

A Killer 1371

Chapter 1371: Night, murderous

That Ouyang Longyan also jumped up from the ground, holding the soft sword tightly in his hand. .

That Senhan face was also gloomily looking at the place ahead.

"It seems that an expert has passed by here." The Ecstasy said again, looking at the place where the hostility went away.

The ecstasy in front of him nodded silently.

"Let's go, let's catch up and see...Who is the expert?" The ecstasy suddenly said.

After the Ecstasy said this, he suddenly slid, like a big Peng spreading his wings, chasing after the hostile figure in front, Ouyang Longyan at the back also followed at an extremely fast speed.

In the darkness of the sky, in front is a fierce dark figure, and behind it is chasing two extremely fast and extremely top body techniques.

But seeing the Evil Envoy and Ouyang Longyan chasing the ferocious figure to the front, suddenly the terrifying energy that had been exposed just now suddenly disappeared.

At this moment, when Ecstasy felt the ferocious aura disappear, he swept his body and fell to the ground.

This is a dense dark forest, but after seeing the Ecstasy fell on the ground, a pair of eyes looked around strangely, and at this moment, Ouyang Longyan who came over quickly swept over and reached the Ecstasy's. Around.

"Disappeared?"

"The ferocious aura suddenly disappeared?" Hearing the ecstasy in front of him said weirdly.

On one side, Ouyang Longyan held his soft sword tightly in his hands, blinking and looking around.

"He can't walk so fast...should be right here."

"Could it be that he found us?" Ecstasy said in surprise.

At the moment when Ecstasy said this sentence, a gloomy wind suddenly blown from behind, and the yellow leaves on the ground were rustled by the gloomy wind.

"Two young people who do not know how to live or die... dare to follow me?" Suddenly a weird "woman" voice came out of the woods in the dark.

The sound was harsh, like a ghost crying.

Suddenly when he heard the strange sound coming, the Ecstasy suddenly changed his face, and at this moment, Ouyang Longyan also hurriedly pulled out the life-threatening soft sword in his hand, looking coldly at the dark surroundings. .

"Who is the character? He hides his head and reveals his tail?" Suddenly the ecstasy yelled in the dark.

When he asked, he heard the weird voice and suddenly laughed in the night.

"You two juniors dare to follow me secretly... It seems you are impatient to live..." Suddenly the weird "woman" voice came over again.

This ecstasy and Ouyang Longyan are also first-class characters. Now when they hear such a weird "woman" voice, they can't help but wonder: When did there be such a weird woman on the rivers and lakes? impossible.

"Your Excellency is misunderstood... The two of us are not following you, just watching you suddenly pass by here in the dark, so I just want to see who is superior. Since you don't want to reveal the true face of Lushan, then we two can't bother. "

After the ecstasy said so, he suddenly said to that Ouyang Longyan: "Let's go.,"

After speaking, the two suddenly stood up and prepared to leave here.

Because the two of them can already feel that the fierce character in the dark is by no means an idle generation, and the horror faintly exposed from the darkness explains the terribleness of the other to a large extent, so The ecstasy in front of him and Ouyang Longyan didn't want to take this risk.

Just as the two of them were about to leave, suddenly the ghostly "woman" voice came out again.

"Want to go?"

"I'm afraid it's not that easy..."

"Leave your lives."

With a weird whistling sound, suddenly a black image was shot at the ecstasy and Ouyang Longyan like electric shots.

In the dark night, but seeing a fierce aura attacking them.

When Ouyang Longyan and the Ecstasy saw the opponent suddenly attacking the two of them, it might be too late to leave, so they could only escape.

The two were upside down in the air, and then they flung back to the ground.

And the black and terrifying figure was like a snake, it missed the attack, then wrapped around the tree, and suddenly stood in front of the two.

At this moment, Ouyang Longyan and the ecstasy not only saw this together: the weirdo.

But seeing this weird man's hair dangled, his whole body feels dirty, and his messy hair covers his face...I can't see his face clearly, the only thing I can see is his clothes in tatters. , Like a monster crawling out of the ground.

"Your Excellency is really not going to let the two of us go?" Ecstasy said coldly at the monster in front of him.

The monster suddenly sneered: "I said it, leaving your lives."

"Hey, I haven't tasted human blood for a long time... Today, let me take the two of you at first." The monster suddenly sighed again.

When he said it, Ouyang Longyan was already angry.

"Evil thief, you are looking for death."

With a word, the soft sword in his hand stabbed a few swords in the air, and the pungent sword moves suddenly pierced the monster's body like a rain of flowers.

But seeing the monster suddenly laughed strangely: "Good swordsmanship..."

When he finished speaking, suddenly a thin hand stretched out, and then shook it in the air, and then violently pushed forward, an invisible and powerful evil spirit attacked the sword of Ouyang Longyan.

Ouyang Longyan was also a first-class master, but when he was suddenly hit by this monster with one move, he felt the vast evil in the palm of his hand, and he was shocked.

Then Roujian pierced a few more swords in the air, stab at the monster's whole body.

Following Ouyang Longyan's attack, the monster suddenly had palms like ghost claws, and then suddenly leaped against the sky.

When Ouyang Longyan saw the opponent's extremely fast body rushing towards him, he cut it horizontally with a soft sword in his hand, and then slid upside down in the air.

Ouyang Longyan has always been known for his swordsmanship and viciousness, but his pungent sword moves seem to be useless when facing this monster, and every move seems to be unable to touch the opponent.

Chapter 1372: It's him?

When Ouyang Longyan shot here, the ecstasy saw that Ouyang Longyan was not the opponent of the monster at all, and suddenly roared, raised his palms, and attacked the "monster"-like guy.

He didn't care much now, he just wanted to save the lives of both of them.

When the monster heard the palm wind coming from behind, his body suddenly stretched, and then he hit the seducer with his backhand palm.

There is a strange evil spirit in the gloomy palm strength, and the evil spirit hits the human skin, giving people a horrible feeling. It seems that the ecstasy at this moment and the "monster" facing Ouyang Longyan is not a person at all.

The Ecstasy felt the evil in the opponent's palm, and did not dare to hold it. He dodged his body, dodged, and then attacked the monster again.

At this moment, the monster is one enemy two, and there is no feeling of disadvantage at all.

He doesn't know why, but he always gives people a gloomy feeling of evil, and every move, every style is extremely cruel. This is the terrifying role of Ouyang Longyan and the Ecstasy before him.

Although the two of them are one enemy and two, they still feel the horror of each other more and more.

Suddenly the Ecstasy, after attacking several moves, said to Ouyang Longyan in shock, "Let's find a way to leave... This monster is too powerful."

Ouyang Longyan also deeply felt the horror of the monster in front of him, so at this moment not only nodded in the dark, and then followed up with the Ecstasy's multiple attacks, the two attacking with all their strength was quite sharp.

At this moment, he not only forced the monster back a few steps.

After the two of them pushed the monster back for a few steps, the ecstasy suddenly said, "Go."

When the voice fell, he wanted to escape from here.

At this moment, Ouyang Longyan also hurriedly stood up, and then flew over here.

But where can they escape?

"I want to run..."

"stay."

With a loud shout, the monster's figure suddenly rose, and at the same moment, his entire figure exploded, and then his thin hands suddenly stretched forward like ghost claws, and then from the thin palms two terrible suction forces sucked in Ouyang Longyan and the Ecstasy who were about to escape.

Hehe...

"I want to escape from the palm of my hand alive... dreaming!" A terrifying voice came out of his mouth. It was hard to believe that this rough-looking guy who looked like a monster, but his voice was as sharp and unsound as a woman.

When Ouyang Longyan and the Ecstasy's body were involuntarily sucked toward this side, the two were suddenly shocked.

Suddenly Ouyang Longyan plunged his soft sword into the ground to block the strong suction. The sword stabbed on the cold ground, hissing sparks, and the Ecstasy over there tried his best to break free, but even so, it is difficult to stop the terrible suction.

