

A Killer 1331

Chapter 1331: Hurry back

The old doctor was telling the truth. How could such a remote place be healed a severely wounded Duguxie?

"I know that I have to go to the big hospital... I came here specifically to ask you to prescribe some medicine first... Make sure that my brother's injury will not be serious... We will immediately set off to the big city, and then enter Big hospital." Li Tiandao.

The old doctor nodded and said, "Okay, good."

"Well, let me prescribe some prescription drugs for him first... Although the drugs can't cure his condition, it will improve his body's immunity in a short period of time. In this way, you will not delay him on the way to the big city. Okay?" The old doctor said at last.

Li Tian quickly said there, "That would be great."

"I, Li Tianxian, thank you for being here..." Li Tian said sincerely.

In the end, the old doctor really prescribed some prescription drugs for Duguxie who was about to die... and then left here.

Li Tian and the ghost servants finally breathed a sigh of relief in their hearts at this moment, after all, it has been confirmed that Duguxie is indeed not dead yet.

The only thing Li Tian has to do now is to quickly take the Duguxie in front of him to the big city...In this way, he can quickly see a doctor.

After the old doctor left, Li Tian found the owner of the hotel. After giving the hotel owner some money, he said to the hotel owner, "Do you have a car here? I want to rent a car... Or buy it."

The hotel owner took a surprised look at Li Tiandao: "I want a car?"

"Yeah." Li Tiandao.

"Then... I'll go and ask for you." Finally the loyal boss said.

"Okay, thank you, yes, the sooner the better, money is not a problem... I just want a car that can run..." Li Tian said at last. ,

The reason why Li Tian wanted to get a car was nothing more than thinking that the brothers should leave this place quickly and take that Duguxie to the big city quickly, so that he can be healed as soon as possible.

When the hotel owner went looking for a car again, Li Tian quietly sat down in the room.

He looked at Duguxie whose face was as gray as death...Looking at his arm of one hand, a sad mood rose from his heart.

This iron-blooded man fell down at this moment, all for himself and his brothers.

His hands, his people... everything, including everything, is covering the wind and rain for the brothers, so even if he tries everything he can, he must save him.

After thinking this way in his heart, Li Tian walked over slightly, and continued to instill the slightest bit of true energy into the lingering body of Duguxie.

It's been so many days... To tell the truth, the reason why Duguxie can still maintain a weak heartbeat is entirely because of Li Tian's continuous input of powerful qi along the way.

Duguxie is not a god, but also a mortal body, so he will suffer pain and die.

And for such a long time, Li Tian relied on the powerful infuriating energy in his body to input bit by bit into that Duguxie's body to keep his heart beating.

right now? Li Tian continued to infuse Duguxie's powerful infuriating energy bit by bit.

After the ghost servant walked to the door, when he saw his Young Master was again inputting strong qi for Du Guxie, his heart suddenly ached.

He was moved, and his moved eyes were flushed.

Then he said nothing, gently closed the door in front of him, and then left.

On the next day, the brothers all had a good rest.

Li Tian is the only one who may not have a rest this night.

His eyes were dark and his face was slightly yellow.

When the brothers came out in the morning, Tang Xiaolong looked at Li Tian's yellow face and couldn't help asking, "Little boss...what's wrong with you, your face is so bad?"

When asked by the brothers, Li Tian smiled awkwardly and said: "I didn't sleep well last night..."

"Brother, you must take a good rest. You haven't rested much along the way, you can't stand it." Xue Wuhen said worriedly there.

Li Tian waved his hand slightly and said, "Don't worry, I'm fine."

Hearing what Li Tian said, although the brothers were worried about him in their hearts, they didn't know what to say at the moment.

At this moment, suddenly the loyal owner of the hotel had walked out.

"The car you want, I have already asked you...How about the big truck in 2003?" The hotel owner said, looking at Li Tian in front of him.

car?

The brothers on one side were taken aback.

But I heard Li Tiandao say: "Well, I said, no matter what kind of car, as long as it can drive, as long as it can run... it's fine."

"Okay, I'm going to ask them to come and show you the car." The innkeeper said as he ran outside.

The brothers in this club basically guessed why Li Tian wanted to get a car, and he definitely wanted to leave this place as soon as possible, so they didn't ask too much questions in this club.

The car is coming.

It was indeed a relatively old truck, but the person who sold the car said that the engine was just changed, and although the exterior of the car was a little broken, it was definitely not worse than the new car.

Li Tian didn't say anything. After giving the money to sell the car, the big truck in front of him belonged to the brothers.

"Let's go..." Li Tian finally decided to say.

After Li Tianxia made a decision, then Tang Xiaolong and A Qiu slowly carried the unconscious Duguxie to An An slightly to the car in front of him, and then they jumped into the car one by one, and followed After the owner of the hotel thanked him, Li Tian and his brothers were about to leave.

It was Tang Xiaolong who drove, and Li Tian and his brothers sat in the box behind the truck.

Duguxie is placed in the middle position.

Along the way, the truck drove forward at a fast speed. As the person who sold the car said, although the truck looks worn out, it runs no worse than a new one.

On the way, Li Tian not only gave Duguxie some immune medicine, but also used his internal strength to help him instill it into the body. Brothers saw all this in his eyes and remembered it in his heart.

"Let's go back to Binjiang?" On the way, the ghost servant asked.

Li Tian nodded there.

"Yes."

The Opteron, who has rarely spoken, has not said a word since he was defeated by the perverted Long Yin. At this moment, he suddenly said, "If you get to Binjiang from here, you have to ask for it at the latest. Two days."

"I'm afraid that two days' time will delay Duguxie's condition." Wang Long said.

"What should I do?" the ghost servant in front of him asked.

Opteron thought dully: "Stop at the small county in front." Opteron suddenly said there.

Chapter 1332: Call a helicopter

Everyone was taken aback when Wang Long said that he wanted to stop the brothers.

"Stop? Why?" the ghost servant on one side asked.

I saw the dragon said: "I call back to the military region headquarters... let the military region send a helicopter... in this way, we can rush back as soon as possible, let alone delay Duguxie's illness."

After Opteron suddenly said this, the brothers suddenly understood.

Yes, Commander Mu of the North China Field Military Region is Li Tian's pro-grandfather.

This Li Tian has always forgotten that he uses his grandfather's identity and strength... Actually Li Tian is not stupid, nor is he unnecessary, but he feels that he should do his own things, which is why he has always been reluctant to tell people The reason for his grandfather status.

But now, the past and the present are different. In order to save Duguxie's life, Li Tian will save Duguxie even if he does everything possible.

So after hearing that Opteron decided to call back to the North China Field Military District, Li Tian finally nodded there and said, "Okay."

"Go to the nearest small county..."

After they made this decision, Tang Xiaolong drove quickly towards the nearest small county town.

After driving to a small county town nearby, the speed is still very fast.

So the Opteron jumped out of the truck directly, and then went to the public phone.

After arriving at a small supermarket, Opteron walked straight in and began to dial the office of the chief of the North China Field Military District.

After the phone rang a few crisply, then a cold voice came from the other side.

"North China Field Army Command, may I ask, who are you?" said over the phone.

"Optical Dragon!" He suddenly spit out a cold name from his mouth.

When the people there heard that it was the company commander of the guard company next to the commander-in-chief, the first strong man of the North China Field Military Region, Opteron, he quickly said, "It turned out to be Company Commander Hao..."

"Company commander, are you there now? I'm the security secretary of the commander-in-chief, Xiao Zhao." The person over there said on the phone.

