

## **A Killer 1191**

Chapter 1191: Killer

Until Li Tian and the others left the alley, they began to walk along the road ahead.

Just when they felt that this dark city was not as terrifying as they had imagined, suddenly a few people appeared in the front place!

Several fierce men with sabers in their hands.

The expressions of these people were not good, and there was a vicious look in their eyes, and they coldly blocked the way of Li Tian and the brothers!

After these guys with sabers came out, a dozen guys with knives and steel pipes crowded from the intersection on both sides.

Although these people have different appearances, each of them can be seen as extremely vicious characters, which can be felt from the scars on their bodies and the pair of beast-like eyes.

After Li Tian and his brothers were suddenly surrounded by so many people with guys in their hands, they were depressed.

"Oh, it seems we are being targeted..." the ghost servant said slightly there.

Li Tian looked around at the moment and found that all the intersections had been blocked, and these guys with sabers in their hands were approaching one by one maliciously.

"It seems that we do have a lot of trouble today..." Du Guxie said coldly.

"Who are these people? Why stop us?" Tang Xiaolong couldn't help but ask.

But I heard it say: "In this depraved place... there is no need to ask why."

At this moment, but seeing that Duguxie's remaining hand was already pressed on the hilt, the other Tang Xiaolong and Opteron were also ready for all battles at this moment.

But seeing that the murderous guy carrying the knife was getting closer and closer to them, it seemed that he was ready to fight at any time.

Suddenly there was a pair of triangular eyes at the front, men who were about 175 in size, looked at Li Tian and they spoke.

"Who are you? How dare you come to our territory?"

After this roar, Li Tian and his brothers were slightly startled.

What does that guy mean?

What is their place?

Could it be said that there is still a place for who is who is here?

Li Tian thought for a while, looked at the humanity and said, "I'm sorry... our brother entered this dark city for the first time... I don't know this is your place... If possible, our brother will leave now, can it? "

Li Tian's words are quite modest. He doesn't want to have conflicts with these people in front of him. After all, he and his brothers did not come to this dark city to kill. They only wanted to find the Poison Emperor and then find the \*\*\*\* gate. His whereabouts only arrived here, so Li Tian swallowed his breath.

"go away?"

"Can you go?" The man with a pair of triangular eyes suddenly showed cruel eyes.

As he said, his group of more than twenty men has moved closer and closer to Li Tian and the others, and the guy in his hand seems to be ready to take action at any time.

"Lao Tzu asks you, are you someone sent by the boss?" The man suddenly roared.

Li Tianyi immediately understood this guy's words.

It turns out that this group of people regarded them as the boss of the outer city, Qiu San, and boss of Qiu.

Li Tian then explained there, "No, we are not the boss of the enemy..."

"To be honest, we just arrived in this dark city today."

It's a pity that Li Tian's words, those people didn't believe it very much.

"Fart, do you the \*\*\*\* think I'm stupid?"

"Ghosts come to this kind of place, do you dare to say that you are here for the first time?" the guy roared.

Listening to his words, Li Tian suddenly felt helpless. He looked around at the 2030 people with the guy in his hands, slowly raised his head, looked at the guy, and said, "Hey, anyway, I have That said... Since you don't believe it, I can't help it."

"Fuck, you must be the \*\*\*\* guy sent by Boss Qiu."

"Brothers chop me... Damn, chop these \*\*\*\* to death."

Following the order from the triangular-eyed man, the hunks holding the guy in their hands slashed towards Li Tian and the brothers like they were crazy.

Li Tian had already guessed that today's battle is inevitable.

Therefore, this meeting can only make a move. Before the guy over there slashed the saber in his hand, Li Tian slapped it with a strong palm, directly hitting the opponent's two guys holding the saber with a bang!

But seeing that the two of them were directly shaken to the ground by Li Tian's strong palm strength, the saber in his hand fell to the ground with a scream...

On the other side, the sabers in the hands of several hunkers will directly slash towards Li Tian. Li Tian glanced at his body, avoiding the blades of these people, and then swept the legs one by one, swept the three guys in front, and three took The guy with the knife was swept to the ground with a painful grunt in his mouth.

And the Duguxie here has also taken action, his bronze sword has not been out of the sheath, because he still does not want to kill, he just swept the gang with the bronze sword with the scabbard.

Happiness! But seeing that the bronze sword in Duguxie's left hand suddenly hit the shoulder well points of the guys who rushed over, the arms of those guys hurt, and then the saber in his hand fell to the ground.

Tang Xiaolong and the ghost servants here, and Ah Qiu also slaughtered the Quartet, the guys who rushed to them were not their opponents at all.

Although they are all ferocious, they are all desperate characters.

But how could it be Li Tian and his brothers' opponents?

Where is the Opteron over there? He didn't even have a hand. When he came to him, he flew up and kicked...

Seeing that these more than 20 brutal guys surrounded Li Tian and they wanted to fight in a group, it was a pity that more than half of them fell down within an instant.

But who can imagine that the more you fight, the more people come from all directions.

After a while, I saw a dozen guys with machetes in their hands pouring in from the side alley.

Upon seeing this scene, Li Tian suddenly felt a headache.

Why are there so many desperate guys here?

After being knocked to the ground by Li Tian, these people even ignored the pain on their body, and once again rushed towards Li Tian and the others like crazy beasts.

Looking at this situation, Li Tian not only feels more and more depressed, do these people have to force him to kill his brothers? Kill them all?

And Tang Xiaolong and his brothers over there also felt that there were more and more people, and they were all desperate characters.

It seems that Li Tian is their bitter enemy.

Li Tian learned the character of this dark city for the first time. It turned out that all of them were so-called lunatics, one by one desperate lunatics.

With a roar, Li Tian is ready to kill him!

Chapter 1192: One wave is not flat, another wave rises

No way, these guys really make Li Tian feel a little impatient. Li Tian must kill a hundred. In this way, he and his brothers can stand out from the siege, otherwise he and his brothers can't be trapped alive by these barbarians. Right here?

Just when Li Tian was angry and ready to attack, suddenly a screaming scream came over there, but he saw a man with a pale face holding a saber in his hand running there like crazy and shouting. Talking.

"Boss enemy is here...Run away..."

"The boss enemies are here...brothers run away..."

...

After this screaming and terrified shout came all of a sudden, the barbarians who had been desperately fighting with Li Tian seemed to be stunned when they heard the look of a ghost coming.

Then a look of fear suddenly appeared on each face, and the guy in his hand was thrown away, and he fled everywhere like crazy.

They no longer dared to fight against Li Tian and others, on the contrary, they flee desperately as if they heard the devil.

In a blink of an eye, dozens of guys who had surrounded Li Tian and his brothers suddenly started running from all directions.

Looking at the brave people who fled all of a sudden, Li Tian and his brothers here were startled.

"Damn, bastard...what the \*\*\*\* are these \*\*\*\* doing?"

"Master, I really want to pinch these \*\*\*\* to death," Tang Xiaolong roared at the moment.

"Did you hear what those guys were screaming?"

