

A Killer 1251

Chapter 1251: Xue Wuhen Zhan Gui Mu

While talking on their side, Li Tian sat quietly on the other side.

He closed his eyes slightly, wondering if he was meditating? Still rest there.

Next to him was the pure black red refining magic sword, quietly placed in front of his body.

At this moment, when Li Tianan was quietly closing his eyes and cultivating, the red demon sword in front of him suddenly seemed to feel the strange aura around him, and it suddenly buzzed slightly...

At the moment when the Red Demon Sword quivered slightly, Li Tian's eyes suddenly opened.

He knew that the demon sword beside him had spiritual aura... and the killing aura was extremely heavy. Once encountered an odd situation, the demon sword in front of him would surely scream for the first time.

So when the Demon Sword Chilian in front of Li Tian made a trembling sound, Li Tian suddenly shouted: "Who?"

Following his cold voice, he suddenly saw a white figure flying towards the distance in front of him.

The response speed is amazing.

When the white figure suddenly swept forward, Li Tian roared.

"Optical Dragon, protect Xiaolong and Aqiu..."

After the words were said, the whole person had jumped out like flying into the air, chasing the white figure.

And at this time, the Duguxie and the ghost servant beside him were both upside down at the same time, hurriedly chasing the white figure.

Then Tang Xiaolong and A Qiu hadn't realized what was going on. At this moment, the two of them just stayed there in a daze.

"what happened?"

"What's the matter?" Tang Xiaolong in front of him asked with a puzzled expression.

He hadn't seen the white figure of Yu Juelun, so of course he would not understand what was going on in front of him.

At this moment, Opteron had stood motionless in front of Tang Xiaolong and Na Qiu.

"It looks like the enemy is coming," Opteron said silently, spitting out a few words.

When he heard this white dragon talk about the enemy, Tang Xiaolong and the ghost servants around him all looked depressed.

But what about Li Tian? Used all the strength of the body to chase the white figure...

But he suddenly realized that the white figure in front was too fast.

Although Li Tian's reaction was sensitive enough, he seemed very struggling to chase the white figure, and he was about to lose the white figure.

Suddenly a strong wind hit the area, and then Li Tian saw the black figure of the shadow ghost servant approaching.

"Young Master, I'll go after the servant."

Shadow Ghost Servant, the speed is unparalleled today, and Li Tian is naturally relieved to have him chase the white figure.

"Okay." Just when Li Tian uttered a good word, the ghost servant figure had already jumped out.

The only thing that can see him is a shadow that is fleeting.

Obviously, the ghost servant used his highest ghost shadow trail footwork.

Then he saw the ghost servant chasing the white figure.

Looking at the ghost servant who was leaving quickly, Li Tian took a gratified look. At this moment, Duguxie had also rushed over, and his body fell by Li Tian's side.

"Young Master..." he whispered.

"Who was that person just now?" But I heard Du Guxie asked.

After Duguxie asked, Li Tian shook his head slightly.

"I don't know, but the ghost servant has already gone after...I believe that person can't escape." Li Tiandao.

"Well, if there is a ghost servant chasing that person, there shouldn't be much problem." Du Guxie also said.

"Go, let's follow," the voice fell, but seeing Li Tian, Duguxie and standing up, then quickly chased the ghost servant away.

In the inner city, but saw two extremely fast figures competing in the empty ruined building.

The front is a white shadow, and the back is a black shadow.

So black and white is really fast eyes can't see clearly.

"Damn, the person in front is so light and powerful...the speed is so fast." The ghost servant murmured in his mouth while chasing behind, and then chased harder.

Although the ghost servant said so, it was obvious that his figure was still faster than the white shadow in front of him.

But who is the white figure in front? He was sent by Black Palace Lord Tang Ao to monitor Li Tian and their Xue Wuhen.

At this moment, Xue Wuhen tried his best to escape the ghost servant figure behind, but he found that he couldn't escape no matter how he escaped.

The ghost servant followed him closely like a ghost, and got closer and closer.

According to the truth, this Xue Wuhen is about to be overtaken by the ghost servants behind, with a worried look on her face, but at this moment Xue Wuhen's face is full of ease, as if she doesn't care about the ones behind. Like a ghost servant.

On the contrary, at this moment, his body suddenly stopped.

Just when his fast-forward white robe suddenly stopped, the ghost servant behind him was also taken aback, and his heart lined up: Why didn't this guy run away?

But even though he thought so in his heart, the ghost servant quickly swept over.

The moment his body swept past, Xue Wuhen, who was standing there, turned his back to him coldly.

To be honest, the ghost servant was full of suspicion at this moment, he didn't understand why the guy in front of him didn't run.

"What a quick light work... It really deserves to be the number one shadow ghost servant in the world." A word came out of Xue Wuhen's mouth, and then a handsome smile appeared on the corner of his mouth.

And what about the ghost servant? After hearing Xue Wuhen's voice, his brows suddenly frowned, and this weird little reaction made him stunned.

Then Xue Wuhen's second sentence came over.

"Although I can't beat you lightly... But kung fu, we two will compete again."

As Xue Wuhen said this, his body suddenly turned around, and then he hit the ghost servant behind with a palm of his backhand.

Xue Wuhen's skill is not weak, this trick Haidilaoyue really works beautifully. ,

But what about that ghost servant? Only the pair of eyes that wore the grimace mask showed a smile at the moment, he smiled the moment he heard Xue Wuhen's voice.

Then his hands quickly greeted him, and then he turned his hands slightly, hooked, and directly resolved the strength of Xue Wuhen's palm.

After Xue Wuhen's palm strength was resolved, he directly kicked the ghost servant with a beautiful chain kick with his right leg.

The ghost servant figure ducked slightly, dodge the opponent's leg skills, and then quickly grabbed Xue Wuhen's shoulder with his right hand.

With a very fast speed, Xue Wuhen wanted to hide himself, as if it was too late, so he could only snorted in his mouth, and then turned his head and hit the ghost servant with a palm.

But the ghost servant's right hand directly changed the direction in the middle, and the original sharp claw move became an offensive move.

Then suddenly he attacked Xue Wuhen's chest and Dan Tian.

Chapter 1252: friend?

Xue Wuhen didn't expect the Ghost Servant to change his moves so quickly, she was stunned.

The body retreated suddenly, but unfortunately it was too late.

Suddenly, a ghostly finger has reached his throat...

Then Xue Wuhen felt the gloomy breath of suffocation from the palm of the ghost servant's palm.

Seeing the ghost servant's trick, the ghost shadow lost his fist, Xue Wuhen's life was immediately gone.

But when the ghost servant's finger reached the throat of Xue Wuhen, he suddenly stopped.

On the contrary, there was no trace of fear on Xue Wuhen's face. Instead, that handsome face looked at the ghost servant in front of him with a "bad smile".

But unexpectedly, the ghost servant looked at Xue Wuhen and smiled.

"Big Brother Gui..." Suddenly a word came out from Xue Wuhen's mouth.

"Your kung fu is still so good... Hey, Xue Wuhen seems to be unable to beat you in my life." Na Xue Wuhen said while smiling at the ghost servant.

How could his voice, his words, seem to be completely acquainted with the ghost servant?

Could it be that they know each other?

Also called Big Brother Ghost servant?

At this moment, the deadly hand of the ghost servant left the Xue Wuhen's throat.

"Smelly boy, it turned out to be you..." the ghost servant said in his mouth.

Then with a fist lightly hit Xue Wuhen's chest, and Xue Wuhen smiled at the ghost servant.

"Actually, I didn't think it was you, Brother Ghost."

"When I received the order, I thought I had heard it wrong... They said that you came to this fallen dark city, but never expected to see you here." Na Xue Wuhen said suddenly happy. .

From his speech and manners and the conversation with the ghost servant, it can be seen that these two people are very good friends, brothers.

Just when Xue Wuhen was standing here and talking with the ghost servant, suddenly two human figures had quickly swept over here.

