

## A Killer 1431

Chapter 1431: The battle of life and death (6)

"What martial arts? There is such a martial arts in the world?" At this moment, even the old Yin and Yang demon standing on the other side looked at Li Tianzai with weird eyes.

"But this martial arts is used in this kid's hands, how come it feels like it has no effect?" Old Demon Yin and Yang murmured in the dark.

Look at that Long Yin again?

He stood there murderously.

He was angry, he was really angry.

"Yes, you can actually let me eat you... Good boy, you have a seed!"

"Since you want to fight, then I will play with you."

The angry Long Yin was in a state of violent anger at this moment. His whole person was mad, and the terrifying aura swirled all over him. The old tree in the old house of the ancestral hall was all caught by the fierce murderous aura. All the leaves fell from the shaking.

With a violent shout, Long Yin accumulated a mass of energy in his palm and hit Li Tian.

"Young Master, be careful..."

Although Duguxie and the ghost servant were seriously injured, they still screamed, and the two of them also felt that the terrifying Long Yin had truly appeared to kill.

If Li Tian is careless, he will probably be killed by this abnormal Long Yin.

Li Tian saw Long Yin chasing and killing him, and quickly made several moves, and then tried his best to avoid it.

But that Long Yin's tricks were vicious, every move and every style wanted to take Li Tian's life, it seemed that Long Yin was really angry.

After Li Tian made dozens of moves with that Long Yin, he was accidentally hit by Long Yin's palm wind, his body suddenly tilted in the air, and then Long Yin's five-fingered hands suddenly turned towards Li Tian's heavenly spirit cover. Catch it: Go and die..."

Accompanied by a vicious smile exuding the corner of Long Yin's mouth, his horror caught Li Tian's Tianling Gai.

Li Tian saw that Long Yin grabbed his Tianling Gai, but he couldn't avoid it. At this moment, Li Tian seemed to have seen death! !

That Duguxie and the ghost servants at this moment, even if they have the ability to reach the sky, seem to be unable to stop the poisonous hand of Long Yin in front of him, as if Li Tian can only die.

At the very moment of this moment, a violent explosion suddenly appeared in the entire old ancestral hall!

A loud explosion made the entire ground shake violently.

With the sound of this earth-shattering violent explosion, Long Yin, who had been catching Li Tiantian Linggai, was slightly taken aback...The catch suddenly stopped, but what about Li Tian? But at this moment, his body suddenly turned down, quickly avoiding this desperate move.

"What's the matter?" Suddenly the old yin and yang groan said, while the fierce eyes looked at the dense smoke and fiery fire outside and asked angrily.

As he asked, the area outside the ancestral hall suddenly burned.

The burning turbulent fire directly surrounded the Ouyang family's fishing mansion.

"Li Tian..."

"Li Tian, Senior Dugu... Come out soon... we blow up these bastards."

Suddenly the voices of Old Monster Ge and Chen Qiaozhi sounded outside.

I saw outside, Old Monster Ge and Chen Qiaozhi didn't know when they had taken a lot of explosives and stood outside the Ouyang family.

Moreover, even Xue Wuhen held some stone-blasted detonators in his hand, which were quickly arranged around the old ancestral hall of the Ouyang family.

Explosives?

Where did they get the explosives?

It turned out that there are many abandoned explosives in the storage room of the Ouyang family. Those explosives were left over when the Ouyang family built the family very early. In order to consolidate the foundation of the Ouyang family's mansion, the Ouyang family did not hesitate to use explosives to ground the ground. It exploded, and then filled the entire foundation with concrete... But they didn't expect to be discovered by Old Monster Ge and Chen Qiaozhi. Old Monster Ge was anxious, so they thought of using explosives. They knew Li Tian, Duguxie and others are not the opponents of those two demons, so they can only use explosives at this moment.

In the ancestral courtyard, Li Tian, Duguxie, and the ghost servant, who were opposed to the dragon Yin and the old demon of Yin and Yang, suddenly heard the voices of the brothers outside. They were taken aback, although they did not know what happened, but They know it's time to go now!

Of course, Long Yin and the old demon of Yin and Yang also heard the voice outside, and frowned slightly: Dynamite?

"Young Master, go!" Du Guxie and the ghost servant exclaimed at the same time.

Then the two hurriedly supported each other and ran toward the outside of the ancestral hall. Because the two of them were the closest to the entrance of the ancestral hall, they would rush toward the outside of the ancestral hall.

Li Tianyi heard the word dynamite, and at this moment, he hurriedly swept toward the outside of the ancestral hall.

And what about the old yin and yang devil and Long Yin?

Of course, they are not fools. When they heard that there was explosives outside and it was going to be razed to the ground, the two of them were taken aback, and then their bodies suddenly soared into the sky... and flew towards the outside of the ancestral hall.

In a blink of an eye, all four of them have arrived outside.

But seeing outside, Chen Qiaozhi, Old Monster Ge, and Xue Wuhen both held explosives in their hands. Not only that, even the old mansion of the Ouyang family over there was filled with detonators and explosives. ...

Obediently, fortunately Li Tian still had that old yin and yang demon and Long Yin coming out quickly, otherwise they would all be blown up alive, and even the most powerful master would not be able to avoid the power of explosives.

"It turns out that you don't know how to live or die!" The old Yin and Yang demon said angrily.

At this moment, Long Yin also saw the explosives in Chen Qiaozhi's hands.

But seeing everyone here at the moment you look at me, I look at you, all staring at the ground and the high explosives in the hands of my brothers.

Suddenly, Old Demon Yin and Yang took the lead to attack Chen Qiaozhi and Old Monster Ge who were holding explosives.

He seemed to kill Chen Qiaozhi and Old Monster Ge in front of him.

When Chen Qiaozhi and Old Monster Ge saw the demon attacking them all at once, they were stunned, and they couldn't avoid the horrible tricks of the Yin and Yang Old Monster.

I saw that at this moment, Li Tian rushed over at all costs. Of course he wanted to save his brothers.

But it was still a little late. I saw the old yin-yang demon hit Chen Qiaozhi with a palm, and Chen Qiaozhi was immediately knocked into the air by the old yin-yang demon. He screamed, and a mouthful of blood shot out from his mouth. The explosives also fell on the ground.

At the same time, the old yin and yang demon suddenly attacked the old monster Ge over there quickly with a palm.

The dynamite in Old Monster Ge's hand was squeezed in the palm of his hand at this moment. When the demon Yin and Yang man attacked him, he hurriedly pulled the dynamite away accidentally.

what

At the moment when Old Monster Ge mistakenly pulled the explosive away, everyone was completely stunned, looking at the explosive that was pulled apart in his hand. The fuse was constantly burning, and everyone began to back away.

The yin and yang old demon is certainly not stupid. The moment he saw the explosive ignited, he turned and turned back.

And Old Monster Ge's entire face changed in amazement... He quickly threw the explosive in his hand.

With a booming explosion, thick smoke burst into the sky, and the fire soared to the sky, and the earth shook for it.

And Li Tian and his brothers hurriedly left the scope of the explosion. The Yin-Yang Old Demon and Long Yin had already escaped at this moment. For that matter, everyone's eardrums were shocked.

Just when everyone thought the explosion had passed, Xue Wuhen screamed because he discovered that the bombs beside the old ancestral hall of the Ouyang family were all ignited at the moment... the fuse hissed. The loud sound of the sound, the old mansion of the Ouyang family was just put in a pile of explosives by Xue Wuhen... If it explodes at this moment, the whole ancestral hall will not be completely destroyed! !

