Chapter 1282: Words from the old man

Following Li Tian's question, the gray-robed old man in front of him said slightly, "Your father is very smart... and he is also a rare wonder in the world."

"Although he was not as good as you at this time, his influence in the outside world is already great... Your father does everything he likes all his life. As long as he likes to do things, no one can stop him, but if he For things he hates, he must chase to the ends of the world and get rid of him."

"Your father started to leave the customs after he was 30 years old. From that time, he was invincible in the world, with a dragon sword crowning the world... and his bipolar magical skills have also been practiced to the highest level. From that time, he has not been his opponent. ...Hey, it's a pity..." The gray-robed old man suddenly sighed while looking into the distance.

"In general, your father is a very good man." The mysterious gray-robed old man in front of him then turned his face to change his emotions and said slowly.

Li Tianneng felt the excitement revealed in the voice of the mysterious senior when he was talking about his father. Although he was a little curious in his heart, he was more inclined to listen to the mysterious senior's words.

When he heard the mysterious old man talking about his father, Li Tian couldn't help but his heart surged. He knew that his father would never be a villain.

"Thank you, senior, for saying that to my father." Li Tian said gratefully.

At the same time, he finally got a touch of comfort in his heart.

The gray-robed old man shook his head slightly, his eyes looked far away, and no one knew what he was thinking at the moment.

Li Tian turned his head and stared at the mysterious gray-robed old man in front of him. He suddenly felt that the gray-robed old man in front of him was so old, so old. None of his silver hair was black, and even his eyebrows were never mixed with black silk. .

"Senior...Where are you sacred? Why do you know so clearly about my father?" Li Tian suddenly asked curiously.

Listening to Li Tian asking a crucial question at this moment, the mysterious gray-robed old man in front of him suddenly smiled awkwardly.

But Li Tian stared at the mysterious senior in front of him with his deeply curious eyes unblinking.

But after seeing the mysterious old man laughing wildly, he slowly raised his eyes and looked at Li Tiandao in front of him: "Do you really want to know the relationship between the old man and your father?"

"Yes." Li Tian blurted out a word.

He really wanted to know the relationship between the mysterious gray-robed old man in front of him and his father.

After he said the word "think", he only listened to the gray-robed old man in front of him for a while and said: "Well, the old man will tell you."

After the mysterious old man said so, Li Tian opened his eyes and listened intently to the words of the gray-robed old man in front of him.

"The old man and your father are in fact a teacher-student relationship... He is the only apprentice in my life, and at the same time the best apprentice." The mysterious gray-robed man suddenly said with the words of time and dust.

Master?

apprentice?

The mysterious old man is the master of the evil god! ! !

When Li Tian in front of him heard that this mysterious and powerful old man turned out to be his father's master, he was stunned for a moment... The whole person looked at the gray-robed old man in front of him as if silly.

Gosh?

Li Tian was completely stunned, staring at the gray-robed old man in front of him.

"Senior...senior...you said...you said...you are my father's master?" Li Tian in front of him could not even speak, and asked in shock.

The mysterious old man in gray robe frowned slightly at Li Tian's words.

"What? Do you think the old man is not worthy to be your father's master?"

Listening to the mysterious gray-robed old man saying this all at once, Li Tian shook his head there quickly and said in his mouth: "No, no, no...Senior, don't get me wrong...I am not, that's not what I meant."

"It's just... it's just... I never thought that you were my father's master."

After Li Tian said so, the mysterious old man suddenly laughed wildly, a mighty infuriating energy leaked from his body, and an invisible strong wind formed around him.

Li Tian felt the powerful strength of this mysterious old man, completely speechless.

Li Tian can also be regarded as a top master at this moment, but when he stood in front of the mysterious gray-robed old man, he felt like a child. This feeling made him very uncomfortable. It was a deep feeling. Feeling of inferiority.

He couldn't imagine how powerful the mysterious gray-robed old man in front of him was.

Just imagine, an old man who was once a master of the evil god...the evil ***** had already dominated the world back then, what about him? As his master?

Isn't it closer to the point of God?

Therefore, when Li Tian of this meeting looked at the mysterious gray-robed old man, he looked up completely.

"After your father came into my door back then, it took only six years to learn the old man's two masterful magic techniques... One is swordsmanship and the other is martial arts. It can be described as a rare century in this world. Wizards."

When the mysterious old man in gray robe said so, Li Tian opened his eyes wide.

"Six years?" Li Tian asked in surprise.

Listening to Li Tian's words, the mysterious old man's face was slightly unhappy.

"What? Do you think that six years is long?" The gray-robed old man looked at Li Tiandao domineeringly.

Li Tian stood there and smiled awkwardly, and then quickly said: "No, no, no, the old man misunderstood, I didn't mean that."

But even though the gray-robed old man is quite a lot of age, he said, "Huh, your father spent six years learning my set of swordsmanship, one technique... If it's you, maybe it will take you ten or even twenty years." The gray-robed old man said with an unhappy expression.

When the gray-robed old man said that, Li Tian could only lower his head in tears, and couldn't help but lining up in his heart: This old man's heart is really elusive.

Just as Li Tianxin was thinking like this, suddenly he saw the gray-robed old man suddenly said to Li Tiandao: "Boy...how much do you understand the Tianshu Danju now?"

The gray-robed old man in front of him suddenly changed the subject. When it came to the book that day, Li Tian was stunned.

I thought to myself: How could this old man know that he was reading the Heavenly Book Pill scroll? Strange?

"The old man is asking you something." Seeing Li Tian not speaking, the gray-robed old man suddenly said angrily.

Li Tian quickly reacted and replied: "I...I didn't understand much, but it seemed that I understood the first part, and a small part in the middle. As for most of the blanks in the back, I have not yet See through."

Chapter 1283: The secret of Tianshu Danjuan

After Li Tian said this, the gray-robed old man in front of him frowned slightly.

Suddenly he muttered, "You can't understand?"

"Could it be that the old man guessed wrong..." a weird word came out of the mysterious gray-robed old man in front of him.

Listening to what the gray-robed old man said in front of him, Li Tian was slightly curious in his heart. He not only looked at the mysterious gray-robed old man in front of him in surprise and asked: "Old man, what's wrong?"

But seeing the gray-robed old man with a weird face, he shook his head gently.

Then I saw him walking back and forth with his hands on his back, and an anxious and irritable look appeared on his old face. Those torch-like eyes looked at the distant sky at this moment, and

suddenly said: "Why are they A few of them can only see through the first half of the paragraph...Why can't they see the blank part of the last part? Is it true that the blank part of the last half of the heavenly book pill scroll really has nothing?"

The mysterious gray-robed old man whispered to himself.

Li Tian listened carefully to the words of the mysterious old man, and said to himself: What is this mysterious old man in gray robe talking about?

But after seeing the mysterious gray-robed old man pondering alone for a while, he suddenly raised his eyes and looked at Li Tian.

