

## A Killer 1171

Chapter 1171: Strange situation

Li Tian was actually curious, but he really didn't have the time to find a problem.

After thinking about it, Li Tiandao said, "I don't know!"

"But I'm sure that the person just now is definitely someone we know, and someone who helps us!"

"As for who he is? I can feel it with 80% certainty. He definitely knows us... Maybe we know him too!" Li Tiandao.

Listening to Li Tian's words, Duguxie groaned, then nodded silently.

"The young master's analysis is not bad at all!"

"I also think that when we were most difficult, the person who threw the key in was someone we were familiar with! And I felt that this person was following us all the way..." Duguxie said.

"Hey, who would it be? Who would help us when we are in danger?" Tang Xiaolong said depressedly.

"Forget it, don't think about this issue now, we'd better leave here as soon as possible." Li Tiandao said.

Then Li Tian led his brothers and quickly ran towards the front passage.

This dungeon is a bit strange! !

The strange thing is, how can there be no guards?

And not even one!

Li Tianqing clearly remembered that when they were imprisoned, there were strong men guarding the road... but now? Why is there not even one guard? What is going on?

"Do you feel strange? How come there isn't even one person in this passage?" Li Tian looked at his brothers curiously and said.

The brothers did feel this special situation too, but they never said it!

After Li Tian asked, they all nodded quickly.

"It seems a bit weird..."

"I remember when we were imprisoned in the dungeon, there were a lot of people guarding in this passage? Why is there no one now?" The ghost servant over there also blinked and said.

"who cares!"

"Grandma's, no one is better...Haha, let's teach these brats!" Tang Xiaolong, who had a simple head, muttered there.

Although what Tang Xiaolong said was indeed such a rough truth, Li Tian was wondering in his heart, what happened?

As they ran towards the front passage, they suddenly heard the sound of guns coming from outside!

The sound of gunfire came from outside.

"There was gunfire!" White Dragon called out first.

And Li Tian and his brothers are even more depressed at this moment.

"What happened outside?"

"Could it be that something happened to them?" The brothers here guessed.

No one of them knows what happened outside, they can only vaguely hear the sound of guns.

"Quickly, let's go out and see what happened." As Li Tian said, they quickly ran towards the exit of the dungeon.

The closer they are to the exit of the dungeon, the more they can hear the gunshots, and there are many messy gunshots, and at the same time they can vaguely hear people screaming.

And Li Tian and his brothers have reached the exit of the dungeon at this moment.

Obviously there is no one at the exit of the dungeon!

Li Tian was the first to reach the exit of the dungeon, and then looked around. After confirming that there was no one, then he beckoned to the brothers!

So Duguxie, Opteron and other brothers followed cautiously.

They really saw this place...this place is the so-called frontier land.

Because they were locked in an iron cage when they were escorted, they were the first to see the outside environment at this moment, but they saw that the houses were all typical low-rise bungalows, and because of the perennial congestion. Windy and sandy, those houses look very old.

The road outside is very messy, and there are traces of cars passing by.

"What about people?" Tang Xiaolong asked first after walking out of the dungeon in front of him.

"I don't know!" But after Li Tian and the others looked around, they found that there was no one here!

There was no one on the barren road!

Those Yi people who sold them, and those who bought their eighth masters, don't know where they went right now?

How could this be?

Just when Li Tian and his brothers were curious, suddenly there was a violent gunshot in the front place!

Li Tian and his brothers became excited after hearing the gunshots.

"In front of!"

"The gunfire came from the front."

"Go, let's go over."

After the brothers heard the direction from which the gunfire came, they quickly ran towards the place where the gunfire came from.

They must see what happened, the Yi people who sold them? And what the \*\*\*\* are the so-called "Ba Ye" people doing?

After Li Tian and the brothers quickly reached the front place, they saw people!

"Hide!" Li Tian whispered!

Then the brothers slowed down, and then quietly walked towards the next house.

After they found the hiding place, they raised their eyes to look.

The first thing that catches the eye is a few cars, a few very "barbaric" and very "dominant" cars.

The reason why the cars are barbaric and overbearing is because these cars are painted with colorful scary patterns, not only \*\*\*\* skulls, but also some portraits of fallen women. In a word, the possession of these cars is definitely crazy people!

And these vehicles have been completely modified, from the tires, and from all aspects, they are all modified.

A total of 4 amazing cars.

And in front of the car stood many people!

When seeing these people, Li Tian and his brothers were stunned for a moment!

God, who are these people? How come so many all at once?

But I saw those people who were barbaric and strange-looking. They still had guns in their hands, including ak47, double-barreled shotguns, and shotguns!

Some have sharp and deadly sabers in their hands. Initially, they seem to have as many as 20 people, just like a terrorist organization.

All of these people have a unified characteristic, that is, a layer of cloth is covered on their faces, and the entire head is covered. The only thing that can be seen is a pair of eyes, a pair of eyes that are more ferocious than wild animals!

In the place where they were surrounded, lying were a few \*\*\*\* bodies that had just been killed!

The body is a few people from the frontier...

And there are those Yi people in the place surrounded by them!

Yes, those Yi people who were eccentrically dressed and once sold Li Tian's slaves to them were the beautiful girl with dark complexion.

Chapter 1172: Poisonous person!

It's just that these Yi people now kneel on the ground with pale faces...and they dare not even look up at those terrifying people!

In addition to the Yi people who sold Li Tian and the others, there were 56 people in the middle, one of whom was thin and wearing a heavy platinum necklace around his neck.

Who is he?

Is he the eighth master who bought and sold Li Tian?

Yes!

His is! Everyone in the frontier fortress knows the slave owner: Baye, this character!

He is the master of slaves in the frontier fortress, and everyone here calls him the Eighth Master.

It's just that the current Eighth Master and the 56 people around him are kneeling on the ground like the Yi people like dogs, kneeling in front of those people whose entire face and head are covered with terror.

Who are these people? Why do these Yi people and the Eighth Master feel unprecedentedly scared of these people?

It's like seeing the devil.

Li Tian didn't know what happened here, let alone who these people were? He just looked at this side with puzzled eyes from that hidden place.

"Damn, what's the situation? Why am I a little bit confused?" Tang Xiaolong leaned behind Li Tian and muttered with his eyes in front of his mouth.

The ghost servant pulled Tang Xiaolong: "Speak down."

So Tang Xiaolong lowered his voice even more and said, "Master, those kneeling bastards, aren't they the guys who sold us?"

"Hmm! Yes." The Ghost Servant whispered there.

"Chu, these \*\*\*\* are not arrogant... Grandma's, now it's their turn to suffer."

"It's just that who are those guys who hold guns like bandits?" Tang Xiaolong asked.

Of course Li Tian and the ghost servants didn't know what the situation was right now, they just kept their eyes open.

I saw a voice over there suddenly,

It was a group of men who covered their heads with cloth. The man was over 180 cm tall and his skin color was bronze. Because his head and face were covered with cloth, he couldn't see his face clearly. The only thing I can see are his eyes!