"They seem to be saying that boss enemies are here..." The ghost servant over there frowned.

Of course Li Tian heard the voice calling from the group of people, and at this moment his brows became more and more frowned.

Boss Qiu, Boss Qiu? Could it be the character Qiu San mentioned by the old woman before?

Just as Li Tian and his brothers were all in amazement, suddenly they heard the sound of vehicles in front of them.

I took a closer look, but saw 34 awesome and arrogant cars driving out from the side corner.

Those cars are old trucks with pockets, but they all seem to be modified.

In the back of the truck, there were screaming crazy men standing there, with guns and knives in their hands, they drove over here arrogantly.

Obviously this group of people is the group of Qiu San, the boss of Qiu.

Li Tian and his brothers have been seen by the group. At this moment, even if they want to run, it is too late... because they have found that the other's gun has been aimed at them.

"Little boss, what should I do? Will these \*\*\*\* also trouble us?" Tang Xiaolong said worriedly.

Li Tian calmly said, "Don't panic...Look at the situation first."

"Yeah!" After the brothers nodded, they all stood there, waiting motionlessly for the arrival of these crazy people.

However, seeing the arrival of the crazy savages, Li Tian and his brothers surrounded him.

With a hissing sound, I saw that several cars stopped at Li Tian and the brothers.

Then I saw the guys in the car with guns and knives jumping out of the car one by one.

Li Tian and his brothers stood in the middle, one by one, they didn't do anything, just stood there quietly, looking at the group of people.

After this group of people jumped down, all the guns in their hands were pointed at Li Tian and the brothers in front of them.

But seeing a man wearing sunglasses and a black leather jacket over there seemed to be the boss of the group. After pushing away the two younger brothers in front of him, he coldly walked towards Li Tian and his brothers.

This guy carried a bright and shining head around his waist, which was cold and dazzling. After walking over, he took a careful look at the faces of Li Tian and the brothers in front of him.

Then he spit on the ground.

"Fresh faces..."

"Damn, you are not from the Dark City, are you?" Suddenly a roar came out of his mouth.

Following the exit of the guy wearing sunglasses, Li Tian stood there looking at him and said, "Well, we really are not."

"Then who are you? Why did you get here?" He only heard the man wearing sunglasses ask again.

Li Tian didn't expect that they would encounter so many troubles when they first arrived in this dark city. At this moment, he reluctantly told the truth: "We just arrived here today."

"come here?"

"Don't you know what this place is? Don't you fear that the bones will die here?" the man wearing sunglasses said grimly.

Li Tiandao: "We are afraid, but we have to come."

"Why are you here? Looking for something? Or looking for death?" The man wearing sunglasses said cruelly with a distorted face.

"Find someone." Two words came out of Li Tian's mouth.

Li Tian said at once: When looking for someone, the man wearing sunglasses seemed to have heard a big joke.

Haha, haha.

A wild laugh came from his mouth.

"He said, he came to the dark city to find someone?" The man wearing sunglasses burst into laughter, and at the same time the cruel guys around him laughed loudly.

"Look for the dead, right?"

"Definitely looking for the dead."

Haha...

Seeing this group of people laugh so presumptuously, Tang Xiaolong over there has already clenched his fists tightly... and the ghost servants and Duguxie also exude a strong murderous intent, as if they are ready to kill and kill at any time This guy wearing sunglasses.

"Damn, it was the first time I heard that I came to the Dark City to find someone." The man wearing sunglasses instantly became cold again, his eyes staring at Li Tian's face like death.

Li Tian smiled bitterly, looked at him in front of him and said, "Whether you believe it or not, we are here to find someone."

"Looking for someone? Lao Tzu sees that you are going to die." As he roared, the man wearing sunglasses took out the sharp head in his waist.

The moment he took out his sharp head, Tang Xiaolong in front of him suddenly stepped out and wanted to do it, but was suddenly held by the Duguxie beside him...

After Tang Xiaolong was held by Duguxie, the foot that stepped out abruptly retreated, but his whole body was shivering with anger. If it hadn't been for the Duguxie just now, Tang Xiaolong would really do it. I don't care if these \*\*\*\* have guns in their hands!

But after seeing that the man wearing sunglasses took out the sharp head with blood grooves, he coldly looked at Li Tiandao in front of him and said, "Boy, are you afraid of death?"

Chapter 1193: Should I kill you?

Li Tian glanced at him, then looked at the bow in his hand, and nodded slightly.

"Fear..." Li Tian said truthfully.

The man stared at Li Tian in front of him, and then slowly forced his sharp head toward Li Tian's eyes.

As the sharp head in his hand poked towards Li Tian's eyes bit by bit, it seemed as if his head was about to poke into Li Tian's eyes.

But Li Tian didn't even move his body, even his face still kept a smile.

The tip of the knife stopped when it was still a finger away from Li Tian's eyes.

There was a cold blade in front, but Li Tian didn't even move.

Calm, calm as a rock.

The man wearing sunglasses seems to be very different from Li Tian's calm feeling. Not only did he say there, "But why do I feel like you are not afraid of me at all?" The man wearing sunglasses in front of him Suddenly he looked at Li Tiandao solemnly and said.

It seemed that he also felt Li Tian's composure, and his composure completely made him feel uncomfortable.

But seeing Li Tian, he smiled slightly and said: "I believe that I have no grievances against you. You don't have to embarrass us, right?"

"No, you are wrong!" the man wearing sunglasses suddenly said coldly.

"In this sinful place, there is no hatred at all, only I want to kill you..."

"If I want you to die...you will definitely die." The man wearing sunglasses said fiercely.

Li Tian said nothing, and fell silent slightly.

"But, now I suddenly feel that I should change my mind..." The man wearing sunglasses suddenly said to Li Tian and the others.

"I feel that you guys seem to have a lot of background." He said, turning his eyes around.

The pair of Senhan's eyes then looked at the brothers, first at Li Tian, then Tang Xiaolong, and then Ah Qiu...

In the end, he cast his eyes on the Duguxie with that hand.

When he stared viciously on that Duguxie like this, he stepped towards Duguxie suddenly.

"Why do you feel so cold to me..." His eyes looked at the Duguxie in front of him, grimly.

"You have murderous intent..."

"Heavy and very murderous, isn't it?" The man wearing sunglasses continued to look at Dugu Xie.

Duguxie did not speak, those extremely cold eyes just looked at him there, staring at him unblinkingly.

Suddenly, the man wearing sunglasses grabbed Duguxie's neckline: "I tell you, don't look at me like this...understand?"

Following his roar, he just grabbed Duguxie's neckline.

Duguxie's hand that only held the sword suddenly burst into blue veins, and at the same time the terrifying murderous aura emanating from his body suddenly suffocated the entire space.

The Ghost Servant has made all preparations at this moment, because no one knows his second brother's temperament better than him...Perhaps, Duguxie will soon come forward to the lifeless guy in front of him.

Dead!

Death seems to be about to happen.

Everyone was worried that Duguxie would not be able to bear such humiliation and would take action.

