

## A Killer 117

Chapter 117: His name is Li Tian

"My Tang Zheng's daughter would like a security guard?"

Every time Tang Zheng couldn't help but ask himself secretly, is this true?

Ridiculous, so ridiculous!

The Tang family is not the richest in Kyoto city, but it is also one of the top ten in Kyoto.

How is it possible that your only baby girl likes a security boy? And is it a small security guard who looks at the parking lot in his company?

Every time he thinks of this, Tang Zheng feels angry for no reason.

No, Tang Zheng is still looking at the newspaper in the lobby depressed.

The servant outside the door walked in again at this time.

"Master, President Chen of the Changsheng Group is here." The servant said respectfully to Tang Zheng at the door.

After Tang Zheng heard that, he put down the newspaper in his hand and stood up: "Oh, I see."

The servant nodded slightly and stepped back.

"Xiao Zhou, you go entertain Mr. Chen first, I will change my clothes and come out immediately." Tang Zheng said slightly.

Xiao Zhou nodded and walked outside.

Prosperity Group is a private enterprise in Kyoto City.

The company's power is not so strong, at least it can't be compared with the Tang company.

Today's President Chen of the Changsheng Group is riding you over because of the cooperation with the Tang company some time ago. Today, the two old men always sign a contract.

Isn't this? Mr. Chen from the Changsheng Group came here in person.

In the hall, the laughter of President Chen of the Prosperity Group could already be heard.

"Little Zhou, where is Mr. Tang?"

"President Tang will come out soon, Mr. Chen will sit down first." Xiao Zhou said politely.

Mr. Chen sat down in the hall with a smile.

The servant quickly brought the good Tieguanyin tea, braving the slight heat, and placed it next to Mr. Chen with a pleasant aroma.

"Brother Chen, come here."

A strong voice came from inside, but seeing that Tang Zheng had already changed his clothes and walked out of it at this moment, he said with a smile.

President Chen quickly stood up with a smile.

"President Tang!" the two greeted each other.

"Please sit down, please sit down." Tang Zheng said with a smile.

"Mr Tang, the contract should be fine, right?" Mr. Chen said with a smile.

Tang Zheng smiled and nodded: "I can still trust Brother Chen's credibility."

The two talked about business matters here.

While they were chatting, there was a sudden bang of the door opening in the boudoir on the left of the villa on the second floor.

Then I saw a figure of Qianli coming out of the boudoir.

Don Feifei.

Yes, it is her.

Tang Feifei, wearing a pink dress, showed a small piece of thin white legs, and a pair of cute tutu slippers, white ones, were sprinkled on her slender ankles.

A black hair draped over his tender shoulders, and walked down from the second floor.

But Tang Feifei was not very happy. When she came down the stairs, she didn't even look at Tang Zheng here.

"This, is this the eldest lady?" Mr. Chen smiled and said while looking at Feifei who came down from the stairs.

But Feifei didn't even say hello.

Tang Zheng couldn't help but feel embarrassed: "Feifei, why didn't you say hello when you saw Uncle Chen?"

Tang Feifei turned her indifferent face and glanced at the boss of the Prosperity Group.

"Hello Uncle Chen."

Mr. Chen hurriedly smiled and said, "Feifei is really getting longer and more beautiful."

After Feifei finished speaking, she turned around and left the hall.

Then Tang Zheng couldn't help sighing deeply, and said with a little embarrassment on his face: "Brother Chen, I made you laugh, this girl...hey!"

Then Mr. Chen hurriedly said politely: "My child, it's all like this."

"Your Feifei is still obedient. Our prodigal is not decent. He broke his head at school some time ago and almost didn't get inside the game." Mr. Chen said with a smile.

When Mr. Chen said so, Tang Zheng laughed.

"The children now are really different from what we used to be. Hey, don't we think we all got up from nothing back then?" Tang Zheng said with emotion.

Then President Chen also sighed and said, "Yes."

"But it is understandable. After all, what we have worked so hard is to make our children not so hard in the future. Maybe we should be blamed for some things."

Tang Zheng nodded silently: "Brother Chen is indeed saying this."

Then President Chen and Tang Zheng in front of him were chatting while drinking tea.

"Ms. Tang, don't you go out to play at night?" After talking about business, Mr. Chen suddenly smiled and said to Tang Zheng.

Tang Zheng laughed: "I rarely go out."

"Really? That's a pity." Mr. Chen said with a smile.

"What's wrong?" Tang Zheng was slightly taken aback.

Mr. Chen laughed: "Actually, I rarely go out to play at night, but recently a group of friends said that the underground boxing match in the west of the city is quite lively, so I went to watch one yesterday. Before, I just heard that I haven't seen it The black market boxing match, after I went to see it yesterday, it was really wonderful."

"Oh! Black market boxing match."

How could a big boss like Tang Zheng not know about things underground in Kyoto.

It's just that Tang Zheng doesn't like such occasions. To put it literally, Tang Zheng disdains those people.

He hates the violent and \*\*\*\* scenes.

So when I heard about the black market boxing match, I was not too enthusiastic, just smiled slightly.

On the contrary, Mr. Chen spoke up and down.

"Mr. Tang, I don't know what it is, I will like it at first sight. It is cruel and wonderful. The fighters in the black market boxing match are all life-killing characters, especially after they are in the ring, they are fighting hard. I heard that people have been killed before, which is really cruel."

Tang Zheng smiled on his face. He who is not too keen on black market boxing matches just simply said perfunctorily: "Really? I will find a chance to check it someday."

"It's a must! If Mr. Tang goes, I will take you personally, my brother."

"You don't know that the latest black horse boxer appeared in the black market boxing competition. He has never appeared before, but the limelight has been very hot recently, and the black market boxing competition has created waves after another. Now go The people in the underground black market boxing match basically go for (him)." Mr. Chen continued to say with joy.

"Oh, hehe, who is so great?" Mr. Tang asked casually.

"That kid's name is Li Tian." Mr. Chen said.
