know that he was dreaming? Or maybe it was his own hallucinations, he could only feel that the cool water traces were slowly flowing into his body,

And his body is also unscrupulously absorbing the cold water!

At the same time in the process of absorbing water, Li Tian seemed to hear the sound of twittering.

That voice was like speaking, but it was a pity that the speaking speed was too fast, and it was not Mandarin at all, so Li Tian couldn't understand it at all.

He was absorbing the cold water there, and then his whole body began to slowly recover.

Time passed by every minute!

I don't know how long it has passed, Li Tian finally felt that his mind began to have consciousness, and he could feel his body as if it were moving.

After Li Tian had absorbed the water, his body recovered quite quickly.

After rejuvenating this time, he slowly began to open his eyes, he wanted to see if all this was a dream... if it was true.

Chapter 1163: Who are they?

After he opened his eyes, he first saw black...darkness!

"Am I dead?" A sense of fear that had never happened before suddenly surged into Li Tian's heart.

"Is this hell?" Li Tian only felt that he was already dead.

When he felt such a terrible feeling deep in his heart, he suddenly heard a voice coming from in front of him. The voice seemed to be the voice of speaking, but he couldn't understand it!

"wrong!"

"I don't seem to be dead!" Li Tian woke up in an instant.

Then he started rubbing his eyes with his hand to see... As he raised his hand, only the sound of a rattling iron chain came from his wrist.

This time Li Tian was stunned!

Then he hurriedly reached out and touched it. With this touch, his whole body was shocked!

Gosh! There are thick thick iron chains on his two hands! And even the iron chains were fastened on the feet.

What's going on? How could he be tied with such a heavy chain on his hands for no reason?

Then Li Tian touched forward with his hand, and then he suddenly understood what was going on... It turned out that he was actually locked in a metal box... And his hands and feet were tightly locked with iron chains. With.

Li Tian, who was packed in the iron box, calmed down a bit, and now he must figure out what the situation is!

How could I be rescued for no reason? But how could the person who saved them tie them up for no reason? And can Li Tian feel that he seems to be moving now?

why? Why do these people arrest themselves?

This is the only thought in Li Tian's mind now!

Then Li Tian quickly thought of his brothers, where are the brothers? Will they also be rescued and locked up in this iron cage?

Li Tian doesn't know!

Although he has too many questions in his heart now, he still tries to calm himself down first, because he can't help it even if he is in a hurry.

He had just woke up, and he didn't have any strength. After several days of painful torture in the desert, Li Tian can still feel the soreness of his muscles!

He must adjust his state first.

So at this time, he began to slowly close his eyes, slowly gaining strength in his body, and then began to recover his martial arts and strength bit by bit.

After he started to regain his body's abilities in this way, his eyes closed.

Not knowing how long the time had passed, Li Tian finally heard incomprehensible voices resounding outside.

After the sound came to mind again, then he could feel that he, who was originally moving, suddenly became still, as if these people had stopped.

After a few minutes passed, he heard footsteps coming towards him.

When Li Tian heard the sound of footsteps coming, he quickly closed his eyes... he must pretend to be unconscious.

After he closed his eyes, he began to listen carefully to the footsteps.

The footsteps came towards him very softly.

After reaching his side, he stopped, and then Li Tian heard the jingle on the iron door, and after the iron door was opened with a creak, Li Tian suddenly shot!

The two hands that were locked with iron chains stretched out at the same time, and then immediately pinched the other's neck.

"who are you?"

"Why are you shutting me down?" a cold word suddenly came out of his mouth.

After the other party was pinched by Li Tian's neck, but with a click, a bottle of water in his hand fell to the ground and broke...

Then Li Tian felt something was wrong, because when he pinched the neck of the opponent, he felt that his skin was so smooth and tender. The first reaction made her a little dazed, and then he opened his eyes to look at it?

I saw that he actually reached out and pinched a timid woman tightly.

The woman who was pinched by his hand was full of fear and fear at the moment, a beautiful face was full of panic at the moment...A pretty face also turned pale in an instant...

And the girl was wearing a weird costume, she was looking at Li Tian with a pair of bright water-like eyes.

This time Li Tian was stunned!

He couldn't help but the hand that tightly pinched the opponent's neck began to be sent away...

"Alibado Chililu..." Suddenly, a burly man wearing the same weird clothes as a girl saw the situation here and quickly walked over... Then he stretched out his hand and pulled the pinched by Li Tian. The girl who lived, then hit Li Tian with a punch.

Li Tian did not dodge this punch!

So there will be a bang, and a fierce fist hit his cheek.

