

A Killer 136

Chapter 136: Treacherous villain

"No. 30 Ping'an Street, Dongcheng District?" Li Tian stood up from the ground and said silently.

Standing Shen Feng said, "I know that place."

"Okay, let's go, go to that place quickly." Li Tian didn't say a word, turned around and prepared to leave here.

"Brother Tian, what do you do with this bastard?" Shen Feng asked, taking a look at the completely unmanly man who was tortured by Li Tian.

Li Tian took a look: "Leave him alone, it's important to save Sister Xue and Feifei first."

When Shen Feng heard Li Tian say this, he nodded.

"Cheap bastards."

Speaking, the two quickly walked outside, left the Vienna Hotel in front of them, and stood outside waiting for a taxi.

During this period, Shen Feng followed Li Tian, looking at Li Tian with a strange look in his eyes.

In my heart, there was an unprecedented shock.

Because he just saw Li Tian's unscrupulous means and the brutality of his actions, even a figure like him who had been in the black market boxing was shocked.

When he tortured the outsider just now, the devilish expression and the terrifying methods made Shen Feng feel a little bit chilled now.

Brother Tian seems to be changing more and more!

Shen Feng couldn't help thinking silently in his heart.

However, after Li Tian got the place where Xia Xue was imprisoned, he quickly took Shen Feng and took a taxi to Dongcheng District.

On the way, Li Tian was worried for a while, worried that Xia Xue and Feifei would encounter something bad.

No, I can't help but urge the taxi driver to drive faster.

"Brother Tian, don't worry, I believe that there will be nothing wrong with Sister Xue and the young lady." Shen Feng comforted Li Tian.

Although Li Tian catered to him, he couldn't let it go.

After all, Xia Xue and Feifei are both girls.

If something really happened, it would be difficult to handle.

In a room in Dongcheng District.

I saw that fat guy was drinking sullen wine alone, and there were several empty beer bottles on the table next to him.

This place was originally a casually rented place. There was no air conditioning in it, and the weather was relatively hot today, so the fat guy just drank alone.

Thinking of being treated like a dog by Duan Mu Lei, the fat man became angry.

But you can get angry, who can't afford to provoke him?

So the **** vented all his hatred on Li Tian.

At this moment, while drinking a bottle of beer in his hand, he walked towards the room where Xia Xue and Feifei were detained.

Pushing open the door with a bang, I heard the sound of screaming.

Inside, I saw Xia Xue and Feifei with their hands and feet **** by ropes, with rags tucked in their mouths, their faces haggard and horrified sitting on the ground, especially when they saw the fat guy coming over, their eyes were full of horror. Screaming there.

The fat guy walked in, full of alcohol, drinking beer while looking at Xia Xue and Tang Feifei.

"Yeah? Are you **** yelling? Don't blame me. You can only blame the **** named Li. Who made that **** provoke me!" The fat guy in front of him said with a treacherous smile.

Feifei and that Xia Xue on the ground can't speak at this moment, so they can only stay there.

What about the fat guy?

Enjoying two stunning beauties while drinking beer.

At this moment, due to the effect of alcohol, the fat guy suddenly swelled up, and his eyes became even more dishonest, staring at the bodies of the two big beauties in front of him.

Especially Xia Xue.

Xia Xue was originally more feminine than Feifei, with a plumper body and fuller body. At this moment, being held like this, coupled with the messy hair draped over her shoulders, she looked at how charming and charming it was.

Xia Xue's chest was puffed up and panting, and the fat man who was watching couldn't help swallowing.

Those evil eyes slammed against the towering mountains.

Although Xia Xue was tied up, when she saw that the fat man's eyes appeared strange, she suddenly became frightened and struggling back, but she did not expect that this would just stimulate the **** fat man's hormones.

So a very evil thought suddenly appeared in the fat man's mind.

Looking at Xia Xue who is struggling on the ground at the moment with a smirk: "Hey, Xueer, I always feel that you are alone in that broken hotel. Don't you have a man to accompany you at night? Are you lonely?"

"It seems that I have to serve you well in bed, my dear."

The fat man in front of him said as he put down the beer bottle in his hand.

Then two wretched big hands grabbed Xia Xue.

That Xia Xue was **** at the moment, tears flowed out quickly, screaming in her throat, but it was so useless, her body was struggling to move back.

The fat man stretched out to Xia Xuesu, hands on his chest, suddenly turned, and pulled out toward the rag inside Xia Xue's mouth.

After the cloth in Xia Xue's mouth was almost taken out, she yelled in despair.

"Help, help..." But the voice was so weak.

"Scream, keep screaming, the more you call me, the more excited I will be. I'll see how I play with you later."

The fat man laughed.

"Rogue, bastard... if you dare to move me, I'll die." Xia Xue yelled like crazy, her eyes flushed and she said with a trembling body.

The fat man sneered: "Want to die? How easy is it! At least I have to let Laozi take care of you, and then you die."

Facing the shameless words of the fat man, Xia Xue's tears fell drop by drop.

"Little beauty, don't cry. Lao Tzu is with you so that you can enjoy it in bed, don't it." The fat man said shamelessly.

"Go away, rascal, bastard." Xia Xue cursed.

"Hmph, I'll let you scold, and I'll see how I clean you up later."

After speaking, the fat man suddenly walked out.

Then he took a glass of water from the kitchen, took out a small white box from his pocket, and poured out a small red pill from inside.

"Hey, after I eat this for you, you'll feel better... I promise to be dying."