"Where is the commander-in-chief? I want to find the commander-in-chief..." Opteron continued coldly here.

Xiao Zhao over there said, "The commander-in-chief has gone to the Central Committee for a meeting, and he is not in the military area now."

After hearing that on the phone, Opteron frowned slightly.

"Let's do this...you can tell me about Wang Zhen of the 38th Army, Brigade Commander Wang, and say that I Opteron is looking for him, and that he will send two helicopters to pick us up as soon as possible."

After hearing the order from Opteron, the security secretary over there quickly said on the phone: "Yes!"

"Remember, it must be as soon as possible." White Dragon said last.

"Yes, company commander."

"Company commander, please tell me your current location address... I'll go and notify Brigadier Wang of the 38th Army." The phone over there said.

So Opteron directly told the address of his current location...

Then after taking a quick note, the phone was hung up, and Opteron also hung up the phone slowly.

After walking back, Li Tian looked at Opteron and asked, "How is it?"

Opteron said slightly: "Don't worry, there will be planes coming from the military district today... Let's just wait here."

"Well, that would be great."

After hearing that Opteron finally said that the military district might send a helicopter to pick them up, the brothers could finally breathe a sigh of relief in their hearts.

After all, if Duguxie can be brought to the North China Field Military Region, the treatment level of the General Hospital of the Military Region is absolutely excellent. In that case, Duguxie will not die.

So the brothers are here now waiting for news from the military area.

After the quarrel between Duanmuying and Tang Feifei, the North China Field Army became more and more sensitive to the topic of Li Tian's woman, and most of them are now discussing this topic.

Since quarreling with Tang Feifei, Na Duan Muying has been staying in the room at this moment, angry.

The pouting little mouth, as if someone owed her money, sat there grumbled.

The girl Xiaohuan didn't dare to speak from beginning to end, standing on the other side.

"Xiaohuan, tell me, who notified Situ Ningbing? Why did she go suddenly?" Duanmuying said angrily.

Xiaohuan turned pale when she heard her ask, she lowered her head and said, "Miss...I was wrong, it's Miss Situ..."

"You...you dead girl." When Duan Muying heard that Situ Ningbing called her own girl, she almost jumped with anger.

"Why would you call her?" Duanmuying said angrily.

But seeing that girl Xiaohuan lowered her head, her voice trembled in fear and said, "Miss...I'm afraid of you and that Miss Tang... In case of misunderstanding... That's why I am called Miss Situ."

"Huh, that Tang surname... I didn't misunderstand her!"

"She is of the vixen type."

"The cheek is really too thick..." Duanmuying remembered that Tang Feifei said angrily.

The little ring in front of him blinked his eyes and thought for a while and said: "Miss, there is something Xiaohuan doesn't know if it is inappropriate to say it?"

"Let's talk." Duanmu Ying said.

"Then I said, miss you don't be angry." Xiaohuan continued.

"Oh, why are you mother-in-law? Just say anything as soon as possible... I'm annoying." Duan Muying said impatiently.

So the little ring in front of him opened a pair of black eyes and said: "Miss, actually, actually, I think that Miss Tang is pretty good..."

"what?"

Duanmu Ying almost jumped up with an aura when she heard her girl suddenly say that Tang Feifei was fine.

"Bad girl, what do you mean? You mean I'm bad, right?" Duanmuying said fiercely.

Xiaohuan was taken aback, but she mustered up the courage to continue and said: "Xiaohuan didn't mean that the lady is not good...just think that Miss, you may be really wrong this time."

"I was wrong? I was wrong?" Duanmuying said unconvinced.

So Xiaohuan said, "Miss, think about it, that Miss Tang has been in the North China Field Military Region for almost a month. She seldom goes out or even talks to others. Miss, do you know why?"

Duanmu Yingliu said with a cross: "Then how do I know... Hmph, maybe she is embarrassed to come out."

"No, miss, I think you are wrong." Xiaohuan said.

"Am I wrong? What am I wrong?" Duanmuying asked.

Xiaohuan then said, "Miss, I actually think that Miss Tang is quite pitiful... Let alone what she is here for... But you see that she doesn't go out all day and doesn't talk to people, then It's just because she is not familiar with it at all... and she doesn't know anyone here. The only Li Tian she knows is not there yet... So I think that Miss Tang is very lonely."

Chapter 1333: advise

"Miss, we also know someone... Whether it's Chen Qiaozhi, Old Monster Ge, or Miss Situ... But what about Miss Tang? She doesn't know anyone... No one is familiar, so Miss, I I don't think it is easy for her to hear." Xiaohuan said.

Duanki Ying was originally a woman with a knife-mouthed tofu heart. At this moment, after hearing the little ring in front of her say so, she suddenly felt a slight pain in her heart.

Yes.

Looking back now, Duanmuying really thinks that Xiaohuan's remarks are quite reasonable. In fact, the girl named Tang Feifei didn't do anything. Why did she quarrel with her?

Duanmuying who had thought about it suddenly fell silent.

But Duanmuying is a strong woman after all, she is unwilling to admit her mistakes, and then suddenly said: "She pity me what matters...I didn't make her so alone."

"Miss...No matter what, I hope we don't quarrel with that Miss Tang again..."

"In fact, I know that Miss has the most kind heart...Sometimes the words spoken on her lips are hurtful, but the heart of Miss is the kindest in the world." Xiaohuan said in front of her very clever praised Duanmuying. .

After Duanmuying heard this, her pretty face blushed slightly.

"Don't put a high hat on me...huh." Duanmuying said.

The little ring giggled and laughed.

After experiencing the quarrel between Muying Muying and Tang Feifei, Situ Ningbing always felt a little wronged for Tang Feifei.

Situ Ningbing, who had been in the room for a while, decided to go and see Tang Feifei again.

So Situ Ningbing came to Tang Feifei's room again.

Standing at the doorway, she hesitated for a while, then gently stretched out her hand and buttoned the door.

After hearing the movement inside, I gradually heard the sound of gentle footsteps.

Then after the door was pushed open, she saw Tang Feifei at a glance.

Tang Feifei's beautiful eyes were still slightly red and swollen. At this moment, when she saw that Situ Ningbing was standing at the door, she was still very surprised, looking at Situ Ningbing in front of her.

"It's you?" Tang Feifei looked at Situ Ningbing before him.

Situ Ningbing glanced at Tang Feifei, and then said, "I want to come in and talk to you... don't you mind?"

Tang Feifei hesitated for a moment, and then said nothing, turned around and opened the door, then walked in.

Situ Ningbing glanced at Tang Feifei, who was thin, and then slowly followed.

After following up, Situ Ningbing took a look at the house in front of her, and suddenly she saw that Tang Feifei had completely organized her suitcase... and the things on the bed were neatly stacked one by one. Put them all there.

When seeing this, Situ Ningbing was taken aback, looked at Tang Feifei and said, "Miss Tang...how do you pack things?"

"Are you going to leave?"

After Situ Ningbing asked in surprise, she only listened to Tang Feifei sitting quietly, and suddenly the corner of her mouth smiled bitterly.

"I stay here will only make everyone unhappy... so it's better to leave."

Situ Ningbing glanced at Tang Feifei and said, "Miss Tang, have you thought about it?"

"I didn't think too much." Tang Feifei said there.

"The reality is already obvious, so I might as well leave." Tang Feifei said stubbornly.

Looking at Tang Feifei in front of him, Situ Ningbing was there to persuade him: "Miss Tang...I know that Duanmuying's incident makes you very unhappy, and also makes you very wronged... But her heart is not like that. So I hope you are cautious..."