Just when the two of them were about to be sucked over, the ecstasy suddenly hugged the big tree in front of him with his hands, and the sucked body was suddenly startled, and at this moment, Ouyang Longyan also pierced the cold with his sword. In the ground, he held the sword tightly with both hands, blocking the strong suction,

But the monster suddenly moved forward at the moment when the two ghost claws were sucked, and then the two ghost moves turned into palms. With a bang, two terrifying palms hit the Ouyang Longyan one by one. The body of the Ecstasy.

He banged his palm and hit Ouyang Longyan and the body of the Ecstasy.

In the dark, but after hearing two screams, Ouyang Longyan and the ecstasy caused both of them to be beaten into terrible serious injuries.

Although the two of them were seriously injured, they also happened to fall into a long distance...

"escape!"

Suddenly, a loud shout came out of the ecstasy's mouth.

At this moment, the two of them endured the tingling of their bodies, rushed desperately, and swept into the darkness.

They must flee, and if they do not flee again, I am afraid they will definitely die here today.

The monster was so self-defeating that he originally wanted to kill the two of them, but he didn't expect to let them run away at this moment, and he screamed in anger...

Strange and terrifying sounds filled the dark woods.

His strange voice was full of anger and unwillingness.

The night is getting darker and darker.

In this black night, the badly injured Ecstasy and Ouyang Longyan were still running away.

I don't know how long they have been walking, and finally they really can't run...Furthermore, they were unable to move at all because of the internal injuries. At this moment, after escaping for a while, they all fell down with a wow. On the ground.

A mouthful of blood came out of both of them.

Blood is purple-brown plasma! Flow on the cold ground.

But seeing the two people fell to the ground in pain, their faces were pale and terrifying.

"You...how are you doing?" The ecstasy looked at Ouyang Longyan and asked while enduring the serious injury.

Ouyang Longyan forced himself to endure the blood surging in his heart, and said with a pale face: "Fortunately..."

At this moment, the ecstasy made a difficult look at the wound on his chest, but saw that there was a purple black handprint on his chest, which was terrifying and frightening. When he saw such a vicious palm, the ecstasy made his eyes appear. A look of fear.

"Who is that monster? It's terrible." The ecstasy in front of him fell to the ground, clutching his chest, gasping.

Ouyang Longyan shook his head desperately, saying that he didn't know.

"Among the rivers and lakes...never...never heard of this monster..." The Ecstasy continued to gasp and said in a difficult voice.

"do not know."

"You...you just...heard...his voice...sound like a woman...but...but his person...is a man." Ecstasy recalled the pain in the body at this moment. This detail started.

When Ouyang Longyan heard it, he was suddenly stunned.

"You mean..." Ouyang Longyan suddenly said with eyes widening.

The ecstasy also shocked my heart at this moment.

"We...we...we...we didn't meet... met... the monster in the devil's cave?" A trembling word suddenly came out of the ecstasy's mouth with anxiety.

The monster of the magic cave?

Yin and Yang people!

After the ecstasy said this all of a sudden, Ouyang Longyan, who used to be cold-faced, suddenly, his whole expression seemed to be frozen in ice, staying there in surprise and horror.

"He was born?"

"That monster has really been born?" Ecstasy said silently, looking into the darkness.

Chapter 1373: Something to worry about

The current Ouyang Longyan and the Ecstasy had basically guessed that the monster they encountered just now was the "he" imprisoned in the devil in the gate of hell, the yin and yang person.

After knowing the truth, the ecstasy in front of him and that Ouyang Longyan's complexion changed suddenly.

"Why does that monster appear here?" The ecstasy at the moment said with a horrified face.

Ecstasy, who had suffered a serious injury, asked with a pale face.

Of course, Ouyang Longyan next to him didn't know. He shook his head depressed, took a deep breath, then blinked and looked at the black night sky and said, "No matter what, it's a miracle that we two can survive today. Up."

Yes, today's Ouyang Longyan still has a good luck.

Because if the two of them were a little late, they would definitely die in the hands of the monster Yin and Yang.

"Ouyang Longyan, what is this place?" The ecstasy in front of him suddenly asked.

When the Ecstasy suddenly asked this, Ouyang Longyan in front of him was not only taken aback, but endured the serious physical injury and said slightly: "This seems to be the border of Northern Liaoning Province."

When the eccentric envoy heard the three characters "Liaobei Province", his expression suddenly changed.

"Not good." Suddenly the two words came out from his mouth in shock.

When he suddenly said the bad words, Ouyang Longyan in front of him was taken aback.

"What's wrong?" Ouyang Longyan asked quickly.

But seeing the ecstasy as if remembering something, a pale face that was already badly wounded was even more ugly at this moment.

"Isn't Liaobei Province the Yuwen family boundary among the four major families?" Ecstasy said suddenly.

Liaobei Province.

Yuwen family among the four major families.

Yes, this Yuwen family is in northern Liaoning province. Since Li Tian stole Xuanyuanjian, the old immortality of the Yuwen family: Yuwen Huangji still remembers the hatred, but because of the

appearance of Duguxie back then, After the ghost servant was born, the old Yuwen slowly ran aground with Li Tiande.

Although the grievances and grievances were not clearly distinguished for the time being, the Yuwen family's "Xuanyuan Sword" was indeed lost.

This has become a fatal injury to the Yuwen family, because the Xuanyuan Sword has not been found so far.

The Yuwen family has also become less sharp after undergoing that great change, and the current Yuwen family can only stay in their own territory.

It's just that when the Ecstasy heard that this was the border of Liaobei Province and the Yuwen family territory, his expression instantly became extremely ugly, as if he felt that something big was about to happen.

Ouyang Longyan at this meeting looked at the ecstasy with a surprised look: "What's the matter? What did you say just now?"

Following Ouyang Longyan's question, I saw that the ecstasy did not directly answer Ouyang Longyan's question in front of him, but suddenly raised his eyes to look at the deadly night, no one knows what she is thinking at the moment. what.

After a long pause, the Ecstasy suddenly preached: "I think, I know why that monster passed here..." A word suddenly came out of the Ecstasy's mouth.

After the ecstasy in front of him said so, Ouyang Longyan was taken aback and asked, "Why?"

"Ouyang Longyan, do you still remember the fact that your four big families besieged the monster just now more than twenty years ago?" The ecstasy asked suddenly in front of him.

As he suddenly said this, Ouyang Longyan's face suddenly changed dramatically.

"What do you mean..." Ouyang Longyan asked, suddenly turning blue.

"Yes, if I guessed correctly, that monster should have come back to avenge the blood and blood of the year."

"Back then, your four big families and many people on the rivers and lakes forced that monster to the top of Luan Mountain, and finally forced him to jump off the cliff and commit suicide... But that monster was so fateful that he did not die. Think about it, he is now out of the magic cave. , The first thing he must do is revenge, so I think, I'm afraid that this monster came here because of the blood debt he had made more than 20 years ago."

After hearing the ecstasy in front of him suddenly say this, Ouyang Longyan's expression changed in shock.

"Then you mean that the Yuwen family will be in great danger soon?"

"I'm afraid it's more terrifying than we thought!"

"Just now you and I have learned the terrifying power of that monster... If he really wants to deal with that Yuwen family, I'm afraid the Yuwen family will destroy the whole family." The Evil Envoy sighed.

After listening, Ouyang Longyan suddenly stood up, enduring his body pain.

"No, we have to stop that monster." Ouyang Longyan said, standing in the dark.

Ecstasy smiled bitterly: "Can you and I have time now?"

"Furthermore, even if we have time... it is probably going to die."

"Hey, now the monster has been born... I'm afraid no one can kill him alone."

The ecstasy in front of him sighed.

Ouyang Longyan also recognizes the severity of the current situation. In fact, he is not mainly worried about the Yuwen family. In fact, what he is most worried about at the moment is his own family: the Ouyang family.

Because the real planner who dealt with that monster Yin and Yang was his father, the founder of the Ouyang family: Father Ouyang Wujiang.

