

## A Killer 1311

Chapter 1311: Terrible person

As Long Yin suddenly screamed like this, his five fingers suddenly opened strangely...Then the five fingers suddenly sucked towards the red-haired \*\*\*\* pupil whose muscles and veins had been broken on the ground...

The terrifying energy directly sucked the red-haired and blood-pushed body lying on the ground and flew towards him.

A strange blue faintly appeared in the palm of his five fingers. When the blue magic arts sucked the red-haired blood pupil, his five fingers suddenly grabbed the red-haired blood pupil's head.

"Magic Absorption."

A loud roar that shook the world, but seeing Long Yin's five fingers clutching the head of the red-haired blood pupil, the screams that could not be restrained from the red-headed blood pupil's mouth, at the same time the true energy in the body began to leak... ...All was absorbed into his body by one of Long Yin's hands.

At the same time, seeing that red-haired and \*\*\*\* pupil began to tremble and shrink... it was as if the whole body was choking. Suddenly his burly body became smaller... constantly getting smaller... and finally it looked like a shriveled one. Torso.

The red hair and blood pupil was instantly turned into a shriveled body by Long Yin! ! !

And what about Long Yin? He smiled contentedly after washing the whole body with \*\*\*\* eyes in front of him.

White gas from all over his body came out of his head... His face became rosy and shiny... It was as comfortable as if he had just enjoyed a big meal.

The red-haired blood pupil was bleeding from the seven orifices and turned into a shriveled corpse.

One of the three death guardians of the famous Hell Gate had the red hair and blood pupils, and in a blink of an eye, Long Yin sucked away his life's skills.

Mr. Black in front of you? And the ghost servants and brothers over there? All stayed.

All stunned.

"Magic Absorption..."

"You can actually use...Magic Absorption Dafa?" Mr. Hei's pupils almost opened and said, looking at Long Yin unbelievably.

Then he endured the pain and glanced at the corpse with red eyes, and suddenly, he realized it.

He looked at Long Yin, raised a finger to him and said, "It turns out... So... the Poison Emperor died in your hands?"

"So you actually sucked all the energy of the Poison Emperor..." Mr. Black in front of him finally understood the truth and said in a daze.

Listening to Mr. Hei in front of him, that Long Yin suddenly laughed wildly.

"Old thing, you are still smart."

"Yes, the poison emperor was indeed killed by my Long Mou." Long Yin said domineeringly at the moment.

When he heard that the Poison Emperor was actually killed by Long Yin in front of him, not only was Mr. Black in front of him shocked, even the ghost servants over there and the white dragon were completely shocked.

It turned out that Long Yin had killed the Poison Emperor, and it was said that he had absorbed the Poison Emperor's lifelong skills!

At the moment, Long Yin stood there and sneered and said, "Huh, so what?"

"Tell you, do you think the Poison Emperor really listens to your \*\*\*\* gate sect master? Let me tell you the truth. I have been hiding in the Dark City during this time, and the Poison Emperor is covering me... hehe, So I was not found by you, the Poison Emperor would not cooperate with you \*\*\*\* gate long ago..."

Listening to Long Yin saying this, Mr. Hei suddenly sighed in despair.

"Then why do you want to kill the poison emperor?" Mr. Hei asked at last.

Long Yin's face showed a cold killing intent and said, "He deserves to die."

"This \*\*\*\* actually thought that I, Long Yin, took refuge in him, so I was bullying... He took the Heavenly Book Pill Scroll that I had worked so hard to \*\*\*\* for himself... and threatened me? You said, can Long Yin not kill him? "He said viciously.

Hearing what Long Yin said in front of him, Mr. Hei didn't ask any more.

His injury did not allow him to speak any more. At this moment, he even had difficulty breathing. He was still coughing continuously, and a mouth of scarlet blood coughed out of his mouth.

Suddenly, Long Yin glanced at Mr. Hei in front of him: "Mr. Hei Da...It seems that you are about to die." Long Yin suddenly smiled and said.

Mr. Hei blinked his desperate eyes twice and looked at Long Yin and said, "How about... you want to...?"

"I don't want to be so..."

"I just think your old man's skills are not bad... It's a pity to die like this, and to go to hell... So, I, Long Yin, want to use your life's skills."

When Long Yin said this, he was already walking towards Mr. Black in front of him.

Of course Mr. Hei knew that this vicious Long Yin was going to come over and use the magic absorption technique to \*\*\*\* away his lifelong skills. At this moment, he was dying, and roared there, "Don't think about it..."

As he roared, he was ready to use all the strength of his body to break his veins, as if he would not \*\*\*\* away his life skills by the dragon in front of him even if he died.

But just when he was about to break his veins, how could Long Yin in front of him give him a chance.

"Old stuff, want to die? Is it that easy?"

With Long Yin's roar, he suddenly grabbed one of Mr. Hei's arm with one hand, and then twisted it hard, only to hear a click, Mr. Hei's mouth made a scream of sobbing... the whole arm He was instantly broken by Long Yin.

At the same moment, he saw that Long Yin's other hand suddenly grabbed the struggling head of Mr. Hei... Then he used the magical magic technique, and the strong magic power gave all the power of Mr. Hei's life in an instant. Sucked away.

At the same time, Mr. Hei's whole body became shriveled and wretched... The whole body was also alive to be drawn into a virtual shell by Long Yin.

died.

Mr. Hei died when Long Yin finally sucked his last breath.

The two major guardians of the death of the \*\*\*\* gate finally died in Long Yin's hands, and he was also sucked away by his life skills.

The current Long Yin has completely changed.

His whole body's hostility multiplied, and this terrible feeling of killing was unprecedented for the brothers in front of him, including the ghost servants.

But seeing that Long Yin had sucked up Mr. Hei's life skills, his hands slowly dropped, and the steaming white Qi was spreading along his whole body... He breathed out gently, even in his mouth. What came out was mighty energy.

"Comfortable." He muttered there.

And the ghost servants here were in a state of complete stunned Tang Xiaolong and others.

They don't know that there is another Kung Fu in the world called: Absorbing Magic Dafa.

And now, seeing the murderous Mr. Black and the red-haired and \*\*\*\* pupils, their bodies turned into a shriveled shell in a blink of an eye, they were speechless.

At this moment, he was shocked looking at Long Yin in front of him.

But after seeing that Long Yin, after sucking up Mr. Black's strength and red-haired blood pupils, he suddenly sneered and turned his weird face away, with a fearful feeling of death all over his body, looking in front of him The ghost servants and brothers.

Chapter 1312: war

A cruel smile appeared at the corner of his mouth and glanced at the brothers in front of him. .

"It's finished...it's your turn."

As he said these words, his whole body was full of hostility, and the ghost servants and Tang Xiaolong and others were looking at him with terrifying eyes.

But seeing that the seriously injured Tang Xiaolong and Ah Qiu couldn't help taking a step back at this moment, because each of them felt the terrifying and stern aura of Long Yin in front of him.

"Wuhen, protect Xiaolong and Aqiu...you leave here first."

The ghost servant had already strongly felt the meaning of death in the Xue Wuhen and Tang Xiaolong who were facing him.

He knew that Long Yin's strength was no longer what it used to be, and his visually terrifying state was already unmatched, so he only wanted Tang Xiaolong, Na Aqiu and Xue Wuhen to escape.

And here, he also tried his best to tie the current Long Yin with the Opteron in front of him and himself.

After he said so, Xue Wuhen was taken aback for a while.

"Big Brother Ghost...I will stay and help you." Xue Wuhen said before seeing the situation clearly.

But what about the ghost servant? After hearing Xue Wuhen say this, he did roar: "Don't talk nonsense, listen to me, and quickly take them away."

Xue Wuhen realized the seriousness of the matter when he heard the ghost servant roar.

