

A Killer 1351

Chapter 1351: came back

The doctor said, "Don't worry, we have given the patient a cardiotoxic injection. The patient is fine for the time being, but if the patient still has no signs of vitality after a while, it will be really troublesome."

After the doctor said so, the fairy Baihua in front of him was stunned.

And Chen Qiaozhi and the old monster Ge around him also looked at each other.

"Doctor, please, I beg you to heal my second brother." The fairy Baihua in front of him prayed.

The doctor nodded there and said, "Don't worry, everyone, we will do our best to heal him."

"Thank you, thank you." Fairy Baihua said to the doctor.

Eventually these doctors all left.

Only Baihua Fairy in front of him and Chen Qiaozhi and others remained in the corridor.

"Senior Hua, don't worry, Senior Dugu will be fine."

"Yes, Senior Hua, Senior Dugu has been so bad in his life, this injury can't beat him at all." Chen Qiaozhi and Old Monster Ge in front of them couldn't help but persuade when they saw Fairy Baihua so worried. she says.

When Baihua Fairy heard the two of them say this, a wry smile appeared at the corners of her mouth. He looked at them and said, "You two have been tired for so long, so let's go back and rest first... I will accompany my second brother here."

When Fairy Baihua said so, Chen Qiaozhi and Old Monster Ge thought about it, so he said, "That's good."

"Then let's retreat first." Chen Qiaozhi.

Fairy Baihua nodded beside, so Chen Qiaozhi and Old Monster Ge left.

At this moment, only Baihua Fairy was left in the empty corridor.

She glanced at the door of the emergency room, then walked in step by step.

After walking in, the first thing I smelled was a strong smell of medicine. The place in front was a hospital bed, and on the bed was Duguxie with a dead face lying on it.

His eyes were closed tightly, like a dead person, only the heartbeat beside him was beating dripping.

After Fairy Baihua walked in, she looked at Duguxie who was lying on the bed, looking at him with great worry.

"Second brother...you must hold on, must hold on." She murmured there.

It's a pity that Duguxie couldn't hear a word of her words at this moment, he just stayed motionless like a stiff corpse.

"Second brother, you promised me, let's go find big brother together...what about sister-in-law...you can't just fall down like this, you must get better." A sad voice came out of Fairy Baihua's mouth,

and she stretched out. With a slender hand, he held Duguxie's only left hand in his palm, and looked at the iron-blooded man like that.

"Hey, Senior Dugu doesn't know if he can survive this time." On the way, he sighed when he saw Old Monster Na Ge there.

Chen Qiaozhi remained calm and did not speak.

"Sick ghost, now that the dragon surnamed even Duguxie has defeated... Then you say, don't we get worse in the future? Isn't anyone the opponent of Long Yin?" Old monster Ge suddenly asked. The crucial question asked Chen Qiaozhi, who was looking in front of him.

Chen Qiaozhi nodded slightly with an ugly expression, "You are right."

"Except for Senior Dugu, who has the highest skill among us...It is estimated that no one can be the opponent of the surname Long."

"Wipe, what can I do afterwards?"

"Now it's not just the gate of hell... but now suddenly a powerful Long Yin has appeared to oppose us... Hey, it seems that the road in the future will become more and more difficult." Old Monster Ge sighed there. .

Chen Qiaozhi nodded in agreement.

"I don't know what Li Tian plans now."

"Hey..." Old Monster Ge sighed for a long time, and the two said nothing, and walked towards their residence.

After Chen Qiaozhi and Old Monster Ge came back, they saw that the ghost servants and brothers had rested for a while sober.

Now they are all sitting quietly in the room.

After seeing Old Monster Ge and Chen Qiaozhi coming back, the ghost servant stood up first.

"Qiaozhi, how is my second brother?" Ghost servant asked quickly.

But when Chen Qiaozhi said there, "Senior Dugu's injury has been stabilized for the time being... I heard the doctor said that there is no life-threatening in a short period of time, but it will take a while to observe."

When the ghost servant heard this, he said, "That means my second brother may not be sure that there is anything wrong now, right?"

Chen Qiaozhi nodded helplessly.

Said: "Yeah."

"Senior Dugu suffered too much injury...so the doctor didn't dare to speak directly."

When the ghost servant heard this, his tall body suddenly trembled violently.

"How could this be? How could this be?" The ghost servant in front of him said suddenly in pain.

Then Tang Xiaolong stood up quickly, held the ghost servant in front of him and said, "Master, don't worry... Senior Dugu will definitely be able to survive."

"Yes, Brother Gui, don't worry about it." Xue Wuhen over there also persuaded servant Gui.

The ghost servant tried to calm himself down, then sat down, his eyes full of pain.

At this moment, Chen Qiaozhi beckoned at Tang Xiaolong who was on the side slightly. After seeing Chen Qiaozhi beckoning at him, Tang Xiaolong followed.

When Chen Qiaozhi walked outside, Tang Xiaolong followed.

"Sick ghost, what's the matter?" Tang Xiaolong looked at Chen Qiaozhi and asked.

Chen Qiaozhi thought for a while and looked at Tang Xiaolong in front of him and said, "Go and tell Li Tian the news... I'll save him worry."

Then Tang Xiaolong thought for a while and said, "Well, that's fine."

Tang Xiaolong who was talking left here.

When Tang Xiaolong came to Li Tian's residence, he found that Li Tian was not there.

Depressed, he found the soldiers at the door and asked them. Those soldiers told Tang Xiaolong that Li Tian had already left the North China Field Military Command, as if he had arrived in Binjiang City.

Tang Xiaolong was stunned when he heard what those soldiers said.

"What's the situation? How did the little boss go to Binjiang City?"

After asking the soldier in front of him, he heard the soldier tell him that the little boss was chasing the girl named Tang.

After hearing the news, Tang Xiaolong left here again angrily.

At this time, Li Tian had already drove back with Tang Feifei in the car.

Along the way, Li Tian was telling Tang Feifei all the deeds he had experienced in the past few years.

After Tang Feifei heard of Li Tian's deeds, it can be said that she was extremely shocked. She never expected that the little security guard who used to be under her father's company had experienced so many legendary stories.

On the way, she quietly listened to Li Tian talking about his past deeds.

Finally, the car arrived at the gate of the North China Field Army Command.

Chapter 1352: Practice begins

After Li Tian gave the driver the money for the car, he helped Tang Feifei's luggage and walked towards the North China Field Military Command.

Tang Feifei left and came back, looking a little embarrassed, bowed her head all the way, and didn't speak much.

Just as Li Tian and Tang Feifei were walking back, they saw the brigade commander Wang Zhen who just came over.

"Li Tian... I found you, where did you go?" Wang Zhen asked Li Tian who was walking back from the North China Field Army Command there.

Then he saw Tang Feifei behind and the suitcase in Li Tian's hands, and Wang Zhen was taken aback.

But when Li Tian heard that Brigadier Wang Zhen said this, he smiled and said, "Brigadier Wang, what's the matter? Is there anything to do with me?"

"I don't...but your brothers are looking for you in a hurry." Wang Zhen said.

Li Tiandao: "Oh, I see."

"Well, then you go back and meet them quickly."

Wang Zhen, who was talking, left here.

Li Tian took Tang Feifei and walked quickly towards the place where Tang Feifei lived. After arriving at the residence, it was inconvenient for Li Tian to stay longer because he still had business to do and wanted to see his brothers.

So he said to Tang Feifei in front of him: "Feifei, you'll wait for me here first... I'll see what the brothers are looking for me."

Tang Feifei said: "Okay, you should be busy with business."

After Li Tian nodded, he left here to find his brothers.

After Li Tian came to the brothers' room, he saw the brothers sitting quietly here.