If the monster Yin and Yang really came out of the magic cave to avenge the blood, there is no doubt that the Ouyang family will most likely encounter an unprecedented terrible disaster.

Although Ouyang Longyan has not returned to his family for many years, his body is still in the blood of the Ouyang family, so he is very worried at the moment.

How clever the ecstasy was, of course he understood what Ouyang Longyan was worried about at the moment.

Not only said: "Are you worried about your own family?"

Ouyang Longyan did not speak, standing in the dark night with a cold body.

"Hey, the four big families back then, except for the Situ family in the northwest, all three of your families intervened and dealt with that monster... It seems that the monster will also attack your Ouyang family sooner or later. "

"Well, let's rush to Liaobei Province to see the situation first... Maybe that perverted yin and yang man just passed by here, that's impossible." Finally the ecstasy said there.

He didn't even believe what he was saying now.

But in order to comfort Ouyang Longyan in front of him, he could only say so.

After saying these words like this, Ouyang Longyan nodded silently: "Okay, let's rush to Liaobei Province to see the situation..."

"If that monster is really trying to avenge the blood, whether it is alive or dead, I will prevent him from attacking my family." Ouyang Longyan said fiercely.

The ecstasy nodded.

"Then let's recuperate the injuries first... and then set off immediately to Liaobei Province."

"En." Ouyang Longyan nodded in front of him.

Both of them now have the vicious hands of the yin and yang people in their bodies. Although the two of them don't seem to have anything serious, their internal injuries are extremely serious. At this moment, they have only said such a conversation, and both of them seem to be breathless and panting. And CNOOC's chest stabbed like needles...

So now they have to sit down and recuperate their injuries before rushing to the northern province of Liaoning.

After such a decision, the two began to sit quietly in the dark to heal their internal injuries.

Chapter 1374: Blood handprint

Liaobei Province.

A prosperous big city.

It has the reputation of being called the prosperous capital. Looking at the northern province of Liaoning from afar, the lights are bright and neon flashing.

In northern Liaoning Province, there is also a large and powerful family, the Yuwen family.

The Yuwen family is rich in wealth in Liaobei Province. It not only controls most of the real estate industry in Liaobei Province, but also enters various fields such as the catering industry.

The former Yuwen family was arrogant and domineering, and it can be said that no one is concerned.

As the richest family of the four major families, the Yuwen family does have proud capital.

However, since the incident of Li Tian stealing the sword, the Yuwen family seemed to have been greatly frustrated. Today's Yuwen family has long lost the mighty dominance of previous years, on the contrary, it has been much lower-key.

Everyone knows that the Yuwen family is the oldest of the four major families.

And being the only family that owns Xuanyuan Sword is something worthy of glory, but it is precisely because their family has Xuanyuan Sword that they are jealous of many people.

Now, the Yuwen family's Xuanyuanjian has long been missing... and the entire Yuwen family has also become depressed after that incident.

Although the Yuwen family has been in a state of depression after the incident, the big family is still a big family after all.

Even a lean camel is bigger than a horse.

This is why the Yuwen family has a huge and solid family background.

The Yuwen family, located in a prime location in northern Liaoning Province, still maintains the ancient Chinese traditions, and even the architecture of the houses inherits the spirit of the older generation.

But seeing a mansion with a huge area is the family territory of the Yuwen family.

Here, there are direct and branch members of the Yuwen family, and there are also protectors of the Yuwen family.

There are also family bodyguards strictly guarding them inside and out.

Today, I don't know what happened to the Yuwen family suddenly, because the faces of the Yuwen family members who came in and out all showed an extremely disturbed look, as if something big happened to the Yuwen family. ,

I looked inside the Yuwen family, but saw people guarding it back and forth everywhere, the brightly lit Yuwen family mansion, and the guards were cautious and not at all idle.

I saw a man wearing a Tang suit coming out of the Yuwen family. Although he seemed to be 5060 years old, his footsteps were extremely agile, and his cheekbones were extremely high, and his eyes were bright.

Such a character can be seen by an insider at a glance, and he is definitely a master outsider.

The rough hands were now tucked in their sleeves and walked out of the room step by step.

After walking out, he turned and walked quickly towards the back door on the west side. There were also many people guarding the backyard of the Yuwen family.

After he arrived, the guards saw the old man.

"The housekeeper..." they respectfully addressed the old man in front of them.

It turns out that this old man is the chief steward of the Yuwen family: Yuwenzang.

But seeing Yuwenzang nodded slightly, then walked over and glanced at the door behind.

With sharp eyes there suddenly said, "Xiaohai, how is your side?"

After the butler Ubunzo asked, the masculine man named Xiaohai quickly replied, "Everything is normal."

"Oh, all right!"

"You must give me a good hold of this back door, remember, there will be some trouble, and you must contact us... Don't act rashly," the housekeeper suddenly said there.

Xiao Hai nodded seriously, "I see."

"that's fine."

After looking at the back door, the butler Yuwenzang quickly went to the front place to patrol.

I don't know why, each of them has an extremely disturbed look on their faces, as if something big is about to happen here.

Suddenly when the butler Yuwen Zang walked towards the Yuwen family mansion in the north, a scream of exclamation suddenly appeared in the north.

Then I heard someone panicking.

"Appeared... the **** handprint appeared again."

"Blood handprint..."

After the terrifying cry suddenly came, Yuwen Zang's face suddenly became extremely ugly, and then he hurried to the place where the scream was made.

Here, I saw more than 120 members of the Yuwen family all looking panicked.

At the moment they were holding sharp knives in their hands, and they were surrounded by the gate with uneasy expressions. No one knew what happened.

At this moment, the butler Yuwen Zang has ran over here quickly.

"The housekeeper is here, the housekeeper is here." The 120 bodyguards here hurriedly yelled when they saw the housekeeper Yuwenzang coming.

The butler, Yu Wen Zang, looked extremely ugly at this moment. After running over quickly, he quickly said: "What's the matter? What happened?"

"The housekeeper...blood...blood handprints have appeared again..." I only heard one of the burly men in a suit speaking in horror.

After hearing the three characters "Blood Handprint", the housekeeper Yu Wen Zang in front of him was stunned.

"Where?" the housekeeper Yu Wen Zang asked in surprise. ,

I saw those people hurriedly pointing to the door in front of him and saying: "Blood handprint...on the door."

"Open the door and let me have a look." The butler Yuwenzang roared.

Following Yuwenzang's roar, several people around him hurriedly opened the door in front of them slightly, each one holding the knife tightly in their hands, looking around.

Then the housekeeper Yu Wen Zang saw a ***** handprint horribly printed on the door.

The heavy red sandalwood door was shaken by the "blood handprint"... It was obviously shocked by people with extremely deep palms, and the most important thing was that the deep palm prints were still scarlet. blood.

The blood is ***** and unpleasant, which makes people know that it is human blood.

Everyone in front of them looked pale and ugly when they saw the horrible "blood handprint" on the door.

And the big butler Yuwenzang was also looking at the blood-red handprint with a gloomy face at the moment.

"Damn...!" He suddenly yelled.

"Tell me, when did you find it?" I just listened to the big butler Yu Wen Zang hurriedly asked.

The people under his staff quickly replied, "I just found it."

After hearing these people say so, Yuwen Zang said immediately: "You immediately send people to search around... Remember, you can't let me let go of a corner!"

"Yes!"

After receiving the order, those subordinates quickly began to search around.

And the big housekeeper Uwenzang in front of him was looking at the ***** handprints, his brows were already showing more and more anxiety.

After looking at the terrifying "blood handprint" for a few moments, Yuwen Zang walked quickly toward the big house in the center of the Yuwen family.

In a magnificent room in the center, but the owner of the Yuwen family: Yuwen Huangji was sitting motionless.

This old man, who was approaching a hundred years old, still seemed to be full of vigor, no wonder the outside world had said that Yuwen Emperor was immortal.

At this moment, while the Yuwen Emperor stayed in the room, the butler Yuwenzang had already walked in quickly.