"Kaji Linen is too much!" Suddenly after the strong man punched Li Tian on the cheek... the beautiful girl over there suddenly grabbed the strong man with her hand.

Although Li Tian couldn't understand what they were saying, he could feel that the girl was helping him plead!

As the girl begged for mercy, the strong man in weird clothes spit on the ground fiercely... he threw his arm away, turned his head and pointed at Li Tian's mouth and said: Madeya! ! Madeya!

This "Madeya" seems to be a curse! After uttering these words fiercely, the strong man turned his head and walked to the side.

And what about that beautiful girl at this time? Not only did she look at Li Tian, and then she didn't say anything... I walked to one side for a while, but saw her walking over with a bottle of clear water in her hand... She seemed to be a little scared of Li Tian! After all, Li Tian just shot too fast!

After she walked over with clear water, she timidly handed the water to Li Tian.

Li Tian looked at her and handed him clear water... Then I realized that the girl didn't mean much to herself, so he said to the girl in embarrassment: "I'm sorry... just now... I'm sorry just now!"

The girl didn't know if she understood Li Tian's words, and after putting down the clear water, she hurriedly left here.

Li Tian had a headache when he mentioned the "Death Desert", so he said: "My brothers and I came here...traveling...but I didn't expect that we would encounter a windy sand halfway, and then we had luggage and food and drink, all I was swept away by the wind... and it became what it is now!"

Li Tian did not directly tell the whole girl their real purpose for coming here, but just made up a reason.

When the girl heard Li Tian's words, her eyes seemed to be a little suspicious.

"What about you? Who are you?"

"Did you kindly save me and my brothers? Since you saved us, why do you want to tie us in this iron cage?" Li Tian asked curiously, he didn't understand the truth. , Why should these people treat themselves and their brothers this way.

But seeing the girl blinked her beautiful eyes, she was silent for a while.

Then raised his beautiful eyes and looked at Li Tiandao and said, "We didn't save you!"

"what?"

"What do you mean? Didn't you rescue us from the desert?" Li Tian asked puzzledly.

But I saw the beautiful dark-skinned girl whispered: "Yes! We dragged you out from the desert...but that doesn't mean we saved you!"

Li Tian felt depressed when she heard the girl say this.

"What do you mean?"

The girl smiled.

"Fool, don't you see that these people want to sell you?" The girl said to Li Tian there.

Li Tian almost broke his egg when he heard this girl say this!

"Sell us?"

The dark girl nodded.

"No? Why do you sell us?"

The dark girl smiled softly, as if she thought Li Tian was very cute: "Of course I sell you for money."

Li Tian was immediately depressed, the first time I heard that someone wanted to sell himself? At the moment, I really can't laugh.

"Where to sell us? Why?"

"Are you human traffickers?" Li Tian looked at the girl depressedly and said.

The girl smiled softly: "They are not traffickers, but in this desert, many people call us to lead the way."

When the girl said so suddenly, Li Tian was stunned.

"Leader?" Li Tian frowned and said.

The beautiful dark-skinned girl smiled and said, "Yes."

Listening to the girl saying this, Li Tian was deeply depressed. He didn't understand what the leader meant? Do not understand why these people want to sell them?

After thinking about it, Li Tian finally couldn't help but ask: "Then they are going to sell us there?"

The dark-skinned girl said, "Buy it in the underground slave market."

"Underground slave market?" Li Tian was suddenly depressed.

"Where is the underground slave market?" Li Tian couldn't help asking again.

Just listen to the dark-skinned girl in front of her saying: "You will know then."

After speaking, the dark-skinned girl turned around, as if she didn't want to talk too much, and left after speaking.

Li Tian originally planned to ask something more, but after seeing the girl suddenly turned around, he couldn't ask any more, and he was depressed.

Sitting back in the iron cage, Li Tianxin became more and more confused.

They actually met a human trafficker and wanted to sell him and his brothers?

What happened to Nima!

And Li Tian now only knows that these people will sell them to the underground slave market. As for the underground slave market there, Li Tian still doesn't know.

Thinking of this, Li Tian was deeply depressed.

I didn't expect that I had just left the desert of death, and now I would encounter such a painful thing.

Li Tian gave a bitter smile and could only stay in the iron cage.

Looking at the surrounding environment and the iron chains clasped by his hands and feet, Li Tian knew that he seemed to have to wait... he could only be sold by this group of people!

Because the iron chain is too hard, Li Tian can't get rid of it at all, so now Li Tian only hopes that this group of people can have a fool to unlock their iron chain, as long as the iron chain on his body can be unlocked, Li Tian can calmly knock down these bastards, not to mention they have guns in their hands, even with cannons, Li Tian can leave here calmly.