"You really can't read the second half of the book that day?" The mysterious gray-robed old man looked at Li Tian and asked, as if this matter was very important.

But seeing Li Tian in front of him nodded slightly, and then suddenly shook his head.

Looking at Li Tian's reaction, the mysterious gray-robed old man was depressed.

"What do you mean, kid?" The mysterious gray-robed old man looked at Li Tian depressedly and asked.

Just listen to Li Tiandao: "The second half of my glance was really blank...there was nothing, but I didn't really study it carefully, so I couldn't be sure." Li Tian finally said. Understand what he meant.

Yes, Li Tian did not have the opportunity to touch the second half of the book that day. The first half of the kung fu skills made Li Tian very hard to practice... so how could he have the opportunity to touch the back?

So Li Tian is not really clear about the blank content in the second half.

"Is it?"

"You mean, you haven't had time to read the second half of the pill scroll that day?" The mysterious gray-robed old man suddenly asked.

Li Tian nodded in front of the mysterious gray-robed old man.

"It's true."

Listening to Li Tian's words, the eyes of the mysterious old man shined.

"Okay, then I'll give it to you now." After the gray-robed old man in front of him said this sentence, Li Tian was stunned.

"you give me?"

"Do you have a heavenly book pill scroll?"; Li Tian looked at the mysterious old man in shock and asked.

The mysterious old man smiled slightly, then took out the ancient heavenly book pill scroll from his arms.

"Of course there is." The mysterious gray-robed old man said with a smile.

At the moment when the mysterious old man in front of him really took out the Heavenly Book Pill scroll, Li Tian was completely stunned.

The gray-robed old man who looked in front of him with his eyes widened in disbelief asked, "Oh my god, how come you have a heavenly book pill scroll?"

"Didn't my heavenly book pill scroll be snatched by Long Yin at the gate of hell? How could it be in the hands of Senior?" Li Tian asked in horror.

Then he looked at the mysterious gray-robed old man in front of him and asked: "Senior...couldn't it be you who brought back the heavenly book pill scroll from Long Yin's hand?"

After Li Tian asked in such a surprise, the mysterious gray-robed old man in front of him smiled slightly and said, "No, I got it from the Poison Emperor."

"What? From the hands of the Poison Emperor?" Li Tian became more and more confused.

I saw the mysterious gray-robed old man nodded there and said, "Yes."

"As for the Long Yin you just said... the old man doesn't know..." the mysterious gray-robed man in front of him said.

After the gray-robed old man spoke in front of him, Li Tian was indeed surprised.

His Heavenly Book Pill scroll had been snatched by that Long Yin before, so why suddenly this Heavenly Book Pill scroll was in the hands of the Poison Emperor? And when did this mysterious gray-robed old man **** it back from the Poison Emperor?

All of this made Li Tian a little depressed at present, but Li Tian did not continue to pursue those meaningless questions, because for him, it is the most important thing for him to return to his own hands. .

"Here." The mysterious gray-robed old man said as he handed the ancient heavenly book pill scroll in his hand to Li Tian in front of him.

Li Tian curiously reached out and took the Tian Shu Dan scroll.

After taking it over, he opened the heavenly book pill scroll slightly. As soon as he opened it, the dense tadpoles on the book pill scroll that day suddenly flew towards his whole body, all pouring in one by one. His whole body points.

It is undoubtedly extremely happy for Li Tian to return to the previous state again.

The mysterious gray-robed man on one side looked intently at Li Tian in front of him, and then looked at Li Tian's eyes.

In his heart, it was darkly lining: Now two people have read this Heavenly Book Pill scroll and they can only understand the first half... Now he is the only one left, I hope he can understand this Heavenly Book Pill The second half of the volume.

When the mysterious gray-robed man thought like this in his heart, that Li Tian had already turned the Tianshu Dan scroll in his hand to the back, and the back was all empty and white, and there was nothing.

Looking at the blank space in the second half, Li Tian was indeed a little depressed.

After looking at it twice, he slowly raised his head to look at the mysterious gray-robed humanity and said, "Senior, it seems that I really don't understand the latter part...that is indeed all blank, there is nothing. "

Hearing what Li Tian said, the mysterious gray-robed old man nodded.

"Forget it... If you don't understand, you can't understand... Maybe the legends are all fake." The mysterious gray-robed old man said regretfully.

After listening to the mysterious gray-robed old man saying this, Li Tian couldn't help but question in his heart: "Senior, what is the secret of this heavenly book pill scroll?"

The mysterious old man thought for a while, looked at Li Tiandao and said, "Well, since you are asking now, the old man will tell you."

After the mysterious old man said so, Li Tian quickly pricked his ears and began to listen carefully.

"It is said that there is a kind of ancient and profound martial arts in the ancient relics Tianshu Danju... that kind of ancient martial arts has surpassed everything... beyond the limits of human beings. If someone can penetrate that set of martial arts, the world has already Basically no one can be his enemy... and the most important thing is to be able to go to the top of the Tianshan Forbidden Area to break through the four major demon in the Demon Array, thereby opening the door to the top of the Tianshan Mountain."

Chapter 1284: The truth not known

The mysterious gray-robed old man in front of him said. .

Listening to the mysterious gray-robed old man in front of him suddenly say this, Li Tian was stunned.

Li Tian has indeed heard about the gate to the restricted area on the top of the Tianshan Mountains, but he seems to have heard the legend that only gathering three ancient relics can open the gate to the restricted area?

Li Tian hasn't heard of the fact that there are still four demon monsters on the top of the Tianshan restricted area? What is going on?

Devil formation? The four demon?

All these questions suddenly came to Li Tian's mind.

But seeing Li Tianzai couldn't help asking, "Senior... I heard that opening the gate of the Tianshan restricted area seems to be enough to gather the three ancient relics... I haven't heard of any other demon formations. ?"

Listening to Li Tian's words, the mysterious gray-robed old man suddenly burst out laughing.

"Absurd..." The words came out of the mysterious gray-robed old man's mouth.

"Who told you that it is so easy to open the door to the restricted area on the top of Tianshan Mountain?" The gray-robed old man glared at Li Tian and asked.

When asked by the mysterious old man in gray robe, Li Tian was speechless.

Indeed, Li Tian has always heard about the legendary things, and he really knows very little about the three ancient relics and the top of the mountain forbidden area... So he not only seems a little naive at the moment.

But listening to the gray-robed old man continue to say: "If it is as easy as you just said, the top of the Tianshan Forbidden Area, the old man opened two hundred years ago...Why wait until now?"

Li Tian's eyes widened when he heard the words of the mysterious old man in gray robe.

what?

Two hundred years ago!

OMG, this old man in gray robe is not joking, right?

He said two hundred years ago?

Could it be that the mysterious gray-robed old man in front of him is over two hundred years old? How dare he believe Li Tian in the real world? So this will stare wide-eyed at the gray-robed old man staring in front of him in horror.