Even Li Tian looked at that Duguxie very worried, he was worried that Duguxie really couldn't stand it, and would make an action!

When he shot, it would definitely be earth-shattering.

Just when everyone was extremely nervous, Duguxie finally endured it. He began to slowly reduce the powerful murderous aura from his body, and then turned his eyes slightly.

And the man holding his neckline smiled when he saw that Duguxie finally showed "surrender" in front of him.

He loosened Duguxie's neckline, then patted Duguxie's broad chest and said, "That's right...this is the right way..."

After this guy finally loosened Duguxie's neckline, the brothers including Li Tian finally let out a sigh of relief.

The brothers are not afraid of the current situation, just for the sake of safety, they can't not worry about it at all.

Don't forget, now they are being pointed at by a few guns.

After the guy wearing the sunglasses finally let go of the Duguxie in front of him, he coldly glanced at Li Tian and the brothers and others in front of him, and then said, "What should I do with you?"

"Kill you? Or..." He seemed to be asking and answering there.

"kill him!"

"Kill them..." the crazy savage-like little brothers around them cried cruelly.

It seems that they like killing, and they all like seeing scenes of dead people.

At this time, brothers and Li Tian, of course, had already prepared for the worst.

If the guy wearing sunglasses in front of him only needs to spit one out: kill, word, then there is no doubt that Li Tian and his brothers will definitely do it.

Even if they were caught by the bullet in front of them, they would kill all the people in front of them alive.

It's close.

The breath of death filled the surrounding air, everyone was waiting for the words in the mouth of the boss wearing sunglasses, to kill or not to kill? Just between his thoughts.

But seeing that the man wearing sunglasses took a look at Li Tian and all his brothers, a strange feeling of hair clogging suddenly appeared in his heart, the feeling was as if he was about to die.

Then he fell silent.

His little brothers around were still screaming like crazy: Kill them...Kill them...

Suddenly the man wearing sunglasses called out.

"Shut up all the \*\*\*\* to Lao Tzu!" After he roared, the yelling little brothers suddenly became quiet one by one.

Then this guy turned his head to look at Li Tian and they said, "I count you lucky today...I am in a good mood and don't want to kill..."

"Come here, take them away to Lao Tzu! Take them back."

Following this guy's order, several guys holding Sen Leng's machetes walked towards Li Tian.

Tang Xiaolong glanced at Li Tian, his eyes seemed to ask Li Tian if he wanted to make a move.

But Li Tian glanced at the situation in front of him, and he shook his head slightly.

In this way, after Li Tian decided not to shoot, they were arrested by this group.

This group of people is the boss of the outer city, Qiu San.

Li Tian and his brothers tied ropes on their hands, and were dragged onto one of the trucks in front of them one by one.

After the boss with sunglasses waved his hand, he yelled: "Go back!"

Then the group of people screamed frantically, and then drove the trucks in front of them swiftly forward...

Inside the ruined dark city, there was a breath of despair and violence.

Chapter 1194: Very murderous

But seeing that Li Tian and his brothers were \*\*\*\*\* with a rope by the bandit-like guys in front of them, they dragged them to the truck, and then several trucks drove away.

Li Tian maintained an extremely calm attitude along the way.

To be honest, he wasn't very worried about his situation at the moment, he was just blinking his eyes and looking at the surrounding environment.

As these trucks drove toward the ruined buildings inside, they gradually drove to the block ahead.

This block and the mutilated ruins in front of them are basically two places, because there are many people here, many people with weird clothes, and people with bad looks.

Some of them squatted together, looking at Li Tian's car with those wild beast-like eyes, while others were holding sharp machetes in their hands, walking back and forth in groups of three or five. .

There are also large and small pubs on both sides.

Those people were drinking in that big mouth, making a loud noise.

At this moment, following these trucks coming over, the eyes of the people over there are all betting on the truck in front of them.

Li Tian, who was in the car with his hands \*\*\*\*\* with ropes, and his brothers all looked at this place in surprise at this moment, and their hearts were filled with the unstoppable shadow: Is this the site of the boss?

In fact, their inner guess is pretty good.

The brothers now have been taken to the center of the outer city, of course, inside the territory of the boss.

Looking at so many murderers all around, Li Tian frowned slightly.

At this moment, but seeing their trucks suddenly turned left to a street in front of them.

The place in front of this street is a magnificent building underneath. Although the wall tiles outside the building have been eroded by the years, they still look good as a tall building.

At the entrance of the building, there are still a few men with machetes in their hands, walking back and forth.

When they saw a few mighty cars coming by, a group of people standing at the door yelled, and then ran over.

"Back, they are back."

As the sound came, I saw several people running towards this side.

The truck pulling Li Tian and the others also stopped at the gate with a hiss.

"Bring those guys down to Lao Tzu."

Following the roar wearing sunglasses, he saw several strong men around Li Tian dragging Li Tian and his brothers and dragging them off the truck.

Li Tian and the others were dragged down from the truck one by one.

After coming down, the few people gathered around.

"Brother Huang, what do these guys do?" Only one of them was wearing a mole on his face. The looking ugly man, holding a bright machete in his hand, pointed at Li Tianhuan in front of him. Some brothers waited and asked.

The man called Huang Ge is the man wearing a pair of sunglasses.

At this moment, he coldly glanced at Li Tian and the brothers in front of him and said, "How many of them?"

"I don't know what they do."

"I only know that these strangers have just entered the Dark City." Huang Ge said.

The man with a mole on his face heard the Huang brother in front of him say so, he suddenly said: "Damn, it's still fresh... from outside?"

"Brother Huang, do you want me to let these new people suffer first? Let them know the rules of our dark city!" The man with a mole on his face was viciously facing Li Tian there. Said the brothers.

The man who was called Huang Ge with a pair of sunglasses on his face was silent for a moment, and then took a look at Li Tian and the brothers in front of him.

He shook his head there suddenly.

"Do not....."

"Let's take them down first... Let's make a decision after I notify Boss Qiu." Just listen to the Huang Ge in front of him after serious consideration.

The man with a mole on his face looked quite disappointed, as if he wished to teach Li Tian and the others severely, but there was no way. Since the Huang brother in front of him had already said so, he had nothing to do. , So he said: "Well, then I will listen to Brother Huang."

"You guys come here... bring in these bastards, remember, show me... don't let them run away for Lao Tzu."

After this guy said this, several men with guns with awesome tattoos over there walked towards Li Tian and the others, and then dragged Li Tian and his brothers towards Li Tian's place.

Li Tian was observing the surrounding environment at this moment, and then was taken in by the group of people.

After Li Tian and his brothers were brought in, the man with sunglasses standing outside took out a cigarette from his pocket and held it in his mouth, then took out the lighter and lit it, and took a deep breath.

The man next to him with a mole on his face moved in at this moment.

"Brother Huang, why didn't you let me teach those new ones?"

"Isn't the new products that came to the Dark City in the past behave according to the rules?" The ugly man with a mole on his face showed his yellow teeth and asked Ge Huang in front of him.

