

## **A Killer 1211**

Chapter 1211: Duguxie

Crazy words, and their fierce and cruel voices filled the audience.

On the arena of the death match, but seeing Duguxie still standing motionless, any sound around him seemed to him like a burst of air, but he was just as stable as a rock.

"How do you want to die? The disabled man?" The butcher's suddenly white face said with a grinning grin, and his vicious eyes stared at the Dugu Xie in front of him.

Listening to what the "butcher" in front of him said, Du Guxie raised those cold eyes and glanced at him.

No words.

"Why? Are you not just a handicapped? Are you still a dumb?" The butcher continued to slander the Duguxie in front of him.

Duguxie raised his head this time, and then spoke coldly.

"I shouldn't have stood here..." a weird sentence came out of Duguxie's mouth.

When the butcher suddenly heard what Duguxie said, he suddenly burst into laughter.

"It's too late... Since you disabled stand on this ring, it means you will be killed alive by me."

Duguxie: "Can you keep a hand?"

The butcher said: "No! If you want to stay, you will save your life!"

After the butcher finished speaking, his body moved suddenly.

With the speed of the cunning rabbit, he attacked Duguxie very quickly with one move. This move consists of three tricks, only taking Duguxie's throat, chest, and left shoulder...vicious and spicy tricks.

As soon as he made a move, he could tell that the butcher in front of him was indeed a master-level figure.

The desperadoes in the audience screamed as soon as they saw the "butcher" exploding. At this moment, even the boss Qiu on the stage and the Huang Ge beside him were watching the death match below intently.

But what about Duguxie? The body still didn't move, it didn't move... Stand there very steadily.

Three meters, two meters...one meter...

Finally, the butcher's violent move suddenly slew the Duguxie in front of him.

When the butcher's hand was still a few inches away from him, Duguxie's cold eyes suddenly exploded, and then his only left hand suddenly moved strangely.

Like electricity, like light.

The speed was so fast that people couldn't believe it, and then suddenly the shadow of his hand flashed towards the butcher's throat.

Hand knife!

The knife-like palm cut straight on the butcher's neck, without any suspense!

Then the butcher's body suddenly stopped!

Not only his body was still there, but even the whole audience who was still roaring just now was completely still... because they all saw the butcher's body spasm and trembling... at the same time the eyes were Bloodshot is about to protrude...

At this moment, I saw Duguxie on the death ring suddenly lifted that cold face and looked at the motionless "butcher" in front of him, his face violently distorted, and said: "You just misunderstood what I meant... I said, I shouldn't come to stand here because you are not my opponent at all... I asked if you can leave a hand? But you just want to leave your life..."

After Duguxie spit out these words coldly, he didn't even look at the butcher again, and directly turned and walked under the arena of the death match.

Everyone is dumbfounded...

They froze!

Not only were they stunned, but even the boss of the death match was stunned.

The air at this moment seems to be frozen, looking at this duel unbelievably!

One move, only one move...

The butcher just stays still?

Then amidst the consternation of everyone... Suddenly the butcher's body began to spasm violently... Then he saw a sudden click in his neck... Then the eyes began to bulge and widen... The eyeballs seemed to be bleeding. Come on...

With a plop, he fell on the top of the cold death match ring and died!

Gosh!

The butcher is dead!

Who could have imagined that the butcher who had just been so awesome was killed alive by Duguxie?

At this moment, all the desperadoes in the audience were dumbfounded, one by one looking at the audience with wide-eyed eyes that couldn't accept the reality... and even the boss on the ring and Brother Huang were equally shocked. Over there.

"One move... he... he... does he... use one move?" Huang Ge was speechless... his teeth were shaking in disbelief.

What about Boss Qiu? At this moment, he was also full of confusion. He thought that Duguxie would solve the butcher in front of him within 20 strokes, but he didn't expect that, my God, he only used one stroke!

Just one move!

A shocking move.

A fatal blow, how overbearing, how mighty?

At this moment, the desperadoes on the entire field seemed to be immersed in the daze just now and had not fully awakened.

It was not until Duguxie stepped down the death ring in front of them that they realized that the second game was over so quickly...

So fast, so fast they didn't even see the \*\*\*\* fight and it ended like this?

But what about Duguxie? As he walked step by step at this moment, Tang Xiaolong couldn't help laughing while covering his mouth.

And what about the ghost servant? There is also a light of comfort in the eyes.

Only Li Tian stood there with a slight frown.

"Young Master, I'm sorry..."

"I can't help the anger in my heart...so I killed someone." I just listened to Duguxie speaking slowly as he walked to Li Tian.

Li Tian glanced at Duguxie, then smiled slightly.

"Forget it...that person is not a good person...he is dead, so he deserves it."

Although Li Tian said so in his heart, there was actually a slight blockage in his heart. After all, they were not indiscriminately killing innocent people.

"That's the end?"

"The second game is over so soon?"

The one-eyed dragon talking guy stood in the middle of the death match ring with a microphone in his hand and looked at a loss.

He looked at the butcher's corpse on the ground, then looked at Boss Qiu over there, and finally Boss Qiu nodded slightly at him.

So the Cyclops wiped the cold sweat on his face and said into the microphone: "Everyone... everybody... the second game is over... the winner... the winner... is... the one-armed man!"

"One-armed man!"

His teeth trembled and read the three characters for a one-armed man.

After the one-armed man read it out, the desperadoes around were crazy, shouting frantically, "One-armed...one-armed...long live the one-armed man."

They worshipped Duguxie as if they were a hero.

In this place full of depravity, humanity has already been completely lost...something is only the admiration of violence.

Chapter 1212: Fight again

And now there is no doubt that their most admired character is the Duguxie who shocked the world.

Crazy screams and fiery worshiping eyes interweave throughout the audience.

The screams resounded throughout the space, and even the boss and Huang Ge beside him couldn't believe the scene before him.

But seeing that Huang Ge, who was standing next to Boss Qiu, looked at the situation before him in disbelief, and looked at Boss Qiu timidly with an ugly face.

"Boss...Could it be...Is the second game over like this?"

"Nima... it's less than 2 minutes." Huang Ge said with wide eyes, speechless.

Boss Qiu himself was depressed, especially when he saw his little brothers looking at Duguxie with an admiring look, he roared and said: "Damn, don't you see the butcher? Has that waste been beaten to death alive? What if it doesn't end like this..."

"Fuck, tell them, today's game ends here." Just listen to boss Qiu roaring there.

After his words came out, Ge Huang swallowed, then nodded slightly, and said in his mouth: "Okay."

Then he gave orders to Boss Qiu.

The one-eyed dragon, who was in an awkward position on the death match ring, sighed slightly after receiving the command from the boss above.

Then he picked up the microphone in his hand and said to the desperadoes who were crazy and screaming at the audience: "Everyone stay quiet, everyone first quiet..."