Those two were originally Li Tian and Duguxie who had followed them.

After the two came quickly, they saw Xue Wuhen and the ghost servants at a glance.

It's just that Li Tian is a little bit depressed. Why do these two people seem to be talking? It's as if it wasn't the object you just tracked.

That Duguxie also looked at Xue Wuhen over there coldly.

"Ghost servant, what's going on?"

"This person is the guy who watched us just now?" Suddenly a word came out of Duguxie's mouth.

When he said it, those cold eyes looked at Xue Wuhen in front of him, full of hostility.

"Second brother... it's him."

When Duguxie heard the ghost servant say this, he snorted coldly: "Then why don't you take him down?"

After Duguxie finished speaking, Li Tian on one side also looked at the handsome white Xue Wuhen in surprise.

"Second brother, he is my brother... his name is Xue Wuhen, not an enemy." The ghost servant who listened to one side quickly explained there.

brothers?

After hearing the ghost servant suddenly say this, Li Tian and the Duguxie in front of him were stunned.

"brothers?"

"Do you know him?" Du Guxie asked.

The ghost servant nodded there quickly.

"Ten years ago, when I was in Beigu City, I met him. He was very nice and righteous... But since then, in order to find our missing eldest brother, I left Beigu City and then I haven't seen him again, and I didn't expect to meet him in such a place today." The ghost servant in front of him explained.

It turns out that ten years ago, the ghost servant, like Duguxie, was rushing around the world looking for the missing evil god... The ghost servant once met Xue Wuhen in Beigu City. At that time, the two met as good friends, so they became good friends... ..But for good fortune, the ghost servant finally left without saying goodbye in order to find the missing evil god, and left Beigu City. This parting was almost ten years ago. I didn't expect to encounter once again in this fallen dark city. Old friend, friend.

After hearing the ghost servant in front of him say this, Li Tian and Duguxie finally understood what happened.

At this moment, Li Tian and Duguxie not only looked at Xue Wuhen more.

To tell the truth, Xue Wuhen is personable, handsome, and indeed does not look like a bad person, and his mouth always likes a symbolic smile...makes him more intimate.

"Smelly boy, what are you doing in a daze?"

"You used to tell me that the person you admire most is my second brother...Duguxie, now that you see him in person, why are you still surprised?" The ghost servant said to Xue Wuhen in front of him.

When Na Xue Wuhen heard the three words Duguxie, her mouth almost grew into a 0-shaped state.

"what?"

"D... solitary... evil..." The three words came out from his mouth in shock.

"You...you...you are Senior Dugu...Gosh, I didn't expect Xue Wuhen to see you in his lifetime?" Xue Wuhen almost knelt down and looked at Duguxie with excitement.

Duguxie hummed slightly when he saw this guy's appearance.

"I, Xue Wuhen, heard of you very early...Your swordsmanship is superb. In today's world, I am afraid that no one's swordsmanship is better than yours. I have always admired you and admired you... ..Unexpectedly, I finally met me today, so happy, so excited..." Na Xue Wuhen said like a child seeing an idol in her mind.

"Smelly boy, don't flatter my second brother...My second brother doesn't like being flattered." He just listened to the ghost servant with a smile.

Xue Wuhen's face blushed slightly.

Li Tian and Duguxie around him gave a slight breath after seeing that this person was a friend of a ghost servant.

"Since this is your friend... forget it," Li Tian said slightly.

At this time, Na Xue Wuhen put his eyes on Li Tian.

When Xue Wuhen saw Li Tian in front of him, his eyes lit up.

"This... is it?" Xue Wuhen looked at Li Tian in surprise and asked.

But I saw the ghost servant in front of me saying: "This is our young master."

"Young Master?" Xue Wuhen was stunned when he heard the ghost servant say that.

Looking at Li Tiandao: "It's amazing... Just now you suddenly felt my existence... I believe your skill is absolutely very high." Xue Wuhen looked at Li Tianzai and said in shock.

Yes.

Except for Li Tian just now, even Duguxie and the fierce people like White Dragon didn't feel Xue Wuhen.

Li Tian smiled slightly when Xue Wuhen said this.

"Your light work is also brilliant..."

"I'm afraid no one can catch up with you except the ghost servant here." Li Tiandao.

What Li Tian was telling was the truth. Except for the Shadow Ghost Servant, I am afraid that no one among the brothers can catch up with Xue Wuhen.

Chapter 1253: If Xue Wuhen

After Li Tian said this, Na Xue Wuhen smiled awkwardly. .

"Of course I can't match Big Brother Ghost... Ten years ago, I couldn't match him, and ten years later I couldn't match him." Xue Wuhen said there.

"By the way, why are you here to monitor us?" He only heard one sentence and suddenly asked from Li Tian's mouth.

The ghost servant on the other side also suddenly remembered at this moment, looking at Xue Wuhen and said: "Yes, how did you know we are here?"

But Jian Xue Wuhen said, "I came to monitor you only after being ordered."

"Order?" After hearing Xue Wuhen say this, Li Tian and the ghost servants in front of them couldn't help being taken aback.

"Who are you serving now? Who told you to watch us?" Li Tian asked.

But when Na Xue Wuhen said, "I'm serving the Black Palace now...This order is what our Black Palace Lord made me do."

"Black Palace?"

"Palace Master of the Black Palace?" Li Tian and the brothers in front of him were still quite shocked after hearing about the Black Palace suddenly.

After all, they had heard about the Black Palace all the time, but they didn't understand it all the time. They didn't expect that the people in the Black Palace had already targeted Li Tian and the brothers.

"So, you are also a person in the black palace now?" Hearing the ghost servant blinked his eyes and looked at Xue Wuhen and said.

Xue Wuhen gave a helpless smile and nodded silently.

"Brother Ghost, you also know that Xue Wuhen is not a good person, but I am not a bad person either. After I was wanted by the police, there was no other person to go, so I came to this place, Brother Ghost, you also saw this place. , It's a completely evil place. If you want to live in this inhumane place, you must join them. Brother, I had to do this as a last resort." Xue Wuhen said with a frown.

Listening to Xue Wuhen's words, Li Tian asked again: "Then, apart from letting you monitor us, does your Black Palace Master let you do anything else?"

"That's not true." Xue Wuhen said.

"He said let me watch you silently first... and I will pass all your specific movements back to him." Xue Wuhen said in front of him.

Listening to what Xue Wuhen said, Li Tian and Duguxie not only looked at each other.

"It seems that the people in the Black Palace have already been watching us." A word came out of Li Tian's mouth.

The ghost servant nodded slightly on the side.

Xue Wuhen, who was standing next to him, asked at this moment: "Big Brother Ghost... why did you come to such a place?"

"To be honest, most of the people who came here risked their deaths to come in... I don't understand why Brother Ghost came to such a place." Xue Wuhen asked.

But the ghost servant said, "We are here to find the Poison Emperor."

"what?"

"Are you coming to our master?" Xue Wuhen said in surprise obviously.

Listening to Xue Wuhen's mouth calling the Poison Emperor as his master, this Duguxie and Li Tian didn't feel very strange.

"Big Brother Ghost, why are you looking for the Poison Emperor?" Xue Wuhen asked.

The ghost servant sneered: "Look to him for some personal matters..."

Hearing what the servant ghost said, Xue Wuhen hesitated for a while, and then said: "Big Brother Ghost, if there is anything I can help, just tell me...As long as you say something, brother, I will do everything."

The Xue Wuhen in front of her spoke very righteously.

When Li Tian heard Xue Wuhen say this all of a sudden, a smile appeared at the corner of his mouth. What he wanted was Xue Wuhen's words.

Originally, Li Tian and his brothers didn't know anything about this dark city... but now I didn't expect that he would run into someone he knew before, and he was still a figure in the black palace...

