

## A Killer 118

Chapter 118: hate

When Li Tian's name was spoken, Tang Zheng's face changed slightly.

Even Xiao Zhou couldn't help listening attentively, and he was slightly surprised.

"Who? What's your name?" Tang Zheng continued to ask again without hearing clearly.

When Tang Zheng asked again, Mr. Chen smiled and said, "The kid with the surname Li and Li Tian."

Li Tian?

"Are you sure it's Li Tian?" Tang Zheng asked, suddenly looking shocked.

The boss of the Prosperity Group was taken aback for a moment, looking at Tang Zheng's weird expression, he couldn't help but lining up in his heart: What's wrong with Mr. Tang?

But he still said, "Yes, it's Li Tian. I heard my friend say that he is a new boxer who just entered. Last night I personally watched him punch."

Tang Zheng ugly murmured in his mouth, "Impossible, it can't be him? Maybe it's just a coincidence of the name?"

How could Tang Zheng believe that Li Tian, a poor security guard he drove out half a month ago, suddenly became a popular boxer in the black market boxing match? So at the moment I sat there wondering.

"Ms. Tang, what's the matter? Do you know the boxer named Li Tian?" Mr. Chen looked at Tang Zheng's face and asked with curiosity.

"Hey!"

Tang Zheng sighed suddenly.

Shining eyes glanced outside, and when she was sure that Tang Feifei was not here, she slowly said, "I don't know who Li Tian is in the black boxing match you mentioned? But I was half a month ago. I met a kid named Li Tian."

Hearing Mr. Tang saying this, Mr. Chen asked curiously: "It's also called Li Tian??"

"Ok."

"Brother Chen, how old is Li Tian in the black market boxing match? What did he do before?" Tang Zheng asked quickly.

Then Mr. Chen said, "Are you old? Looking at your 20s, what did you do before? I'm not quite sure, but I heard from my friend that that kid was a gangster on the road. A black market boxing match played in the name of the front cover."

"Fu Feng?" Tang Zheng frowned slightly when he heard Feng Wu's name.

No one in the upper class of Kyoto City knows the top five titles of the nine districts.

This letter five is a figure in the nine districts. For the upper class Tang Zheng in Kyoto, he naturally knows it better.

So when he said the name of the fifth seal, Tang Zheng frowned slightly. Who doesn't know that the fifth seal is a mess?

"Well, that kid is going to seal the five for now."

Tang Zheng was silent for a while, and raised his eyes to look at Xiao Zhou next to him: "You have seen that Li Tian, you ask Mr. Chen to see if it is him?"

Xiao Zhou stood aside and nodded. He held the golden glasses on the eye sockets with his iconic hand, then looked at Mr. Chen and said, "Mr. Chen, what does Li Tianchang look like in the black boxing match? Remember?"

Mr. Chen thought for a while and said, "What does it look like, a very handsome guy with a clear chisel."

"And that kid, I heard my friends say that he is a kid who just came to Kyoto City. As for the others, it's not very clear."

After Mr. Chen said this, Xiao Zhou was startled slightly, with a smile on his face, and said to Mr. Chen: "Thank you Mr. Chen."

Then turned his head to look at Tang Zheng in front of him: "Mr. Tang, if Mr. Chen is right, it should be him."

After Xiao Zhou's decision was made, Tang Zheng's expression became extremely ugly.

Did Li Tian really go to fight the black market boxing? Did that kid really mess with the people on this road?

While Tang Zheng was still infinitely surprised, he did not expect that Tang Feifei, who just happened to come back from outside, would hide in the doorway and listen to everything.

"Uncle Chen, what are you talking about? You said Li Tian was playing black market boxing?"

Tang Feifei, with surprise and astonishment, suddenly walked out from the doorway.

"Feifei? Why are you here?"

Tang Zheng's expression was so ugly that he looked at his daughter there.

He didn't expect Tang Feifei to hide in the doorway.

Originally, the Tang family had rarely talked about the topic of "Li Tian" during this period of time. At this moment, after Tang Feifei suddenly heard of Li Tian's deeds, she became even more depressed.

Facing Tang Zheng's question, Tang Feifei ignored her father, but blinked a pair of clear eyes and looked at Mr. Chen.

President Chen of the Changsheng Group is depressed, how come they all know the boxer in the black market boxing match.

President Chen was taken aback for a moment, then looked at Feifei and said, "Well, Li Tian is playing black market boxing, what's wrong? Feifei, do you know him?"

After Mr. Chen said so, Tang Feifei suddenly turned and ran outside.

"Feifei!"

Tang Zheng stood up abruptly from the seat, looked at his daughter's back and shouted there.

Xiao Zhou next to him suddenly said: "Mr Tang, I will follow Missy."

After speaking, Xiao Zhou quickly ran outside.

The President Chen of the Changsheng Group over there didn't know how all this happened. He looked at Tang Zheng in front of him in surprise, and Feifei, who had already run out, sat there in a daze.

"Mr Tang, what's the matter? Did I say something wrong with Chen Sheng?" Mr. Chen said sorry.

Tang Zheng shook his head and sighed long, "It doesn't matter what you do."

"Hey, this is our family affair. Forget it, let's not talk about it, Brother Chen, let's talk about business matters."

Tang Zheng, who was speaking, went back to the subject and talked to Mr. Chen about business cooperation again, and Mr. Chen didn't dare to mention the black market boxing match.

---

However, after Tang Feifei ran out, she ran on the street alone.

Does she know where she is going now? Don't know what to do? Feifei, who was chaotic in her heart, had only one question in her mind at this moment: "Why did Li Tian go to fight the black market?"

Although Feifei doesn't know what the underground black market boxing in Kyoto is like, she has never eaten pork, at least she has seen pigs walking.

How many times have Hong Kong and Taiwan TV series broadcast the black market boxing scene in those underworld movies. I think with my toes, and I know that it must be an extremely dangerous profession, and the black market boxing match is an illegal boxing match.

How could Li Tian do that kind of industry?

Tang Feifei on the road thought over and over again, but she didn't understand.

Suddenly I remembered the cold words that the other party had said when I said goodbye to Li Tian: (If I, Li Tian, enter your Tang house again, I will be thundered), Tang Feifei suddenly became cold all over.

Did he really hate our family? Did he really hate me?