But seeing that Huang Ge took a deep breath, then frowned and looked at Li Tian and the direction the brothers were taken away and said, "You know what a fart..."

"Do you know what it means to watch words and looks?"

The guy with the mole on his face didn't even graduate from the fifth grade of elementary school. He knows a hairy, so he shook his head depressedly.

"What do you mean, Brother Huang?" the man with the mole on his face asked.

"I'm telling you, the new guys just now are not ordinary people." Huang Ge, who was wearing sunglasses, suddenly said with a strange look in his eyes while smoking a cigarette there.

"Not just ordinary people? Just those new products are not ordinary people? Brother Huang, are you wrong..." The guy with the mole on his face said in disdain.

"You know a ball!" Brother Huang scolded the guy next to him.

Then he said: "I can feel that they have a murderous aura... and they are very murderous."

"Forget it, even if you tell a person like you, you won't understand." Huang Ge took a violent cigarette, then threw the cigarette \*\*\*\* on the ground, stamped out the cigarette \*\*\*\* with his foot, and then He ignored the guy with the mole on his face and walked to the side.

And the ugly man with a mole on his face? He touched his head and said, "Murder?"

"Damn, there's a murderous look on him? Are you kidding..." The man with a mole on his face felt that what Huang Ge said was a joke.

Chapter 1195: Hit just hit

Li Tian and his brothers were brought in at this meeting, but there were still a lot of people inside, all of them were hunky men, all of them were tattooed with colorful and awesome tattoos. When I saw Li Tian and his brothers When we were there, they all looked at them with a pair of eyes.

But seeing Li Tian and his brothers were taken from the side into an extremely simple room.

The room was dark and damp, and there was a rotten, musty smell.

After being taken in, he found that another person was being held in this damp room.

This person is naked and has loose hair.

The steel-like muscles revealed a strong breath.

He is still squatting in the corner of the wall.

Because there are brothers with his back to Li Tian, he can't see his face clearly.

After Li Tian and his brothers were brought in by those people, they saw that those people pushed Li Tian and others into the room in front of them: "Give me in..."

After pushing them in fiercely, he slammed the iron door in front of him directly, and the sound of locking was heard from outside.

After Li Tian and his brothers were locked into this dark room at this moment, they were quite calm.

Only Tang Xiaolong seemed very unconvinced: "This bastard, give them a good face, they are almost on the wall... Little boss, according to me, you have to teach these bastards, \*\*\*\* it. , Let them know that we are not annoying."

But seeing Li Tian did not speak, he just glanced at the dark and damp room in front of him, and then at the rope tied to his hand!

Then the corner of his mouth smiled slightly, and the energy of the whole body was poured into his arms, hard!

But after hearing a "bang", the rope that was originally tightly tied to Li Tian's hands was immediately broken with his strength, as if the rope tied to Li Tian's hands was like a rotten hemp rope.

And after Li Tian broke the rope on his hands all of a sudden, that Duguxie, the ghost servants, and the others like Hao Long broke the rope on their hands!

It turns out that these so-called ropes can't trap Li Tian and his brothers at all. The reason why Li Tian and his brothers were caught by this group was only because they were willing... they wanted to see the situation in this outer city. .

After they suddenly broke the rope on their hands, they then began to look at the house in front of them.

The house seemed to be a prisoner, cold and dark.

And the muscular hunk in the corner, with his upper body naked, didn't even look at Li Tian from the beginning to the end, and kept squatting in the corner.

From the mottled scars on his body and the impression of the whole person, one can feel that this person is definitely a life-threatening character.

It's just that Li Tian couldn't understand why this person was being held here like them.

"Who is that guy?" Hearing Tang Xiaolong also loosened the ropes on his hands this time, he whispered at the scarred man looking at the corner of the wall.

The brothers around shook their heads slightly.

Li Tian walked towards the weird man step by step.

When he was almost two meters away from the man, he suddenly heard a cold voice from the other's mouth.

"If you take a step forward, I'll kill you." When the cold words came out of his mouth, Li Tian's steps stopped slightly.

Of course, Li Tian wasn't afraid of this strange and cold looking man, he just felt a little curious, so this meeting did not continue to move forward.

"Well, I won't move forward anymore..."

"But, can I ask you a few questions?" Li Tian said, standing two meters in front of the cold man, looking at him.

Following Li Tian's question, he saw that weird man suddenly turned a face, a bronzed face.

His eyes were full of scarlet bloodshot eyes. When I looked at Li Tian and his brothers, he felt that they were his prey enemies.

Looking at the strange and weird man in front of him, Li Tian just stood in front of him.

But after seeing Li Tianwen's words, this cold and weird man gave Li Tian a cold eye, and then he ignored Li Tian again, and then turned around slightly.

"Well, since you don't want to talk, then forget it..."

Li Tian saw that this person seemed unwilling to speak, so he didn't ask too much, and returned to his place.

At this moment, the brothers are all blinking their eyes and looking at the room in front of them. The whole empty small room seems to be closed. They stayed for a while and only listened to the ghost servant asking: "Young master, now we What should I do?"

"Do you want to leave here?" Just listen to the ghost servant said.

It's hard to trap Li Tian and the brothers in a small house.

Brothers just don't know why Li Tian chose to stay here.

Perhaps only Li Tian understood in his heart that the only reason for staying here was that he wanted to learn more about the dark city.

Because only by knowing too much about the city of darkness, can Li Tian know how to find the Poison Emperor.

"No, wait." At this moment, I heard Li Tian say.

Listening to Li Tian's determination to stay here, the brothers did not speak too much, nodded slightly there, and then fell silent.

They just sat quietly in this house.

I don't know how long the time has passed. I just heard that Tang Xiaolong might be too irritable, perhaps because of curiosity in her heart. He got up from the ground, and walked towards the naked man over there with many scars. past.

"Hey, brother, why are you locked in here?" Tang Xiaolong walked to the man with his upper body and asked.

But seeing that man suddenly raised the extremely cold eyes and glanced at Tang Xiaolong: "What's up with you?"

"Fuck..."

"I'll just ask you about him, are you making such a big fire?" Tang Xiaolong roared, and wanted to teach this guy a lesson.

"What? Do you want to fight?" Suddenly the hunk man stood up suddenly as if he was not afraid of anything.

Kong Wu's powerful body is really a macho image.

The scars on his body are vertical and horizontal. I really don't know what this hunk has experienced before.

Tang Xiaolong is most afraid of fighting with others in his life.

Hearing that this hunk is going to fight him right now? Suddenly, the energy came.

"Fuck, hit it, do you think I'm afraid of you?"

"come."

Tang Xiaolong, who was talking, took off his coat all at once, then threw it away, ready to do it.

The ghost servant over there wanted to stop the reckless Tang Xiaolong, but was slightly stopped by Li Tian on the side. Li Tian, who saw this meeting, smiled and said, "Let them fight, it's okay... As long as it doesn't kill anyone."

When the ghost servant heard Li Tian say this, he did not dissuade Tang Xiaolong.

Chapter 1196: Did a fight

At this moment, Li Tian, Ghost Servant and Du Guxie watched Tang Xiaolong against the stranger with great interest.