That Tang Feifei suddenly turned her head to look at Situ Ningbing in front of him: "Actually...I didn't blame her."

"I just think it is a bit redundant for me to stay here..."

"Yes, I'm here to find Li Tian. After I got news of Li Tian from the United States for the first time, I flew back to find Li Tian... Hehe, maybe it's because I'm too stupid... Maybe it's because of my heart. There is a little bit of unwillingness...that's why I came here with all my hardships..."

"I want to tell you, I came to Li Tian, I just want to ask him a few things... I used to think that regrets in a person's life are the most painful thing, so I don't want to have regrets. I am here, but now I find that I am wrong. In fact, sometimes it's nice to have regrets in life. At least you can imagine and look forward to..."

Following Tang Feifei's words, Situ Ningbing in front of him stared at Tang Feifei with blinking beautiful eyes.

"Miss Tang...then why don't you wait any longer? Li Tian might be back soon." Situ Ningbing said.

Tang Feifei said: "No, I won't wait for him."

"I don't think there is any need to wait for him..."

"Because he has you by his side now, and that Miss Duanmu...very good." Tang Feifei turned around and said slowly.

"To be honest, I have always envied you, Miss Situ... I think you are very beautiful, very temperamental, and very kind at the same time. I, Tang Feifei, have met many women, but a woman like you, I'm Feifei. It's the first time I have seen Li Tianneng with you. It is really his life's happiness." Tang Feifei said sincerely there.

Situ Ningbing said lightly: "Then are you really going to leave?"

"Yes."

"Hey, I'm a woman, and I know women too... I hope you still think about it. You have to know that a person's life, missed, is a lifetime... Life is very short, sometimes we don't have time to remember, so this life. Don't do things that you regret." Situ Ningbing said at last.

Tang Feifei said: "But what can I do if I don't regret it?"

"Sister Ningbing...If I said I like Li Tian very much, wouldn't you be jealous?" Tang Feifei suddenly changed his name to Situ Ningbing who was looking in front of him.

Situ Ningbing looked at Tang Feifei in front of him and said, "Yes,"

"Not only I will, every woman will, but I know the pain of loving someone... and the pain of losing someone."

"I don't want to make your life unhappy because of this."

"I have just said that life is very short. If you live a lifetime with pain in this short life, wouldn't it be very sad? If I were you, I would never make myself suffer." Situ Ningbing finally said.

Feifei was silent in front of her suddenly, she didn't know what she should say at the moment, she just held up that glamorous face and stayed there foolishly...No one knew what she was thinking at this moment.

Chapter 1334: wait

"Li Tian, they have news."

"Li Tian and they are back."

In the room of Chen Qiaozhi and Old Monster Ge, Wang Zhen, the brigade commander of the 38th Army that ran over quickly, said cheerfully.

When Wang Zhen suddenly said that Li Tian had news, the old monster Ge and the Chen Qiaozhi in front of them were almost shot off the bed.

"What? Li Tian and the others have news? They are there now? How are Xiaolong and the others? Are they all safe?" The two of them couldn't help but immediately asked.

But when I saw that brigade commander Wang said, "I don't know..."

"I know they are there now." Brigadier Wang said suddenly.

"Where?" Chen Qiaozhi asked quickly.

"In a small county in the remote northwest." Brigadier Wang said.

"Huh? So far."

"Ok."

"The first guard company Captain Opteron next to the commander-in-chief who went with Li Tian just now called... Let's send a helicopter to pick them up... That's why I'm here to tell you the news." Wang Zhen said.

"Send a helicopter to pick them up?" Chen Qiaozhi said with a frown suddenly.

Old Monster Ge is also a wise man. At this moment, he whispered to Chen Qiaozhi beside him: "Is something wrong with Li Tian and the others?"

Chen Qiaozhi frowned and shook his head slightly.

"probably not."

Then he said: "But, if something really happens, it will definitely be a major event...Because Li Tian's character is a last resort, he will never trouble his grandfather's army."

Old Na Ge said strangely: "Fuck, then you mean something happened 100%?"

Chen Qiaozhi looked ugly and didn't pay attention to Old Monster Ge in front of him. Instead, he suddenly looked at Wang Zhen, the commander of the 38th Army in front of him, and said, "Brigadier Wang, when will you send a helicopter to pick them up?"

"Just now," Wang Zhen said.

"I have arranged the helicopter...I am here to tell you two if you want to pick them up with me." Wang Zhen said.

"Of course." Chen Qiaozhi and Old Monster Ge in front of him said almost at the same time.

"Okay, it shouldn't be too late, let's set off right now."

Following the words of Wang Zhen in front of him, Chen Qiaozhi and Old Monster Ge in front of him immediately followed the commander Wang Zhen and quickly ran outside.

More than a month.

There has been no news of Li Tian and the brothers for more than a month. Now that the old monster Ge and Chen Qiaozhi in front of him are not excited after learning the news of the brothers suddenly?

But after seeing this meeting, the two people walked outside with the brigade commander Wang without saying anything.

The base of the 38th Army, but two military gunship helicopters are fully ready.

The huge propeller was spinning there fast, and the wind blowing up made people completely unable to open their eyes.

When Wang Zhen arrived at the helicopter, he slightly waved his hands towards Old Monster Ge and Chen Qiaozhi behind him, and then walked towards the helicopter with his face covered.

Then Chen Qiaozhi and Old Monster Ge also covered their faces, blocking the strong wind, and quickly boarded the helicopter in front of them.

After the door of the cabin slammed shut, Brigadier Wang Zhen gave an order: "Go."

Then the two armed helicopters rose slowly...then they flew far away. They went to pick up Li Tian and the brothers.

On the helicopter, Chen Qiaozhi was there looking at Brigadier Wang Zhen and asked, "Brigadier Wang, how long will it take us to get to that place?"

"It doesn't take long...it will be more than an hour." Wang Zhen replied before that.

"Oh, that's good." Chen Qiaozhi.

Although Chen Qiaozhi and Old Monster Ge, who were sitting on the helicopter, did not speak at this moment, their hearts were extremely looking forward to seeing Li Tian and his brothers right away.

"I heard that Li Tian has news,"

"Brigade Commander Wang Zhen of the 38th Army and the old monster Chen Qiaozhi and Ge have already flew to pick up Li Tian and the others."

Inside the room, but seeing that girl Xiaohuan ran in from outside with excitement and said to the Duan Kakura.

That Duanki Ying was staying alone in the room depressed. At this moment, after hearing her little ring say this, she almost jumped with excitement.

"Huh? Li Tian and they are coming back?"

"Really?" Duanmuying asked the little ring who couldn't believe her.

The little ring quickly said there, "It's true, miss."

"The officers and soldiers of the 38th Army Hotel were talking there just now... and Brigadier Wang Zhen has taken Li Tian and the others by helicopter." Xiaohuan said there.

Listening to Xiaohuan's words again, Duanki Ying finally became happy.

"It seems that Li Tian and the others are really back. It's great, really great."

After so many days of lovesickness, so many days of separation, now that we finally have news of Li Tian, how can this Duan Muying be unhappy?

"I'm going to tell Auntie Hua." Duanmuying said at the moment.

Aunt Hua is naturally the fairy of Baihua.

It was on the outskirts of a small county in the far northwest, but Li Tian and his brothers were all sitting in the car one by one.

They were waiting, waiting for the people from the North China Field Military District to come.