"Patriarch, it's not good... the **** handprints have appeared again." Yuwenzang who walked in said quickly with anxious expression.

Two of his confidants were standing beside Yuwen Huangji, but they seemed to be relatively young. After hearing Yuwenzang's words, their eyes showed horror.

Chapter 1375: he came

"Patriarch!"

"Patriarch..." The two young cronies standing next to Yuwen Huangji screamed together.

But seeing that Yuwen Huangji, who was sitting in the center, was strangely indifferent when he heard the big butler Yuwenzang say this, as if he had heard a very common thing.

"I see." The four words came out from Yuwen Huangji's mouth slightly.

What happened to this Yuwen Emperor? How could he be so calm?

Was he already expecting it? Or what's going on?

Do not!

Although his expression was indifferent, he could feel a weird look. That weird look seemed like an almost desperate attitude!

"Patriarch, what should we do? The other party is obviously aimed at our family... and has left scary blood fingerprints three times in a day... Patriarch, we have to do it... We can't just sit and wait for death like this! The butler Yuwen hid there and said. ,

"Do it?" Yuwen Huangji suddenly sneered.

After he sneered like this, the housekeeper Yuwen Zang and the two confidants around him looked dumbfounded at their Patriarch.

But seeing that Yuwen Emperor suddenly sighed there, he lifted up those desperate eyes slightly and looked at Yuwenzang in front of him and the two close friends.

"You better go quickly..." a sentence suddenly came out of Yuwen Huangji's mouth.

When the Emperor Yuwen suddenly said such a sentence, he suddenly made the housekeeper Yuwenzang in front of him and the two close friends speechless.

"Patriarch? What do you mean? Let's go? Where are we going?" the people around him asked in surprise.

But seeing Yuwen Huangji continue to say: "Leave here...you can go there...just don't stay in the Yuwen family."

"Why? Patriarch, why?"

"Yes, Patriarch, why do you want to drive us away?" The butler Yuwen Zang and two of his close friends asked at the same time.

Yuwenhuangji suddenly raised his eyes: "Because if you stay here, there is only one dead end."

As Yuwen Huangji said so suddenly, the two cronies in front of him and the housekeeper Yuwenzang were all taken aback.

"Patriarch..."

But seeing Emperor Yuwen suddenly lifted those desperate eyes and looked at the endless night: "I never thought that Emperor Yuwen hadn't thought that the monster back then was not dead..."

When Yuwenhuangji suddenly said the word "monster" in his mouth, the people around him looked at him with horrified expressions.

But seeing the big butler here, Ubunzo, questioned: "Patriarch, you just mentioned monsters? What monsters?"

"A thing that can't be regarded as human at all."

"He is extremely evil and bloodthirsty. Twenty years ago, we still had the Ouyang family and many people from the rivers and lakes jointly killed him, forced him on Luan Mountain, and finally forced him to jump off the cliff and kill him..."

"But I didn't expect that he is still alive now... he is back..." Yuwenhuang said with a miserable smile on his mouth suddenly.

When he finished saying that, the housekeeper Yu Wen Zang was taken aback.

More than twenty years ago, Luan Mountain?

Suddenly the name of a terrifying character suddenly appeared in his mind!

"Patriarch...you...you mean...yin and yang people?" The terrifying words came out of the big housekeeper Yuwenzang's mouth.

When uttering the name of the "yin and yang person", Yu Wen Zang's face instantly changed to the same as hearing a ghost.

Yuwenzang has been in the Yuwen family all his life, so of course he understands the past more than twenty years ago...except that he is the same as Yuwen Huangji, never thought that the monster is still alive now.

"Yes, it's him."

"The **** handprint is the **** mark left by that monster's murder. Once the **** handprint is left, the blood will flow into a river." Yuwenhuang said in despair.

And Yu Wen Zang suddenly stopped speaking at this time, because his old face also turned into a look of fear and horror in an instant.

The yin and yang people more than 20 years ago were brutal and brutal, bloodthirsty, and everyone knew.

Now the Yin and Yang people have come out of the arena, and now the **** handprints are left on the door of the Yuwen family. It seems that the Yuwen family is really a catastrophe this time.

"Let's go... Yuwenzang, you go and inform the other people, tell them, let them all go..." Yuwenhuang said in despair, looking at the housekeeper Yuwenzang in front of him.

After Yuwen Huangji said this all at once, the two trusted members around him suddenly said: "Patriarch, we will not leave."

"Do you all want to stay here and die?" Yuwen Huang said furiously.

But I saw the humanity around me and said: "Patriarch, we fought with that monster... I don't believe that there are so many people in our family, and I am afraid of that monster."

"Yes, Patriarch, we fought with that monster." The two trusted members said with blushing eyes.

At this moment, Yuwenzang next to him suddenly said: "Patriarch, I think we can fight that monster once... With so many of us, it may not necessarily be the opponent of that monster."

After they said that, the Yuwen Emperor smiled bitterly, because only he knew in his heart that no one in the Yuwen family was an opponent of that monster.

"Listen to me, you'd better leave as soon as possible... It can be considered as leaving some blood for the Yuwen family." Yuwen Huangji in front of him once again discouraged his subordinates.

But how can those cronies leave?

At the moment, they all said with red eyes, "Patriarch, we will not leave when we die."

"Yes, I'm not going to die."

While they were still discussing who is going and who is not going in this central hall, a strange cry suddenly came from the night.

The voice was like a ghost crying, unpleasant and harsh, and it made people feel a terrible hairy bone in human ears.

Just after the ghost howl, Yuwen Huangji who was in the room suddenly changed his face and bounced from his seat, and the faces of several cronies around him also changed color, and they were all in the dark: What a strange sound ?

"He's here." A terrible word suddenly came out of Yuwen Huangji's mouth.

The endless night is now full of gloomy atmosphere.

Of course, the members of the Yuwen family outside heard the terrible ghost whistling sound. At this moment, they stood in the center of the Yuwen family, looking in surprise.

Everyone had an extremely disturbed look on their faces, and they couldn't help but say, "What sound?"

"Is it human?"

...

Just when they were all horrified in their hearts that the strange sound originated, suddenly there was another piercing cry from the darkness.

"Old Yuwen, take my life."

The voice was weird and terrifying, and when the whole story was passed to the Yuwen family, everyone was stunned.

"Who? Who dares to say that we are the Patriarch?"

Chapter 1376: Do not stay

Just when these Yuwen family members were in shock, a fierce black image suddenly flew towards the two Yuwen family members at the front like a ghost.

Then no one could see clearly how the dark shadow made its move... and when he didn't even see his face, two screams suddenly screamed out of the mouths of the two Yuwen family members. ...

Then they saw the two dismembered corpses flying towards them all at once.

Blood, scarlet blood spilled all over the ground, and the killed corpse was also torn on the ground.

In a blink of an eye, two members of the Yuwen family died in the hands of the abnormal monster.

The method is so cruel, so violent!

Looking at the two torn apart corpses on the ground, the members of the Yuwen family were all stunned for an instant... they looked at the terrible monster there with unbelievable eyes.

"Oh my god...what is this."

"Is it a human or a ghost?"

They were all scared and talked, and at the same time, even their bodies began to recede uncontrollably.

And that yin and yang person has already arrived.

His body was standing right in the center, he was dressed like a beggar, his loose hair was scattered on his body, and his body still exuded a terrifying stench.

At the moment when the Yin and Yang people suddenly appeared, that Yuwen Huangji had already ran out with his men.

"Patriarch..."

"The Patriarch is here."

Suddenly, when the members of the Yuwen family saw the Yuwen Emperor rushing over, they seemed to have seen a savior shouting there, and then they all surrounded their Patriarch in front of them.

But the first time he saw Yuwen Huangji, he saw the cruel corpse on the ground... His face muscles couldn't help shaking, and a pair of eyes saw the monster standing in front of him, the Yin and Yang man.

There was an unbelievable expression in his eyes.

Is this him?

