

A Killer 1221

Chapter 1221: Something happened again

"Several people?"

"Six in total..."

"Male or female?" The eldest sister continued to ask in a beautiful and pleasant voice.

"Men, all of them are men, and another is a disabled man with one hand." said the bald man.

When the bald man said that six men broke into the inner city, the eldest sister in front of him finally turned around slowly.

Her back is indeed very beautiful, and her figure is also very plump.

She has short jet black hair, chic and suave.

Wearing a light red weird skirt, the moment I turned around... it was really amazing!

Gosh!

Who can imagine a woman who looks so beautiful from the back, but after turning her head, that face is indeed so weird... She left a deep "cross" scar on her originally better face.

The scar of the "cross" was deeply carved on her left cheek, looking hideous.

She was originally a top-quality beauty, but after having this weird scar, she made her look hideous and terrifying.

After she turned her head, the corner of her mouth suddenly smiled, and the scarlet blood-like lips smiled in an instant, and slowly said: "Take someone, get them back..."

"Remember, don't kill yet... Bring it back and let me play first..." she said with a scarlet tongue licking the weird corner of her mouth.

After hearing her say this, the bald man nodded quickly.

"it is good."

"I'll take people over and catch them back..."

"You, follow me..." The bald man who was talking waved his hand to the dozen or so men in the room with knives and guns in their hands, and the guys followed him toward the front like crazy. Run away.

Soon the group of people in the middle of the room followed the bald man and ran outside.

After they all ran out, the weird woman called the big sister smiled.

Then he waved his hands, as if dancing, to the death music of the irregular heavy metal band glob.

The expression was hot and crazy, completely like a lunatic, a female lunatic.

Who is this woman with an ugly face and a "cross" scar on her face? Why is it so brutal?

Why are there so many people under your hand?

No one knows now.

When Li Tian and the others were walking along this street step by step towards the center of the inner city, they suddenly heard the sound of vehicles coming from a distance.

When suddenly heard the sound of the vehicle at this moment, Li Tian and his brothers were all taken aback.

"Someone is coming..." Li Tian frowned and said.

"Who?" The brothers said in doubt.

"Car, coming car... and definitely not less than three cars." Li Tian listened intently with his eyes closed.

Since Li Tian's skill has greatly improved, his hearing has already broken through the realm of the so-called master, and now almost a mile away, Li Tian can basically hear the surrounding movement.

Now after he said this, the brothers around him said, "Young Master, should we hide?"

"hide?"

"Why are we hiding... We have no joints with those people, so why are we afraid of them?" Tang Xiaolong said there.

But the ghost servants and Duguxie didn't pay attention to Tang Xiaolong at the moment, they just cast their eyes on Li Tian's face.

After taking a look at the surrounding houses, Li Tian suddenly said, "It's too late..."

"They have come."

After Li Tian finished speaking, everyone at this moment could already hear the sound of the car driving madly toward this side, and it was accompanied by the mad yelling of people.

"Calm down everyone... don't do anything, everything depends on the situation." Li Tian told the brothers there.

As his voice just fell, at this moment four vehicles with crazy arrogance have been seen driving towards the brothers.

Those people were still holding guns in their hands, and some of them had knives in their hands, standing in the car and shouting at Li Tian and the others.

As these four cars suddenly drove towards Li Tian and the brothers, the four cars immediately surrounded Li Tian and the brothers... The car did not turn off, but surrounded him. They turned around jokingly at Li Tian.

The crazy men standing in the car stared at Li Tian and the brothers with evil gazes.

When did the brothers have been joked like this, at this time, if the other party had a gun at them, maybe Duguxie and the ghost servant had already taken an angry shot.

But now they can only stand there quietly, motionless, they don't know what these people are going to do.

"What do these **** want to do?" Tang Xiaolong had clenched his fists and said coldly, looking at the turning car.

Li Tian next to him reminded him in a low voice: "Xiaolong, remember, calm down first..."

After they were surrounded, the car started to slow down, and several men over there jumped out of the car vigorously, and the black and cold muzzles were aimed at Li Tian and the brothers.

Uzi submachine gun...There are also double-barreled shotguns, and short automatic k91 rifles.

When all these gunpoints were aimed at Li Tian and his brothers, Li Tian not only frowned slightly, but also said to himself: It seems that this dark city is really enough!

Unexpectedly, he just came out of the troublesome outer city and entered the more troublesome inner city...At this moment, he can only sigh.

After all of those gunpoints were aimed at Li Tian and his brothers, a bald man walked out from the crowd and began to take a look at Li Tian and his brothers one by one.

Then a cold smile appeared on the corner of his mouth.

"It's all ***** to Lao Tzu...take it away!" A roar came from his mouth, and then some of the barbarians were ready to attack Li Tian and the brothers.

"Hold on..." Suddenly a cold loud shout came from Li Tian's mouth.

After the group heard the deafening roar, they all turned their eyes to Li Tian, and what's more, several black muzzles were all aimed at Li Tian's head.

"Damn...were you talking just now?" Suddenly, the bald man's cold and fierce eyes settled on Li Tian's body, and at the same time he walked towards Li Tian step by step.

"it's me!"

"I just want to ask, how did our brother offend you... Why do you want to deal with us?" Li Tian asked.

The bald man seemed to be the first to hear someone dare to ask him this way, and he couldn't help laughing.

Then he stepped forward to Li Tian step by step.

Chapter 1222: Slaughter

When this bald man walked towards Li Tian very aggressively, his eyes looked viciously at Li Tian.

.

Suddenly stretched out a hand and grabbed Li Tian's neckline.

"Are you looking for death?" He said to Li Tiandao with cold eyes.

"If you have the ***** ability, dare to say a word, I will make you regret giving birth..."

This guy said to Li Tian in a wild statement.

Seeing that Li Tian was grabbed at the neckline by the indifferent guy, and insulting Li Tian, Tang Xiaolong yelled.

"You bastard, let go of my little boss..." Tang Xiaolong didn't care about the three-seven-two-one, so he rushed to do it.

How could he not be angry when he saw his boss being insulted? He was not afraid even if all the guns were pointed at his head.

When he rushed over with an angry roar, all the bald boys' guns were unbolted at this time, and then they aimed at Tang Xiaolong's head.

"You **** move again... I blow your head!" The brutal gang pointed all their guns at Tang Xiaolong at once.

Tang Xiaolong clenched his fists tightly, his eyes were bloodshot, and his entire body was trembling uncontrollably due to excessive anger.

He was so angry.

Duguxie over there stared coldly at the situation in front of him, and that cold left hand was already preparing to move the bronze sword in his hand.

At this moment, the bald man saw that Tang Xiaolong was so powerful, and he was not afraid to face so many of them? When he dared to rush forward, he turned that vicious face and stared at Tang Xiaolong in front of him for an instant.

"Oh... you **** are very kind, aren't you?"

"You **** afraid of death, are you?" As the bald man said so gloomily in his mouth, he suddenly walked up to Tang Xiaolong.

Then he stretched out a fist and hit Tang Xiaolong's chest with a bang.

Ow...