"Want to go? Is it that easy?" Suddenly Long Yin sneered, the cruel feeling that appeared at the corner of his mouth as if he was going to slaughter the audience.

His whole body has begun to be filled with extremely powerful dark killing intent, and everyone present can feel it.

This former guy has become so scary now, it is really scary.

At this moment, the ghost servant had already stood in front of the front, resisting Long Yin in front of him, and the Opteron over there suddenly stepped forward at this moment.

"Ghost servant... just because you want to stop me?" Long Yin looked at the ghost servant wearing a grimace mask in front of him and suddenly said with a sneer, his words full of disdain.

As that Long Yin said so rampantly, the Opteron in front of him suddenly snorted coldly, "There is also me,"

The Opteron shirtless with two muscular undulating arms was indeed a hunk, and when he stood up at the moment, he was like a predator.

When Long Yin glanced at Opteron, he was not only taken aback.

"It's you,"

"Are you the soldier?" Long Yin suddenly recalled the white dragon in front of him and said.

"So you are not dead yet, so fate..."

Opteron clenched his fists tightly, his eyes showed hatred and said, "You bastard, you dared to hijack our commander-in-chief that day, and I must kill you by myself today."

"Haha."

"Just because you two want to kill me?" Long Yin laughed there with a crazy feeling.

"Oh, by the way, where's the kid surnamed Li? What about him? Why didn't you see him?" Suddenly, Long Yin glanced at the audience coldly and said.

The person he was talking about was naturally that Li Tian.

After he asked, the ghost servant said coldly: "You \*\*\*\* will die in our young master's hands sooner or later."

Long Yin laughed presumptuously.

"Then let him come... let him kill me? How come it looks like a tortoise with a shrunken head now." Long Yin said with a wild laugh.

"Don't insult our young master."

Seeing that Long Yin insulted Li Tian like this, of course the ghost servant was not happy.

Even though the body flew up, the ghost shadow lost the footwork immediately, and then the whole person whirled towards the dragon in front of him and attacked.

The ghost servant of this meeting has used his whole body ability, because he knows that the person facing at this moment is a terrifying person, so he dare not care at all.

As his body style rushed towards Long Yin in front of him, a scornful smile appeared at the corner of Long Yin's mouth.

"Things that do not live or die... Since you want to die today, then I will do it for you."

With a roar of Long Yin, his five fingers suddenly opened, and a light blue light from the palm of his hand suddenly hit the ghost servant figure in front of him.

That terrifying power reached a terrifying level.

Imagine that Long Yin's own strength is very powerful. At this moment, he has absorbed that Poison Emperor, Mr. Hei, and the internal strength of the red-haired blood pupils, and Tang Ao. How abnormal is his skill now?

When this overbearing energy hit the ghost servant in front of him, the ghost servant suddenly felt something was wrong.

Then the ghostly fan traced footwork hurriedly displayed, only to escape the fatal blow.

When the ghost servant exhausted all his strength to hide from Long Yin's domineering move, the ghost servant suddenly felt that the end was going to be bad.

Because they seem to be unable to escape this disaster today.

Just as he was thinking of a bad situation in his heart, Long Yin once again rushed towards the ghost servant in front of him.

Strong skill, every move and every style is extremely dangerous,

Acts arrogantly and violently.

Facing the dragon Yin in front of him, the ghost servant could only evade... After he had no way to absorb a few masters, Long Yin had completely become a perverted character.

From here, seeing the ghost servant being forced by the dragon Yin, finally the white dragon moved, and his burly figure suddenly joined the battle.

The tightly clenched fist smashed towards that Long Yin with a thump.

But seeing that Long Yin could not help showing a sneer at the corner of his mouth when he saw that the white dragon was also attacking him.

"Hmph, today I will let all of you die here." Long Yin, who roared wildly, not only didn't retreat, but suddenly turned and attacked directly towards the white dragon.

A palm hit the fist of the white dragon.

Head-to-head.

Opteron was originally a violent fist, and few people dared to touch him with his fists.

But this will only see Long Yin in front of him, but he is not moved at all, and he is actually ready to face him.

The Opteron was not weak either, and accumulated strength to attack head-on.

The two powerful forces suddenly collided... but after hearing a loud bang, the two figures flew away.

The tall and burly body of the Opteron suddenly ejected back, and then retreated four or five big steps before holding it...At the same time, the bronze-colored face became as pale as white paper at this moment. Ugly,

And what about Long Yin? His body fell to the ground lightly, his complexion rosy and shiny.

Obviously, Opteron was not Long Yin's opponent either.

At that moment, Long Yin took a cold look at Gao Long and said, "Yes, I didn't expect you to be a soldier with such a strong skill."

"Take me another palm and try." As Long Yin said, he suddenly crossed his hands, the strange palm strength poured into the palm of his hands from his two arms, and then he slapped the white dragon with a head facing him.

This palm is even more powerful than the one just now, and the whistling breath coming from the air can be felt.

Chapter 1313: Duguxie

What about the fierce Opteron?

He has never conceded defeat on the battlefield, and this time he is no longer weak.

He clenched his fist tightly and roared, his body attacked towards that Long Yin like a crazy dragon.

Although Opteron was man and iron-blooded, he was not that Long Yin's opponent after all.

Because the current degree of Long Yin's body abnormality has exceeded the scope of imagination.

Isn't this? As the two powerful forces collided, there was a bang, and the huge body of the Opteron was shocked to fly...

His tall and mighty body was shocked by Long Yin's domineering palm and flew back. Then there was the muffled sound of Opteron in the air, and his tall body fell heavily like a cannonball. On the ground.

Opteron is defeated!

When Opteron fell to the ground, he smashed a huge crack into the entire icy ground.

The corner of his mouth was stained with blood, and the blood rolled in his chest, as if he was about to spurt blood at any time.

Fortunately, Opteron's profound skill, coupled with his strong physique, would otherwise be shaken by Long Yin's violent palm, I am afraid that even if he did not die, his veins would be broken.

The ghost servant could only rush up after seeing the overthrow of the white dragon, but the dark shadow that saw him hit the dragon Yin like a ghost in the sky.

But seeing Long Yin's palms change in the air, every move was filled with palm strength, hitting the ghost servant's figure.

The ghost servant struggled with Long Yin with his flexible ghost shadows, and while fighting, said to this side: "You guys go quickly...get out of here."

When Long Yin heard that these people were going to leave, he suddenly roared: "Want to leave? I will let you all die here today."

With a roar, his figure exploded and flew, and then quickly attacked the dark shadow ghost servant.

The ghost servant saw Long Yin hitting himself, and his body dodged, avoiding one move, but the second move of Long Yin hit his body again.

Although the ghost servant is fast, but that Long Yin's palm strength forced him to fight for it, so the ghost servant who had no choice had no choice but to bite the bullet and accept this move, and the air and the dragon Yin quickly and absolutely fight 5 trick.

But despite the ghost servant's ability to avoid the attack of this Long Yin with a ghostly shadow, it is obvious that he is not Long Yin's opponent.

In the sky, I saw Long Yin's body attacking the ghost servant like a tornado.

The ghost servant was shocked and wanted to dodge, but unfortunately it was too late.

That Long Yin's whirling body suddenly volleyed and kicked the ghost servant's abdomen...Then he held three legs, bang, bang, and all the kicks hit his body.

Accompanied by a scream of pain, the ghost servant's body fell straight from the air.

It fell to the ground with a bang, his mouth was full of blood.

"Master..."

"Big Brother Ghost."

When Tang Xiaolong and Xue Wuhen, who had not left yet, saw the ghost servant being seriously injured like this, the whole people screamed and ran over at the same time.

The ghost servant squirted blood out of his mouth, and fell to the ground convulsively.