The stranger is obviously not a character to provoke. From the scars all over his body and the vicious eyes, it can be seen that this person is definitely not a peaceful character.

At this moment, once provoked, you must do it.

Then Tang Xiaolong had already taken off his jacket, and he looked energetic and vigorous in a black sleeveless T-shirt inside.

Facing the hunk.

"Come on, let's see how I clean up you today, Xiaoye." Tang Xiaolong said while pointing at the strange man in front of him.

The man also seemed to belong to the character of a bullfighting. Once Tang Xiaolong was angered, he immediately slammed at him with a fist.

Fist moves are ruthless and domineering.

It is obvious that this person is a trained role.

But when he saw this guy hit Tang Xiaolong with a fist, Tang Xiaolong dodged with a glimpse of his body, and then smiled coldly in his mouth and said, "Is that enough?"

The man seemed to be irritated, he suddenly turned around and fisted again with two punches and struck Tang Xiaolong.

Tang Xiaolong stepped back slightly and dodged these two punches again.

"It's me."

Tang Xiaolong, who had just dodged, didn't wait until the fierce man's fist was retracted. He suddenly grabbed the opponent's wrist with a backhand. The opponent also felt Tang Xiaolong's power, and quickly stretched out his hand to retreat, and then flew up and kicked Tang Xiaolong straight.

Tang Xiaolong turned around, then a gorgeous high flying leg stared at the man.

The man couldn't avoid Tang Xiaolong's kick, he was kicked in his chest with a bang, and fell to the ground with a thump, his mouth let out a muffled painful cry.

Tang Xiaolong laughed haha.

"Now you know it's not my opponent? Can you still fight?"

Although the man was kicked to the ground by Tang Xiaolong, he was weak at all, and a tumbling cable stood up again, and those wild beast-like eyes glared at Tang Xiaolong in front of him.

"hit!"

With a roar, this guy pounced at Tang Xiaolong like a tiger again.

Tang Xiaolong's body bends slightly, then his right fist blasted out, and a straight uppercut from his left fist suddenly struck out at the same time, but what about that hunk? Surprisingly, the hunk did not evade this time.

Bang Bang, he who had been hit on his face twice unexpectedly hugged Tang Xiaolong's entire waist, and then he fell to the ground with a roar.

Tang Xiaolong was suddenly thrown off with an extremely ugly face.

Li Tian, the ghost servant, and Du Guxie here saw Tang Xiaolong being thrown into such an ugly posture, not only burst into laughter.

But Tang Xiaolong felt that Nima was ashamed.

"Fuck your ancestor."

With a roar, he wanted to get up.

It's a pity that the hunk was holding him tightly like two children fighting, while both hands locked Tang Xiaolong's arms, and both feet tightly clamped Tang Xiaolong's legs.

At this moment, seeing two people pressing down on it and struggling underneath, the scene was really funny.

The man knew that he couldn't beat Tang Xiaolong, so he could only hold Tang Xiaolong with his strength.

But no matter how vigorous he is, how can he hold down a living person?

After the two of them struggled for two minutes, Tang Xiaolong's right hand broke away from the other's locked arm, and then his elbow pressed against the opponent's chest fiercely, screaming while beating.

Tang Xiaolong gave the man an elbow to his chest, and his face paled for a moment. At the same time, he was holding Tang Xiaolong's body tightly, and his body was suddenly sent away.

Then Tang Xiaolong took advantage of the skill of this meeting to get up from the ground like a fish.

As soon as he got up, he shot at the man fiercely.

The fists smashed at the man's head, face, and chest like a storm.

Although the man was barbaric, he could only hold his head and dodge his fists in the face of Tang Xiaolong's series of offensives that was angry at this moment.

Bang-bang-bang, rain-like fists hit the guy's arm, and the hunk at the moment was beaten with no power to fight back.

"Enough, Xiaolong stop." Just listen to Li Tian over there.

Tang Xiaolong was very angry, but he had to listen to Li Tian's words. At this moment, he who had been attacking fiercely stopped after hearing Li Tian's order, and looked at the man with his bruised nose and swollen face while holding his head tightly. The man spit out fiercely in his mouth: "Bah, I have a fight with Xiaoye, huh, I don't know what the \*\*\*\* is it." This guy retreated excitedly while saying.

"Little boss, hehe, I've finished teaching that kid who doesn't know good or bad." Tang Xiaolong walked over and said, smiling at Li Tian.

But what about Li Tian? But Tang Xiaolong gave Tang Xiaolong a slight stare.

Then he glanced at the beaten man with a bruised nose and swollen face, looked at him pitifully, then reached out and took out a white handkerchief in his arms, stood up, and walked towards the man.

When Tang Xiaolong saw that Li Tian was going to give that person a white handkerchief and wipe the blood on his face, he was not only taken aback.

"Little boss...you..."

As soon as he said the word "you", he was violently pulled his arm by the ghost servant beside him.

"shut up....."

"People give you no grievances or enemies, who made you take such a heavy shot?" The ghost servant reprimanded him.

Tang Xiaolong said: "Who made him annoy me... If I don't teach him, this kid won't be awesome..."

"Nonsense! I think you caused the trouble." Ghost servant said.

Tang Xiaolong, who was scolded by his master, could only sit on the ground sullenly. He who had just won the victory felt aggrieved at the moment.

But Li Tian said that after slowly walking to the beaten nose and swollen face in front of the fierce man with blood on the corners of his mouth, he saw that he was still holding his head in his hands, and not only said, "Give... Take the blood on your face..."

"Sorry, my brother was reckless just now and hurt you."

Li Tian said as he passed the handkerchief in his hand to the man in front of him.

But seeing that the man did not speak or move, nor did he reach out to pick up the handkerchief Li Tian handed over.

Li Tian knew that this man didn't like to talk, so he put the handkerchief in his hand slightly in front of him, and then prepared to return.

Just when Li Tian was about to retreat, the man who was beaten with a bruised nose and swollen face and blood on the corner of his mouth suddenly opened his mouth.

"You...are you... here to participate in the death match?" a word suddenly came out of his mouth.

The voice is questioning.

When he finally took the initiative to ask the words out, Li Tian not only slowly turned his head and glanced at him, but now he could see the man's real face.

Chapter 1197: Black palace

There was still blood on the corner of his mouth. Tang Xiaolong hit the corner of his mouth just now. His upper lip was still swollen, and the corner of his eye was still a little bruised. At the moment, he blinked his eyes and looked at Li Tian and the brothers asked.

"Death match?" Li Tianyi was not only taken aback when he heard the death match that the old woman had said before.

"Isn't it?" The man asked timidly.

After hearing the man's question again, Li Tian smiled slightly, and then shook his head there.

"No, ours is not the death match you said just now."

"We just got here." Li Tian said slightly.

The man who listened to Li Tian's words seemed suspicious.

"But now I am more and more interested in what you call the death match... Can you tell me what the death match is like?" Li Tian asked curiously.

When the man heard Li Tian admit that he was not participating in the death match, he was stunned.