With a sound, Tang Xiaolong's beaten body bends slightly, and an angry muffled sound came out from his mouth.

But he had no choice but to endure it.

Because he didn't want to die yet, after all, several guns above his head were aiming at his head motionlessly.

After being punched, Tang Xiaolong slowly straightened up at this moment, raising the blood-red eyes and glaring at the bald head in front of him.

After seeing Tang Xiaolong being punched heavily by himself, the bald man was still a little unconvinced and suddenly furious.

"You fucking... I don't believe in disobeying you today." Following this guy's roar, he hit Tang Xiaolong's cheek with two heavy punches.

Tang Xiaolong received two punches on the face instantly.

At this moment, blood can't help but flow out from the corner of his mouth.

Seeing that Tang Xiaolong was punched two more times, the situation immediately became a suffocating situation.

Tang Xiaolong's eyes were wide, as if he was about to eat people, and the brutal gang was also pointing a gun to his head at the moment, and the bald man in front was even more dazzling in front of him.

"I'm not convinced yet? I will beat you today..." Following the roar of the bald man, he was ready to shoot again.

Unfortunately he was wrong

He didn't see a person already showing a deadly black breath of terror all over his body.

It was a naked murderous aura, and the Pentium murderous aura suddenly surged directly from behind.

Then he saw a black glow...

When the black light flashed, it seemed like a ghost suddenly appeared, accompanied by a hissing...

Suddenly the 45 men who pointed their guns at Tang Xiaolong's head suddenly felt a gloomy chill coming from behind.

"go to hell....."

The roar of ruining the world.

With a bang, the black light flashed by, and the men with guns in their hands did not even see what it was... Then they only felt that their bodies were suddenly pierced by a handful of cold things...

Then All the guns in his hand fell to the ground.

Then a trace of blood flowed out of their bodies!

The four corpses... made a splash, without any chance of fighting back.

And the person standing in front of Tang Xiaolong?

He is holding a sword, a pure black sword.

The sword is three feet long, and the black body is completely black.

There are still spots of burning blood on the blade...

Li Tian.

Chilian sword,

The Chi Lian Sword was in Li Tian's hands, the first murder and the first blood.

The moment the Chilian Sword was stained with blood, it seemed to be sucking blood hard, hissing, and the black glow around him became more and more vigorous.

Even Li Tian's pupils gradually turned black.

The magic sword, the madman, and the intertwined images completely stunned the arrogant bald man just now.

The 10 men behind him were completely taken aback.

They have seen brutal killings in the Dark City, and they have also seen awesome characters, but like today, the other party killed four of them with guns as soon as they shot them, and they were immediately stunned and dumbfounded.

"Kill me! Kill them all."

Suddenly, Li Tian coldly spit out unprecedented brutal words.

He is going to kill.

The killing intent that had been tolerated in his heart for a long time, completely broke out at this moment.

At the moment he uttered a word, but listening to a dragon chant, Duguxie's bronze sword took the lead out of its sheath... Jian Guang pointed directly at the two men who were still there behind.

The two men held a mountain knife in one hand, and a double-barreled shotgun in the other. Before they could shoot, they were directly pierced by the sword of Duguxie in their throats. They screamed suddenly. Came out.

And the ghost servant? At the same moment, the shadow flashed, and immediately bullied the three men behind him.

Yu Juelun's body style hadn't waited until the three of them could fully see what was going on. Then two of them had their necks cut off by the ghost servant alive, and the gun in the other hand shot quickly, but it was still too late, because the ghost servant's speed was too fast, and then with a click, the guy's hand holding the gun was suddenly broken by the ghost servant, and a scream came out of his mouth. The moment he called out, his head was cut off.

Ah Qiu has also started to kill, kicking a hunky man who leaped forward, and then grabbed a man with both hands, dodged the other's machete with his backhand, and slashed one of the men alive under the knife. .

And what about the last Opteron?

He is the most powerful!

Because he was holding a snatched shotgun in his hand.

Chapter 1223: Provoke a hornet's nest

Bang... bang... bang...

With three shots in a row, the three rushing guys were directly blasted with hornet's nests by the powerful shotgun. With the screams, those people died on the ground one by one.

The ***** scene, the cry of death rang out loudly.

In an instant, the ten or twenty awesome red guys just lay on the ground at this time.

Blood in one place, corpse in one place...

The only remaining bald man who was not dead was already frightened...he had seen such an awesome situation there, had seen such a brutal person there, and at this moment, the whole person was kneeling on the ground with eyes full of fear.

"Don't kill me...Don't kill me..." he said as he stepped back, his voice full of fear.

At this time Li Tian and his brothers had already killed all the living people present.

Only the bald man left was still kneeling on the ground.

Tang Xiaolong was really angry.

The anger just now, the hate just now, all rushed to his heart.

"You bastard... wasn't that awesome just now?" Following the roar of Xiaolong, he flew directly and kicked the opponent's face.

Wow screamed, but seeing that guy was kicked in the face by Tang Xiaolong, the whole person screamed and fell to the ground.

The nosebleeds and the blood stains in the mouth flowed out, all over the face.

"Please...please...I'm wrong...please don't kill me?" The bald man knelt on the ground at the moment when he saw death, begging for mercy.

But will Li Tian let him live?

"Want to let Lao Tzu not kill you? You don't have any. You **** insulted my little boss just now. I don't want to kill you today. It's unreasonable." Tang Xiaolong then took another kick and kicked that guy's chin.

The bald man's front teeth flew out, vomiting a large mouthful of blood, and fell to the ground as if he was dying.

Just when Tang Xiaolong was about to severely teach the bald man again, Li Tian on one side suddenly took his hand.

Then Li Tian walked to the front, holding the red sword in his hand that had been soaked with blood just now, staring coldly at the bald head covered with blood on the ground.

"Tell me, who asked you to arrest us?" Li Tian said coldly at the bald man.

The bald man is dying at this moment, he wants to live, wants to live,

So he said with a mouth full of blood, "It's the eldest sister... the eldest sister..."

"Eldest sister?" Li Tian not only frowned when he heard a woman call him.

"Who is the eldest sister?" Li Tian asked again.

The bald man said with his mouth full of blood: "Eldest sister... is the boss... is our boss..."

"Okay, you can go to death." Just when the bald man finished saying a word, Li Tian's Chi Lian Sword suddenly cut off with a single sword.

A powerful and domineering sword slashed directly on the neck of the bald man.

Then the bald man's head grumbled away from his body...rolled towards the cold ground.

Blood splattered three feet, and the head fell.

After the Chilian Sword drank human blood, it began to become more and more crazy, and more and more black lights appeared.

What about Li Tian? For the first time, the killing ring was opened in the dark city.

The magic sword is still in his hands, and his brothers are all standing with him, where on the ground? But there were more than a dozen **** corpses.

One by one fell into a pool of blood.

On the desolate street, a gust of cold wind blew through, bringing a **** smell.

"Young Master, let's leave this place right away..." Du Guxie suddenly walked to Li Tian's and reminded him.

He said that a pair of eyes looked around cautiously.

Yes, they have killed so many people now.