Tang Xiaolong and Xue Wuhen who ran over quickly helped the ghost servant up.

"Master... Master... how are you?"

"Big Brother Ghost." Tang Xiaolong and Xue Wuhen asked with concern at the same time.

But seeing the ghost servant forcibly resisting the injury in his heart, Tang Xiaolong who suddenly pushed aside in front of him still had Xue Wuhen.

"You... go... why are you staying here..." the ghost servant roared.

Originally, he wanted to rely on his own strength to stop Long Yin in front of him, so that the brothers could escape, but how could Tang Xiaolong and Xue Wuhen go? How could they watch their master die here?

"We won't go!"

"Master, I'm going to fight that bastard." Tang Xiaolong roared.

He endured the serious injury and wanted to rush over.

"Xiaolong, you are back... you are not his opponent at all." The ghost servant wanted to stop Tang Xiaolong, but unfortunately it was too late. When Tang Xiaolong saw his master being beaten like that, he did it. Take care of your own safety.

He clenched his angry fist tightly, and rushed towards Long Yin like crazy.

When Na Long Yin saw Tang Xiaolong, who was reluctant to live and die, pounced towards him, the corner of his mouth suddenly smiled grimly: "Looking for death."

When the words fell, he attacked Tang Xiaolong with a palm of his hand. Before Tang Xiaolong's fist reached that Long Yin's side, he was shocked by Gang Lie's palm strength and flew back... and followed by a miserable sound. Phew, he fell to the ground in an instant, and then he snorted like death, and never moved again.

"Xiaolong..." A Qiu ran towards Tang Xiaolong like crazy.

But Tang Xiaolong's face was as gray as death, and his body did not move at all. Facing the cry of Aqiu, Tang Xiaolong looked like a dead person.

But Long Yin, who saw this meeting, looked at all the seriously injured brothers and sneered there and said: "Okay, it's time for you all to go to hell...I don't want to waste any more time." He said in a gloomy voice. After he came out, he was really ready to kill his brothers.

The ghost servants and Opteron had already become severely wounded... and Na Qiu and Xue Wuhen weren't the opponents of Long Yin at all.

It seems that my brothers are really bad today... I am afraid they will all die.

Just as Long Yin was about to start his hand, suddenly a domineering sword light rushed towards him.

That huge sword aura carried a feeling of ruining the world.

The vigorous one cut towards Long Yin as if to tear open the world.

When Long Yin felt this terrifying sword move, he was a little bit afraid to take it carelessly, and he retreated suddenly...The fast figure swept back with a sudden turn.

With a boom, Jianguang cut down.

The entire ground was cut by this domineering sword power, and a deep crack appeared.

When Long Yin dodges the fierce sword move in the past, his eyes slowly lifted, and then he saw someone.

A man with black pupils.

He held a sword in his hand, a hissing bronze sword.

He, Duguxie.

And it is the Duguxie after being enchanted.

It is said that the Duguxie's skill will explode several times after being enchanted. It seems that there is nothing wrong. The Duguxie in front of him is already completely enchanted. He has no sight in his eye pupils, nothing is left, empty, there is It's just the darkness of an endless abyss, terrifying and scary.

The bronze sword in his hand seemed to have become extremely ferocious, hissing there.

It turned out that Duguxie made the shot at this time.

Duguxie, who had been in the demon just now, was motionless like a stone, and that Long Yin did not care about Duguxie, but now, when Duguxie used the devil to destroy the world, Long Yin kept the cold. His gaze was fixed on Duguxie who was in front of him.

Chapter 1314: Magic war

"Oh, it turned out to be you! The evil sword Duguxie." Long Yin suddenly looked at that Duguxie with a sneer.

But seeing that the Duguxie who had entered the demon at this moment didn't say a word, those black abyss-like demon eyes stared at Long Yin in front of him without blinking.

Long Yin could see that the Duguxie in front of him was a little different, not only frowned slightly.

My heart secretly lined up: What happened to this Duguxie? Why is there such a horrible atmosphere all over?

How could his pupils turn black? He seems to be no longer human.

"Duguxie..." Long Yin suddenly shouted in front of him.

But Duguxie didn't seem to hear it, and still stood motionless in front of him.

At this time, not only Na Long Yin felt curious, but even the ghost servants and brothers behind him were completely taken aback.

All of them knew in their hearts that the Duguxie after being enchanted, but the six relatives did not recognize it, only knew about killing.

As long as his pupils see people, there is only a dead end.

And Duguxie will not stop...As long as he still has the strength and the sword, he will kill, and will continue to kill until he can't kill him.

And at this moment, Duguxie had already become this appearance.

Just when Long Yin felt curious in his heart, the bronze sword in Duguxie's hand suddenly attacked him again.

When Duguxie, who was full of demonic energy, used his supreme sword art, he was really different from the previous one. One was a demon and the other was a human. Of course, it couldn't be compared.

The terrifying sword tactics stab towards Long Yin in front of him.

Duguxie's skill has increased several times after being enchanted, but what about Long Yin, don't forget that he has absorbed the internal energy of several masters.

When he saw Duguxie stabbing with a sword, Long Yin slapped his backhand, making a claw move with his left hand, and grabbed Duguxie from a strange angle.

Duguxie's sharp bronze sword shook out a few sword flowers in the air, which was broken into pieces by that Long Yin with a split palm, and then the "ghost claw" sternly grabbed Duguxie's shoulder.

But seeing the bronze sword in Duguxie's hand suddenly swung the sword to slash, Long Yin's claw move was forced to retreat.

Then Duguxie's bronze sword in the air attacked a few more moves, which could not leave the vital points of Long Yin,

Such a weird sword technique, if it pierced that Long Yin's body, he would not be able to stab Long Yin alive.

But seeing that Long Yin didn't dare to be careless at this meeting, he accumulated energy to fight Duguxie.

One person uses palm skills, while another uses sword moves,

One is the lifelong skill of a few masters, and the other is a killer who has increased his magic skill.

The match between the two is undoubtedly wonderful.

Only their flying silhouettes can be seen in the sky, as well as the invisible and domineering sword energy.

That Long Yin was also the first Duguxie after seeing a demon. He didn't expect that Duguxie was so powerful after being in a demon, and he was furious at the moment.

Suddenly a blue flame flashed in the palm of his hand. The blue flame seemed to be more vigorous than before... It turned out that after this Long Yin had absorbed the inner strength of those masterpieces, he was now in his body. The power of has become weird and complicated, so even the energy accumulated in the palm of the hand will turn into a weird blue.

But don't underestimate the power of this blue flame. After the power of this blue flame was accumulated in his palm, Duguxie also flew over with his sword, and the pungent sword swished out in the air. Sword Flower, and then the domineering sword aura is approaching Long Yin in front of him,

Long Yin let out a furious rage, and the sound flew up. The domineering energy in his hands then surged out, colliding with Duguxie's sword energy violently...

But hearing a loud bang, the invisible sword aura seemed to tear the entire space, but in the vertical and horizontal sword aura, there was the fierce strength of Long Yin.

His vigor seemed to be more solemn than Duguxie's devilish energy.

Then I saw the two flying by from left to right.

In the face-to-face collision, the two had exhausted all their skills.

At this time, the bronze sword in the hand of Duguxie who flew back was trembling slightly... Carefully, there was a slight blood flow in his arm.

And what about Long Yin?

Although he was not injured, the lapels of his clothes were cut through by Duguxie's domineering sword aura.

Looking at the slit in the clothes, the fiery murderous intent in Long Yin's eyes became even more intense.

When the ghost servants over there and Tang Xiaolong saw this peerless battle, they were completely stunned.

They didn't expect that even Duguxie after being enchanted would hardly be that Long Yin's opponent, my God? How abnormal is that Long Yin's current strength!

