

A Killer 123

Chapter 123: Feifei is here

Hearing Li Tian's praise, Xia Xue blushed like a girl.

Looking at Xia Xue's shy appearance, it was even more charming.

Li Tian was almost obsessed with hope.

However, Xia Xue's shy appearance disappeared immediately, and she became a mature woman again, looking at Li Tian there, "Do you know why I stayed alone in Kyoto City for five years?" Xia Xue suddenly said. Said quietly.

Li Tian shook his head. To be honest, he really didn't understand, how could such a beautiful woman stay in such a place for five years?

Xia Xue continued: "Because I hate! I hate him."

Listening to Xia Xue's words, Li Tian couldn't help but lining up in his heart: He? Who is he?

"Can I ask the reason?" Li Tian asked tentatively.

Xia Xue said, "Yes."

"I tell you, I am a divorced woman." A word suddenly came out of Xia Xue's mouth.

Her beautiful eyes looked at Li Tian unblinkingly.

When Li Tian heard these words, he was slightly surprised, but he didn't say anything, but he knew in his heart that the person she hated should be his ex-husband! !

"I used to give everything for him, even my life, but he abandoned me. Since that day, I have been telling myself that I will never like any man again, and I will never be a man again. The man shed tears." Xia Xue said decisively there.

"Now you know why I have been here alone for five years, right?" Xia Xue said, looking at Li Tiandao.

Li Tian nodded slowly.

I wanted to find some words to comfort Xia Xue, but couldn't find a word after thinking about it for a long time.

"Sister Xue, some things will be over. It's no big deal. I was an orphan since I was a child. I was abandoned by my parents in the orphanage. The only thing left was a jade pendant that was broken in half."

Li Tian smiled bitterly and took out the jade pendant strung with a red string from his neck.

The transparent jade pendant was hung on Li Tian's neck with a red string, but only half was left.

"When I was a child in the orphanage, I also imagined having a father and mother. I wanted to know what they were like. I wanted to ask why they abandoned me in the first place. But then I figured it out and I didn't want to complain anymore. There is nothing fair, and there is nothing to complain about."

Listening to Li Tian's words, Xia Xue couldn't help being stunned slightly, and the two of them looked face to face.

On the streets of District Nine, at this moment, a speeding Audi A quickly drove towards the impoverished area of District Nine.

The man driving the car took a closer look, and it turned out that it was the Tang family's desperate Saburo: Xiao Zhou.

And sitting in the back of the car was Feifei, Don Feifei.

However, Tang Feifei's pretty face was filled with unspeakable tension and excitement, she raised her beautiful eyes and looked out the window.

"Xiao Zhou, are you sure where he lives?" Tang Feifei asked again while sitting in the car.

With this addition, she has already asked for the third time.

Xiao Zhou, who was driving in front, smiled slightly: "Miss, don't worry, he must be here. My people have checked it out."

"That's good, that's good." Tang Feifei said.

"Xiao Zhou, do you think he is still angry about my dad driving him out of the company?" Tang Feifei continued to ask.

Xiao Zhou thought for a while and said, "It shouldn't be possible."

"I'm afraid that he is still angry." Tang Feifei said worriedly.

Xiao Zhou glanced at Feifei who was sitting in the back of the car from the rear view mirror, and suddenly asked, "Miss, you, are you in love with him?"

After Xiao Zhou asked so suddenly, Tang Feifei suddenly blushed.

"I don't like him! How could I... maybe like him."

Feifei said in a very small voice.

Although the words said this, Xiao Zhou already knew the answer in his heart.

"I just think he, a person from a small county seat, is very pitiful in this city of Kyoto..." Tang Feifei gave herself an excuse.

Xiao Zhou, who was driving in front, smiled faintly: "Oh, that's it."

"Yes." Feifei said quickly.

"That's the best. If the eldest lady really likes him, then it will be a big trouble in the future." Xiao Zhou said while driving.

Feifei was taken aback when she heard Xiao Zhou say this.

"Trouble? What trouble?"

Xiao Zhou smiled and said: "Miss, think about it, you are the daughter of the Tang family, and what about him? Now there is nothing. If you really like him, will Tang always agree? , Even if President

Tang agrees, relying on Li Tian himself, does he dare to marry you? Can he give you happiness in the future?"

"When a real man loves a woman, he should make her happy, don't let her suffer, and don't make her sad. So Miss, even if you all love each other now, I don't agree with you being together."

"If he is a real man, he should wait until he surpasses others before he comes to love you. A person who has nothing is not qualified to talk about love. Although my words are awful and harsh, But it's the truth."

After Xiao Zhou said this, Tang Feifei was taken aback.

She did not expect that Xiao Zhou, who had always been a cold-blooded bodyguard beside her father, would suddenly say such words today.

And what he said seemed good.

Yes, even if Feifei really likes Li Tian, Li Tianzhen also likes Feifei, but can they really be together? One is the lifestyle of the daughter of a daughter, and the lifestyle of a poor common people. Can you continue to love this way?

This world is so cruel, it will not be like a fairy tale, nor will it be painful like the ancient Liang Zhu, so when Tang Feifei thought about this, she was stunned there, not knowing what she should do. .

Thinking of this, Feifei couldn't help sitting quietly on the back seat without saying a word.

Xiao Zhou drove the car quickly to the front.

The place they are going now is the place where Li Tian stayed with Shen Feng. Yesterday's Xiao Zhoutuo relationship quickly found out about Li Tian's residence. It turned out that Li Tian arrived after leaving the security position of the Tang company. Here in the ninth district, but also entered the underground boxing match.

To be honest, even Xiao Zhou was shocked when he heard Li Tian's name became famous in the black market boxing match.

Having been in Kyoto for so many years, Xiao Zhou certainly knows where the black boxing match is, and he knows who the city is playing in that place.

It is really hard for him to imagine that the kid who was a security guard at the Tang family a month ago turned into a celebrity in the black market boxing competition. Could it be that he has become stronger? It became so powerful in a month.

"That kid is not easy." This is the conclusion that Xiao Zhou gave at the end.