"Since you are not a death match player, why do you know so much?" His words still looked as cold and aggressive as his whole person.

Li Tian saw that this guy seemed unwilling to talk, so he said, "Well, since you don't want to talk, then I won't force you."

Li Tian walked over slowly.

When everyone thought that the kid might not speak anymore, what was unexpected was that after Li Tian walked over slowly, the kid actually spoke.

"You are really new to the Dark City? I really don't know what a death match is?" the man asked.

But see Li Tiandao: "Yes."

: "If you want, you can tell us brother." Li Tian said with a smile.

After thinking about it for the last time, the man said, "Okay, what do you want to know?"

But seeing Li Tian thought about it and asked, "I want to know if this site is a site with a character named Qiu San?"

After Li Tian asked this, the man's expression appeared very different.

Then he nodded: "Yes, but boss Qiu here controls it."

"The death match is also? Right?" Li Tian continued to ask.

"Ok."

"He is the judge of the death match." The man said.

"oh, I see."

"Then I want to ask, this Qiu San is there now? Is he also here?" Li Tian asked again.

"You ask him? Why do you ask Boss Qiu?" The fierce man in front of him suddenly looked at Li Tian with a puzzled look.

Li Tian smiled slightly and said, "I'm just curious about this person... When I was outside, I heard that Qiu Sannai was the boss of the outer city, so I wanted to see and know... I ask you." Li Tian casually fabricated an inappropriate reason and said there.

"Hmph, that \*\*\*\* bastard, if someone from the inner city supported him, how could he be the boss of the outer city." The man at this moment seemed very angry when he mentioned that Qiu San. At the same time, his fist was also tightly clenched and said.

Looking at the hatred expression of the man in front of him, Li Tian was not only slightly puzzled.

Not only secretly lining in my heart: It seems that this person hates the guy named Qiu San deeply.

"When I first arrived in the Dark City, I heard many people talk about the inner city and the outer city. To be honest, I still don't understand the difference between this inner city and the outer city? Can you tell me simply Me?" Li Tian asked. In fact, he already knew something about the inner and outer cities of the Dark City from the old woman, but he just wanted to learn more about it now.

After he asked, the man didn't say a word.

Originally, Li Tian thought that the man was unwilling to tell him, but after a minute of silence, the man raised his puffy eyes and said, "The people in the inner city are all masters... the people in the outer city. It's all garbage."

"Do you know why people in the outer city often hold death matches?" The man suddenly raised a pair of bloodshot eyes and asked Li Tian.

When Li Tian heard him say this, he not only shook his head slightly, he really didn't know.

But listening to the man said: "The purpose of the death match is to select the most capable and vicious talent from a place in the inner city."

"What?" Li Tian was slightly surprised when he heard the man say this.

Just listen to the man continuing: "Death match, to put it bluntly, is a kind of killing match."

"Whoever survives the death match at last will be sent to the black palace in the inner city." The man in front of him said.

Hearing this man talk about a strange place in the Black Palace, the brothers including Li Tian were slightly surprised.

At this moment, not only were they listening to this guy attentively one by one.

"Black Palace?"

"What black palace?" Li Tian asked, frowning.

But the man in front of him raised his eyes and said: "According to legend, the black palace is the place where the most powerful people in the inner city stay...the people there are better than the other...These people are not only dark. The most powerful and cruel character in the city, he is also the subordinate of the overlord of the dark city, Poison Emperor."

what?

The master in the black palace turned out to be the poison emperor's subordinate! !

Now Li Tian finally understands why the people in this outer city are holding a death match. It turns out that they are the most hated and cruel characters selected from the desperadoes in the outer city, and then enter the inner city and reach the black palace. Inside, in this case, no matter who can survive the death match, they feel that they are extremely cruel characters...

Thinking of this, Li Tian not only felt more and more that the people in this dark city were cruel, but also thought to himself that the Poison Emperor was really a convincing villain.

"How many people are in the black palace, do you know?" Li Tian not only asked again.

But the man in front of me suddenly said, "How would I know?"

"I have never been in the inner city again." His voice was full of despair.

Li Tian looked at his expression, and then looked at his whole person slowly and said, "If I guess it is correct, you are the candidate for the death match, right?"

After Li Tian asked, the man suddenly fell silent, his eyes were filled with a deep desperate color and he did not speak.

Obviously, he acquiesced.

No wonder this guy would ask Li Tian if he was in the death match as soon as he came up. It turns out that he was one of them.

"Nine out of ten people participating in the death match will be beaten to death in the arena...No one wants to participate in the death match, no one will be willing to be beaten to death in the arena."

The man's voice was full. A sense of misery.

Li Tiandao: "Then you don't have to participate!"

Chapter 1198: Boss

"Don't participate? Do you think I volunteered to participate in this death match? I was forced by the gangsters of Boss Qiu... They forced us to participate in the death match! They forced us to die." A pair of angry eyes said in Nasty,

When he heard what he said in front of him, Li Tiancai deeply understood why this man had such a grudge against the third, it turned out that the third was forcing them to participate in the death match.

Then Li Tian had just entered the dark city again.

The scene of the people under Qiu San chasing and killing the man, it turns out that these people are all trying to avoid participating in the death match, so they were chased down.

Thinking of this, Li Tian felt that the boss named Qiu San was indeed a \*\*\*\* bastard.

"Young Master, it seems that everything is directed at the character Qiu San." Du Guxie over there suddenly said.

Li Tian pondered for a while and said, "Yeah."

"I now finally know something about the Dark City."

"It turns out that to enter the inner city, you need to survive the death match." Li Tian said as he beamed light in his eyes.

When listening to Li Tian say this, the brothers in front of him were not only taken aback, but seeing that Duguxie looked at Li Tiandao and said, "Young Master, would you not want to do that?"

The ghost servant at the moment and the Opteron also raised their eyes to look at Li Tianwen.

But seeing Li Tian smiled slightly: "If there is really no way, I will do that."

When he said this, his eyes were filled with deep confidence.

Duguxie said in front of him: "But, Young Master, if you do that, it would be a bit too ostentatious..."

"If our identities are exposed once, I am afraid it will not be good..." Du Guxie said worriedly.

But listening to Li Tiandao: "Don't forget, this is a dark city, and there are no people who can know us... so don't worry too much about it.:"

After listening to Li Tian's words, Duguxie thought for a while, it is indeed such a thing, after all, they have just arrived in the Dark City, who can know them?

In a room full of depravity, but I saw the voices of several women groaning and ringing there.

A few brawny men stood outside, holding machetes in their hands, guarding the door outside.

One of the guys with a big face and beard glanced at the "Chunguang" in the cat's eyes, and he smiled: "Fuck, boss Qiu is a man and four girls, really domineering."

"Haha, that's... a few young ladies... I'll go play some other day."

"dare?"

"Nima's, unless you don't want the stuff in your crotch... Our boss has spoken up. If anyone the \*\*\*\* dares to touch those lesbians, they will castrate them..."

A few men guarding the gate just said nasty words in their mouths, laughing there, while the spring light inside was still groaning and groaning.