Yes, Long Yin's current strength has indeed reached an incredible level.

Poison Emperor, Tang Ao, Scarlet Eyes, and Mr. Hei...Which one of these four is not a peerless master? Which one is not the hero of the first generation? However, the four people's life skills were all sucked away by Long Yin in front of him, and he was inside his body. Try to think about it, then how powerful is Long Yin now? Don't think about it, you must know it too.

"Duguxie, I want you to die." Suddenly, Long Yin seemed to be angry.

He roared there.

Just as he roared, his hands were wrapped around his chest, and then his two hands and five fingers spread out to slowly accumulate the energy of the whole body in a circular arc, following his two hands. With rapid movement, the circle in the heart of both hands is getting bigger and bigger, and the energy is getting stronger.

Slowly, a huge transparent qigong ball came out of his palm.

Then Long Yin's hands suddenly pushed forward...The huge circular energy suddenly rolled towards Duguxie like a huge wave.

Where does the enchanted Duguxie know to dodge?

He had already lost his reason now, those black abyss-like eyes were full of endless killings at this moment, so he didn't even have to evade, waved the bronze sword in his hand and slashed towards the giant ball.

But can Duguxie slash that energetic ball?

But when he saw his great sword slash down, the giant ball suddenly became bigger and bigger, his invisible sword energy suddenly seemed to be swallowed by the whole, and then the mighty energy. The ball hit his body directly.

With a bang, the ball of vigor hit Duguxie's body...Duguxie was knocked back to the sky...you could hear the muffled sound of his mouth in the air.

Then I saw Duguxie's enchanted body suddenly fell to the ground...The bronze sword in his hand also broke away from his palm, and fell to the ground with a scream.

Chapter 1315: The defeat of Duguxie

Duguxie was defeated!

Duguxie, who has increased his power by several times, can hardly be that Long Yin's opponent!

Gosh? How perverted this dragon should be,

But seeing Duguxie falling to the ground, the seriously injured ghost servant, Tang Xiaolong and others were all startled.

This is the first time that they have never seen Duguxie being defeated! Really the first time.

When will the former Duguxie lose?

But he did not expect to lose today.

But after seeing that Duguxie defeated Long Yin, with a cold smile at the corner of his mouth, looking at that Duguxie, his hostility surged.

And what about Duguxie? But he said he was knocked to the ground, bleeding from the corner of his mouth, but his eyes were even darker.

The body jumped straight from the ground.

Those black eyes that looked like an abyss were even more frightened and scarier.

Suddenly his left hand stretched forward, and an invisible force directly sucked the bronze sword that had just been dropped on the ground, and the bronze sword instantly fell from the ground into Duguxie's hands again.

At this moment, the enchanted Duguxie has no idea about the pain of his body. All he sees in his black enchanted eyes is killing, \*\*\*\*\* killing, so he doesn't care about his physical injury at all, he just jumped up. In an instant, he picked up the bronze sword on the ground, roared in his mouth, and he was full of devilish energy again and rushed towards Long Yin in front of him.

When Long Yin saw the black Duguxie with his entire eyes, he got up again after being injured, and when he threw back again without any fear, not only his brows wrinkled slightly.

"What's wrong with this guy?"

"Why do those eyes seem to be completely non-human? Long Yin said inwardly.

Although he thought so in his heart, the tricks in his hand did not stop at all, and he swiftly attacked the Duguxie in front of him.

Duguxie's sword moves are even more pungent and vicious, and every move is a move that seems to die with others. He does not avoid the vast palm of Long Yin at all, but the bronze sword in his hand is still pungent.

He doesn't seem to care about his body, he doesn't care about everything... All he cares about is slaughtering Long Yin.

Seeing that every move and every move of this Duguxie was a move desperately against him, Long Yin felt more and more puzzled.

Originally, Long Yin Kung Fu was extremely abnormal, but he couldn't bother with Duguxie, because even if he hit Duguxie, Duguxie didn't care, he still used the sword to stab Long Yin in front of him.

This made Long Yin depressed, as if the Duguxie in front of him was completely crazy.

How can anyone fight like this? All moves are horrible moves?

Isn't this? Although Long Yin was forced to retreat slightly by Du Guxie's desperate moves, he had absorbed the inner strength of several masters, and at this moment, he could be said to have reached the point where he could stand alone in the world.

Long Yin roared wildly, and his body suddenly rose.

And the enchanted Duguxie was indeed chasing after him, as if there was only the figure of Long Yin in his eyes.

"No...Second brother is going to get hurt." When I saw Duguxie rushing to the sky to catch up with Long Yin, the ghost servant below cried out in shock.

Yes, this trick that Long Yin used to lure the enemy.

But where would the enchanted Duguxie know? His head has been controlled by the demon. At this moment, there is only fighting in his pupils, only blood... He ignores the danger of this trick.

Seeing Duguxie soaring into the sky, and when the bronze sword in his hand pierced up, Long Yin suddenly laughed sharply in the midair.

"court death."

Roaring, his body turned sharply, and then both hands accumulated all the power in his body and blasted from the air towards Duguxie below.

Duguxie raised his sword to the sky. Although the sword art was extremely domineering, how could it withstand the strong blow from Long Yin in front of him.

However, seeing Duguxie's bronze sword draw a few sword marks, and then was destroyed by the vast blow of Long Yin, and then Long Yin's weird palms slammed Duguxie's chest.

The power from top to bottom is greater than ever. The Duguxie that was hit hard in the chest is like a kite with a broken line...

With a scream of ah, his body plummeted from the midair.

With a bang, his body fell heavily to the ground...

The icy ground was smashed into a huge hole by his huge body.

"Second brother..." When the ghost servant over there saw that Duguxie was wounded like this by Long Yin, he wanted to come and rescue him, but just as his body moved, the pain in the heart came

from the position of his chest. He had just been seriously injured by Long Yin, and he couldn't move at all.

The dying Tang Xiaolong and Xue Wuhen over there were also unbelievable Duguxie who was defeated, muttering in that mouth: "Senior Duguxie..."

But what about the Duguxie who fell down with a serious injury? At this moment, he fell into the pothole as if paralyzed.

The black magic energy in the eyes also seems to be getting weaker and weaker...

The entire face was as pale and ugly as death, and the blood in his mouth could not stop flowing out.

His body still wants to move... and he wants to struggle to get up... but it is already difficult to move, he can only struggle constantly, and there are bursts of roars from his mouth.

He was defeated, completely defeated.

Even if the power of Duguxie's demon exploded several times, it was difficult to resist the current Long Yin.

After Long Yin severely injured Duguxie, his body fell straight down from the air, and now he was in front of that Duguxie.

His eyes were full of treacherous smiles, and he looked at the Duguxie in front of him: "I said long ago that you are not my opponent..."

As he said this, the devilish Duguxie wanted to struggle, but his body was indeed difficult to move.

"I think Long Yin personally cut off the hands and feet of your elder brother Cthulhu...Haha, now my Long Yin kills you, the evil sword Duguxie, and the ghost servant who is the only one in the world...the world is so big, who else has me Skill?" He said and laughed up to the sky.

The arrogant laughter filled the \*\*\*\*\* audience.

Suddenly a cold hurricane blew, and the whole air was immediately filled with the \*\*\*\*\* atmosphere of the cold.

Long Yin is standing alone on the field now, except for the \*\*\*\*\* corpses, the rest are the seriously injured brothers.

At this moment, who, who else can stop the abnormal Long Yin in front of him?

unstoppable.

Duguxie roared there. Although the devilish energy on his body was still supporting him, but he didn't have the strength to fight anymore...He was seriously injured and even had a problem with walking. Where can he fight? At this moment, he could only breathe in the roar, and the black magic energy in his eyes was weakening bit by bit.