After his loud voice sounded throughout the audience, the desperadoes stopped screaming and were all in the ring watching the death match.

After the desperadoes stopped yelling, they saw the one-eyed dragon saying: "Today's two games are completely over...Now everyone can go away..."

As soon as his voice sounded, the desperadoes suddenly became unhappy.

"No... this Nima, the second game is not counted..."

"Yeah, too little time, no, no excitement!"

"Fight again, there must be another fight."

...

As the crowd yelled no one in the crowd, the hundreds of desperadoes suddenly screamed there like crazy.

They did not compromise, they all wanted to watch another fight.

No way, the second death match was really going too fast. They didn't even see the clue, but it was completely over.

Where can these desperadoes be satisfied? So they are all there complaining at the moment, they want to see the fighting game again.

Then Li Tian and his brothers not only frowned slightly when they saw the passionate desperadoes with crazy expressions so affectionate.

"This group of people is simply a bunch of lunatics..." Tang Xiaolong said, looking at the hundreds of desperadoes there.

Li Tian said slightly: "It is indeed a bunch of lunatics, and also a bunch of lunatics who have lost their humanity..."

"Then what should I do now?" Tang Xiaolong couldn't help but asked curiously.

The ghost servant over there said, "What does it have to do with us..."

"It seems it shouldn't be us...but the boss over there." The ghost servant said and laughed, looking at the boss over there.

But!

The biggest headache now is the boss.

I saw that hundreds of desperadoes over there had already surrounded the boss of the outer city, as well as one or twenty younger brothers beside him, although his younger brothers all had guns in their hands, some of them sharp Machete, but faced with the obstacle of the hundreds of desperadoes, all of them were stunned.

"Fight again..."

"Yeah, there must be another fight."

Those hundreds of desperadoes are the only ones in front of them, not letting Boss Qiu and his people go.

"Boss, what should I do now?" The Huang Ge, who was standing next to Boss Qiu, showed fear in his face.

These desperadoes, he knew deeply, they were all desperate characters.

If there is a conflict today, how bad will it be? It is estimated that no one can guess.

And what about Boss Qiu at this moment?

He was indeed depressed.

The enemy boss Wan didn't expect that today's death match would make these desperadoes so excited, and even now he dared to surround him, and his brothers.

Although there was a raging fire in his heart, he didn't dare to be too presumptuous. After all, once these desperadoes were provoked, they could do anything.

The besieged boss Qiu could no longer walk away, and at this moment he had to compromise and say to the desperadoes: "Okay, okay, okay, then there will be another match."

After Boss Qiu finished speaking, the desperadoes suddenly became excited one by one.

They wanted to watch another fighting game, and another \*\*\*\* and cruel game, so they all cried out with excitement.

After all, the death match needs another match today. Originally, only two matches were required, but one more match was added at this moment.

The desperadoes all cheered and surrounded the death ring again, waiting to watch the next fight.

And the ugly boss Qiu and his group of little brothers also had to return to the guest seat again.

"Boss, who will be allowed to participate in the next game?" Just listen to Huang Ge, who is beside him, looking at Boss Qiu and ask.

Boss Qiu was full of anger at the moment, his eyes coldly glanced at the audience.

"Let him continue!"

Suddenly the boss Qiu pointed his finger at the Dugu heresy.

When the boss Qiu in front of him suddenly said that he was going to let Duguxie come to power, the Huang Ge beside him and the group of younger brothers behind him were all stunned.

"What? Boss... let that terrifying one-armed man come on stage?" Huang Ge looked at Boss Qiu in disbelief and said.

Boss Qiu snorted and said, "Of course."

"Didn't you hear all the beasts in the audience calling his name?" The old man yelled.

Those crazy desperadoes in the audience were indeed shouting loudly: One-armed man... One-armed man... It seemed that they all wanted to see Duguxie make another move.

In this way, when the boss Qiu made up his mind to let Du Guxie play again, he conveyed the order to the following.

The one-eyed dragon standing on the death match ring at this time, when he heard that Duguxie was going to be on stage, not only was he slightly startled, then he quickly picked up the microphone and said on the stage: "Due to special circumstances today , So there will be a death match soon..."

As his voice sounded, the hundreds of desperadoes around them couldn't help but yelled.

Chapter 1213: All up

"The player who played in the third game is..." Before the Cyclops had uttered his name, the group of desperadoes below had already begun to cheer the name of Duguxie.

"One-armed man...One-armed man..."

It seemed that they couldn't wait to see that Duguxie's battle again.

But Li Tian and his brothers frowned slightly, and couldn't help but lining up: Are these people really crazy? How come Duguxie still plays? Are you not afraid of his greatness?

Just as Li Tian and his brothers were thinking this way, the Cyclops had already begun to announce.

"The characters in the third game will continue to fight with the one-armed men who became famous from World War I..." As his voice sounded, those around him suddenly screamed frantically.

The deafening cheers were full of fanaticism.

But what about Duguxie? But his expression was cold. For him, fighting and not fighting were exactly the same, because it would not take him much time.

"The other player competing with him is from the Dark City, Hei."

As the voice sounded, the one-eyed dragon called out the names of the two people in the game.

One is Duguxie, and the other is from the Dark City: Hei Zi.

"It seems I have to play again." Duguxie said coldly, standing under the arena of the death match.

The brothers in front of him glanced at Duguxie, and then smiled slightly.

"Second brother, it made you work hard..." Ghost servant said on the side.

Duguxie didn't speak, but slowly walked up to the death match ring step by step.

After he walked up, the other "warrior" black boy over there has not yet come up.

People? How come it hasn't come up yet?

"I won't fight him!"

"I don't want to die...I don't want to fight him..." Suddenly in the death match ring, he saw a dark-skinned, bald-headed man with his eyes retreating in terror and shouting in his mouth.

It turns out that he is a black boy.

It's just that when the black boy now saw Duguxie on the ring, he became scared, struggling not to fight Duguxie.

But behind him was a group of people pushing him vigorously.

"Damn, come on stage..."

"No... I won't fight him... I won't fight him..." But although 34 people were pulling the black boy vigorously there, hoping to drag him to the death ring, but the black boy did it is desperately backwards.

He really did not dare to fight Duguxie.

Duguxie stood alone on the death arena, arrogantly ahead, no one dared to fight him!

How mighty, how domineering.

The desperadoes around, they all cheered when they saw a player who dared not fight with their hero, their idol one-armed man.

For the first time in the history of the death match, the players were so scared that their legs were so weak that they did not dare to enter the ring!

After seeing the funny situation below, Boss Qiu's face was extremely ugly. The death match was held by them, but now it has become such a ridiculous situation...

How does this make the enemy boss as the boss of the outer city feel so embarrassed?

But seeing this meeting, the desperadoes around were all sneering, not only ridiculing the timid black boy, but even the enemy boss in the outer city.