No matter what, Li Tian must seize this opportunity, because with Xue Wuhen's help, at least it can help Li Tian and the others understand a lot about the Poison Emperor, and have a deeper understanding of the dark city in front of them.

"Well, since you said that... then I'm not welcome." The ghost servant said with a smile.

A smile appeared on Xue Wuhen's handsome face.

"What are you polite... I am the best brother you have ever been." Xue Wuhen said with a big smile.

"Let's go, let's go back to where we were just now, and then we will sit down and have a good talk." Just listen to the ghost servant in front of you.

Na Xue Wuhen said in his mouth: Okay, so he followed Duguxie and Li Tian to the ruins here.

Along the way, Xue Wuhen said something about the inner city.

He said: In the inner city, apart from the Poison Emperor, what is left is the Black Palace.

There are at least 15 masters in the Black Palace.

These masters are either the desperate guys from before... or the masters who were bought with money.

Of course, Xue Wuhen was also one of the many masters in the black palace.

These masters are all led by a character named Tang Ao. Tang Ao is the second famous character in the inner city besides the Poison Emperor. As the lord of the Black Palace, Tang Ao has more than just a confusing past. And there is a terrifying skill.

Those masters in the Black Palace were all sent by Tang Ao, and Tang Ao was dispatched by the Poison Emperor himself.

After Li Tian and Duguxie heard what Xue Wuhen said along the way, they couldn't help feeling a little shocked in their hearts. Originally, they thought the trip would become simpler, but they didn't expect it to be so complicated. , And it was obvious that the people under the poison emperor had noticed them.

"Brother Xue, can I ask you something?" On the way back, Li Tian looked at that Xue Wuhen and asked.

Na Xue Wuhen said, "Excuse me...As long as I know, I will tell you."

Li Tian smiled slightly, and then asked, "Brother Xue, I want to ask, have you seen the Poison Emperor? What kind of character is that Poison Emperor?"

To be honest, Li Tian was very curious about the poisonous emperor that has been passed down to the outside world. Now that he finally found a poisonous emperor's subordinate, he of course asked this question impatiently.

As Li Tian said so, Na Xue Wuhen frowned slightly.

"Poison Emperor?"

"What do you say about this person? Anyway, he's not a good person... the hero of the world... he is ambitious and bold."

"The Poison Sovereign used all means to achieve his goal...Even if it was how many people died at his feet and how much blood shed, he wouldn't look too much."

"Characters like him have long lost feelings...Except for himself, he has lost his so-called feelings for anyone."

"In the Dark City, no one dared to confront the poison emperor, and no one dared to provoke the poison emperor, because all the people who provoked him went to **** and died."

"In general, the poison emperor is a **** of death... whoever provokes him will die." Xue Wuhen summed up the poison emperor in very simple words.

After Li Tian and Duguxie heard Xue Wuhen say this, not only their faces became slightly ugly.

After hearing what Xue Wuhen said, it seemed that the poison emperor was not a fuel-efficient lamp.

It seems that it is not so simple to ask the Poison Emperor this time about the whereabouts of the master of the gate of hell.

Chapter 1254: Brother of justice

As they said, they had already walked back.

When the Opteron heard footsteps coming towards them, he took a few steps forward and carefully looked at the intersection ahead.

Tang Xiaolong and A Qiu in front of them were also blinking and watching.

When Li Tian and his brothers appeared, they let out a sigh of relief.

But they saw a handsome strange guy in white clothes following Li Tian and Du Guxie.

Looking at the handsome man in white, Tang Xiaolong frowned depressed and said, "Fuck, what is that little white face?"

"Why did the little boss go out to arrest people, and instead brought back a little white face?" Tang Xiaolong felt that a man more handsome than him should be called a little white face, so he said at the moment.

Na Qiu was also full of puzzled expressions, but this man who didn't like to talk was not as surprised as Tang Xiaolong did.

Where is Opteron? Standing there was also a pair of eyes staring at Xue Wuhen's body, slightly surprised.

"We are back." Li Tian said with a smile.

While talking, he walked in with the brothers behind him.

Xue Wuhen, who was dressed in white, followed in with a handsome smile.

"Little boss, this...who is this guy?" Tang Xiaolong asked Xue Wuhen, who was leaning on the side and pointing his finger in front of him.

Li Tian said slightly, "Is this person... a friend? It's our friend."

"Friends?" Tang Xiaolong and White Dragon couldn't help being stunned when they heard that this guy was a friend.

Why did these little bosses make a so-called friend after a while? real or fake?

"Well, his name is... Xue Wuhen." Li Tian said to the white dragon and Tang Xiaolong again.

Tang Xiaolong looked at Xue Wuhen all over his body and snorted, but he didn't say much.

Xue Wuhen, who had only seen this meeting, had already walked over. After looking at Li Tian's brothers, he now discovered that the characters around Li Tian were all superb characters.

Although Xue Wuhen hadn't seen Li Tian's brothers take action, the weird feeling still made Xue Wuhen the first to feel it.

"Brother Xue, how long have you been in the Black Palace?" Li Tian smiled and asked while looking at Xue Wuhen.

Following Li Tian's question, Na Xue Wuhen replied, "It has been almost 56 years since I entered the Black Palace from the Dark City."

Tang Xiaolong and Hao Long over there became more depressed after hearing that Xue Wuhen was a member of the Black Palace.

They really can't believe that their little boss actually calls this guy who claims to be in the black palace a brother? What's the situation? They are puzzled.

Li Tian, who only listened to this moment, continued to smile and asked, "Since Brother Xue has been in the Black Palace for five or six years, I must be familiar with this place, right?"

Xue Wuhen showed a handsome smile and said, "That's it."

"Oh, all right."

"Brother Xue, we want to find the Poison Emperor... Don't know where to find him?" Li Tian asked directly.

After Li Tian asked so, Xue Wuhen was startled.

Li Tian found his tiny expression, but didn't say it, just blinked at him there.

"Are you really looking for the Poison Emperor?" But Xue Wuhen said weirdly.

Li Tian nodded silently and said, "Yes."

"Hey...If you really want to find the Poison Emperor, then it will be troublesome." Xue Wuhen sighed.

"Trouble? Why do you say that?" Li Tian asked incomprehensibly.

Only Xue Wuhen said, "Because the Poison Emperor seems to have been eyeing you..."

"As far as I know...Did you kill a woman named Big Sister? There is a cross knife scar on her face." Only Xue Wuhen said there.

Listening to the "big sister" Xue Wuhen said, Li Tian and the brothers were taken aback, but they nodded decisively.

"Yes."

"We did kill that cruel woman!"

"When we first entered this inner city, that woman chased us like a mad dog... and injured my two brothers, so she deserves to die." Li Tian said coldly.

Listening to Li Tian's words, Xue Wuhen said, "But you don't know who that woman is?"

"That woman is actually a woman before the Poison Emperor...So in the Dark City, many people call him Big Sister."

"Think about it, now you have killed the women before the Poison Emperor...Can the Poison Emperor let you go? If you are going to look for him now, isn't it... Isn't it... some self-rejection?" Xue Wuhen Road.

Xue Wuhen was actually telling the truth.

But when Xue Wuhen uttered these words, Li Tian smiled coldly.

"Whether it's throwing myself into the net or going to death, I have to find the poison emperor."

When Li Tian said so domineeringly, Na Xue Wuhen frowned.

But seeing the ghost servant over there coming over, looked at Xue Wuhen and said, "Is that Poison Emperor really powerful?"

Xue Wuhen said: "Actually, I have rarely seen the Poison Emperor take action... Since I came here 6 years ago, I have heard that the Poison Emperor is the most ferocious and fierce man in the entire Dark City."

"To be honest, I have been in the Black Palace for almost 56 years, but in these 56 years, I have not seen the Poison Emperor many times, let alone seen him do it. Someone It is said that the Poison Emperor's abilities have surpassed the limit, and some people say that the Poison Emperor's martial arts have been able to dominate the world... But all I heard are about the Poison Emperor's previous stories. According to legend, he used his unique soldier very early. Blade: Guitou knife, run rampant here, no one can stop it."