Li Tian who was thinking this way could only continue to stay in the iron cage.

One night, Li Tian finally fell asleep in depression.

On the next day, when Li Tian was still asleep, he suddenly heard an incomprehensible voice coming over.

After being awakened, Li Tian then saw the people with white cloth wrapped around their heads packing up the tent they set up yesterday, seemingly ready to leave.

Li Tian took a look, then took a look at the iron cage where his brothers were staying, and found that Tang Xiaolong and Duguxie seemed to be relatively quiet, so he carefully observed the movement of these people.

Chapter 1166: Baye

Li Tian found out that he and his brothers were locked up in the iron cage... There were also many people who were about to be sold out. Li Tianxin wondered if these people were all caught by the weird guys. people? Are these people who are about to be sold to that slave market?

After thinking about it, Li Tian continued to watch the movement of these people.

After seeing them pack their things quickly, they started eating what is called breakfast.

Li Tian found that these weirdly dressed people were like savages one by one, eating meat, and the meat was not known whether it was raw or cooked, so they just chewed in their mouths.

Li Tian looked hungry when these people were eating meat!

After all, during these 56 days, Li Tian ate a steamed bun last night.

Those people didn't seem to plan to feed Li Tian and the others. After they finished eating, they shouted, and then a few men in weird costumes over there walked towards Li Tian and the others, and rushed to support them. Li Tian and their camels walked forward.

"Damn, give me something to eat!" Tang Xiaolong's roar suddenly sounded over there.

When Tang Xiaolong's voice sounded, Li Tian's heart shook and he blinked and looked over there.

But seeing one of the guys wearing unusual clothes, at this time he strode towards the iron cage that Tang Xiaolong was holding, and said fiercely, "Galidu...Masa!"

Then he spit on the ground and laughed.

"Fuck your ancestor... Don't let me come out. If I come out, I will have to kill you **** one by one." Tang Xiaolong cursed hoarsely.

It's a pity that those people didn't seem to understand Tang Xiaolong's words, and they were still there laughing.

What about Li Tian? He didn't talk too much, he just observed the surrounding environment.

Li Tian only now knew that they were dragged by camels. There were more than a dozen iron cages in total, each of which contained a strong man.

These men like Li Tian were kept in an iron cage like this.

After the group of people packed up everything, they then began to drive the camels forward.

Although this road is slow, it goes smoothly.

Especially Li Tian, who was locked up in the iron cage, although they were locked up, they didn't have to walk, so they were quite comfortable.

The people over there talked and laughed along the way. Although Li Tian didn't know what these "savages" were talking about or laughing, they could still see that their relationship was quite good.

And the girl with dark complexion seemed a little out of place among this group of people!

Li Tian didn't know what the dark-skinned girl was doing... and also didn't understand what the status of this dark-skinned girl in this group of people was... She seemed to be an errand runner, and followed closely. This group of teams.

Along the rugged road, they walked forward.

When they arrived halfway, those people closed the iron gate that Li Tian and the others had opened, as if they were not going to let Li Tian see the surrounding environment. In this way, Li Tian continued to stay in the dark cage again.

It is a barren area. Although it is far away from the desert, you can still see the yellow sand on the road.

I just walked and walked, I don't know how long I've been walking, I suddenly heard the most intimate guy in his 50s with a goatee and grunting in that whisper.

Then the group of people slowly stopped.

Li Tian was locked in a black iron cage, and he felt that they had stopped at this moment. Because the iron gate was tightly closed by those people, Li Tian could only listen with his ears, not with his eyes.

After he heard the noise outside, Li Tian was taken aback subconsciously.

"The voices here seem to be getting more and more... and you can still hear the sound of people walking!"

"Could it be that these people took them somewhere?"

Just as Li Tian was thinking this way, the gurgling conversation outside rang again.

They seemed to be talking about something.

There was a shrill voice of laughter, and the other voice, Li Tian remembered, was the voice of the guy with a goatee who looked like the leader of the team.

After they talked for a while, then Li Tian and the others were dangling towards the place in front.

Li Tian didn't know where they were taken. The only thing he could hear was the noise of footsteps and people's gurgling voices.

Just when Li Tian was depressed, a bright voice suddenly came over.

"Baye, I brought all the goods you wanted."

The sound is bright and clean.

The most surprising thing is that Li Tian heard this voice clearly.

Just after hearing this voice, I heard a treacherous laugh over there.

It seems to be the character called the Eighth Master.

"good very good!"

"How many in total?" He only heard the harsh voice of the eighth master asked.

Then the bright voice sounded again and said: "A total of 21!"