A pair of eyes more venomous than the most venomous cobra.

There, he glanced coldly at the Yi people who were kneeling on the ground and the Eighth Master in front of him.

"It's useless, kill them all!" Eight words!

The simple eight words came out of his mouth.

Then just after he said it, the group of horror people behind him who covered their faces with cloths strode over, grabbing two of the Yi people who were kneeling on the ground... and then dragged them to death. Drag to the side the same.

Bang, bang, two shots, directly hitting the two Yi people, and then the two Yi people died easily.

There were also two men around Baye who were arrested. The man who covered his head with a cloth directly chopped off his entire head with a saber.

The \*\*\*\*\* head was rolling on the ground, terrible!

kill! The dead, here is as simple as killing a dog.

Watching these horrible people kill people, those kneeling Yi people, and Ba Ye didn't even dare to let go!

And they stayed there with eyes full of fear, trembling all over.

After killing a few lives in this way, the man with viper eyes suddenly pointed at the kneeling Ba Ye with his hand coldly.

"You, come here." With his fingers stretched out.

The Eighth Master was so frightened that his whole body trembled violently, but he seemed to have to listen to this man's order, and then stood up tremblingly, and then faced the weirdness in front of him with an ugly smile. The man came.

After Ba Ye walked over, the man who looked like a poisonous snake asked coldly, "Tell me, how much have you prepared for us this time?"

"You understand, if there are few things...you still have the people here, don't think of one alive." What he said was the same as Death's command.

After he finished speaking, the eighth master almost knelt on the ground.

His face was trembling, and he said in fear: "I...I...I'm all ready..."

"Come on... hurry... bring things out... hurry!" The Eighth Master said in that voice trembling in fear.

After he finished speaking, the two kneeling men behind him quickly got up, and then quickly ran to the back room, and then the two of them quickly brought out a box from inside!

The box is made of wood, and no one knows what is in the box!

I don't even know what this terrifying man wants here.

As the box was brought up, even Li Tian and the brothers looked at that side in doubt, they didn't know what was in the box! At this moment, he looked at that side with his eyes wide open.

I saw the man with viper eyes walking up to the box, then stretched out an odd hand and went to open the box.

After he opened the box, he saw what was inside there?

money!

It turned out to be a box of money!

In addition to money, there are all kinds of gold and silver jewelry!

Li Tian and his brothers were not only taken aback after seeing the box of money!

It turns out that these masked guys who look like wild bandits come here for money, for money!

Then they looked carefully here.

With a bang, I saw that the man with snake-like eyes glanced at the money, then closed the lid of the box, and then beckoned slightly to the men behind.

"Carry away!" Two words came out of his mouth.

Then he looked at the Eighth Master in front of him.

"You know that your money is not enough to redeem your lives..." As he finished speaking, the eighth master was instantly ashamed.

Both legs fell to his knees with a thump.

"Please... please... let me go... the money is really ours... Really!" Baye kept knocking on the ground with his entire head, begging At the man in front of him.

The two strong men beside him also stood there with fear and trembling.

"Please, please...give us some more time...we must gather more money to honor you..." Baye begged.

He is afraid of death!

Everyone is afraid of death!

But will that vicious man spare him?

No, he won't!

Li Tian could see that he would definitely not!

Because he has seen his manual!

With a flutter, he didn't know when a sharp steel claw was exposed from the inside of his wide sleeves, and the steel claw hooked directly on the neck of one of the eighth masters.

The subordinate didn't even have time to scream, and scarlet blood spurted out from the throat... The whole body fell to the ground with a plop, became cold and dead!

Poisonous person!

What a ruthless steel claw, sharp and deadly!

Chapter 1173: Hands-on

From the speed at which he kills, it can be seen that he is a master!

A super master who often kills.

Whether it is Li Tian, Tang Xiaolong and Duguxie beside him, he can feel it deeply.

Just when the man with steel claws on his arm killed one of the eighth master's men at once, the eighth master was so scared that his soul was almost lost, and he knelt on the ground and begged constantly.

But the man wearing steel claws did not stop because of this!

Suddenly Senhan's eyes stared at the other man next to Ba Ye, and the man suddenly felt his horror, and his body couldn't help but retreat at the same moment...

"No... don't kill me!"

"Do not kill me....."

Just as he yelled for the second time, the vicious man suddenly moved.

His steel claw screamed out a vicious arc, and then \*\*\*\* grabbed it towards the man's abdomen.

The extremely fast steel claws gave the man no chance to evade, he could only stare wide and watch the steel claws grabbing into his chest... the entire chest was immediately pierced by the steel claws.

Ah, a scream came out of the man's mouth.

Then with a swish, the steel claw was pulled out forcefully, and it was hooked out with the blood plasma and \*\*\*\* flesh, but what about that man? He knelt on the ground with a thump of his legs, then his body crooked and died!

Just died there miserably.

When he killed the second person, those snake-like eyes didn't even blink, but gently shook off the blood on the steel claws, and then didn't even look at the corpse.

Turning his head to the Eighth Master, he said, "I won't kill you first... I will save you... Do you know what to do in the future?"

The Eighth Master was already so scared at this moment, he knelt down on the ground like he was paralyzed, and said, "Know...know..."

The cruel and cruel man ignored him.

Then stepped forward and walked forward.

"Who is that guy? So cruel!" Tang Xiaolong here not only whispered.

Li Tian looked there coldly and shook his head.

He did not know.

When Li Tian and his brothers thought that the guy would leave after killing the two, they didn't expect that the man who had taken a few steps suddenly placed a pair of cold eyes on the Yi people over there.

That group of people were the people who picked Li Tian and the others out in the Death Desert before, and they were still sold as slaves!

According to the truth, Li Tian and his brothers should have a hatred attitude towards the group of people, but at this moment, I don't know why, Li Tian actually felt worried in his heart for the poor group of Yi people.

Li Tian at this meeting not only looked at the Yi people who were kneeling on the ground in worry, but also worried that the murderous man would attack them just now!

If you really want to start, what will you do? At this moment, to be honest, even Li Tian himself didn't know.

At this moment, I saw the cold and \*\*\*\* man, a pair of cold eyes glanced at the group of Yi people who were kneeling on the ground.

"Take her away!" The cruel man suddenly pointed his finger at "She!"

Pointing to the only woman among the Yi people.

It was the dark-skinned woman who spoke to Li Tian before.

When the cold and \*\*\*\* man pointed his finger at the dark-skinned woman, all the Yi people who were kneeling on the ground were stunned.

The dark-skinned girl also sat on the ground with a pale face and was so scared for a moment that she kept saying, "No...no..."

"Please... please don't take her away!" I only heard that the Yi people over there who were about 50 years old and had a glimpse of goatee begged the masked people.

But what about those people? But he didn't even pay attention to him!

Just walked over and prepared to take away the dark girl.

Two hands held the girl and dragged it forward.

"No, don't..." The dark-skinned girl was crying and struggling there like death.