Listening to what Xue Wuhen said, the brothers did not show too much shock in their hearts.

"Big Brother Ghost, although I don't know why you came here to find the murderous Poison Emperor... But as a brother, I would like to advise you... It is better to leave here as soon as the Poison Emperor's people are not dealing with you." Xue Wuhen looked at the ghost servant and said.

From his words, Li Tian could feel that what Xue Wuhen said was quite real.

But seeing the ghost servant over there smiled slightly.

"Thank you brother for your words..."

"However, our purpose of coming here is to find the Poison Emperor, so no matter how dangerous or difficult the front is, we will definitely find him." The ghost servant in front of us said there.

Listening to the ghost servant's words, Xue Wuhen thought for a while and said, "Okay...Since Big Brother Ghost has said so, please tell me, what can I do for you?"

Xue Wuhen said righteously there.

Chapter 1255: the truth

Hearing what Xue Wuhen said, the ghost servant patted Xue Wuhen on the shoulder: "Then I will thank you brother first."

Xue Wuhen smiled slightly and said, "Big Brother Ghost is really polite."

"To be honest with you, I actually wanted to leave this inhumane place long ago... but I haven't found the right time."

"The people here are no longer humans to be precise... They are simply beasts, one is more cruel than the other." From Xue Wuhen's words, the brothers could hear his disgust and dislike for this place.

"Wuhen, I have an important thing to ask you." The ghost servant suddenly looked at that Xue Wuhen and said with a cautious brow.

Just listen to Xue Wuhen's words: "Brother Ghost, please say...As long as the younger brother knows, he will tell you all without saying anything."

The ghost servant smiled slightly, and then said: "You have been in this dark city for so long...Do you know a place called the gate of hell?"

As the ghost servant asked, Li Tian and Duguxie over there were staring at Xue Wuhen in front of him at this time.

This question may not matter to Xue Wuhen, but it does have great significance for Li Tian and his brothers.

Before coming to the Dark City, Li Tian had heard about the **** incident 20 years ago. Someone also participated in the Dark City, so he wanted to confirm at this moment to see if this Hell Gate is really dark. The city has a great connection.

After the ghost servant asked this, Xue Wuhen said in surprise: "Big Brother Ghost, how do you know the gate of hell?"

When Xue Wuhen said a word, Li Tian and his brothers suddenly felt a shock. It was obvious that Xue Wuhen also knew the gate of hell, and if he guessed correctly, the poison emperor seemed to be the same as the gate of hell. Have a linked relationship.

"Wuhen, I want to ask you now, does your dark city have a deep relationship with that **** gate?" The ghost servant asked again with an ugly face.

Xue Wuhen said there, "Yes."

"But what the **** gate has to do with our Poison Emperor, I am not very clear about this."

"The only thing I know is that a few years ago, I heard the black palace lord Tang Ao talk about something... He said that in this world, only the weird organization of Hell Gate can compare with the current dark city... ..And the masters are among the first."

"Also heard from him that more than 20 years ago, the Gate of Hell had a major cooperation with the Dark City." Xue Wuhen continued.

Twenty years ago? Cooperate with the gate of hell.

Li Tian's eyes became blood red when he heard Xue Wuhen's words.

Twenty years ago, wasn't that the **** public case that year? Isn't that the time when his father Cthulhu was siege? It seems that in the group of characters who participated in the besieging of his father back then, the Dark City cannot escape.

At this moment, the ghost servants and Du Guxie also looked extremely ugly, and the faint anger had already radiated from their surroundings.

When Xue Wuhen stood there, she was taken aback when she felt the horror.

"Big Brother Ghost, what's the matter? Did I say something wrong?" Xue Wuhen asked curiously.

But the ghost servant waved his hand there.

"Do not."

"You are right, and it is very helpful to us."

After the ghost servant said this, he suddenly turned his head and looked at Li Tian on one side: "Young Master, it seems that the poison emperor is also responsible for the matter of the eldest brother."

"Whoever is responsible must die."

"I want revenge... Let those who killed my father back then kill them all one by one." Li Tian said in a fierce atmosphere.

Looking at Li Tian, who was full of hatred and slaughter, Xue Wuhen was stunned. He didn't understand what happened? Don't understand why Li Tian and the others are here? At this moment, he was just stunned, lamenting the extremely murderous aura that Li Tian revealed.

"If the Poison Emperor was also involved in the incident that year, I am afraid that we will find him this time to be a big trouble... and it would be a little difficult to get out of his mouth the identity of the real behind the door of hell." Duguxie said slightly on the side.

"Yes, I am so worried," said the ghost servant.

Li Tian stood there blankly, his eyes cast into the distance, not knowing what he was thinking at the moment.

For a long time, I just listened to Li Tian suddenly saying, "Don't worry."

"Even if you put a knife on the poison emperor's neck... I will let him speak out."

"The gate of hell, the poison emperor... Since you all participated in the massacre of my father that year... then I will let you pay back with blood one by one."

The tyrannical words came out of Li Tian's mouth.

"Brother Ghost, there is one thing I haven't told you yet.

At this moment, Xue Wuhen suddenly interrupted and said.

The ghost servant turned his head and looked at Xue Wuhen in front of him and said, "What's the matter?"

"In fact, the people at the gate of **** have already arrived in our dark city... and have come here earlier than you." Just listen to the words of Xue Wuhen in front of you.

"The people at the gate of **** have come to the dark city?" When Xue Wuhen said this suddenly, the brothers were still quite surprised.

They had been speculating that the people at the gate of **** might have arrived here before, but they didn't expect that the speculation turned out to be true now.

"Who is here at the gate of hell?" But the ghost servant hurriedly asked.

After the ghost servant asked, he only heard Na Xue Wuhen say: "A total of three people have come."

"But their relationship is quite complicated." Xue Wuhen said.

Li Tian and the ghost servants heard Xue Wuhen say this, and said slightly, "What do you mean?"

Just listen to that Xue Wuhen continue to say: "More than a month ago, a figure from the gate of **** came first... the name of that person, I heard from the black palace lord Tang Ao say: Long Yin. It belongs to the death of **** gate. One of the three great protectors."

When Xue Wuhen in front of him said the name Long Yin, Li Tian, the Duguxie and the ghost servant in front of him were not only shocked.

"It's him?"

"Long Yin?"

Li Tian and the ghost servants in front of them were all eyes full of incredible.

"That guy is also here?" Li Tian said in shock.

The Opteron behind him suddenly took a step forward, and when the fierce aura all over his body suddenly stepped over, Xue Wuhen suddenly felt the suffocating pressure on his body.

"Long Yin?"

"Could it be the **** who kidnapped my commander-in-chief before?" A roar roared out of Opteron's mouth, and his steely face became scary at this moment.

"Yes, that guy." Li Tian said on the side.

Opteron remembered that more than two months ago, that **** named Long Yin personally kidnapped the commander-in-chief of the North China Field Military Region in front of him... and almost killed himself personally. An unprecedented anger surged. In his heart, he stood there with a pair of iron fists tightly clenched, eyes full of killing intent.

"Since he is here... then I can avenge the Commander-in-Chief." Wang Long said bravely.

Chapter 1256: Into the black palace

Li Tian here looked at Xue Wuhen and continued, "Do you know why Long Yin came to the Dark City?"

Xue Wuhen shook his head, saying that he didn't know.

"By the way, you just said that in addition to Long Yin, there are also two **** gatemen who have also come to the dark city, right?" Li Tianmeng asked.

"Yes." Xue Wuhen said.

"Those two are also very important roles in the gate of hell, and they are also the other two of the three guardians of death at the gate of hell. One of them is called Mr. Black, and the other is called Red Hair and Blood Eye."

Mr. Black? Red hair and blood pupil?