Boss Qiu suddenly became angry.

"Let them all play... all the players who participated in the death match, all... I fuck, I don't believe it."

With his roar, the brothers next to him and Huang Ge were suddenly stunned.

"what?"

"Let all the contestants go on?"

Is there any remaining 8 fighters coming together? Do you have to deal with Duguxie?

Yes, Boss Qiu meant this.

After his voice came, the crazy desperadoes in the audience screamed.

the first time!

For the first time, there was such an unruly game, and it was the first time that eight players had to deal with Duguxie! !

"Damn? Not fair..."

"Why let so many people deal with Senior Dugu?" Tang Xiaolong, among the brothers who listened to this meeting, suddenly roared.

Li Tian frowned at this moment.

"It's really unfair."

"I'm going to find the boss..." Li Tian, who saw this meeting, was going to find the boss.

Just when the brothers were complaining about unfairness, but seeing a person standing on the top of the death match ring, Du Guxie suddenly said: "Okay..."

"Let's all go together... and it just saves me trouble!" A cold sentence came out of Du Guxie's mouth.

When he suddenly said such a sentence, Li Tian, who had wanted to go to the boss of the enemy for theories, was slightly startled and stopped.

"Ah? Senior Dugu really wants to deal with those lunatics alone?" Tang Xiaolong looked at the Duguxie above the ring and asked, wondering.

The ghost servant on one side looked at Duguxie above the ring: "Since the second brother said that, no one can change his meaning..."

"Don't worry, with the second brother's strength, even if there are another twenty people, he will definitely not be his opponent." The ghost servant said with a sneer.

"But, Senior Dugu doesn't have a sword in his hand..." Tang Xiaolong glanced at the bronze sword held in the hand of the ghost servant.

But the ghost servant smiled slightly and said: "Second brother's swordsmanship has already been perfected. It is not important to him to have no sword in his hand... The most important thing is that the second brother already has a sword in his heart."

Tang Xiaolong didn't understand the true meaning of his master's words. He just couldn't help but lining up in his heart with the slight blinking: What is a sword in his heart?

At this moment, after the boss of the enemy made a decision, and at the same time that Duguxie also approved the game, finally, the death game began.

The eight fighters under the death ring were released one by one, their gazes fierce and vicious, one by one staring at the Duguxie on the death ring.

The scene where Duguxie killed the butcher just now, they all saw it with their own eyes. At this moment, they all had a slight fear in their hearts, but there were eight of them!

And the eight are all fierce men who have experienced many battles and killed countless people.

Isn't it possible that you can't hold a one-handed guy with your own strength of eight people? No matter how powerful he is, no matter how fast he takes his shots, can he withstand eight people and sixteen hands?

After they thought so, they decided to fight.

At this moment, even the black boy who had been struggling just now did not dare to fight anymore. He looked at the other seven fierce tigers around him, and finally decided to fight to the death.

So 8 people and 8 murderous characters all entered the death match ring.

Chapter 1214: One for eight

After they all went up, the gate of the death match was suddenly locked tightly with a huge iron rope.

Never die!

The only standard for death arena, no matter who it is, as long as one stands on the arena, there can only be one person alive.

And now in the arena of the death match, there are nine lives, and among these nine lives, who can survive in the end? Who knows?

The desperadoes around, after seeing such a \*\*\*\* feast, couldn't help shouting.

This was the only time such a grand scene, the only time such a situation that made them crazy, so they were all screaming like crazy.

Hoarse and loud screams are intertwined in the entire space.

"The death match is about to begin..."

"Give them weapons..."

Suddenly, boss Qiu, who was standing on the top stand, roared there.

Then Dan saw 78 of his men, so he threw knives, iron bars, maces, and large axes from the outside into the death ring in front of him.

As all of those weapons were thrown on the top of the death match ring, the eight fighters hurriedly picked up the weapons on the ground...

Some people have sharp axes in their hands, some people have machetes, and a few have huge maces.

In a word, all eight people have already got the deadly weapons in their hands.

Only Duguxie was standing alone in the death arena.

He didn't move, he didn't even look at the weapons on the ground, he just stood there quietly, his rock-like eyes were placed on the eight extremely brutal guys in front of him, and he took a look.

"Master... These \*\*\*\*\* actually have weapons in their hands... Do you want to give him the bronze sword of Senior Dugu?" Tang Xiaolong of this meeting couldn't help but said worriedly.

The ghost servant glanced at the death ring in front of him and shook his head slightly.

"Since the second brother didn't ask for it... then all follow the second brother's arrangement." Gui Pu said.

"Master, but..."

Tang Xiaolong seemed to try to say something more, but the ghost servant in front of him seemed to have made up his mind, and no longer paid attention to him, just looking at the death match ring with his eyes.

And Li Tian, who would stand aside, stared coldly at the death match ring in front of him.

"Boss, that one-handed guy, doesn't even have a weapon?"

"Fuck him, is he really sure to deal with those eight with his bare hands?" Huang Ge looked at Boss Qiu incredulously from the platform.

Boss Qiu squinted his eyes and didn't speak. After a long time, he slowly said, "Let him alone!"

"Since he wants to deal with those eight people so awesomely... then do whatever he wants!"

The death match is about to begin.

When the people in the audience saw the sharp axe, the blade, and the \*\*\*\*\* mace, they became more enthusiastic. Some even screamed hoarse, but they still cheered enthusiastically.

With a cry: "Death match, now begins..."

After it fell, finally, the visual feast was about to come.

On the ring, there are eight barbarians with brutal and deadly weapons in their hands, and what about Du Guxie? But he stood there motionless.

Leng Li's posture was like a sharp sword out of its sheath. Although he didn't move, the terrifying aura radiating from his body had already filled the audience.

Although the eight warriors all had their deadly weapons in their hands, none of them dared to go forward and die.

Finally, amidst everyone's crazy shouts, a macho with a mace in his hand took the lead.

"Go to hell....."

With a roar, he took the lead from the first of the eight to pick up the stabbing mace in his hand, and then slammed a stick against Duguxie's head.

If the spiked fangs on the mace really hit a person, they would not be able to directly smash the person to death. In addition, this hunk is already extremely powerful, so he still dares not dare to use such a ferocious and domineering move. Underestimate.

But seeing that as he rushed up first, that Duguxie saw the mace smashed at him, moved his feet slightly, and his body swayed, easily avoiding this trick.

The mace banged heavily on the ground of the bluestone slab, and the ground of the bluestone slab was smashed to pieces... and it was deep in a huge nest.

This guy missed a hit, and the mace in his hand swept towards Duguxie and smashed over, but what about the seven guys over there? Of course it was not stupid at this time. Seeing someone first shot, they immediately picked up the deadly weapon in their hands and slashed towards Duguxie.

The lazy waist with a mountain knife in his hand slashed towards Duguxie's waist.