That brutal monster more than twenty years ago?

Yes, it is him.

He really wasn't dead yet, and a deep sense of fear was immediately transmitted to Yuwen Huangji in front of him.

"You...you...this monster...can't you think that it's really not dead? Is it really alive?" Yuwen Huangji walked over step by step at this moment, and said humanely looking at Yin and Yang before him with his eyes open.

Suddenly the yin and yang man laughed strangely.

The voice looked strange and unpleasant in such darkness.

"Hey...Old Yuwen...The reason why I am not dead is to come back for revenge..."

"Back then, you and Lao Ouyang forced me to Luan Mountain... You made me jump off the cliff... How can I not report such blood feuds?"

"Today I want your Yuwen family to run into a river of blood, not the chickens and dogs." The **** words came out of which monster's mouth.

The blood is flowing into a river, the chickens and dogs will not stay!

When everyone heard this, their faces showed a deep look of fear.

But one of the young Yuwen family members couldn't bear the arrogant words of the yin and yang people. At this moment, he screamed and rushed over: "With you monster, I want to destroy my Yuwen family. You are looking for death."

Roaring at him, raising the knife in his hand, he rushed to the Yin and Yang person in front of him.

When Na Yuwen Huangji saw his own person suddenly rushing towards the Yin-Yang person, he suddenly exclaimed: "Don't..."

It's a pity that it's too late, because the kid who is not afraid of death has already rushed over.

Just when he leaped towards the Yin-Yang person, a cruel smile appeared at the corner of the Yin-Yang person's mouth, and then one of his hands suddenly entered into a ghost hand and slammed out quickly, and the terrible ghost hand was in that kid. Before reaching him, it pierced into his heart.

what! ! !

Where are all the Yuwen family members standing opposite, including Yuwen Huangji himself, completely shocked!

cruel! How cruel!

The young Yuwen family member never thought that this monster would actually insert a hand into his heart, staring at those desperate eyes, looking at the **** arm in his chest... Suddenly he was stunned.

Then a scream came out from his mouth.

Then the yin and yang people swished out his hand.

The blood stained his hands.

He is holding a living heart in his hand.

And that young man? He was already staring and fell to the ground, and the scarlet blood flowing from the hole in his chest dyed the entire cold ground red.

"What a fresh heart."

"Hey, young is good, that's good."

The abnormal yin and yang person looked at the ***** heart in his hand and sighed.

All the people around who looked at Yin and Yang at the moment felt terrible... They all looked at this extremely abnormal monster.

But seeing Emperor Yuwen suddenly stepped forward and roared, "Yin and Yang people...what do you want?"

Yin and Yang suddenly smiled strangely.

"Don't you know? I want you to die... I want your Yuwen family to perish tonight." A terrifying voice roared from his mouth.

"kill him."

"Kill this perverted monster."

Although the members of the Yuwen family are extremely scared, they are not scumbags. Seeing that several people have already died under this perverted monster, how can they endure such humiliation, so they seem crazy at the moment to the Yin and Yang people. Pounced.

Even if they die, they will die with this monster.

The night, the killing, officially began.

But seeing those members of the Yuwen family who rushed towards the yin and yang person, the eyes of the yin and yang person showed a bloodthirsty desire...

It was a sense of hunger and thirst after seeing the blood.

Suddenly his body moved, slaughtering members of the Yuwen family like crazy.

Wherever his body went, there was blood flowing everywhere, and then he heard a sad and painful scream.

Although there are many members of the Yuwen family, how can they be the opponent of this abnormal monster?

In a short while, more than a dozen people have all died under this perverted man.

The blood on his two hands is getting more and more, and the fiery killing in his eyes is getting stronger and stronger.

Watching the members of his family die tragically under his hands...Some of their heads were directly cut off, and some were broken alive by limbs... Some were dug out of their hearts... Hope With such a horrible scene, a sense of sorrow and despair was revealed in the Yuwen Emperor's eyes.

Suddenly, his old body looked at the dark sky... the whole sky also became gloomy.

Suddenly, he turned to the butler Yuwen Zang who was already jealous next to him and told him.

"Yuwenzang obeyed..." Yuwenhuangji suddenly ordered there.

Chapter 1377: The destruction of the Yuwen family

Na Yuwen hid in the Yuwen family for decades, and even worked as an old housekeeper for decades. At this moment, seeing his patron's order, he knelt on the ground with both legs.

"Patriarch..." he shouted with jealousy.

But seeing Emperor Yuwen said there: "I order you, now a person escapes by the chaos... how far you can escape... Remember, you must leave a little lifeline for our Yuwen family."

As Yuwen Huangji said this, Yuwen Zang immediately looked at Yuwen Huangji with blood red eyes: "Patriarch, let the old man stay with you..."

"Asshole... I let you go, you go quickly!"

"Do you want our Yuwen family to die here today? Do you want our Yuwen family to disappear from the world..."

"Go... hurry up." Yuwenhuang said in a rage.

But what about the housekeeper Ubunzo?

How could he bear to watch his family members and his respected Patriarch die here like this?

Although he couldn't bear it, he couldn't bear to see his family members fall into a pool of blood one by one, but in order to leave the last bit of lifeline for the Yuwen family... Yuwenzang finally wiped his **** eyes.

"Patriarch, you...you...you take care."

After Yuwenzang said this sentence from his mouth with difficulty, he suddenly took advantage of the chaos and ran to the backyard quickly.

And the Yuwen family members here are still rushing towards the abnormal Yin and Yang person one by one.

But how could they be the opponent of this abnormal monster?

Go up one, die one.

Screams and howls filled the entire Yuwen family.

"You monster, the old man fights with you."

Suddenly there was a roar in the darkness, that Yuwen Huangji finally made a move, and his old right hand suddenly grabbed the Yin and Yang man's shoulder like an eagle claw.

A catch in the dark is really not to be underestimated.

Besides, when the last Yuwen Huangji finally shot, the yin and yang person suddenly showed a strange smile.

"Old stuff...you are finally willing to do it."

"Twenty years ago, you partnered with that old Ouyang to kill me...Today I will definitely pull your muscles and skin your skin."

When the cruel words came out of the Yin and Yang people's mouth, he suddenly pounced strangely towards the Yuwen Emperor, and the two quickly attacked each other in the air with a dozen moves.

Every move is extremely fast.

The Emperor Yuwen is worthy of being the head of the Yuwen family, and the skill of Kuaiyu for a hundred years is naturally not weak.

At this moment, fighting desperately against Yin and Yang is not weak at all.

But seeing that the yin and yang people are extremely terrifying, but seeing that the Yuwen Emperor's moves are lifeless fighting tricks, at this time the Yin and Yang people can't hold the Yuwen Emperor's extreme.

Yuwenhuang had probably realized that he would definitely die today.

So every one of his moves is a desperate move. His moves do not seek self-protection, but only hurt the enemy.

But seeing the emperor Yuwen suddenly roared in the darkness, he lethally attacked the Yin and Yang man.

The domineering palm is really powerful.

But seeing the Yin and Yang man flipped his left hand to block the palm of Yuwen Huangji, then his right hand attacked Yuwen Huangji from the side from a strange angle.

Yuwen Huangji missed his palm. At this moment, he saw this perverted monster attacking him. He volleyed and went back upright. He just landed, and then he used his desperate palms to accumulate energy again, lethally facing the person in front of him. Yin and Yang people rushed.

However, this time the Yin and Yang people did not hide.

He seemed unwilling to fight with Yuwen Emperor again.

Suddenly, a wicked energy was accumulated in his left hand... Just when the Yuwen Emperor suddenly slapped him with a palm, the Yin and Yang people suddenly attacked from the palm of Yin Qi.

Accompanied by the gloomy breath palm, a sudden bang suddenly collided with that Yuwen Emperor's palm.

Just when the two of them slammed into each other fiercely, the yin and yang person suddenly showed a sinister smile on his face, and what about Yuwen Emperor? At this moment, the whole face turned pale...

