

A Killer 138

Chapter 138: kill you

The fat guy in the room is not in the mood to listen to the movements outside.

He was full of alcohol in the room, with bloodshot eyes in his eyes, staring at Xia Xue after taking the medicine.

Xia Xue had blushing cheeks and unruly hair, and the rope on her body had been completely lifted by the fat guy.

Xia Xue was still in a coma due to the stimulant he was drinking too much.

But she can already vaguely feel her breathlessness.

Her beautiful body moved up and down with her rapid breathing, and the fat guy who looked at was supported underneath.

The fat guy smiled, and slowly began to take off his shirt, revealing a furry bear-like bore, and his beer belly was like a basin on his stomach, which was extremely ugly.

And what about Xia Xue? She was in a complete coma at the moment, and because of the heat of her body, she began to look uncomfortable, and Xia Xue, lying on top of Simmons, began to make a sound.

And because of the heat, she began to remove her clothes.

Xia Xue, who was wearing a white shirt outside, was wearing a pair of slender jeans.

Isn't this? Now she started to unbutton her.

Her hands slowly unbuttoned the coat buttons, revealing her fair skin.

As her fingers unbuttoned her coat piece by piece due to the heat.

The fat guy couldn't control the heat in his abdomen completely.

Take off his lower body clothes repeatedly.

"Little baby, I'm here to take care of you..."

The fat guy who took off his trousers revealed two elephant-like legs covered in black hair, and then pressed towards Xia Xuejiao's body on the Simmons bed.

"Little beauty, here I am."

As he spit out unbearable words, the fat and bloated ugly body was about to press on Xia Xue's delicate body.

At this moment, an angry voice filled the sky and the earth erupted from behind.

"Asshole, you go to die."

Accompanied by the roar that resounded through the world, his figure shot at the fat man like a sharp arrow.

The fat guy was completely astonished, and didn't react at all. By the time he heard the roaring sound, it was a pity that it was too late.

With a bang, his fist hit the plump body.

With a scream of wow, the fat man's body of more than 200 kilograms was directly blasted out by this punch.

With a bang, the bloated body slammed directly into the cold wall, fell to the ground again, and screamed.

It was Li Tian who rushed in naturally to hit this mighty and domineering punch.

With his fists clenched and his eyes red, fortunately he came in time, otherwise Xia Xue's clean body really doesn't know what will happen...

"Sister Xue..." Li Tian ignored the fat guy and ran towards Xia Xue.

Especially when Xia Xue's clothes buttons were unbuttoned, I was extremely angry.

However, Xia Xue seemed to be in a coma.

"You...you...how did you find here..."

With blood on the corners of his mouth struggling on the ground with a pair of panic eyes, he looked at Li Tian and Shen Feng in front of him unbelievably.

"Fuck you x, it turned out to be you bastard."

That Shen Feng saw the fat man at a glance, and he went up in a rage and even kicked and kicked the fat man in the head.

The fat guy held his head in his hands and called out miserably when he was beaten.

"You fat man, damn, you colluded with those other provinces to harm Lao Tzu, and Lao Tzu killed you."

While cursing, Shen Feng fiercely kicked the fat man who fell on the ground.

Li Tian looked at Xia Xue on the bed, and saw that Xia Xue had only fainted, and there were no other injuries on his body. This was a relief for the whole person.

But his hatred did not disappear at all.

I walked over to look at it suddenly, and grabbed the fat guy.

"Asshole, it was you **** from beginning to end, no wonder the group of outsiders can find Sister Xue." Li Tian, in desperation, hit the fat guy's left cheek with a punch.

A domineering punch directly knocked out the teeth in the fat man's mouth, blood spurted from his mouth, and he fell to the ground with a scream.

"Where is Feifei? Bastard....." Li Tian suddenly revived and mentioned the fat man.

The fat man was beaten to death at this time, with blood stains inside, holding up his broken arm and pointing to the room next to him.

"That...that...she is there."

"Let...pass me...I, I will...do not dare..."

The fat man pleaded side by side.

Li Tian didn't even look at him, and hurried to the room. After running in, he saw Feifei with tears in his eyes, scattered hair, and a rag in his mouth.

Li Tian was heartbroken right now.

Quickly ran over: "Feifei, are you okay?"

While speaking, he quickly untied the rope on Na Feifei.

After quickly untying all the ropes on her, the rags from Feifei's mouth were also removed, and she burst into tears.

Then the whole Jiao body instantly plunged into Li Tian's arms.

Aggrieved and sad.

Holding the girl in his arms, Li Tian felt uncomfortable in his heart.

This girl has never been hurt, and has never been treated like this, but now she has encountered such a thing, of course she is afraid and distressed.

"Why did you come to save me now... I thought you wouldn't come."

Feifei, who hugged Li Tian tightly, said with tears.

Li Tian reproached himself and said: "Feifei, it's all my fault, which caused you to suffer."

Hugging Feifei tightly, she could feel the girl's body still trembling.

After a while, Feifei reacted and wiped the tears in her eyes: "Where is Xia Xue? Is she okay?"

"It's okay." Li Tiandao said.

Feifei was relieved now.

"I'm going out to teach that **** viciously."

Suddenly a vicious and terrifying chill appeared in Li Tian's eyes, and suddenly he turned to walk outside.

The fat guy outside was kicked by Shen Feng and knelt on the ground begging for mercy, his face covered with blood.

The bloated figure was covered with dirty footprints.

At this moment, I saw Li Tian coming out of the house, kneeling on the ground and begging:

"Forgive me... please, let me go once, I will never dare again..."

But Li Tian could forgive this bastard.