The woman's ecstasy voice, and the man's gasp, intertwined, degenerate and degenerate.

Just now, but I saw a man walking towards this side with two men behind him.

He is not someone else, it is the guy named Huang Ge who brought Li Tian and the others back wearing sunglasses.

After he walked over, the few men who were talking and laughing became serious.

"Brother Huang, I'm back..." He only heard that the most wretched Hu man who smiled just now squinted and called to Brother Huang.

The guy wearing the sunglasses snorted slightly.

"Where is the boss?" he asked.

The cheeky man smiled, pointed inside and said: "I'm doing those four girls."

Hearing what the cheeky man in front of him said, the man wearing sunglasses in front of him frowned slightly.

Then he said: "I have something to find the boss..."

"Brother Huang, the boss is enjoying it. Why not wait?" the cheeky man said.

"Wait for Mao!"

"I won't say anything, it's a big deal... Let me get out of the way, I'll look for the boss." Huang Ge said, and then rudely retracted the cheeky man in front of him, striding hard and rushing towards the inside. Go to the room of ecstasy sounds.

It was too late for those big guys who were guarding outside to stop them.

But when I saw the guy wearing sunglasses who walked in, I saw the women's clothes falling on the ground one by one, as well as pink and \*\*\*\* bras, hoods, stockings, high heels... all over the floor.

Then I saw a bed.

A big, very soft bed.

Lying on the bed were naked men and women, a thin, pale-skinned man, and a few fair-skinned, very showy, very glamorous women.

The woman's makeup is very thick, and she looks like the character she bought out, and she is lying naked on the man's body.

And the man with slightly pale skin? He squinted his eyes slightly, enjoying it gently.

Indecent, shameless, depraved, perverted, flooded this room.

"Boss!"

Brother Huang, who came in suddenly, called out.

When he called out, the naked women on the big bed were completely unmoved. Their white, tender and smooth bodies were all visible in the eyes of Brother Huang, but they didn't seem to shy away at all, but they were seeing Brother Huang being strong. When the man's body was groaning, he even showed the hidden parts of his body in front of Brother Huang.

"What's the matter?" Suddenly at this moment, the man lying and enjoying groaned in his mouth, his eyes still slightly closed, and asked.

"Boss, I have something important to look for you." Just listen to Huang Ge talking there.

When he said something important, the man in front of him suddenly opened his eyes.

Those eyes are small, but very poisonous. They belong to the same type as snake eyes.

Then he rudely pushed away the four naked women lying on him.

"whats the matter?"

After he sat upright, he asked.

After the four women around him were pushed aside rudely, their beautiful faces were complaining, but they dared not speak and could only step aside.

Brother Huang heard his boss ask this, and glanced at the women next to him.

"You four, get out of here, and I'll call you later." The man with very small eyes suddenly said to the four guys around him.

What about the four women? He snorted, then twisted his naked body without even wearing any clothes, twisted and walked out from the side door.

"Let's talk..." The boss at the moment was slightly leaning on the bed, and then squinted at him in front of him with his vicious eyes.

"Boss, a few strangers have arrived in our dark city." A word suddenly came out of his mouth.

Why is there a word "again" in his words?

Could it be that strangers have been here before?

Chapter 1199: stranger?

When the guy wearing sunglasses in front of him said "A stranger again", the boss in front of him sat up naked from the soft bed.

His expression is ugly and weird. At this moment, his eyes are staring at Brother Huang in front of him.

"what did you say?"

"A stranger here again?"

"Damn, don't they think that the Dark City is a place that is open at will?" He couldn't help the anger in his heart.

Brother Huang wearing sunglasses in front of him said, "Boss, I think the stranger who came this time is exactly the same as the two extremely cruel people last time."

"They... They all have a very serious murderous aura, and I can feel that they seem to be very powerful."

This Huang Ge said in his mouth, not only recalled the two strangers who had come ten days ago in his mind.

Horror, terrifying.

Although the dark city has always been called the most evil place and the place of "hell", the two people who have been here in the past ten days are simply more terrifying than the devil of hell.

If the desperadoes in this dark city are all evil spirits, then the two people who came over a dozen days ago are simply evil spirits among evil spirits.

But who are the two strangers who came over the past ten days?

It turned out that a dozen or so days ago, two people came into the Dark City for no reason. One of the two people, one in a black robe and holding a weird snake-head scepter in his hand, limped into the Darkness. Cheng, the other is huge, his entire face is red and red. What's even more awesome is that even his eyes are red...looks \*\*\*\* and scary. It's just that two weird people like this go unimpeded all the way after they arrive in the dark city, whoever stops and kills. And the man wearing sunglasses in front of him clearly remembered the power of a palm of the man with swollen eyes and \*\*\*\* pupils. At that time, 56 of their brothers wanted to make trouble for them, but it was a pity. Without being there, 56 people were shattered by the palm of the man with blood pupils in both eyes... However, the two of them did not pay attention to the situation of the outsider... They only left. The next sentence is to go to the inner city, find the "Poison Emperor", and then walk step by step towards the inner city. No one of the boss's enemies in the outer city dared to stop them. They were given the breath of death emanating from the opponent. The complete shock was there, the horrified fear was there.

And now suddenly a group of so-called "strangers."

So when the boss of this meeting heard the three words "stranger", his head was dumbfounded. The last thing he wanted to hear was the three words "stranger" because he was afraid of what came this time. The stranger will be just as powerful as the stranger ten days ago...If that were the case, he would be broken.

"What about those strangers now? How many are they in total? Where?" Boss Qiu in front of him asked suddenly.

But I heard that Huang Ge, who was wearing sunglasses, said, "Six in total."

"I've been brought back now...detained there." Huang Ge said.

"What? You caught them back?": Boss Qiu asked questioningly.

Brother Huang nodded there and said, "Yes."

"Did they not fight back? So vulnerable?" Boss Qiu asked questioningly.

The guy wearing sunglasses said, "I didn't fight back."

"Damn, then you say they are amazing...!!!" Boss Qiu said angrily. Just now, when he heard this guy say that the stranger who just arrived was amazing, Boss Qiu was shocked. Jump, when he heard that someone had been arrested by them, the old man Qiu suddenly scolded his mother.

The sunglasses wearing Brother Huang explained, "I don't know why those strangers didn't fight back... But I can feel that they are absolutely extraordinary characters..."

"fart!"

"Damn, everyone has already been caught, so hairy?"

"You or him is just a pig head." Boss Qiu continued to curse.

Brother Huang, who was wearing sunglasses, felt aggrieved and explained: "Boss, I can really feel that they are murderous, and they are very heavy..."

"It's exactly the same as those two people a dozen days ago... It's just that the feeling is slightly different." Huang Ge said.

"How does it feel?"

Then Huang Ge said: "The two strangers a dozen days ago felt like death is approaching...but this group of people lacked that terrible hostility."

Following the words of Brother Huang, the boss squinted his eyes and thought.

Then he stood up from the bed hungrily.