Seeing all those explosives ignited, everyone's expressions were shocked.

go away! ! !

The only thing I can do now is to escape...If they don't escape, they will all be blown up here.

Then Li Tian glanced at his brothers and Chen Qiaozhi, who was seriously injured over there, and swept over to Chen Qiaozhi: "Hurry up...Get out of here." Li Tian shouted.

Then one hand grabbed the seriously injured Chen Qiaozhi and prepared to leave.

The brothers heard Li Tian's exclamation, and quickly began to scatter around.

However, just when Li Tian was about to save Chen Qiao who was severely injured and could not move at all, suddenly that Long Yin hit Li Tian's heart with a palm.

"Boy, go and die!" With Long Yin's roar, his fierce palm directly hit the back of Li Tian's heart.

How could Li Tian think that Long Yin would not let go of himself at such a juncture, he was stunned right now!

With a bang, the unsuspecting Li Tian was hit by the dragon's heart... Wow, a blood shot out of Li Tian's mouth, and then his whole person fell there. In front of the old ancestral hall...

Chapter 1432: Li Tianzhi's death

Li Tian was suddenly attacked by that Long Yin and hit the back of his heart. He was extremely injured, and suddenly fell to the ground in pain.

The Duguxie and the ghost servant had already left the explosion range. At this moment, seeing Li Tian suddenly attacked by the \*\*\*\* Long Yin, they were stunned. They all yelled, "Young Master!"

With a shout, the two of them joined forces to attack Long Yin.

Na Long Yin saw Duguxie and the ghost servant attacking him, and the corner of his mouth snorted coldly, and his palms stretched out. The invisible palm force forced the Duguxie and the ghost servant to attack.

Then Long Yin wanted to leave here as soon as he got up.

The bombs here have been completely ignited. If all the bombs surrounding the old ancestral hall of the Ouyang family explode, it is estimated that there will be no one's life at this moment, so Long Yin dare not fight the Duguxie and the ghost servant, he only has go.

And the Duguxie and the ghost servants were ignoring the danger of their lives to save Li Tian.

After the two rushed over quickly, they stretched out their hands and quickly supported the seriously injured Li Tian, trying very quickly to escape from the explosion range.

Just when they thought they would be able to escape the scope of the explosion, that Long Yin suddenly turned around in mid-air, with a sullen and treacherous smile at the corner of his mouth and said: "Go to hell...Today I let you all die. Here."

Accompanied by the roar of this "devil", his palms suddenly accumulated strong power, and he suddenly attacked the flying Duguxie, Aqiu and Li Tian. He clearly wanted to bring Li Tian and Dugu The Xie and the Ghost Servant were forced to go back again, and they were forced to return to the explosion range of the bomb. Once Duguxie, Li Tian and the Ghost Servant returned to the explosion range, they would definitely be given alive by the bomb Dying!

And at this moment, Duguxie and the ghost servants are both supporting the seriously injured Li Tian, how can they have the extra energy to fight against the terrifying control of Long Yin?

Seeing that the three of them were about to be shaken by the treacherous and vicious Long Yin palm technique and returned to the explosion range, suddenly Li Tian didn't know the strength from there, and he looked up to the sky and roared. His eyes were in this moment. Suddenly it became blood red, and at the same time his hands suddenly lifted up his energy, exerted force, and then pushed out the Duguxie and the ghost servants around him suddenly... Pushing them out of the scope of the explosion.

The Duguxie and the ghost servant were there to support Li Tian, but when they were suddenly pushed forward by Li Tian's two invisible forces, they were instantly stunned.

Because Li Tian did this to save the two of them, if he didn't do this, the three of them would definitely be forced back by that Long Yin. There was a bomb behind, and it would be dead by then, so Li Tian could only In doing so, you can only save them and sacrifice yourself.

"Little Lord....."

"Big Brother!!!"

At this moment, Du Guxie who was pushed out of the explosion range and the brothers outside exclaimed together.

But it was too late, because that Long Yin's mighty palm power hit Li Tian again! !

The blood spurted out of Li Tian's mouth... but this time he didn't fall. His body just stopped in midair, and then he exhausted the last trace of his body's strength and suddenly his body was directed at the whole of Long Yin. After flying over, Long Yin was stunned. He never expected that Li Tian could rush towards him at this time. The palm of his hand attacked again, but Li Tian did not evade. He clearly wanted to die and break the net and hold two palms. They all slammed into Li Tian's chest, but Li Tian suddenly hugged Long Yin's waist with both hands at this moment.

"Asshole...Don't you want me to die...Today, I will die with you!"

Li Tian said with blood-red eyes at the moment he hugged Long Yin's waist.

His eyes were filled with endless hatred, and the whole eyeballs seemed to drip with blood, and his two hands tightly hugged the whole waist of Long Yin.

When Na Long Yin suddenly heard Li Tian's words, even he couldn't help being shocked... He wanted to forcefully break free of Li Tian's hands, but found that Li Tian's two arms were like It was an iron chain that had completely entangled his body.

Then in the shock of everyone, Li Tian suddenly raised his blood-red eyes and glanced at all the brothers...

At this moment, there was a smile in his eyes, a comforting smile.

When the brothers saw Li Tian's smile at the moment, everyone's heart shook at the same time, and then a scene that shocked everyone appeared.

I saw that Li Tian suddenly used his hands and hugged Long Yin to death, and then exhausted the last bit of strength behind him, and suddenly hugged Long Yin towards the old mansion of the Ouyang family that was about to explode. Flew over.

what!

Are they going to die together?

Yes, Li Tian's move is definitely to die together. He wants to hold that Long Yin alive, and then the two enter the bomb-filled old mansion of Ouyang together.

When Long Yin saw that Li Tian clearly wanted to drag himself into the explosion zone, he was shocked... But no matter how he beat Li Tian or broke free, he couldn't break free of Li Tian's arms!

In this way, in the exclamation of everyone, Li Tian held that Long Yin alive and flew towards the old mansion of the Ouyang family that was full of explosives and detonators!

With a bang, the explosion sounded, and the soaring fire directly submerged Li Tian and Long Yin's bodies in the sea of flames, and thick smoke...

"Little Lord....."

"Big Brother!!!"

The brothers yelled in surprise, Duguxie rushed towards the explosion range as if he was crazy, but he was dragged by the ghost servants beside him.

Boom, boom, boom!

Immediately there was the sound of the surrounding detonators and the constant explosion of bombs.

The place where the fire was burning, but seeing that the entire Ouyang old house was suddenly filled with fire, the entire old house was instantly blown to ashes!

Where the smoke billowed, the figures of Long Yin and Li Tian had long been missing, and no one knew whether they were dead or alive!

There was only the fire and the thick smoke rising into the sky. The brothers nearby were almost shaken by the aftershocks just now and fell to the ground... At this moment they ignored the fire and the thick smoke. The heartbreaker shouted Li Tian's name, and their eldest brother's name...

But in the midst of the fire, Li Tian and Long Yin were completely engulfed by the fire!

Maybe they are dead!

Maybe, their bodies were blown to pieces by the bomb just now...

Chapter 1433: People will die eventually

perish together!

Could it be that Li Tian really died with that Long Yin at last?

The fire was still blazing, and the brothers screamed and yelled Li Tian's name like crazy.

However, the ruthless raging fire did not echo at all, and the flames soaring into the sky rose from the sky.

That old yin and yang demon no longer knows when he left...he actually left quietly! No one knows when the old yin and yang demon left, let alone why the demon left

The fire continued to burn, the old mansion of the Ouyang family was completely in ruins, and the fire was completely in front of it.