And the guy holding the axe seems to be the most brave, the mottled big axe directly hit the back of Duguxie, cruel and vicious.

Facing the common blow of eight people, everyone was there exclaiming, and the desperadoes in the audience screamed one by one.

And what about Duguxie? When he saw all the deadly weapons smashing at him, the bronzed face suddenly lifted up, and the eyes were also blasted in an instant.

Suddenly his body flashed quickly like a shadow, and then only one left hand swung slightly, and then the palm accumulated in his hand shot out with a fierce palm.

With a bang, the huge palm Jin first shook the two strong men in front of him.

The two strong men held an iron rod in one hand, and a mountain knife in the other.

After he hit the two with a palm, but heard a scream, the two of them flew out like a broken kite...then they hit the iron net on the death match ring, and then fell heavily. In the ring.

As soon as they shot, the two fell down, how domineering and tough!

The desperadoes around, who have seen such awesome characters there, not only shouted in unison: One-armed man...One-armed man...

It seems that Duguxie at this moment has become their hero and idol.

Just after Duguxie hit the two of them with a palm, then a guy carrying an axe over there, the axe in his hand struck Duguxie's right shoulder again.

That guy seemed to be a trained character, he made moves very quickly, and at the same time his movements were very numb.

When he struck Duguxie with an axe, another guy's mountain knife also slashed from the side.

Although Duguxie crossed the world, facing such a brutal dismissal, he also slightly dodged.

Chapter 1215: One sword dominates the world

After he dodged swiftly, the guy behind with the mace rushed at him again, and Duguxie avoided and dodged again.

After staying a few times, he avoided the serial attacks of these guys.

Having a weapon in your hand is totally different from not having a weapon.

No matter how powerful Duguxie is, he is ultimately a mortal body, so in the face of those deadly weapons, he certainly won't be stupid to touch him.

After staying and avoiding the attack at this time, he came to the side and slowly stood firm.

"Kill him..."

"Today, our brothers will not be able to kill this hand, then tomorrow he will be on the ring and beat us alive!! So brothers must fight him desperately today..."

Just listen to the guy with the axe at the moment talking about the gang of hunks around him.

Those cruel guys naturally knew this simple truth, and at this moment, one by one nodded with their cruel eyes.

Then they screamed, and the guy in their hands fatefully attacked Duguxie.

Duguxie stood there coldly, with blade-like eyes looking at the eight people in front of him.

He retreated and retreated.

The war is also war.

It's time for him to explode.

At this time, he absolutely can no longer be merciful.

So he was angry.

The terrifying aura emanating from the whole body suddenly filled the whole audience like a black mist overwhelming the sky.

This powerful murderous aura was not only felt by the guys on the death match ring, but even the desperadoes around felt a sense of suffocation in the air.

"Second brother is angry." The audience suddenly said when he saw the ghost servant.

Of course, Tang Xiaolong felt the extremely cold and heavy murderous aura, and grinned and said, "That's it...that bunch of bastards, one by one, they are looking for death..."

After they all felt Duguxie's sharp murderous aura, at this moment, suddenly, on the arena of the death match, eight people and eight lethal weapons were slashed towards Duguxie.

And what about Duguxie? At this moment, a cold smile suddenly appeared at the corner of his mouth.

The only left hand suddenly squeezed a sword tactics gesture... Then when the eight weapons slashed towards the top of his head, his people suddenly moved.

The shadow flashed and disappeared instantly.

Then, a black air current resembling a sword light suddenly shot towards the bodies of the eight people.

sword?

Do not! No sword.

But what is used is the supreme sword technique.

The only thing everyone could see was that his person suddenly moved, and then the hand was so easy to move, and then a sword-like horrible air current cut towards the eight people.

Cut hell!

There was a bang, and then only the screams of their wailing could be heard among the eight people...

Then the eight of them suddenly seemed to be shaken back by the inexplicable dark aura. At this moment, the figure of Duguxie suddenly galloped around their bodies like a light...

No one of the eight can see the speed of the figure clearly, let alone his movements, the only thing that can be felt is a chilly breath across their necks.

Then, the figures flashed, and the bodies of the eight people suddenly seemed to stand still and could no longer move.

And what about Duguxie? It also appeared in Fang Cai's position.

No words, no words, only the sword energy remaining in the air.

Quiet!

The dead silence enveloped the whole audience.

Boss Qiu, Brother Huang, Cyclops, and the desperadoes in the audience seemed to stay one by one, looking at the top of the death ring.

Then Duguxie slowly turned around.

The moment he turned his body, eight people and eight corpses all fell to the top of the death match ring with a plop.

died.

Eight people died just like that.

Looking closely at the bodies of the eight people, they had no knife wounds, no sword marks, and no injuries from being kicked or kicked. Some were just a fatal crack in their necks cut by the cold.

They may not even believe in death, that a person can kill with anger and sword with his hand.

Their eyes are wide, but their souls go to hell.

The death match ended like this.

There is no suspense, one man kills eight people, effortlessly, no fights, no \*\*\*\*\* fights, some just shock and terror.

After waiting for Duguxie to step off the death match, those talents reacted, and the death match ended like this.

Suddenly, all the cheers and screams came from their mouths one by one.

Then they were all there yelling: one-armed man, one-armed man...

Deafening cheers resounded throughout the audience.

And what about the boss Qiu on the ring? At this moment, he not only stood up from his seat with excitement.

"The death match is over? It's over..." He couldn't believe it, everyone couldn't believe it.

Then he didn't say anything... Turning around suddenly, that iron-green face seemed to be slapped severely, and left the court.

And the whole death match? It also ended the whole battle in Duguxie's one move that destroyed the world.

The brothers looked at Duguxie who came down from the stage, the ghost servant smiled slightly, and then handed the bronze sword in his hand to Duguxie.

"Second brother, your sword..." The Ghost Servant said as he passed the sword in his hand to Duguxie.

Duguxie reached out and took the sword, and then held it in his hand.

Then turned around to Li Tian's side.

"Young Master, this is over...The next step is to go to the inner city." He said coldly there.

"Well, yes, it's time to go to the inner city. I really don't know what the inner city of the Dark City will look like..." Li Tian said while looking into the distance expectantly.

The death match ended like this.

Now the most circulated deed in the entire outer city is: the one-armed man.

The nickname of Duguxie has penetrated the minds of those desperadoes. He couldn't believe that he turned out to be the biggest "hero" in the minds of those desperadoes and even surpassed the position of idols in their hearts.

For this result, Duguxie can only smile bitterly.

No way, in this place of depraved and beautiful humanity, only violence, only powerful people can be worthy of the respect of these people.

Sometimes, in a certain place, self-esteem and status are killed by blood, and this is the case in the Dark City.

After the death match ended, Li Tian and his brothers were once again taken away by the man who hated the boss.