"Go, take me to see those strangers." As he said, he put on his clothes.

And the man with sunglasses in front of him took their boss and walked quickly towards the house where Li Tian and his brothers were imprisoned.

"Young Master, the thing that can be determined at the moment is that the Poison Emperor should be in the inner city." In the dark room full of rotten smells, but listening to Duguxie whispering to Li Tian in front of him.

The brothers also stayed quietly.

Just listen to Li Tianzai saying: "Yes, so if we want to find the Poison Emperor, we must enter the inner city."

"Ok."

"But how do you enter the inner city? Where is the entrance to the inner city?" Tang Xiaolong asked on the side.

Li Tian smiled slightly and said, "Don't worry, I believe I will know soon."

Just as the brothers were talking, there were scattered footsteps outside.

Li Tianyi suddenly said, "Someone is coming."

The brothers will sit there quietly and wait for someone to come.

After a few seconds, I really heard the sound of footsteps getting closer and closer, and then I heard the sound of the lock on the door being opened, with a click, the sound of the lock spring bounced, and then I saw The whole door was pushed open in an instant.

Then, at first glance, he saw the Huang Ge who had brought Li Tian and his brothers back, wearing sunglasses.

And behind him stood a thin man with squinting eyes. There were also 67 guys with guns and knives behind him.

After seeing these people, the brothers and Li Tian's expression was extremely calm.

And what about Brother Huang? It was stunned.

"You... where's the rope in your hand?" The first time he walked in, he saw that the rope that had been tightly tied to Li Tian and the brothers' wrists before was all broken and thrown on the ground. What about brothers? They are standing there relaxed one by one.

Chapter 1200: transaction

But after he asked, Li Tian smiled and said: "The rope is uncomfortable when tied to my hands...so I broke it."

Listening to Li Tian said so naturally, that Huang Ge looked ugly for a moment.

"Come on...Tie them to me..." As he yelled, the few guys with guns rushed up. Of course, they were scared in their hearts. They didn't think Li Tian and his brothers could do it casually. The rope tied tightly on his hand broke like this! ! !

Seeing that these people were about to tie up Li Tian and the brothers again, suddenly a voice came over at this moment.

"Wait..."

It was the thin man standing behind that Huang Ge, who was obviously the boss of the outer city, Qiu San.

When he motioned to his subordinates not to do anything, they stopped one by one.

"Boss, these people... these people... If they are not tied, I am afraid they will be in trouble." Just listen to the Huang Ge reminding Qiu San in front of him.

But seeing Qiu San glared at him: "I told you to shut up..."

The Huang Ge was scolded by Boss Qiu so that his mouth was closed, and he didn't dare to talk too much.

But seeing the boss Qiu in front of him, this will turn his gaze slightly, and then stare at Li Tian in front of him, and the brothers behind Li Tian. After watching carefully, this Then he stared at Li Tian's face again.

"You are those strangers? Didn't you just arrive in the dark city?" The boss in front of him squinted and asked viciously at the eyeballs staring at Li Tian.

Li Tian stood there with a smile and said, "Yes."

After Li Tian confessed, the boss Qiu in front of him continued to ask, "Can you tell me the purpose of your coming to the Dark City?"

Li Tian smiled, but shook his head slightly there.

"I can only tell you that I only want to find one person in this dark city."

When the boss heard Li Tian say this, his sharp eyes narrowed slightly.

"Looking for someone? It's not a good idea to find someone in such a place, right?" He sneered as he said.

Li Tian said slightly: "No way, he is in this dark city. If I don't come, I won't find him."

"Who are you looking for?" Boss Qiu suddenly looked at Li Tian and asked.

"I'm sorry, I can't tell you yet." Li Tiandao.

"Do you know the consequences of not telling me?" The boss squinted suddenly and looked at Li Tian viciously.

The guys with guns behind him were already eager to try, and at the same time their guns were aimed at Li Tian and the brothers in front of him.

And Duguxie and Hao Long suddenly stepped forward to the place beside Li Tian at this time, and stared at Qiu San in front of him coldly.

There was a feeling of suffocation in the deadly air, and everyone was staring at each other.

But what about Li Tian? He glanced at Boss Qiu slightly, a slight smile appeared at the corner of his mouth, and then said: "I know."

"But, I still can't tell you."

After Li Tian said so all of a sudden, the little brothers behind the enemy boss were already angry!

In the outer city, it was the first time someone dared to talk to their boss Qiu like this. It was his mother's impatient life. These subordinates were waiting for boss Qiu's order to kill Li Tian and him. Brothers.

But unexpectedly, the boss Qiu did not speak at this moment, his face only became extremely ugly, squinting his vicious eyes and looking at Li Tian's eyes.

What about Li Tian? He was also very calm and looked at him slightly.

The two eyes are facing each other.

Finally, after being silent for about three or four seconds, the boss of Qiu suddenly laughed, not smiling.

"Not bad....."

"You are kind enough!"

The boss said with a vicious smile.

"I didn't expect to come to my outer city so rampant..." Boss Qiu continued.

The little brothers behind him all looked at their boss in wonder, not only wondering one by one in their hearts: Why did their boss' temperament change today? After being so rejected, why didn't you get angry, but laughed?

Maybe only Boss Qiu knows the reason.

At this moment, after hearing that boss Qiu said this, Li Tian still stood there calmly and smiled and said: "Actually, we don't want to disturb you... It's just that things just happened to be here."

"Oh, yes, there is one thing I want to ask, are you the boss of the outer city?"

After listening to Li Tian's question, he saw that boss Qiu glanced at Li Tian and said, "What about me?"

"Boss Qiu, I think we have something we can discuss." Li Tian said suddenly there.

When he suddenly wanted to discuss the matter with the boss, the boss was taken aback.

Then squinted those vicious eyes at Li Tiandao in front of him and said, "What's the matter?"

"It's about the death match held in your outer city." Li Tian suddenly said.

After Li Tian suddenly said this, the boss's eyes became strange.

Regarding Li Tian's sudden mention of the death match, the boss in front of him secretly said: Why do these strange guys ask about the death match? What do they want to do?

After thinking this way in his mind, Boss Qiu stared at those cold eyes, then looked around. Li Tian asked in front of him, "Death match?"

"Why are you asking this?" But seeing the enemy boss staring at Li Tian and asked.

Li Tian smiled and said, "I heard that the number of participants in the death match seems not enough... and no one even wants to participate in this match... So I want to make a deal with you."

"who said it?"

"Who the \*\*\*\* said that no one wants to participate in our death match?" The boss in front of him suddenly roared.

He didn't seem to want Li Tian to mention his death match, and roared there.

When Li Tian heard that the boss in front of him did not admit his affairs, he frowned slightly and said, "Well...Since I was wrong, then treat it as if I didn't say it."

The boss Chou paused, thought about it and said, "You just said you want to make a deal with me?"

"I want to hear what deal you want to do?" The boss at the moment suddenly transferred to the topic just now and asked Li Tian.

Li Tian had guessed that this boss would be interested in what he said just now. At this moment, he laughed after hearing boss ask.