Duguxie and the ghost servant knelt on the ground in grief, tears in their eyes glistening at the ruthless fire.

"Young Master...Did the Young Master just die like this?" The ghost servant said with tears there.

Yes, such an explosion, such a raging fire, who can live?

The corners of Duguxie's eyes were also wet. This iron-blooded man had never seen him shed a tear, but at this moment he cried.

Xue Wuhen and Old Monster Ge on the other side were completely stunned, looking at this scene in disbelief.

Li Tian is dead?

Li Tian is dead?

This truth makes it difficult for them to accept, or even unacceptable.

"Li Tian!" Suddenly at this moment, a soft voice came over, and then I saw Ouyang Shiqing running over.

When Ouyang Shiqing heard the explosion sound just now, she couldn't help running over quickly, but when she ran, she found that Li Tian's brothers were all kneeling here...but she didn't see Li Tian. .

"Where is Li Tian? What about others?" Suddenly Ouyang Shiqing asked like crazy there.

The brothers in front of them all knelt there with grief and no one spoke.

"Tell me... Tell me, where is Li Tianren? Where is the other person?" Ouyang Shiqing grabbed the Xue Wuhen and asked.

Xue Wuhen, an old man with tears on his face at the moment, pointed to the burning fire in front of him and said: "Big Brother...Big Brother...He is dead!" A word sadly came out from Xue Wuhen's mouth.

what?

Ouyang Shiqing seemed to be unable to accept this fact, her Jiao body trembled suddenly, and the tears in her tears couldn't help falling down.

"No...no...impossible..."

"He won't die... he can't die..."

Ouyang Shiqing said stupidly as if staying there.

Then her people rushed towards the sky of fire like crazy, as if looking for Li Tian.

"Miss Ouyang...!"

The old monster Ge and others who watched Ouyang Shiqing jump into the sea of flames quickly grabbed Ouyang Shiqing.

"Miss Ouyang... calm down..."

But how can Ouyang Shiqing calm down? The man she loves has been buried in the fire at this moment, how can she be calm.

"No...no...Li Tian won't die! He won't die..." Ouyang Shiqing roared there.

The raging fire completely engulfed her crying voice, and the surrounding dense smoke completely covered the entire vast Ouyang family.

The old mansion of the Ouyang family in front was in ruins, and the fire was raging into the sky, and Li Tian and that Long Yin were buried here!

The Duguxie here knelt on the ground in pain, and a tight, bleeding fist slammed on the cold floor... His fist was bleeding, and he regretted and said, "I'm sorry, big brother. , Sister-in-law..."

"Sorry young master!"

"I didn't protect him..." said Duguxie in remorse.

After he said these words in pain, endless hatred filled the Duguxie in front of him, and the brothers all stood beside the fire in grief.

No one can understand the pain in their hearts!

The Ouyang family was in ruins overnight.

However, Li Tian and that Long Yin also "perished together" in this battle.

At this moment, except for the unconscious Tang Xiaolong and Chen Qiaozhi, the faces of each of the brothers showed endless grief. They stayed in the place where Li Tian died for a long, long time, and the fire was burning. For nearly a few hours, he slowly stopped.

Looking at the surrounding ruins, even if there are corpses, I'm afraid they will be burnt alive by the fire just now.

But the brothers still did not give up.

Regardless of the dense smoke and the red-burning stone, they searched for Li Tian and the body of Long Yin in the ruins, but they found nothing.

In the end, all the brothers were desperate!

"Big brother...Big brother's body...is it charred?" Xue Wuhen said sadly.

When Duguxie and the ghost servants heard Xue Wuhen say this, they couldn't help turning their heads, and tears fell from their eyes.

Ouyang Shiqing over there was lying on the ground and pulling the ashes with her slender hands. Her snow-white hands were scalded...Even her arms were burned with blood blisters, but she didn't care, she was just crazy. It was looking for Li Tian, looking for his body, but no matter how she looked for it, she couldn't find it.

No one thought it would be such a tragic ending.

Maybe if Duguxie knew this was the result, he would definitely die for Li Tianyi, but where in the world could time turn back?

Therefore, no matter how sad and painful the brothers are, it will not help.

A matter of the Ouyang family is finally over, but Li Tian is "dead".

Although he and Na Long Yin died together, but in the hearts of the brothers, how can Long Yin compare with their eldest brother?

When Tang Xiaolong and Chen Qiaozhi awoke from a coma, they wept loudly when they learned the result.

They simply couldn't accept this fact, that Tang Xiaolong seemed to be crazy and wanted to return to the ruined old mansion of the Ouyang family to look for Li Tian, but he was held back by his brothers.

The brothers told him that they had searched the messy ruins carefully, but did not find Li Tian's body.

After Tang Xiaolong heard the news, he slammed his head against the wall in sorrow. There were blood stains on his head, and there was tears in the pain. He really couldn't accept the news of Li Tian's death.

People will die after all!

Especially these people from the rivers and lakes!

However, this fact still cannot be accepted by them.

Although unable to accept the facts, the road has to go after all, and the rest will continue to live.

Therefore, they left the Ouyang family, and left the place that caused them piercing pain.

There are buried their closest "relatives" and their eternal "brother heaven."

Chapter 1434: resurrection

The Ouyang family, once a family that called the wind and the rain in Jinghai City, has now become a vast ruin.

Especially the old mansion of the Ouyang family was completely razed to the ground by the bomb.

There are many corpses here, many people who have lost their lives.

Night, shrouded the current Ouyang family, and the whole Ouyang family showed a weird and gloomy atmosphere in the dark.

I saw that the old mansion of the Ouyang family was shrouded in a terrible atmosphere.

Here is the burial place of Li Tian and that of Long Yin. This is the place where the two of them died together. Among the messy ruins, there are still unextinguished flames that continue to smoke and the entire collapsed old house. Di Luanshi completely covered this place.

In the middle of the night, a roar full of endless hatred suddenly came from the rocky ruins of the Ouyang family.

Gosh!

Is it a ghost? Or human?

Then just as the roar full of endless hatred came out, suddenly the whole Ouyang family heard the sound of cracking and rumbling from the ruins that were destroyed by the bomb.

Just when the cracking sound came, there was a bang, and a dark shadow flew straight into the sky from the ruins!

Who could imagine that a black shadow suddenly flew out of the ruins that had been blown up into this?

But seeing the flying figure soaring into the sky, all of a sudden fell into the ruins.

The dark night enveloped him, and through the faint starlight, he could see that his clothes were burned all over, and even his body was burned out of many burning places.

But what is even more terrifying is that half of his face, that treacherous face, was completely burned by the fire... his face was bloody.

Who is he

How could it fly out of this ruin?

Long Yin!

He is that Long Yin!

My God, I didn't expect Long Yin who died with Li Tian to die! !

Is he still alive?

Yes, he was indeed alive. Although he jumped into the explosion area with Li Tian, he did not die. He was just completely ruined by the explosion and the blazing fire.

Half of his face has been completely disfigured.

Wailing

A scream of violent scream came out of his mouth, and the sound shook Kyushu.

His whole body was trembling violently because of excessive anger.

The disfigured face now revealed endless hatred.

"Li Tian...you \*\*\*\* it!"

"In the rest of my life, I must dig your heart and twitch your muscles..." Long Yin stood in the ruins of the Ouyang family's old mansion and roared wildly.

Didn't Li Tian end up with him?

Why is this Long Yin still alive? And he said he wanted to dig Li Tian's heart? Pumping Li Tian's muscles...Could it be...Could it be...