But seeing that Tang Xiaolong had always looked up at the blue sky with his head, and muttered in his mouth, "How long...is it a long time for the plane to fly here from the North China Field Army?"

"Do not."

"It will be there in about an hour or two." Wang Long said.

"Hey, it's been an hour now, why haven't you come?" Tang Xiaolong continued to mutter over there.

"Alright, they should be here soon."

"Oh, wait and see..."

At the moment, the brothers were all there, looking up at the blue sky, waiting for the arrival of the plane.

And Li Tian took care of the Duguxie in front of him.

Duguxie's complexion was getting darker and darker, and there was a dark color of death on her good face.

Li Tian felt a lot of pressure in his heart, because he did feel scared, so he never left Duguxie's side from beginning to end.

"Big brother... Senior Dugu will be fine, don't worry." Xue Wuhen saw the worried Li Tian comforting him there.

A bitter smile appeared at the corner of Li Tian's mouth, looking at Duguxie on the ground.

"Hope..."

"All this was done by that **** Long Yin."

"I really didn't expect that **** **** to be so powerful..." Tang Xiaolong said with hatred in his eyes.

"Yes, I didn't expect that Senior Dugu would not be able to defeat Long Yin with that kind of effort in the end... It was really terrible." Even Xue Wuhen said in surprise.

Chapter 1335: the truth

Li Tian had deep hatred in his eyes and didn't say a word.

The hatred between him and that Long Yin has long been beyond words.

This guy Long Yin not only killed his father, but also killed so many people. Now this cunning **** also has an extremely weird skill. Thinking of it, Li Tian feels a little cautious. After all, that Long Yin is really so amazing.

But for this person, Li Tian will commit suicide one day, because Li Tian absolutely wants revenge, and the premise of revenge is to kill the dragon Yin.

With hatred, Li Tian sat quietly, with an angry flame burning in his eyes.

The brothers nearby all observed Li Tian's horrible and restless fire of revenge. Xue Wuhen on one side couldn't help but looked at Li Tiandao and said, "Big brother... are you okay?"

Li Tian replied coldly: "I'm fine."

Listening to Li Tian's voice so cold, Na Xue Wuhen didn't dare to speak quickly.

The ghost servant on one side was looking at Li Tian in front of him curiously.

"Young Master, there is something I want to ask." Just listen to the ghost servant Li Tiandao who suddenly looked in front of him.

Li Tiandao said: "What's the matter?"

"Young Master, when you finally fought with that Long Yin, that Long Yin seemed to be shaken back by you... Young Master, in my opinion, that Long Yin should be stronger than you, but why did he leave suddenly? Is it? Suddenly scared?"

To tell the truth, the ghost servant felt that this matter was strange along the way, but he had not asked much because he cared about the Duguxie.

Now I can finally calm down and ask Li Tian in front of me.

After he asked, the brothers around him, including Opteron, couldn't help turning their heads to look at Li Tian in front of him.

To be honest, Long Yin was finally repulsed by Li Tian...Even Hao Long felt very strange.

Because of Long Yin's abnormal strength at that time, the brothers present could feel it, and Li Tian was forced to retreat again and again, but in the end, when Long Yin used the magical magic technique to attract Li Tian, he was surprised by Li Tian. Has the child retreated?

what's the situation?

They didn't know, so this meeting could not help looking curiously at Li Tian in front of him, looking for answers.

But what about Li Tian? After hearing the ghost servant's question, he turned his head slightly.

Dao said, "Actually, I don't know much about it myself."

"But I thought about it later, maybe it was because of the stone in my stomach." Li Tian said as he suddenly pointed his abdomen and looked at everyone there.

When the brothers heard that there was a stone in Li Tian's stomach, they couldn't help being stunned.

"Little boss...what do you mean?"

"Yes, Young Master, why is there a stone in your belly?" The ghost servant and Tang Xiaolong in front of them couldn't help but look at Li Tian and asked.

Li Tian smiled slightly and said, "I don't know the origin of the stone... But I know that the stone is not an ordinary stone... It is said that the name of the stone is called Vampire Spar.

When all the brothers in front of him heard the words of the blood-sucking spar, they couldn't help but be slightly startled.

"Vampire spar?" They all repeated the name of that weird stone silently.

Obviously they don't know the true origin of the Vampire Spar.

"Young Master, when did you eat such a weird thing?" The ghost servant couldn't help Li Tiandao who was looking in front of him curiously at the moment.

But seeing Li Tian frowned slightly and said: "Speaking of this stone, it is a very early matter... At that time, I had not met you... When I was in the Duanmu family."

"Luohe Buddha, do you still remember?" Li Tian suddenly mentioned the name of an old predecessor.

"Remember." Tang Xiaolong on one side said quickly.

"It's the old man who was blind... that day also prevented us from attacking the Duanmu family... and forced the old man who used the Tyrant Sword Art by Dugu Senior." Tang Xiaolong said in front of him.

Naluo River Buddha is indeed a first-class senior.

During the battle in the Wild Wolf Valley that day, he confronted Duguxie bare-handed, and finally used the Prajna palm to force Duguxie to use an unprecedented Overlord Sword Art... Although Luohe Futu was defeated in that battle, Duguxie did it because of this. Enchanted.

At this moment, when mentioning an old man of Luohe Futu who was once in a flash, the brothers were not only shocked.

"In fact, my blood-sucking spar was given to me by Senior Luohe that day." Li Tiandao said.

"He gave it to you?" the brothers in front of you asked curiously.

Li Tian nodded and said, "Yes, although I don't know why Senior Luohe gave me the Vampire Spar, I am still very grateful to him."

"The last blood-sucking spar was...I ate it into my stomach by mistake..." Li Tian said depressed.

When Li Tian actually said that he accidentally ate the blood-sucking spar into his stomach, the brothers were even more depressed.

"Then the blood-sucking spar went into my stomach." Li Tian continued.

"Young Master, did you eat that blood-sucking spar?"

"Then there is nothing wrong with your body?"

"Yes, big brother, is that weird thing harmless to your body?" The brothers all looked at Li Tian in front of him worriedly.

Li Tian waved his hand and said: "It's okay...not only it's okay, but on the contrary, I feel more and more that that little thing is a little weird...because sometimes when I fight with people, the blood-sucking spar in my body can't help but let out. A powerful force of suction will then attract the opponent, and then it will continuously absorb the internal force of others."

Suck each other? Absorb the inner strength of others?

The brothers in front of him were all stunned after hearing what Li Tian said.

"Young Master...isn't it...isn't it the same as Long Yin's demon-absorption Dafa? It can also take away the inner strength of other people's bodies?" said the ghost servant Li Tiandao who was looking in front of him in surprise.

Li Tian nodded silently, "Yes."

"Once when I was fighting against the four elders of the Duanmu family, I used to **** the energy of their bodies... It's just that the suction power of the vampire spar at that time was not as strong as it is now..." Li Tiandao .

The ghost servant thought for a while and looked at Li Tiandao: "Young Master, when you finally battled Long Yin, was it the power produced by the blood-sucking spar?"

"Yes, I was already sucked in by Long Yin's magic absorption method, and at the same time, my whole body began to slowly become soft, and finally my body didn't have any strength at all... But I didn't expect that at this juncture, my body The blood-sucking spar inside suddenly awakened at this moment."

Chapter 1336: Brotherhood reunion

"Then I will eat back that Long Yin... If it weren't for that Long Yin finally used a very strong palm to shake off the suction, it is estimated that Long Yin will really be swallowed up by me..." Li Tiandao.

