

A Killer 122

Chapter 122: My youngest?

After getting up, the two people went to Xia Xue's small restaurant after washing.

Xia Xue is busy working in the restaurant. Today, business seems to be pretty good, and the small restaurant is almost full.

Because Xia Xue was alone in the restaurant, she was relatively busy. Li Tian and Shen Feng saw Xia Xue working alone, so they started to help her.

The three of them brought the dishes, washed the dishes, and served the dishes together.

It wasn't until noon that it was all busy.

"Thank you both." With a smile on Xia Xue's pretty face, she took out three bottles of beer from the freezer next to her, and walked towards the place where Li Tian and Shen Feng were sitting.

"No, this is what we should do." Shen Feng said with a smile.

Xia Xue opened three bottles of beer and handed it to Li Tian and Shen Feng each. Then he served two cold dishes, and the three of them ate and drank in the small restaurant.

Xia Xue smoked women's cigarettes and drank alcohol. She couldn't help showing her domineering, and she gave people a different sense of charm.

Especially after drinking two more bottles of wine, Xia Xue's complexion was red, and she looked unspeakably charming.

The pretty face that can be broken by blowing bombs has a touch of redness, the lips are not dotted, and the slender neck, coupled with that beautiful face, looks almost fascinating.

"You two brats can't fight the black market anymore."

After drinking two bottles of beer, Xia Xue blushed and said to Li Tian and Shen Feng.

With cigarettes in their hands, the two of them nodded while smoking.

"Stop fighting, we won't fight black market boxing from now on." Shen Feng said with a cigarette.

Xia Xue didn't quite believe that Shen Feng's words: "Really?"

"Really! My big brother doesn't fight the black market boxing, I don't fight 100%." Shen Feng said.

Xia Xue's pretty face turned to look at Li Tian, and looked at Li Tian with some incredible eyes:

"How did you tame this stinky boy Shen Feng? How could he recognize you as the big brother?"

"I have known him for five years, this kid has been arrogant and rebellious, like a wild horse. I didn't expect to change slowly with you now?" Xia Xue asked Li Tian with a smile.

Li Tian didn't know the truth, he and Shen Feng could be regarded as a coincidence.

"Because I owe Brother Tian! I haven't owed anyone Shen Feng in my life, but the last time I owed Brother Tian in the black market boxing match, I have to repay him in this life." Shen Feng was righteous. Say.

Carrying a beer bottle and banging with Li Tian, and then drank it all in one fell swoop, which was extremely enjoyable.

The way Xia Xue looked at the two of them couldn't help but smile.

"Speaking of Sister Xue, there is something I don't know if I should ask?" Shen Feng suddenly drank a little and began to ask nonsense.

Xia Xue had a good amount of alcohol. Although she did not drink as much as Li Tian and Shen Feng, she has already drunk three bottles of beer, and her face flushed and said, "Ask."

"Sister Xue, why are you alone with you for so many years? A beautiful and capable woman like you can't find dozens or hundreds of men." Shen Feng started talking nonsense.

Although it was a drunk remark, it was indeed a question in Li Tian's mind.

At this moment, Li Tian couldn't help staring at Xia Xue's blushing pretty face with blinking eyes, looking at her.

When Xia Xue heard Shen Feng's words, a wry smile flashed on her flushed face, and then the half of the slender female Moore cigarette she held in her hand was squeezed out in the ashtray, raising her beautiful eyes to look at it Shen Feng: "Why do you suddenly ask me this?"

"Curious!" Shen Feng said with a smile.

Xia Xue smiled, and slowly said: "In fact, how can I say it, Sister Xue, I will tell you, I am already disappointed with men."

After saying this, Xia Xue suddenly picked up the whole glass of beer next to him and drank it, her pretty face was unspeakably bitter.

Disappointed in men?

Li Tian couldn't help frowning thinking about Xia Xue's words just now? Could it be that Sister Xue was hurt? Sad by a man?

On the contrary, Shen Feng, who was drunk, smiled and said, "What? Sister Xue, when you stand in front of two extremely good men, you even said that you are disappointed with the men... Hey, it hurts! It's like me and me An insult to a superb man like Brother Tian."

Xia Xue chuckled when she heard that guy say this, and her smile was gorgeous and charming.

Li Tian also laughed.

"Sister Xue, what do you think of Brother Tian? I think you can be with Brother Tian, right?" Shen Feng said suddenly dizzy.

After he finished speaking, Xia Xue was startled, her blushing pretty face didn't know why it became even more blush.

Li Tian was also embarrassed: "What is your kid talking nonsense."

Shen Feng smiled: "Well, when I didn't say it."

"You drink first, I'm going to work."

Xia Xue stood up suddenly, and walked outside quietly.

Shen Feng in front of him was almost drinking at the moment, his head was a little swollen, and his head leaned on the small table in front of him.

On the contrary, Li Tian frowned and looked at Xia Xue who was going away, his heart lined up: What happened to her? Did Shen Feng's question just make her angry?

After thinking about it, Li Tian followed and walked over, only to see Xia Xue standing alone at the door, with her body leaning against the small door, Qianying had an indescribable feeling of beauty.

"Sister Xue." Li Tian came over and stood side by side with Xia Xue.

The fragrance of the woman's body from Xia Xue is fascinating.

Xia Xue turned the delicate face that could be broken by a bomb, looked at Li Tian, and smiled slightly.

"That kid drank too much, right?"

Li Tiandao said, "Well, he can't drink enough."

Xia Xue stepped her head and said nothing.

"Sister Xue, did what Shen Feng said just now made you angry?" Li Tian asked.

"He guessed it was drunk to talk nonsense." Li Tian tried to explain for Shen Feng.

Xia Xue looked into the distance without speaking. After a long time, she slowly turned her pretty face to look at Li Tiandao and said, "It's okay."

Li Tian looked at Xia Xue not very happy to speak, and seemed to be thinking about what was on his mind, so he said: "Then I won't disturb Sister Xue for now."

After speaking, Li Tian turned around and left.

Just took two steps, but seeing Xia Xue suddenly behind Li Tian said, "Wait."

Li Tian was startled and turned his face to stare at Xia Xue: "Sister Xue? What's the matter?"

Xia Xuemei's eyes flickered, she suddenly sighed slightly, looked at Li Tiandao and said, "Do you think Sister Xue is the youngest?"

"Uh?"

Hearing what Xia Xue said suddenly, Li Tian was stunned and said quickly: "There, who dares to say that Sister Xue is old? How could it be possible? I can guarantee that in my life for more than 20 years, Sister Xue is me. The most beautiful woman I have ever seen."

What Li Tian said was true, and Xia Xue was indeed beautiful, she couldn't help having the plump figure of a mature woman, and that delicate face was extremely rare.

Those slender legs wore ordinary skinny jeans, showing the curve completely. The front convexity and back curl, with the breath of a mature woman, are undoubtedly more attractive than a girl.