Where is Li Tian?

Isn't he dead?

But if he is not dead, where is he now?

Li Tian was not seen in the ruins!

Maybe Li Tian's body has been completely blown to pieces by the bomb... Maybe Li Tian has been burned to pieces by the endless fire...

All the possibilities, no one knows at this moment, the only thing that knows is that Long Yin is not dead!

The matter of the Ouyang family is completely over.

For the brothers, all this made them completely desperate, and the utter grief was there.

In a jeep driving from Jinghai City to Binjiang City, but seeing the sitting brothers bowed their heads deeply, no one knew their inner grief.

Tang Xiaolong was sitting in the car, and his tears suddenly turned red.

This guy who used to be careless was the most saddened at this moment, and he couldn't help feeling sad when Li Tian's "death" sounded.

On the other side, Chen Qiaozhi, Old Monster Ge, A Qiu, and Xue Wuhen all lowered their heads deeply, and the feeling inside the carriage was a gloomy feeling.

Not to mention Duguxie and the ghost servant. Since the two experienced that scene, the whole person seemed to be completely sluggish.

"Stop, stop..." Suddenly at this moment, Tang Xiaolong roared with red eyes.

A Qiu, who was driving in front, heard Tang Xiaolong's roar and slammed the jeep in front of him on the brakes.

"What's the matter?" Aqiu turned his head and looked at Tang Xiaolong and asked.

Tang Xiaolong's eyes were red and said: "I'm going to \*\*\*\* go back...I'm going back to the Ouyang family, even if I die, I'll find the corpse of the little boss..."

"Nima's, I definitely can't let the little old Dalian die without a corpse, it's too \*\*\*\* cruel." Tang Xiaolong, a big man there, said with tears.

Watching Tang Xiaolong say this with tears, the brothers once again fell into sadness together.

Seeing that Tang Xiaolong was about to open the door and jump out of the car, ready to go back, one of Chen Qiao stopped him.

"Xiaolong, stop for me."

"I know, Li Tian's...death is a big blow to everyone, but after all things have happened...and we have been searching in the ruins for so long...and we haven't found his body!!"

Listening to what Chen Qiaozhi said, Tang Xiaolong suddenly became angry and said: "Then what do you say? Let the little boss die in vain? Damn..."

When Chen Qiaozhi heard Tang Xiaolong's words, he bowed his head deeply, and he was also lost at the moment.

He was actually very sad and sad, but what should he do now

"Xiaolong... we swear we will avenge Li Tian."

"It's just that if you return now, it's definitely not a wise move... Hey, I think the only thing we have to do now is... tell the truth to them in the North China Field Army." Old Monster Ge said aside.

"Tell them?"

"Oh my God, if they knew that the little boss...the little boss is dead...how sad?" Tang Xiaolong said with red eyes.

Yes, this is indeed a cruel thing.

In the North China Field Army in Binjiang City, there are Li Tian's favorite woman, Li Tian's confidante, and Li Tian's relatives, grandpa and aunts.

Those people still don't know Li Tian's condition... Once they really know the news of Li Tian's death, how sad should they be? Can they accept this fact?

Listening to Tang Xiaolong's words, Old Monster Ge also bowed his head deeply.

Those who are in the North China Field Army are Li Tian's favorite people, and they are also Li Tian's favorite people. There are Li Tian's relatives and his lover. If they really let them know the truth, what would happen? ?

The brothers now stayed there in grief, no one spoke.

Chapter 1435: history

In the end, Chen Qiaozhi said firmly, "Let's go, I will tell them when the time comes..."

"After all, I have to let them know the truth."

As Chen Qiaozhi said so, the brothers were speechless.

Their hearts seemed dead at this moment, with endless grief and anger on their faces.

Behind the jeep of the brothers in front, a black Mercedes-Benz sedan followed.

Sitting in that black Mercedes-Benz car was Ouyang Poetry with hazy eyes.

She never stopped crying along the way.

When she knew that Li Tian was killed, Ouyang Shiqing's heart was broken. She wished that she would be buried in the sea of fire. In that case, she could accompany Li Tian forever.

Next to her is her father, Ouyang Zhengtian.

Ouyang Zhengtian was already awake, and he already knew that the old Yin and Yang demon and Long Yin had returned, as well as the sacrifice Li Tian made to save their family, sitting there with regret at this moment.

"Daughter, don't be sad..." Ouyang Zhengtian watched his heart-piercing daughter and persuaded him.

Ouyang Shiqing sat in the car blankly, her eyes flushed out of the car window, staring blankly.

"Dad... do you know? I love him... I miss him..."

"But...but...he just died like that!!!" Ouyang Shiqing could feel her heart tingling more and more.

"He died for our family...for us..."

"I'm sorry for him..." Ouyang Shiqing all at once lay down in the car and burst into tears.

Cold tears fell from the corners of her eyes.

When Ouyang Zhengtian heard his daughter say this, he sighed deeply, "Hey... it's me!"

"He made sacrifices for our family... In his lifetime, I am sure that our Ouyang family will do everything possible to make up for the kindness owed to him."

Then Ouyang Shiqing said with tears: "But Dad, he is dead, he doesn't know anymore..."

"I will never see him again..." Thinking of these Ouyang Shiqing, she felt like her body was hollowed out. The heart-piercing pain came from her heart... Maybe Li Tian's Death will make her suffer for her whole life.

Ouyang Zhengtian was not talking, and dropped his head deeply.

There is also an old man Ouyang sitting there behind.

When the old man passed by his three sons and died in front of him, the old man had completely collapsed.

Although the old man at this moment was rescued by Li Tian and his brothers, he was in a trance, like a waste.

His head is full of gray hair, the wrinkles on his face are one by one, and even the entire back seems to be completely curved.

His sluggish eyes suddenly muttered in his mouth at this moment: "Secret room...Secret room...Old mansion..."

The sad Ouyang poetry and Ouyang Zhengtian were not only taken aback when they heard the old man suddenly yell out so strangely.

"Father, what's wrong with you?" Ouyang Zhengtian quickly looked at his father and asked.

Although Na Ouyang Shiqing was deeply saddened by Li Tian's death, she was still shocked by her grandfather's sudden reaction. At this moment, she not only blinked at her grandfather with her ruddy eyes.

I saw the old man Ouyang, just mumbling silently in his mouth: "Secret room...Old mansion...Secret room..."

When he heard such weird words from the old man Ouyang, Ouyang Zhengtian and the poetry of Ouyang were all stunned.

"What is Grandpa talking about?"

"What old mansion secret room?" Ouyang Shiqing asked in surprise.

Ouyang Zhengtian solemnly said, "I don't know..."

"Dad, do our Ouyang family have a secret room?" Ouyang Shiqing asked suddenly and smartly.

Ouyang Zhengtian dignified his brows and thought for a while and said, "No!"

"Your grandfather has always lived in the old ancestral hall... To be honest, I am not very clear about the old ancestral hall of our family. I only know that the old ancestral hall had existed a long time ago... As for what secret room, I really don't know ."

When Ouyang Shiqing heard her father say this, Liu frowned deeply.

He quickly took his grandfather's calloused hands, and couldn't help asking: "Grandpa, what secret room..."

But just as Ouyang Shiqing asked, Mr. Ouyang fell into a state of confusion again.

His old face suddenly became sad for an instant, and he called out in his mouth: "My son...my son is dead...they are dead..."

Hey!