"what"

When there were 21 men called Baye, he seemed surprised.

"Why so many? Don't I just have 15?" Hearing only the sharp voice of the eighth master said.

Just listen to the loud voice here and smiled and said: "Six of them were delivered...we picked them up in the desert of death..."

"Just rest assured, Baye, those 6 are definitely good characters... Then Baye can take a look first, if you are not satisfied, we will take it away!" The voice said with a smile.

The Eighth Master here laughed and said, "Easy to say, easy to say..."

"Well, I will accept these 21 slaves first..."

"Come here, carry them all into the dungeon." As the voice sounded, Li Tian heard a lot of messy footsteps walking towards this side.

Then I heard the intermittent voice of the Eighth Master saying: "Come, come, you have worked hard all the way, go, go, let's go to the winery to drink."

As the voice finished speaking, they heard those people yelling, and then walked away.

And what about Li Tian and others in a closed iron cage? As if being lifted up, he walked awkwardly toward the front.

Sitting in the iron cage, Li Tian carefully pondered the conversations of those people. Now he can understand most of the conversations. It seems that he and his brothers were really bought by those guys, and the buyer was the one who was just bought. A man called Baye.

Chapter 1167: slave

When Li Tian remembered that he and his brothers had fallen to the point where they were sold, he not only laughed bitterly, but also secretly said: What is this Nima?

Sitting in the iron cage, Li Tian felt that they were walking down, and he could also feel that the temperature was beginning to drop... and he could still hear the sound of dripping water.

As they walked further inside, Li Tian could hear the screaming voice.

It seems that there are many people here.

Is this the so-called underground slave?

So many underground slaves?

With a plop finally, the iron cage in which Li Tian was sitting was thrown to the ground by the person who was carrying it.

Then in Li Tian's surprise, with a bang, the iron door in front of him opened. As soon as the iron door opened, Li Tian first saw a shirtless and burly man. , Was standing motionless in front of him, and it was obvious that it was this hunk who carried him in just now.

"Get out of me." A roar came out of the hunk.

Li Tian looked at the gloomy environment, and then slowly walked out of the iron cage clattering with chains.

As he walked out to take a look, he was stunned!

They were indeed locked up in a dark dungeon, and the dungeon was huge.

In front of him stood a few extremely burly men, all shirtless, dark complexion, brave and strong, and there were also a few men holding old shotguns in their hands.

Li Tian glanced in front of him and looked at the environment first. He didn't do anything directly.

"What to look at?" When the strong man saw Li Tian's eyes wandering around, he grabbed him and slammed him. Li Tian was caught by the strong man and staggered forward.

But at this moment, Tang Xiaolong, Duguxie and Opteron were all driven out of the iron cage one by one over there.

"Little boss!"

"Little Lord....."

When the ghost servants and Tang Xiaolong saw Li Tian at a glance, they all cried out excitedly.

"Damn, what's your name..." When suddenly the strong man over there heard the yelling of the brothers, he raised his fist and beat them, preparing to stop.

Tang Xiaolong just wanted to do it, but seeing Li Tian winked at them quickly.

Tang Xiaolong resisted the anger in his heart, and received two punches from the strong man. He stepped back two steps. He muttered in his mouth and said angrily: "You fucking... don't let Lao Tzu find you later. Otherwise, I must beat you to call me grandpa."

After the brothers were quiet, they did not do anything, but first observed the environment in front of them.

But seeing that after they were driven out, then there were a few more men who were driven out of the iron cage over there. Those people, like Li Tian and the others, had heavy chains on their hands and feet. .

Li Tian took a look and knew in his heart that it seemed that these people were indeed sold here just like them.

"Follow me... if anyone walks slowly, don't blame the whip in Lao Tzu's hand for not knowing people." Just listen to one of the strong men over there, who is 190 cm tall, speaking in that very majestic, his hand Holding a venomous whip, he slapped and said in red.

So Li Tian and his brothers obediently followed the strong man in front of him towards the dark and wet dungeon.

The iron chains on his hands and feet rattled.

"Boss, what kind of **** is this? What the **** are these **** doing here?" Tang Xiaolong walked up to Li Tian and asked in a low voice.

Li Tian shook his head slightly and said, "I don't know now. Since the desert coma, I haven't figured out what happened."

"Mother, I feel that these people are not good things..."

"Little boss, look at the back of us, how come those people are like us, with chains tied to their hands and feet?"

"Well, they should be like us! They have all been sold!" Li Tian said.

"What? We were sold?"

"Fuck... dare someone sell me? It's the first time for me, Tang Xiaolong, to be sold!" Xiaolong cried out excitedly.