When Li Tian said this, the brothers in front of him were completely speechless.

Now they finally know why that Long Yin would retreat without a fight...Why would he let the good situation go on a slaughter, and chose to slip away desperately. It turns out that his magical method can't resist Li Tian's body. The strange and terrifying blood-sucking spar possessed in it.

After Li Tian's words, they finally understood everything.

"It turns out that everything is like this."

"It seems that the only one who can deal with that abnormal Long Yin is the Young Master." The ghost servant at the moment said there.

The brothers also nodded deeply.

That Long Yin has already greatly increased his skill. In terms of strength, the current brothers can say that no one is his opponent, and that Long Yin will also be terribly magical, if one is accidentally sucked out by that Long Yin. As far as skill is concerned, it is dead and dead.

So now the only one who can contend against that Long Yin is now Li Tian.

Hatred burned in Li Tian's eyes and said, "Don't worry...that villain, one day I will let him die under my hands."

The brothers were silent there, without speaking.

The unconscious Duguxie was still dying, whether it was alive or dead, no one knew at this moment.

They are waiting, waiting for the arrival of the North China Field Army.

Finally, after waiting for almost two hours, Li Tian's ears suddenly moved.

Then he closed his eyes and listened intently...

The whirring sound of the helicopter propeller slowly passed into his ears.

After hearing the sound of the helicopter, Li Tian stood up suddenly excited.

"They are coming..."

As Li Tian said this, the brothers were all taken aback, and they all got up from the truck and looked at the blue sky and said, "Where are they? Where are they? Why didn't I see them?"

Of course, their listening cannot be compared with Li Tian now.

Since Li Tian opened the Profound Gate of Life and Death, both his eyesight and hearing have grown abnormally, so Li Tian can hear it from far, far away.

Hearing what Xue Wuhen said at this moment, Li Tian smiled slightly and pointed to the distant sky and said, "Soon...you will be able to see it in less than five minutes."

At this time, the brothers looked up at the blue sky and waited for the helicopter to appear.

Finally, 45 minutes later, two helicopters appeared in the blue sky, and the whistling sound of propellers resounded throughout the sky.

"Here...really."

"Brother, it's really a helicopter coming." Xue Wuhen said with excitement, and the brothers beside him were also excited.

Indeed, the people from the North China Field Military Region really came.

The brothers at the moment hurriedly waved to the helicopter here.

Inside the helicopter, but seeing the pilot driving the helicopter in front of the brigade commander Wang Zhen at the back said: "Report to the brigade commander and found them..."

Wang Zhen, Old Monster Ge in the cabin and one of Chen Qiao heard excitedly and said, "Where?"

"It's right below..." the pilot said.

"Fly down quickly," Wang Zhen ordered.

"Yes, brigade commander." After the pilot received the order, the two helicopters began to fly down from the blue sky.

Huhuhuhuhu, the strong wind brought up by the huge propeller blew the surrounding trees and sand into the sky, and the two helicopters also slowly fell from the air at this time.

At the moment it fell, I saw the door of the cabin slammed open.

Then I saw Brigade Commander Wang Zhen, Chen Qiaozhi, and Old Monster Ge in the military uniform quickly running off the plane.

"Li Tian... Xiaolong..."

The moment Nage Ge and Chen Qiaozhi jumped off the plane, they covered their faces and ran toward the brothers while shouting there.

"It's Qiaozhi and the old monsters who are here..." Tang Xiaolong jumped out of the car with excitement.

And the Aqiu, the Ghost Servant and Li Tian in front of them quickly jumped out of the truck.

"Sick ghost... old monster..." Tang Xiaolong ran over as if he had met the closest person.

And the brothers here quickly followed.

"Little Dragon..."

"You are finally back..."

Finally saw the brothers, they were finally reunited again.

But seeing that Tang Xiaolong went up to give Chen Qiaozhi a big hug like a woman, Old Monster Ge laughed haha on the side.

"I'm back...you are finally back." Old Monster Ge sighed there.

The brigade commander Wang Zhen over there also came over happily, clutching Li Tian's hand tightly and saying, "You can be counted as coming back... I miss you all."

"Yes, we are back." Li Tian said excitedly there.

Chen Qiaozhi and Tang Xiaolong over there have separated from the embrace.

Chen Qiaozhi looked at Tang Xiaolong and said, "Xiaolong, why is your girl so yellow? And why is your physique so thin? Is something wrong?"

Chen Qiao glanced at it.

Tang Xiaolong said, "I was injured...that's why."

After Chen Qiaozhi heard this, he then took a close look at all the brothers, and found that their faces were all anxious and exhausted, and it was obvious that their physique was not that good.

"Did something big happen?" Chen Qiaozhi asked quickly.

As he asked, he saw Li Tian say there, "I'll talk about this later..."

"It's better to save people first," Li Tian said immediately.

When they heard the word "saving people", Chen Qiaozhi, Old Monster Ge and the brigade commander Wang Zhen were all stunned.

"What's wrong? Who's wrong?"

After Chen Qiaozhi asked, the brothers bowed their heads.

Chen Qiaozhi looked around for a week, and suddenly found that Duguxie was missing.

"Where is Senior Dugu?... Oh my god... Could it be Senior Dugu that had an accident?" Chen Qiaozhi asked incredulously.

Li Tian nodded helplessly.

"He was seriously injured to save us..."

"Let's not talk about it, let's take the man back to the military area... first heal him." Li Tiandao.

"Where is the person? Where is the person?"

"It's in the truck."

"Xiaolong, Qiao Zhi, hurry up and lift people to the helicopter, we will go home immediately." Li Tian gave orders there.

The Chen Qiaozhi and Tang Xiaolong in front of him rushed over. After arriving on the truck, Chen Qiaozhi was shocked after taking a look at the face of Duguxie's gray face.

Chapter 1337: Cause and effect

"Such a serious injury? Even the whole face seems to be completely dead..." He was shocked, but didn't dare to delay too much time, so he hurriedly lifted the body of Duguxie with Tang Xiaolong in front of him. Lift towards the helicopter.

When he reached out and touched the body of Duguxie, his whole body had already begun to be cold, like a corpse.

The surrounding Old Monster Ge and the brigade commander Wang Zhen who had just arrived were not only stunned when they saw that Duguxie suffered such a serious injury.

"Go, leave here...return to the North China Field Army."

Li Tian gave an order, and hurried to the two helicopters in front of him.

The Opteron and Brigadier Wang Zhen were sitting in one plane, while Li Tian and all his brothers were sitting in another helicopter.

After they all got on the helicopter, they just listened to Wang Zhen's order and said: "Take off...return to the military headquarters."

"Yes, brigadier."

After the pilot received the order, he began to ascend...

As the huge propeller began to rotate slowly, the brothers in front of them flew into the blue sky in a plane.

They are back.

In the blue sky, two military helicopters flew towards the distance.

Inside the helicopter, but seeing everyone with a happy look on the brothers, they were finally reunited, no matter who was extremely happy.

Only Xue Wuhen on the other side looked a little embarrassed... in the place where he was sitting quietly.

Because for Xue Wuhen, he didn't even know Chen Qiaozhi in front of him or Old Monster Ge.

On the contrary, the two certainly didn't know Na Xue Wuhen.

At this moment, Chen Qiaozhi glanced at Xue Wuhen, who was sitting next to Li Tian, and said to Li Tiandao, "This is?"

Li Tiandao said, "Oh, I forgot to introduce it to you. This is our new brother, whose name is Xue Wuhen..."