"Go to hell." The Yin-Yang person suddenly roared, and the evil spirit in his right palm suddenly increased more solemnly.

No hunch!

Hearing a bang, the Yuwen Emperor was suddenly shaken by the powerful evil palm of the Yin and Yang person and flew back. His body was like a kite with a broken wire, and suddenly fell heavily to the ground.

Plop!

But seeing that Yuwen Huangji's whole body flew upside down, and then fell heavily to the ground with a painful muffled sound in his mouth.

After Yuwen Huangji was overwhelmed by the evil palms of the Yin and Yang people, the Yuwen family members under him ran over in exclamation one by one.

"Patriarch..."

"Patriarch!"

They all rushed over and supported Yuwen Huangji.

Yuwenhuang's very old body fell to the ground, with blood still bleeding from the corners of his mouth, and his painful eyes were all in the color of endless despair at this moment.

But after seeing Yuwen Huangji being supported by the people around him, he stared at the Yin and Yang people in front of him, with all unwillingness in his eyes.

The yin and yang man suddenly laughed strangely: "Old Yuwen... It seems that you have grown old for so many years... Hey, I can't even hold a palm."

"Asshole."

"You monster...definitely will not die." Just listen to Yuwen Huangji's angry saying.

The yin and yang man heard such insults from Emperor Yuwen in front of him, and suddenly sneered and said: "Even if you die, I will let your entire Yuwen family be buried with me."

"Today, I want to slaughter all of your entire Yuwen family, leaving none of them alive."

Following the fierce voice of the Yin and Yang people, the Yuwen family members beside him suddenly rushed towards him.

But how could they be the opponent of this monster?

He hadn't reached his body yet, but seeing the Yin Yang person suddenly raised his right hand, a wicked and strange energy suddenly slammed into them.

Then they heard a scream of screams from their mouths.

Before their bodies fell completely, the horrible figure of the Yin and Yang man had already flown towards them.

Then I saw the members of the Yuwen family, one by one, tragically dying under his hands...Wailing, painful and screaming, it was as if a ***** massacre was being staged.

The badly injured Emperor Yuwen looked at his family members one by one to die in front of him, his eyes turned red.

"You monster... the old man fights with you."

The roaring Yuwen Emperor suddenly ignored his own serious injury, and suddenly attacked the Yin-Yang man with his palms facing him like crazy.

But how could his martial arts be the opponent of this monster?

When his old body attacked all of a sudden, the yin and yang person suddenly turned upside down, and then flew a kick in the air, kicking Yuwen Huangji's chest bang.

The terrifying foot kicked fiercely on the heart of Yuwen Huangji.

In the middle of the air, I only heard a scream from Emperor Yuwen... His body fell straight to the ground, and the entire icy ground was cracked by his falling body...

Yuwen Huangji fell.

He was dying, his mouth was full of blood, and his body tried to struggle to get up, but unfortunately he didn't have the slightest strength.

And what about the yin and yang person at this moment? But he walked step by step towards Yuwen Huangji who fell on the ground with a murderous look full of horror.

Those Yuwen family members who are still alive, who dare to join at this moment?

Who will die.

Lying on the ground are the corpses of countless family members...The blood has dyed the entire ground red...Fear, fear, surrounded them, they have never seen such a terrible killing, and today they are truly real seen.

monster!

He is really a cruel monster who is bloodthirsty.

As the yin and yang man walked towards the downturned Yuwen Emperor step by step, but seeing that the dying Yuwen Emperor was already at the end of his crossbow, his internal organs and veins had all been shattered by this monster, and he just kept it. With the last trace of vitality, the yin and yang man who looked in front of him.

The yin and yang man looked at the painful Yuwen Emperor with a cruel sneer on his face.

Suddenly he stretched out a foot and stepped into the pool of blood on the ground... He smiled cruelly at that Yuwen Huangji: "Old Yuwen... today you finally taste the taste of death, right? Hey..." A strange laugh came from his mouth.

Yuwen Huangji's mouth was open, as if he wanted to speak, but he didn't have the slightest strength.

So I had to stretch out a hand with difficulty, and then tightly grasped the Yin Yang person's ankle in a pool of blood... tightly grasped.

"Hey, killing you like this, why do I feel so unhappy?" Suddenly the Yin Yang person sighed.

As soon as he sighed, he suddenly pinched Yuwen Huangji's neck with one hand, and lifted Yuwen Huangji's neck alive with one hand.

Na Yuwen Huangji's eyes widened there...Two legs flopped uncontrollably...

But it doesn't help.

But seeing that the yin and yang man holding Yuwen Huangji's neck, looking at Yuwen Huangji whose eyes were gradually convex, he suddenly laughed cruelly.

"I want to dig out your heart..."

As he said, this abnormal monster, really a thin ghost hand suddenly inserted into Yuwen Huangji's chest... the blood flowed down all of Yuwen Huangji's clothes.

And the horrible ghost hand of the Yin and Yang man had been completely squeezed into the heart of Yuwen Huangji... and then he took out the heart of Yuwen Huangji alive.

Yuwenhuang's trembling body finally reached its limit, and his body finally stopped after two spasms.

He closed his eyes and died.

A generation of Yuwen Family Patriarch, Yuwen Huangji died in the hands of cruel Yin and Yang people.

The family members who were still alive next to it were all stunned when they saw the monster dig out the heart of their Patriarch like a bloodthirsty monster.

At this moment, put down the weapon in his hand and start running desperately...

They want to live and stay away from this monster.

In the dark night, only a gruesome and terrible laugh came out... and then I heard the ***** screams of the escaped Yuwen family members.

Death pervades the Yuwen family.

In a blink of an eye, this Yuwen family, the largest in Liaobei Province, is now a ruin...The members of the family suddenly died inside.

In the middle of the night, a fire suddenly soared from the entire Yuwen family.

Chapter 1378: I want to go back to the family

In the middle of the night, a blazing fire suddenly ignited from the Yuwen family mansion.

When the sky-reaching fire ignited throughout the Yuwen family, it could be described as the flames soaring into the sky, and thick smoke billowed.

Unexpectedly, the largest Yuwen family in Northern Liao Province would be completely destroyed in such a bleak night.

At the moment, the Yuwen family was soaring into the sky. At this moment, many people were standing outside and watching, looking at the place where the fire was burning, they couldn't help discussing where they were.

No one knows what happened to the entire huge family.

Teams of fire trucks drove over here from afar. Not only did many fire trucks arrive, but also many police officers arrived.

After they arrived, they were all stunned when they saw that the Yuwen family were all ***** corpses.

Because the Yuwen family has not had a survivor so far, all of them are dead.

Except for the blazing fire in the courtyard, there are the corpses all over the ground.

At this moment in the distance, I saw two black figures rushing towards this side fast and unbelievably. Of course, those two people were Ouyang Longyan and Ecstasy who came in a hurry.

At this moment, although the two of them had not fully entered the urban area of Northern Liaoning Province, they could already see the soaring fire from a distance.

"Evil spirit messenger, look there." Suddenly Ouyang Longyan called out in shock.

After he heard the sound, but seeing that ecstasy also saw the soaring fire at this moment.

The fire was huge and turbulent, and from a distance, you could see the flames spreading everywhere like a demon.

After seeing the sky full of flames for an instant, the Ecstasy and Ouyang Longyan's hearts shook in an instant.

"Could it be...could it be that... is the Yuwen family there?" Ecstasy said in that unbelievable way.

As he said, Ouyang Longyan stayed there with an ugly face.

"So fast?"

"Could it be that the monster has killed the Yuwen family?" said the two people in front of them, looking at the distant place with their unbelievable eyes.

After the two paused for about a few seconds, they only heard the Ecstasy suddenly say: "Go, let's go there and take a look."

With a roar, he immediately took Ouyang Longyan by his side and flew over to the distant place of fire. They really couldn't believe that the huge Yuwen family disappeared into nothing in a very short time. !

The two ran all the way.