"Qiao Zhi... Xiaolong." Li Tian called out to the brothers after walking in.

At this moment, the brothers also saw Li Tian walking in.

"Little boss..."

"Brother, you are back." Xue Wuhen and Tang Xiaolong shouted there.

Li Tiandao: "Qiao Zhi, how is Du Guxie's condition? What do the doctors say?"

After Li Tian asked, Chen Qiaozhi said all the things just said.

After Chen Qiaozhi said it, Li Tian was immediately depressed.

He also had the same expression as the ghost servant.

"Then the doctor said what to do?" Li Tian quickly asked there.

He only listened to Chen Qiaozhi's words in front of him: "The doctor said that he would wait for a while to observe and observe before he could be sure."

After Li Tian heard this, he was dumbfounded.

Unexpectedly, Duguxie, who had returned to the General Hospital of the North China Field Military Region, was still not awake... It seemed that the injuries he suffered this time were really serious.

"Little boss, what shall we do now?" Tang Xiaolong who just listened to the moment suddenly looked at Li Tian in front of him and asked.

Li Tian thought about it for a while and said: "Now do nothing...The only thing to do is to cure Duguxie's disease...Wait for his body to recover."

In the next few days, the thing that brothers have been most concerned about is the condition of Duguxie.

The enchanted Duguxie was seriously injured by that Long Yin, and now his life or death is uncertain, it has indeed become the brothers' biggest worry.

Li Tian also visited that Duguxie from time to time in the past few days to see his injuries, but so far, Duguxie has not been sober and shows no signs of improvement.

Don Feifei also returned.

But Li Tian didn't have much time to accompany her, because he is not sure about his brother's name now, why is he in the mood to accompany his women?

On this day, I saw Li Tian sitting alone in the room upset.

For the sake of Duguxie, Li Tian has not slept well for several days and nights.

But fortunately, his physical fitness is very good.

Now he was just sitting in the middle of the room distractedly.

While he was sitting in the room, he suddenly reached out and touched the "treasure" he had been holding in his arms.

The so-called "treasure" was a mysterious martial art handed over to Li Tian by the mysterious senior.

"Maha Boundless!"

The tips of Maha Boundlessness are written on a piece of gray cloth, with rows of small letters on it...

When Li Tian took out this maha immeasurable key, his mind was moved. Because of so many things he had come back, he almost forgot the peerless martial arts that this mysterious old man gave him.

At this moment, after taking it out, Li Tian looked at the key to the "Immeasurable Maha" with excitement in his heart.

Hearing from the mysterious old man, this maha's immeasurable key is extremely difficult to cultivate, and the more you practice, the more difficult it becomes. The more difficult it is to practice later, the most important thing is that if a person does not cultivate well, There is a danger of confusion.

After Li Tian recalled the words of the mysterious old man in his mind, he cautiously and slowly opened the maha's immeasurable key in his hand.

Meditation, no roots and no thoughts, no way of life.

To practice this skill, you must do this first.

Therefore, Li Tian at this meeting first held his breath, then sighed softly, forcing his whole body to calm down first.

When everything in his body and mind began to relax, Li Tiancai opened his eyes slightly and then went to see the immeasurable key of Maha.

From this moment, his road of cultivation began.

He knows how great the danger he will face in the future. Not only will the powerful and mysterious gate of **** be his enemy in the future, but there will also be a terrifying and perverted Dragon Yin, so Li Tian must strengthen his own strength. .

Now even the most powerful Duguxie among them has lost to the abnormal Long Yin. If he doesn't cultivate to improve his strength, how can he avenge his blood?

So after thinking this way, Li Tian hurried to start practicing.

He first calmed down his heart, and then achieved one state of mind, the realm of nature.

After reaching such a realm, he began to slowly open the maha's immeasurable key in his hand.

At the first glance, it was densely packed with small fonts.

But see the first row has a few slightly larger and eye-catching lines.

"Impermanence and impermanence are the foundation of Maha. Be cautious, practice this exercise, beard, quiet, and indifferent. Don't rush for quick success, otherwise you will set fire to yourself."

After seeing a few eye-catching fonts in the first row, Li Tian was slightly stunned.

He thought secretly in his heart: It seems that everything that the mysterious old man said is good for him. If he is really eager for quick success and quick gain, then it seems to be in trouble.

Therefore, Li Tian at this meeting maintained the most ordinary mind, and slowly continued to look down.

"The Maha Key is divided into 9 layers, the first layer is entrained air, the second layer, entry, the third layer, broken body..., the ninth layer, gods and demons!"

When Li Tian finished reading this maha's immeasurable key, he was not only taken aback, eh.

Why is the name of the ninth floor of this Maha Wuliang so weird?

The name is: Gods and Demons?

Chapter 1353: Midnight people

Li Tian certainly doesn't know that the last layer of the Maha Immeasurable is the most difficult layer to break through, and of course the most difficult and dangerous layer.

This ninth level Maha is boundless: Gods and demons, as the name suggests, actually mean practice and failure. If you break through the ninth level, you can become "God,". Of course, if you can't break through, then you will become another. One kind of terrible: magic.

Li Tian has not considered this yet, because he has not reached that state.

He is just preparing to practice the first level of this Maha Boundless: Entraining Qi from now on.

But seeing Li Tian cast his eyeballs on the key to the first level of the Maha Boundless.

The first layer: bleed air.

The following is a densely packed text of annotations: The way of entraining qi, accumulating the power of qi, returning the bag to the dantian, wandering through the meridians of the whole body, facing the north and back to the south toward the sky, and the intention follows the two palms. Pay attention to the yang movement of the dantian, and the left and right recovery to the two points. Prayer to Buddha is as a bosom, and the infuriating energy rotates through it.

After Li Tian saw the commentary of this text, he frowned slightly, then began to sit up cross-legged.

After he sat quietly on the ground, he sighed softly, reached the most relaxed state of the whole body, and then began to practice according to the first level of the immeasurable maha.

"With the strength of Qi, the bag will return to the dantian."

After Li Tian comprehended this sentence, he gradually collected all the messy and mighty real energy into his dantian, and then he sat facing north, slowly accumulating his palms to remove the sigh. The breath introduced into the dantian began to slowly spread to the whole body.

With such a slow operation, Li Tian could feel that his body began to change slightly.

Although the mighty qi in the body used to be ferocious and powerful, it looked a little messy, but now that Li Tian has slowly led the way by entraining qi, gradually the vast qi in his body began to slowly spread to around the whole body, in this way, he can feel that the whole body is full of powerful aura at this moment.

"The essence of the five places and six residences is the essence of focusing on the eyes. The essence of the essence is the eye, the essence of the bone is the pupil, the essence of the tendons is the black eye, the energy of the blood is the eye, and the essence of the essence is the white eye. , The essence of muscles is the restraint, the essence of muscles, bones, blood and energy is bound and tied to the pulse. The upper part belongs to the brain, and the back comes out of the Xiangzhong. Therefore, the evil is in the Xiang, because the body is weak and the human is deep, it follows the eye. If you start with the brain, you will turn your brain when you start it. If you start with the brain, you will be anxious to attract attention.

Below this is another inexplicable and extremely long martial arts mentality.

After reading it, Li Tian couldn't comprehend the true meaning of this first layer of Qi in a short time.

He thought about it, and then looked at it carefully: the essence of the five zombies and six residences is all focused on the eyes.

The meaning of this sentence is, is it to say that all the essence of the five internal organs should be concentrated in the brain, in the pupils? After Li Tian thought about it this way, he slowly extradited his body qi, and then all gathered in his head.

At this moment, he only felt that his head was dizzy first, and then he began to feel an unprecedented sense of emptiness.

When this empty moment suddenly appeared in Li Tian's mind, he quickly began to continue his cultivation.