Seeing the old man Ouyang suddenly fell into a state of confusion and collapse, that Ouyang poetry and Ouyang Zhengtian were depressed. What the old man said strangely just now: What does the secret room and the old mansion mean? I'm afraid no one knows.

The Ouyang family was once a big family for a century.

At the end of the Ming Dynasty, the Ouyang family was once prominent!

According to legend, in the late Ming and early Qing dynasties, the Ouyang family also produced a contemporary general named Ouyang Jingming. At that time, the Ouyang family was once prominent. It is said that Ouyang Jingming had the courage to defeat the world, because Ouyang Jingming was a general in the late Ming Dynasty. Later, the Qing soldiers entered the pass. Ouyang Jingming once wielded a knife to slay 300 enemies. At the battle of Hulaoguan, Ouyang Jingming became famous in the first battle and was called "General Butcher" by the Qing soldiers. , Because Ouyang Jingming is too powerful, and guarding the tiger prison is strictly guarded, and then the Qing soldiers resorted to tricks. Rumors say that Ouyang Jingming was going to surrender to the Qing soldiers and would no longer protect the Ming. Mingzong was shocked after learning this news. , You must know that Ouyang Jingming at that time can be said to be extremely powerful. If he surrendered to the Qing soldiers, the Ming Dynasty would definitely have been destroyed. Therefore, less than two days after this rumor came out, Kyoto sent someone to Ouyang Jingming. Detained... the reason is: treason!

Ouyang Jingming was extremely angry when he learned that Mingzong had actually imprisoned himself. He knew in his heart that this was a treacherous trick by the Qing soldiers, but he did not expect that Mingzong, who had worked hard for the country all his life, suspected him?

The helpless Ouyang Jingming was beaten into the jail at the time.

Because of this, Hulao Pass was breached by the Qing soldiers... After the death of the Ming Dynasty, Ouyang Jingming was finally released from the sky prison.

The Qing soldiers knew that Ouyang Jingming was a well-known general at the time, and he was extremely powerful. Because the Qing soldiers had just entered the customs, the overall situation was unstable and needed to promote many generals to maintain the overall situation. At that time, the Qing soldiers thought of this Ouyang. Jingming wanted to persuade him to return to the Qing Dynasty, but Ouyang Jingming did not agree. He said: There is only one family and one country in the life of a big man. Where is the general called two kings?

Chapter 1436: Waste

After being rejected, the Qing government did not react too much.

However, Ouyang Jingming knew that his remarks would surely be destroyed, so he was smart at that time and asked the family members to invite the most famous architect in the world to create a secret room for his family... In this case, if the Qing government sent people to kill his Ouyang family, they would be able to escape disaster.

Sure enough, within a few days, the Qing government sent people to kill Ouyang Jingming.

At that time, after Ouyang Jingming learned the news, he stuffed his only son into the secret room... and then went to his death generously.

A generation of famous generals was beheaded to show the public in this way, and the other more than 30 members of the Ouyang family were all executed.

The only thing left is the son of Ouyang Jingming in the secret room!

It is said that after the Ouyang family was killed by the whole family, the Qing soldiers burned the entire Ouyang family in a fire... But the son of the Ouyang family hidden in the secret room still survived. Rumors say that the secret room is a coincidence. It was built by humans, so the secret room was extremely hard, and it could be described as a clever workmanship inside, which resisted the fire and saved the child's life.

Regarding the history of the Ouyang family, there are only these records!

And what happened to the "secret room", the old mansion, mentioned by the old man in the muddle?

Who can know?

Ouyang family's century-old foundation, although the villas of the Ouyang family were built in the contemporary era, the old mansion of the Ouyang family has not been moved for many years. The old mansion may even be Ouyang Zhengtian himself. I don't know how many years have passed, the only thing I know is that the old mansion of the old ancestral hall is very old.

Moreover, the tablets of the family figures of the Ouyang family who died over the years will be enshrined in the ancestral hall.

After arriving in the old man's life, the old man often lived alone in that ancestral hall.

It is a pity that the old mansion and ancestral hall are now in ruins.

And most importantly, Li Tian was buried here.

After the current old ancestral hall was razed to the ground, it looked desolate and gloomy, and the entire huge Ouyang family also revealed a deep feeling of despair.

Long Yin actually survived the ruins!

What about Li Tian?

Did Li Tian die here so unfortunately?

Under the deep ruins, no one could imagine a cold body lying motionless there.

That cold body was pressed by a very thick seal wood... His body was also buried under the rock, and his hands and feet were all hit by the cold stones... I don't know if it was abandoned, faintly. I saw stains of blood on the crushed rock.

The only good news is that his head happened to be at the entrance of a dark hole...

The hole was not very big, it could only fit his entire head, but the hole was dark and deep, and no one knew how deep the hole was.

What is going on with such a cold body lying in the ruins in the dark night?

Looked carefully, but saw that the body seemed to be dead, and there was no movement at all, and blood slowly flowed out of his body... The ruins and stones that pressed on him were completely dyed red!

It seems to be a dead person.

I don't know how long it took. Suddenly, the body that was crushed in the ruins and rocks shook abruptly... His body choked for no reason. When the choking came, he was alive. ! He is not dead yet!

The body that was crushed by so many abandoned rocks is still alive?

Who is he?

At the moment when his body was shaking suddenly, his whole body began to slowly squirm, because the whole body was pressed alive by the rocks and wood, so it was very difficult for him to move, and it was also very difficult. Those big rocks pressed on his lingering body, and every time he moved, the stone chips on his body would fly down.

As his body squirmed slowly, his mouth made a painful moan.

The big rocks and seal wood on his body that pressed him through his constant force, finally slowly slipped from the side of his body, and at the same time his two arms were pulled out of the stone with difficulty.

I saw the two arms were compressed to purple, and there were blood stains on them. Both hands could not move at all, pain and numbness, as if the arms were completely abolished, only the elbows could move slightly.

Just when he wanted to crawl his whole body out of the ruins, suddenly the whole ground under him did not know why, and there was a "click" cracking sound...The sound was like the whole ground was about to crack completely. Open like.

How could the ground crack?

Could it be that the ground below is empty?

He seemed to have a little consciousness in his brain. The moment he felt a "click" cracking sound suddenly appeared on the ground where he was lying on his stomach, he was taken aback for a moment, and his damaged body dared not move any more. ,

But the layers of the ground under him seemed to be completely sinking slowly, as if it could not stop the pressure from above.

Suddenly, just hearing a plop, the whole ground really sank deeply, a hole, a deep black hole!

And his damaged body also fell into the black hole. With a scream, his whole body fell directly from above!

Because of the serious injury, after falling off, he fainted suddenly.

But he said how could there be a "black hole" in this old mansion of the Ouyang family!

Is this the ancient secret room of the Ouyang family?

Take a closer look at the "black hole" in front of you. The surrounding area was built by builders like supernatural craftsmanship. Obviously, it was artificially caused and definitely not formed naturally.

Moreover, this "black hole" is huge, and there are traces of wet water inside, and there are relics from ancient times in the place next to it.

It can be seen at a glance, this "cave" must have a very early and ancient history...

It's just that this "cave" was completely covered by the rocks above it at this moment, and the body that had fallen down and didn't know whether it was alive or dead also fell completely in this cave.

But who is the body that fell down?

Through the faint light shining on his purple and blue blood-stained face, he could gradually see his outline: Li Tian!

Li Tian is not dead!

He is not dead!

Look carefully at Li Tian's entire face, except for the bruise and purple swelling on his face, it seems that there is no damage to his face.

But Li Tian's body seemed completely abolished.