When the strong man over there heard Tang Xiaolong talking loudly there, his eyes suddenly glared, and he stretched out his hand and pointed at Tang Xiaolong and said, "You are not allowed to talk to me... you hear?"

Tang Xiaolong really wanted to get angry, but it was a pity that he held it back after all.

He just kept all the anger in his heart at this moment.

After Li Tian and the others were led by the strong man, they reached the corner in front, and suddenly saw a bright torch shining in the front place... and they could still hear a lot of them there. Screaming sound.

It's like **** here!

"Come here honestly!" At this time, I only heard the strong man yelling at Li Tian and the others.

Li Tian and the others stopped talking and walked over. After reaching the front, they were stunned!

Oh my God, there are so many "slaves!"

At first glance, there are not as many as dozens of people in this group!

The slaves were all dressed in shabby clothes. Everyone had shaggy hair and dirty faces. They were locked in an iron fence like savages in primitive society.

Looking at the empty eyes of these people and the desperate expressions on their faces, Li Tian suddenly felt a pity.

Secretly: Are these people so-called slaves?

The Duguxie and the brothers around him also showed shocked expressions on their faces. They were all shocked that they were doing such evil things in this unknown place.

"Get them there." One of the strong, shirtless men guarding the dungeon said, pointing to the two empty iron cages in front.

After the strong man who drove Li Tian here heard the voice, he drove Li Tian and his brothers towards the iron cage.

Li Tian, Duguxie, and Opteron were assigned to a cage. Among them, several "slaves" who didn't know each other and looked frustrated like them were driven in. Xiaolong also had ghost servants, and that Ah Qiu was assigned to a few other slaves in the second iron cage,

After driving all the "slaves" into the iron cage, the strong man reached out his hand and locked the iron cage in front of him with a chain, and then he told the prison guard a few words. , And left here.

All of these slaves were left in the empty and wet dungeon, as well as Li Tian and confused brothers.

"Young Master...it looks like we were sold as slaves." Du Guxie on one side said slightly.

Chapter 1168: Frontier?

Duguxie is still very clever, and he is also very careful to observe, presumably from the voices of those people talking along the way.

Li Tian sat there and nodded.

"Yes."

"We were indeed sold by others!"

"Since we were in a coma in the desert, I think maybe that group of people rescued us, and then brought us here." Li Tiandao.

"Well, I guessed that too." Duguxie said.

"However, to be honest, thanks to this group of people, otherwise, we would be trapped in the desert alive." Duguxie said truthfully.

Li Tian smiled and nodded, "Yes, we survived a catastrophe, and it is thanks to them."

"It's just that I don't know where this place is now? Who are these people? What do they want to sell us here?" Li Tian sighed.

That Duguxie looked around and said, "Yes!"

"Young master, look, there are so many slaves held here...presumably the person who arrested us is definitely not a good thing."

"Well, I don't think everyone is in a hurry!"

"I want to see why these people are selling us here..." Li Tian said.

After Li Tian said so, Du Guxie also nodded slightly.

At this time Li Tian suddenly placed his eyes on the "slaves" who were imprisoned with them on the other side.

Their hands and feet were also tied with heavy iron chains, and they were sitting in the corners one by one...They were completely different from Li Tian and the brothers, because each of them had a dead face, as if waiting for death.

After Li Tian saw these people, he thought in his heart, maybe he could ask some clues about this place through these people.

After thinking like this in his heart, Li Tian slowly walked towards the thin man in the corner with an iron chain.

The man looked more than 30 years old, his figure was thin, and his skin was a little dark. He sat in the wood in a daze, his face revealed endless despair.

After Li Tian reached him, he sat down slowly.

"Hey, hello..." Li Tian asked tentatively.

After the man heard the sound, he slowly turned his head and glanced at Li Tian with hollow eyes.

"Can you understand me?" Li Tianxian asked.

He was afraid that these people would speak in weird words just like the group of people who arrested them...I was afraid that he would not understand, so he couldn't help asking first.

After he asked, the man sitting on the cold ground did not speak.

"Do you not understand what I said?" Li Tian continued to ask.

When he said the second sentence, the man finally moved his lips.

"What do you want to do?" an indifferent word came out of the man's mouth.

"It's great that you can understand me." Li Tian said happily there at once.

"I want to ask you, what the **** is this place? Why are we sold here... Who are the people who sold us? Why do they do this? Can you tell me this?"

After Li Tian asked this, the man looked very different and gave Li Tian a cold look.

"Don't you know?" the man said.

Li Tian was taken aback and shook his head.

"I do not know!"