"The essence of the case is the eye, the essence of the bone is the pupil, the essence of the tendon is the black eye, the blood is the energy..."

Li Tian then began to cultivate this maha infinite first level wholeheartedly.

This Maha Wuliang was created by the mysterious old man when he was two hundred years old. Li Tian's practice is now very difficult. Li Tian has to consider every sentence and even every word for a long time before he starts to slowly. Practice.

In this way, Li Tian practiced the boundless first-level martial arts of this Maha.

I don't know how long after practicing, Li Tian finally felt a little tired, and he sighed out a white body of vigor from his mouth.

Then his hands slowly dropped.

Then his eyes opened, and at the moment they opened, I saw that his eyes were shining brightly, shining with dazzling light.

Sure enough, it is indeed the immeasurable magical skill of Maha. Li Tian has practiced for such a short time. Unexpectedly, the body feels great changes at this moment. Not only the eyes are flashing, but also the vision, hearing, and the acupuncture points of the whole body Feeling unusually comfortable.

He stood up directly from the ground and looked at the Maha Boundless Key in his hand with joy. He couldn't help thinking in his heart that I had only cultivated less than a quarter of the first level of Maha Boundless. I have already felt the strange changes in my body. After that, if I finish all these cultivations, wouldn't I be truly invincible in the world!

Thinking of these Li Tian not only got excited,

He wanted revenge, revenge, killing Long Yin and the master of the gate of hell.

Looking at the Maha Boundless Key in his hand, Li Tian felt extremely grateful for the mysterious gray-robed old man. At this moment, after taking the Maha Boundless Key into his arms, he slowly walked towards the door. Go outside.

Li Tian didn't know how long he had practiced just now. After pushing the door open, he unexpectedly found that the sky outside had almost completely dimmed.

When the sky turned completely dark, Li Tian was taken aback.

"Oh my God, I have been practicing for so long?"

You must know that when Li Tian started to practice the Maha Boundlessness, it was still at noon, but now that the moment of effort has been recorded until the evening, how can this not make him excited?

Looking at the dark night sky, Li Tian was slightly depressed.

However, he knew in his heart that he had to reach the state of selflessness if he wanted to practice this maha.

After thinking about it this way, Li Tianbian didn't think there was anything.

The dark night sky, with a slight cool breeze blowing, is quite comfortable on people.

It's been a long, long time since Li Tian looked at the dark starry sky leisurely. At this moment, he finally took advantage of his leisure time, and then he looked at the distant starry sky quietly, with nothing in his heart. Staying, feeling the tranquility and peace of nature.

While Li Tian was slightly closing his eyes and enjoying the silence at this moment, suddenly he heard the sound of strong wind blowing in his ears.

After suddenly hearing the sound of another strong wind passing by, Li Tian suddenly opened his eyes shining brightly, and shouted: "Who?"

Then she swept quickly towards the strong wind like a dragon.

When Li Tian's figure flew over, the black figure in front suddenly felt that the other party was chasing him, and suddenly his body continued to swift toward the front.

This swept out of the gate of the North China Field Army Military Region. Li Tian saw this man rushing to the North China Field Army barracks at night, and at this moment, he ran away.

But he said that when Li Tian was chasing the black shadow in front, the black shadow in front seemed to slow down deliberately and let Li Tian chase it.

Li Tian was already less than ten meters away from the black shadow in front of him. Just as Li Tian wanted to catch him quickly, the black shadow suddenly stopped in front of him.

Li Tian was startled, his heart lined up: Why didn't this guy run away? Why did it stop?

Although Li Tian thought this in his mind, he still chased him, and then he fell a few meters in front of the dark shadow.

Chapter 1354: The truth is revealed

Looking at the people in the dark, Li Tian gave a cold voice, "Who are you?"

"Dare to enter the North China Field Military Command at night?"

After Li Tianwen asked, the shadow in front of him suddenly smiled, and then slowly turned around.

The moment he turned around, he carefully looked at his face through the faint starlight...

Ecstasy!

It turned out to be the ecstasy in the gate of **** before, Situ Ningbing's own brother!

Li Tian was stunned when he saw that the people who had entered the North China Field Military Region this night turned out to be ecstasy.

"Is it you?" Li Tian said in disbelief to the ecstasy envoy who was looking in front of him.

But seeing that Ecstasy looked at Li Tian and smiled: "It's been a long time..."

After the ecstasy in front of him said such an opening sentence, Li Tian was taken aback and looked at the ecstasy and said, "Why are you here? Are you not in the desert with us?"

I saw the ecstasy in front of me and said slightly: "You all returned from the Dark City...Why are we still staying there?"

Listening to the ecstasy, Li Tian felt that the question he asked just now was a bit stupid.

"Then tell me? Why are you here? Why do you lead me out?" Li Tian asked while looking at the ecstasy.

But the Evil Envoy replied: "Because I want to tell you something."

"What's the matter?" Li Tian asked.

The ecstasy said: "About your next safety issue."

Li Tianyi heard the ecstasy in front of him say so, suddenly the corner of his mouth sneered: "Really?"

The Ecstasy did not speak, but just looked at him there.

"By the way, why did you follow us along with Ouyang Longyan before?"

"And also helping us so much along the way?" Li Tian said while looking at the ecstasy.

"Aren't you from the gate of hell? Don't you always want me to die! Why do you want to help me?" Li Tian looked at the ecstasy and asked.

But seeing the ecstasy in front of him smiled slightly, and Li Tiandao, who was looking in front of him, said: "If I say, Ouyang Longyan and I have already left the gate of hell, do you believe it?"

After the Ecstasy suddenly said this sentence, Li Tian was still quite shocked.

"what?"

"You said you and Ouyang Longyan escaped the gate of hell?" Li Tian asked in horror.

"Yes." Ecstasy suddenly admitted there.

"In fact, since the last time we were rescued from the North China Field Army, we have already escaped from the gate of hell..." Ecstasy said slowly.

Li Tianyi frowned at the moment, and asked, "By the way, how did you escape from the North China Field Military Command last time?"

"Also, isn't your physical injury very serious? How could you escape?" Li Tian asked.

"You said just now that someone rescued you...?"

Ecstasy stood there with a smile, looking at Li Tiandao: "Yes, someone saved me and Ouyang Longyan."

"If it weren't for the senior to save us, Ouyang Longyan and I would have already died of poison." The ecstasy in front of us said Wei Wei.

Listening to the ecstasy, Li Tiandao asked: "Who saved you back then?"

"It's a very well-known old predecessor...presumably if I tell you, you will know him, because he has already met you." Ecstasy said suddenly.

Li Tian was startled and said: "Did you mean..."

"Haha, as you think in your heart, yes, the one who saved the lives of both of us is the one-hundred-year-old man, Senior Wuji." Just like that, a sentence came out of the ecstasy in front of him.

Promise old man!

It is really the legendary old man Wuji showed up.

At the same time, Li Tian thought that the old man who taught him magical skills was also the old man Wuji.

"After the old man Wuji saved the two of us, he also gave us an antidote... We both escaped from the dead, so we should be extremely grateful."

"So the old man Wuji ordered the two of us to protect you along the way to the dark city...that's why everything on this road happened." The ecstasy in front of him said in that way.

After Ecstasy suddenly said this, Li Tian finally understood the cause and effect.

It turned out that everything was arranged by the legendary old man Wuji.

Even the ecstasy in front of him and Ouyang Longyan were influenced by the old man of Promise... From the previous enemy, now he has become a helper.

Thinking of all these changes, Li Tian couldn't help sighing in his heart, and he secretly said: How powerful that mysterious old man Wuji should be.

"I understand, everything, I finally understand, no wonder you were there to save me and my brothers... It turns out that you are really out of the gate of hell." Li Tiandao in front of him said.