"Oh." When one of Chen Qiao heard that it was Li Tianxin's younger brother, he not only said slightly.

Old Monster Ge on the other side also said, "Good name... Xueying world, Daxue Wuhen, it is a good name as expected."

Na Xue Wuhen smiled slightly and looked at Chen Qiaozhi and Old Monster Ge and said, "Good for you two...I would like to ask the two elder brothers for advice in the future."

"Brother dare not be, let me call me Chen Qiaozhi..."

"Yes, also call me Old Monster Ge." The two said.

They laughed as they said this.

"Li Tian, what happened? Isn't the Dark City very undesirable?" Chen Qiaozhi in front of him suddenly looked at Li Tian and asked.

When asked about the Dark City, Li Tian's face suddenly became extremely ugly.

And Chen Qiaozhi went on to look at the faces of the other brothers, but seeing that each of them was full of weird looks, this situation surprised Chen Qiaozhi in front of him.

"Xiaolong, tell me, what happened?" Chen Qiaozhi looked at Tang Xiaolong and asked.

Old Monster Na Ge also turned his head and looked at Tang Xiaolong in surprise.

But seeing Tang Xiaolong suddenly muffled his mouth and said, "Fuck, don't you see... we... we almost died in the dark city with the little boss."

"Ah? How could this be?" Chen Qiao said in a daze.

Old Monster Nage also turned extremely ugly at this moment, looking at all the brothers.

"Of course you two won't know what terrible things have happened in the Dark City." Tang Xiaolong hummed in that mouth.

Then Chen Qiao said: "Nonsense, we just don't know, so we ask you..."

"I said there is a fart, things have happened...now what use is there to say." Tang Xiaolong said sullenly, as if he didn't want to mention the dark city anymore.

Then Chen Qiaozhi and Old Monster Ge became depressed.

The two of them really don't know what happened in the Dark City, but the brothers now seem to be reluctant to say it.

Finally, Li Tian spoke up.

"This Dark City operation is a failure from beginning to end... Not only did we not find out the news about the gate of hell, but the brothers who were also killed were almost killed there..."

"Hey, it seems that I was too careless before. I never thought that there would be so much evil hidden in the Dark City." Li Tian said reproachfully.

When Chen Qiaozhi and Old Monster Ge in front of them heard Li Tian say this, they were all taken aback.

Then Tang Xiaolong said, "Little boss, how can you blame you for this?"

"Blame the **** Long Yin... everything was raised by that bitch."

"Damn, I have a chance, I have to kill this **** myself." Tang Xiaolong said with hatred burning in his eyes.

But what about Chen Qiaozhi and Old Monster Ge? When he heard Tang Xiaolong talk about that Long Yin, he couldn't help being taken aback.

"Long Yin?"

"Could it be the **** before? The character who appeared in Binjiang City before?" Chen Qiaozhi said suddenly.

Tang Xiaolong said: "Yes, that's the cruel bastard."

"He also went to the Dark City?" Chen Qiaozhi asked puzzledly.

Tang Xiaolong said: "He has always been in the dark city, reaching the dark city before us."

When Chen Qiaozhi heard the roaring Tang Xiaolong say this, he was completely stunned.

"Well, let me tell you about what happened in the dark city." Tang Xiaolong finally said there.

That Chen Qiaozhi and the old monster Ge in front of him were extremely interested in the affairs of the dark city at this moment. Hearing Tang Xiaolong in front of him said this, he nodded there quickly.

So Tang Xiaolong began to talk bit by bit...

From the fact that they entered the dark city, from the outer city, then into the inner city, the poison emperor, and the death of the poison emperor... to the appearance of the abnormal dragon Yin... everything was told to the people in front of him without missing a word Chen Qiaozhi and Old Monster Ge.

The bizarre twists and turns in the middle and the level of thrilling completely made Chen Qiaozhi and Old Monster Ge completely stunned.

They never expected that this dark city almost killed all of their brothers' lives, and they didn't expect it to be so dangerous.

After listening to all the things Tang Xiaolong said, Chen Qiaozhi probably froze for a few seconds.

"That...that...that all the people died in the end? They were all killed by the guy named Long Yin?" He asked with his eyes widened.

Li Tian nodded silently.

"Oh my god, that person is terrible..."

"Unexpectedly, the famous Poison Emperor, as well as the powerful characters in the gate of hell, all died in the hands of Long Yin." Chen Qiaozhi said in shock.

Old Monster Na Ge was also speechless.

Chapter 1338: Don Feifei?

"It seems that Long will become a real enemy in the future." Chen Qiaozhi finally said there.

Old Monster Ge on one side thought for a while and looked at Li Tian and asked, "That Duguxie's physical injuries were also beaten by the bad guy named Long Yin?"

"Yeah." Li Tiandao.

"Can't even Duguxie beat that Long Yin?" Old Monster Ge said in shock.

On one side, Tang Xiaolong said: "That **** Long Yin can **** magic tricks... When he killed the poison emperor and the two masters in the gate of hell, he sucked all of their life skills... who can? Beat him?"

When Tang Xiaolong said this, the Chen Qiaozhi and Old Monster Ge in front of him finally understood why that Long Yin was so powerful. It turned out that he could absorb Dafa.

"Hey, how is Senior Dugu? When I lifted his body just now, I felt that his body had begun to get cold." Chen Qiaozhi said uneasily.

At this time, the brothers also turned their heads to look at the dead corpse Duguxie worriedly: "There will be nothing wrong with him, certainly nothing will happen."

"Well, Senior Dugu should be able to survive." They said there.

Li Tian thought about it and looked at Chen Qiaozhi and Old Monster Ge before him and asked, "What about you? How are you doing in the North China Field Military District?"

After Li Tian asked, Chen Qiaozhi smiled slightly and said, "We are all fine."

"Where are they?" Li Tian asked again.

Although Li Tianshen is in the distant dark city, he still misses Situ Ningbing and the others...

He loves them and of course misses them.

After hearing Li Tian's question, Chen Qiaozhi said, "Everyone is fine."

"It's just..." Chen Qiaozhi stopped there again, wanting to say something.

After hearing Chen Qiaozhi suddenly seem to have something unspeakable, Li Tian quickly asked, "It's just what?"

Chen Qiaozhi thought for a while and said, "It's just that another girl suddenly broke into your life." Chen Qiao said, blinking at Li Tian in front of him.

After Li Tian suddenly heard what Chen Qiaozhi said in front of him, he was not only taken aback.

"Stranger girl?"

"Who?" He was curiously looking at Chen Qiaozhi, while thinking in his mind, what's going on?

Then Chen Qiaozhi set off for a while and said, "Tang Feifei, you should know you, right?"

When the three words Tang Feifei suddenly came out of Chen Qiaozhi's mouth, Li Tian was taken aback for an instant.

What a long name this is...

For Li Tian now, this name seemed to be sealed in the deepest part of his memory, but now it was suddenly unearthed.

Don Feifei? Isn't it the daughter of the Tang family when she was just a security guard? Isn't it the earliest time that I didn't dare to love... Didn't I dare to accept her eldest lady?

Why did Chen Qiaozhi suddenly mention her name now? How would he know Feifei's name?

To know the story of Li Tian and Tang Feifei, few people know at all. The brothers who are present now know no one except himself.

But how did Feifei's name suddenly come out of Chen Qiaozhi's mouth?

At this moment, after hearing what Chen Qiaozhi said suddenly, Li Tian hurriedly asked, "How do you know Feifei's name?"