If nothing goes wrong, the other party will find him right away, and now Li Tian and his brothers don't know how many people the other party has or how powerful it is. If they stay here again, they will undoubtedly find their way.

Listening to Duguxie's words, Li Tian glanced at the corpses in front of him coldly, and then slowly nodded.

"Well, it is not suitable to stay here for a long time, let's go quickly."

As he said a word, Li Tian and his brothers ran quickly towards the empty street in front of them.

And what about the dozen corpses? Lying on the cold ground bloody.

"Eldest sister, eldest sister... It's not good, something happened..."

In a room full of glob music from the heavy metal band, a yellow-haired man ran in crazy and said to a woman.

In the room where the heavy metal band glob music, but seeing that woman turn her ugly face slightly, the face engraved with the "cross" scar on her face is full of hideousness.

"What's the matter?" she asked suddenly, staring at the man with dyed yellow hair.

But seeing that the man with yellow hair gazes in fear when he ran in, he breathed heavily and said, "Eldest sister...Bald head and a dozen of our brothers...all...all are dead."

"What?" When suddenly hearing this terrible news, the woman called the eldest sister was shocked, and then the gloomy eyes suddenly became extremely vicious at that moment.

"What are you talking about?" Suddenly the eldest sister in front of her grabbed the yellow hair in front of her neck.

That yellow hair seemed to be pinched by a Li ghost, and his entire face instantly became extremely blue...While panting violently, he said in a timid voice: "Bald head...Bald head and our dozens Brothers were all killed by those outsiders."

After Huang Mao in front of her repeated the words again, the eldest sister's face with the "cross" scar on the knife suddenly began to tremble.

Then she slowly released the hand holding Huang Mao's neck, and then turned her back, suddenly a grinning smile appeared at the corner of her mouth.

I don't know if I laugh or cry? Still a miserable smile, anyway, it is extremely ugly.

"Let Dalong take the brothers to block this street..."

"If you continue to spread the word, everyone who is connected to this line will come out for me to kill the outsiders... Remember, who would dare to peel off the outsiders if they helped the outsiders. Have you heard?" Suddenly the eldest sister in front of her roared.

Following the elder sister's order, the Huang Mao nodded there quickly.

"Okay, okay, eldest sister, I know, I will go down and tell my brothers."

As he said, he ran out quickly.

Block the whole street?

And let everyone in the block deal with Li Tian and brothers! !

How cruel, how terrible.

Does this woman control the street in front of her?

Chapter 1224: Blaze a trail

The more Li Tian and the brothers move forward at this moment, the more they can feel something is wrong.

Because the doors of the streets on both sides were all closed at the same moment, it was as if the whole city was on guard.

Li Tian could occasionally see a pair of vicious eyes looking at them through the rooms on both sides and inside the door... Those eyes seemed to see the affection of the enemy.

In an empty street, at this moment, only Li Tian and his brothers were walking cautiously and lonely. No matter where they went, the door of the room began to close directly.

It seems that Li Tian and his brothers are as terrible as a plague with bacteria, afraid of being infected.

"Young Master, something is getting more and more wrong... You see why the doors of the room are closed all around, as if they are deliberately avoiding us." I only heard Duguxie holding the bronze sword in his hand and facing forward. As he walked, he said coldly.

Of course Li Tian had already felt something was wrong.

At this moment, it's not just saying that: "Yes."

"The people here don't seem to welcome us very much..."

"Little boss, why do these people treat us like this?" Tang Xiaolong asked on the side.

Li Tian shook his head there, of course he didn't know. He didn't know who wanted to hunt them down because of their lingering spirit.

"Get out of here quickly." The ghost servant over there said quickly.

He also felt that the atmosphere was not right at the moment, and faintly felt the suffocating and murderous aura in the air.

"Can't go..."

"It's late." Suddenly Li Tian said slightly there.

When he suddenly said such a sentence, the brothers around him were all stunned.

"They've already come." Li Tian closed his eyes slightly...suddenly his ears trembled and said.

Yes, he had heard the messy footsteps from a distance, and the sound of footsteps was definitely not 56 people, but many, many.

"Then what to do? Let's fight with those bastards..." Just listen to Tang Xiaolong roaring at that moment.

Everyone was watching Li Tian openly at this moment.

Waiting for the decision in his mouth.

I saw Li Tian slightly opened his eyes, he could already hear the footsteps running madly closer...

"You can only kill it." Just like that, a sentence came out of Li Tian's mouth.

After he said to kill, the brothers were also ready for everything.

Duguxie's bronze sword was out of its sheath, and it was coldly held in his hand, and the white dragon over there also picked up his shotgun that he had snatched from the gang.

The ghost servants here, Tang Xiaolong, and A Qiu also had expressions of murder.

They are all waiting, waiting for the arrival of the group.

There is no way to go ahead...The back is also a dead end, so the brothers can only fight.

Break! But can you kill this time? This is a problem.

Seeing those who rushed over from a distance, they had already rushed towards this side.

Some of those people have terrible tattoos on their bodies, and some are weird in alternative costumes, but it is undeniable that none of these people is a good thing.

All of them are cruel and desperate characters.

One by one, they showed a fierce look, rushing towards Li Tian and the others with the deadly guy in their hands.

Some have a machete in their hands, some have steel pipes in their hands...and others have a gun in their hands.

In short, they are here to kill Li Tian and the brothers.

After these people rushed over.

"kill....."

"The eldest sister has an order. Whoever kills these strangers will have 100,000 cash." Following the roar of the majestic hunk at the front, he led dozens of people towards Li Tian and his brothers. .

When they ran towards Li Tian and the brothers like crazy, that Opteron shot first.

Bang, bang, bang...

The bullet shot from the shotgun directly knocked the two guys with guns to the ground.

What about Li Tian? After getting closer, Xuantian **** suddenly broke out.

Swishing fingers, shooting like bullets at the guys who were holding the gun first.

The extremely fast Xuantian fingering, combined with his powerful inner strength, is truly invincible.

There were **** screams wherever the fingers were pierced, and the men with guns in their hands suddenly showed blood holes on their bodies, and then fell to the ground wailing and died.

Li Tian, of course they knew that they had to deal with the gunmen first.

After the battle, the bullets of those with guns also shot at Li Tian and the others.

The bullets roared frantically at Li Tian and the others.

Li Tian and his brothers tried their best to avoid those crazy bullets, and then looked for opportunities to beat those guys.

The ghost servant made a fascinating step, and the ghost-like body skills suddenly flashed, and he jumped into the crowd over there. One of the men with a gun only felt the black shadow in front of him flashed, and he hadn't noticed what it was. During the meeting, his neck was cut off and he died tragically.

Then the ghost servant went to kill the second and third.

Wherever I went, screams kept coming...

After the ghost servant took the lead in smashing into the crowd with a swift and unparalleled body technique, the Duguxie here roared to the sky, and the bronze sword in his hand slashed to the 56 men on the left with the power of destroying the world.

Due to the sword light, the bodies of those 56 fierce guys suddenly broke apart... their bodies were shaken by the huge sword energy, and their bodies were separated one by one.

Blood is splashing in the sky...

The brothers are fighting fiercely here.