Chapter 1316: Li Tian came

Na Long Yin glanced at everyone in the audience, and he sneered: "It's time to end."

As he said these words, he began to slowly bend over to pick up the bronze sword dropped by Duguxie on the ground.

He slightly stretched out his hand and picked up the bronze sword of Duguxie. The sword was in his hand. Long Yin looked at the sword and gently touched the cold blade with his hand. Suddenly he exclaimed and said, "Sure enough It's a good sword... it's worthy of the famous Duguxie sword."

"Hey, it's a pity that you are going to die under your own sword today, haha." Long Yin said and laughed wildly.

As he said, the bronze sword in his hand was slowly raised...

Can the enchanted Duguxie know what fear is? What is death, he just kept his black eyes open and roared.

"go to hell."

Na Long Yin let out a roar, and the bronze sword in his hand severely chopped off the head of the difficult to move Duguxie at this moment.

Sen Leng's Jianfeng cut towards Duguxie's neck with a fierce sword aura... It was clear that he wanted to cut off the head of a sword tyrant Duguxie, but what about the badly injured brothers? There is no chance to save the Duguxie in front of them...Because their own bodies can hardly stand up and move, how could they come to save them?

The enchanted Duguxie didn't seem to know that he was going to die soon, and was still roaring there.

Jianguang cut down, and a generation of famous evil sword Duguxie probably died just like that.

Just as the bronze sword in Long Yin's hand slashed towards Duguxie's neck, suddenly a black light that looked like a flying fairy from the sky burst out from behind.

Long Yin was about to kill the Duguxie in front of him.

But I didn't expect that at this moment, a fierce wind was shooting at his back, and a grinning smile suddenly appeared at the corner of his mouth... Without turning his head, the bronze sword in his hand suddenly slashed backwards. In the past, the domineering sword energy collided with that black light.

But listened to a loud noise from "Cang".

Two invisible vast sword auras in the air shook the surroundings,

Then I saw a figure flying over from the air.

His appearance shocked and surprised everyone.

Because he was Li Tian, and Li Tian, who held the magic sword in his hand, was also Li Tian who had disappeared for more than a week.

After Li Tian appeared, the eyes of the brothers were all full of excitement at this moment.

"Little boss..."

"Little Lord....."

"Big Brother..." Tang Xiaolong and the ghost servant not only cried out together.

But seeing Li Tian with his back to them, he said there, "Are you all okay?"

"We...it's okay..." the brothers said excitedly there.

"You take care of yourself first, I will deal with this bastard." Li Tian said there.

The ghost servant looked at Li Tiandao: "Be careful, young master... This \*\*\*\* surnamed Long can \*\*\*\* Dafa... The poison emperor, the palace lord of the black palace, and the two death guardians of the gate of \*\*\*\* have all been sucked by him. Going away... this bastard's skills are unfathomable now, the young master must be careful."

After hearing the ghost servant's reminder, Li Tian was taken aback.

"Dafa?" It was the first time Li Tian heard of such evil kung fu. When he heard the ghost servant, he even said that Long Yin actually took the poison emperor of the dark city, as well as Tang Ao, and Mr. Hei, Chi Li Tian was slightly depressed when all the life-long skills of the four Fabre Eyes were sucked away.

Then he glanced at the scene of the audience, and was secretly shocked: Oh my God, even Du Guxie has suffered such a serious injury... It seems that Long Yin has indeed completely changed, becoming even more powerful than before.

But even so, Li Tian still had a sword in his hand, and his whole body was guarded in front of all the brothers. Those eyes full of hatred were staring at Long Yin in front of him.

At this moment, Long Yin also saw Li Tian appearing, his eyes were swollen with surprised eyes.

"Oh, it turned out to be you kid."

"I thought you kid would not come out... I didn't expect you to show up." Long Yin said with a wild laugh.

But seeing the \*\*\*\* hatred in Li Tian's eyes, he looked at Long Yin in front of him.

"You bastard, I, Li Tian, will kill you personally!" Li Tianan said.

"Just because you want to kill me?" Long Yin suddenly seemed to feel that he heard a joke, a joke that was bigger than the sky said.

"Huh, I don't think I even looked at the evil \*\*\*\* back then... Now you want revenge? wishful thinking."

"Today, I, Long Yin, will let you know what it means to cut grass and roots."

As Long Yin said so terribly, then his palms slammed toward Li Tian, and a mighty and powerful force rushed towards Li Tian.

After Li Tian felt the terrifying strength of this dragon Yin, his body suddenly retreated...

After avoiding a brutal move, the fierce force of Long Yin's palms hit the air, and the surrounding air was instantly shaken by his invisible huge force.

Although Li Tian avoided the past, after feeling the terrifying palm power of Long Yin just now, not only was he deeply shocked in his heart, how did this bastard's strength become so strong? So terrible?

Although Li Tianxin thought this way, Li Tian must fight this Long Yin to the death for the sake of his brothers today.

I saw Li Tian quickly dodge this fierce move, and suddenly the magic sword in his hand was cut with a sword.

The Chilian Sword exploded with a powerful black magic sword qi towards Long Yin.

Long Yin sneered and slapped his backhand. The invisible palm force cracked Li Tian's sword trick, and then Li Tian used the skills of Rashomon in the air...

With a stroke of hell, Li Tian, who was full of black aura, was immediately hidden in the darkness, accompanied by the power of the hell. At the same time, the red demon sword slammed towards Long Yin from different directions.

"Small bugs, you want to hurt me just by your strength?"

Long Yin roared at this moment, his five fingers suddenly opened, and a blue ball of vigor gradually accumulated in his palm...

With a bang... the blue weird ball of vigor hit Li Tian in the darkness like lightning.

Although Li Tian's body is hidden in the scar of \*\*\*\* in Rashomon's nine styles, he still feels the power of Long Yin's blue ball of vigor... There is no way he can only raise the red sword in his hand... Bang A red sword blocked the impact of Long Yin's blue ball.

But Li Tian could not withstand the violent impact of Long Yin.

I saw that strong blue ball hit Li Tian's red sword fiercely, making a huge explosion.

Then Li Tian only felt the burst of energy rushing toward his body...

Li Tian quickly retreated, but his body was still trembling slightly by the strong innocence, and his body fell to the ground. He stayed in the air and stepped back a few steps. Li Tian first experienced the dragon in front of him. Yin's abnormal strength.

His hand that blocked Long Yinchu's sword making a moment ago, at this moment, the tiger's mouth was trembling with pain...In that slight tremor, the magic sword's red sword sounded as if it had been severely injured.

"Little Lord."

"Little boss..." The ghost servants who were worried about Li Tian and Tang Xiaolong couldn't help yelling worriedly when they saw that Li Tian was shocked back by Long Yin.

Chapter 1317: Weird feeling

But seeing that Li Tian's face was strangely ugly looking in front of Long Yin, it was hard for him to imagine that this guy who was not so good a few months ago had his skills reached such a perverted level.

It was terrible, Li Tian secretly lined up.

Na Long Yin looked at Li Tian on the side, and sneered: "Today I will send you all to the West,"

Accompanied by Long Yin's fury, then he suddenly rushed towards Li Tian, clearly wanting Li Tian's fate.

At this moment, the brothers over there are all here looking worriedly at Li Tian in front of him.

But what about Li Tian? Facing this head-on attack from Long Yin, Li Tian didn't back down for it. Instead, the Red Demon Sword in his hand stabbed against the opponent, which was clearly a desperate move.

The Chilian Devil Sword made a hissing sound and shook in the air, and then the sword pierced towards Long Yin's whole body from different directions.

But seeing that Long Yin saw Li Tian's Demon Sword Chilian stab at him, he sneered at the corner of his mouth, and he didn't even evade. With a slight movement of his body, he easily avoided Li Tian's sword move.