After Li Tian asked so, he only heard Chen Qiaozhi say: "Because she has come to you."

"what?"

"She came to me?" When Li Tian heard the news, he almost jumped up in shock.

"Impossible... We haven't contacted for a long time... Besides, how could she know that I am there?" Li Tian said in a disbelief.

Yes, how long has passed since the farewell that year!

How could Feifei know her current situation? How could she find herself? So Li Tian at this meeting can be said to be full of disbelief.

But Chen Qiaozhi in front of him said: "What I said is true."

"That Miss Tang really came to you... Less than two days after you and Xiaolong left the North China Field Military Region, that Miss Tang came to the North China Field Army, and the one who named her by name was looking for you..." Chen Qiaozhi said.

After Chen Qiaozhi said so, Li Tian was speechless.

Feifei is really here?

Did you really find yourself?

The memories that I had hidden deep in my heart at the earliest time have all been unearthed at this moment.

A weird elf girl flashed in his mind at the same time, smiling and teasing him from time to time in front of him all day long, and also lied to him... When all this was in my mind, a sense of unprecedented sweetness suddenly surged. Li Tian's heart.

"Where is Feifei now? Where is she?" Li Tian quickly asked again.

"She's still in the military area now...you will be able to see her when we go back." Chen Qiaozhi said.

Unexpectedly, Feifei really came to find herself.

Li Tian has always maintained the most innocent affection for that girl...that may be the one who has the deepest memory among all the women in Li Tian except for Situ Ningbing.

After all, all the memories of Li Tianchu when he left the rivers and lakes to reach Kyoto City are so precious.

Therefore, at the moment when he heard Feifei's news, Li Tian couldn't help the excitement in his heart, and he could feel his happy eyes from his eyes.

"But... you have to beware of too many women, it will be a big trouble." Chen Qiaozhi said suddenly there.

"What do you mean?" Li Tian asked with a frown.

The old monster Ge next to him suddenly laughed and said, "We have quarreled...they started quarreling."

"Who? Who quarreled?" Li Tian asked depressed when he heard the quarrel.

"It's that Miss Duanmu... and the Miss Tang who is looking for you... They quarreled when they didn't agree..."

"Yesterday, they quarreled so fiercely...If it weren't for Girl Situ to stop it in the end, the two might not be sure how quarreling would be." Old Ge said strangely.

When Li Tian heard this, he was helpless, and quickly asked, "Why? Why are you arguing?"

"Why did Duanmuying quarrel with Feifei?"

"Because of feelings, because of you."

"Then Muying saw that Miss Tang came to you from a long distance... She must be jealous, so she went to find Miss Tang... Then the two started arguing without knowing what happened."

When Duanmuying was arguing with Tang Feifei because of jealousy, Li Tian was speechless. He sat on the side helplessly, wrinkling deeply without revealing...How could this happen? Why is this so?

"Does that beautiful woman surnamed Tang really have something to do with you?" Old Monster Ge suddenly smirked and looked at Li Tian there.

Chapter 1339: Desert kill

Li Tian said depressed: "Where is there..."

"Feifei and I...just...just the first we met..."

"Hey, I just didn't expect that in the past few years, she would still be able to find me."

Recalling in his mind that he had left without saying goodbye, and thinking of his entangled relationship with Tang Feifei, Li Tian was in a daze.

Looking at the white clouds outside the helicopter window, his mind started to think about it, thinking of Feifei's past, thinking of the purest girl before...

Inside another helicopter, but I saw that Opteron and Wang Zhen were sitting in the helicopter.

The two iron-blooded soldiers didn't seem to have much to talk to, and they were silent along the way.

Opteron is like a rock, maintaining that cold posture from beginning to end, and Brigadier Wang Zhen was not familiar with the first guard next to the commander-in-chief, so it would make them look a little bit inside the helicopter. awkward.

But in the end, Brigadier Wang Zhen slowly broke the rigid situation in front of him.

He turned his head and looked at the white dragon in front of him and asked, "Captain Hao... how about going to the Dark City this time?"

Upon hearing Brigadier Wang Zhen's question, White Dragon coldly spit out a few words from his mouth: "Not so much... I failed."

"And we almost came back dead."

After hearing what Hao Long said, Wang Zhen was still quite surprised. In the North China Field Army, everyone knew that Hao Long was a top-notch macho, and he could not expect that even a character like him would almost die.

I saw Wang Zhen in front of him and asked again: "Company Captain Hao, how did you come out of the Dark City?"

"Escaped..." Hao Long said.

"If the guy named Long Yin really wants to attack us, I am afraid that no one, including Li Tian, can come back alive from the Dark City today."

The cold words of the white dragon made the brigade commander Wang Zhen completely shocked. He never expected that this trip to the Dark City would be so dangerous.

After thinking about it, Wang Zhen turned around and didn't question too much.

The sky is full of yellow sand.

Murderous.

But seeing the yellow sand in the sky, a few figures were quickly fighting against each other.

One of them was dressed in purple, holding a deadly and vicious sword, a soft sword, his handsome face looked cold at this moment, and there was a long and narrow sword mark on the left cheek.

Beside him are three masked men in black costumes.

These people can tell from the action of the shot and the look in their eyes, they are absolutely extraordinary characters, and each of them is standing there with deadly weapons in their hands.

On the other side, there was also a person standing there, but 4 ***** corpses had fallen in front of him.

Those corpses were also covered with faces, but now they were dead.

"If you don't want to die, just put the weapon down for me honestly, otherwise, don't blame me for killing." Amidst the flying sand, he saw the purple-clothed man with a soft sword suddenly said in the wind.

Those three masked men are clearly lost!

And their companions are still lying down on the ground...Although they are not simple characters, they can still see the fearful gaze in their eyes.

"Ouyang Longyan...The Evil Envoy...you dare to betray the gate of hell?"

"Aren't you afraid of death?" Only one of the masked people roared there.

Those two turned out to be Ouyang Longyan and the Ecstasy?

Yes, it is these two people at the moment.

But seeing that Ouyang Longyan snorted coldly and said, "If I am afraid of death, I will not betray the gate of hell."

"You..." The three men in black clothes and masks were suddenly frightened, and their bodies couldn't help but began to slowly move closer together.

But seeing the soft sword in Ouyang Longyan's hand lifted, he looked at the three black-clothed and masked humans in front of him and said: "I'll say it again... put down the weapons in your hands."

Just when Ouyang Longyan said this sentence suddenly, the three black-clothed masked men in front of him suddenly began to attack like a fish dead and a net broken.

The three people who roared at the same time rushed towards Ouyang Longyan from different angles, and at the same time, the deadly weapon in their hands also viciously stabbed Ouyang Longyan in front of him.

Seeing these people attacking him in this way, Ouyang Longyan suddenly roared: "Looking for death,"

After the words were spoken, the soft sword in his hand suddenly pierced at a strange angle.

But seeing that the three masked men attacked at an extremely fast speed at the same time, they looked like masters.

But obviously they are not the opponent of Ouyang Longyan in front of him.

After he took over, Ouyang Longyan's swordsmanship was light and vicious, and he was inseparable from the three of them.

One of them died tragically under Ouyang Longyan's poisonous sword, and his sword struck the black masked man's neck like a deadly wind.

The black-clothed masked man screamed sternly, and then the entire throat tube was completely broken, and he died to the ground with a wailing cry.

Another black-clothed masked man with a knife slashed towards Ouyang Longyan from behind after seeing his companion dead.

