

A Killer 139

Chapter 139: underestimate me?

"Let you go? Dreaming!"

Li Tian suddenly flew up and kicked directly on the fat man's chin.

With a bang, blood rushed out of the fat man's mouth, then his head hit the cold wall and screamed. The **** fat man looked at how embarrassed and embarrassed, plus his face was full. Blood stains, looking at Sharen.

Li Tian in front of him watched the fat man on the ground suddenly turned around, grabbed a stool next to him, and slammed it at the fat man's head.

Obviously want the fat man's life.

With a click, the stool hit the fat man's head, directly smashing the fat man's head full of blood, and he died... the body couldn't help but still choking on the ground, his eyes half-opened and half-blinked, as if dying.

"Bah! Bastard." Shen Feng spit, which was considered a relief.

Feifei, who came out from inside, looked at the **** scene, pale with fright.

Although the fat guy on the ground was very cruel, but seeing the miserable appearance of being beaten at this moment, he couldn't help being a little scared and stepped back aside.

Li Tian took her arm and stood in front of her.

Just when Li Tian and Shen Feng relieved Na Feifei and Xia Xue, at this moment, a black and eye-catching Bentley car quickly drove towards Dongcheng District.

A black Audi A4 followed.

The man sitting in the (Bentley) Bentley Motors Limited car is the boss of the Tang company, Tang Feifei's father, Tang Zheng.

Feifei, who did not return overnight last night, made Tang Zheng worried.

Isn't this? After scolding Xiao Zhouyi early in the morning, I learned all the news. It turned out that my daughter was kidnapped to find that poor boy Li Tian! !

"Xiao Zhou, Feifei is going to make a mistake this time, I will chop off your hands." Tang Zheng said viciously, sitting behind.

Xiao Zhouqing couldn't help but shiver.

No words.

"What did I tell you before? Don't let Feifei get close to the poor boy. What else can that boy do besides causing trouble? If my daughter is a little bit of a mistake this time, then the boy won't want to live in Kyoto. ."

Xiao Zhou just kept silent and said nothing.

After getting angry, Tang Zheng finally calmed down.

"Ms. Tang, I will take my life to assure you that Missy will never have an accident." Xiao Zhou said.

"It's better, huh."

The extremely fast Bentley Motors Limited drove forward quickly.

Soon we arrived at Ping'an District.

How did Tang Zheng and Xiao Zhou know that Feifei was kidnapped here?

Originally from Feifei's accident, Xiao Zhou rushed to find someone to inquire about the news. No, people on the road quickly gave Xiao Zhou the news, saying that he had seen several guys **** two women in Dongcheng .

Xiao Zhou hurried over after receiving the news.

After the car stopped at the door with a hiss, Xiao Zhou got out of the car numbly.

A few Tang's bodyguards quickly got down from the black Audi, and followed Xiao Zhou.

Looking at the closed door, Xiao Zhou faintly felt something was wrong.

He slammed the door open, and then saw two men in suits lying in the courtyard.

Xiao Zhou, who was stunned for a moment, said to himself: Could someone have already come a step earlier.

Hurry up with his people and walked inside.

"Li Tian..."

When Xiao Zhou quickly brought in the bodyguards behind him, he saw Li Tian and Shen Feng standing there at a glance.

And also saw the eldest lady Feifei.

Li Tian and Shen Feng were also slightly taken aback, watching Xiao Zhou who walked in.

"You are here too..."

Xiao Zhou didn't bother to talk to Li Tian, and ran to Feifei quickly: "Miss, are you all right?"

Feifei's eyes were slightly red, and she shook her head.

"It's okay, fortunately Li Tian saved me."

Xiao Zhou glanced at Li Tian, then at the fat man covered in blood on the ground as if he was dead.

With a cry, suddenly he pulled out a cold dagger from his sleeve.

In the horror of Li Tian and Shen Feng, I saw Xiao Zhou suddenly wiped the dagger in his hand toward the fat man's neck, a clean knife, without any ambiguity.

Flutter!

The fat man's head was cut out.

The blood poured out like a fountain.

"Damn bastard." Xiao Zhou scolded, standing up with the knife.

Li Tian and Shen Feng standing in front of them were completely stunned.

This guy actually slaughtered the fat guy with a single knife and killed someone.

It seems that killing a person is as easy as killing a dog for a fierce like Xiao Zhou.

The men behind Xiao Zhou cleverly carried the corpse and walked outside.

Li Tian and Shen Feng were left with a dazed face.

"Feifei..."

Suddenly a strong voice came in from outside the room.

"Dad." Feifei also saw Tang Zheng who walked in with a caring face at the same time.

He threw himself into Tang Zheng's arms and started crying.

"Good daughter, are you okay?" Tang Zheng said distressedly, hugging his daughter.

Feifei shook her head: "It's okay, I'm okay."

"That's good, that's good, if something happens to you, what should I do with my father." Tang Zheng said with concern.

Li Tian and Shen Feng looked at the scene of their father and daughter holding them, feeling uncomfortable.

"Are you that Li Tian?" After Tang Zheng comforted Feifei, suddenly he stared at Li Tian fiercely with a murderous look.

Li Tian nodded slowly there.

"Bastard boy...My daughter was about to have an accident because of you...I'm going to kill you." Tang Zheng suddenly rushed towards Li Tian with a roar.

Shen Feng and Xiao Zhou were shocked.

"Dad, what are you doing?" Feifei suddenly grabbed Tang Zheng's arm.

But Li Tian stood motionless, his face full of disappointment.

"Let go of me, I must teach this poor boy a good lesson."

"Bastard boy, you didn't harm Feifei enough. You were kidnapped this time. If it weren't for you, my Tang Zheng daughter would dare to touch her hair in Kyoto City?" Tang Zheng said angrily. ,

However, Feifei held her arm tightly in front of her.

"Dad, please, don't say it, it's not Li Tian's fault, he came to save me desperately." Feifei cried.

But Tang just seemed to have an inexplicable prejudice against Li Tian, and he didn't stop.

Li Tian, who had been silent for a long time, finally raised his resolute eyes and looked at Tang Zheng who was angry: "You look down on me?"

"Tang Zheng, today I, Li Tian, swear to you in front of everyone, one day I will let you beg me and make you regret that you have misread me..." Li Tian gritted his teeth and said word by word.

When everyone heard this sentence, they couldn't help but startled slightly. A person who still has nothing, actually asked the CEO of the Tang company in Kyoto City about him? Can it really be done?