The Chilian Sword in Li Tian's hand suddenly turned, then his right hand accumulated energy, and the swish Xuantian \*\*\*\*\* broke out.

This Xuantian \*\*\*\*\* is an extremely powerful energy that condenses the body's true energy. Even if the abnormal Long Yin in front of him saw Li Tian's Xuantian \*\*\*\*\* shooting towards him, he had to dodge it.

The body is vertical, avoiding Li Tian's two Xuantian fingerings.

But when Li Tian saw that Long Yin didn't dare to take his Xuantian fingering, he suddenly swished out a few fingers again.

The Xuantian Zhigong that broke the wind blasted towards Long Yin fatally.

After Long Yin broke through the air and shook the Xuantian fingering, he was immediately angry.

With a roar, his body swept towards Li Tian like a mad dragon.

When Li Tian saw Long Yin rushing toward him aggressively, he suddenly felt bad...He still doesn't have a face-to-face decisive battle between the capital and Long Yin, so the Red Refining Devil Sword in his hand quickly pierced out. .

And Li Tian also wanted to use his own magic sword to stab his body back... But when the red-forged magic sword in his hand stabs out, he suddenly felt a little bit wrong.

Because the red-forged magic sword in his hand hadn't pierced that Long Yin's body, it stopped instantly.

Turning his head to see, the entire blade of the Red Demon Sword in his hand was actually clamped by Long Yin with two fingers.

How overbearing!

Li Tian saw that Long Yin could actually clamp his sword with his fingers. He was startled. He tried to withdraw the red demon sword in his hand, but when he tried to extract it, it was all night. Up.

Because that Long Yin's entire figure had already rushed towards him like a demon.

"Boy, I'll see where you run this time." With a roar, Long Yin suddenly turned his right hand into a ghost claw and grabbed Li Tian's shoulder.

Li Tian was shocked, so he had to let go of the Red Demon Sword in his hand, and then his body was upside down.

He wanted to avoid this Long Yin's attack, but just when his body was just vacated, Long Yin quickly grabbed his rising ankle.

"Where to go!"

After the roaring Long Yin grabbed Li Tian's ankle, a strong energy came from his palm. Li Tian was shocked and kicked out a few volleys... But they were all evaded by Long Yin, and then Long Yin grabbed Li Tian's ankle and stubbornly pulled him out of the air.

After Li Tian was pulled down, he attacked Long Yin with his right palm and was blocked by Long Yin, and then tried to escape with his backhand.

Unfortunately, it was too late, because Long Yin no longer gave Li Tian a chance.

But seeing Long Yin suddenly sneered at Li Tian in front of him: "Boy, your skill is not weak... well, since your skill is good... then I will use your skill."

Accompanied by a loud roar, Long Yin's right hand suddenly formed five fingers into claws, and a weird aura swaying from the middle of his palm suddenly poured out of his palm, and then the weird grasping suddenly grabbed Li Tian's left shoulder.

Li Tian wanted to evade, but that Long Yin's speed was too fast... His fast naked eyes were a little invisible.

No, Li Tian didn't avoid Long Yin's claws all of a sudden, and his entire shoulder was immediately caught by Long Yin.

"Magic Absorption..." But after hearing a scream from Long Yin's mouth, an invisible weird suction force from his palm suddenly sucked towards Li Tian's body, and Li Tian was being sucked up by this dragon. The moment Dafa sucked his body, he felt that his body was like a balloon of evil spirits, and the vast Zhen Qi in his body suddenly began to flow away from Long Yin's palm.

Li Tian was shocked.

Faced with the outflow of his energy, Li Tian hurriedly struggled, but his entire shoulders seemed to be sucked alive by that Long Yin. No matter how much he moved, it was futile. On the contrary, his physical strength was also in vain. As he struggled, it revealed more quickly.

This time, Li Tian was in trouble.

Seeing that the true energy of his whole body couldn't stop flowing into the palm of Long Yin, the ghost servants and Tang Xiaolong were shocked.

Everyone just saw that Long Yin sucked Mr. Hei into a body... Now Li Tian was caught by this \*\*\*\* again, using the magic absorption method to absorb internal force, the ghost servant here endured the pain of his body and thought Come and help.

"Young Master..." The ghost servant who shouted in surprise wanted to rush over to help.

But he just took two steps, and his badly injured body fell to the ground.

"Little boss..."

"Big Brother..."

Tang Xiaolong, A Qiu and others over there were all seriously injured, and it was impossible to come and help.

So this society can only endure the pain and watch Li Tian who was sucked away from his internal strength.

What about Li Tian? Now the whole body is soft, and the vigorous energy in his dantian is constantly flowing toward the palm of Long Yin.

Li Tian's face gradually turned white and became extremely distorted...

And what about Long Yin? Sucking Li Tian's vast skill seems to be enjoying it, and generally sneered there: "Good boy, so strong inside...Haha, it seems that there is nothing wrong with sucking your skill today."

As he said, he gradually increased the vast suction in his palm.

The profound door of Li Tiansheng's death has already been opened, so the inner strength is indeed much stronger than ordinary people. This is also the reason why Long Yin in front of him became crazy after absorbing Li Tian's inner strength.

Seeing Li Tian's body's inner strength leaked bit by bit, and his body began to slowly become spasm... Suddenly a cold tingling sensation suddenly appeared in the lowest part of his abdomen.

The cold tingling pain was like a thing that was silent inside the body was suddenly activated.

what?

How could it appear in Li Tian's belly dantian at this moment? And that strange tingling sensation?

Chapter 1318: Long Yin is gone

Just as this strange feeling caused Li Tian's abdomen to sting, suddenly a cold sting in his abdomen transformed into an extremely cold energy, and that energy followed that. Long Yin's magic absorption method was absorbed, and the entire backlash turned to that Long Yin's magic absorption method.

At this moment, Li Tian's entire limp body suddenly trembled.

Then the extremely strong icy breath in his abdomen sucked in that Long Yin's energy like madness.

What's going on?

How could Li Tian \*\*\*\* the Long Yin in front of him?

No one thought that the strange blood-sucking spar that had been silent in Li Tian's body would wake up.

Li Tian accidentally swallowed a blood-sucking spar in the Duanmu family because he rescued Duanmu Ying. That blood-sucking spar had just begun to hide in Li Tian's body. When he fought against the four elders of the Duanmu family, his blood-sucking spar Shi once awakened...At that time, this weird stone produced a huge suction, which could not only \*\*\*\* away the true energy of the person, but even the opponent's physical body could backfire. It is a blood-sucking spar after all.

But then the strange stone was completely silent... Li Tian didn't know the reason. But the real reason for the silence of the blood-sucking spar was because Li Tian had to open his own profound

door of life and death at the time, and the vast true energy had completely sealed the strange power of the blood-sucking spar in his Dantian, life and death. Once the profound door is opened, the majestic zhenqi will fill the whole body, and although the blood-sucking spar in Li Tian's body is abnormal enough, it can hardly stop the vast power generated by the profound door of life and death...so the blood-sucking spar It was sealed by him.

And he felt a bit disgusted by the weird and perverted power of the blood-sucking spar. After all, the blood-sucking spar was too cruel. It not only sucked away people's life skills, but even the opponent's body would be swallowed by him, so Li Tian had never cared about the strange and abnormal stone in his body.

Anyway, what about Long Yin? Originally, he was absorbing the vast real energy in Li Tian's body with the majestic absorption of magic, but he never expected that when he was about to absorb Li Tian's physical strength, suddenly a very strange swallowing sensation in his body suddenly swallowed towards him. Come here.

Originally, Long Yin sucked Li Tian's magic-absorption magic, but at this time, Li Tian sucked back towards him...