Here, the 50-year-old Yi old man stood up from the ground and went to beg for mercy.

As soon as he ran over, he was kicked to the ground by a guy with a gun in his hand.

"Fuck you... if you don't want to die, let me stay away!"

With a roar, he kicked the old man with a goatee to the ground, and none of the Yi people kneeling on the ground here dared to say anything, and none of them dared to come up to stop them. They all looked like grandsons. Kneeling there.

Seeing that the dark-skinned girl was about to be taken away by those horrible people, Li Tian, who would hide in the dark, finally couldn't help feeling anger in his heart.

"Let's do it!" Four cold words came out of his mouth.

Just when Li Tian was about to jump out, Du Guxie's left hand suddenly grabbed Li Tian.

"Young Master...do you really want to do it?"

"You see that the other party has a gun in his hand, and there are so many people... Besides, the man with steel claws on his arms is absolutely common... Is it worth it for an unknown woman?" Du Guxie discouraged Li Tian Say.

In fact, Li Tian himself knows how dangerous the situation is today.

Who are those cruel guys with their faces covered? Li Tian and the current brothers are not clear!

And there are so many people on the other side, and so many guys with guns... If Li Tian really wants to do it at this moment? I'm afraid... today may not be so lucky!

But what about Li Tian?

How could he watch that dark-skinned beautiful girl be taken away by those cruel guys like this?

After being taken away, what kind of abuse will she be subjected to? What kind of inhuman torment did you suffer?

When he thought of this, Li Tian's anger suddenly rose in his heart.

"I can't take care of so much!"

"I must take care of this matter today!" As Li Tian roared, Duguxie had to let go of Li Tian's hand!

And the dark-skinned girl over there was almost dragged into the car, she kept crying and struggling, but there was no way!

One of the two men dragging him was holding a gun, and the other holding a sharp saber.

Just as the two were about to drag the poor dark-skinned girl onto the car, they suddenly attacked from the side with two waves of strength.

That Jin Fei is like a bullet flying out, fast, cruel, and vicious!

Whoosh, whoosh, two beeps.

Two strong finger winds directly and accurately penetrated the bodies of the two dark-skinned girls... Then they heard a scream, and the two people's chests were as if they were hit by a bullet, with a pop, blood splattered, instantly died on the ground.

Facing this sudden change, those cruel guys were taken aback!

Chapter 1174: Duel

And the man who was leading the man with eyes like poisonous snakes also became even more vicious in an instant, looking around coldly.

"Who?"

"Who the \*\*\*\* moved his hand?"

"Show me out..."

...

Suddenly, the scolding sounded from all around, and the hunks with guns in their hands were cautiously holding the guns in their hands at this moment, and shouting to the surroundings.

And the Yi people who were kneeling on the ground over there, and the eighth masters were completely dumbfounded! What happened? Who moved the hand? None of them knew.

At this moment, suddenly a breaking wind pointed out from the hidden place again!

Xuantian fingering!

Accumulate strong infuriating qi as one of the sharp fingerings, which can penetrate the rock wall!

If such \*\*\*\* is hit on the human body, it must not penetrate the human body directly!

But seeing this broken wind, Xuantian's tens of thousands, once again shot at a man holding a double-barreled shotgun. The man screamed all his life and died instantly on the ground.

"over there....."

"Damn, the hands-on \*\*\*\* are there!" The group of guys who roared all their lives suddenly found the place where Li Tians shot, and at this moment everyone ran towards this side.

And those fierce men with guns shot Li Tian and the others.

The bullet sounded like crazy, roaring and shooting towards the house here.

Li Tian and his brothers hid on the side of the house, bullets hit the cold wall, stone chips, and falling bricks all of a sudden flying everywhere!

"It's time to take action!" Li Tian said suddenly there.

The brothers behind him and Duguxie nodded like Opteron, but after hearing an exclamation, the three black shadows rushed towards the crowd with electric shots from the house.

The speed is terrifying.

Of course these three are not others, it is Li Tian, Du Guxie, and White Dragon!

After the three big men jumped into the battlefield suddenly, Li Tian was the first to penetrate the crowd!

Because the opponent has a gun in his hand, Li Tian can only get into their crowd with thunder. In this case, the opponent's gun can't be randomly shot, because if he shoots indiscriminately, it is very likely that he will be killed!

Just after Li Tian jumped into the battlefield, he suddenly shook his left hand, and directly grabbed the throat of a man with a cloth on his head, squeezed hard and clicked, the other's throat tube was directly crushed by Li Tian with a sound. Woo, fell to the ground and died.

And another fierce man holding a saber slashed at Li Tian fiercely from the side.

Li Tian didn't even look at him. He moved a little, and then his right foot flew up and kicked directly on the man's chest. But when he heard a scream, the man was kicked a few meters away by Li Tian and fell to the ground. It's hard to get up...

There are also a few hunk men with guys in their hands rushing towards him!

Where is Duguxie over there? The bronze sword is out of its sheath!

With a clang, the dragon screamed!

A cyan light was like a trace of the sky, and with a cry, the green light appeared, and the two men who had just arrived beside him suddenly stopped physically!

The two only felt that their chests were a little hot and sticky. When they lowered their heads, they saw that their entire chests had been cut open by the vicious sword...

Ah ..... ah ..... Can Hu's twice, two people were evil Tokgo sword to kill!

Bang Bang Bang, the gunfire shot towards Duguxie from there at this time.

Duguxie stayed and dodged, and then kicked on top of the body. The corpse flew towards the man who shot the gun. With a bang, the corpse hit the body of the man who shot the gun, and then Duguxie moved as fast as light. Flew towards the person at a speed of, and then a sword pierced the throat of the guy who shot the gun!

died!

...

Where is the Opteron over here? It can be said to be one man!

His hands were shirtless, but he was like a tiger.

When two macho men holding sabers attacked him from left and right, Opteron didn't even look at it. He suddenly turned and hit the bridge of the man's nose with a fist. The man screamed, and the bridge of his nose was all over. After being smashed by Opteron, he fell to the ground in pain while holding his nose. Before the other knife was cut off, Opteron flew directly and kicked on the man's calf joint. He only heard a click, that person's calf. It was directly kicked off by Opteron, and then Opteron grabbed the person's head with one hand, twisted it hard and made a click, clean and neat, the person's head was directly cut off.

After these three fierce men rushed over like a killer, Tang Xiaolong, Ah Qiu, and the ghost servant also quickly joined in at this time.

The situation suddenly became a mess!

The Yi people who were kneeling on the ground were terribly scared just now, and the Eighth Master who was so frightened, they were stunned for a moment watching the inexplicable fight!

And in the messy fighting arena, only one person stood there coldly!

His eyes are very poisonous, very poisonous!

Looking at Li Tian, Duguxie, and the ghost servants in that coldness!

In the end, the muscles in the corners of his eyes suddenly trembled, and then he pulled the automatic rifle next to him!

Then he pulled the trigger, and the bullets directed at his own people, as well as Li Tian and the others!