It seems that these two people are indeed the man holding the black snake scepter mentioned earlier, and the fierce man with red eyes.

"But the interesting thing is that this Mr. Black and the red-haired blood pupil came to the Dark City as if they were looking for Long Yin." Xue Wuhen said with a smile there.

Listening to Xue Wuhen's words, Li Tian and the brothers around him were slightly puzzled.

So he asked, "What do you mean?"

"The Long Yin who came before came to us as if escaping from their **** gate... and the two coming from behind came to look for Long Yin."

"I heard that the lord of the Black Palace, Tang Ao, said a few days ago, let them bite the dog...As for what the situation is, I don't know this, but I know that Long Yin is now with the Poison Emperor." Xue Wuhen said.

Listening to what Xue Wuhen said in front of him, Li Tian and his brothers suddenly fell into another puzzle.

What's going on?

How could Long Yin escape to this dark city? Could he say that he betrayed the gate of hell? Li Tian not only thought secretly in his heart.

And Mr. Black who came from behind, and that blood pupil came to catch Long Yin?

But if this is the case, then why does the Poison Emperor want to protect that Long Yin?

All the questions are now flooding into Li Tian's heart, he is a little confused.

He certainly wouldn't know that the reason for all this was because of the ancient heavenly book pill scroll he had before.

What about this? Following Xue Wuhen's words, Li Tian finally understood the current situation of the entire Dark City.

Not only has the mysterious and powerful Poison Emperor... but also the three major death guardians in the gate of hell?

What should Li Tian do now? Sit and wait? Or take the initiative? This is Li Tian's most headache now.

"Young Master, now the three masters of Hell Gate are here... and there is a mysterious Poison Emperor behind. It seems that it is really not the time for us to come to this dark city this time." Du Guxie over there pondered. Talking.

Yes, they did not come at the right time.

But there is no way, now that they have caught up with this time, can they finally leave after arriving in this dark city?

"Young Master, are we going in now? Or sit here and wait for the opportunity?" The Duguxie in front of him looked at Li Tian and asked.

Li Tian pondered for a moment, then slowly raised his eyes and said, "Let's observe it first."

"I think I should find time to go in and see why the three major death guardians of the Hell Gate came here." Just listen to Li Tiandao.

After listening to Li Tian's words, that Duguxie was taken aback.

"But how can I know?" Du Guxie said.

Li Tian thought for a while and finally put his eyes on Xue Wuhen's body.

After looking at Xue Wuhen, Li Tian suddenly looked at the ghost servant and said, "Ghost servant, come with me."

When the ghost servant heard Li Tian want to speak to him alone, he nodded quickly.

Then he followed Li Tian to the outside place. After Li Tian and the ghost servant came outside alone, but the ghost servant looked at Li Tian who called him out in surprise at this moment and asked, "Young master, what happened?"

Li Tian glanced at Xue Wuhen in the place inside, then looked at the ghost servant in front of him and said, "I want to ask, is Xue Wuhen reliable?"

Hearing what Li Tian said, the ghost servant stunned slightly, blinked his eyes and said: "Reliable..."

"Actually, this kid is very good... I once saved his life when I was in Beigu City... He is a pretty good person with a sense of love and righteousness."

After hearing the ghost servant say so, Li Tian smiled slightly.

"That's good."

"Young Master, what are you going to do next?" The ghost servant looked at Li Tianzai in surprise at this moment and asked.

But seeing Li Tian smiled there, he stretched out his hand and patted the ghost servant's shoulder, smiled and said, "You will know soon."

As Li Tian said this, he took a step, step by step towards the room.

The ghost servant was stunned for a moment. Although he couldn't guess what Li Tian wanted to do, he still followed suit.

After walking in, but seeing Li Tian, he looked at Xue Wuhen and said, "Brother Xue...I may have to trouble you with something." Li Tian smiled and said while looking at Xue Wuhen.

But when Xue Wuhen heard Li Tian say this, a handsome smile appeared on his face and said, "It's okay, please tell me... I said that as long as the friend of Brother Ghost is my friend of Xue Wuhen... Please, it is my duty." Xue Wuhen is indeed a very righteous person.

After listening to Xue Wuhen's words, Li Tian said, "I want to follow you into your black palace."

After Li Tian finished speaking, Na Xue Wuhen was stunned, not only was he stunned, even the Duguxie and the ghost servants over there were stunned at the same time.

"Young Master... are you going to enter the Black Palace?"

"Young Master, it's not good...this is too dangerous." Duguxie and the ghost servant in front of them said suddenly.

And Xue Wuhen over there also looked at Li Tian in surprise.

But Li Tian who saw this meeting smiled slightly, and said to the Duguxie and the ghost servants around him: "I have to go to the black palace... because I want to understand clearly that the gate of **** What are the three major death protectors in the Dark City for?"

"Also, once I enter the Black Palace, I can also learn more about the Poison Emperor..."

"We have gone through all the hardships to get here, and we can't always maintain a passive attitude like this...so I want to take the initiative now, I want to enter the black house."

Listening to Li Tian's words, although Duguxie and the ghost servants thought that what he said was extremely reasonable, they still said to persuade him: "That said, but the young master, I heard that there is no Young master... Besides, if you go in like this, once you are recognized by them, it will be in trouble..." Duguxiedao.

But seeing Li Tiandao said: "Don't worry, since I dare to go in, I will be able to take care of myself."

"Now I only want a word from Brother Xue, can you take me into the Black Palace?" At this moment, Li Tian seemed to have made up his mind, looking at Xue Wuhen in front of him with his eyes.

Xue Wuhen looked very embarrassed.

He was silent for a while, and then said: "Are you really going to enter the Black Palace? You have to know that there are a lot of masters in our Black Palace... and each of them are extremely cruel characters... Besides The two death guardians in that **** gate are also in the black palace."

Chapter 1257: brothers

Listening to what Xue Wuhen said in front of him, Li Tian smiled faintly.

"Don't worry, as long as you lead me into the Black Palace, you don't have to worry too much about other things."

"Even if I was discovered by someone in your black palace... Then I won't confess you." Li Tiandao.

Xue Wuhen heard Li Tian say this, and said quickly: "No, no, I didn't mean that."

"If you are really in danger then... Brother, I will definitely help you."

"As I said, Brother Gui's brother is my Xue Wuhen's brother... Presumably everyone doesn't know that Brother Gui saved me Xue Wuhen's life ten years ago... From that time, I Xue Wuhen swears that this life belongs to Brother Gui... As long as Brother Gui says a word, even if there is a sea of swords in front of him, Xue Wuhen will never frown."

Listening to Xue Wuhen's words, Li Tian smiled with satisfaction.

What he was looking for was someone like Xue Wuhen, this kind of brave brother.

But seeing Tang Xiaolong who had a hostile attitude towards Xue Wuhen at the beginning, after hearing Xue Wuhen say this, not only a good feeling came into his heart.

"That little white face is not bad... Is it a man?" Tang Xiaolong said while looking at Xue Wuhen over there.

A Qiu here glanced at Xue Wuhen, but didn't say much.

What about here? After Xue Wuhen said openly and honestly, Li Tiandao said, "Okay."

"You brother, I recognized Li Tian."

Hearing what Li Tian said, Xue Wuhen was stunned for a while.

The ghost servant patted Xue Wuhen's shoulder and said, "Why are you still stupid? Didn't you say that you always wanted to follow me? Now the opportunity is here? Why don't you call us Young Master Brother?"

After hearing the ghost servant's reminder, Xue Wuhen became excited.

"Big Brother..." the two words exclaimed excitedly from Xue Wuhen's mouth.

Yes, ten years ago, Xue Wuhen wanted to follow the ghost servant, but unfortunately the ghost servant back then left without saying goodbye in order to find the missing evil god. After Xue Wuhen couldn't find the ghost servant, he just mixed with him.