Chapter 1216: Into the inner city

The only difference this time was that those people no longer dared to imprison Li Tian and his brothers. On the contrary, they treated Li Tian and his brothers as if they were treating VIPs.

Li Tian and his brothers now live in several clean rooms arranged by them.

In the room, the brothers were sitting quietly there.

Judging from the fact that they have arrived in this dark city for a few days, to be honest, they have not seen a truly powerful character.

So at this time, Tang Xiaolong not only smiled and said, "Little boss...I always thought that the people in this dark city are so awesome, so awesome..."

"Hey, to be honest, I'm looking at it now, Nima, these people are all rubbish...except for being cruel and inhuman, they are all \*\*\*\* characters."

"Xiaolong, don't be so careless, don't forget, there are two places in this dark city, an inner city and an outer city, and the outer city where we are now is not the core place of the dark city at all." Said the ghost servant on the other side.

Tang Xiaolong said, "I don't think there is anything terrifying about that inner city..."

"From the waste in the outer city, it can be basically concluded that the people in the inner city should be like this bird." Tang Xiaolong said carelessly.

Li Tian said at the moment: "Everyone should be careful."

"When you enter the inner city, don't forget, let's find the poison emperor..."

Hearing what Li Tian said, the brothers nodded silently.

The Poison Emperor is the real reason why Li Tian and his brothers arrived in the Dark City.

Because only the poison emperor knows who the master of the gate of \*\*\*\* is? I know where the \*\*\*\* gate is...

Just who is this poison emperor? How powerful is it? No one knows so far.

In the afternoon, Boss Qiu brought his brothers to Li Tian's room.

When the boss Qiu came to the room, the brothers didn't give the \*\*\*\* a good face.

Of course, they are still angry that this guy arranged so many people in the death match to deal with Duguxie. Fortunately, Duguxie is a martial artist. If you change ordinary people, you can't be killed by this \*\*\*\* alive.

Therefore, when the brothers in this club saw this boss, they all had an angry look.

But what about that boss? After entering, a smile appeared on that treacherous face.

"Congratulations, congratulations..."

"Congratulations on being the last winner of this death match." The boss squinted in congratulations.

But seeing that Tang Xiaolong snorted there, he said: "Damn, hypocrisy..."

At this moment, Li Tian slowly walked over to the boss of Qiu.

"I believe you should remember the transaction between us... Now that I have done what I should do, and the rest, I want to ask you, when should you fulfill your promise?" Li Tian looked at The boss said.

When the boss Qiu heard Li Tian say this, he suddenly laughed.

"Oh, you are talking about entering the inner city..."

"Don't worry, don't worry, brother, I have already notified over there... I believe it will be okay after a while," Qiu said.

Li Tian stared at Boss Qiu and said, "Okay."

"I believe you once, but I hope you can make arrangements as soon as possible..."

"If you let me know that someone is playing tricks on me, or playing tricks on me... Then I will never let him off then, do you understand what I mean?" Li Tian faced him coldly Said the boss Qiu.

There was a threat of suffocation in the voice.

The boss Qiu looked at Li Tian, and the muscles of his face suddenly trembled slightly.

"Don't worry, brother, I will make arrangements for you these few days, and promise to let you enter the inner city." Boss Qiu said at last.

Li Tian smiled.

He smiled and said: "In that case, it's best."

"Well, you guys have a good rest here, then I won't bother you..." The boss Qiu who was talking about to retire.

Of course Li Tian wouldn't keep them, so he said good.

The old man Qiu swallowed his anger and took his brothers out at once. After going out, his face instantly became ugly and angry, as if he was going to kill.

"Damn... asshole... how dare these guys threaten Lao Tzu?"

"Asshole... I must kill you, kill you bastards." Old Qiu said angrily as he walked forward there.

The little brothers who followed said there, "Boss, it might not be easy to kill these guys? Especially the one-handed hunk... he, he, he is really amazing."

These people in front of them thought of the horrified scene of Duguxie in the death match, and now they are still icy and scared.

"Who the \*\*\*\* said I'm going to do it myself?"

"Don't forget, no matter how good they are, they are not as good as the masters of the Black Palace..."

"Hmph, since these \*\*\*\* want to die so much, then I will fulfill them as soon as possible...I want them to enter the inner city, so that when they arrive in the inner city, their hearts will be dug out alive by others...there is a tragic death."

As the boss in front of him said cruelly, he left here with the little brothers behind him.

After the boss Qiu left with his little brothers, the brothers in the room here were not only asking about it.

"Young Master, will this treacherous guy arrange for us to go to the inner city?"

"I can see from his eyes that he has no plans." The ghost servant over there asked.

Li Tian said coldly, "Dare he?"

"If he dares not to do it, I will let the whole outer city flow into a river... so that he and the people around him will not stay alive."

Bloody words came out from Li Tian's mouth.

There was an extremely violent atmosphere in the voice.

Hearing Li Tian's words, the ghost servant didn't speak any more. ,

Because if the boss Qiu really didn't fulfill the deal, then maybe Li Tianzhen would kill all these people.

"I hope he can know the current situation...send our brother to the inner city as soon as possible." The brothers over there said.

"By the way, I heard that there is a place called Heigong in the inner city? What is that place?" Tang Xiaolong couldn't help but ask curiously at the moment.

"do not know."

"But it is said that the people in the Black Palace are all first-class masters." Li Tian said with a smile there.

"Really? Master? High his sister..." Tang Xiaolong said with a big smile.

Chapter 1217: Li Tian is angry

Tang Xiaolong felt: Although these desperadoes in the outer city are one by one ferocious, they are indeed inconspicuous characters, so he decided in his heart that there must be no real masters in the inner city.

But is he guessing right? It's really hard to draw conclusions now.

"By the way, Young Master, do you still remember these people saying that two more brutal characters came a few days ago...Who do you think it will be?" Suddenly, just listen to the ghost servant over there asking Say.

When Li Tian heard the ghost servants say this, he certainly remembered what those people had said in his mind, but he didn't seriously consider it at the time.

Now suddenly he heard the ghost servant mention this matter like this, his brows wrinkled tightly.

"Someone came to the Dark City before us?" Li Tian muttered to himself.

"Could it be someone from the gate of hell?" Li Tianning frowned, thinking.

That Duguxie came over at this moment.

"From the conversations and expressions of those people, it can be seen that the two people who came some time ago should be very scary characters, and their skills are quite high." Du Guxie said coldly at the moment.

Li Tian nodded slightly.

"You are right... I can feel it too."

"It's just that I really don't understand who came here before us?" Li Tiandao.

"Could it be that the people at the gate of \*\*\*\* knew that we were here?" Tang Xiaolong over there suddenly interjected.

Li Tian thought for a while and said: "According to the truth, it should not be."

"After all, how could the people at the gate of \*\*\*\* know we have arrived here?"

"But what if it is from the gate of hell?" the brothers asked.