At the moment Long Yinwan didn't expect, Li Tian had already swallowed the internal power of Long Yin in front of him like a hungry beast.

All of the internal energy that Long Yin had given to the west just now, at this time, it was like the river dam that broke the bank suddenly all returned to Li Tian's body again, and what is even more terrifying is that this fierce and powerful suction is not only He absorbed all the skills that Li Tian himself had shed just now, and also backlashed Long Yin in front of him.

Li Tian, who looked extremely ugly and trembling all over, turned ruddy at this moment, and his hand also grabbed Long Yin's arm in an instant.

That Long Yinwan didn't expect that his own magic absorption technique would show signs of backlash, and he was stunned.

His body began to tremble suddenly, and even his face became distorted.

"How could this be?"

"How could this be?"

"How can my magic-absorption Dafa swallow myself?"

Long Yin suddenly screamed...

Seeing that the constant qi in his body was violently sucked away by Li Tiangi, that Long Yin suddenly let out a weird whistling sound, suddenly backhanded with his left hand, and carried an extremely powerful force toward Li Tian's arm. Where to fight.

But with a bang, the strong palm force directly hit the arm that was grasping Li Tian's shoulder.

Then there was a boom... the two bodies suddenly separated at this moment.

After the separation, but seeing Li Tian swept to the side with a red face... His whole body was steaming white breath... The whole body was filled with energy.

And look at that Long Yin again?

After stepping back to the side, Long Yin had one arm hanging there as if paralyzed... and that hideous face was also extremely ugly, looking at Li Tian in front of him with completely unbelievable eyes.

Fortunately... Fortunately, Long Yin's strength is really too strong, otherwise anyone would have to be drained of everything in the body by the blood-sucking spar in Li Tian's body.

Just now, Long Yin also used his abilities to break free of Li Tian's blood-sucking spar's powerful anti-swallowing power, but there is no doubt that Long Yin's body was severely damaged, and his internal energy was also affected by Li Tian. Part of it was sucked away.

Looking at Li Tian who was even more perverted than him at this moment, Long Yin lifted those angry eyes and stared at him.

"You...you...what weird skill do you use?" Long Yin said while looking at Li Tiandao.

His magic trick is perfect, but today is this weird situation? Of course he wondered.

Not only he was depressed, but even Li Tian's brothers around him were all stunned... Li Tian looked at this moment with totally unbelievable eyes. They thought Li Tian was extremely dangerous, but Never expected that the situation would change suddenly! ! At the moment, they were all taken aback.

But after seeing Li Tian spit out that slightly, a white vigor softly exhaled from his mouth, looking at Long Yin in front of him.

"As long as I can kill you, I can use any effort." Li Tian said with hatred in his eyes.

Long Yin suddenly laughed wildly, and a mighty breath came out from his whole body.

"Want to kill me?"

"I want to see if you have this ability in this life."

"Today, I will let your life go first... In the future, I will want all your heads."

As Long Yin said cruelly, his body suddenly soared into the sky, and suddenly flew backward...Then the two figures rising and falling him had become a black spot.

From a distance, I could hear a sentence left by Long Yin after he left.

"The kid surnamed Li... sooner or later I will let you die under my Long Yin hand, hahahaha..."

Accompanied by the sound of cruel laughter, Long Yin's figure has already flown into the distance.

What about Li Tian?

Of course he didn't chase anymore.

Although the blood-sucking spar in Li Tian's body has been awakened...but he just sucked a little bit of strength in Long Yin's body...but he was interrupted in time by that Long Yin, so in general, the current Li Tian is not that Long Yin's opponent at all.

The reason why Long Yin left was completely because he was frightened by Li Tian's weird backlash...Long Yin was more treacherous than anyone else, and he was more ruthless than anyone else. This terrible guy is a very careful mind. The hero...If he is not 100% sure of what he does, he will never do it, so he will leave.

## Chapter 1319: Healing

If Long Yin was a little bit adventurous just now, it is estimated that today Li Tian is awakened by the blood-sucking spar in his body, I am afraid it will be difficult to resist such a perverted Long Yin.

After all, Long Yin even defeated Duguxie, who had soared his skills several times after entering the demon...It is conceivable that Li Tianneng is his opponent now?

Of course not.

But he said that when he saw that Long Yin had left like this, to be honest, Li Tian's heart was finally relieved.

To be honest, until just now, Li Tian thought that he and his brothers would not be able to escape the catastrophe today... But he never thought that Long Yin would have gone, so of course he relaxed at this moment.

After watching that Long Yin go away, Li Tian finally felt relieved.

Quickly turned his head and ran towards the brothers.

"Xiaolong, Aqiu...Ghost servant, how are you?" Li Tian hurried to his brothers and said.

Tang Xiaolong was badly injured and hard to move. The ghost servant and Ah Qiu were also badly injured. At this moment, their difficult bodies moved slightly. The Opteron over there was a little better, but still looked extremely ugly.

Xue Wuhen's injury may be the lightest in the entire audience.

"Little Lord....."

"Thanks to you...or come...we're afraid...I'm afraid we will all die here, that Long Yin...really...too great." The ghost servant said with an ugly expression and struggled. I want to stand up.

But as soon as he stood up, a wow of blood spurted out of his mouth. It was obvious that his injury was too serious.

Li Tian hurriedly supported the ghost servant and said, "Don't talk for now...Sit here and take a good rest."

"Wuhen, take care of Xiaolong and Aqiu first..." Just listen to Li Tianzai's instructions.

Xue Wuhen in front of him heard Li Tian say this, nodded there quickly, and then ran to take care of Tang Xiaolong and A Qiu.

And Li Tian looked around the \*\*\*\*\* corpses in the audience... and the seriously injured brothers, a sense of speechless grief came out from the bottom of his heart.

"Young Master...Look at Brother..." Suddenly the ghost servant exclaimed.

Duguxie?

Li Tian almost forgot Duguxie.

At this moment, after being reminded so suddenly by the ghost servant, he quickly turned around and ran towards the Duguxie.

But seeing that Duguxie's whole person was completely unable to move... His eyes were tightly closed, and the whole person was like a dead state.

When seeing Duguxie's body motionless, Li Tian in front of him was shocked.

"Duguxie, Duguxie..." Li Tian shouted there in shock.

Then hurriedly bowed his head on his chest and listened. Fortunately, Duguxie's heart was still beating. When he felt that Duguxie was not dead, Li Tian hurriedly helped Duguxie up.

The ghost servant looked at the deadly Duguxie with his eyes open in pain and shouted, "Second brother...Second brother..."

But that Duguxie did not move like a dead person.

"How about Senior Dugu... Will there be any problems?"

"Don't worry, everyone, he's okay, he's still angry..." Li Tian said comforting his brothers there.

Although the brothers are all worried about Duguxie at this moment, their own situation is not very good, so this society can only rest there.

At this moment, the blood stained the ground. Except for so many corpses on the ground, what remained was the breath of death.

Li Tian stood there, looking at everything around him, looking at the corpses, his eyes began to look blurred.

The Dark City, this city full of corruption and death, can finally declare a paragraph.

The famous Poison Emperor is dead.

Not only was the Poison Emperor dead, but even the black palace lord under his hand, Tang Ao, was also dead, but there were also two death guardians in the gate of hell, Mr. Black and the red-haired blood pupil.

And the only one alive is the most treacherous Long Yin.

This treacherous man has doubled his skill now, and still has the legendary magic-absorption technique that has been lost. Who can control him in the future?

In the dark city full of sadness, brothers are all staying there now.

They have to heal their wounds.

Among them, Duguxie was the most seriously injured, so far he was not awake... as if he had passed away.

Next, they belonged to Tang Xiaolong, A Qiu and Ghost Servant, the three of them.

