

A Killer 126

Chapter 126: Her disappointment

Hearing Feifei say this, Li Tian certainly knew that this girl was caring about herself.

I couldn't help but enthusiastically said: "I don't fight anymore now, and I won't fight the black market anymore."

"Well, that's pretty much the same." Feifei said satisfied.

At this moment, Feifei looked at Li Tian again. She didn't expect Li Tian to become more handsome in just over half a month, especially the feeling of a mighty man exuding him.

Since learning the broken book, Li Tian couldn't help getting stronger and stronger, and his whole body consciously or unconsciously revealed a special temperament.

Coupled with his original appearance, this made Li Tian more and more stylish.

If he weren't wearing more ordinary clothes, he would definitely be a handsome man.

"Why did you come here to find me?" Li Tian suddenly looked at Feifei curiously and asked.

Feifei calmed down and said, "Why can't I come to you?"

However, it suddenly occurred to Feifei that the harsh words she had said when she said goodbye to Li Tian.

"I didn't specifically come to see you, I just stopped by and took a look." Feifei said.

Li Tian smiled.

"Really? I think so too."

"After all, you are the eldest lady of the Tang family, and I am just a poor citizen."

After listening to Li Tian's words, Feifei felt that she was not feeling all over.

"I didn't say you are poor, why do you look down on yourself so much?" Feifei said angrily.

"This is the truth, doesn't your father think so?" Li Tian suddenly sneered.

Feifei knew that Li Tian was still angry, and she was still angry at Tang Zheng who drove Li Tian away and looked down on Li Tian, the little security guard.

After thinking for a while, he said, "What my dad thinks, that's his business, how I think it's my business."

"Forget it, I'm upset if I don't do it for him." Feifei turned off the topic as soon as she waved her hand.

"What are you doing here now?" Feifei asked.

"Don't do anything, just idle." Li Tian waved his hand and said.

"Not working? Are you rich?" Feifei asked in surprise.

"Of course I am rich, you think I'm so poor."

"Really? Why don't I believe it? Living in such a place, you seem to be rich?" Feifei said contemptuously.

Li Tiandao: "Don't look down on people!"

"I tell you, girl, one day I will have more money and power than your Tang family. Then let your snobbery dad open his eyes and take a look."

Feifei giggled suddenly.

"What are you laughing at?" Li Tian asked depressedly.

Feifei suppressed a smile and said, "Okay, I'll wait for the day when you have money. If you have that day, I..."

Feifei, who stopped talking quickly, turned red. She wanted to be alive. If Li Tian had such a day, she would marry Li Tian as his wife, but she said halfway and felt wrong. come out.

Li Tian vowed to say: "Soon, girl, that day will come soon."

Feifei smiled: "Well, I'll wait for you that day."

"You live in this area right now?" Feifei asked, pointing to the low bungalow in front.

Li Tian nodded.

"Oh, that's good, I will find you later."

"Miss, I am in a good mood now, and I want to go shopping and buy some clothes." Feifei said while smiling and turning around and walking towards the place nearby.

"Are you going?" Li Tian asked Feifei, who turned around.

Feifei turned her head and smiled: "What's the matter? Can't bear this lady? Can't bear to leave me too."

Can't bear your sister! Li Tian cursed inwardly.

"Well, slow down the road."

After that, Na Feifei really walked forward alone.

Stepping out a few steps and when Li Tian was about to turn around and enter the small restaurant, Feifei turned her head again: "The surname is Li, if you dare to kiss me and me with that fox again, I will strangle you when I turn back. Said that as if threatening.

Li Tian smiled helplessly.

This girl, hey... Was she an enemy in your last life?

When Feifei walked away, Li Tiancai looked at her back and sighed slightly.

Li Tian, who saw Feifei again, was undoubtedly emotional.

This girl is still so cute and so fun. If it weren't for the reason that she was a daughter, Li Tian could have said that she had already liked that girl, but now?

Don't forget, they are the eldest daughters, and you are nothing. Why do you like them?

What's more, I have a (wife)!

Thinking of this, Li Tian shook his head and entered Xia Xue's small restaurant.

As soon as I entered, I saw Shen Feng blinking his eyes and looking at himself with a smirk. Was this guy actually awake?

And Xia Xue was at the front desk tidying up the things on the table.

Looking at Shen Feng with a smirk on his face, Li Tian frowned, "Why look at me like this?"

Shen Feng smiled, looking at Li Tiandao with his mouth full of alcohol, and said, "Brother Tian, who was the beauty outside just now?"

"Could it be the sister-in-law you mentioned before?"

Li Tian suddenly hurt the egg.

"Sister-in-law, your sister, that's not it."

Shen Feng looked disbelief: "Really? I look at that beauty but the thief likes you."

"Fart! Don't talk nonsense, we are just friends." Li Tian thought for a long time before uttering the word friend.

"oh, I see."

"But the beauty who was looking for you just now seems to be a young lady. From wearing Chanel clothes and Hermès silk scarves, that simple dress can cost 10,000 or 20,000 yuan less." Shen Feng said.

Shen Feng, who used to be the son of the brother, of course, can see the brand name Feifei is wearing at a glance, so he said it now.

Li Tian was slightly shocked. Although he knew that Feifei's family was rich and powerful in Kyoto, when Shen Feng even said the girl's clothing and jewelry, he was still slightly shocked. .

"Well, what you said is not bad. She was indeed a daughter just now. To tell you the truth, my first job in Kyoto City was to work in her dad's company as a small security guard." Li Tian bitterly Said the Tao.

Thinking of his own experience some time ago, Li Tian felt extremely ridiculous.

"It turned out to be like this, my brother, I think you and the eldest daughter are very much like Juliet and Romeo. His sisters are all soaked out of the eldest daughter." Shen Feng said with a smile.

"Go to hell!"

Li Tian said with a smile.

While the two of them were laughing and cursing, they didn't see that Xia Xue's face had been cold and cold, and she did not even lift her head while cleaning up the things at the front desk. There was a trace of loss in her beautiful eyes. .