Li Tian thought for a moment, and said, "If it's really a master at the gate of hell... then I guess it will definitely not come because of us. They must come here for something else."

"Young Master, why do you say that?" Ghost servant asked.

"Think about it, if the gates of \*\*\*\* really know that we have reached the dark city, I believe that with their personalities, they will definitely start working on us on the way...why have to wait until now?"

Yes!

People at the gate of \*\*\*\* have always regarded themselves very high!

So I never put Li Tian and his brothers in his eyes. If the people at the gate of Hell really followed Li Tian and the others to this dark city, they would have already started to do it, and would never wait until now.

After hearing Li Tian's analysis, the brothers felt that what Li Tian said was extremely reasonable, so they nodded there one by one.

"Forget it, let's not guess too much. I believe that when we enter the inner city, we will understand everything."

Li Tian finally said.

For the rest of the time, Li Tian and his brothers waited for the enemy boss to take them into the inner city.

It's a pity that in the past two days, the boss Qiu in the outer city has not revealed his trace, which makes Li Tian and his brothers very depressed, and also very annoyed.

"Little boss, does that \*\*\*\* with the surname hate speak for nothing?" Tang Xiaolong who was in the room said angrily.

Li Tian had a sullen face and thought for a while and said: "You all stay here first, I'll look for him."

"Young Master, let's accompany you." Duguxie and the ghost servant walked forward together at this moment.

However, Li Tian waved his hand slightly and said, "No."

"I can find him alone."

As Li Tian said so decisively, there was nothing that Duguxie and the ghost servant could do.

So Li Tian left the room in front of him alone, looking for the boss who didn't believe in words.

After leaving the room, he walked straight to the road ahead.

There are still many pedestrians on this street. When Li Tian walked by, they all raised a pair of weird eyes and looked at Li Tian.

Soon Li Tian turned the corner of the street and reached the site of Boss Qiu.

From a distance, you can see the boss of Qiu's gang talking and laughing at the gate, and at the same time they are holding knives and guns in their hands.

When Li Tian walked over so straight, those people saw him all at once.

Then they became cautious one by one, and at the same time tightly held the guy in his hand, looking at Li Tian coldly.

Ever since that Duguxie became famous in the arena of the death match, whether it is Boss Qiu's subordinates or the desperadoes in the outer city, they know that Li Tian and his brothers are powerful, so I'm watching it now. When Li Tian walked like this, the men at this door not only held the guy in their hands tightly.

"What are you doing here?"

Suddenly after Li Tian approached them, one of the guys with awesome tattoos in his hand pointed at Li Tian with a knife in his hand and said coldly, his expression was not good and his words were cold.

Li Tian glanced at him coldly, then glanced at the other three accomplices beside him.

Said: "I'm looking for your boss."

"You? Looking for our boss... Is our boss the one you can see if you want to?" The guy with the machete in his hand said fiercely.

"I'll say it again, I want to find your boss... let me go." Li Tian suddenly spit out a few words from his mouth again.

The four guards of the gate burst into laughter when they heard Li Tian's arrogant utterance.

"We won't let...what can you do? Is it because you want to break in?" The guy suddenly grinned and laughed.

Four of them, two of them have guns in their hands, and the other two have fierce machetes in their hands, so this will be arrogant.

But the moment his words were just uttered, he suddenly discovered that he was wrong, he was really wrong.

Li Tian really wanted to break in.

After the last sentence in his mouth fell, Li Tian's body suddenly moved.

He slammed the man's forehead with a smashing punch. The man hadn't noticed what was going on. He only felt his eyes dark, and then he passed out directly.

And the other two guys with guns in their hands saw Li Tian's sudden shot, they were ready to shoot. When their fingers just touched the cold trigger, suddenly the sound of two tyrants broke into the wind. Two shots came.

Before the fingers of the two of them had time to pull the trigger, they only heard two puffs, and blood spurted out of their chests...

Then he fell to the ground with a plop and died.

Xuantian \*\*\*\* is faster than bullets.

Xuantian's \*\*\*\* was as strong as the bullet.

There is no reason for immortality to shoot on the chest of those two guys.

Chapter 1218: Crazy

In a blink of an eye, Li Tian killed two people and knocked out one person, and the last guy who was left, although still carrying a machete in his hand, his legs had already begun to tremble violently, and even the cold sweat on his head could not help. The crashing down...

"Get out of the way." Li Tian didn't want to kill any more, and at this moment said coldly to the man whose legs were already weakened by fright.

The man only felt relieved. Hearing Li Tian's roar, he quickly dropped the machete in his hand, and then ran forward like crazy, never daring to stop Li Tian...

What about Li Tian? So he walked unobstructed step by step toward the room where boss Qiu lived.

His whole body was angry.

At this moment, it is true that people resist killing, and Buddhas resist killing Buddhas.

The place inside, but I saw that boss enemy was sitting in the innermost room and enjoying.

In front of him is a large crystal glass table...There is "white powder" on the table.

And he? At this moment, his eyes were blurred, like a drowsy expression, and the whole person was lying on the sofa behind, lying comfortably.

Obviously, this boss has just taken drugs and is enjoying the most ecstasy moment at this moment.

Next to him, there was Brother Huang standing there, and there were also two younger brothers waiting there.

Suddenly there was a thump and a thud from outside the quiet room... and then I heard the horrible calls of his subordinates from outside.

Brother Huang was taken aback.

"What's wrong outside? Go out and have a look..." After Brother Huang reacted, he quickly ordered his hands to go and see outside.

The two men with guns nodded immediately, and then ran towards the door.

As soon as I arrived at the door, the tightly closed room door only heard a bang... and then I saw a figure directly breaking the door from the outside and being thrown in.

The two hapless guys hadn't reacted yet, they were smashed heavily on the body by the blocked body, and then all three fell to the ground.

The wailing sound came from the entire room.

While Brother Huang turned his face, he saw a figure walking in from outside coldly.

There was a fierce chill on his body, and it seemed that there was a fear in his heart.

Li Tian!

And the moment that Huang Ge saw Li Tian, he was also stunned, and at the same time, there were scared gazes in those eyes.

"You...you... why are you here?" Huang Ge suddenly backed away in fright as he said.

Then Li Tian didn't pay attention to him, but the murderous eyes were staring at the boss who had just taken drugs.

"Boss..."

"Boss..."

Brother Huang hurriedly called his boss there at the moment.

Boss Qiu was still in a coma because of excessive drug use. After being called out by Brother Huang, he slowly opened his eyes.

"What's the matter?" Boss Qiu said there, seemingly unconscious.

Brother Huang's face was trembling violently, looking at Li Tian who was approaching step by step at this moment.

"Boss, wake up... wake up... he's here, he's found..."

Boss Qiu said blindly, "Who?"

"Who's here?"

Just said this sentence, but saw that Li Tian had already arrived in front of him.