Gosh!

He is so cruel!

Even kill your own people?

The crazy bullets pierced through the bodies of his subordinates, blood and blood, and died tragically, and Li Tian, Du Guxie and the ghost servants?

I didn't expect that this guy, like a mad dog, would even kill his own people. He was stunned for a while, and then his body hurriedly sought cover for cover!

The bullet wiped Li Tian's ear. Li Tianshun grabbed Basis's body and blocked it in front of him. The bullet hit the dead corpse, splashing blood on Li Tian's. Above the cheeks.

And the Duguxie and Opteron over there were also driven back by crazy bullets!

Even if they are awesome! It can't resist the random shooting!

They can only step back!

In an instant the brothers were pushed back by this extremely crazy guy.

The bullet also rubbed the arm of Aqiu, and Aqiu groaned in his mouth, clutching his arm and quickly backed away!

The blood flowing out dyed his entire arm red!

Seeing that Li Tian was forced to retreat by the opponent's crazy bullets... Li Tian knew that if this continues, the brothers are likely to be all forced to die here!

Isn't this? With a roar, he suddenly found the opportunity to accumulate the strength of his whole body to the index fingers of both hands, swish two broken wind fingers and shoot at the extremely vicious man.

The man felt Li Tian's extremely fierce wind hit... his body dodged slightly, avoiding one of his fingers!

In addition, the right hand was quickly raised, and the steel claw stretched out from his arm with a slur, and then the steel claw hit his sharp steel claw with a bang once and was blocked by him.

Chapter 1175: They are coming

Two people, two eyes, staring at each other coldly!

Li Tian faced the cruel man!

Then Li Tian leaped forward, using Rashomon's nine styles: the dance of death came out of his hands.

The dark breath that accompanies the whole body is as fierce as the world swallows the world and kills the cruel man.

He knew in his heart that if he and his brothers wanted to retreat today, they must kill this extremely cruel man.

So he did a great job as soon as he came up!

Rashomon: Nine styles!

Just when he rushed towards that guy, the extremely vicious man didn't even move. He just stepped forward slightly with his right foot, and then grabbed Li Tian's body with a whistling steel claw, Li Tian Leaning his body slightly, his right hand grabbed the opponent's mouth.

The cruel man was indeed an extremely master, before Li Tian's arm was grabbed, and then his right foot flew up, a beautiful chain kicked Li Tian's offensive!

Li Tian was in the air, and he roared at this moment, his palms accumulated energy, and he rushed towards this guy again.

How can the constant energy that the average person can compare?

Seeing that Li Tian's move was stronger than another, and his energy was so strong, the guy with the cobra-like eyes retreated suddenly... he seemed afraid to fight Li Tian again.

The brothers behind saw that their boss was forced to retreat by Li Tian, and quickly raised their guns and shot at Li Tian.

The bang-bang bullet came at Li Tian. Li Tian had no choice but to fly upside down and avoid the bullet!

And those guys? It was like a crazy wild dog, the muzzle was aimed at Li Tian's frantic blast, as if they could not kill Li Tian and they would not give up.

Although Li Tian is brave, what can he do in the face of this crazy burst?

The brothers over there are too far away from here... and even if they rushed over, they couldn't solve Li Tian's coal burning urgency at all!

Seeing Li Tian was about to be shot by those bullets...killed!

At this moment, suddenly two lightning-like figures arrived behind the guys with guns from a sudden direction!

Then the screams came from the mouths of those who were shooting.

died!

One of them used a sword, a sword like Duguxie!

It's just that his sword and sword move are more cruel and poisonous than Duguxie!

When killing people, only one sword is used!

The other one uses claws. The eagle claws are so perfect. The guys who died under his five fingers can't even see the shadow of his hand!

After these two people suddenly rescued Li Tian, Li Tian was stunned!

With a pair of unbelievable eyes, looking at the two people!

"Is it you?" Two words came out from Li Tian's mouth in horror.

And then after these two people attacked the guys with guns from behind, the man with snake-eyed eyes stretched his body, then slid to a car over there, hummed, started the accelerator, and The car quickly turned around and rushed forward!

He escaped!

Just after he escaped, his men ran away desperately!

When he was leaving, he turned his head and looked at Li Tian!

Those eyes are full of ruthlessness and unwillingness!

With resentment, he walked away!

And what about Li Tian and his brothers? Of course no more chasing!

He and his brothers are completely stunned now, stunned there, looking at the two people who are helping!

"It turned out to be you?"

"It's them?"

The brothers looked at the two people standing motionless with totally incredible eyes!

Who are those two people?

Ouyang Longyan, the man in purple, and the ecstasy in the gate of hell!

My God, who can imagine that the two of them would appear here? One is a man with a sword mark on his face, and the other is a handsome-looking man!

"Ouyang Longyan, ecstasy?" Tang Xiaolong's expression was full of horror and the difference was watching the two.

"They... how could they... how could they help us?"

"Something's wrong! They are people from the gate of hell!" He only heard him whisper secretly there.

What about Li Tian? Similarly, this meeting was also full of curiosity, looking at Ouyang Longyan and Ecstasy standing there.

The two of them have now returned to their previous appearances, and they are now different from when they were dying before being held in the North China Field Military Region! Li Tian didn't know how they got the medicine? How did they return to their current appearance, let alone why these two people showed up here at the moment, and helped themselves? There are too many questions in his heart.

"Why help me?" Suddenly a word came out of Li Tian's mouth.

He looked at the indifferent Ouyang Longyan and the ecstasy.

But seeing that the two were silent for a while, and did not speak, finally the ecstasy spoke slowly.

"For the promise of a senior!" Ecstasy said.

"What do you mean? What promise?" Li Tian asked puzzledly.

The Ecstasy smiled slightly: "As for what promise is... you still don't need to know!"

"The only thing I can tell you now is... we are not enemies now!"

After the ecstasy suddenly said the words "not an enemy", Li Tian's brows frowned slightly.

What does he mean?

How could they suddenly change, who had been against themselves before!

Suddenly help yourself?

Li Tian didn't understand, neither did the brothers behind him.

"I ask you, when you were in the motel, you two helped me kill those two guys... and in the dungeon just now, was it the key you gave us? You were actually following along the way Us? Right?" Li Tian asked suddenly.

After hearing Li Tian's words, Ecstasy turned his head slowly and smiled slightly. He did not admit or deny it!

"Li Tian, the road ahead is still long, this time I go to the Dark City, I only hope you can enter alive and come out alive! As for the other...I can only say it, take care!"

"Oh, yes, and, please take good care of my sister in the future!"

Listening to the ecstasy in front of him saying this suddenly, Li Tian was stunned!

Does he know? He knows the truth, does he know that Situ Ningbing is his own sister?

After the ecstasy suddenly said these weird words, he suddenly turned around and said to Ouyang Longyan: "We should go!"

That Ouyang Longyan was still indifferent as usual, nodded faintly, and then the two of them didn't say anything, suddenly stood up and swished towards the distance.