"We were in a coma in the desert... and after we woke up, we were put in an iron cage just like you for no reason," Li Tian said.

When the man heard Li Tian say this, he seemed to think of the desert, and suddenly said, "Oh, I see, you are the people who are unconscious in the desert of death, right?"

"Yes, yes." Li Tiandao said.

"That's no wonder...hehe, it looks like your luck is not good!" The man suddenly sneered.

Li Tian frowned: "Why do you say that?"

"Do you think you are lucky? How does it feel to be a slave now?" the man said to Li Tian.

"It's really bad!"

"However, I want to know what happened now... Why do these people treat you... Oh, no, they are buying us as slaves?" Li Tian asked.

The man said, "It seems you really don't know anything."

"Well, then I will tell you!"

"The people who captured you are the guides in the desert. What they do specifically is to capture us slaves...they are from the Yi ethnic group!"

When the slave in front of him said so, Li Tian finally understood a little bit.

No wonder they didn't understand what the group of people said, and their clothes were so strange that they turned out to be Yi people.

The slave continued: "After the guide took us slaves up, they sent it to the Eighth Master here."

"What the **** does that eighth master do? Why do you have so many slaves?" Li Tian asked puzzledly.

The slave in front of him thought for a while and said, "Actually, I don't know what Ba Ye does... I only know that Ba Ye is very famous in the border fortress."

"What, what did you just say? You said this is the frontier fortress?" Li Tian suddenly asked in shock.

If he heard it right, he did hear the slave say that this is the border land!

The slave said, "What happened to the frontier?"

"Don't you even know where this is?"

After hearing the slave's confirmation, Li Tian suddenly became excited.

"Young Master, I didn't expect us to find the border fortress by accident!"

"Yes, even I didn't expect it!" Li Tian said in shock.

"It seems that we are indeed lucky!" Du Guxie also said with a big smile.

"Thanks to those people...otherwise we will not only die in the desert of death... I am afraid that even if we survive from the desert, we may not be able to reach this place."

"Yeah!" But seeing Li Tian and Duguxie in front of him said happily.

Yes, they never expected that they would arrive at the border fortress by accident!

Now that they have reached the frontier fortress, it means that Li Tian and the others are not far away from the dark city.

When the slave saw Li Tian's excitement, not only his expression was very surprised, but he couldn't believe that Li Tian and others were so happy after they became slaves. This was the first time he saw Li Tian. Of course, this slave would not know. Who are Li Tian and the others?

"You are so strange... I was so happy to be a slave the first time I saw it." The slave looked at Li Tian and said.

Li Tian laughed and said to the slave, "You won't understand."

"Also, I forgot to tell you that we are not slaves... and soon will not be." Li Tian said confidently.

Of course, the slave didn't understand Li Tian's overtones, so he just shrank back, then sat in the corner of the wall again, and started to daze.

Chapter 1169: escape

And what about Li Tian and Duguxie here? Knowing that they finally reached the place of the fortress, they were undoubtedly very excited.

"Young Master, the only thing we have to do now is to find a way to get out of here!"

"I just observed it. Although there are a lot of people in this dungeon... But as long as the chains on my hands and feet can be opened... I will definitely be able to subdue them all." Duguxie said coldly.

Li Tian smiled and said, "I have this intention."

"When do you do it?" Opteron, who had been silent all the time, suddenly uttered a word from his mouth.

After White Dragon said this, Li Tiandao said, "Immediately!"

After making the decision, Li Tian and the others began to observe the surrounding environment.

There are a total of 6 strong guards in the dungeon in front of him, all naked, and strong like a calf.

Two of them had long sabers in their hands, and there were two other guys over there with shotguns in their hands.

After looking at this environment, Li Tian had an idea in his mind.

He lowered his voice and said a few words to Duguxie. Duguxie quickly understood what Li Tian meant by coming, so he nodded quickly.

Then the three of them and Opteron were ready to take action.

After almost five minutes, Li Tian suddenly screamed.

The voice is loud and loud, as if going crazy.

Screaming and jumping.

Several strong men guarding the dungeon here saw the situation and suddenly roared over.

"Damn, what's your name..." The two men with sabers in their hands walked quickly.

What about Li Tian? I also completely ignored their screams, and were still screaming in the iron prison. At this time, the slaves in the entire dungeon cast their eyes on this side.

"Asshole, you have to dare to call again... we'll go in and clean up you," a man with a saber in his hand pointed to Li Tiandao.

But Li Tian still ignored him, and continued to yell there.

"Bad son, I really owe it to clean up..."

"Fuck, open the door, I want to go in and teach this bastard." As one of the strong men with a saber roared out, then he would take out the key on the iron fence to open the door.