Because his hands have been deformed by the big stone, even his legs are bloody...The whole body except for the face, it can be said that it has basically been completely useless...

Chapter 1437: Never die

At this moment, no one thought that Li Tian would be alive.

Even more can't believe that Li Tian's hands and feet at this moment have been completely twisted and deformed by the ruins.

His body was lying cold in the "dark" cave, motionless as if it were death.

The "cave" in front of me was completely covered by the ruins, so it was almost completely closed.

I don't know how long it took, I saw a faint trace of water dripping from the cold stone wall, and the sound of dripping water hit the cold ground.

And at this time, cold water droplets hit the face of Li Tian who was in a coma.

Pop, pop.

As the cold, oozing water wetted Li Tian's cheeks, suddenly his body began to squirm slightly, but it seemed very painful. Not only did he hear the painful moan and groan from his mouth.

Then Li Tian's eyes opened weakly, and there was darkness in front of him, endless darkness.

"This is hell?" The first moment Li Tian opened his eyes, the question in his heart was said in surprise.

There was no movement around, only the empty black, and the sound of ticking running water.

"Am I dead? Did I just die like this?" Li Tian muttered to himself again.

Then his body wanted to move, but there was a sting like a needle all over his body, and he couldn't help groaning in pain.

He couldn't move his whole body, as if his whole body was completely decadent.

When he felt the bitter and unbearable pain, Li Tian was suddenly weak and horrified.

"No, I don't seem to be dead." Li Tian suddenly felt so.

Because he could still feel the clear and cold water dripping from the stone wall, he could also feel the numbness and tingling coming from his whole body.

The dead will never feel pain!

Hell will never have such cold water droplets!

When Li Tian suddenly felt that he was not dead, there was a desire to survive in his heart for no reason. His body wanted to move forward, but his hands and feet were already deformed by the stone, and the blood Dripping, unable to move at all.

His bloodshot eyes cast a glance at his hands at the moment, and he saw that his hands were purple and swollen, and there was blood on his arm joints.

When he saw that his hands suddenly changed into this appearance, Li Tian suddenly felt a bit inside.

"My hand...my hand..." he cried out in the dark cave suddenly in pain.

The voice echoed throughout the cave like a ghost crying, stern and painful.

Li Tian, who felt that he was alive, finally gave birth to a glimmer of hope, but when he saw his hands completely deformed by the stone and his feet that could not move, a wave of despair suddenly filled the present. Li Tian.

Although he was alive, his hands were useless... and his two legs didn't feel any movement at all, the only thing he had was the really piercing pain.

"Why...why...is this?" Li Tian screamed bitterly in the dark cave like crazy.

"God, you let me live... but why did you take my hands... I hate... I hate!"

He is carrying a sea of blood and hatred!

Moreover, his father and mother are still alive and dead, and his brothers, so many of his good brothers don't know what's going on now. These people all need Li Tian's hands to avenge and protect, but now, God's Turning Li Tianji into this, he robbed him of his hands abruptly, turning him into a person who completely looked like a "waste man".

Finally, in Li Tian's screaming cry, he panted on the ground in pain.

His body no longer allows Li Tian to continue shouting like this, because his body is too weak.

Although he is alive, his whole person is dying, and his whole body has been completely damaged.

Staying in such a dark cave with no sky, perhaps all you have to wait for is death.

Li Tian looked at the dark cave, and finally tears fell slightly from the corner of his eyes. The tears were not because he was afraid of death, nor because he felt despair, but an unwilling tear! It was an angry tear from the bottom of my heart.

"Am I just going to die like this? Am I just going to die in such a black hole with no view of the sun?" Li Tian said blankly in the darkness, looking into the darkness.

"No...no...no! I will never die." Suddenly, a strong desire to survive suddenly rose from the bottom of Li Tian's heart.

"I will not die here."

After Li Tian developed an extreme desire to survive, then he began to live, he must live.

His body is already on the verge of drying up, so he must absorb nutrients and absorb strength.

So he thought of water in his mind!

The icy, ticking clear water fell drop by drop from the top of the rock wall. Li Tian opened his mouth with difficulty, trying to drink the dripping water on the rock wall, but all the water dripped on Li Tian's forehead. Li Tian could only endure the stinging pain of his body forcibly, and then began to slowly exhaust the last bit of body strength to try to move his head forward and drink the dripping water from the stone wall.

what

A cry of pain came from Li Tian's mouth. In order to drink the drops of clear water on the stone wall, Li Tian felt that his whole body seemed to be broken, and he could even hear the sound of his bones breaking. .

In the end, under Li Tian's firm will, Li Tian finally opened his mouth to reach the cool water dripping from the top of the stone wall.

When the cold water dripped down into Li Tian's mouth, it was like honey, making Li Tian feel more comfortable than ever.

Water: is the source of life,

Li Tian opened his mouth and drank the drop of water drop by drop. Although there was very little water, it was already life-saving water for Li Tian now.

With his mouth open for almost an hour, Li Tian finally recovered a little bit of life in his whole body.

At the same time, he also felt that his brain slowly became sober.

Li Tian is now lying quietly in the cold cave. Although his hands and feet are completely immobile and completely destroyed, Li Tian has already lost his painful intuition due to the tingling numbness, except when he moves, his hands and feet will have a needle-stick-like tingling, but at other times, Li Tian can't feel his hands and feet.

Chapter 1438: Grieving brothers

Now he just opened his bloodshot eyes and looked at the black cave in front of him.

"Where is this place?" Li Tian couldn't help thinking in his mind.

"This is the old mansion of the Ouyang Family..." Li Tian suddenly remembered, because he still remembered the last moment when he died with that Long Yin.

"But how could there be such a huge black cave under the old mansion of the Ouyang family?" Li Tian couldn't help thinking to himself.

Then he began to recall the previous scenes in his mind. The bomb exploded violently and the flames soared into the sky. He clung to the body of Long Yin and threw into the sea of fire. Li Tian still remembered entering the sea of fire with Long Yin. At that moment, a huge explosion shook his body into the air, and then his whole person was directly stunned by the powerful aftershocks, and the next thing, Li Tian will do it again. Can't remember it.

He doesn't know if that \*\*\*\* Long Yin is as lucky as him to be alive...and what will happen to the brothers in the end...

A person just lay here in pain, thinking about his mind.

Looking back on everything, Li Tian's heart was even more terrifying hatred, that hatred seemed to burn his whole person, and now his whole person is full of anger.

He hates, hates the wicked and treacherous Long Yin, but also hates the yin and yang old demon

Because everything he encountered now was caused by those two \*\*\*\* bastards.

But hate to hate, the problem Li Tian is facing now cannot be solved by hatred, because what he needs now is to escape and how to get out of here alive.

After Li Tian realized this, he began to look for all the possibilities for survival.

He must first figure out what is going on in the cave before him?

How can I get out.

After turning the scarlet eyeballs, Li Tian discovered that the cave was originally so empty and huge, and the pitch black in front seemed to extend into the distance, but it's a pity that Li Tian couldn't. Moving, so even if you are deeply curious about this pitch-black "cave", there is no way to observe it.

After Li Tian carefully observed the surroundings of this "cave", his eyes not only flashed a faintly desperate color, because he found that this cave had nothing but emptiness.

This means that even if Li Tian can survive in this cave, he will be trapped alive in this cave.

Thinking of this in his heart, Li Tian suddenly became desperate.

dead?

Is it impossible to escape death after all?

I can't move my whole body now, and my hands and feet are also crushed by rocks...what should I do?

Could it be said that Li Tian just lived in this cave waiting to die?