Finally, when the fire continued to spread to the surroundings, Ouyang Longyan still had an ecstasy that caused them to come.

In the originally quiet night, at this moment, it was surrounded by many citizens of Liaobei Province, and there were also fire trucks rushing here quickly.

Even many, many police officers are there to maintain the situation on the scene.

After Ouyang Longyan still had the ecstasy to make them arrive, the only rescue that could be seen was the raging fire in the sky, and the **** corpses draped in white cloth carried out by the police.

After seeing the scene in front of him, the ecstasy in front of him and Ouyang Longyan suddenly felt a little stunned.

"The Yuwen family is really over...really destroyed like this!!" Ouyang Longyan said with a pair of unbelievable eyes.

Even the ecstasy was completely shocked.

Looking at the **** corpses lifted out of the ground and the flames in the sky, Ouyang Longyan in front of him suddenly walked forward.

The ecstasy saw Ouyang Longyan stepping forward and suddenly grabbed him: "What are you doing?"

But seeing Ouyang Longyan said: "I want to see if there is anyone living in the Yuwen family..."

"There will be no liveliness..." The Evil Envoy suddenly sighed.

"Under that monster's hand, it is absolutely impossible to leave a living mouth." The Ecstasy said there clearly.

In fact, Ouyang Longyan knew clearly in his heart that it was absolutely impossible for a survivor to appear under the hands of Yin Yang people, but he still had a glimmer of expectation in his heart.

Those onlookers around, watching the sky full of fire, and the corpses carried out by the Yuwen family one by one, were not only there, and said with regret: "Hey, what happened to this big family? Why overnight, all It's gone... and so many people have died."

"I heard that the enemy came to seek revenge... so I killed all of the Yuwen family and burned this big family on fire."

"Ah? What enemy?"

"There are more than 100 people in the Yuwen family... and there are so many bodyguards in there..."

"I don't know, I can only say that the enemy may be too powerful."

"Where is the old man? Where is the old man of the Yuwen family?"

"Master?"

"Did you not hear the police say? When they went in, the head of the Yuwen family was cut off alive. The method was extremely cruel... The body was also taken out of the heart and hung on the Yuwen family. Above the middle door..."

"Huh? You died so miserably?"

"That is!"

"Hey, it seems that the Yuwen family really offended a vicious enemy..."

The people onlookers around said regretfully one by one.

After all, such a huge family was destroyed in this way...it is a pity.

Listening to the comments of the surrounding citizens, Ouyang Longyan and the ecstasy in front of them were completely stunned.

The two of them were dumbfounded when they heard that Yuwen Huangji, the head of the Yuwen family, had his head cut off, and the entire heart was hollowed out, and the body was hanging in the middle of the Yuwen family.

Deep hatred burst out of the two of them.

"Too disgusting."

"That monster is too abnormal." The ecstasy in front of him roared there.

And what about Ouyang Longyan? At this moment, although the eyes are full of angry distortions, if you look deep into his eyes, you will see that there is still a deep sense of fear hidden in his eyes.

"I want to return to my family." A word suddenly came out of Ouyang Longyan's mouth.

When Ouyang Longyan suddenly said these words, the ecstasy turned his head and looked at him.

"Are you worried that the monster will go to your family?" The Evil Envoy looked at Ouyang Longyan and asked.

Ouyang Longyan said with a pale face, "He will definitely go."

"So I want to go back to the family to help." Only Ouyang Longyan said worriedly.

Hearing Ouyang Longyan's words, the Ecstasy frowned slightly: "But, if you go back now, I'm afraid your family...have some prejudices against you, right?"

"Will they listen to you?" The Ecstasy asked a question.

Yes, don't forget that Ouyang Longyan was a member of the gate of ***** before, and he has been away from the family for so many years, and now he suddenly returns, how can the family members have no prejudice against him?

After thinking about it, Ouyang Longyan said coldly: "I don't care about this... I just want to go back and help our family resist that monster."

After Ouyang Longyan made this decision, he suddenly turned around and walked slowly towards the dark night.

Chapter 1379: The spread of news

The night was shrouded in Ouyang Longyan's body, it seemed that he was determined to return to his family.

The ecstasy at this moment made it quickly follow at this time.

After he came over, that Ouyang Longyan suddenly looked back at the Ecstasy.

"You don't need to go back with me... and there is no need to accompany me to take such a big risk." A sentence came out of Ouyang Longyan's mouth.

Yes, Ecstasy does not need to participate in the affairs of these four major families.

"Don't you want me to help?" Just listened to the Evil Envoy looking at Ouyang Longyan and asked.

For such a long time, the two have been together, and they are already friends of life and death.

At this moment, after the ecstasy asked so, but seeing Ouyang Longyan in front of him said slightly, "No need..."

"I think our family should be able to deal with this matter." The last Ouyang Longyan said stubbornly there.

Hearing that Ouyang Longyan insisted on not allowing himself to help him, the ecstasy didn't say anything more. After thinking about it, he just looked at Ouyang Longyan and said: "Okay, take care."

After saying this, Ouyang Longyan walked into the darkness step by step.

And the ecstasy could only look at him from a distance.

He knew why Ouyang Longyan wouldn't let him go to help, because Ouyang Longyan was worried that he would be dragged down by the seducer.

Everyone knows how terrible the perverted monster Yin and Yang is. Now although Ouyang Longyan intends to return to his family to help, can their Ouyang family be able to withstand the attack of the Yin and Yang this time? To be honest, even Ouyang Longyan himself was worried.

It's not that he has never seen the strength of that terrifying yin and yang person, so in order not to hurt his friends, Ouyang Longyan plans to return to the family to help.

The night is getting darker and darker, and the soaring fire of the Yuwen family is still burning there.

The billowing smoke also contained the smell of scorched corpses floating in the air... such a huge family was completely perished overnight.

The Yuwen family was all killed overnight...

The head of Patriarch Yuwen was cut off alive, and the heart was completely taken out, and the body was hung in the central hall.

The Yuwen family was full of fire, and the entire hundred-year-old Kuangshi foundation was burned by a ruthless fire!

...

These huge headlines began to appear in major media and Internet headlines the next day like a plague. Whether it was entertainment newspapers or major financial newspapers, not all of them were published about the Yuwen family.

In order to exaggerate the truth, some media even said that hundreds of members of the Yuwen family were slaughtered.

...

No matter what, the whole destruction of the Yuwen family now began to spread in the country.

The whole country is even talking about this horrible incident.

No one knows what happened to the Yuwen family that caused this catastrophe.

North China Field Army.

Li Tian has been practicing behind closed doors these days.

Ever since Li Tian began to practice the first level of the Maha Boundless: Yin Qi Jue, Li Tian's mind suddenly became bright, he had never felt his whole body so comfortable.

Now his first level: Yin Qi Jue has basically been learned, the breath of breath has been completely controlled by Li Tianji, and Li Tian also feels that the energy in his body is getting stronger and stronger.

After realizing that the Maha Immeasurable Cultivation Method was powerful, Li Tian began to carefully study the second level: entry!

In the state of entry, one must achieve the state of being physically and mentally unaffected and empty in order to achieve real results.

At the time of entry, he initially began to accept the beginning of Maha Wuliang martial arts.

The first level of Yin Qi Jue in the early stage can be said to be a transition, then this entry is when the body begins to gradually reach the real kung fu of that Maha.

Only after entering the country can you really begin to practice the powerful Maha Wuliang.

Moreover, Li Tian found that when he was practicing entering the country, he found that he suddenly seemed to suffer a lot more than when he practiced Yin Qi Jue before... Then every level of mind and formula above are extremely meaningful. Li Tian always realized it only after reading it a few times.

But this didn't stop Li Tian, Li Tian was still cultivating hard.

In a few days, Li Tian took part in the cultivation of the immeasurable second level of Maha: the state of entry, because this second level of entry is much more difficult than the first level of entrapment, so Li Tian seems to be practicing. Quite slow.

Just when Li Tian was practising the Immeasurable Maha, he suddenly saw several brothers walking towards his room.