Soon the opponent's gunman was almost killed.

Li Tian had already clenched the magic sword in his hand: Chi Lian.

Chilian seemed to "smelt" the **** aura on the court, and the entire sword body was trembling slightly, as if he couldn't wait to drink human blood... Suddenly a black aura came from the sword body that only hit Li Tian's. The palm of the hand, and then the black air flow along Li Tian's palm and rushed into Li Tian's body, to his head.

His eyes became black at this moment...violent.

Then he roared, and his whole body slew towards the group of people.

The magic sword in his hand was swung out, and a black and terrifying air current filled the group of desperadoes directly, and then he saw Li Tian slashing his sword to kill those guys.

All the screams caused by the sword light.

The Demon Sword was sucking blood desperately...Though the guys who rushed up to death were fierce, they could be Li Tian and his brothers' opponents.

Fighting, blood, wailing, and screams filled the entire audience.

Over there, a man with dragon tattoos raised a pair of extremely cold eyes and reminded the audience.

He is the fierce man named Dalong.

Chapter 1225: Brotherhood

When he saw that the brothers No. 5060 he had brought could not hold Li Tian and the brothers, his face suddenly trembled.

Then he quickly continued to signal... He wanted to call more people to come, more people to deal with Li Tian and the others.

And Li Tian and his brothers were slaughtered on the field right now.

One after another corpses fell under their hands, and the blood seemed to stain the entire ground red.

But these people seem to be endlessly killed...

I saw that after they killed 3,040 people, those people were still not afraid at all, they still rushed towards them like crazy, and most importantly, some desperadoes came one after another...

Li Tian hacked one of the men to death with a sword, and was then forced back by a dozen people with knives.

Although the Duguxie over there killed countless people, after all, the hero couldn't stand the crowd, and was forced to come back, let alone Aqiu and Tang Xiaolong,

Opteron was fierce and mad.

After one person killed more than a dozen guys with his bare hands, he suddenly avoided the machete in one of the guys' hands and stabbed him directly in the stomach.

The man let out a whimper and scream, then fell to the ground.

At this time, the brothers all retreated together... But there were more and more desperadoes around... and from afar, there were characters coming from behind.

"Young Master, I'm afraid it's wrong to go on like this... You see, the other party is coming more and more." At this time, I saw Duguxie staring at the desperadoes who were running from a distance.

"These people are crazy... They really seem to have come to kill us today."

Li Tian also noticed that it seemed a bit troublesome today.

This group of people seems to never be able to kill.

He really couldn't believe why the figure named Big Sister had such great strength, why could he control so many desperadoes...

Li Tian, who saw this meeting, held his magic sword tightly in his hands, and said: "We must concentrate our strength to make a blood path...or we don't want to leave here alive today."

"Damn, according to what I said, just fight with them... I don't believe we can't kill these bastards." Tang Xiaolong over there gasped heavily while saying angrily.

There is blood all over his body, and the blood is not known to be his or someone else's...

A Qiu on one side did not speak, but stood there quietly.

"Xiaolong, this is not the time to be brave..."

"Listen to the young master, we must concentrate our efforts to make a blood path." The ghost servant over there said.

After the ghost servants also agreed with Li Tian's ideas, they nodded and then watched the surroundings of the situation.

But can it be a simple matter to smash a **** path among so many desperadoes?

Do not!

Now there are more and more people coming from the other side, and the desperadoes who surround Li Tian alone are almost 100... and there are crazy people coming back one after another.

I saw the fierce man standing in the crowd with a blue dragon tattooed on him, watching Li Tian and his brothers sneer there: "Kill me..."

"Chop these strangers into pieces for Lao Tzu!"

With a roar, he ordered there.

Those hot and crazy little brothers heard his roar, stepped on the **** corpses of their companions, and rushed towards Li Tian and the others like crazy.

Li Tian and his brothers are trying their best to find a way to get out.

The desperadoes who blocked them fell one by one, and the corpses quickly piled up on the ground.

But such a massacre? Can Li Tian and his brothers be safe?

Do not!

No matter how great the brothers are, they only have two hands and two feet after all.

I saw that Ah Qiu had been slashed several times by the opponent's chaotic knife. His arms and shoulders were chopped several times... Although he was trying to gritted his teeth, the blood came from him. A little bit left.

Even if he can persist to the end, then he will drain the blood all over the body and then die.

Where is Tang Xiaolong? It is also the end of the battle.

The tired Tang Xiaolong was finally cut in the back by the opponent with a cold knife... Tang Xiaolong, who had been hit by the knife, screamed at this moment.

"I'm going to your mother..." roaring, he immediately hugged the waist of the man who had slashed him, then lifted the guy up, and then threw the man directly like a stone. It hit the two guys who rushed over.

The desperadoes who rushed were slammed on the body by their companion, a painful cry in their mouth, and then fell to the ground.

But Tang Xiaolong got another knife in the thigh at this moment.

He was limping, with blood on his face, red eyes, and a machete in each of his hands. He seemed crazy when he saw who was cutting whom.

The Duguxie, Ghost Servant and Opteron over there are all okay.

Although none of the three masters were injured, they were still forced to retreat by the crowd...

After all, there are too many people on the other side.

And where is Li Tian alone? Carrying the banner alone.

Similarly, the people around him are the most.

But those people dared not get close to him, because as long as they were two meters away from his body, they would die tragically.

The magic sword in his hand slaughtered those people like crazy, and when each sword was cut out, the black air current all over his body increased sharply.

"Dance of Death..." Li Tian had already used the powerful skills of Rashomon's nine styles at this moment.

The black breath filled him and the desperadoes around him...

Then I saw those desperadoes in the black mist, as if they couldn't bear his horrible suffocating breath, one by one fell to the ground.

But for every downed desperado position, a second desperado will fill it up.

The scene of the massacre was really **** and violent!

What about Li Tian? Also fight for one's own strength to almost kill the bleeding.

Although Li Tian was powerful and mighty enough, he was about to break his blood. When he heard the muffled cry of A Qiu behind, he turned his head to look, but saw that A Qiu and Tang Xiaolong could not resist it at this moment. Seeing that he was about to be hacked to death under a chaotic sword, Li Tian had no choice but to give up the blood path he was about to kill, his body flew upside down, and the magic sword in his hand slashed away. The three desperadoes who had not had time to escape were immediately killed by the sword.

After retreating those desperadoes, Li Tian quickly helped Tang Xiaolong and Na Aqiu who were covered in blood around him.

"Little dragon, hold on..."

"Be sure to hold on..."

"We will be able to kill right away." Li Tian said, helping his two brothers.

Chapter 1226: Who is she?

But they are surrounded by so many people, they are undoubtedly joking at this moment.

The Duguxie and the ghost servants over there want to come over to help, but they don't have any chance...because they might be seriously injured by those desperate desperadoes if they don't pay attention...

Therefore, only Li Tian and the injured Tang Xiaolong Aqiu were surrounded.

Li Tian stood up with a sword, as if he was not afraid of the sky, but he was worried about his brothers in his heart.

"Little boss... leave us alone... kill yourself... or else, we will drag you down..." Tang Xiaolong suddenly said to Li Tian with blood-red eyes.