Chapter 1176: Saved you

"Wait..." Li Tian tried to ask something more, but the two weird guys just left at this time!

Looking at their distant figures, Li Tian stood there confused.

Secretly: What happened to these two guys? Why did it seem to change in an instant?

This is still Ouyang Longyan in the gate of hell, and is there an Ecstasy? No, the two of them seem to have completely become another person, why? Why is this happening? Li Tian didn't know.

"Little boss..."

"Little Lord....."

"What happened to the two guys just now?"

"The two of them ran away last time... Grandma's, why did you show up here for no reason?" The brothers who only listened to this meeting and Duguxie ran over together, looking at Li Tian and said inexplicably. .

"And why would they help us? This Nima is really weird!"

Li Tian looked at the two disappeared figures and shook his head slightly.

"I don't know the situation now!"

"But I can feel it, they seem to have changed!"

When Tang Xiaolong heard Li Tian say this, he was slightly surprised and said: "Changed? What do you mean by little boss? Do you mean that the two of them have become good people?"

"Can a cold-blooded and brutal guy like them become a good person?" Tang Xiaolong couldn't believe it!

Yes, it is hard to believe who is changing now!

After all, Ouyang Longyan and the Ecstasy had been chasing them all the time, and they were chasing them mercilessly.

But now? How could it suddenly become like this?

Li Tian smiled and shook his head. He was actually not sure about the situation in his heart, but on the way, Li Tian could clearly feel that Ouyang Longyan and the Ecstasy were helping secretly all the way. they!

At this moment, I suddenly thought of the ecstasy sentence: We are not enemies now. After this sentence, Li Tiantian's heart rose slightly with relief!

After all, he is not willing to become a real enemy with Ecstasy! After all, he is still the brother of his favorite person!

"Forget it, since the two of them didn't do anything unfavorable to us, they helped us on the contrary, hehe, let them go." Li Tian said.

"But, those two guys are in the gate of \*\*\*\* after all..." Tang Xiaolong said!

"I believe that in any place there will be a distinction between good people and evil people... I hope they are just as I thought, they are good people in the gate of hell." Li Tian said at last.

After Li Tian didn't worry about Ouyang Longyan and the ecstasy, although the brothers said they were very confused in their hearts, after all, they still don't need to think too much now!

Now they just turned their heads slowly, looking at the people who are still alive here!

At this moment, Li Tian quickly walked towards the dark girl who fell to the side with a pale face.

"Are you okay?" Li Tian asked concernedly at the dark-skinned Yi girl.

When the girl saw Li Tian, her eyes were full of fear. She shook her head timidly, "I...I...nothing."

"Just fine!"

"Get up quickly..." Li Tian stretched out a hand and slowly took the girl's hand and helped her up.

Although the beautiful girl was supported by Li Tian, she still couldn't help trembling.

After Li Tian helped her up, when the Yi people over there looked at Li Tian and them, all of them were dumbfounded.

They never thought that the slaves they had brought from the desert were so powerful that they saved their lives today! At this moment, all of them are looking at this side with horror.

And Li Tian and his brothers slowly walked towards them at this time.

"Galidu...Galidu..." Suddenly the Yi people knelt to Li Tian and said something they didn't understand.

"What kind of bird language... grandma's, can you speak some normal words? Mandarin? Mandarin, can you understand it?" Tang Xiaolong was extremely angry with the Yi people who sold them!

He can't wait to catch this group of guys who sold them before and give it a beat to calm down! So it doesn't have a good tone to speak.

After Tang Xiaolong roared, I saw an elderly Yi person over there, and quickly said in blunt Mandarin: "Thank you...thank you...you helped us! Saved us..."

"I save your uncle..."

"We are too lazy to save you bastards..."

"Nima's, didn't you want to sell us before?" Tang Xiaolong said while cursing.

Thinking that he was going to be sold, he suddenly became angry!

"By the way, there are you! And you bastard!" Tang Xiaolong grabbed the Eighth Master over there at this time, with a huge hand, almost pinched the Eighth Master to death!

"You \*\*\*\*\* still want to buy us as slaves, don't you?" Tang Xiaolong said as he raised his fist and immediately wanted to teach that eighth master!

"Xiaolong, stop!" At this moment, the ghost servant spoke! Signaled that Tang Xiaolong to stop! Tang Xiaolong let out a muffled snort, and flicked away the eighth master in despair...

"Grandma's, I'll take care of you later, Xiaoye!" he said angrily.

Li Tian at this meeting glanced at the Eighth Master in front of him, and the Yi people said with a glance: "I save you... just to pay you back!"

"In the desert, you saved our brothers no matter what...Although your intentions were not very good...not really intending to save us...but in fact we were indeed saved by you!"

"So, today's incident is equivalent to my repayment of your kindness." Li Tian said there.

After Li Tian finished saying this, the Yi people and the eighth masters were all embarrassed and guilty.

"I just want to ask you a few questions...I only hope you can answer us honestly." Li Tian said suddenly.

At this moment, the eighth master, after regaining his life, seemed to be reborn. When he heard Li Tian want to ask a few questions, he quickly said like a pug: "This hero...just ask if you have any questions. As long as we know, we will definitely answer you!"

"Hehe, there is no need to flatter me like that! I am not a hero, nor did I intend to save you... The reason why you were able to survive this time was completely an accident." Li Tian said truthfully.

After Li Tian said this, the Eighth Master looked embarrassed and ugly, and wanted to find a place to sew in.

Chapter 1177: Forbidden zone for living

"I'm asking you now, is this really a frontier fortress?" Li Tian suddenly looked at the Yi people in front of him, and the Eighth Master said.

After Li Tian asked this, the Eighth Master quickly replied: "Yes! Yes, this is the border fortress."

When the Eighth Master in front of him admitted that this was the frontier fortress that Li Tian had been looking for, Li Tian's heart suddenly became excited.

"Okay, then I will ask you again, is the Dark City not far from here? Who can tell me how to get to the Dark City?" Li Tian asked again!

His destination is the Dark City, so he couldn't help asking.

Just when Li Tian asked about the four words "Dark City", the Yi people still had the Eighth Master in front of them, and they were stunned!

At the same time, everyone couldn't help taking a step back.

"What did you just say... What..." Ba Ye said with wide eyes.

"Dark City!" Li Tian repeated those four words again!

After Li Tian said it again, the Eighth Master in front of him would be able to hear it thoroughly...and the Yi people!

They froze there together!

It's like "Dark City:" here is a name that is not allowed to be mentioned, as if it is a name that is forbidden to be mentioned.

"What? The Dark City?"

"Oh my God, are you going to the Dark City?"

They looked at Li Tian as if Li Tian and the brothers were completely monsters.

Their expressions made Li Tian feel slightly surprised!

Not only secretly in my heart: What happened to these people? How come such a big change appears on my face when I hear the words "Dark City"

"Yes, we are indeed going to the Dark City!"

"Do you know how to go?" Li Tian pointed at the Ba Ye who answered the question just now.