The moment he took out the key, Li Tian's eyes lit up.

And at this time, Duguxie was slightly on one side, and his eyes were looking at the two strong men holding shotguns at the farthest point, and Opteron stared at the other two guys with the same eyes.

After the guy took out the key to the iron fence, he cursed and opened the iron fence gate in front of him.

Squeak!

"Damn, I don't think you are screaming..." With the strong man roaring, he prepared to go in and teach Li Tian.

It's a pity that he just said that sentence, he found himself wrong!

Because Li Tian's ghostly hand suddenly grabbed his neck...Then the strong man was taken aback, his eyes widened...

"you....."

The word "you" just said...then I just heard a click, and Li Tian's throat was directly crushed!

And at the same moment, that Duguxie suddenly rolled on the spot and rolled outside the iron prison. Although his hands and feet were tied with iron chains, it did not affect his attack.

After he rolled out all of a sudden, then both hands swished and flew out thumb-sized stones!

Before the two guys with shotguns over there reacted, the small stones that flew past suddenly hit the two foreheads accurately!

Wow, wow! Two screams came out of the mouths of the two strong men with guns...then the two fell to the ground with a bang and couldn't get up again.

The Opteron at this meeting had already rushed over, punching the fierce man who was nearly two meters tall, and then immediately hit the cheek of the other strong man who rushed over with a wave of his right hand chain. Above,

With a scream of ah, the strong man fell directly to the ground, lying on the ground with his mouth full of blood, and could no longer move.

When the last remaining strong man saw Li Tian and others rushed out, he was dumbfounded!

Yelling and ran outside: "Come on...Come on...The slave is running away."

A word was just called out, and the white dragon flew up and kicked directly on a saber that had fallen beside him, and the saber flew straight toward the strong man!

Flop!

But after hearing a scream, the saber directly penetrated the strong man's chest.

The strong man let out a whirr, then fell to the ground with a plop, and died tragically.

The blood flowing from the chest immediately stained the entire ground!

After Li Tian, Duguxie and Haolong, the three people in front of him were killed by lightning speed, all the slaves who were imprisoned suddenly screamed... all of them screamed.

And the slave who had spoken to Li Tian just now looked at Li Tian in horror.

Li Tian did not continue to control the slaves, pointing to a few dead bodies on the ground and said: "Quickly, quickly see if they have keys with iron chains!"

Yes, even though Li Tian and the others have already rushed out of the iron prison in front of them, the iron chains on their hands and feet have not been unlocked!

If those who bought them now rush in, Li Tian and the others will definitely be bad!

So the Duguxie and Opteron rushed to grab the dead strong men... to see if they had the key.

Not on the first corpse!

Then Duguxie and Opteron went to grab the second corpse!

"Young Master, there is no key here..." I just heard that Duguxie said with an ugly face after quickly touching the corpse with his hand.

And at this time, the white dragon who would be pulling the other corpse over there also shook his head depressed.

"I don't have a key here either!"

When Li Tian heard both of them saying that they had not found the key, his head was dumbfounded!

At this time, their only hope was in the front corpse that was stabbed with a saber in the back. If there is no key on this corpse, then Li Tian and the others are really finished!

Don't forget, they still can't move their hands and feet freely. If they can't find the key, even if they can leave the dungeon in front of them, how can they escape?

Besides, the opponent's person still has a gun in his hand! Although it was a backward shotgun, it was enough to kill them!

Li Tian would walk towards the front corpse with a pair of unbelievable eyes.

One step, two steps...three steps...

Duguxie and White Dragon also opened their eyes to look at that Li Tian.

Chapter 1170: Who threw the key in?

After Li Tian finally came to this last corpse with a very nervous mood, everyone was looking at him and her hands!

Then Li Tian started to touch the last corpse with his hands!

Do you have a key?

hope!

The last hope!

But what? Just after Li Tian's hand repeatedly touched the dead body several times, his face turned pale in an instant.

Duguxie and Hao Long behind him were staring at him unblinking at the moment, and they both waited for the answer from Li Tian's mouth with surprise.

And the yelling slaves over there are also yelling.

"...He doesn't have a key!" A word came out depressed from Li Tian's mouth.

When Li Tian said that the corpse did not have a key, Duguxie and Opteron suddenly screamed in surprise.

what!

"How could this be?"

"Yeah, what should I do now..."

"No key? Are we just sitting here and waiting to die?" The Duguxie in front of him and the white dragon were stunned!

Although they are now out of the iron cage in front of them, don't forget that heavy iron chains are wrapped around their hands and feet. If they wait until they are seen by the person who bought them, isn't there a dead end?