Later, after the bank robbery of a group of desperadoes in the northwest was revealed, he was wanted by the police... After Xue Wuhen was wanted all over the country, there was no place to go, so he came to this dark city alone.

In the dark city, Xue Wuhen had seen cruel and ***** killings. The people he saw with his eyes had no humanity at all. In order to survive and survive, Xue Wuhen joined the black palace and served for the poison emperor.

Now, he finally saw his benefactor ghost servant.

Finally I saw a group of people with the most affectionate and sexual, and all his courageous feelings that had been suppressed for a long time burst out, and the feelings of pride in his heart were all revealed at this moment.

After the big brother called out from Xue Wuhen's mouth, Li Tian was of course extremely happy.

Xue Wuhen's light work is clever, and he is also very righteous, how can he not want such a brother Li Tian.

Holding Xue Wuhen's arms tightly with both hands, he said, "I will be a good brother from now on..."

"Thank you, elder brother, for accepting little brother." Na Xue Wuhen said with excitement on her face.

Then after he finished speaking, he bowed to Li Tian's brothers one by one.

"From now on, Xue Wuhen will be with my big brothers and all my brothers... From today onwards, I will never serve the evil poison emperor again..."

"I Xue Wuhen has no other ability in this life, but there is only one thing, and that is to take the knife for my eldest brother and block bullets for my brothers... If Xue Wuhen and my eldest brother will be together in the future, I will violate today's oath and curse. I won't die for the rest of my life." Xue Wuhen swore there.

Listening to Xue Wuhen's words, Li Tian smiled slightly.

"Everyone will be brothers..."

"Well, brother."

At this moment, Li Tian is considered to have overcharged a younger brother.

Although Li Tian didn't know much about Xue Wuhen's previous deeds... But Li Tian felt that since the character that Ghost Servant could fancy, it would definitely not be an ordinary character.

Moreover, this Xue Wuhen is indeed very righteous, and also very affectionate.

This is what Li Tian values most.

"Let me introduce it to you first... This is Opteron." Li Tian said to Opteron who pointed to one side.

Na Xue Wuhen glanced at the white dragon. From the beginning, Xue Wuhen could feel that this man who didn't like to talk was like a cheetah with a murderous intent hidden on his body... Although the terrible murderous intent was deeply hidden by the white dragon, But Xue Wuhen could still feel it.

At this moment, he not only stretched out a hand slightly, said in his mouth: "Hello Long Brother..."

The Opteron had an indifferent face, slightly stretched out a hand and shook it with Xue Wuhen.

"This is Tang Xiaolong..." Li Tian then introduced to Xue Wuhen.

When she saw Tang Xiaolong, Xue Wuhen thought this brother was quite interesting.

But seeing that Tang Xiaolong stood up slightly from the ground at this moment, his face was still slightly pale because of his injuries.

In that wicked smile, he said, "Boy...I can follow our little boss before you. According to the truth, you have to call me Tang Brother?"

Listening to Tang Xiaolong saying so badly, Li Tian laughed haha on the side.

It was the ghost servant who stood up and said, "Xiaolong, do you dare to bully your former friend?"

When Tang Xiaolong saw the ghost servant speaking, he immediately said, "Master, I was wrong..."

Xue Wuhen over there realized that after hearing the ghost servant say so, it turned out that Tang Xiaolong was the apprentice of the ghost servant.

At the moment he still maintained a handsome smile and said, "Hello, Brother Tang..."

"Where is the last one? It is Ah Qiu and my good brother." Li Tian said there.

A Qiu politely smiled at that Xue Wuhen.

After briefly introducing a group of brothers to Xue Wuhen, it can be said that Xue Wuhen will be his "brothers" from now on.

"There are still a few brothers in Binjiang City...they didn't come, and after the end of this dark city, I will introduce you one by one at that time." Li Tian said to Xue Wuhen.

Xue Wuhen looked at Li Tiandao and said, "Okay."

For Li Tian, he took another good brother.

As for Xue Wuhen in front of him, of course he also followed a great brother.

Xue Wuhen, who was originally in the Dark City, had already thought about leaving here... Now that he finally took this opportunity to follow Li Tian, in general, he was very pleased.

"Wuhen, you were sent by the Palace Master of the Black Palace to monitor us this time, right?" After Li Tian introduced the brothers, he looked at Xue Wuhen and asked.

Xue Wuhen nodded there.

"Yes, I received Tang Ao's order this morning."

"He told me to closely monitor your every move... and as soon as there is a clue, immediately report to him." Only Xue Wuhen said.

Li Tian secretly set it up, so he asked again: "Then your palace master of the Black Palace told you why he is monitoring us? What does he want to monitor us for?"

"This one....."

"As far as I know... he should be trying to deal with you."

"Because many masters in the Black Palace have returned to their positions now... and as far as I know, Tang Ao only ordered me to start monitoring you after meeting the Poison Emperor." Xue Wuhen said in front of him.

Chapter 1258: Midnight Ghost

After hearing what Xue Wuhen said in front of him, Li Tian frowned slightly. .

"You mean that the character named Tang Ao only ordered you to monitor us after meeting the Poison Emperor?" Li Tian asked in front of him.

Xue Wuhen nodded slowly.

After seeing Xue Wuhen nodding his head, Li Tian looked at the ghost servant and Du Guxie on the side and said: "So it seems... that Poison Emperor already knows that we have come to the Dark City."

"Yes."

"If I didn't guess wrong, he should already know that I still have the identity of a ghost servant." Du Guxie said with a cold face, standing there.

Listening to Duguxie's words, Li Tian nodded slightly in front of him.

Now that Poison Emperor indeed knew about Duguxie and the ghost servants coming to the Dark City.

"Young Master, if this is the case, then I suggest that you don't act alone...If you go into the black palace alone this time, it will probably not be good." Du Guxie said worriedly.

But seeing Li Tian shook his head slightly.

"No, I have made up my mind,"

"The role of the poison emperor, we always have to meet him, so instead of just waiting and waiting, I might as well check the situation in advance."

Listening to Li Tian insisting on saying that, Duguxie had no choice but to sigh softly.

"Big brother, when shall we leave with me to go to the Black Palace?" Xue Wuhen looked at Li Tian in front of him and asked.

Li Tian smiled and said, "I can do it now."

"Now?" Xue Wuhen was not only taken aback when he heard Li Tian say this.

"What? Is there a problem?" Li Tian said, looking at Xue Wuhen.

"There is no problem... It's just that if you want to enter the Black Palace in broad daylight, it might not be easy."

"Brother, how about that? At night, I will take you into the Black Palace." Xue Wuhen said.

Li Tian took a look at the sky in front of him. It was already more than 4 o'clock in the afternoon, and it was really not easy to enter the heavily guarded and fully guarded Black Palace in broad daylight.

So after Li Tian looked at the sky in front of him, he nodded and agreed.

"Okay, that's it. Let's leave at night."

After Li Tian made up his mind like this, they waited for the dark situation.

Once it got dark, Li Tian was ready to follow Xue Wuhen in front of him into the black palace.

It is only 23 hours before dark.

The setting sun in this desert land is always very early and early, and soon the sky has gradually dimmed.

But seeing the far west, the sunset has gradually faded towards the horizon.

Then darkness quickly enveloped the entire desolate dark city.

"We should set off." Xue Wuhen looked at the sky and said to Li Tiandao in front of him.

Li Tian nodded, then reached out and picked up the Chilian Sword in his hand, and then stood up.

That Duguxie and the ghost servant walked over at this moment worriedly, looking at Li Tiandao and said: "Young Master, I think you should think about it...or else, I can follow you." Duguxie said there.

But seeing Li Tian smiled slightly and looked at the worried brothers and said, "Don't worry...I'll be fine. If two people go, the goal is too big and easy to be discovered. It's better for me to go alone."

When Li Tian insisted on going to the Black Palace, Du Guxie couldn't help it.

The ghost servant over there looked at Xue Wuhen and said, "Wuhen, you must protect our young master..."