But what about that Baye? Looking at Li Tian in front of him as unbelievably as seeing a ghost in broad daylight.

"Are you... are you... joking?"

"You are going to...that...that place?" Eighth Master said to Li Tian in horror.

Li Tian frowned slightly, looked at him and said, "Do you think I'm joking?"

After Li Tian said this seriously, the Eighth Master was completely stunned! They seem to be really not afraid of death... They really want to go to the place that even demons don't want to stay!

"Oh my God... you are crazy... you are completely crazy..."

"You dare to go... the dark city..."

"You don't want to... live..." The Eighth Master suddenly pointed at Li Tian and the brothers like a ghost.

Hearing this guy's mouth full of nonsense, the ghost servant roared; "What did you say?"

Li Tian stopped the ghost servant a little bit, looking at the expression on the eighth master's face, he couldn't help but secretly line up at this moment: It seems that these people are obviously afraid of the dark city from their hearts! It can be seen from their behavior and facial expressions.

Could it be that the dark city I'm going to this time is really so terrifying?

"Why do you say that? Is the Dark City really terrifying?" Li Tian continued to ask.

The Eighth Master said: "It's more than horror..."

"There is hell! A living hell...do you understand?"

"In our desert, no one dared to mention that place...because that place is a symbol of death...no one would like to mention that ghost place."

"We call that place in the desert: Forbidden Zone for Living People!"

Listening to Baye's wide-eyed words, the brothers became more and more curious in their hearts!

Both before and now, they have heard that the "dark city" is terrifying...and dangerous...including Ouyang Longyan and the Ecstasy who also said that they hope that Li Tian and the others can enter the dark city alive, and hope Can come out alive, but is the Dark City really so terrifying in the legend? To be honest, the brothers are extremely curious in their hearts!

Li Tian, who saw this meeting, smiled slightly: "Oh? Really? It's really so scary..."

"Don't you believe it..."

"Everything I said is true! If you don't believe me, ask them...you ask them these Yi people..." The Eighth Master pointed at the Yi people beside him and said to Li Tian.

Li Tian glanced at the Yi people, but saw those Yi people say in blunt Mandarin: "Yes...yes, yes... the dark city is hell... it's a forbidden zone! Can't go... absolutely can't go! "

When I heard these Yi people say the same, the more I seduce Li Tian's curiosity!

Curiosity is always a harmful thing!

Just listen to Li Tian smiled and said: "Even if that place is really hell, it seems I have to break through!"

Listening to Li Tian insisting on going, the Eighth Master shook his head vigorously.

"You are crazy...you are all crazy...you are going to die...just to be slaughtered!"

"I kindly advise you...Don't go...Don't go to that place!"

"In the desert...no one would like to go to such a place..." Ba Ye said kindly.

But he didn't know that Li Tian's attention had already been fixed, so no matter how he tried to persuade Li Tian, it was of no avail.

"By the way, did you see the gang of murderers just now... They... They came from the Dark City!" The Eighth Master suddenly pointed to the corpses on the ground that were slaughtered by Li Tian and his brothers to Li Tian Say.

When Li Tian heard the Eighth Master say so, he was immediately excited.

"what did you say?"

"You said the masked people just now were from the Dark City?" Li Tian said in disbelief.

The eighth master's eyes widened and said, "Yes!"

"They are the people from the Dark City..."

"They are the subordinates of the most terrifying figure in the Dark City." Only the Eighth Master in front of him said.

When he talked about the "most horrible person" in his mouth, even breathing became difficult, and his face became pale and ugly!

Li Tian frowned and glanced at him, and said, "The scariest person?"

"Yes." Ba Ye said.

"Is he called: Poison Emperor!" A word came out of Li Tian's mouth.

Just when Li Tian suddenly said the name of "Poison Emperor", the Eighth Master was so frightened that his legs weakened and he sat there paralyzed! The Yi people behind them also seemed to have heard the name of the devil Satan... All backed away, and everyone's eyes were filled with deep fear...

"you....."

"You unexpectedly... even... know his name..."

"Did you know? In the desert...that's a name that is absolutely forbidden...someone who is never allowed to mention it!"

Chapter 1178: Go to the dark city

Looking at the expression on the eighth master's face, Li Tian knew that this guy did not lie!

Li Tian now knows at least in his heart what kind of cruel characters are the people in the Dark City!

It turned out that the man with strong martial arts, extremely cruel, and steel claws on his arms was a powerful character in the dark city!

And he was still under the poison emperor.

After thinking about it, Li Tian couldn't help but look at the Eighth Master in front of him and continue to ask: "You tell me, why did the group of people just come here to kill you?"

"Also, why did you give him so much money?"

Of course Li Tian remembered that the eighth master gave the man a box of money and gold and silver jewelry at the time, and couldn't help asking about it at this moment.

Following Li Tian's question, the eighth master frowned tightly, and his face also became very ugly.

"Hey..." He sighed suddenly.

"Of course you don't know the rules in this desert..."

"I tell you, it's not just that we are here to give some ransom money to the dark city, no matter where it is, as long as the people who live in this desert, everyone has to give some head money to the beasts in the dark city. !" Ba Ye sighed there.

"Headcount?"

"What is the head fee?" When Tang Xiaolong over there heard the eighth master say this, he was not only taken aback, but blinked his eyes and asked.

Then Ba Ye explained there: "The so-called head fee is the cost of your own head... If someone in this desert dares not to pay the head fee, he will definitely die soon. , And we only need to pay the head fee to live in the desert."

After listening to Ba Ye say this, Li Tian and his brothers were completely stunned.

"The people in the Dark City are so powerful? So vicious?"

"They control the entire desert?" The brothers over there said in disbelief.

Ba Ye said: "Yes!"

"You can't imagine the strength of the dark city in the desert... In the desert, anyone who mentions the dark city will be afraid."

"The people there are simply not people! They are beasts and demons."

Li Tian can now say that he has a preliminary understanding of the dark city!

It seems that this dark city is indeed very influential here!

The people in the surrounding desert are afraid of the people in the dark city.

After thinking about it, Li Tian hesitated, then looked at the Eighth Master in front of him and asked: "Well, you have told me so much. I want to know how far the city of darkness is from here. How can I get to that place as soon as possible?"

Hearing what Li Tian said, the Eighth Master was not only taken aback, staring at Li Tian in front of him with wide-eyed eyes and his brothers said: "Ah? You have to go..."

"Are you really not afraid of death?"

Li Tian laughed and said, "If I'm afraid of death, I won't come here!"

"Tell me how to get to that place!" Just listen to Li Tian's question.

Seeing Li Tian and his brothers insisting on going to the dark city, the Eighth Master suddenly shook his head and said, "Well, since you want to go, then I can't stop you..."

"The Dark City is less than 20 miles away..."

"You go straight from this place... and soon you will see a suspension bridge... the cloud suspension bridge in the past, you will see the fallen city... the evil city." Ba Ye pointed out. Said to the wide road ahead.

