

A Killer 129

Chapter 129: caught

Now Feifei suddenly realized that there were so many sad things in Xia Xue's body.

Looking at Xia Xue over there, Feifei no longer thinks that she is a vixen anymore, but feels that she is a very poor woman, working so hard in a place like Kyoto city, where she is unfamiliar, relying on her hard work. Efforts to open a small restaurant.

"Actually, you are actually very beautiful."

"If you find a man is very simple, you don't need to work so hard, a beautiful woman like you, I don't know how many people dream of it." Feifei told the truth.

Xia Xue smiled bitterly: "I am already disappointed with men. If I can, I would rather live this way for a lifetime."

"Isn't that lonely?" Feifei said in surprise.

Xia Xue shook her head: "I'm used to it, you know, I have been in Kyoto for five years, isn't it okay now?"

Looking at Xia Xue in front of her, Feifei only felt that she was so strong.

"Do you like Li Tian very much?" Xia Xue asked, suddenly raising her beautiful eyes and looking at Feifei.

Feifei blushed instantly when she heard Xia Xue say this.

"I don't like that little bastard!"

Xia Xue smiled: "Really? But I think you like him."

Feifei did not refute, and her face became pretty red.

"Is it because of your family background?" Xia Xue asked again.

There is no doubt that Xia Xue is a smart woman with ice and snow. She can feel that Feifei is a daughter, and what about Li Tian? Just a poor man who just arrived in Kyoto.

For love like this, Xia Xue certainly understands the problem.

Feifei blinked her beautiful eyes and slowly said, "Actually, that guy worked as a security guard at my dad's company before he came here some time ago. Later, later..."

"Later, just because I often played with him, my dad fired him for the sake of face, and then he angrily left my dad's company..."

When Feifei said this, Xia Xue in front of her suddenly understood what was going on.

It turned out as she had guessed, because of family background.

Xia Xue sighed softly and said nothing.

And Feifei? He also sat there in a daze, holding his cheek with his thin hands, blinking and looking at the distance, not knowing what he was looking at.

Xia Xue over there drank herself, and she quickly drank a bottle of beer by herself.

After drinking, he then stood up and walked towards the freezer, ready to take the second bottle.

Just a few steps out, before I got to the side of the freezer, I suddenly heard the hiss of a car stopping outside.

For a moment, Xia Xue raised her beautiful eyes and looked outside the small restaurant, thinking: Is there anyone else coming to eat at this time?

Xia Xue was looking outside in surprise, and suddenly saw the figures of a few men walking in quickly towards the small restaurant.

The headed man in a black suit, with evil eyes and a hooked nose, sneered there, looking at Xia Xue who was standing there, and the other Tang Feifei in the room.

Then I saw a bloated and fat man coming in from behind.

Fat guy.

Bad comer! This was Xia Xue's first feeling, especially when she saw the fat guy who had been unruly towards herself, she felt a little bit inside.

"What are you doing?" Xia Xue asked timidly.

After all, she and Feifei are the two girls in this small restaurant at night.

And the men who came in could feel that they weren't a good thing from their appearance alone.

Feifei over there also turned her head in surprise at this moment, looking at the men who walked in here, frowned slightly, and couldn't help but be surprised. What are these people doing?

The eagle-hook nose man over there did not answer Xia Xue's words, but turned his head and looked at the fat man: "Is that her?"

While talking, she pointed her finger at Xia Xue over there.

The fat man looked at Xia Xue and smiled evilly, then nodded.

"Do it."

A word came out coldly from the mouth of the nose.

After speaking, the three men in black suits standing behind him suddenly strode towards Xia Xue.

When Xia Xue saw that the scene was not right, she immediately paled with fright. She stepped back and cried out in shock, "You guys, what are you doing?"

The three people who strode over were silent like quick stones, and walked towards Xia Xue blankly.

Xia Xue yelled in surprise, grabbing things around her to block her.

"What are you doing? Help, help..."

The voice shouted from her mouth was so helpless.

But the three men who came over didn't feel any pity for Xiangyu Yu. They grabbed Xia Xue's arm, and then violently tugged. When Xia Xue's arm hurt and wanted to shout, one of them suddenly

Raising his hand and banging it on the back of Xia Xue's head, Xia Xue's eyes went dark and her body softened.

One of the men bent down to carry Xia Xue and walked outside.

All that happened was seen in Tang Feifei's eyes, and she was stunned.

"You...you..."

"What are you doing?"

"Help, help..."

Feifei couldn't help yelling when she suddenly saw that Xia Xue was taken away.

She was fine if she didn't call, but after that call, she immediately attracted the attention of the fat guy and the man with hook nose.

They saw Tang Feifei, whose face was pale in fright.

"Who is that chick?" The man with the hook nose suddenly stared at Tang Feifei and asked.

The fat guy looked at Feifei, especially when he saw Feifei's delicate face and two slender legs, an evil thought came into being.

"It looks like that girl's accomplice, right?"

"Catch it or not?" The man with the hook nose asked in a deep voice.

"Catch it up, it's better not to let her sprawl."

The fat man said with a smirk.

After speaking, the eagle hooked nose then strode towards Tang Feifei.

Tang Feifei was stunned when he heard that the people over there were about to come over and grab her, and she quickly backed away.

"You rascals, what are you doing...?"

Feifei, who quickly retreated to the corner, had nowhere to escape.

The eagle-nosed man was almost by Feifei's side at this moment, and suddenly stretched out his hand to grab Feifei.

Feifei yelled "Help," and then she drew to the side, while the other hand turned the table over to Xuan to block the man with hook nose.

The eagle-nosed man sneered, kicked the table that had fallen on the ground with a bang, hit the wall with a click, and smashed to pieces.

Then a hand grabbed Feifei's arm, and Feifei yelled, but before the voice could be heard, the man with the hooked nose started.

After hitting Feifei's head, Feifei, like Xia Xue, had a black eye and passed out.

Two weak women were caught just like this.