Xue Wuhen slapped her chest and said to the ghost servant, "Don't worry, Brother Gui... I Xue Wuhen uses my life as a guarantee... Even if something happens at the time, Xue Wuhen will Help immediately."

"Well, that's good." The Ghost Servant was quite relieved to Xue Wuhen.

So after they said a few simple words, Li Tian followed that Xue Wuhen into the darkness, watching Li Tian and the figure of Xue Wuhen slowly disappearing, Du Guxie stood there and said: "I hope Young Master can go in safely... and then come back safely."

"It definitely will."

"Second brother, now the strength of the young master is already not to be underestimated... I guess my current ghost trail is no longer able to contain the young master." The ghost servant said while looking at the black night.

Listening to the ghost servant's words, Duguxie said with a smile on his mouth: "Yes."

"Young Master's skill is no longer what it used to be..."

"Furthermore, the young master still has that trick to destroy the world...If there is no major accident, even if someone finds the young master in the black palace, I believe that the young master can escape safely. "Duguxie now thinks of Li Tian's shocking and horrifying tactics and still has a lingering fear.

That set of peerless domineering tactics is the same power as his Overlord Sword Art, and both have abnormal powers, so this is also the reason why Duguxie let Li Tian go to the Black Palace alone.

Black night, deserted street.

But seeing the two figures walking fast there, the person in front was Xue Wuhen in the white clothes, and the one behind him was Li Tian.

"Wuhen, how far is it from the black palace here?" Li Tian asked in the dark, looking at Xue Wuhen in front of him.

But listening to Xue Wuhen said there: "It's not far... After you cross the block in front you will see the Black Palace."

"Brother, you must follow me later... On the street in front of the Black Palace, there are many desperadoes... Those cruel characters usually come out at night... They are called midnight by the people here. Wandering soul."

Midnight wandering spirit? It was the first time that Li Tian heard of such a person, and was not only slightly taken aback.

Xue Wuhen continued to explain in front: "These people specialize in cruel deeds at night, killing people, destroying corpses... all evil things come out."

Li Tian frowned slightly when Xue Wuhen said this, but did not ask too much, and continued to follow Xue Wuhen in front of him.

Just when they were about to reach the front block, Li Tian saw faint lights appearing on the dim street.

Then Li Tian discovered that those black figures were walking weirdly on the streets.

Those individuals are dressed in weird clothes, and many of them are covered with black cloth on top of their heads. They cannot see their faces clearly in the dark, and cannot see their looks clearly...

They were walking back and forth there like a dead body.

Looking at these guys gives a sense of horror.

"Big Brother, these things are night ghosts, remember, don't get close to them." Bai Wuhen reminded him there.

Li Tian glanced at those people who were walking on the streets coldly, covering their entire heads with black robes... and nodded slightly.

Then he followed Xue Wuhen in front of him and walked forward.

He is not afraid of these weird "ghosts", but he feels strange in his heart...what are these weird people doing?

Xue Wuhen didn't seem to care about these monsters, his body shuttled through the cold crowd like a fish.

And Li Tian also followed him closely.

At the moment when Li Tian was following Xue Wuhen, he saw a weird guy wearing a black robe and covering his head with the entire robe and suddenly slammed into Li Tian.

Li Tian saw this guy bumping into him, and instinctively pushed him with his hands.

But when he stretched out his fingers, Xue Wuhen yelled: "Brother, be careful of his body..."

As he said, Xue Wuhen's white figure flashed, and suddenly bullied Li Tian's side, and then flew and kicked directly on the man in the black robe.

Ahhh, scream... After the black-robed man was kicked, he fell to the ground and screamed.

Then I saw the black-robed man who fell on the ground. Suddenly, the whole person seemed to be corroded, and white smoke came up all hissing...and at the same time, his whole body was instantly affected by that. A deadly thing like sulfuric acid turned into a mass of blood.

Chapter 1259: Enter the Black Palace

After looking at the weird guy who died suddenly, and his whole body was corroded into a pool of blood, Li Tian was still quite shocked and was taken aback there. . Secretly: What is that guy? Why did it instantly become a pool of blood after death?

While he was stunned, Xue Wuhen next to him said: "Brother, these midnight wandering souls have bone-forming water on their bodies. Once they are touched by them, your body will instantly become a pool of blood like them. , So you must not be touched by these cruel guys."

It was the first time that Li Tian heard this bone-making water and was slightly taken aback.

But seeing that after a midnight wandering spirit suddenly died on this side, many midnight wandering spirits over there suddenly approached them step by step.

"Oh, brother, we need to get out of here quickly." Xue Wuhen said quickly there.

Li Tian also noticed those weirdly dressed and extremely cruel midnight wandering spirits approaching them one by one, and immediately said hello, and followed the Xue Wuhen in front of him and walked forward quickly.

But the midnight wandering spirits in front had already blocked them, and the densely packed black ghost-like guys approached them.

As these monsters approached Li Tian and Xue Wuhen more and more, Xue Wuhen said sharply: "I am a member of the Black Palace. Who dares to stop me anymore, don't blame my ruthless men."

Following his roar, the midnight wandering spirits who had been surrounding them all hesitated when they heard the words "Black Palace", and then paused one by one.

Obviously, the influence of the Black Palace in the Dark City is still huge.

And Xue Wuhen, after seeing these guys pause one by one, then hurriedly said to Li Tiandao: "Big brother, let's go." As he finished speaking, he hurriedly led Li Tian across this The group of guys who are not human, then left quickly.

When they completely passed the group of evil midnight wandering souls, Xue Wuhen gave a slight breath.

"Big brother, are you okay?" Xue Wuhen said, looking at Li Tiandao behind him.

Li Tian was still quite surprised to be honest, but he still said slightly, "It's okay."

"It's just that I'm quite curious, what are those perverted guys? Are they human?"

Xue Wuhen smiled and said, "Yes."

"It's just that this group of people belong to the darkest people in the dark city. They never come out during the day, but at night. Even when they come out at night, they will cover their heads with black hoods, making it difficult to see their faces. eye."

"In general, these people have lost their human instinct...belonging to the existence of dark creatures in the dark city."

Xue Wuhen said there.

Listening to Xue Wuhen's words, Li Tian frowned secretly.

"Let's go, big brother..." Xue Wuhen in front said to Li Tian.

Li Tian shook his head lightly, then stopped thinking about it, and followed Xue Wuhen in front of him to the place in front.

After passing through this dark street, he quickly reached the place in front.

But there is a magnificent building standing on the street in front.

That building is like a large house in ancient times, surrounded by cold and towering walls, and the gate is also majestic and domineering.

There are two huge stone lions standing on either side of the gate.

The stone lion is ferocious and mighty, and the carvings are even more vivid.

"This is the Black Palace." Only Xue Wuhen pointed to the vast dark building in front of him and said.

Hearing what Xue Wuhen said, Li Tian carefully looked at the huge building in front of him, it was indeed mighty and domineering.

On the thick wooden gate, there are two dragons and phoenixes: Hei Gong, the word is quite majestic.

It seems that this is really the most powerful place in the Dark City, because in the Black Palace are places where first-class masters exist.

After Xue Wuhen and Li Tian finally came to the gate of the black palace, Li Tian first glanced at the gate, and then began to observe the surroundings.

"Brother, the front door is not easy to enter, there are guards from the Black Palace guarding there...If they find us, it will be a problem." Xue Wuhen said to Li Tian in front of him.

Li Tian glanced at the entire geographical environment of the Black Palace in front of him, as well as the driving in front of him, turned his head and looked at Xue Wuhen with a smile and said, "You go in by yourself..."

"I'll come in by myself later." Li Tian looked at Xue Wuhen and said.

Xue Wuhen was not only slightly taken aback when he heard Li Tian say this.

"Big brother, what do you mean?"

