

## A Killer 141

Chapter 141: blurred

Seeing Xia Xue's blushing peach-like face on the bed and the piercing voice of a baby, Li Tian couldn't help but walked forward.

Someone can no longer control it.

In the end, it was like this, Xia Xue, who was uncontrollable in a coma, had something that shouldn't have happened with Li Tian!

...

Cool!

Thousands of words and a word!

And what about Xia Xue? Five years of emptiness and loneliness broke out completely at this moment, with slender arms wrapped around Li Tian's neck, and his body shook with lightness as he shook, and there was a pleasant voice from his mouth.

...

And what about Xia Xue? At this moment, I also felt unprecedented satisfaction, and put his arm around Li Tian.

And what about Li Tian? It was lying in Xia Xue's arms like a baby. The fragrance of the woman from Xia Xue made Li Tian almost obsessed and fell asleep.

Because the two were too tired, they all slept until 10 o'clock in the evening.

From 3 o'clock in the afternoon, I slept until now.

Xia Xue's pretty face on the bed has now recovered its previous appearance, and Xia Xue, who has completely eliminated the power of the medicine, slowly wakes up now.

Then Xia Xue felt that something was wrong with her, she was completely naked, wearing a piece of clothing, and the most terrible thing was her chest with a man lying on her chest.

He blinked and was shocked.

It's Li Tian.

Li Tian was lying on his chest while he was still hugging him. At this moment, Xia Xue almost screamed.

The body trembled uncontrollably.

Hurrying to cover his towering hands with his hands, he couldn't help but scream from his mouth.

The sound awakened Li Tian who was sleeping.

"Sister Xue..."

After blinking, Li Tian looked at Xia Xue with an awkward expression, and couldn't help moving his body.

"What...what..." Xia Xue's entire pretty face flushed suddenly, looking at Li Tian who was naked in shock, her face flushed like a big red Fuji apple.

Li Tian was also a little embarrassed and couldn't help sitting there, as if a shy big boy had eaten his sister's forbiddenly.

Embarrassed for a long time, both of them were speechless, silent.

And Xia Xue was shocked at the beginning, when she suddenly recalled everything in her mind, her face became redder and redder.

Thinking of her initiative and craziness last night, Xia Xue couldn't wait to find a place to get in.

Yes, the reason why Li Tian was like this yesterday was entirely because the fat guy had drugged her...Because if it weren't for Li Tian to save her, it is likely that he would be stimulated by the drug's nerves and indirectly die...

All this was because Li Tian wanted to save her.

"Thank you...Thank you for saving me..." Although Xia Xue was shy, she was already a woman who had come over. She blushed and said to Li Tian, her eyes were both shy and grateful.

When Li Tian heard Xia Xue say this, he smiled slightly and looked at the white Xia Xue.

"Sorry Sister Xue, I, I, just want to save you."

"No...no." Xia Xue lowered her head shyly, like a little woman at the moment.

Li Tian was too embarrassed to stay on the bed again, got out of bed slowly, picked up his clothes and put them on, then he dared not turn his head, turned his back to Xia Xue and said, "Sister Xue, then you rest first, I'll go out first... .."

Xia Xue didn't speak, and didn't know what to say.

For any woman, no one knows how to speak.

Li Tian walked out silently.

After he left, Xia Xue blushed for a moment.

"Oh my God, why... how could this be..." Xia Xue lay on her small bed, thinking about it more and more.

Thinking of the madness with Li Tian in the afternoon, and now that Li Tian's residual warmth still remains on her body, Xia Xue contentedly hugged the pillow that Li Tian had just pillowed in her arms tightly in her heart. Beautiful.

Unspeakable sweetness.