"Senior...you said...you said...you said you were two hundred years ago?"

"You...live...live...for more than two hundred years?" Li Tian was shocked and speechless.

But after seeing the gray-robed old man realizing that he had leaked his mouth, he laughed, and the old voice shook his head around.

"My boy, don't discuss the age of my old man now...Now let's continue to talk about the heavenly book pill scroll in your hand."

Hearing that the mysterious gray-robed man seemed unwilling to talk about his age, Li Tian hesitated for a moment, thought about it, and didn't ask too much, but his heart was still quite shocked.

"I'm telling you, it is not the false rumors you have heard in the rivers and lakes to open the door to the restricted area on the top of the Tianshan Mountains... Although some of those legends are true, they are incomplete, because if you want to open the Tianshan Mountains At the gate of the restricted area at the top, you must first break through the magic circle."

"The old man was fortunate to want to break through the devil's formation over a hundred years ago. It's a pity that the old man didn't have enough skills. He just entered, he was blasted out by four demon heads. Fortunately, the old man ran away fast... Otherwise, I'm afraid I will be buried on the top of Tianshan Mountain." The mysterious gray-robed old man sighed.

When he said this sentence, Li Tian was speechless.

As far as he knew the strength of this mysterious gray-robed man, he was definitely the most powerful character Li Tian had ever seen since his debut... Every move and every style of his seemed to contain endless power.

Besides, don't forget that this old man is still his father's master. His father had already dominated the world back then, and this old man? How terrifying is his strength?

Invincible?

But he actually said that he almost died in the Demon Array... Could it be said that there is still this old monster who has lived for more than two hundred years and is irresistible?

So Li Tian at this meeting was completely shocked.

The words of the mysterious gray-robed old man made Li Tian feel that he was too small. He had never thought that the world was so big that there were so many magical things.

While Li Tian was thinking about it, he heard the gray-robed mysterious man say slightly: "Only the martial arts on the heavenly book pill scroll in your hand at this moment can break through the devil formation."

When Li Tian heard the gray-robed old man say so, he looked at the Heavenly Book Pill Scroll in his hand with horror.

It turns out that everything is like this.

However, what kind of martial arts is the second half of this Tianshu Danjuan? Is there really a powerful ancient martial arts? Li Tian didn't know at this moment, he just opened his eyes and looked at the Heavenly Book Pill Scroll in front of him silently.

But at this moment, the gray-robed old man looked at Li Tian and said with a smile, "Now do you know why the old man cares about this book?"

Hearing what the mysterious gray-robed man said, Li Tian nodded there.

"Senior, don't you even understand the secrets of this heavenly book pill scroll?" Li Tian looked at the mysterious gray-robed old man curiously and asked.

The gray-robed old man smiled slightly, then nodded.

"Yes, the old man is the same as you... and you can only penetrate the first half of the book... As for the second half, the old man doesn't know what it means so far."

It turned out that this mysterious gray-robed old man could only understand the first half of the heavenly book pill scroll. It seems that it is not Li Tian alone who can penetrate this heavenly book pill scroll.

Li Tian thought for a while, glanced at the Heavenly Book Pill Scroll in his hand, and then asked: "The predecessor...Have you ever asked anyone else? Maybe some smart people can see the second half of the Heavenly Book Pill scroll. ..."

But seeing the mysterious gray-robed man shook his head slightly.

"You have to know, if anyone can get the Celestial Book Pill scroll, who has the opportunity to participate in the mystery..."

"As far as the old man knows, so far, only 5 people alive have penetrated the first half of the book of heaven." Gray robe mysteriously humane.

"Five people?" Listening to the mysterious gray-robed man in front of him, Li Tian was still quite curious. In his heart, he really wanted to know what kind of five people were involved in the first half of the book.

But seeing the gray-robed mysterious person said slightly, "Yes, there are only 5 people alive."

"One is you, the other is me, and your father has also penetrated... the other two..." When the mysterious gray-robed man in front of him spoke of the two behind, he paused.

At the same time, the ancient face became slightly ugly.

Li Tian looked at the mysterious old man's expression in surprise, but didn't say much, just looked at him there.

After a long pause, the mysterious gray-robed man slowly said: "The remaining two people, one is the master of the gate of hell, and the other is from a Western country. He is a cardinal under the Pope in the Vatican. , His name is: Abraham!"

Chapter 1285: Learn kung fu

When the mysterious gray-robed old man in front of him was telling the master of the gate of **** and the name of a western Vatican cardinal: Abraham, Li Tian was stunned.

"The sect master of the gate of hell? He has also penetrated the contents of the first half of the scroll?" Li Tianzhen said in horror, and at the same time, he could see the intense hatred bursting out of his eyes.

Yes, he looks very hateful.

When seeing Li Tian's hatred expression, the mysterious gray-robed old man suddenly sighed slightly, but he nodded there.

"Yes, he did penetrate the first half." The mysterious gray robe in front of him said humanely.

After hearing him say this, Li Tian began to feel uncomfortable.

He has always thought absurdly that he is the only person who has broken through the martial arts in the Heavenly Book Pill Scroll, and once imagined using the kung fu in the Heavenly Book Pill Scroll to avenge his parents...

But now? He actually heard that the sect master of the **** gate had already penetrated the first half of the heavenly book pill scroll, so if we infer from this result, even if Li Tian has found the sect master of the **** gate now, I am afraid he will die. thing.

He could not be the opponent of that **** gate master at all. Thinking of this, a sense of loss that had never happened before surged from his heart, and he bowed his head deeply there.

Looking at Li Tian who was extremely depressed, the mysterious gray-robed old man suddenly said to Li Tiandao: "Are you discouraged?"

"Are you afraid of revenge?"

Listening to the excitement of the mysterious gray-robed man, Li Tian suddenly said, "I am not!"

"I have never been afraid of revenge... I just feel that I am too useless now..."

"Even if I learn these martial arts, what can I do... It turns out that I still can't take revenge... and I am not another opponent." Li Tian said with a frustrated expression.

After seeing Li Tian who was full of loss and depression, the gray-robed old man suddenly burst out laughing.

"Young man... it's useless to be discouraged by myself."

"If I were you, I would work hard to learn more martial arts." The mysterious gray-robed old man said there.

After listening to the mysterious gray-robed old man in front of him say this, Li Tian suddenly seemed sober in his mind.

He suddenly turned his head to look at the mysterious old man with his back facing him, and knelt on the ground with his legs.

"I implore the seniors to teach me martial arts... so that Li Tian can avenge my revenge!" As Li Tian said so, he suddenly kowtowed on the ground.

Li Tian knew in his heart that the gray-robed old man in front of him was an eternal expert.

His level of prowess has already exceeded Li Tian's thinking.

So now Li Tian can only beg this mysterious gray-robed old man to teach him some kung fu, because only then can he become stronger... and be able to take revenge.