After hearing what Li Tian finally believed in himself, the Ecstasy smiled and said, "Li Tian... Although mine did something sorry for you 20 years ago, Situ Xuan definitely dare to act, my one My life is always reserved for you to avenge..."

"But I still hope to do a few more good and good deeds in my lifetime, after all, I did too many wrong things before." Ecstasy said there.

"Me too." Suddenly, at this moment, another figure appeared in the darkness, he was Ouyang Longyan in purple clothes with a sword scar on his face.

When Ouyang Longyan also appeared, Li Tian looked at the two of them.

The two people in front of him did have enemies with him. Li Tian also thought about killing them two one day, but looking back on everything, the two of them were actually instigated, and the two of them are not too bad. The most important thing is that both of them are more or less related to themselves.

One is Situ Ningbing's own brother, and the other Ouyang Longyan and Ouyang Shiqing are inextricably linked, so Li Tian stood there for a long time without speaking.

"I don't want to care about you now... My only purpose now is to kill the sect master of the ***** gate, and kill the ***** Long Yin." Li Tian said with hatred.

After listening to Li Tian's words, the ecstasy in front of him suddenly said: "By the way, there is a big event, I almost forgot to tell you."

When he heard the Ecstasy say this, Li Tian also suddenly remembered what the Ecstasy had said to himself at the beginning, and at this moment he couldn't help asking: "You just said that you came here to lead me out to tell me Some things, what are they?"

After Li Tianwen asked, the ecstasy in front of him slowly said, "What I want to tell you is that a demon is about to be born."

"Devil? What do you mean?" Li Tianyi asked the ecstasy in front of him and couldn't help asking.

But seeing the ecstasy in front of him said: "The birth of this madman will surely make the whole river and lake be bloody... It will definitely wash the rivers and lakes with blood, and it is likely to be directed at you."

After suddenly hearing the ecstasy in front of him say this, Li Tian was suddenly depressed.

He looked at the ecstasy and asked, "Who?"

"Who is so great? Really?"

Ecstasy saw Li Tian's eyes full of disbelief, and his face became extremely serious and said: "Don't be careless...because you will see terrible consequences soon."

Chapter 1355: Yin and Yang

After hearing the ecstasy in front of him say this seriously, Li Tian felt that he didn't seem to be joking.

Looking at the ecstasy in front of him, Li Tian thought for a while and wanted to ask, "Who is the weird man in the devil cave you mentioned?"

"He doesn't have a name, and some have only a nickname. The name is: Yin Yang Ren!" Ecstasy said slowly there.

When the ecstasy in front of him suddenly said an extremely strange name, Li Tian was not only taken aback.

"Yin and Yang?" His mouth murmured in the dark.

"What do you mean?" Li Tian in front of him suddenly asked in surprise.

But Ouyang Longyan, who was on one side, suddenly stood up at this moment and said: "Yin and Yang people mean that his people are composed of two parts, half male and half female. To put it bluntly, he is a typical person. A person with a distorted personality."

"And not only that, his body can also become two kinds of people in a short time, one is male and the other is female."

"The yin and yang people appeared on the rivers and lakes more than 30 years ago. At that time, no one knew his powerful abilities. The only thing he knew was that when the yin and yang people became male, he was bloodthirsty, killing terrible, and legend He still dared to eat human flesh. The most important thing is that his martial arts is superb. Basically no one could be his opponent back then."

"However, if he becomes a woman, he is gentle and beautiful in every way...Even a man of steel can't help his temptation."

"Yin and Yang is such a monster."

When Li Tian heard the ecstasy in front of him suddenly say this, he was not only stunned, but he couldn't help but secretly lined up: There are such monsters in the world?

After thinking about it, Li Tian asked, "Why is this Yin and Yang person in the Demon Cave?"

"Because the yin and yang people did a lot of evil in the past, and the killing was extremely heavy. Everyone in the rivers and lakes was afraid of him. Later, under the leadership of the four major families, the people in the rivers and lakes gathered together and then attacked the yin and yang people. Human blood killed many masters in the four major families, and was finally forced to jump off the cliff..."

"But the yin and yang man did not die, he just fell and was seriously injured."

The ecstasy over there went on to say: "Finally, the yin and yang person was saved by the gatekeeper of the **** gate... Although the gatekeeper of the **** gate saved this yin and yang man, it was difficult to restrain him. The last **** gate master gave He took poison... and then locked him in the cave."

After the ecstasy finished speaking, Li Tian still felt shocked.

He did not expect that there is such a brutal monster in the world.

"Actually speaking, that yin and yang person has something to do with your father Cthulhu." The ecstasy at the moment suddenly said there,

When he heard the ecstasy in front of him suddenly say this, Li Tian was stunned, staring at the ecstasy in front of him in surprise: "What did you say? The monster you just mentioned has something to do with my father? "

"Yes, more than 20 years ago, the yin and yang people were locked in the cave by the master of the gate of hell, but the master of the **** gate wanted to let the yin and yang people come out to deal with your father... but the yin and yang people did not agree... .." said the ecstasy.

When Li Tian heard this, he secretly said: So it turned out to be so capable.

"What I want to tell you now is that the master of the gate of **** is ready to release the yin and yang people out of the cave." The ecstasy in front of him suddenly said with an extremely ugly expression.

Li Tiandao said: "How do you know these news?"

"Because we came out from under the **** gate forcing questions." Ecstasy said.

Hearing him say this, Li Tian uttered, it turned out that this is the case.

"Then what if the yin and yang person is really released by the master of the **** gate?" Li Tian asked.

Suddenly the ecstasy at the moment did not speak, and Ouyang Longyan, who was standing on the other side, did not speak either. The two only looked at each other with extremely ugly expressions, and said in unison: "If the Yin and Yang people are really released, Then he will definitely bloodbath the entire martial arts forest."

"The four big families dealt with his hatred back then, and he will definitely return it all in blood."

"The Yin and Yang people who have been imprisoned in the Demon Cave for decades have heard that martial arts have already been practiced into the realm of transformation, and even the master of the gate of **** dare not look down on him." The Ecstasy suddenly added a sentence there.

Li Tian's brows wrinkled when the ecstasy in front of him said so.

Originally, after he returned from the Dark City, there was a terrifying and perverted Dragon Yin.

And now a yin and yang person suddenly appeared, and the strength of this yin and yang person is obviously terrifying and incredible, so Li Tian at this meeting not only has a headache,

"Do you think the master of the **** gate released the yin and yang people from the cave to deal with me?" Li Tian suddenly looked at the ecstasy in front of him and asked Ouyang Longyan.

But after seeing that Ecstasy and Ouyang Longyan heard Li Tian say this, he paused slightly, and then said: "The reason why the two of us who guessed the gate master of the **** gate put the monster in the cave of Yin and Yang The main reason for releasing it should be to deal with Long Yin."

"You need to know that the strength of the Yin and Yang person has been super abnormal decades ago. After decades of immersion in the magic cave, to what extent his skill level, I am afraid that besides the master of the gate of hell, who is outside? I don't know...So we believe that the master of the gate of **** should be to deal with the traitor Long Yin."

After Li Tian heard Ouyang Longyan and the Ecstasy say so, he breathed a sigh of relief in his heart.

After all, if the sect master of the gate of **** really used that yin and yang person to deal with himself and his brothers, it would be a big trouble.

The current Li Tian and his brothers simply do not have the ability to fight the Hell Gate and the current Long Yin.

So when he heard the ecstasy in front of him saying that the yin and yang people are not necessarily dealing with them, Li Tian breathed a sigh of relief in his heart.

But Li Tian knew in his heart that even if the yin and yang person did not deal with himself and his brothers now, he would deal with them sooner or later. After all, the yin and yang person in the devil cave was in the hands of the **** gate master.