He is desperate!

Even if there is a strong desire to survive in his heart, it is a pity that it will not help, and can only wait to die in this dark cave.

Duguxie and brothers, everyone is now shrouded in a huge shadow,

Because they all thought Li Tian was dead.

The painful brothers hardly eat or drink along the way, and Tang Xiaolong seems to have completely thinned out, his face is haggard, and he keeps his head down and silent all the way.

Not to mention Duguxie and the ghost servants. The two blamed themselves for Li Tian's death, especially Duguxie. He hated himself for being too useless for not being able to protect the young master.

Although everyone was silent along the way, the pain in their hearts seemed like a needle.

Ouyang Shiqing who followed was even more sorrowful and sad, she was washed away with tears along the way, coupled with the death of her relatives, and the destruction of her family, her heart was completely hit.

At this moment, the homeless Ouyang Shiqing and his father Ouyang Zhengtian can only lead the crazy and collapsed old man with the Du Guxie and them to march toward the North China Field Army in Binjiang City.

Now they are about to arrive in Binjiang City, and then they are very close to the North China Field Military Command.

Everyone on the road carried a painful face. They didn't know how to tell Li Tian's "death" to the women Li Tian loved after returning to the North China Field Army, as well as Li Tian's pro-maternal grandfather, Commander Mu.

However, they must go to tell them this bad news.

Following the journey along the way, finally the brothers now drove to Binjiang City.

After arriving in Binjiang City, the expressions on each of them became even more sad.

At the beginning, it was the Ouyang family that they went with Li Tian, but now they all returned, but Li Tian did not return... He "dead" in the old mansion of the Ouyang family.

How can we tell the news to them in the North China Field Military District?

When they were about to arrive at the North China Field Military District, Tang Xiaolong finally opened his mouth in the car, and he said with a sad face: "Sick ghost... then... Then you will have the bad news of the little boss... ..Tell...tell Miss Situ about them."

After he finished saying this, Chen Qiaozhi bowed his head deeply without speaking.

The brothers next to him heard Tang Xiaolong's words in the same silence.

I saw Chen Qiaozhi sigh deeply: "Okay!"

"I'll tell them..."

"Even if they complain, let them blame me." Chen Qiaozhi finally said.

It is indeed an extremely cruel thing to tell Li Tian's "death" to those who love Li Tian the most. Brothers are not willing to do such a cruel thing.

But, after all, someone has to do it.

So the brothers returned to the North China Field Army.

came back.

The brothers are back.

When their jeep drove into the gate of the North China Field Army Military Region, I saw that Wang Zhen, the commander of the 38th Group Army of the North China Field Army, had quickly walked out, with a smile on his face welcoming them. .

At the same time, you could see Duan Muying and Situ Ningbing from afar, coming to greet her at this time.

They all had smiles on their faces, and they all looked at the cars of their brothers with expectant eyes, because they knew that they would see "Li Tian" soon.

When the jeep and the Mercedes-Benz car of the Ouyang family came in, the car slowly stopped in the center of the North China Field Military Region.

After stopping, Wang Zhen walked over to greet them with a smile.

The car door was gently pushed open at this moment, and the Duguxie and the brothers walked out of the car slowly in turn.

It's just that after they got out of the car, everyone's face showed endless sadness.

Chapter 1439: Very sad

Brigadier Wang Zhen had come over happily to greet the brothers, but after the brothers got out of the car, everyone's faces showed such a sad look, and he was suddenly stunned.

Looking at the sad faces of the brothers in a puzzled manner, they frowned slightly: "What's the matter? Why are everyone so upset?" Wang Zhen smiled and said, trying to ease the anger in front of him. .

But when he finished speaking, the brothers bowed their heads deeply and were silent.

Then Wang Zhen became even more depressed. He glanced at the brothers in front of him and asked, "Is something wrong? Why are your faces so unhappy?"

"By the way, where's Li Tian?" Wang Zhenzai looked at all his brothers, but he didn't see Li Tian asking.

The moment he asked, the brothers felt even more sad.

"say something....."

"Our commander-in-chief has returned from the Central Military Region, and he still wants to see his grandson!" Wang Zhen continued to say there.

After he suddenly said this sentence, Chen Qiaozhi suddenly raised his sad face and looked at Wang Zhen: "Li Tian...Li Tian..."

When Chen Qiaozhi said the words Li Tian in his mouth, his voice suddenly choked.

The brothers around him also turned their heads together, as if they couldn't bear to see this scene.

After seeing their sorrowful affection one by one and their reaction at the moment, Wang Zhen in front of him suddenly felt a bit in his heart...

"Oh my God... Could something happen to Li Tian?" Wang Zhen guessed it all at once.

When he said this sentence, the two shadows, Situ Ningbing and Duan Muying, who had already come with expectant eyes, just heard it.

"What happened to Li Tian?"

"What happened to Li Tian?" the two women who loved Li Tian hurriedly asked when they ran over.

At the same time, Situ Ningbing's beautiful face became pale and ugly at that moment, and Duanmuying was also looking at the brothers with a bloodless face.

"Say, what happened?"

"Where's Li Tian? What about the others? Why didn't he come back with you?" Situ Ningbing and Duan Muying asked quickly.

At this moment, they were all worried, afraid to hear some bad things, because they could already feel the extremely sad look on the faces of Li Tian's brothers.

As the two of them asked immediately, then Chen Qiaozhi would have to say no matter how uncomfortable his heart was at this moment.

I saw him slowly lift up that sorrowful face and sigh deeply...

"Li Tian... Li Tian tried to save us... he... he... died."

what?

At the moment when Chen Qiaozhi said such a sentence, Duan Muying and Situ Ningbing in front of her suddenly shook her body violently, and brigade commander Wang Zhen was also affectionately shocked at that moment.

"You...you...you say...what?"

"Li Tian...Li Tian...Li Tian died?"

"No... no... you're kidding... right?"

"Are you lying to us?" said Duan Muying with her beautiful eyes wide open, and her whole person looking at Chen Qiaozhi with a pale face.

And what about Situ Ningbing in front of him? But the whole person was standing there stupidly as if suddenly...the whole person seemed to be completely frozen at this moment.

But what about Chen Qiaozhi? But he lowered his head deeply, his face showed endless sadness.

"Li Tianzhen has already sacrificed... he was to save us..." At this moment, Old Monster Ge said with a sad expression on his face.

When Old Monster Ge said the same, that Duan Muying suddenly stepped back and then took two steps... and then the whole person's eyes went black and she fainted to death on the ground.

"Miss..."

"Miss..." The girl Xiaohuan next to Duanmuying couldn't help yelling at the moment when Duanmuying fainted due to excessive sadness.

And what about Situ Ningbing? It's also the three steps back of the whole person suddenly...

Her delicate body was shaking violently at this moment, and she couldn't believe it in her eyes.

"Do not....."

"No... he won't die... he won't die..."

"Li Tian will never die... He can't die... He promised me... He promised to protect me for the rest of his life... He will not die."

As Situ Ningbing said this suddenly, she suddenly turned around and ran towards the barracks of the North China Field Military District like crazy.

"Miss Situ!!!"

The brothers looked at Situ Ningbing, who was overly sad, and suddenly ran away like crazy, trying to stop her, but it was too late.

Look at Brigadier Wang Zhen at this moment? He also stood there in shock.

"Li Tian sacrificed?"

"He actually sacrificed?" Wang Zhen muttered silently in his mouth.

"Oh my God, if the old commander knows about his grandson..., what should I do?" Brigadier Wang Zhen in front of him suddenly stood there worried.