Then Li Tian suddenly lifted the boss Qiu with one hand, and then suddenly grabbed a bottle of red wine on the table with the other hand... Then he flicked the bottle cap with his finger, and the whole cap was flicked by him.

He just grabbed the bottle of red wine and poured it at the unconscious head of Boss Qiu.

How awesome!

Brother Huang saw that his boss was pouring his head with a bottle of wine by Li Tian, standing behind him, and he did not dare to take a mouthful.

After the boss was caught by Li Tian and poured wine alive on his head, he suddenly became sober...

He opened those angry eyes, then wiped the drink from his face, and roared: "Who? The \*\*\*\* is that \*\*\*\* splashing me with wine?"

At the moment his roar just yelled out, his neck was suddenly pinched tightly by a cold hand.

After being pinched all of a sudden, Boss Qiu's eyes suddenly bulged out, and then he saw a murderous face staring at him motionlessly with a ferocious aura.

Li Tian.

"It's you...you..." The moment the boss saw Li Tian, there was a deep fear in his eyes, and his mouth trembled.

Li Tian stared at him fiercely, the hand holding his neck, as if it would directly kill the boss of the enemy at any time.

"Do you dare to lie to me?" Li Tian suddenly said coldly, and at the same time the hand that tightly held Boss Qiu also began to clench.

Boss Qiu's neck was pinched and he was about to suffocate, his eyes widened, and his face became purple.

"I...no...no..." he breathed hard there.

"Dare you say you haven't?"

"I said I helped you fight the death match... You arranged for our brother to enter the inner city? But what about you now? You even perfunct us?" Li Tian said fiercely.

The boss Qiu was about to be pinched to death by Li Tianhuo. At this moment, he hurriedly gasped and said, "I really...no...I have...have already discussed with the people in the inner city...immediately... ..I will let you into the inner city soon."

After hearing this boss finally say so, Li Tianna gently handed it away like a death god.

"Really?" Li Tian looked at Boss Qiu and asked.

Boss Qiu was loosened by Li Tian at the moment, panting violently while coughing coughing coughing coughing.

Nodding vigorously: "Really...really..."

After hearing this boss finally say so, Li Tian smiled slightly.

"good very good."

"I tell you, if you don't arrange for our brothers to enter the inner city... I will kill you, and your people, one by one..."

"I can tell, I can do it." Li Tian said coldly.

The old man, as if walking through the door of hell, nodded and said: "Don't worry... Don't worry... I won't lie to you... Nor dare to lie to you..."

"Just tomorrow, tomorrow, I will arrange for you to enter the inner city..." Boss Qiu said, panting.

Li Tian heard him say this, then looked at him and said, "Well, then I will believe you again..."

"If tomorrow, you and your people haven't brought us into the inner city... then don't blame me for killing me!"

After the fatal words came out of Li Tian's mouth, he turned around in the fearful eyes of everyone, and then strode outside.

Chapter 1219: Separation wall

The group of Boss Qiu's men who had been beaten up by him were bruised and swollen. At this moment, they watched Li Tianyang go away, but no one dared to stop him.

These people used to be desperadoes... But now they have encountered people who are more powerful and vicious than them, and they can't help it.

What about Boss Qiu? After watching Li Tian leave, he couldn't help but sighed from his mouth.

The little brothers around rushed over.

"Boss...Boss...How are you doing?" The subordinates were shouting there.

Boss Qiu was covered in soggy wine. At this moment, his face was pinched purple by Li Tian just now. At this moment, he looked at a group of unweathered boys and roared, "Go... I get out..."

Following his roar, the little brothers didn't dare to stay too much, and ran out one by one in a hurry.

Only the boss of the enemy stayed in the room with an ugly expression.

He wiped a handful of alcohol from his face, and his eyes roared with a sense of viciousness that he had never felt before, and said, "I'm \*\*\*\* you... asshole... I want you to go into the inner city and die..."

"Let the beasts peel your skins!!!"

When Li Tian came back, the brothers were waiting anxiously.

After seeing that Li Tian had come back safe and sound, the brothers let go of their hearts.

"How's it going, little boss?" Tang Xiaolong asked first there.

"Young Master, have you seen the enemy boss?" The ghost servants on one side and Duguxie also asked there.

But seeing Li Tian smiled slightly and said to the brothers: "Found it."

"What did that \*\*\*\* say? Did he agree? Did he agree to enter the inner city?" At this moment, the brothers continued to ask Li Tian.

Li Tian nodded silently.

"He agreed..."

"Great!" After hearing Li Tian say this all at once, the brothers immediately became happy.

Unexpectedly, the enemy boss would agree so quickly.

"Little boss, what method did you use to get that \*\*\*\* to agree so quickly?" Xiaolong asked Li Tian with a smile there.

The ghost servants on one side and Du Guxie also looked at Li Tian curiously.

Li Tian turned around and walked towards the room inside. He didn't turn his head and said, "There is no way...I used the most direct and effective method."

"Don't worry... Tomorrow... Tomorrow the enemy boss will definitely bring our brother into the inner city."

Li Tian said as he entered the room inside.

Tang Xiaolong, Duguxie, and the ghost servant standing outside were all startled slightly when they heard Li Tian say: he used the simplest and most effective method...

Then they seemed to understand something, and everyone looked at each other and smiled without saying more.

The next day, when the sun had just risen in this depraved city, the boss had already sent someone to take Li Tian and his brothers into the inner city.

When Li Tian and his brothers walked out of the room, they saw a truck parked outside and a few characters from boss Qiu.

When there was no shadow of Boss Qiu, Li Tian asked the group of younger brothers, "Where is your boss?"

One of the men with a tattoo on his shoulder said, "Our boss has something to do...so let us take a few into the inner city."

Li Tian glanced at the few guys in front of him, and then at the car in front of him, so he said, "Okay."

"Then get in the car... we will take you into the inner city."

After talking about Li Tian and the brothers, they jumped into the truck in front of them vigorously. After they jumped into the truck in front of them, the car started with a grunt, and then drove away.

Li Tian and his brothers sitting in the car are about to enter the inner city. To be honest, their hearts are not too excited.

It seems to be very plain.

"Hey, just ask, how far is it from the inner city?" Tang Xiaolong in the car asked the man driving in front of him.

The man didn't turn his head back and said, "You will reach the inner city after crossing the wall."

After speaking, a grin appeared at the corner of his mouth.

"Separation wall?" When Li Tian and his brothers heard the man talk about the separation wall, they were not only slightly startled, of course they didn't know what a separation wall was.

It turns out that this dark city can be separated because of the tall and cold separation wall.

The separation wall completely separates the entire outer city from the inner city.

Along the way, the truck drove through deserted streets that were inaccessible, and then drove past the ruins and cold buildings, and gradually began to slowly move towards the center of the dark city.

After driving for about 20 minutes, suddenly a circle of cold walls resembling a fence appeared in the front.