Ah Qiu was also looking at Li Tian in front of him with his pale face.

"Yeah, my brother... Leave us alone, let's go... Brother, I can't accompany you to the end in this life, and I will be your brother in the next life."

Listening to the words of the two best brothers, Li Tian's blood was boiling.

He looked at the two and smiled slightly.

"Silly brother, what are you talking about? How can I lose you? Today, even if we really can't escape, then I will accompany you to Huangquan... even if we are in hell, we are brothers."

Brother! !

Ah Qiu yelled, tears streaming from his eyes.

Li Tian stretched out his hand and looked at the two good brothers in front of him and said, "Come on, let's kill the three brothers together..." Li Tian suddenly grasped the two brothers' hands tightly.

Then both Tang Xiaolong and A Qiu had tears streaming from their eyes.

They stretched out that **** hand and held Li Tian tightly together...

"Kill!" The three brothers roared, and then rushed toward the crowd again.

The last battle, fighting for brothers, fighting for alive...

The terrible scenes flooded the entire desolate street.

Watching that Tang Xiaolong was hit by one, two, three... and A Qiu... the man standing in the crowd with a green dragon tattooed on his body finally showed a cruel smile at the corner of his mouth.

"Knock them to death... remember not to keep alive."

After his cruel words were said last, those people rushed towards Li Tian and the brothers like crazy.

And brothers? Has indeed become the end of the crossbow.

All they are waiting for is death.

Today they are destined to be unable to escape, there are too many people who can't help each other.

Just as the hearts of the brothers were filled with despair one by one, suddenly, on the barren street, a black shadow flying over and two rising and falling like wild geese swept towards this side.

That body technique is extremely fast, and at a glance, you can feel it is a first-class master.

It's just that the body is relatively short, because the speed is too fast to see who he is.

Immediately after he jumped onto the court, he took the lead to rush towards the man with a blue dragon tattooed in the crowd. When the man with a blue dragon tattooed all over his body suddenly reacted, the opponent had already reached his Behind.

The man with a blue dragon tattooed on his body is not a waiter. When he felt a strong wind hit him, he turned his body and punched him back.

However, he underestimated the opponent's strength. As soon as he punched his fist, he was directly backhand clasped by the opponent's veins, and then he turned his backhand, and another cold hand directly choked his neck.

"Don't move... If you move again, I will kill you!" a cold voice came out of her mouth.

When she pinched the neck of the man with the blue dragon tattoo all at once, the man was stunned for a moment, and then the eyes saw her face.

It was an old face full of wrinkles, and at the same time a pair of eyes glowed with muddy light.

But her hands were so cold, so cold, she tightly pinched the neck of the man with the blue dragon tattooed all over her body.

When the man with the blue dragon tattooed all over his body saw her, his eyes suddenly widened.

"You...you...you...you are not dead yet?" He suddenly looked at the old woman who looked so old and looked at him like a ghost.

That's right, the one who caught him on the court was an old woman with many wrinkles on her face.

"Hey, I can't think of it for so many years... There are still people who remember my old woman." The old woman suddenly said with a weird smile.

"You...you... why are you here?"

"What are you going to do?" Hearing that the man in front of him was pinched by the old woman's neck, even his voice couldn't help but tremble.

There is no doubt that he is afraid, and that fear comes from the bottom of his heart.

It is hard to imagine that desperadoes like them are still afraid.

But seeing the old woman smile weirdly.

"Let your people, stop all... let go of those strangers!" The old woman in front of me said suddenly.

"why?"

"Why do you want to let them go? What do they have to do with you!" The man with the blue dragon tattooed all over his body roared, as if he was very reluctant.

But seeing the old woman said coldly: "Because if you don't let your people stop, I will break your neck..."

Listening to her cold words, a gaze of fear flicked across the eyes of the man with a green dragon tattoo.

He pondered for a few seconds, with a pair of hands as cold as ghosts on his neck, and then he said, "Okay..."

"I promise you....."

After he finished speaking, the old woman suddenly smiled.

Then, when the man with the blue dragon tattooed all over his body shouted at the people who were desperately working with Li Tian and his brothers, "Stop it all..."

With this sound, the desperadoes stopped for an instant.

And what about Li Tian, who is exhausted and covered in blood, and his brothers? After the other party suddenly stopped, they were all stunned.

Then they turned their heads and saw the weird old woman, and the man with a blue dragon tattooed all over the body who was pinched by the old woman.

"is her?"

"Unexpectedly... is it her?"

At this moment, even Li Tian looked at the old woman with a look of disbelief...

And Tang Xiaolong and Ah Qiu, who were covered in blood, were also completely dumbfounded at this moment. They both panted hard, while covering the wounds on their bodies, looking at the old woman with shocked eyes.

"How could it be her?"

"Oh my God... Is she really hiding it?"

"Is she really a master of first class?"

The Li Tian brothers, including Duguxie and all that Opteron were stunned there.

And those desperadoes who closely surround Li Tian and his brothers? At this moment, after seeing their boss being restrained by the ugly old woman, they were all stunned.

"Haven't the **** heard... all back to me." The man with the blue dragon tattooed all over his body roared when he saw his subordinates still in a daze.

Those subordinates just returned obediently one by one.

They were about to hack Li Tian and their brothers to death... Suddenly they were called to a halt at this moment. Of course, they were 10,000 unconvinced in their hearts, but since their boss had already spoken, they had nothing to do.

Chapter 1227: I'm late

When this mysterious old woman appeared in shock all of a sudden, not only the Li Tian brothers and the elder sister's men were completely confused.

At this moment, they all returned one by one.

And what about the mysterious old woman? He tightly pinched the neck of the man with the Qinglong tattoo with one hand, and then slowly retreated towards Li Tian and his brothers.

"You can't run today..."

"Even if you catch me...you won't be able to leave here alive." Only the man with the blue dragon tattooed all over said viciously.

Although he was controlled by the mysterious old woman, he had no sense of fear.

But seeing that weird old woman smiled.

"Don't worry... we won't leave the inner city."

After she said so, she glanced at Li Tian and the others behind her.

But seeing Li Tian and Duguxie, they were supporting Tang Xiaolong, who was covered in blood, and Ah Qiu stepped back step by step...

"Hurry up and go." The weird old woman suddenly turned her head and said to Li Tian and the brothers behind her.

Li Tian and his brothers couldn't help being slightly taken aback when they heard that the old woman let them go.

"how about you?"

"Senior... I will go with you." Li Tian suddenly stepped forward and said next to the old woman.

But seeing that weird old woman said to Li Tiandao: "Young man, don't worry about my old woman...you should leave as soon as possible, I will meet you soon."

Hearing that the old woman in front of her insisted on leaving here with her brothers...

Li Tian glanced at the old woman gratefully, and then said, "Okay."

"Then I will thank seniors for my brothers..."

Then after Li Tian finished speaking, he suddenly turned his head to the brothers beside him and said, "Go!"

Then the Duguxie and the ghost servant hurriedly helped the brothers beside them and walked quickly to another deserted street.