Li Tian glanced at the road in front of him, and his heart became excited.

More than 20 miles! Isn't it a few hours of effort for the brothers?

"Okay, thank you for telling me this." Li Tian said, looking at the eighth master.

At the moment, I don't even hate the guy in front of me.

But I heard the eighth master said: "Are you going now?"

Li Tian thought for a while and hesitated.

Tang Xiaolong suddenly groaned in his stomach.

"Hey, do you have anything to eat here? I'm starving to death..." Tang Xiaolong said, pointing to the eighth master in front of him.

In fact, not only Tang Xiaolong is hungry, but Li Tian and Duguxie are all hungry!

Brothers who had been hungry for so many days in the desert, after being rescued by the Yi people at this moment, they drank some water scattered and ate nothing but steamed buns!

They are humans but not gods, so how can they not be hungry?

Even if their physical fitness is stronger than anyone else, the human body's endurance is limited after all, so Tang Xiaolong will not only say that with his stomach.

When the Eighth Master heard that Tang Xiaolong in front of him said he wanted to eat, he suddenly smiled and said, "Yes, yes, yes!"

"You come with me... I don't have anything else here, but there are definitely good food and wine."

As he said, he quickly led Li Tian and his brothers to the house in front.

Li Tian and his brothers were really hungry, so they didn't refuse, and quickly walked in. At this moment, the Yi people also followed in.

In this way, after Li Tian and the brothers all came in and sat down, the eighth master quickly ordered the men to come up with good wine and good food!

Not to mention, in this windy and sandy place, I didn't expect that the food and wine made here would be quite good.

Two whole roasted lambs, as well as fragrant beef directly came up in a large pot, and a few large jars of desert wine!

After taking out these delicious things, Li Tian and his brothers ate quickly.

They have been hungry for so many days, they will just eat and drink, even Li Tian looks ugly!

Wine is pure and good wine!

The meat is also standard good meat!

Li Tian just ate with his brothers in that room.

The Yi people on the other side and the Eighth Master were also quite happy at the moment, after all, Li Tian saved their lives.

The dark-skinned girl who was rescued by Li Tian at the moment saw Li Tian wolfing down her food, not only pursed her mouth, revealing a row of white teeth, then slowly walked over to Li Tian's face, Pour wine for him!

Li Tian looked at the girl and smiled slightly and said, "Thank you!"

The beautiful girl revealed two shallow dimples and said, "You are welcome..."

"You saved my life... I still don't know what I can do to repay you!" said the beautiful girl.

Li Tian grabbed a large jar of wine beside him, then took a sip and laughed, "No need to repay!"

"When I was locked up by you, didn't you also give a bun? Haha, in fact, it was also a life-saving grace." Li Tiandao.

Listening to what Li Tian said, the glamorous girl showed a lovely smile.

Tang Xiaolong and A Qiu over there just sullenly eat and drink.

It's been so long since I've been out, to be honest, my brothers haven't eaten as happy as they are today, so at the moment they are just eating there.

Chapter 1179: What about them?

At this moment, Tang Xiaolong ate people's meat and drank their wine. In his heart, he finally did not hate the Yi people and the eighth master!

He grinned and sipped the good wine while saying: "This wine is really good! I like..."

"Drink more if you like." The Eighth Master said with a smile.

Tang Xiaolong was indeed not polite, just sipping vigorously there.

Li Tian learned from the Eighth Master and the Yi people that they all lived in this desert, and the desert was very big and big, and the dark city was in the middle of the desert. It's only about 20 miles away from here.

After finally knowing the location of the dark city in his heart, Li Tian breathed a sigh of relief in his heart.

Drinking slowly with my brothers at the moment!

This meal is indeed delicious, the brothers all ate a lot, a lot, and also drank a lot of wine!

Even the Opteron and Duguxie over there drank a few more cups, and their faces were a little red at this moment.

The Eighth Master looked at the brothers and said, "You won't leave today? If you don't leave, just take a good rest here... and then go to the dark city the next day."

Listening to the Eighth Master saying this, Li Tian originally planned to refuse, but when he saw Tang Xiaolong who was still drinking, and Duguxie and Aqiu whose faces were red, Li Tian thought about it. I thought about it and said, "Okay... Then it's troublesome."

The Eighth Master seemed very happy when he heard Li Tian and the others were going to rest here, so he ordered his subordinates to quickly prepare a place to rest.

Li Tianxin thought, it's okay to stay here for one night. After all, after coming out of the desert of death, the brothers didn't adjust to their best condition. Everyone here said that the dark city is an extremely dangerous place... If they are not in a good state to go to the dark city, they will be in trouble if they encounter danger, so Li Tian decided to rest here after thinking about it.

After Li Tian decided to rest here for a whole night, Tang Xiaolong and his brothers stopped worrying, so they continued to drink. Li Tian was happy and drank a few more drinks with them.

They have been drinking from 2 o'clock in the afternoon until 4 o'clock.

Tang Xiaolong was finally considered full of food and drinking, and at the moment he was blushing and was taken by the eighth master to rest.

The Aqiu and the ghost servants over there can make do, but so many days of fatigue, they are also very hard, so they bid farewell to Li Tian, they also went to the room to rest, and in the end even Duguxie and Haolong couldn't help it. Entered the room to rest.

At this moment, only Li Tian was still in the middle of the empty room, and the Eighth Master was still sitting inside.

Li Tian drank almost two bowls of desert wine. At this moment, he only felt a little hot on his face. As for the dizziness, he did not feel at all.

Li Tian stood up and slapped the dust on his body, and then strode towards the outside of the room.

Outside is the endless sky...

The sky in the desert seemed extra blue, extra clear, with white clouds above the blue sky.

He stood there silently, not knowing what he was thinking in his heart.

"Are you really going to that... dark city?" Suddenly a voice came from behind Li Tian.

Li Tian turned his head around and saw the beautiful girl with dark complexion.

The moment he saw that it was her, Li Tian smiled slightly, and then slowly nodded there: "Yes."

"Can you not go?" The girl continued looking at Li Tian with her bright beautiful eyes.

Li Tiandao: "No!"

"Do you know? The reason why my brothers and I came to this desert is to find the dark city." Li Tian finally told the truth to the girl.

When the girl heard Li Tian tell the truth, she paused and stood there.

"Hey!"

"Maybe you don't know much about this desert... Do you know how cruel the people in that dark city are?"

"In the desert, everyone is afraid of them... everyone treats them like ghosts."

"I just hope you will consider it." The girl said kindly.

Li Tian heard the girl joking and said, "Don't worry."

"We will be fine."

When the girl heard Li Tian say this, she didn't say too much. She turned around and hesitated. It seemed that the corner of her mouth wanted to say something, but after all she didn't say it again, so she left slowly!

Li Tian was the only one standing here on the empty ground at this moment.

Li Tian looked at the direction of the dark city, his eyes blurred, and finally he stayed outside for a few minutes before returning to his resting room.