But seeing that Tang Xiaolong, who was headed by, had a weird face, and he was holding a newspaper in his hand...In addition, Chen Qiaozhi and Old Monster Ge also showed a strange expression on their faces.

Before they were still talking about Li Tian's room, Li Tian had already heard their footsteps.

At this moment, he let out a sigh of breath, then slowly put his hands down, grabbed the Maha Boundless Key in front of him, and put it away.

At this moment, the brothers also happened to be in front of the door.

"Little boss..."

Tang Xiaolong's voice sounded outside at this moment.

After his voice sounded, Li Tian slightly opened his mouth and said, "Come in."

Then Tang Xiaolong and the brothers who followed opened the door and walked in.

"Little boss, something big happened." Tang Xiaolong shouted after he walked in.

While talking, he walked quickly towards Li Tian.

Li Tian heard what Tang Xiaolong said in front of him, he was taken aback, and asked, "What happened? Could it be that Duguxie's condition has worsened again?"

In the past few days, Duguxie's condition had begun to gradually improve. This was when he suddenly heard that big-mouthed Tang Xiaolong suddenly said something big happened, so Li Tianhai was quite worried.

He thought that something happened to Duguxie.

Just after Li Tian asked worriedly, he only listened to Tang Xiaolong's hurried saying: "Little boss, it's not a matter of Senior Dugu."

When Li Tianyi heard Tang Xiaolong say this, he relaxed a little and said, "What is that?"

"Little boss, do you still remember the Yuwen family that we rushed through?" Tang Xiaolong said suddenly.

When Tang Xiaolong suddenly talked about the Yuwen family affairs a long time ago, Li Tian was taken aback.

"Yuwen family?"

"Of course I remember." Li Tiandao.

Of course, Li Tian remembered that he and his brothers went to the Yuwen Family Sword Cave, and also stole the Yuwen Family's treasure: the ancient Xuanyuan sword.

Chapter 1380: Brothers' discussion

How could he not remember the Yuwen family?

Moreover, Emperor Yuwen was extremely chasing them down, and he almost abolished Li Tian's arms. Li Tian naturally remembered these things clearly.

It's just that he can't understand now, why the brothers in front of him suddenly mentioned the Yuwen family at this moment.

Just as Li Tian was thinking like this, he just listened to Tang Xiaolong who was next to him suddenly saying: "Little boss...The Yuwen family died overnight."

When he suddenly heard Tang Xiaolong saying these words, Li Tian was shocked.

"What?" Li Tian asked incredulously.

But seeing that Tang Xiaolong went on to say: "Little boss, so many people in the Yuwen family were all killed overnight... and the whole family was also completely burned by a fire."

When Li Tian heard Tang Xiaolong say this again, he was suddenly shocked there.

His face was a speechless panic.

"Is this true or false? Where did you get this news?" Li Tian asked quickly.

I saw Tang Xiaolong immediately took out the newspaper he had just seen and handed it to Li Tiandao, "Little boss, we also just saw it... But now the media and TV have been talking about this. ."

"The visual inspection should be true." Chen Qiaozhi also said over there.

After hearing this terrible news, Li Tian's expression instantly became stiff.

Then he quickly grabbed the newspaper in Tang Xiaolong's hand and began to read it carefully.

The newspaper clearly read the huge headline: Yuwen family is destroyed! Yuwen Huangji's head hangs in the center...

Li Tian was stunned when he saw the title and the picture of the burning fire on it.

My God, how could a family as big as the Yuwen family be destroyed?

Li Tian thought to himself in disbelief.

Tang Xiaolong and his brothers in front of him were telling the truth, with expressions of horror on their faces.

"Yuwen Huangji is dead?" Li Tian murmured.

Chen Qiaozhi and Tang Xiaolong nodded there.

"should be."

"The report said that Yuwen Huangji's head was cut off alive..." Chen Qiaozhi.

Li Tian was shocked and said, "How could this be?"

"Who has such a big hatred with the Yuwen family... and the skill is so high?" Li Tian said in shock.

Regarding the huge strength of the Yuwen family and the skill of that Yuwen Emperor, Li Tian is naturally very clear.

That Yuwen Huangji can be regarded as a master of the generation, besides, as the owner of Yuwen Patriarch, how could he die so easily!

If this news is true, it means that the people who killed the Yuwen family will be terrifying and murderous people never seen before.

Thinking of this, Li Tian was not only stunned.

"The whole Yuwen family is destroyed!" This incident was really unexpected and sudden.

Tang Xiaolong next to him said: "Hey, I actually had a hatred for that Yuwen Emperor... After all, our little boss he injured back then almost lost both arms... Now I didn't expect him to be It's dead like this! It's really a pity."

Listening to Tang Xiaolong's words, Chen Qiaozhi on the other side also nodded slightly.

They stole the Yuwen family back then: the ancient Xuanyuan sword, they also promised to return the sword to the Yuwen family. According to the current situation, if Li Tian wants to return the sword to Yuwen Huangji, he might already It's impossible.

"Who is so powerful, killing so many members of the Yuwen family overnight?" Chen Qiaozhi suddenly said in that secret.

To be honest, not only does he think so now, but Li Tian is also in doubt.

He didn't understand what kind of powerful person actually killed the entire Yuwen family. Such a thing made him feel a deep sense of fear.

Just as Li Tian was thinking like this, he suddenly remembered some words he had said to him when the Ecstasy visited the North China Field Army at night.

When the words that the ecstasy said to himself suddenly rang in his mind, not only Li Tian was taken aback.

"Is it the monster that the ecstasy said?" A word suddenly murmured from Li Tian's mouth.

When Li Tian suddenly said this weirdly, the brothers in front of him were taken aback.

"Little boss...what monster?"

"Yes." The brothers in front of them all looked at Li Tian with puzzled faces and asked.

But seeing Li Tian suddenly turned his head and said to the brothers: "There is something I didn't tell you... A few days ago, the Ecstasy and Ouyang Longyan came to the North China Field Army at night."

what?

When Li Tian suddenly said that Ouyang Longyan and the Evil Envoy Zeng Ye visited the North China Field Military Region, the brothers were all taken aback.

"What, those two guys came here?"

"Yeah, little boss, didn't those two do anything to you?"

The brothers all asked in shock, because in their impression that Ecstasy and Ouyang Longyan were not good people, they were from the gate of hell.

After hearing the brothers say so, Li Tian smiled and shook his head.

"they do not!"

The brothers then asked again: "Which two guys are doing here?"

Li Tian replied, "In fact, Ouyang Longyan and the Ecstasy have changed..."

"Changed? What do you mean?"

"The two of them have betrayed the gate of hell... now they can no longer be regarded as our enemies." A word came out of Li Tian's mouth.

When Li Tian suddenly said this, the brothers were all stunned.

what?

"Little boss, did you say that those two insidious guys betrayed the gate of hell? No way... Those two guys have been chasing us before, and they are also characters in the gate of hell." Tang Xiaolong and his brothers were in front of him. They were all talking there with an unbelievable look.

Just listen to Li Tian explain: "In fact, I didn't believe it much before, but think about it, did those two people help us all the way when we went to the Dark City?"

"If it weren't for them, our brothers would probably have a lot of trouble in the Dark City," Li Tiandao.

After Li Tian said this, the brothers all recalled what happened on the way to the Dark City.

Yes, when they were on the road to the Dark City, it was true that Ouyang Longyan and the Ecstasy once helped them.

So this would suddenly come to mind in my mind, and Tang Xiaolong and the brothers around him were all taken aback.

"Little boss, what do you mean... Those two guys have really become good people?" Tang Xiaolong asked curiously.

Li Tiandao said: "Theoretically yes."

"I didn't expect that the two of them could turn around and be good people," Tang Xiaolong muttered.

Then Chen Qiaozhi looked at Li Tian there and asked, "Li Tian, you just said that Ouyang Longyan still has an ecstasy that made the night come to the North China Field Army...What are they doing here?"