After Li Tian and his brothers quickly disappeared on the street, here I saw this old woman alone controlling the man with a green dragon tattoo in her hand, and then being held tightly by the man with a knife and gun Around.

"Let go of our boss..."

"Let go..." the little brothers roared there.

The jet black muzzle and so many sharp blades were aimed at the old woman.

The old woman glanced at so many people in the audience, a weird smile appeared at the corner of her mouth, and she stepped back while watching the driving at both ends.

Suddenly after she saw the opportunity, she suddenly hit the back of the man with the blue dragon tattooed with a palm, and the man was staggered and knocked to the ground.

Then the mysterious old woman stayed up and down... several ups and downs, and fled backwards quickly like a wild goose.

The sound of gunshots...likely insincerely directed at the people who were up and down her.

Her figure is fast, fast, and fast like a Lixuan arrow.

The two inverted have already flown a few feet away.

These crazy desperado bullets are still sweeping wildly, and those guys holding sharp machetes in their hands are also shouting and chasing forward...

"Stop it for me, don't chase." Suddenly a cold roar came out of the man with the green dragon tattooed all over his mouth.

When he uttered, the sound of bullets and the sound of killing suddenly stopped.

All the desperate little brothers ran up to him.

"Boss..."

"Why stop? Damn...kill that old woman..."

"Yeah, that old woman provokes us all her life? She should be sent to hell."

...

A group of younger brothers looked at the man with blue dragon tattoos with crazy and fierce killing eyes and asked inexplicably.

But seeing the man with the blue dragon tattoo all over his body, his face was extremely ugly, he looked at the distant figure with vicious eyes, and said silently: "Forget it..."

"Let's go back and tell the eldest sister... that old lady is not one of you and I can provoke a vicious character." After he said this meaningfully, the little brothers all had a blank expression on their faces.

Of course they wouldn't know who the mysterious and weird old woman was just now, and at this moment they could only nod their heads when they heard the boss say this.

So this large group of people helped the seriously injured brothers and retreated.

In the **** streets, there are still so many dead bodies...the cold wind blows, and a **** smell pours out your nose.

Just less than 10 minutes after everyone left the fighting area, two black figures suddenly flashed in from the side corners, at an incredible speed.

After the two were on the court for an instant, after looking at so many **** corpses on the ground, they both froze for a moment.

"Oh...we're late." He only heard a handsome man frowning there.

The other one was also handsome in a purple shirt, but it was a pity that there was a long and narrow sword mark on his cheek.

Aren't these two people in the gate of hell: Ouyang Longyan, and the Ecstasy?

It turned out that the two of them arrived here.

"It seems that Li Tian and Duguxie are killing them here." I just listened to Ouyang Longyan in front of him saying coldly.

Looking at so many corpses on the ground, the ecstasy was also chilling.

He can't imagine what kind of fighting ever happened here? And how did Li Tian and Duguxie escape from this place?

"But depending on the situation... they seem to have escaped." Only listen to Duguxie glanced at the strange bodies and said.

Ouyang Longyan stood there and said, "It should be."

"But, I don't think they will be better off going there..."

"They must be seriously injured." Ouyang Longyan added another sentence in front of him.

Yes, judging from the corpses under their feet and the blood stains, Duguxie and Li Tian must have risked their lives to break through. There are dozens of corpses on the ground lying in the blood...Even a fool can tell Li Tian and his brothers must have gone through a bitter battle before escaping, so even if they could escape alive, they must have been seriously injured.

"What to do?" Ouyang Longyan asked suddenly.

"Find them quickly...help them." Ecstasy said coldly.

"Okay, let's go."

After the words of the two of them spoke, they flew quickly towards the other street.

On a deserted street, but I saw a few figures running hard there.

Except for trash, confetti, and cold buildings, there was no one in the surroundings.

But seeing these people is Li Tian and the badly injured brothers.

Chapter 1228: Brotherhood

At this moment, Tang Xiaolong's blood seemed to be running dry, and his face was pale...Although he was supported by the ghost servant, he was already unable to walk... His body fell to the ground all of a sudden.

"I...no...it's alright..." Hearing only one sentence came out of Tang Xiaolong's mouth with difficulty.

His lips had begun to tremble slightly, the light in his eyes seemed to close at any time, and the blood in his entire body had dyed all the ground red.

"Little dragon, hold on..."

"You must hold on to me." The ghost servant said in the blood-filled skirt of Tang Xiaolong tightly.

But seeing Tang Xiaolong with weak eyes open, looking at the ghost servant in front of him:

"Master...disciple...disciple...disgrace you..."

"I really can't walk anymore."

"I can't hold on..." Tang Xiaolong said in despair.

Yes, there were too many stab wounds on his body, and there was no place to heal him at this moment. What else could he do besides bleeding to death?

Listening to his brother's desperate words, Li Tian came over at once and grabbed Tang Xiaolong.

"Xiaolong, please listen to me...I forbid you to fall down now, have you heard?" Li Tianxue roared with red eyes.

Tang Xiaolong managed to squeeze a smile from the corner of his mouth, and said, "Little boss...it doesn't matter, even if I die, it's your brother...you are also my big brother."

"Fart! Don't tell me these nonsense, you are not allowed to fall." Li Tian yelled there.

Tang Xiaolong on this side already looked a little dysfunctional... but seeing Ah Qiu on the other side was already dying.

He was in the same situation as Tang Xiaolong, with a few hits in his body, and blood was still flowing there at the moment.

"Young Master... come and see Ah Qiu." Du Guxie over there suddenly said,

Li Tian ran over quickly.

But seeing that the corners of Ah Qiu's mouth turned white, the pupils of his eyes had begun to slowly diminish.

"A Qiu, A Qiu." Li Tian walked quickly to the front of Ah Qiu and tightly grasped his **** hands.

But seeing Ah Qiu slowly opened his eyes and looked at Li Tian, a bitter smile appeared at the corner of his mouth.

"Brother Tian...Ah Qiu can't protect you anymore..." A word came out of his mouth, and it seemed very difficult and difficult for him to say something.

Li Tian's eyes were red when he heard his brothers say this.

"Ah Qiu...you will be fine, absolutely nothing will happen."

"Brother Tian... the happiest thing in my life, Qiu, is the time I followed you...if...if...in the next life, my Qiu is still willing to be your brother."

After Ah Qiu said these words with difficulty, his body slowly began to become cold.

His **** hand held tightly by Li Tian also began to slowly get cold.

Seeing that his brother is about to die... How can Li Tian bear the heart!

brothers!

At this moment, Li Tian suddenly sat cross-legged on the ground.

"Ghost servant, Duguxie, you two guard two intersections... whoever comes in will kill me!"

"I will save them." Li Tian said in a rage.

Then he lifted his palms, suddenly accumulated a steady flow of energy throughout his body, and then began to input powerful infuriating Qi toward the dying body of Ah Qiu.

"Young Master...no..." But the Duguxie who saw this meeting suddenly grabbed Li Tian's shoulder.

"Young Master, if you use your true energy to save them... this will consume too much of your own... If you wait for the desperadoes to chase them, it will be bad... you are in danger."

For Li Tian's safety, Duguxie was there to persuade Li Tian.