But if he begged the mysterious gray-robed man in front of him so, would the mysterious gray-robed man agree?

Will you agree to teach him martial arts?

But at this moment, the mysterious gray-robed old man turned his silver hair slightly, looking at Li Tian who was kneeling on the ground.

"Do you want to learn the old man's kung fu?" The mysterious gray-robed man suddenly looked at Li Tianzai with his eyes.

Li Tian said quickly: "Yes!"

"The old man is a great person in my life... I also ask the old man to teach me Li Tian one and a half tricks, so that I can avenge my hatred for the rest of my life." Li Tian prayed there.

In order to avenge, Li Tian can do everything he can, even if he is kneeling and begging for help.

Li Tian had always thought that the book pill scroll that day could help him get revenge, but at present it seemed that he could not understand the content of the second half of the book pill scroll that day, so Li Tian could only beg this mysterious old man to pass it on to him.

After he begged the mysterious gray-robed man like this, he saw the mysterious gray-robed old man smile slightly.

"You want to learn kung fu from the old man... I'm afraid... I'm afraid it's not that simple."

After the mysterious gray-robed man said this, Li Tian suddenly felt a little bit of a heartache, and his whole heart became frustrated.

In fact, he had already guessed the ending. The mysterious old man in front of him was not related to him. Why must he teach himself martial arts? Therefore, Li Tian would have a helpless smile on his face after hearing the mysterious gray-robed man say so.

"Since the elders... don't want to... then I, Li Tian, don't force it."

"But I, Li Tian, thank the old man for telling me so many things about Li Tian, and for his life-saving grace this time." After Li Tian finished speaking, he knocked twice at the mysterious gray-robed man on the ground.

After knocking two heads, Li Tian stood up.

After seeing Li Tian stand up, the mysterious gray-robed old man slightly wrinkled his white eyebrows and looked at Li Tian...

"What are you going to do?" The mysterious gray-robed man in front of him suddenly looked at Li Tian and said.

Li Tian stood there and smiled slightly and said, "I want to go now."

"Senior, you also know that I still have a lot of things to do...not to mention that there are still many enemies waiting for me in front of me. Only if Li Tian is still alive and can stand up, I will definitely take me. Brothers go to get revenge." As Li Tian said so, he looked as if he was going to leave.

After the mysterious gray-robed old man heard Li Tian say this, he made a soft "um" in his mouth, and then he said nothing.

"Senior, thank you again for your life-saving grace, Li Tian bid farewell."

After saying these words, Li Tian suddenly turned around and was really ready to leave.

But seeing the mysterious gray-robed old man behind that looking at Li Tian who was about to leave, he frowned deeply, and the corners of his mouth murmured as a dark lining: Stinky boy, he is a temper with Kuafu Cthulhu...

After the mysterious gray-robed man murmured like this, he suddenly said to Li Tian's back: "Hold on."

When he suddenly heard the mysterious gray-robed man slowing him down, Li Tian was stunned for a moment, then turned his head and looked at the mysterious old predecessor suspiciously.

Li Tian is indeed a stubborn and arrogant person. If others are unwilling to do things, then Li Tian will definitely not over demand.

However, the mysterious gray-robed man at the back was an old man after all, and he was still an old man who had always helped him, so Li Tian still turned his head politely.

"Do you really want to learn kung fu from the old man?" The gray-robed old man looked at Li Tian and said.

Li Tian was excited when he heard the mysterious old man say this.

At the moment he said: "Of course..."

"As long as the seniors are willing... I am willing to let me Li Tian do anything."

When the mysterious gray-robed man heard Li Tian say this, he suddenly laughed and said, "Okay."

"That's what you said... If you go back then... Hehe, it's a matter of life rather than death."

Chapter 1286: Maha

When Li Tian heard the mysterious old man say "Life is better than death", he was slightly startled, and he said to himself, "Isn't training accomplished? How could life be worse than death? Although he thought so in his heart, Li Tian still said, "Don't worry, seniors, since Li Tian has agreed, I will be able to do it..."

After Li Tian said so, the mysterious gray-robed old man smiled slightly.

"good very good."

"In this case, the old man will teach you a set of skills that are more difficult to learn." The gray-robed old man narrowed his eyes and said.

"This set of kung fu was created by the old man when he was 208 years old."

When I was 208 years old, he created the immeasurable Maha!

Gosh? real or fake?

Li Tian's eyes were silly at hearing, his eyes were completely unbelievable.

"Maha" means "infinitely large", and the so-called "Mahha" means infinite.

In Li Tian's shocked voice, the mysterious gray-robed old man carried his hands on his back, looked up at the sky, and said slightly: "This set of Maha Boundlessness created by the old man over two hundred years. To be honest, it has been so far. I haven't used it myself..." When the gray-robed old man said this, his mouth was still smiling.

He didn't even use it himself? why? This made Li Tian depressed for an instant.

"You must be curious, why hasn't the old man used this set of masterpieces?" The mysterious gray-robed old man suddenly turned his head and looked at Li Tian with a smile.

Li Tian was a little embarrassed, but still nodded there.

He only listened to the mysterious gray-robed old man and said: "Because the old man is no longer willing to do anything with others... Besides, who else in the world is worthy of letting me do it?"

When the mysterious gray-robed old man said this, his voice was full of loneliness.

Who is worthy of letting him take the shot? How domineering! What a arrogance?

The real master is lonely! The sentence of being uncomfortable at height is just right at this moment.

Looking at the world, strange people are everywhere, but who can dare to really say this? Apart from the mysterious old man in front of him, who would dare to let go of this rhetoric?

Listening to the domineering and invincible words of the mysterious gray-robed old man, Li Tian was deeply shocked.

He didn't know what kind of magical skills the set of Maha Boundless skills he was going to learn... and he didn't even know the power of that set of Maha Boundless kung fu, presumably he would know it only after he learned it.

"Senior, when will I start to learn the immeasurable Maha Maha from you?" Li Tian looked at the mysterious gray robe humanelly.

The grey-robed man in front of him looked at Li Tian and smiled slightly and said, "Why, are you in a hurry?"

Li Tian smiled awkwardly and said, "Somewhat."

The mysterious gray-robed old man said: "Don't be impatient when you practice...you must avoid this."

"Furthermore, the old man's set of maha is boundless, so you shouldn't be anxious when practicing."

"This Maha Wuliang is an ancient Sanskrit. The old man realized this set of peerless martial arts from Buddhism, translated as: Prajna."

"So if you want to learn this set of immeasurable Maha, you have to achieve the state of intangibility, impermanence, and impermanence." The gray-robed old man looked at Li Tian and said.

Li Tian didn't know much about Buddhism. After hearing the words of the mysterious gray-robed old man, he not only frowned slightly.

"Do you know what is meant by: All beings have no form, and the situation is impermanent?" The mysterious gray-robed old man suddenly looked at Li Tiandao and said.

Li Tian shook his head, he was really not sure.