Li Tian smiled and said: "You are originally from the Black Palace, so you don't need to hide like me... And me? This time I came to the Black Palace just to check the surroundings... So wait for myself I will find a way to get in."

Listening to Li Tian's words, Xue Wuhen frowned and said, "But Big Brother...I promised Big Brother Ghost to protect you."

Li Tiandao: "Do you think I am someone who needs protection?"

"Hehe, Wuhen, don't worry... To be honest, I only ask you to take me to the Black Palace... Leave the rest to me."

"Just go to the Black Palace... and as always, don't let your people in the Black Palace find out about you."

Listening to Li Tian stubbornly saying this, Na Xue Wuhen thought for a while. Although he hadn't seen Li Tian's true strength, he could feel that the newly recognized eldest brother in front of him was definitely not waiting.

Just imagine, can the person respected by Duguxie and the ghost servant be an ordinary person? of course not.

So after Xue Wuhen thought about it this way, he nodded slightly there.

"Okay, since the big brother said so, then I will do what the big brother said!"

"It's just that this black palace is very large and has many inconveniences. After Wang Brother enters, you must be more careful... I will look for opportunities inside to meet you. Xue Wuhen said.

Then Li Tian nodded when Xue Wuhen said so, and said, "Okay."

So after Na Xue Wuhen looked at Li Tian, he strode towards the Black Palace in front of him.

When Xue Wuhen arrived at the gate as usual, he raised his hand and knocked bang on the heavy wooden door... Then he saw a small hole suddenly opened on the heavy wooden door, revealing a hole from the inside. He glanced at Xue Wuhen in his gloomy and cold eyes.

Xue Wuhen took out a black token from his arms. This token seemed to be something unique to people in the Black Palace... When the gloomy eyes inside saw the black token, he followed the heavy wooden door. Rumbled.

But I saw two men in black suits standing inside.

After seeing Xue Wuhen, he nodded slightly. Xue Wuhen didn't say much, and walked towards the black palace.

In the dark, I saw a pair of sharp eyes watching that Xue Wuhen strode into the Black Palace. There was no doubt that these eyes belonged to Li Tian.

The heavy wooden door of the Black Palace closed again.

At the moment of closing, Li Tian walked out of the darkness.

After carefully observing the driving around him, his sharp eyes rested on the towering cold fence.

It seems that Li Tian is going to enter through the walls of this black palace.

Chapter 1260: Ziyan, tiger male

It seems that Li Tian is going to enter through the walls of this black palace.

This wall is not very high, it is only over ten feet, it is a piece of cake for Li Tian now.

But after seeing him look at the towering wall in front of him, he suddenly accumulates his vitality, and then his two feet slammed, and his body, like a nightingale in the dark, sprinted onto the towering icy wall at great speed.

After he suddenly reached the top of the wall, he carefully observed the environment inside.

The mansion inside is really big and empty, and there are still a few lights on in the front.

When Li Tian was sure that there were not many people below, he swept down from the wall again.

After Li Tian fell to the ground lightly, he rolled away, and then went inside the black palace.

At this moment, I observed the driving around, but I saw two dim rooms with no lights in front of them. It seemed that there were no people living. At the side door, there were a few men in suits. That keeps.

From the look of the man standing at the door and the look in his eyes, Li Tian could feel that these characters are definitely not ordinary characters.

After observing the environment, Li Tian prepared to go deeper into the Black Palace.

So he catted and walked forward like a lonely soul in the dark.

There was no sound at all when the steps were on the ground.

After arriving in a room with no light in front, I suddenly heard the sound of messy footsteps from the left.

Hearing someone coming, Li Tian hurriedly hid towards the wall.

And here? I did see a few men in suits coming over, and it seemed that these people were guarding the Black Palace.

A total of 4 people walked back and forth there.

After seeing this situation, Li Tian hid himself in the dark. After the patrollers left, Li Tiancai bent his body and continued to walk forward.

Soon, he has reached the inner position of the Black Palace.

However, there are a few brightly lit houses inside the black palace.

One of the rooms in the middle can still hear the voice of speaking, but because the distance is too far, Li Tian can't hear clearly.

So he wants to get close to the house to see who is talking in it.

Li Tian at this meeting approached the house very lightly.

The closer you get to the house, the more you can hear the sound coming from it. After Li Tian reached the side of the window of the room, Li Tian's voice could be heard clearly.

Only the voice of a middle-aged man inside came out first.

"How is the investigation? Are Duguxie and the ghost servant still staying there now?"

Li Tian was slightly startled when he heard the voice of the middle-aged man inside saying the names of Duguxie and the ghost servant.

Then he began to look at the people inside through the gap in the window.

I saw the figure of a man appearing in his eyes through the gap of the window, but the man really seemed to be disabled, he was sitting on a wheelchair.

Who is this disabled guy? Why do you ask about Duguxie and ghost servants? Li Tian said silently in that heart.

Just when he was secretly surprised, only a voice came over.

"Return to the palace owner, Du Guxie and the ghost servant are indeed still there."

When Li Tian heard the voice, it was Xue Wuhen's voice.

It turned out that Xue Wuhen came back and returned.

And obviously the man in the wheelchair should be the lord of the black palace, Li Tian said inwardly.

Only listen to Tang Ao, the lord of the Black Palace, sitting in his wheelchair looking at Xue Wuhen and asking, "You haven't been discovered by them, right?"

"No." Xue Wuhen said, standing there.

"That's good." But there was a sneer from the corner of the black palace lord's mouth.

"Apart from Duguxie and ghost servants, are there anyone else there?" The Palace Master of the Black Palace continued to ask.

Xue Wuhen said, "Yes, but I don't know those people."

Hearing Xue Wuhen's words, the Palace Master of the Black Palace frowned slightly.

"Okay, go down... continue to monitor them tomorrow." Hearing Palace Master Black Palace said to Xue Wuhen in front of him.

Xue Wuhen nodded slightly, and then left the room in front of her.

When he came out, he seemed to spot Li Tian at the window, but he didn't talk too much and left quietly.

What about Li Tian? Still staying alone at the window and continuing to observe the situation inside.

I saw two men in suits standing next to the palace lord of the Black Palace. At this moment, he slightly whispered a few words to the two men in suits beside him.

Because the voice was too small, Li Tian, who was eavesdropping in the dark, couldn't hear clearly.

After the Palace Master of the Black Palace finished speaking to his men, he saw one of them and left here quickly.

After a while, I saw a woman and a man walking out of another room.

The woman's hair is blue, her appearance is cold, her face is beautiful, she is dressed in a purple shirt, and her two slender legs come out from inside wearing a pair of black leather boots.

There was also a knife hanging from her waist, a weird sword similar to the Japanese samurai sword.

The man next to him is also brave and burly, wearing a black short-sleeved T-shirt, with two sturdy arms undulating.

When these two people walked in, they bent down and bowed slightly to the black palace lord who was sitting next to him in a wheelchair.

"Participate in the Palace Master."

But seeing the palace lord of the Black Palace staring at the two of them slightly, an evil smile rose from the corner of his mouth.

"Zi Yan, Tiger Man, I tell you two one thing." The black palace lord in front of me called out the names of the two people.

The female is called Ziyan, and the male is called Tiger.

"Palace Master, please say." The two people in front of me said there.

I saw the Palace Master of the Black Palace say: "I tell you two to follow Xue Wuhen." Suddenly a word came out of the Palace Master of the Black Palace.

When he said this, Li Tian who was standing outside was taken aback.

My heart lining secretly: Did this black palace master discover Xue Wuhen's clues? Does he already know something is wrong with Xue Wuhen?

The man and woman called Ziyan and Tiger Man also seemed slightly taken aback after hearing the words of the Black Palace Lord.

"Palace Master, why should you follow Xue Wuhen? Is it because the Palace Master is not at ease with Xue Wuhen?" He only heard a word from the guy named Hu Nan.

That man named Hu Nan, fierce and burly, really lives up to his name.