After the three of Li Tian worked hard to heal their injuries, the three of them have been resting quietly so far.

On the other hand, Opteron recuperated himself, except that Xue Wuhen's injuries were not so severe.

Now they are hiding in an empty ruin in the dark city, and it is also raining in the hazy sky at this moment, making the whole sky more gloomy.

After Li Tian healed the brothers, he stood alone in the ruins, looking at the rain in front of him, no one knew what he was thinking.

Seeing Li Tian standing here, Xue Wuhen walked over slowly.

"Big brother... You have healed Xiaolong and Aqiu for so long, do you want to rest, I will take care of this." Xue Wuhen said, looking at Li Tian.

Li Tian slowly turned his head and looked at Xue Wuhen and said, "No, I'm fine..."

"Brother, but you haven't closed your eyes one day and night." Xue Wuhen said worriedly there.

With a bitter smile on Li Tian's mouth, he looked at Xue Wuhen in front of him and said, "I'm not tired..."

Hearing Li Tian insisting on saying this, Xue Wuhen couldn't help it.

He glanced at Li Tiandao in front of him: "Big Brother, where have you been so many days?"

"Big Brother Ghost and Senior Dugu have been looking for you...Unfortunately, I can't find you."

"Oh, by the way, what about the mysterious senior who was with you before to rescue us? What about him? Why didn't you see him?" Xue Wuhen said suddenly curiously.

Li Tian then said: "This matter is a long story... that day, after I asked you to go back and tell the ghost servants the news, I never thought that senior took me into the desert."

what?

"Brother, you went to the desert?"

"No wonder Brother Ghost and Senior Dugu have been looking for you here, but they couldn't find you." Xue Wuhen said.

Li Tian looked at Xue Wuhen in front of him and said, "Yes. Actually, I didn't even think that senior would take me into the desert."

"Brother, did any senior bring you to the desert to teach you kung fu?" Xue Wuhen asked Li Tian, looking at him.

He still remembers that when he left Li Tian, Li Tian told him that the mysterious predecessor wanted to teach Li Tian kung fu, so he couldn't help asking.

But seeing Li Tian in front of him smiled and said: "Teached...",

"It's a pity that I haven't fully learned it...I just have a taste of the realm of the beginning." Li Tian told the truth.

Chapter 1320: go away

Recalling the mysterious gray-robed senior in his mind, Li Tian always felt that he had some connection with him.

When Na Xue Wuhen heard Li Tian say this, she was full of curiosity.

"The realm of the first door? I don't quite understand." Xue Wuhen said.

Li Tian patted him on the shoulder and said, "You will understand later."

As Li Tian said this, he slowly walked towards the ghost servants.

Although the ghost servant had been healed by Li Tian with internal strength for a while, his body was still very weak, but he did not rest because of it, he just sat in pain in front of the fainted Duguxie.

"Ghost servant, you should rest." Li Tian said as he walked over, looking at the weak ghost servant.

The ghost servant raised the ghost face and said, "No, I want to take care of the second brother."

"Did he use that trick again?" Li Tian slowly sat down and looked at the weak ghost servant in front of him.

The ghost servant nodded silently there, his eyes filled with grief.

"Big Brother, to save us... had to resort to that painful trick." Gui servant said with regret.

Overlord Sword Jue!

A trick that once made Duguxie crazy, a sword art that once made Duguxie go crazy and kill more than 100 Dugu families... Since then, Duguxie dare not use that trick again, because every time when he used that trick, it would appear in his mind that he had personally massacred his relatives...so that the pain became distracting.

Looking at the Duguxie who seemed to die at any time, the ghost servant sighed: "Second brother has suffered an unprecedented serious injury this time... I really don't know if he... can he survive."

After the ghost servant finished speaking, Li Tian grabbed the ghost servant by the shoulder.

"Don't worry, he will survive, he will definitely."

The ghost servant's eyes were slightly red, and he nodded deeply there.

Li Tian looked at the brothers at the moment, and stood up suddenly.

"From tomorrow, we will go back...Leave the Dark City."

"I'm going back to Binjiang City, to the North China Field Army...Where to go, someone will definitely be able to save him." Li Tian finally made up his mind and said, how could he just watch Du Guxie die like this? So Li Tian must make a decision to leave here. There is nothing in this dark city. What can be done besides them leaving?

The dark city is over.

This city full of corruption and death finally came to an end in a great battle.

There is no winning or losing in this battle, but death.

Whether it was the mysterious gate of \*\*\*\* or the current Li Tian, they were extremely hurtful.

Two great figures died in the gate of hell, Mr. Black and the red-haired pupil.

Although Li Tian and the others have not lost their lives so far, the brothers are all seriously injured, and the Duguxie is at stake. It is dead or alive, no one knows.

Perhaps the biggest beneficiary of this dark city is the extremely treacherous Long Yin.

This treacherous and despicable guy not only killed the Poison Emperor with magical magic, but also killed Tang Ao with a blow to Mr. Black and the red-haired blood pupil... No one thought that he would become the most \*\*\*\* gate in the end. A strong winner.

In a gloomy room, there is no light, no light, and only lifeless darkness.

But I saw a figure sitting in the middle seat.

His body is facing away, the only thing that can be seen is his wide and eerie back.

Behind him are two women in black clothes, one on the left and the other on the right.

The two women were plain-looking, even ugly, standing there like dead bodies.

At this moment, I saw a stone gate rumbling open... After the stone gate opened, I saw a woman who was also wearing black clothes walking in from outside.

She held a black plate in her two white hands with a note on it.

After walking in, he respectfully bent down and said, "Master... our people over the Dark City... have failed."

After the woman said this, her head lowered.

It seems that she respects and fears the person called the master in front of her.

When the person called the master with his back to this side heard these words, he suddenly said in a gloomy voice: "Hei Da, where are there blood pupils?"

The woman with her head down hesitated, then bent down and said slowly, "Dead."

The two words came out of her mouth.

When she said about the death of Mr. Black and the blood pupil, the master who turned his back to her suddenly showed a terrifying killing intent.

Invisible, the whole room suddenly became more deadly and more gloomy.

"Who killed it?" Suddenly, cold words came out of the owner's mouth, and his voice was full of a terrible feeling of death.

The woman standing below with her head down quickly said: "According to the investigation, it was...by...Long Yin killed."

"What? Long Yin?"

When he heard Long Yin, the person called the master was suddenly taken aback.

"how is this possible?"

"How could Long Yin have the strength to kill the two of them?" The master in front of them said furiously.

The woman standing behind him lowered her head and said: "According to the investigation, Long Yin seems to have hidden his strength among us all the time...He will be incontinent in sucking magic."

"Magic Absorption?"

When these four words were being spoken, the master who turned his back to them suddenly showed a terrifying and fierce air all over his body.

"Isn't the magic-absorption Dafa legendary that it was a demon's unique knowledge more than 100 years ago? How could it be in Long Yin's hands?" the master asked.

The woman under her lowered her head and said, "The subordinate doesn't know..."

"The subordinates only know that the traitor Long Yin's current strength has become more powerful... and he also killed the Poison Emperor." The woman said.

Hearing that when the woman said that even the Poison Emperor had died in Long Yin's hands, the master who turned her back to her was slightly silent.

Then it took a long time before he said, "It seems I have been underestimating him."

"Unexpectedly, this person is so treacherous in his heart." The master suddenly laughed weird as he said.

After he laughed weirdly, he suddenly looked at the woman below and asked, "Where is the son of the evil god? And Duguxie and the ghost servants?"

"Duguxie got into the devil... Finally he was beaten to death by Long Yin, and the ghost servant and the kid were severely injured by Long Yin, but then Long Yin left." The woman said.

"Long Yin didn't kill the kid surnamed Li?" The man called the master was suddenly very curious.