The mysterious gray-robed old man explained to Li Tian there, "Nothing: No, appearance, form. Buddhism's so-called non-phase means to escape from hue, sound, fragrance, taste, touch, Birth, bad appearance, male appearance, female appearance and the ten-phase realm. And impermanence: refers to anything in the world that is unpredictable and will never stay in one place. This is the impermanence of all forms of Buddhism."

"Maha Immeasurable is based on this formlessness, impermanence, and evolved. If it can reach the state of all ten phases and the state of impermanence and the great state of heaven, then all laws will be unified, and the earth will be shaken."

The words of the mysterious gray-robed old man made Li Tian's mind an epiphany.

Li Tian was there alone with his head down, and his mouth muttered silently: All beings have no form, and the situation is impermanent...

In this way, after he mumbled for a few minutes, Li Tian's heart suddenly became clear, as if in his mind, a brand new world reappeared in front of him.

In the past, he only knew kung fu, there were tricks in the tricks, and there were changes in the changes. He was an expert, but now, he knows that everything is invisible and impermanent.

Water has no source, but it can also break the dyke, while the air is invisible, but it can hurt people and thousands of miles away. Isn't this all stateless and impermanent?

After Li Tian suddenly understood such a realm, his heart suddenly opened up, his eyes were bright and excited, and he looked at the mysterious gray-robed old man in front of him and said, "Senior, I understand."

Hearing Li Tian's surprise at this moment, the mysterious gray-robed old man was quite surprised.

Because of this: Wuxiang, impermanence, Maha Wuliang magical skill is the mysterious gray-robed old man in front of him. It took more than 200 years to comprehend it, and Li Tian in front of him said that he understood it only by his own words? Therefore, the mysterious gray-robed old man at this meeting was not only a little surprised.

"Do you really understand?"

Li Tian nodded deeply, and said with excitement: "Senior, I don't know if I understand it right... But I feel that my body has never been so relaxed before, and I also have a deeper understanding of kung fu. Cognition."

The mysterious gray-robed old man heard Li Tian say this, and said, "Then you talk about the impermanence and impermanence that you understand?"

"Yes, senior." Li Tiandao said.

So Li Tian thought about it for a while, and then said: "I understand impermanence, but everything is no longer bound to form, the so-called change is inseparable. What I learned before practicing Kungfu is The moves, the strength method, but now I suddenly realized that all the tricks used to be from the heart, the heart has a trick, there is a trick, the heart has no trick, and there is no trick."

After Li Tian finished saying this, the mysterious gray-robed old man suddenly lit his eyes, and couldn't help being shocked in his heart: How could this kid understand it so quickly? Although what he said just now is not entirely correct, he has slowly begun to come into contact with the land of the boundless essence of Maha.

Maha Boundless itself is a unique magical skill of all living beings. It took more than 200 years for the mysterious gray-robed old man to realize it... But now Li Tian realized it in just a few minutes. The essence of...

This made the mysterious gray-robed old man in front of him suddenly shocked.

"Could it be that all of these are destined things...Is my old man really old?" Suddenly the mysterious gray-robed old man muttered to himself while looking up at the sky.

Chapter 1287: Li Tian's advice

Then Li Tian didn't know what was wrong with the mysterious old man in front of him. He thought he had made a mistake, and said quickly there, "Senior... Did I say something wrong?"

After Li Tian asked, he listened to the mysterious gray-robed old man slowly raising his hand, swaying there, and smilingly said: "No, no, what you just said is right, right... but there is still A little flaw... But you can realize the infinite essence of this Maha in the words of the old man in just a few minutes. It has been a rare wonder for hundreds of years."

Hearing the mysterious gray-robed old man complimenting him so much, Li Tian was of course 10,000 happy and 10,000 excited.

But listening to the mysterious gray-robed old man squinting at Li Tiandao, he said, "Although you can understand the essence of my immeasurable Maha, you must not underestimate the next step of study... because you want Knowing that the difference between hands and mouth is that often the mouth can say everything, but the hands may not be able to do it! Maha Wuliang is quite difficult to practice. The early stage is better, but once the later stage, you will not pay attention. , The heart

demon will be lost. Once your heart demon eats away your body, even the ancestor Bodhidharma will not be able to save you again..."

"Child, do you understand what I am saying now?" The mysterious gray-robed old man looked at Li Tiandao and said.

Of course Li Tian knew that it was not easy to practice a magical skill. At this moment, he nodded seriously and said, "Senior, I understand."

"Then are you afraid of death? Are you afraid of being sleepy?" The mysterious old man looked at Li Tian and continued to ask.

Li Tian shook his head there and said, "Not afraid."

"For revenge, to practice Kungfu, I am not afraid of anything." Li Tian said persistently.

Listening to what Li Tian said, the mysterious old man in gray robe didn't say much.

"Okay, then, from tomorrow I will teach you the immeasurable Maha." When the gray-robed old man finished saying this, he suddenly turned and walked towards the ruins, and stopped talking to Li Tian.

When Li Tian heard that he was about to learn peerless martial arts from tomorrow, his heart was a hundred uncontrollable excitement.

Although he still doesn't know who this old man is, he already knows deeply that this mysterious gray-robed old man is definitely an outstanding figure, otherwise how could his father worship him as a teacher?

This could not help but excited Li Tian hurried to the outside, where there was still his brother Xue Wuhen.

When Xue Wuhen saw Li Tian running out happily, he hurried over.

"Big Brother." Xue Wuhen said in that mouth.

After Xue Wuhen called out, Li Tian smiled and walked over.

"Big brother, what is so happy about?"

"By the way, where is that senior? Is he still there?" Xue Wuhen asked Li Tian, looking at him.

Li Tian smiled and nodded: "Senior is still there."

Xue Wuhen blinked his eyes and said, "Brother, who is that senior? I feel like he is like that old **** who came into the world." Xue Wuhen thought of the figure of the old senior in his heart, not only This thought came out deep in my heart.

After Xue Wuhen said this, Li Tiandao said: "He is indeed like an old god."

"Hey, I never thought that a person could live to be more than two hundred years old." Li Tian said in shock.

When Li Tian was over 200 years old when he said that, Xue Wuhen was stunned.

"what?"

"Brother, you said that a person can live more than 200 years old? Who? Who..."

"Could it...could it be that mysterious old predecessor?" Xue Wuhen asked Li Tian, who stared at him with unbelievable eyes.

But seeing Li Tian nodded slightly there, "Yes."

"Oh my God, it's true or false... It's incredible." Xue Wuhen said with a terrified face.

As Xue Wuhen said so, but seeing Li Tiandao: "Actually, I can't believe it... But the mysterious old man gave me an extremely ancient feeling... If I didn't guess wrong, the mysterious senior should be two hundred. People from all over the world many years ago."

"Then who is he? Could it be that he is an old god?" Xue Wuhen said in surprise.

Li Tian hehe smiled and said, "It's not a god, but the old man's skills are too high, so he can maintain his life."