And brothers? They are all standing there in pain like a sinner.

Li Tian is dead!

The news of his death spread quickly throughout the North China Field Army like a plague.

After the brothers came back, and the news that Duan Muying had passed out suddenly spread, all the people in the North China Field Military Command suddenly knew.

After Commander Na Mu knew that his grandson had encountered the unfortunate news, Commander Mu fainted immediately, and Li Tian's aunt was even more sad.

In general, the entire North China Field Army suddenly fell into a sad situation.

After learning the news, Tang Feifei shut herself in the room and sobbed. She couldn't accept this fact, she couldn't accept this fact. She met Li Tiancai several times...just said so much...but Now, he actually "dead", he is dead...

"Second brother, what's going on...what's going on...what happened to Tian'er? How could Tian'er get killed?" But seeing that in the North China Field Military Region, the fairy Baihua asked with tears in tears.

When Baihua Fairy knew the news of Li Tian's death, she had been in a coma several times. Like everyone else, she could not accept this cruel fact.

Duguxie stood there in grief. Hearing Baihua Fairy's question, he said in pain, "It's my fault...I didn't protect the young master well."

"Did Tian'er really die? Did he really die?"

"Oh my God! How can we explain to Big Brother... How can we be worthy of Big Brother..." Fairy Baihua said in pain.

Chapter 1440: Dawn in desperation

Grief enveloped the entire North China Field Army.

After hearing the bad news these days, Commander Mu has refused to see anyone. Similarly, he did not eat or drink.

His only grandson, the pro-grandson whom he had just acknowledged, died like this. How could he not be sad?

No matter who was discouraging in the military area, Commander Mu did not eat or drink.

Even Mu Yaoshui persuaded the old commander to refuse to eat.

Where is Duanmu Ying? Washing her face with tears every day, for her, she could hardly admit this sad fact.

And that Situ Ningbing disappeared the first day after hearing that Li Tian had died.

No one knows where Situ Ningbing went, and no one knows what the sad one would do. The only thing he knew was that she was missing.

Du Guxie had sent Tang Xiaolong and the others to search around the North China Field Military Command many times, but so far they have not found the missing Situ Ningbing.

No way, the blow of Li Tian's death was too great.

And the Ouyang family, together with Ouyang Zhengtian and the collapsed old man, temporarily stayed in the North China Field Army. Their family was destroyed and there was nowhere to go. At this moment, they can only stay here temporarily.

When everyone thought Li Tian was dead, what about Li Tian himself?

He is still trapped in a dark cave in the old mansion of the Ouyang family.

It has been two days and two nights since Li Tian suffered from this disaster. Li Tian, who was almost immobile in the dark cave, was dying.

Li Tian, who only relies on the clear water dripping from the stone wall to fill his stomach in the dark cave, can only wait for death.

Moreover, his two almost deformed hands that were smashed by the stone, and his feet were all swollen...The purple bruises have made his hands and feet seem to be completely abolished, and now Li Tian is equivalent to saying He was an out-and-out waste, and in his eyes there was no hope... Without faith, there was just cruel death.

His lips are chapped, and his bloodshot eyes have slowly begun to have hallucinations...

In the hallucinations, Li Tian seemed to see his father and his mother.

They waved at Li Tian again... as if to pull Li Tian into the endless void.

Then Li Tian saw his favorite Situ Ningbing again in the hallucinations... She was still so beautiful and so touching... but Situ Ningbing had tears in her beautiful eyes... In that sadness Looking at him, said to him: Don't die... Don't leave me... Don't...

After hearing Situ Ningbing's voice in the hallucinations, Li Tian's eyes, which had almost closed, suddenly opened.

"No...no...I can't die..."

"I can't die... if I die... she... how sad they should be... how sad..."

"Besides, I have to take care of them all my life...I can't die!" After such a desire to survive suddenly appeared in his heart, Li Tian suddenly woke up from the illusion.

If the terrible hallucination just now was that Li Tian hadn't been sober, it's likely that his life would be over... But fortunately, Li Tian was finally sober.

After he was sober, Li Tian began to have a persistent desire to survive. He told himself that he must not die for the sake of his love and his relatives!

His chapped lips were there, drinking the water dripping from the stone wall... drop by drop.

But, despite this, can Li Tian live? Can you live in this blind cave?

Besides, there is no food in this cave.

The only thing there is a few drops of clear water on the stone wall.

Struggling to survive, maybe everything is just in vain!

But, no matter what, Li Tian always wants to try, because he wants to live, he must live.

Just as he was struggling for this business idea, suddenly his eyeballs fell on something beside him.

A rolled gray cloth!

When he saw the gray cloth fast, Li Tian suddenly felt a sense of hope, because this cloth was the Maha Boundless taught to Li Tian by the master Wuji. , And then a huge sense of loss rushed into Li Tian's heart again, because even though the Maha Wuliang magical skill was a masterful martial

arts created by the old man Wuji for more than two hundred years, it is now in Li Tian's By the side, it's a pity that now he is completely unable to move his hands and feet, even if he is beside him, he can't practice.

Just as Li Tian was thinking like this in his heart, there seemed to be a voice telling Li Tian: Open it, open that peerless secret book...

After feeling this longing in his heart, Li Tian once again cast his eyes on the piece of cloth in front of him that recorded the immeasurable power of Maha.

Anyway, it's all dead, it's better to see for yourself... Li Tianshi thinks so.

So Li Tian at this meeting tried to find a way to open the roll of cloth. Because the roll of cloth was rolled, Li Tian couldn't see the content recorded on it at all, but Li Tian was not a fool... he had to find a way. .

Now he can't move his hands and feet, the only thing that can move is the entire head...so this time he can only use his mouth, inhale and exhale, and then try to blow the piece of cloth that records peerless martial arts...

But after several stays, Li Tian failed. After all, his breath was too weak.

But Li Tian did not give up because of this. He kept inhaling and then exhaling and slowly blowing on the piece of cloth... Finally, after Li Tian inhaled enough for the last time, he blew like this with his mouth, the volume records. The cloth with peerless martial arts spread out slowly...

At the moment that the roll of cloth was completely unfolded, the densely packed text recorded above appeared in Li Tian's eyes.

Maha is boundless.

The first formula: Entraining Qi Jue, the way of entraining Qi, accumulates the power of Qi, and returns to the dantian, wandering through the meridians of the whole body, facing the north and the south toward the sky, and the mind travels with the two palms. Pay attention to the yang movement of the dantian, and the left and right recovery to the two points. Worshiping Buddha and Shishi as a chest work, the true energy revolves through it, the essence of the five Tibetans and the six provinces are all focused on the eyes. The essence of the essence is the eye, the essence of the bone is the pupil, the essence of the muscles is the black eye, the energy of the blood, the essence of the essence is the white eyes, the essence of the muscles is the restraint, and the essence of the muscles and bones is bound to the pulse. , The upper belongs to the brain, and the latter comes from the item. Therefore, the evil is in the item, because it is deep in the body, and the person is deep, it will be attached to the brain with the eye, the brain will turn when you start it, the eye will be anxious when the brain is turned, and the eye will be dazzled to turn away.

The second layer: Entry tactics, the state of transforming the mortal, into the state of emptiness of all things, the mind moves at will, clinging to the golden soup, the body is sudden by the heart, chest, mind, thoughts, and four fingers.

...

The third layer: broken body!

Li Tian didn't know why, when he saw the third layer of the Maha Boundless, his whole body suddenly shook for no reason.