When he came back to rest, he saw that Ba Ye's subordinates didn't know what they were busy with. They seemed to be packing up, and at the same time, everyone's face showed a panic.

Looking at their expressions, although Li Tian was a little strange in his heart, he didn't think much about it. After returning to the room, he began to rest quietly in bed.

For so many days, he has not slept well. Today, he finally had a good meal and a good drink. He really should rest well, and then set off tomorrow!

One night is spent in peace!

The night in the desert seemed particularly short.

In less than 67 hours, the sky had begun to faintly light up.

Li Tian was fairly awake. After the sunlight passed through the window, he got up from the bed. Then he opened the door, and there was fresh air outside, he took a deep breath, and then went to call the brothers next door.

Knocked on the door of the brothers, and then called them one by one.

The brothers took a rest overnight, this is all in a very good state of mind, and they all walked out after getting up.

"Let's go and say goodbye to them." Li Tian said to the brothers.

The brothers nodded, so they went to look for the Yi people and Ba Ye.

But when Li Tian and his brothers arrived at the Eighth Master's room and the place where the Yi people lived, they found that the whole room was empty and there was nothing in it!

And people also disappeared without a trace... Many things in the room seemed to have moved away.

Looking at the empty room, the brothers were stunned for a moment.

"Huh? What about people?"

"Aren't they all gone?" The brothers over there said in surprise.

Seeing Li Tian looking at the empty house, he smiled helplessly and said, "It seems that they have indeed left."

"Go in such a hurry? Why don't you even say hello?" Tang Xiaolong said depressed.

Li Tiandao: "Maybe they are afraid of something..."

"Forget it, no wonder they are!" Li Tian said after all.

Chapter 1180: Going the wrong way?

The brothers thought about it and didn't say too much. After all, the Baye and the group of Yi people have nothing to do with them, and they have nothing to do with them.

"Clean up, let's go!"

"Go to the Dark City!" Finally Li Tian made up his mind to say.

The brothers then simply sorted it out, and then began to really set off.

Hearing that the Eighth Master said that the distance from here to the Dark City is only more than 20 miles, so if you follow this road directly, it should not take more than two hours for Li Tian and the others to reach the Dark City.

After taking a look at the deserted road in front of them, Li Tian and the others set off.

The road is a straight road, barren and long.

No one knows where this road leads.

Brothers are walking forward on such a road.

The people in the desert are barren. From this glance, you can't even see the personal figure.

Sometimes you can see a few screaming crows hovering over their heads, screaming, screaming...

Looking at the ominous crow that had been hovering above them, Tang Xiaolong said, "Damn, this smelly crow, why does it keep following us?"

"It's said that the crow heralds death... Is it?"

After what he said just now, the ghost servant on the other side said: "What are you talking about? Don't talk nonsense here."

"Hey, Master, I was wrong..." Tang Xiaolong closed his mouth there.

After Duguxie here followed Li Tian for a while, he said: "Young Master, Ouyang Longyan and Ecstasy, will these two people still follow us? Are they going to the Dark City?"

Listening to Duguxie's words, Li Tian paused.

Then he shook his head slightly.

"To be honest, I still don't know..."

"However, judging from the situation along the way, they are indeed following us!"

"Will they also go to the Dark City?" Du Guxie asked again.

Li Tiandao: "I think I will go..."

"Ah? They go to the Dark City too? Why are they going to the Dark City?" Tang Xiaolong asked while asking.

Li Tian shook his head slightly, and said, "I don't know...but I hope they don't have to trouble us."

"Oh!" Tang Xiaolong responded, and did not speak any more.

"So Ouyang Longyan and Ecstasy are really helping us?" the ghost servant over there asked.

Li Tian didn't know what the truth was!

But he can still vaguely feel that those two people have indeed changed. As for following them this time, does it help them? No one might know it!

In this way, they walked and talked all the way, and an hour soon passed.

"Young Master, now we have been on the journey for almost an hour, how come we still haven't seen any traces of people...not even a sign of a house?" Just listen to the ghost servant over there. Looking at the endless barren road in front of him, he said.

In fact, Li Tian was always wondering, he was paying close attention to the surrounding environment along the way, but he didn't notice any signs of people crowding!

"Could that \*\*\*\*\* lie to us? This dark city is not here at all?" Tang Xiaolong thought for a while and said.

Duguxie over there said: "It should not be!"

"Then how could this happen? We walked so far, grandma, why can't you even see the personal hair?" Tang Xiaolong said depressed.

"It should be right in front,"

"Forget it, let's walk around and take a look." Li Tiandao said.

So the brothers followed Li Tian onward.

After another ten minutes of walking, this road seems to be gone!

Because there are continuous and winding sand dunes in front of them, those dunes are not very big, but they are enough to block all the sight of Li Tian and his brothers, and these dunes are like hills that undulate and extend far and far away... ..

When the brothers opened their eyes, they were all depressed.

"Fuck, shall I just say? Those people must have deceived us... Damn, bastard!"

"This dark city is not here at all...There is no way here." Tang Xiaolong, who had walked all the way, sat down on the ground angrily at this moment and shouted.

The Duguxie and the ghost servants in front of them also frowned slightly.

There was indeed no road ahead, and only barren sand dunes as high as a hill stood before them.

The Duguxie and the ghost servants who looked at them, turned to look at Li Tiandao and said, "Young Master, there is no way out..."

"It seems that we are going back." Du Guxie said helplessly.

Li Tian stood there with a look of unwillingness in his eyes, and at the same time he looked at the sand dune in front of him.

He could not imagine that those people deceived himself! Did you really lie to them? Or did they go the wrong way?

He clearly remembered that the Eighth Master said, walk along this road, keep walking, as long as you walk for more than 20 miles, you can see a cloud bridge, and you can reach the dark city in the past. But now? There are soaring deserted sand dunes in front of them, rolling up and down, they have no way to go, do they really want to turn back and find the dark city again, as the Duguxie said?

Li Tian, who had been silent for about two minutes, suddenly set his eyes on the high sand dunes in front of him and said: "Well, you guys are waiting for me here first... I will climb these dunes to take a look... "

"If there is really no road ahead, let's go back..." Li Tian said to the brothers.

Hearing Li Tian said that he was going to climb the high sand dunes in front of him, the brothers were all taken aback.

"Little boss, as for?"

"The front is 100% desert...There must be no way! Such a ghost place can be known without thinking about it." Tang Xiaolong said there.

The ghost servant also said: "Young Master, I can't use it anymore... Climbing up this sand dune is very hard, and what Xiaolong said just now is really good... The back of this sand dune, I guess it should be a desert."

How could there be a dark city in the endless desert?

So the brothers in front of him are here to stop Li Tian, and they don't want their little boss to work so hard.

But what about Li Tian? But he smiled slightly.

"Don't worry, I'll be back soon!"

"Wait for me here first... If the front is really desert, let's go back."

After Li Tian made up his mind, the brothers didn't say much.

Duguxie glanced at Li Tiandao: "Young Master, let me see..."

Li Tian shook his head and said, "No need!"