"Well, what the eldest brother said is not bad. I heard that if people's kung fu reaches a certain level, they can indeed extend their lifespan. It seems that the mysterious senior is really a generation of superiors."

After the two of them discussed the mysterious senior for a while, they saw that Li Tian was finally about to talk to Xue Wuhen in front of him.

"Wuhen, I have to ask you for something." Li Tian looked at Xue Wuhen and said.

Xue Wuhen was taken aback, looked at Li Tian and asked, "Brother, please tell me, what's the matter?"

"I want you to go back for me for the time being, and go back to meet Duguxie and the ghost servants."

"Wuhen, it's been almost two days since we two came out. Now Duguxie and the ghost servants don't know what happened to us. If I guess it's correct, they have their temper and personality. I must be very worried now, and it is very likely that you have started looking for us everywhere... So I want you to go back soon and tell them that we are all well and safe. Let them not worry about it for the time being."

After hearing what Li Tian said, Na Xue Wuhen nodded quickly: "Oh, what big brother said is good, I believe Big Brother Gui and they must be very worried about both of us."

"But, brother, are you going to stay here?" Xue Wuhen suddenly looked at Li Tian differently.

"Yeah." Li Tian said, looking at Xue Wuhen.

Xue Wuhen was stunned. He didn't know why Li Tian in front of him was staying here. At this moment, he couldn't help but curiosity in his heart. Li Tian, who was looking in front of him, asked, "Big Brother, what are you doing here? Why not go back with me?"

Following Xue Wuhen's question, Li Tian smiled and said to Xue Wuhen in front of him: "It's true that I stay here because I want to learn Kungfu."

"Learning Kung Fu?" Xue Wuhen was stunned when he heard Li Tian say this all of a sudden.

But seeing Li Tian nodded there and said: "Yes."

"You can also see the power of the people in the Black Palace... and the power of those people... Our current strength is far from enough... So I have to become stronger, stronger, in that case, I can take revenge and fight the Poison Emperor and the master of the gate of hell."

When I heard Li Tian say this, but seeing Xue Wuhen in front of him blinked and looked at Li Tiandao in front of him: "Big brother, you mean, you learn kung fu from that predecessor?"

But seeing Li Tian nodded slightly.

"Yes."

"That senior agreed?" Xue Wuhen continued to ask.

"Yeah." Li Tiandao.

Xue Wuhen immediately became happy for Li Tian.

Chapter 1288: meditation

"Great, brother."

"I can see that the senior is definitely an outsider, if he can teach his elder brother martial arts, that would be great." Xue Wuhen said happily for Li Tian there.

Li Tian was also excited.

"Well, since the eldest brother is here to learn kung fu from the mysterious senior, then I can rest assured."

"Big Brother, I'll go back, I'll quickly tell Brother Ghost about our safety, and Senior Dugu and them..." After Xue Wuhen said so, Li Tian nodded.

He knew that the ghost servant and the current Duguxie and his brothers must be there very worried about him and Xue Wuhen.

So immediately arranged for Xue Wuhen to go back.

Xue Wuhen was also very obedient. After Li Tian told him about this, he didn't hesitate too much, but directly prepared to leave.

Before leaving, he did not forget to remind Li Tiandao: "Big brother, don't forget...just ask, what is the name of the old man..."

Li Tian smiled and said, "I see."

So Xue Wuhen left.

And here were Li Tian and the mysterious gray-robed old man.

What kind of martial arts is Maha Wuliang?

Li Tian still didn't know, he was just staying alone in the ruins at night, excited in his heart for a long time, excited about how the mysterious old man should teach him martial arts tomorrow.

And that mysterious gray-robed old man? He doesn't seem to be asleep.

The night was already very deep, but seeing the gray-robed old man standing under the endless black sky, standing with his hands on his back, a gray robe draped over his body, he just looked like that, looking at... as if... Seeing something.

Li Tian looked at the back of the mysterious gray-robed old man. At this moment, he felt that the mysterious gray-robed man seemed very old.

The old one is like an antique.

He didn't know what kind of life this mysterious gray-robed old man had experienced in the past two hundred years... He just felt that the mysterious gray-robed old man seemed to be lonely.

The whole person stood silently in the dark alone.

I don't know how long it took before Li Tian finally fell asleep.

This night, he slept very securely.

When Li Tian was still asleep the next day, he heard an ancient voice calling him there.

When Li Tian heard the sound, he opened his eyes slightly.

Then he saw the gray-robed old man standing in front of him at a glance.

The moment Li Tian saw the gray-robed old man, he quickly got up from the ground with a grunt.

"Senior..." Li Tian yelled awkwardly.

But seeing the gray-robed old man looked at Li Tian and said, "Have you got enough sleep?"

As the gray-robed old man said so suddenly, Li Tian quickly rubbed his eyes and said embarrassedly: "Enough, enough."

The gray-robed old man said: "Since you have enough sleep, let's start."

When the mysterious gray-robed old man talked about the beginning, Li Tian was taken aback.

Do you start now?

Do you start learning that peerless martial arts Maha Boundless?

Li Tian had already made full psychological preparations, ready to welcome his new starting point.

So he walked over with ample emotions, and then looked at the gray robe old man in front of him.

"Maha is immeasurable, which is the prajna meaning of the Dharma, so if you practice this exercise, you must first do not anger, do not read, do not rest, do not think, do not think.

"From now on you sit out cross-legged... and feel the meaning of the words I just told you."

"Meditation... Start with meditation first."

The mysterious gray-robed old man said to Li Tiandao there.

After Li Tian heard that the first step this mysterious old man had to do was "meditation", he was not only slightly surprised in his heart.

"Why do you want to meditate when you practice? Isn't this Maha Wuliang no move? There is no mental method, just meditate?" Although Li Tian thought this way in his mind, he did not say so.

Now that the mysterious gray-robed old man said so, Li Tian did what others said.

So now he found a clean place, and then began to sit down quietly.

After sitting down, he sat up with his legs crossed slightly, and then sat there quietly with his breath.

"Senior, is this true?" Li Tian said, looking at the mysterious gray-robed old man over there.

The gray-robed old man glanced at Li Tian's sitting posture and said slightly, "Well, that's it."

"Now you start meditating...remember, relax your body, don't think about anything, do nothing...listen quietly, listen to everything your ears can hear." With the mysterious gray robe After the old man said so, he took a step and left.

What about Li Tian? After hearing the mysterious gray-robed old man say so, he began to sit down.

He then tried to slowly relax his body bit by bit. After slowly letting his body relax, he began to listen to everything around him.

The wind blew across his cheeks, he heard the sound of the wind in nature, from far and near, then gently brushed his cheeks, and then blew into the distance...

Then Li Tian heard the happy cry of the bird, and then heard the invisible sound in the air...

He just sat quietly, relaxed his body, and then listened to everything around him.