Ouyang Longyan felt the strong cold wind behind him, backhanded a sword, and screamed, the heavy knife didn't hit Ouyang Longyan's body, but was blocked by the soft sword in Ouyang Longyan's hand.

After blocking his sword, the black-clothed masked man was taken aback and wanted to raise the knife backhand, but it was too late.

Because Ouyang Longyan's deadly sword has already pierced his wrist...

With a flutter, the pungent and sharp sword cut off one arm of the guy all at once.

The man screamed, clutching the severed wrist, screaming in pain, Ouyang Longyan stab the black masked man in the chest, and then the whole vicious sword Pierced the heart of the man in black in front of him.

died.

When the last black-clothed masked man saw his companion's momentary tragic death, he was completely frightened and wanted to escape.

But how could he escape under Ecstasy and Ouyang Longyan's men.

"Want to run?"

"Bring me back."

The ecstasy suddenly stood up, and then the figure flashed and quickly followed the black-clothed masked man, and then a whirlwind kick in the air directly kicked the black-clothed masked man from the air.

After the black masked man was kicked off by the ecstasy, he wailed and fell to the ground.

The Ecstasy went down and suddenly stepped on the black masked man in front of him with one foot.

"Huh, still want to run?"

The voice fell, and the ecstasy made the whole person stand motionless in front of the man in black.

Chapter 1340: kill

The black-clothed masked man was breathing uncontrollably at the moment, with a vicious light in his eyes, he said, "Ecstasy, Ouyang Longyan...Even if you kill me, the master will avenge us. ...He will let you two traitors die better than life! Life is better than death."

"You dare to be hard when you die..." The ecstasy made a roar and stomped on the masked man who was about to die.

The masked man groaned in his gussed mouth and gasped violently.

But seeing Ouyang Longyan walking over there slowly, the soft sword in his hand pointed at the masked man coldly: "Say...who sent you to the Dark City?"

"Apart from you, who else is here?"

The masked man knew that he might not be able to escape today, and stared at a pair of fierce eyes and said: "Even if I die, I won't say..."

"you do not say?"

"Hmph, then I will let you die." With Ouyang Longyan's sneer, suddenly the soft sword in his hand pierced his body.

The cold blade pierced fiercely into the body of the masked man in front of him, and the blood flowed out along his body.

The black masked man endured the piercing pain there.

"I see how long you can endure... Then I will let the blood on your body drain slowly." Ouyang Longyan said with a cruel smile on the corner of his mouth, looking at the black masked man.

The viciousness in the black masked man's eyes had completely turned into the color of pain at this moment.

He endured there, but the blood on his body was constantly flowing, and the blood gradually began to stain the whole ground red.

"Don't tell me yet?" Ouyang Longyan suddenly sneered.

Then the sword in his hand was suddenly picked at the hamstring of the black-clothed masked man. ,

Roujian slashed the veins on his ankle, but a scream that was so painful in his heart came out of the black masked man's mouth in an instant. The cry was so miserable and painful.

"Say or not? If you don't say any more, I'll dig out your eyes...cut off your entire tongue." Ouyang Longyan said coldly.

His handsome face showed a strong killing intent at this moment, without any joking at all.

The black masked man knew that Ouyang Longyan in front of him could do everything. Don't forget, Ouyang Longyan was also a very vicious character in the gate of hell. Therefore, in the end, this masked man couldn't bear such pain. , Finally wailed: "I said... I said..."

Seeing the masked man finally begging to say something, Ouyang Longyan's mouth showed a cold smile.

"Let's say, how many people have you come to watch the Dark City?" Ouyang Longyan asked coldly there.

"Not many, just a dozen people." The black masked man said in pain.

"Why are you watching here?"

"We are to track down the news of Long Yin..." the black masked man continued.

When they heard these ***** gate people say that it was to track down the news of that Long Yin, Ouyang Longyan and the Ecstasy looked at each other.

"That's it?" Ouyang Longyan asked coldly.

The black masked man in front of him said uncomfortably, "It's just these..."

"The only orders given above are these..."

"The master of the gate of ***** didn't let you deal with Li Tian and Duguxie?"

"No....."

Ouyang Longyan thought for a while, looked at the ecstasy in front of him and said: "It seems that the master of the gate of **** is dealing with Long Yin wholeheartedly."

The Ecstasy nodded slightly and agreed.

"That **** Long Yin learned the magic trick, and killed the poison emperor, as well as the other two death guardians in the gate of hell. Of course, this master will be angry."

"I really don't know how the master of the gate of **** is going to deal with Long Yin in front of him."

"It's very simple, just ask him." Ouyang Longyan suddenly stepped on the black man in front of him who was bleeding on the ground: "Tell me, how does the master plan to deal with that Long Yin? And he hasn't been dealing with him all the time. Does Li Tian still have Duguxie? Why don't you do it now?"

Following Ouyang Longyan's icy questioning, he listened to the man in black painfully saying on the ground: "The sect master...the sect master...has already sent...sends...the gods and gods to the cave...to the cave ...Please that old monster."

"what?"

When Ouyang Longyan and the Ecstasy in front of them suddenly heard the man in black in front of them say so suddenly, their expressions became extremely ugly, as if they had heard a ghost.

The magic cave?

The old monster in the cave?

In front of him, Ouyang Longyan and the unbelievable ecstasy whispered silently in that mouth, and at the same time, the faces of both people showed extremely terrifying looks at this time.

"how is this possible?"

"Does the sect master of the gate of **** really plan to let that monster be born?"

"Know that that monster has been locked for almost 20 years..."

After the ecstasy in front of him and Ouyang Longyan gave out shocked words at the same time, they then coldly looked at the black-clothed human on the ground and said: "What you said is true? The master of the gate of **** really intends to make the old man of the devil A monster is born?"

"Yes... it's true..."

"I heard someone tell me this."

"And now they have sent Tian Luo Di Sha two people to the Demon Cave..." The black-clothed masked human on the ground.

After listening to the black masked man in front of him finally saying this, Ouyang Longyan and the ecstasy in front of him made his face extremely disturbed.

"It looks like this is a big trouble..."

"If the old monster in the Demon Cave is really born... then the consequences will be unimaginable." Ouyang Longyan said there.

The Ecstasy also said, "Yes."

"The brutality of that old monster is definitely beyond the scope of imagination. If he is born, the whole river and lake will probably be plunged into blood..."

After the two said this, Ouyang Longyan suddenly looked at the man in black on the ground and said to the ecstasy in front of him: "Is he still keeping it?"

The black-clothed masked man suddenly heard what Ouyang Longyan said in front of him, and wailed in pain and pleaded: "Please let me go alive... I am also forced by the master like you... Please. ."

After he begged so much, he saw that the ecstasy had no sympathy at all.

"Kill him." A word came out of the ecstasy.

After Ecstasy said so, Ouyang Longyan raised the sword in his hand, and then pierced the black masked man's throat with a flutter, and blood shot out.

The black masked man's eyes widened and he died on the ground.

The Ouyang Longyan and Ecstasy before them completely solved the surveillance personnel sent by these **** gates, then looked at the distant desert and said: "It seems that the dark city affairs really ended in this way..."

"Yes."

"No one thought that Long Yin would be the final winner... To be honest, I can't even believe it myself." Ecstasy said.

"Long Yin is extremely treacherous...He must be a hero in the future...This person must be killed as soon as possible, or the result will be unimaginable."

"If he gets up, he will be even more terrifying than the master of Hell Gate." Ouyang Longyan said, looking at the distant desert.