But how can Li Tian manage so much?

How could he watch his brothers die.

Suddenly throw away that Duguxie's hand.

"I need to save them today!!!"

"Get out of the way." With a furious Li Tian abruptly shook off one of Duguxie's hands, and then accumulated the qi in his whole body, and began to input powerful qi into A Qiu's cold body.

Seeing that he couldn't persuade Li Tian, Duguxie shook his head and sighed.

"Second brother... let Young Master save him."

"The temper of the young master is the same as the temper of the older brother... hey..." the ghost servant said, looking at Li Tian who was sitting there.

Duguxie glanced at Li Tian, his eyes full of worry, and then he slowly clenched the bronze sword in his hand.

"it is good."

"Ghost, you go and guard that side... I'll guard this side."

"Remember, even if our two brothers die here today... don't let those people step into this place." Duguxie said domineeringly.

The ghost servant nodded quickly, and then the two of them guarded the intersection of one street.

Li Tian used his own true energy to rescue the two brothers who were about to die. This process of treatment must not be disturbed by anyone, because if there is interference from the outside world, not only his brothers will die, I am afraid. Even Li Tian couldn't escape bad luck.

That's what Duguxie was worried about just now, so he couldn't help but dissuade Li Tian.

But now Li Tian has made his decision, so as the Duguxie and the ghost servant who have always protected Li Tian, they will naturally fight to the death and protect the young master in front of them. Even if it is dead, they will never complain.

At this moment, the two guarded one end of the street, quietly waiting for the arrival of the desperadoes.

And Li Tian here is constantly consuming his own physical strength to treat his two good brothers.

The Opteron was also supporting Tang Xiaolong who was dying there, while observing the traffic at the two ends of the street. If someone really came, then Opteron would definitely rush to help, and he would never let the group. Desperadoes moved Li Tian's hair.

Time passed by every minute.

Every minute and every second now is a fatal moment for Li Tian.

He was breathing white all over, and his entire face appeared weird red, and the two hands that were tightly pressed on the back of Ah Qiu seemed to become hot...

A steady stream of zhenqi lost towards the cold body of A Qiu with closed eyes.

In the end, after Li Tian consumed a huge amount of true energy, he finally awakened Aqiu slowly.

Ah Qiu's body has recovered a bit of vitality again...it doesn't become cold anymore, but it's a pity that he is still in a coma.

Li Tian used too much real energy to rescue Ah Qiu. At this moment, his face has become pale...At the same time, his physical exhaustion has made him weak.

But he didn't care about the safety of his body, and hurriedly ran to Tang Xiaolong's side again, and wanted to enter his true energy.

"Li Tian..."

"If you go on like this, your body will be overwhelmed, and your own life will be in danger." At this moment, the white dragon grabbed Li Tian's hand to stop him.

Chapter 1229: Old woman injured

The moment Opteron grabbed Li Tian's arm, Li Tian almost staggered and fell.

Yes, his body's consumption capacity is too great.

He almost collapsed due to being pulled by Opteron.

But what about Li Tian? But with a slight ugly smile, he looked at the white dragon and said, "They are my best brothers...how can I just watch them die in front of me..."

"If you were in my position instead... would you do it?"

After Li Tian asked weakly, that Opteron pulled Li Tian's arm tightly, slowly relaxed, slowly...Finally, he released his arm.

Looking at the white dragon who finally released his arm, a smile appeared on the corner of Li Tian's mouth.

Then he sat down weakly behind Tang Xiaolong, and then the zhenqi accumulated in his body began to slowly input into Tang Xiaolong's body.

His body has begun to gradually overdraw, and his hands for inputting true qi are already shaking...

As the energy of his body continuously entered Tang Xiaolong's whole body, his own body was gradually devouring life.

...

I don't know how long it took.

Fortunately, the desperadoes did not chase.

What about Li Tian? The two dying brothers were finally saved by the method of consuming the true energy.

Just after Li Tian finally used the last breath of zhenqi in his body to enter Tang Xiaolong's body, his body was overdrawn to the limit, and then he could no longer use zhenqi, and his body collapsed with a plop. On the ground.

"Li Tian...Li Tian..." The White Dragon who saw Li Tian fall to the ground couldn't help but yelled. The Duguxie and the ghost servants at both ends of the street rushed over after hearing the call.

"what happened?"

"What's the matter with Young Master?" He only heard two people say when they looked at Li Tian with a pale and collapsed face with extreme worry.

Opteron sighed deeply at that: "In order to save Xiaolong and Ah Qiu... he has already overdrawn his body to the limit. At this moment, he is exhausted and fainted."

After Opteron said this, the Duguxie and the ghost servants in front of them all showed concern.

"But fortunately, he saved Xiaolong and Ah Qiu by his own power... Now the two of them have temporarily saved their lives."

After hearing that the lives of Xiaolong and Ah Qiu were rescued by Li Tian, the two of them finally settled down.

Looking at the deserted street at this moment, but seeing the ghost servant said: "Second brother, absolutely can't stay here any longer."

"Let's leave this place as soon as possible... Find a stable place for Young Master to rescue Young Master first."

Hearing what the ghost servant said, that Duguxie also nodded slightly.

"Yes."

"But where are we going?" asked the Opteron over there.

At the moment, the two streets are completely deserted, and there are no traces of people around them. There is nothing but cold buildings. Where should they go?

Just when the brothers were puzzled, suddenly a voice came from the corner of the street,

"Come with me."

After this weird voice rang, Du Guxie immediately raised the bronze sword in his hand.

"Who?" The cold sentence suddenly roared out of his mouth.

And the ghost servants and the white dragon also turned around cautiously at this moment, looking at the strange figure.

Look closely, it is a rickety figure, and the dress is quite shabby, giving people a dirty feeling.

"It's you?" Suddenly a word came out from Du Guxie's mouth in shock.

Yes, this person is the old woman who just rescued Li Tian and the brothers.

Take a closer look at the wrinkled face of this old woman who is walking towards this side step by step. Her stride is still a little staggering. When she walks step by step, she can see that her footsteps seem a little strange.

When the ghost servant and Opteron were also looking at this old woman, they were slightly startled.

Who is this old woman?

It turns out that she is: Li Tian and the old trash picker that the brothers saw when they first entered the Dark City.

No matter what the brothers thought, she didn't expect that this old lady who was picking up trash in the outer city would be a top-notch master, and she also helped them with their biggest favor.

Watching this old woman walk over step by step at this moment.

Duguxie, the ghost servant and the white dragon couldn't help saying in unison: "Thank you..."

"Thank you for helping us."

But seeing the old woman waved her hand slightly, walking towards them step by step with staggering steps.

"Hey, I have advised you before not to enter this city... You just didn't listen to my old lady's words... Now you know the consequences?" The old woman said as she walked here.

She is walking in a strange posture at the moment.

It seems... as if hurt...

Suddenly, when she walked over, her feet were soft, and suddenly the whole rickety body suddenly slumped on the ground, and at the same time there was a muffled cry in her mouth.

When the Duguxie, Haolong, and the ghost servant saw the old woman fall to the ground all of a sudden, they couldn't help but walk over.