At this moment, Li Tian didn't think about anything, did nothing, the only thing he did was to sit there and listen to the whole world with his heart.

Time passed by every minute, and Li Tian just sat there quietly listening to what he heard.

In this sitting, Li Tian sat for a whole day without knowing it.

And that mysterious gray-robed old man? In the middle of this day, he didn't even look at Li Tian.

Finally, when it was getting dark, the mysterious figure of the gray-robed old man finally appeared in the ruins.

Looking at Li Tian quietly sitting on the ground from a distance, the gray-robed old man showed a beam of relief in his eyes, and then slowly walked over.

Li Tian just sat like that, and at this moment a steady footstep could be heard walking towards him.

"You can open your eyes." The mysterious gray-robed old man suddenly said after walking to Li Tian's side.

When Li Tian heard the mysterious gray-robed old man say this, he slowly opened his eyes.

One day of meditation, the moment Li Tian suddenly opened his eyes, he only felt that everything was so beautiful and so bright.

After Li Tian opened his eyes, the mysterious gray-robed old man looked at Li Tian with weird eyes: "What have you heard today?"

After the mysterious gray-robed man asked so, that Li Tian was not only taken aback.

Said: "I heard the fragrance of birds and flowers, and the sound of the wind..."

Li Tian said all that he had heard today.

After he said these words, the mysterious old man suddenly frowned.

"Only these?" The mysterious gray-robed man asked, looking a little unhappy there.

Li Tian felt puzzled, nodded and said: "That's it..."

Mysterious gray robe humane said: "Tomorrow you will continue to sit here... continue to meditate..."

After the mysterious gray-robed man suddenly said such a sentence, Li Tian suddenly wondered.

What's going on? Why do you want to meditate tomorrow? Is this learning kung fu? Still learn to meditate? Something is wrong.

Chapter 1289: Xue Wuhen is back

Xue Wuhen reunited with Duguxie and the ghost servant.

When the Duguxie and the ghost servants searched for Li Tian to no avail, they could only return in vain. They were extremely worried.

But when they saw that Xue Wuhen came back, they finally let go of their hearts.

And when Xue Wuhen said that both Li Tian and him are safe, the brothers finally fell in their hearts.

So Xue Wuhen told them all about their intrusion into the Black Palace and all the incidents of the attack, and also said about the mysterious gray-robed old man helping them.

After hearing these things, the Duguxie, the ghost servant, and the brothers were all stunned.

Unbelievably looking at Xue Wuhen in front of him.

"Wuhen, you said, you were saved by a mysterious gray-robed senior?" The ghost servant on the other side asked Xue Wuhen, who looked in front of him unbelievably.

Xue Wuhen nodded excitedly.

"Yes, at that time, my eldest brother and I were besieged by the palace owner of the black palace and the people of the gate of hell... My eldest brother was seriously injured by the palace owner Tang Ao of the black palace, and I was also injured at this critical juncture. The mysterious gray-robed old man saved my big brother and me."

"To be honest, if it weren't for the mysterious gray-robed senior, I'm afraid the eldest brother and I would be really bad this time." Xue Wuhen said in front of us.

Listening to what Xue Wuhen said in front of him, that Duguxie and the ghost servant in front of him were all stunned for an instant.

Looking at Xue Wuhen in front of him, blinking his eyes, he muttered: "Old man in gray robe"

"Wuhen, what happened later?" The Ghost Servant quickly continued to ask.

I only heard Xue Wuhen say, "After my brother and I were rescued by the mysterious gray-robed senior, that senior used his inner strength to heal my and brother's injuries...Finally, he said something to him alone... ..Because I'm outside, I don't know what the grey-robed senior told the eldest brother."

"But I heard from my eldest brother that the grey-robed senior is an expert in the world... and I heard that he is over 200 years old." Xue Wuhen said with eyes wide open.

"what?"

"Two hundred years old?" When the ghost servants and Du Guxie heard the shocking news, they were completely stunned.

That Duguxie frowned tightly in contemplation.

Muttering in his mouth: Could it really be the legendary old man Wuji?

On the other hand, Tang Xiaolong almost jumped up, and said excitedly: "I'll take it, real or fake? More than two hundred years old? Isn't that an old monster..."

The ghost servants and Opteron over there also changed completely.

Yes, how can they believe that a person can be more than two hundred years old, living in this world?

Just when they were all surprised, but when Xue Wuhen said, "It's true."

"Big Brother told me this personally."

"Moreover, because you haven't seen that mysterious senior... If you have met him, you will definitely feel like this... That old senior is like, like an old god." Xuewu Mark road.

The ghost servant and Duguxie were silent for a while.

Then I saw Duguxie slowly raising his eyes to Xue Wuhen, who was looking in front of him, and said, "Where is the young master now?"

"Big Brother is learning Kung Fu with that mysterious senior." A word came out of Xue Wuhen's mouth.

When he said that Li Tian was learning kungfu with the mysterious gray-robed man, the Duguxie and the ghost servant were speechless.

"Young Master learns kung fu from that mysterious gray-robed man?" Du Guxie frowned and asked.

Xue Wuhen nodded repeatedly and said, "Yes, yes."

"Big Brother asked me to come back early because he was afraid that you were worried about him..." Xue Wuhen said in front of her.

When the Duguxie and the ghost servant heard Xue Wuhen say this, they fell silent.

Tang Xiaolong and Ah Qiu didn't talk too much.

Duguxie and the ghost servant who were silent for a while together thought about it and looked at Xue Wuhen and asked, "Do you know who the grey-robed senior is? Has he mentioned his name? "

After Duguxie asked, Xue Wuhen shook his head slightly.

"That senior doesn't seem to want to mention his name..."

When Xue Wuhen said that, Du Guxie and the ghost servant were depressed.

"That's weird..." I only heard Duguxie whispering secretly there.

The ghost servant on one side looked at the Duguxie at this moment: "Second brother, who do you think the senior gray robe is?"

"Could it be the mysterious old man we have encountered before, who can transmit sound transmission and lose secret skills?" The ghost servant suddenly looked at Duguxiedao.

Duguxie said: "It's probably him."

"It's just that I really don't understand who he is..."

"Except for one person, he can't be the second person."

"Who?"

"It must be the old man Wuji."

"An old man who has been legendary for almost two hundred years." The last Duguxie said there.

After hearing that Duguxie said so decisively, the ghost servant frowned.

"Second brother, do you really believe that the legendary old man Wuji is still alive? Know that his person is just a legend... At least so far, I have not heard of a living person who has ever seen Wuji. Old man." Ghost servant said.

Duguxie thought for a while and said, "Not knowing doesn't mean it doesn't exist."

"If what Wuhen said just now is true, then that mysterious old man must be the legendary old man Wuji... Apart from him, there can be no second person in the world who can live to be more than two hundred years old." Du Guxie Said firmly there.