"Young Master, what should I do now?" Just listen to Du Guxie's expression with extremely ugly expression.

Li Tian stared at these corpses on the ground, too... he didn't know what to do at this moment!

"Little boss...what's wrong? What happened?" Tang Xiaolong, who was still in the iron cage over there, asked.

That Duguxie walked over quickly at this moment, and then took out the key just now and quickly opened the door of Tang Xiaolong and A Chou's iron cage. Tang Xiaolong, the ghost servant and A Chou were carrying After walking out with the iron chain, he looked at Li Tiandao and said, "Brother Tian, what's wrong?"

"We didn't find the iron chain key on our hands and feet!" A depressed word suddenly came out of Li Tian's mouth.

what?

When the ghost servants and Tang Xiaolong heard Li Tian say this, they were stunned.

Looking at the iron chains on their hands, feet, and the six corpses lying on the ground, they were all at a loss!

"How to do?"

"what should I do now?"

"What if you wait for those **** who bought us to come in?" The ghost servant said there.

Although they were out of the iron prison in front of them, how could they escape with the iron chain on their feet?

Li Tian also looks ugly, what should I do?

Is it really sitting here and waiting to die?

No keys, no iron chain keys on hands and feet! ! ! Could they really be caught here alive?

At this moment, all of a sudden, he only listened to a dark thing in the dark passage and threw it in, and then fell in front of Li Tian and his brothers.

Clang!

After the thing made a clear noise and fell to the ground, Li Tian looked up!

key! ! !

Gosh, it turned out to be the key!

who is it?

Who just threw a key in this dungeon?

After Li Tian and all his brothers were stunned for about 56 seconds.

"Xiaolong... go and see who it is!" Li Tian exclaimed.

Tang Xiaolong dragged the iron chain on his feet and walked hurriedly towards the dark dungeon entrance. After he got there, he took a few glances, but he saw no one in the dark dungeon passage!

Tang Xiaolong was depressed at this moment. Who threw the key in just now!

"Xiaolong, did you see anyone? Who threw the key in?" Li Tian asked outside.

Tang Xiaolong turned his head and said, "Little boss, there is no figure..."

"How could this be?"

"I'll see if this key is the key to the iron locks on our hands and feet." Li Tian didn't care who threw in the key at this moment. At this moment, what he worried most was that the key wouldn't work!

If it works, it will undoubtedly save my brothers and myself, but if it doesn't work, it's really over!

So he will quickly grab the key on the ground and start to unlock the iron lock in his hand.

After the key was smoothly inserted into the lock spring, Li Tian twisted his hand nervously, only to hear a click, sure enough, but the iron lock in his hand did not open.

This time Li Tian was excited!

"It's the real key...It's real." Li Tian said ecstatically.

The Duguxie here and White Dragon were also pleasantly surprised when they saw the situation where they left them to death.

Then they didn't say much, and quickly opened the iron chains on their hands and feet one by one!

"Great!"

"I didn't expect a good person to give us keys..."

"Yeah, fucking, free at last!"

"Now, I think those **** dare to deal with us again." Tang Xiaolong just listened to Tang Xiaolong eagerly saying.

With the keys on the hands and feet of the brothers unlocked, they are truly free!

As long as the keys on the hands and feet of the brothers can be opened, then you will never fear anyone again!

Not to mention those "eight masters" who bought them, it is estimated that even the most powerful people can do nothing more than Li Tian now has brothers.

"Little boss, let's rush out... Take a good lesson to those bastards... Damn, how dare you buy us as slaves? I must teach these turtle grandchildren well." Tang Xiaolong was there. Said angrily.

Li Tiandao: "Good!"

"Go, let's go out!"

Speaking of Bendang, he was the first to run towards the dark underground passage, and the brothers behind him and Duguxie also followed closely.

"By the way, what about those slaves?" The ghost servant suddenly remembered that there were still so many poor slaves in the prison.

Li Tian looked back at the poor slaves, then he pondered for a while, and then threw the key in his hand over there, and then said to the group of slaves: "Unlock your own shackles yourself... ...As for whether you can escape, it's only your destiny."

Yes! There are so many slaves here, Li Tian can't save them!

Now for Li Tian and his brothers, they don't know what the outside situation is like, so he can only let the slaves settle down!

After Li Tian finished saying this, he quickly turned his head and said to the brothers beside him: "Let's go."

Then they quickly ran towards the tunnel of the dungeon.

"Young Master, do you think it's weird? Who threw in the key just now?" Just listen to Du Guxie while looking at Li Tian as he walked quickly toward the passage in front of him.