So Li Tian did not feel gloating.

"Well, we have said enough."

"The two of us are here today to tell you what is happening now." said the ecstasy in front of us.

Li Tian looked at the two of them without saying much.

"We should go now." Ouyang Longyan over there suddenly said coldly in the dark night.

After his words came out, the ecstasy also nodded slightly.

"How is Ningbing? Is she okay?" When the Ecstasy in front of him was about to leave, he suddenly turned his head and looked at Li Tian and asked.

Situ Ningbing, his sister, how could he not care?

After he asked, Li Tian looked at the ecstasy and said, "The ice is very good."

When Li Tian said that Situ Ningbing was good, a smile appeared on Jun Lang's face.

"That's good....."

Chapter 1356: I love you

"Thank you for helping me take care of Ningbing..."

After the ecstasy in front of him finished speaking, he finally followed that Ouyang Longyan step by step towards the darkness.

Li Tian looked at the two disappeared figures, and suddenly asked, "You two are going there now?"

The ecstasy replied slightly in the dark distance: "We will investigate the news of Long Yin... Once we have news, we will notify you as soon as possible."

After the Ecstasy said this, the bodies of him and Ouyang Longyan had disappeared into the darkness.

Looking at the two disappeared, Li Tian stood there for a long time watching.

They changed their evil spirits!

They really don't work for the gates of ***** anymore.

Although these two people were involved in the besieging of their father more than 20 years ago, they finally regretted it... Moreover, they have been helping themselves now. Thinking of this, Li Tian felt more relieved.

Heaven is impermanent, and finally someone can take the right path, and this is an excellent thing for anyone.

After watching the two disappear, Li Tiancai slowly left the place in front of him.

At this moment, he walked towards the North China Field Army.

The night is getting deeper and deeper.

A cool breeze blew from far away, and it hit Li Tian's body especially cool.

Li Tian walked slowly towards the barracks of the North China Field Military Region.

When he had just entered the gate of the North China Field Military Region, Li Tian suddenly saw a shadow standing in front of him, looking at himself.

Looking through the bright light, I took a closer look, and it turned out that Situ Ningbing was standing there.

"Ningbing." When he saw Situ Ningbing, Li Tian quickly ran over with a shout.

But seeing that Situ Ningbing was looking at Li Tian with his beautiful eyes blinking.

"Ningbing, why are you here?" Li Tian looked at Situ Ningbing curiously and asked.

But seeing Situ Ningbing said: "I'm taking a leisurely walk... I didn't expect to be here."

"How about you? Why did you go outside the North China Field Military District?" Situ Ningbing looked at Li Tian and asked curiously.

Li Tian said, "I heard someone break in at night...so I went out to have a look."

"Someone broke into the military area at night?" Situ Ningbing was taken aback and asked quickly.

Li Tiandao: "Yeah."

"Who?"

"Have you caught him?" Situ Ningbing asked.

Li Tiandao: "Yes...your brother."

"Huh?" When Situ Ningbing suddenly heard Li Tian say this, he was stunned.

Looking at Li Tian in front of him unbelievably: "He is here?"

"He is there now? Why would he come here?" Situ Ningbing asked quickly.

Following Situ Ningbing's question, Li Tiandao said, "It's gone."

"Why is my brother here... Isn't it... Is he still going to chase you?" Situ Ningbing looked at Li Tiandao in front of him painfully.

Situ Ningbing still didn't know that his elder brother had changed the evil and returned to righteousness, let alone that the Ecstasy had already betrayed the gate of hell, so she asked in fear at this moment.

She is afraid that her own brother and Li Tian will become enemies and enemies.

After Situ Ningbing said so painfully, Li Tian quickly grabbed Situ Ningbing's delicate hand.

"No... he didn't come to kill me." Li Tiandao.

Situ Ningbing said: "Then why did he run into the North China Field Army at night?"

"He was to tell me something."

"Ningbing, in fact, your brother has changed for the better... He is no longer a member of the Gate of Hell, and when he was in the Dark City before, he helped me and my brothers several times..." Tian told Situ Ningbing in front of him all the things that the Evil Envoy had told him at this moment.

After Situ Ningbing heard what Li Tian said, she finally became happy.

"Are you saying that my brother has changed his evil and returned to righteousness? He will never work for that **** gate anymore?" Situ Ningbing said in shock.

Li Tian smiled and said, "Yes."

Situ Ningbing said excitedly: "It's great, great."

"I know that my brother is not that bad in nature." Situ Ningbing said.

Li Tian smiled and held Situ Ningbing's delicate hand in the dark night.

But seeing Situ Ningbing's face with a happy smile at this moment, what she was most worried about was that her brother was Li Tian's enemy, but now she sees that the relationship between her brother and Li Tian has gradually changed. Peace, of course she is happy.

"Li Tian, do you still hate my brother?" Situ Ningbing suddenly asked a sensitive question, looking at Li Tiandao there.

Li Tian thought for a while and looked at Situ Ningbing in front of him and replied, "In the beginning, I really hated it."

"After all, he was also involved in the massacre of my father, but now think about it, in fact, your brother and Ouyang Longyan were also persecuted. They were all forced to do so by the master of the gate of hell."

"So the person I hate the most should not be your brother, nor should it be people like Ouyang Longyan. What I hate the most is the master of the gate of **** and the **** Long Yin."

"These two people, one day I will let them all die in my hands. I want them to pay a tooth for a tooth, and blood for blood."

Looking at Li Tian's terrifying eyes, Situ Ningbing held Li Tian's arm tightly, and said, "Li Tian, don't think about it..."

Li Tian slowly woke up from the hatred, and gently embraced Situ Ningbing in his arms in the dark night.

"Ningbing, it's been so long, I haven't told you something, now I want to tell you..." Li Tian suddenly embraced Situ Ningbing in the dark and said affectionately.

Situ Ningbing was hugged tightly by Li Tian, and she was so beautiful in the night.

"What are you talking about?" Situ Ningbing suddenly raised her delicate face and asked Li Tian.

"I love you." Three words came out of Li Tian's mouth.

At the moment when he said it, Situ Ningbing's delicate body suddenly trembled slightly, and at the same time, all of that beautiful face was filled with happiness.

"I love you too." Situ Ningbing said with a shy face, as he nestled in Li Tian's arms like a bird.

The two embraced affectionately at this moment, feeling the body temperature of each other.

"Ningbing, you forget the earliest time, when I first saw you at Liao Cheng, what did you say?" Li Tian suddenly looked at Situ Ningbing and smiled.

How could Situ Ningbing forget?

At this moment, the blushing delicate face shrank his head in Li Tian's arms and said, "No."

"I said, I must marry you as my wife..." Li Tiandao.

Situ Ningbing's head was buried in Li Tian's arms and nodded deeply.

"Yes, at that time, why did you have to marry me as your wife?" Situ Ningbing suddenly raised her beautiful eyes and blinked at Li Tiandao playfully.

"Don't forget, I was a killer at the time, aren't you afraid that when I was upset, I would kill you?" Situ Ningbing suddenly smiled and looked at Li Tiandao.

Chapter 1357: Luan Mountain, Magic Cave

Li Tiandao: "In fact, I was really scared at the time."

"But I think you are a good person... Hey, you probably won't start on me."

"Haha, isn't it?"

"Of course, otherwise, how could Li Tian marry a beautiful wife like you."

The two were talking sweet love words in the dark night sky, even though the night was getting darker and darker, their hearts were indeed happy.

"That Miss Tang is back?" Situ Ningbing suddenly looked at Li Tian in the dark and asked.

When talking about Don Feifei, Li Tian not only seemed a little embarrassed suddenly, so he whispered like he had done something wrong: Um.