After he finished saying this sentence, he heard that Duguxie suddenly continued to say: "Ghost, do you remember a sentence that the eldest brother said more than 20 years ago?"

After suddenly hearing the words of Duguxie in front of him, the ghost servant was taken aback and shook his head.

But I heard Duguxie recalled: "I remember that my elder brother said...in his life, the most respected person is the old man Wuji.

After Duguxie said this, the ghost servant suddenly thought of something, and said excitedly: "By the way...I remember it."

"When my eldest brother said this, he was in Fenglin Temple."

"I still remember that it was where the eldest brother asked for a safe sign for his sister-in-law." Ghost servant said with a smile.

That Duguxie nodded slightly.

"Yes."

"So I think the person who saved our young master this time should also be the legendary old man Wuji..." Duguxie said with blinding eyes.

"Second brother, if it is really the legendary old man Wuji... then our young master is lucky."

"Rumors say that the old man Wuji's kung fu has already reached the point where Dugu seeks defeat...If the young master can inspire him this time, he will definitely improve his cultivation." The ghost servant said excitedly.

Chapter 1290: Li Tian is gone

Duguxie smiled slightly. .

This man who rarely laughs is quite happy when he laughs at this moment.

He slowly turned his head and looked at Xue Wuhen in front of him and said, "Wuhen, do you know that Young Master and Senior Gray Robe are there now, right?"

Of course Xue Wuhen knew that he had just returned from Li Tian and the mysterious gray-robed senior, nodded there at the moment, and said, "I know,"

"It's in the ruins across the front a few blocks." Xue Wuhen said.

The Duguxie and the ghost servant glanced at Xue Wuhen and said: "Take us to see the young master, and the senior."

Following Duguxie's words, Na Xue Wuhen was taken aback.

"Big Brother Ghost, are we going to find Big Brother and that mysterious senior?" Xue Wuhen asked, blinking at the ghost servant over there.

But the ghost servant smiled and said: "Of course..."

"You probably don't know the origin of that predecessor... I tell you, if that predecessor is really the legendary Wuji old man, it would be a blessing for Sansheng to see him." Ghost servant said with a smile.

Xue Wuhen became excited when he heard the ghost servant say this.

"it is good."

"Then I will take you to find Big Brother and the mysterious senior."

After Xue Wuhen said so, so Duguxie, the ghost servant and the brothers all hope to see Li Tian as soon as possible, and hope to meet the legendary mysterious senior.

Although most of Duguxie and the current ghost servants thought that the mysterious gray-robed old man was probably the legendary Wuji old man, they did not have enough evidence to prove it, and now they are just speculation.

So only after they met the mysterious gray-robed senior, maybe they would know the result.

So the brothers followed Xue Wuhen to the place where Li Tian and the mysterious old man stayed.

On the way, but seeing that Tang Xiaolong who was walking behind kept asking curiously: "Master, Master... is that senior in gray robe really as powerful as the legend?"

"Really an expert outside the world?"

The ghost servant smiled and said to Tang Xiaolong: "More than..."

"Let me tell you, the old man Wuji is a happy old man who has been passed down for nearly two hundred years... His deeds have long been mythological... No one knows how old the old man Wuji

is now, let alone how powerful he is. ... The only thing I know is that the old man Wuji belongs to the kind of person who sees the head of the dragon without seeing the end."

Hearing what his master said, Tang Xiaolong's eyes showed excitement, as if he couldn't wait to immediately grow a pair of wings and fly over to take a look at the mysterious senior.

At this moment, Tang Xiaolong was not alone in excitement, besides him, the ghost servant and A Qiu were excited in their hearts.

They all hope to meet the legendary mysterious senior.

Xue Wuhen in front led the way and walked forward. After walking along the empty street in front, Xue Wuhen pointed to a deserted street not far away and said, "It's there."

Duguxie and the ghost servant glanced at the front place and said, "It's coming soon."

"Go, let's go to the young master."

Following Duguxie's words, Xue Wuhen in front of him led the brothers behind him and quickly walked towards the place in front.

This place is indeed where Li Tian and the mysterious gray-robed senior stayed.

But at the moment it seemed very silent.

After Na Xue Wuhen arrived here with his brothers, I saw Duguxie and the ghost servants looking at the empty icy building and the dead ruins around them, staring at Na Xue Wuhen and saying: "Wuhen, what about Young Master and the gray-robed senior? Why don't you see the figure?"

What about Xue Wuhen? I am also completely puzzled.

He stared at the surroundings with wide eyes, and then quickly walked a few steps forward along the ruins and looked again.

"Hey, where's the eldest brother? What about the grey-robed senior... how about them? Why are there no figures?" Xue Wuhen said in surprise.

It turned out that this place turned out to be empty, and there was no one.

That Duguxie and the brothers around him looked at Xue Wuhen in front of him with wonder.

Just listen to the ghost servant said: "Wuhen, are you sure Young Master and that mysterious senior are here? Did you remember it wrong?"

Hearing what the ghost servant said, Xue Wuhen hurriedly shook his head.

"Big Brother Ghost, I am absolutely correct, 100% here."

"Yesterday, I broke up with my eldest brother and them..." Xue Wuhen said, pointing to the empty place not far in front.

Listening to Xue Wuhen's words so firmly, Duguxie and the brothers were depressed.

Surrounded by icy ruined buildings, there was nothing but a ruin.

Not to mention seeing people! !

What's going on? Obviously, Li Tian and Senior Gray Robe are indeed here, but suddenly they are gone? Did something happen?

Everyone of the brothers in this society has a slightly disturbed look on their faces.

"Second brother, what should I do? The young master is gone!"

"That mysterious senior is gone..." The ghost servant in front of him looked at Duguxie and said worriedly.

Duguxie did not speak, and his cold eyes stared at the surrounding environment tightly. Then he stepped forward step by step. When he reached the ruined building in front of him, his steps suddenly stopped slightly. I came down, as if I felt something.

After he stopped for an instant, his brows frowned slightly, and then he slowly closed his eyes and felt...feeling...

After closing his eyes for about ten seconds, he opened his eyes suddenly.

"Wuhen is right... Young Master and that mysterious senior have indeed been here." Duguxie said suddenly.

Tang Xiaolong over there heard Duguxie say, he was taken aback, blinked and asked, "Senior Dugu, how do you know?"

"Feeling." The cold words came out of Du Guxie's mouth.

"I can feel the powerful breath remaining in the air. The power of this breath is far beyond what you can think of... So if I guess right, this place should be the former mysterious predecessor. The place where he is standing." Du Guxie said, pointing at the place where he was standing in front of him.

Listening to Duguxie's words, none of the brothers doubted his words.

Xue Wuhen was also looking for it with a depressed face, and at the same time shouted: Big Brother, Big Brother...

But there are indeed no traces of Li Tian and the mysterious predecessor among the empty ruins...The two seem to have disappeared out of thin air.

Where did Li Tian and the mysterious senior go there? No one knows at the moment.