"Old man, how are you?"

"Are you injured?" He looked at him suddenly, but saw Yin Yin's blood dripping from the old woman's clothes.

She was really hurt.

The wound was a gunshot wound.

It turned out that during the last escape of the old woman, she was still shot by the outlaws.

The bullet hit her waist, but fortunately it was not fatal.

But this is enough to make the old woman very painful.

At this moment, after the old woman sat down paralyzed, she frowned and looked at the blood flowing out of her body, and then said slightly: "Hey, it seems that my old woman is really old..." Her words were full of words. Bitterness.

Then stand up.

Seeing her staggering pace, the ghost servant hurriedly walked over and helped up the old woman.

"Let's go, I'll take you to a place to avoid it... lest the murderous characters come back to you again." The old woman said, covering the gunshot wound on her waist.

Although the brothers in front of them know nothing about the old woman at the moment, they have no way to go and can only follow the old woman.

So the three of them helped one of their brothers, and followed the old woman who had suffered a gunshot wound step by step toward the deserted street.

The gunshot wound of the old woman seemed serious.

With every step, there will be blood stains on the ground.

Watching the old woman walk in pain, the Duguxie and ghost servants who followed were not only worried for the old man.

The old woman took Duguxie, the ghost servant, and the three people to the front place, turning a little bit, and saw an empty building.

Chapter 1230: The identity of the eldest sister

From the way the old woman leads the way, it can be seen that this old man seems to be very familiar with the environment of this inner city.

Duguxie noticed this link and realized that this old woman had lived in the inner city before, but he closed his mouth and said nothing.

After the old woman took them to an empty room, the old woman sat down with difficulty on a shabby stool on one side.

"You stay here first... this place belongs to the dead corner of the inner city, the group of people will not find you for a while." The old woman said while looking at the gunshot wound on her body.

The gunshot wound had already covered her entire garment with blood.

When she saw this, she tore a piece of cloth slightly, and then pressed it on her wound.

After Duguxie and the brothers helped the brothers walk in, they opened their eyes and looked around the room.

This room is indeed broken enough, but for the brothers who are now running for their lives, they don't care whether it is broken or not. At this moment, as long as they can save their lives, that is the most important thing.

After taking a look at the surrounding environment, Duguxie, Ghost Servant and Opteron helped the injured Xiaolong and Li Tian who had been in a coma.

"Old man, thank you this time... If it weren't for you this time, I'm afraid our brother will really be in trouble here." Just listen to the ghost servant looking at the old woman.

The old woman smiled slightly and said, "Don't thank me..."

"I just don't want to see innocent people die in this depraved place."

Hearing what the old woman said, the ghost servant didn't say much.

"Second brother, Xiaolong's complexion seems to have improved a lot..." The ghost servant suddenly said with joy at this moment.

It turned out that Tang Xiaolong's complexion after being inputted by Li Tian's qi was indeed lightened a lot at this moment, and a face that was as pale as dead gray had already begun to slowly appear red at this moment.

And Ah Qiu over there is obviously starting to get better.

"Thanks to Young Master..." Du Guxie also said there.

Looking at Li Tian who was in a coma at the moment, the ghost servant looked worried.

"Second brother, when will Young Master wake up?" Ghost servant asked worriedly.

But seeing Duguxie shook his head there, he didn't know.

Li Tian collapsed and fainted because his body was depleted too much True Qi. Even if he was to wake up, it would take a long time.

"I really hope that Young Master can wake up as soon as possible." The ghost servant finally sighed.

Now Duguxie and the others have finally rested in peace of mind.

After all, the six brothers have not been injured yet. Although both Tang Xiaolong and A Qiu have been seriously injured, at least they are not going to die tragically, but now only Li Tian is still unconscious.

"You young man is quite capable... and his skill is indeed very high." The old woman who just listened to the moment suddenly looked at Li Tianzai who was unconscious and said.

Hearing what the old woman said, the ghost servant smiled slightly.

"This is our Young Master!"

"Oh, is your young master?" The old woman looked slightly startled.

Duguxie and the ghost servant did not hide anything from the old woman, nodded slightly there.

The old woman blinked twice, as if thinking about something in her heart, but after thinking about it, she didn't say anything.

"By the way, old man, I have a question I want to ask you." At this moment, Du Guxie suddenly stood up and looked at the old woman.

The old woman heard that Duguxie wanted to ask herself a question, and the wrinkled old face squinted and smiled slightly and said, "Excuse me..."

"I want to know who is the group of people who chased me? Who else is their head?" Duguxie asked in a cold voice.

After Duguxie suddenly asked that, but seeing the old woman frowned slightly, she looked at Duguxie and said, "Why do you ask those desperadoes?"

But seeing Duguxie said: "Because I will take revenge."

"I will make them regret doing this." There was a smell of death in his words.

Listening to Duguxie's domineering saying, the old woman didn't have the slightest doubt, because she could see the terrifying killing light in Duguxie's eyes.

The old woman at the moment thought for a while and said: "The people who chase you, in fact, they don't know who you are."

"They are just protecting their territory in this inhumane city."

Duguxie said: "I don't care so much..."

"I just want to know who their boss is now?"

Facing Duguxie's domineering statement, the old woman could only sigh.

"Well, let me tell you..."

"The name of the boss of the group of people who chased you is called Big Sister...At least everyone in this inner city calls her Big Sister." The old woman said.

"Big sister?" Duguxie had already heard this weird name, but he really couldn't guess what a woman with a heart like a snake.

"Is this elder sister very capable here?" Du Guxie asked suddenly.

The old woman nodded slightly, and then shook her head weirdly.

"No, she doesn't have strength, but an identity that no one else has." The old woman said.

"What do you mean?" Duguxie asked with cold eyes.

"Because everyone in the inner city will respectfully call her eldest sister...including the masters of the Black Palace." The old woman said.

"Because she is the woman who used to be the Poison Emperor..."

When the old woman said the last words, the Duguxie in front of him, the ghost servant and the white dragon were completely shocked.

"what?"

"That eldest sister turned out to be the Poison Emperor's woman?" Du Guxie said incredulously.

The old woman smiled weirdly and said, "Yes."

"Many years ago, this eldest sister was the most loved woman by the Poison Emperor, but one day, the Poison Emperor suddenly did not love her... So she left two scars on her face... and ruined her appearance. She also drove her out of the dark city... but this woman did not leave, did not leave the dark city, instead she stayed."

After hearing the old woman in front of him tell so many stories about that eldest sister, this Duguxie, the ghost servants and Opteron around him were shocked.

It turned out that this woman named Big Sister turned out to be the overlord of the Dark City: the woman of the Poison Emperor.

The old woman continued to say there at this moment: "Although the eldest sister is no longer the woman of the poison emperor, but the poison emperor missed her old feelings and no longer cares about her, but he ordered everyone in the entire dark city, no matter who it was. , When you see her,

you have to call her eldest sister... and still pass the order, without the order of the poison emperor, the entire dark city, no matter who it is? can't touch her elder sister, if anyone dares to move her, the poison emperor will definitely do Kill that person personally."