But seeing Situ Ningbing looking at Li Tian, he asked, "That Miss Tang likes you... right?"

Li Tian quickly said: "No, no, we are friends..."

"lie."

"Can I still see it?" Situ Ningbing said.

Li Tian said quickly: "Ningbing, don't think about it... Feifei is just a good friend of mine. We haven't seen each other for many years."

"Like is like, there is nothing I dare to say..."

"Anyway, she is not the one who likes you!" After Situ Ningbing said these words, Jiao Chu turned around suddenly as if angry.

Li Tian seemed to be angry when he saw her beloved, so he hurried over to persuade Situ Ningbing and said, "Ningbing, don't be angry, I really have nothing to do with Feifei."

After Li Tian said this, she saw Situ Ningbing slowly turning her glamorous face and looking at Li Tian in front of him.

"Li Tian, if I say that I am not angry, it is false."

"But I can tolerate... I know that she is not the only one who likes you... Duan Muying, and the daughter of the Ouyang family likes you very much... I know all this, but I must say one thing."

Li Tian watched Situ Ningbing standing awkwardly, listening to her.

Just listen to Situ Ningbing: "No matter who likes you, and no matter how you like them... I want you to love me, and love me unabated! If one day, I know you don't love me Or don't want me, then please tell me, I will go by myself and leave you."

Listening to Situ Ningbing's words so stubbornly, Li Tian suddenly hugged her delicate body into his arms again.

"Fool, how could it be?"

"You have been my favorite woman Li Tian your whole life. You have been from the beginning, and you will definitely be until I die." Li Tian said sincerely.

Situ Ningbing did not speak too much, but was quietly held by Li Tian deeply.

At this moment, they explained all the things... Then Situ Ningbing also spoke very much about the future relationship, which is a better thing for Li Tian and the girls in the future.

After Li Tian returned to the North China Field Military Region and a series of things happened, huge things were also happening elsewhere.

The gate of hell!

The master of the gate of **** had already sent the two brothers Luo Disha to the demon cave that day to invite the yin and yang people out of the mountain.

Magic cave!

Far to the north at the foot of Luan Mountain.

The terrain of Luan Mountain is dangerous, the surrounding mountains are filled with wild forests, and the Luan Mountain, covering an area of more than 4 million square kilometers, is an ancient virgin forest.

Some people say that they have seen ancient primitive savages in Luan Mountain, but no one knows whether they are true or not.

The only thing I know is that there are several large volcanoes in Luan Mountain, crisscrossing around Luan Mountain. In 1720, several of these volcanoes erupted and the lava flow blocked the tributaries of the Nemor River, forming a huge and wide one. Of the melting pot.

This river crisscrosses the middle of Luan Mountain, winding its way to the distance.

At the foot of Luan Mountain, there are many caves.

Some of those caves were created by the lava of the volcanic eruption, and some were huge caves formed naturally.

The so-called magic cave is closed in a cave at the foot of Luan Mountain.

The so-called monster that was so powerful a few decades ago: Yin and Yang people, is now being held here.

You can see from a distance on the rugged mountain road, two figures are walking towards Luan Mountain step by step.

The towering trees around are growing there like guards, and look carefully at the two people walking on the mountain road, it is the heavens sent by the gate of hell.

Because of the remoteness of Luan Mountain and the extremely vicious beasts in this forest...Because of the large area of ears, apart from those archaeological experts and large tourist groups who dare to come in, almost no one dares to be alone. Coming here, because once you enter the dangerous Luan Mountain, you will lose your life directly, so few people come to visit this ancient place.

But at this moment, I saw that the two brothers of Tianluo and Disha in the gate of **** were walking towards the Luan Mountain step by step.

Both of them have terrible tattoos on their faces, and their eyes are vicious and sharp.

At this moment, while approaching Luan Mountain, he muttered in that mouth.

"Damn... I didn't expect that the sect master would assign such a nasty task to our brothers." Di Sha Zai complained.

He walked, breathing heavily in his mouth, his head was sweating profusely from the strong sun, and his bare shoulders exuded a breath of determination.

Tian Luo on the other side also looked extremely ugly, walking slowly there.

"What can we do... If we don't come here, there is only a dead end." Tian Luo in front of him snorted in his mouth.

After Luo said so that day, the earth in front of him was breathing heavily.

The mountain road at the foot is winding and rugged, and it is extremely difficult to walk. Coupled with the exceptionally strong sun today, it makes the two of them extremely uncomfortable at this moment.

But these difficulties are not the most terrible to them.

The scariest thing is the place to go.

At this moment, I saw the evil spirit leaning against the rock on one side, and suddenly looked at the hills that stood up like clouds not far in front, and said, "That monster is at the foot of this mountain, right?"

After hearing Di Sha say this, Tian Luo next to him nodded slowly, and a slight look of fear appeared in his eyes.

"It is said that the monster has dominated the world decades ago, and I don't know if it is true or not." The evil spirit suddenly said at this moment.

Tian Luo standing in front of him stared at a group of distant mountains and muttered: "Of course."

"Otherwise, even our sect master would not dare to provoke that monster easily... and lock him up and trap him in the magic cave!" Tian Luo said.

At this moment, Disha had a terrifying gaze in his eyes, looking at the mountains in the distance and saying, "Then what shall we do? In case that monster is unhappy and strikes at us...what is it?"

Tian Luo looked helpless, and said: "What else can I do? Waiting for death..."

"Damn...I'm not going." The Sha in front of him suddenly roared there.

Obviously he was afraid to go to the magic cave.

After the Di Sha in front of him roared and said that, Luo suddenly turned his head and looked at him that day: "No?"

"No, can we two survive? The sect master will definitely kill us..."

After Luo suddenly said that that day, a look of despair appeared on that Di Sha's face.

Yes, now they have no choice. If they don't go, they must die. The master of the gate of **** will never let them go, but if they go, they might still survive.

After weighing the pros and cons in this way, Na Disha finally stopped talking. He just looked at the mountains in front of him with a desperate face.

"Let's go." Luo said in his mouth that day, and then walked step by step towards the front place.

There was no other way for Di Sha behind, and at this moment, he could only follow Tian Luo step by step towards the front.

Chapter 1358: Scream

At this moment, Luo and Disha started to Luan Mountain step by step.

The scorching sun was shining, and the two men's bronze-colored tough skin was baked, but they had to move forward step by step.

Sweat on their faces fell from their foreheads and wetted them on the hot ground. The branches of the surrounding bushes and the thorns scarred them in many places, but the two of them continued to walk there. .

I don't know how long it took, and finally the two reached the foot of Luan Mountain.

Luan Mountain, which is several kilometers above sea level, standing at the foot of the mountain at this moment, only feels extremely small.

But the place in front seems to be a natural lake with clear spring water inside.

The two of them were extremely hot and dry. Seeing the lake in front of them, they immediately became happy.

"I'll go wash."

The Shaman who was talking seemed to be mad, and he swept away towards the clear lake water.

When he reached the lake, he bent down and held up the clear water in the lake with both hands, and poured it over his whole body with terrible tattoos.

Splash cold water on his face, head and body.

Tian Luo on the other side also ran over at this moment, just like him, using the clear water in front of him to wash his hot body there.

Just as the two were using the cold lake water to cool off, they suddenly heard a weird screaming sound from the Luan Mountain in front of them suddenly came out of the mountain.

The sound is harsh and unpleasant, just like a ghost crying, making people horrified, and the hairs suddenly stand up cold.

In broad daylight, such a terrifying sound was heard in the deep mountains and wild tombs.

When this sound came out all of a sudden, but seeing the two of Tian Luo Di Sha in front of them immediately stood up like a nerve.

The two of them stared in horror at the majestic, yet full of gloomy Luan Mountain...