The wall is one or two feet high in total, all made of marble, which completely separates the entire surrounding ruined buildings.

The wall!

Is this the wall separating the inner city from the outer city?

The brothers blinked at the moment and looked at the tall and magnificent separation wall.

The mottled and slightly hollow separation wall stretches far, far away, as if it will never end. On the top of the separation wall there is still a rusty power grid clinging to it to prevent people from turning in.

Judging from the current situation, it is completely impossible for people in this outer city to pass through the separation wall and enter the inner city.

There are a lot of dirty things on the mottled partition wall, and there are a lot of dirty and messy graffiti, some of which are painted naked women...Some are painted with hideous skulls.

And there were \*\*\*\* all over the ground around the separation wall... swarms of flies and mosquitoes buzzed around the rubbish.

Life outside this wall is like hell.

Looking at the towering and huge separation wall in front of him, a sense of shock surged from the hearts of the brothers and Li Tian.

After all, it is indeed a shocking thing to have such a powerful building in such a degraded place.

There is a huge iron gate in the middle of the wall.

The old big iron gate is like a city gate in ancient times, tall and mighty.

It's just that the current big iron gate is graffitied in a ugly fashion, but it still reveals a cold majesty.

"This is the separation wall." He only heard the man driving in front pointing to the road in front of the city gate.

Li Tian and his brothers are now looking at the city wall and the city gate with their eyes open.

"This is the inner city... Passing through this city gate is the inner city." The subordinates in front of him said to Li Tian and the others.

Chapter 1220: Big sister

The truck also slowly drove towards the big iron gate.

After reaching the city gate, the truck stopped with a hiss.

After stopping, I saw the man driving in front of him, as well as the younger brothers behind him jumping out of the car.

Then he turned his head and said to Li Tian and the brothers: "Here, come down..."

When Li Tian and his brothers heard that guy said it, they not only frowned slightly, but then they didn't say much and jumped out of the car.

"This is the inner city... Passing through this city gate is the inner city." The subordinates in front of him said to Li Tian and the others.

Li Tian and his brothers looked at the place in front of them and said, "How to get in?"

At this moment, the vast and ancient iron gate was tightly closed. Of course, Li Tian and his brothers had to ask how to get in.

After he asked, he saw the man who had just driven a weird smile, and then walked towards the vast iron gate.

After arriving in front of the gate, he clenched his fist and smashed towards the gate.

Bang bang bang... the sound of bang bang came in.

After he hit the gate with his fist, the gate suddenly opened automatically.

With the loud rumbling sound, two huge iron gates were really opened.

"Go in... this is the inner city." He only heard the man pointing inside with a weird smile and saying, but he himself slowly retreated.

Li Tian and his brothers glanced at the two huge iron gates that were opened, and then they saw how empty the "so-called" inner city... as if there was not even a single person.

Li Tian and the others took a look, then looked at the guys beside them and asked, "What about you? Are you not going in?"

The brothers of the boss shook their heads and said, "No... we are not qualified to go in."

"You should go in..." As they said, they all stepped back one by one.

Looking at this huge iron gate, Li Tian and his brothers thought about it, and finally they walked in toward the "inner city" step by step.

When they were about to walk into the city gate in front of them, the boss of the Qiu boss said with a weird smile: "Everyone...be careful after you enter..."

"Remember, pay attention to safety..."

In the voices of them talking and laughing, Li Tian and his brothers have stepped into the inner city in front of them.

Just as their foreheads crossed the huge iron gate in front of them, a rumbling sound suddenly rang from behind, and then they saw the two heavy iron gates slowly shut automatically.

Li Tian and his brothers felt a strange feeling in their hearts when they saw that the big iron gate was closed by itself.

To be precise, they have entered the inner city in front of them.

But what is the difference between this inner city and the outer city?

On closer inspection, the houses on both sides are obviously different from those in the inner city, because most of these houses are newly built and they are not as dilapidated as the outer city.

Although the streets inside the inner city are as deserted as the outer city, they are still much better than the outer city.

"Why is there no one in this inner city?" The ghost servant looked around cautiously with a pair of stern eyes and said.

Li Tian and his brothers had already noticed this weird situation...Yes, they had entered the inner city now, but how could this inner city appear to be so empty, as if no one lived at all.

"Everyone, be careful..." Li Tian reminded the brothers.

After the brothers nodded their heads, one by one, they began to slowly move forward.

As they looked ahead and walked, the more they could feel the silence...and the emptiness of this inner city.

Suddenly, as they walked forward along the deserted streets of bluestone slabs step by step, a pair of cold eyes hiding in the dark was staring at them motionless at the moment.

Those eyes looked like the pupils of a pair of wild beasts, and their eyes were full of hostility.

When he saw Li Tian and the others walking towards the inner city step by step, his body suddenly turned, and then quickly ran to one side.

Then Li Tian and the brothers are so keen in hearing. At this moment, when he heard the sound of footsteps running forward, Du Guxie snorted coldly: "Someone..."

Then a pair of cold eyes looked in the direction where the person appeared just now.

With his eyes cast, the ghost servant, Tang Xiaolong and A Qiu behind him also looked here at the same time.

On the empty street, I saw a figure really passing through the alley, running towards the inside of the block, running fast...

"Who is that person?"

"Little boss, should I go grab him and ask?" Tang Xiaolong said while looking at the figure.

Li Tian shook his head slightly as he watched the figure who was going away.

"No need to....."

"The opponent is an enemy or a friend, we still don't know clearly, there is no need to do this." Li Tiandao.

After Li Tian said this, Tang Xiaolong nodded.

"Let's keep going..." Li Tian said at last.

So they continued to walk along the empty street in front of them.

The atmosphere in the weird inner city seemed very strange.

It was as if a strange feeling was revealed everywhere in this dark city.

"Sister, a bunch of people have broken into the inner city..." In a dim room full of dim light, a man was panting and running in from outside.

The man is a bald head with weird and weird tattoos all over his body.

After he ran in, he said to a woman.

The woman turned her back to her, looking at her figure from behind, she was very beautiful and coquettish.

At the same time, there was a strange sound of music in this low-lighted room, which was the death music of the heavy metal band glob.

Along with death music, I continued to look at this room, and there were a dozen brutal men like the bald head standing inside.

Although these people have different faces, each of them has terrible and weird tattoos all over their bodies, each of them is brutal, and they also have guns and knives in their hands.

"Who dares to enter the inner city?" The woman called the eldest sister suddenly said in a sweet voice.

Her voice is indeed like a natural sound, but it is a pity that she is facing the guys with her back, and can't see her face clearly.

But she can be judged from her voice alone, she should be a good-looking woman.

"I don't know, but it seems to have been put in from an outer city." The bald man continued to say to the older sister in front of him.

The elder sister paused slightly after hearing the bald man say this.