"What kind of sound?" Tian Luo said in surprise at this moment.

The Earth Shaman on the other side could not help taking a step back. With an ugly face, he looked at Luan Mountain in front of him with an extremely scared expression.

"I don't... don't... know." Di Sha said as if he saw a ghost.

Suddenly, when the two of them looked at the gloomy Luan Mountain in front of them with frightened and desperate eyes, a strange whistling sound suddenly flew out of the Luan Mountain in front of them.

After screaming again, the two of Tian Luo and Di Sha in front of them couldn't help but quickly backed away.

With their pale faces, they looked at Luan Mountain in disbelief.

At this moment, the beasts in the mountains and forests behind suddenly rushed towards the distance one by one, as if the piercing and strange sound just now made those beasts scared.

Tian Luo Di Sha two people are also masters at any rate, killing countless people.

But now when they heard such a weird cry from the gloomy Luan Mountain, the faces of the two of them showed terrifying faces.

After the two weird screams came suddenly, then they disappeared.

There was no more sound.

The scorching sun was still blazing...but there was indeed a deadly silence all around.

Both Tian Luo and Di Sha standing beside the lake were pale, with sweat falling drop by drop on their foreheads.

The sweat was not sweat from being exposed to the sun, but cold sweat that was scared out by the strange cry just now.

After waiting for more than ten minutes, the two of them didn't hear the weird cry just now. At this moment, they not only looked at each other.

"Disappeared? That voice disappeared?" Di Sha suddenly said there.

Tian Luo indeed looked at Luan Mountain in front with an extremely ugly expression and nodded silently.

"What the **** is that sound... Damn, so ugly?" Di Sha asked suddenly.

Tian Luo shook his head, saying that he didn't know.

"It is said that there are ancient savages in Luan Mountain... Do you think it is the howling sound of ancient savages in Luan Mountain?" The Earth Sha in front of him blinked at Tian Luo.

Tian Luo glared at the ground with an angry look: "It's pure nonsense."

"You think it's ancient... Damn, it's ancient savage..."

"It doesn't matter what the bird sounds... Could we still meet ghosts here?" Luo Wu said boldly that day.

He couldn't help it. Although he was scared inside, he absolutely couldn't show it.

Because anyway, they both have to go to Luan Mountain in front of them.

So instead of being afraid of uselessness, it's better to be bold and not afraid.

When Na Disha heard what Tian Luo said in front of him, his courage was not only slightly strengthened.

"Let's go, there is a cave in front..." Just listen to Tian Luo saying there.

Yes, you can indeed see the huge cave at the foot of Luan Mountain.

Some caves are naturally formed on the mountainside of Luan Mountain, and some caves are burnt by the lava ejected from the surrounding volcanoes... In general, there are no large and small caves at the foot of the chaos. Mostly a hundred.

At this moment, the two of Tianluo and Earthsha were walking towards the foot of Luan Mountain in front of them step by step.

I don't know why, as they get closer to the foot of Luan Mountain, the more they can feel a sense of death.

And the surroundings are very quiet, and there is almost no sound of insects flying by.

It seems that there are no birds and beasts in this area...

After feeling the strange situation in front of him, Tian Luo not only stood there slightly, looked at the ground and said, "Do you feel something is wrong here?"

"What's wrong?" The Di Sha, who was walking in front, suddenly heard Di Sha say so, and suddenly turned around and asked.

"Why is it so quiet all around... not even a bird...?" Tian Luo asked questioningly.

That place thought he was going to talk about the big situation, but he didn't expect Tian Luo to say these words like this. At that time, he said depressed: "Fuck, are there any birds and beasts around here that matter to you..."

That day Luo suddenly stopped him and said, "Look around, not only are there no flying birds...but there are not even ants on the ground."

"Isn't this strange? Tian Luo said suddenly.

After Tian Luo said that, he thought about it slightly, then looked around.

Quiet, deadly silence!

Indeed, except for the dense plants, almost no living animal can be seen here.

There are almost no ants.

There are so many animals in this deep mountain and old forest, and since Tianluo Disha came to this Luan Mountain, they have found a lot of birds and beasts... But now at the foot of the karst cave here, no animals have been found, even Even the birds don't want to fly over here.

What's going on?

How could it be so strange?

Chapter 1359: Rancid smell

Although Tianluo and Earthsha at the moment felt that Luan Mountain was a little weird, they had no way of doing it. .

The road will continue to walk, and the front will continue to rush.

So at this meeting, they were just talking, although they were shocked, they still had to move forward.

The two of them crossed the lake in front of them, and then smashed the dense jungle in front of them. At this time, they had reached the foot of Luan Mountain.

In front are the lofty mountains several kilometers above sea level, and at the foot of this mountain are thousands of dense caves.

Looking at the natural caves one by one in front, Tian Luo Di Sha stood there in complete shock.

No one knows how deep the caves are, and no one knows what's inside. The only thing that can be seen is the dark holes exuding a gloomy atmosphere, as if with an ominous atmosphere. It feels like.

When seeing these many caves, the earthsha in front of him suddenly asked, "Which one is the magic cave?"

"It is said that among these thousands of caves there is the largest cave...the so-called magic cave." Tian Luo said with blinking eyes there.

The terrible brows frowned slightly: "Really?"

"Well, it should be."

"Go, let's go forward and take a look." The two said as they stepped forward.

Some caves in the front area are naturally formed. The cave entrance is so cruel that no one can enter. Some caves were burnt by the lava from the eruption of the volcano...the sides of the cave entrance are all black and black. stone.

Just when Tianluo and Earthsha were looking for this "magic cave", suddenly when Luo raised his eyes that day, he saw a huge cave on the far left with many miscellaneous things clinging to it. Grass, if you look at it carelessly, you can't see it at all.

But if you stand in front of it and look at it, you will find that this cave is so huge.

"Di Sha, come here." Tian Luo in front of him suddenly exclaimed.

After hearing Tianluo's voice, the evil spirit walked over quickly.

But seeing Luo alone standing in front of the cave that day... he looked at the cave carefully with a pair of cold eyes.

"What's the matter?" Di Sha, who ran over, quickly looked at Tian Luo and asked.

But seeing Tian Luo pointed at the cave in front of him and said, "I guess...I guess, this is the cave where the monster is held."

When the ground heard it, it was shocked.

"How do you know?" Di Sha asked quickly.

I saw Tianluo pointing his finger at the granite stone beside the cave entrance in front, and said, "Look here..."

Na Disha blinked to look, but saw a palm print on the white granite stone.

Such a hard granite stone, can't you think that it can be printed with such a deep handprint with the palm of the hand? horrible.

Na Disha looked at the situation in front of him and suddenly widened his eyes and said, "Hey, is this the devil's cave?"

"should be."

"It seems that we brothers have found..." Tian Luo, who was painted, said slightly there.

Di Sha in front of him did not speak, but his eyes widened and stared at the hole in front of him unblinkingly.

The two stood at the entrance of this "devil's cave". Before they knew it, they felt a gloomy feeling all over their bodies, as if the deep gloomy feeling came from the entrance of this "devil's cave".

I saw that Disha couldn't help shivering at this moment, and muttered in his mouth: "Damn, how come I feel cold and swish..."

Tian Luo ignored him and was silent for a while.

Then he glanced at the entrance of the overgrown "Magic Cave" and said, "Go, let's go in."

That Disha didn't say anything, and nodded silently behind, so the two began to plan to enter the "magic cave" in front of them.

I saw Tian Luo walking in the forefront, his eyes sharp and vicious, and the strange tattoos all over his face gave people a sense of horror, and the earth was following him.

As Tian Luo slowly used the thick grass to open the thick grass, he stepped into the magic cave step by step.

At this moment, Di Sha also followed closely.

At the moment of entering the magic cave, a deep coolness rushed over to the two of them first, making the two of them uncontrollably frightened.

And after they walked into the magic cave in front of them, they realized that it turned out that there was a magic cave in this cave.

The light inside didn't know where it came from, it was unusually bright, and the space inside was huge, just like a huge abandoned cave.

There are many big bluestones around, like savage monsters.

And this "devil's cave is also very deep and deep, and the Heavenly Luo and the Earth Evil in front of them are walking forward step by step along the stone road in front of them.

Both of them appeared extremely cautious.

After passing through a fierce rock, they had already reached the place in front, but seeing that as the two of them moved forward, the more rancid smell came from their noses.

The rancid smell was extremely unpleasant, like the smell of rotting corpses.

When he smelled the stinky smell, Na Disha suddenly covered his nose tightly, and said in his mouth: "Damn it, what smell... It's stinking."

Tian Luo, who was in the front place, was also holding his nose tightly with his hands at this moment, frowning secretly, and his heart lined up: Why is it so smelly?

As the two of them were walking step by step along the foul-smelling stone road, clutching their noses, suddenly Luo saw the source of the smell of corpses that day.

what!

Suddenly Luo screamed that day! Just when he screamed, that earthshad was stunned by the whole person, and he opened his unbelievable eyes to look at the source of the smell of corpse in front of him.

But what is the place in front of me?

It turned out to be all the dead animals...

There are wild deer, dead pigs, and pheasants.

Those animals are piled up in front of them in rows... but these animals are already dead, all the meat and blood in their bodies are gone, and some are just bone racks all over the floor.

The flies buzzed around the corpses, the stench was extremely unpleasant,

At this moment, Tianluo and Earthsha were shocked after seeing the corpse of the animal on the ground.

"How do these animals... die here? It stinks to me." He asked in a terrified voice. He was holding his nose tightly as he said, but that's the case, the stinking smell is still He smelled it.

Luo was also full of shock that day, looking at the corpses of the group of animals in front of him, he shook his head slightly.

"Maybe it was killed by something." Tian Luo suddenly said.

The Earth Sha in front of him covered his nose and asked, "Kill so many animals...? Who?"

Chapter 1360: A woman?

"Look at all the meat of these animals... Obviously it was eaten alive by something..."

"Are you talking about beasts?" The evil spirit said.

Luo did not speak that day, but raised those eyes and suddenly looked at the deep magic cave and said: "Maybe..."

After the two of them saw the animal carcasses all over the floor, they finally left with their noses.

There is no way that the smell of corpses is too unpleasant and disgusting.

After they left the animal carcasses in front of them, Tian Luo who saw him suddenly pulled out his knife from his waist.

His knife is a cold and bright decapitating knife with a wide and thick back, but the blade is extremely sharp.

After he took out the weapon he was wearing, the Earth Sha behind was slightly taken aback.

Asked: "What's wrong?"

"Be careful, I feel more and more that something is wrong here." He only listened to Tian Luo in front of him.

At the same time, those sharp eyes stared at the enemies around him.

Hearing what he said, Na Disha slowly took out the weapon from his arms, and looked around carefully with a pair of eyes.

The two cautiously walked forward step by step.

As the two of them were walking towards the front, they suddenly heard a weird cry from the devil's cave in front of them. The cry was stern and terrifying, like a ghost crying, making people sound creepy.

This weird sound was exactly the same as what I heard from outside just now.

After hearing the weird cry all of a sudden, Tian Luo Di Sha in front of him not only changed color in shock at the same time.

"What kind of sound?" The earth said in the place where he looked at the sound in horror.

Luo was also pale that day. At this moment, he slowly wiped the cold sweat left on his head, looked at the front and said, "Maybe it's his voice..."

"You mean that monster?" Earth Sha suddenly said in surprise.

That day Luo glared fiercely in front of him: "Don't talk nonsense... that person... is our senior..."

Di Sha felt that he had said something wrong, and quickly nodded there.

But there is no doubt that the faces of the two people are still full of fear.

They walked forward step by step along the terrifying voice that had just been heard.

The cave in front was even wider, and there was a lot of chaos in it. Just when the two of them sighed that the space was huge, a woman's voice suddenly rang in the cave.

"It's been so many years... Hey, it's been so many years... Finally a living person came in."

Although the voice was made by a woman, it felt a gloomy feeling in people's ears.

When suddenly hearing a woman's voice from within this magic cave, the faces of both Tianluo and Disha changed in shock.

They immediately held the knife in their hands tightly, and shouted coldly, "Who?"

"Who is talking here?"

While speaking, he quickly looked around.

"Don't look for it, I'm here." Suddenly, the weird woman's voice came into their ears again.

The two of them were startled, and then turned their heads to look, but saw a person sitting there with a disheveled hair in the middle of the cave.

Because her hair is too long to make people see her whole face clearly, the clothes on her body are already in tatters, just like a primitive monster.

Her hands and feet are also tied with a thick fine steel chain. Those chains are embedded in the icy rock, trapping her limbs. Such a heavy fine steel chain binds her. It seems that this person is indeed not an ordinary person.

When Tian Luo Di Sha in front of him saw her, he was stunned for an instant.

The two looked at the woman in front of him who was bound with fine steel chains with incredulous eyes.

"you....."

"You... are..." At this moment, Tian Luo Di Sha suddenly felt his teeth tremble, and said, looking at the monster in front of him unbelievably.

But seeing the weird woman with long messy and dirty hair, he laughed strangely.

"I'm a woman...Don't you two see it?" Suddenly the "monster" **** with a fine steel chain smiled grimly.

"Senior Yin and Yang?" Luo Zai said respectfully that day.

Na Disha hurriedly looked at the weird woman bound with fine steel chains in front of her face with respect and fear.

Senior Yin and Yang?

Is she the yin and yang person in the magic cave?

At the moment Tian Luo shouted out like this, I saw the weird woman with disheveled hair, suddenly quacked weirdly.

"For many years...no one has called my name...hey...for many years..." her voice suddenly sighed there.

It seems that her is the monster in the magic cave: the yin and yang people.

The monster that has dominated the world decades ago, but no one thought that she was just a woman, and she was just a woman whose hands and feet were tightly bound with fine steel chains.

This made the Tian Luo and Earth Sha in front of him very puzzled.

They originally thought that the terrifying "magic cave" monster in the legend was extremely cruel, but when they saw it today, they didn't think it was just a humble "woman" who looked like a lunatic!

But that day Luo Disha still did not dare to show his disrespect, and still said respectfully there: "Senior Yin and Yang, we two are the gods of hell. We came to the Demon Cave today to serve the sect master. My fate, I would like to invite Senior Yin and Yang to come out."

After the two of them said such words, the "woman" suddenly laughed strangely again.

"He invited me out of the mountain?"

"Hey... he kept me here for decades... hey... why would he want to get me out of the mountain?" the weird "woman" suddenly sighed there.

After hearing this "woman" say this, the two of Tianluo Disha quickly said: "Senior knows something, our sect master really wants to welcome you out of the mountain... This is how we sent our brothers to the Devil's Cave. "

"What about him? Why didn't he come?" the weird "woman" with a disheveled hair in front of me suddenly asked.

Tian Luodi thought for a while and said, "The master of the sect was busy with important things, so... he didn't come in person.

"Is it?"

As she suddenly said that, she slowly lifted that face.

The moment the messy, slender dirty hair was lifted up, I saw a woman's face... That face had an indescribable charm... The charm, at first glance, I thought it was a young girl in her twenties...

If it weren't for her messy body and messy hair, she would be a beautiful "woman".

It's just that there is a weird light in the eyes of this so-called "woman", that light is a cruel bloodthirsty light... If you don't look closely at his eyes, you won't be able to see it.
