

A Killer 1441

Chapter 1441: Body break

The third level of Maha Wuliang's true secret: break the body!

What is broken body?

Look carefully at the following annotations: the golden silkworm metamorphosis, the rebirth of all things, the thought of breaking the body, the sudden change of the body, the whole body, the entry into the mortal, and the rebirth... all of a series of words and formulas are flooded. In Li Tian's eyes.

When Li Tian saw these words, his heart suddenly felt a sense of surprise.

"Rebirth immediately, the body changes suddenly? Doesn't it mean that if you practice the third level of this Maha Boundless True Art, even your body will be reborn in vain?"

Yes, this third level of Maha Wuliang is talking about such an effect.

Because the first level, Yin Qi, and the second level: entering the country, they only lead the learners into the real realm of the immeasurable Maha... so if you want to practice the supreme immeasurable maha, you must After going through the first two levels, you can enter the "broken body" state of the third level, so that you can truly learn the supreme exercises of the next six levels.

To put it bluntly, the first two levels of Maha Boundless are excessive, the third level is the beginning of transformation, and the fourth and fifth levels... until the ninth level that is the true supreme martial arts of Maha Boundless. .

When Li Tian realized this, his heart was overjoyed!

Excited, his body couldn't help but move... But when his body moved, the tingling sensation from his limbs suddenly made him return to reality.

Li Tian looked at the third level of the immeasurable Maha: broken body, the formula mentality, his heart could not help but lining up: since this third layer is broken body, and the body can be reborn, if he really becomes this Maha With the immeasurable third-level true tactic, wouldn't it mean that my crippled hands and feet can slowly recover?

If that's the case, wouldn't he be able to move? Once my hands and feet recover, can I still get out of this dark cave?

After Li Tian thought so suddenly, an extremely excited state of mind suddenly rose from Li Tian's heart.

Practice!

He must practice now!

Because cultivation is his only hope alive now, Li Tian had to do this.

But can his seriously injured body really cultivate?

The first two levels of Yin Qi tactics and the entry tactics of Maha Wuliang require the coordination of inner strength and the whole body's energy to swim, but now Li Tian can't move a single move. The third level of breaking body tactics, if it is If you have to rely on your body to move, it will be troublesome.

After thinking this way in his heart, Li Tian quickly rolled his eyes to check the secret book of the third layer of Boundless Maha Maha.

But seeing the dense explanatory text below the body breaking art, Li Tian saw all of it from the beginning to the end.

After reading it, Li Tian was pleasantly surprised, because he discovered that Maha Wuliang's body breaking art was all martial arts, and there were no moves at all. Only the last move was called the reincarnation of the golden silkworm!

To put it plainly, in other words, when Li Tian was cultivating the third-layer body breaking art of the Immeasurable Maha, he didn't need to move his body at all, he could only use his body's energy and his own comprehension to figure out the secret of the mind.

After reading this, Li Tian couldn't help getting excited.

After sorting out his excited state of mind, Li Tian began to focus on the commentary text of the third layer of the Maha Wuliang: Breaking Body Jue.

"Baihui goes up to the top, and its intention is upward, and at the same time the intention to induce the dantian's true qi to spread outward with the sound; raise the head, exhale, and close the mouth, intention to withdraw the true qi to the dantian, and so on repeatedly..."

After seeing such a paragraph, Li Tian began to practice the above step by step.

Although all Li Tian's limbs seem to be "worn," and his body has been severely contused, this does not affect the flow of his body's internal energy. If Li Tian uses his mind to accumulate his true energy, he can still make his body messy and weak. The zhenqi of his was accumulated together... so after Li Tian began to practice this body breaking art, he began to slowly attract Dantian zhenqi, gradually spreading around his body.

Although this accumulation of zhenqi is simple to say, it is extremely difficult for Li Tian, who is seriously injured now, and his body's energy is constantly dissipating, so even if it can accumulate zhenqi, it is extremely small.

But Li Tian didn't give up because of this. He just slowly accumulated the energy of his body bit by bit, and then began to slowly spread around the body according to the mental formula.

After spreading the true qi to his whole body, Li Tian's body began to suffer severe pain...because all parts of his body had been damaged, once the true qi flowed at this moment, it would inevitably collide with the injured position of his body, so this stinging pain It is normal.

Li Tian endured the tingling of his body while practicing hard.

No matter how much irritation or torture the body suffered, Li Tian endured and endured the pain...because he had to practice the third level of the immeasurable Maha, because only then can he have a line. vitality.

So no matter how hard he suffered, he must persist.

As time passed by, his body started to experience severe pain and began to slowly become smaller... and at the same time, the extremely weak real qi in his body also increased with the flow of his energy. Become powerful.

As he practiced hard in this way, Li Tian forgot the time and the tingling on his body. The only thing he knew was that he had to live.

When he was thirsty and hungry, he raised his head and drank the cold water dripping from the icy stone wall. Although this could not keep Li Tian for a few days, Li Tian knew that he had to practice as soon as possible to have a chance to live.

For him now, Li Tian will not miss a single opportunity. He is afraid that after he missed it, he will never have any chance to survive!

So he must hurry up and practice.

Li Tian in the black hole doesn't know the time, but only knows his hard work.

After Li Tian's practice, his body gradually began to react slightly. First of all, his true qi became more and more fluid, and more and more, even the original heart-piercing lungs on his body. The tingling sensation has also become weak at this moment.

But the physical pain is torturing Li Tian...

Li Tian didn't know how long he hadn't eaten, he was so hungry as to eat a rock on the ground!

He is too hungry.

He can only drink the clear water dripping from the stone wall every day. He is in urgent need of supplies at this moment. Only then can he have the physical strength to cultivate, but what is there to eat in this dark cave?

What does he do?

Could it be said that the hapless Li Tian would be starved to death here?

Chapter 1442: revenge

After the Ouyang family experienced this catastrophe, the entire Ouyang family has been completely destroyed. .

Of course, the people on the rivers and lakes also knew the terrible thing that the Ouyang family was destroyed overnight.

Within a few days, first the Yuwen family in Liaobei Province perished, and then the Ouyang family became a ruin... Such a terrible thing became an extremely sensational thing in the arena.

They were all talking there. No one knew who did such a terrible thing. Of course, they didn't know who could have such a powerful strength. Even living in a few days, the Yuwen family and the Ouyang family would be ruined.

However, the destruction of the Ouyang family and the Yuwen family was only the beginning.

Because the family of the crown prince in Jincheng was also killed overnight...and the white boss in Huaihai...

The whole family of these people was not left alive, and they were all brutally killed. Some of the corpses had their heads turned off, and some of them had their hearts taken out...Anyway, how they died. They are all terrifying.

The crown prince and the white boss of Huaihai are all figures of the older generation.

Although these two people do not have the strength of the Yuwen family and the Ouyang family, they are also second to none in their territory.

The crown prince: It is Jincheng's handle. The underworld and the white ways of Jincheng basically have to be nodded by the crown prince, and the crown prince also runs several large bars in Jincheng, but this is how it is in Jincheng. The character of Huan had his head cut off overnight, and the body was nowhere to be found.

What about the white boss in Huaihai? Almost like the crown prince, the fishermen's industry in Huaihai is the territory of the white boss. It can be said that the fishery white boss in the entire Huaihai has an exclusive 60% of the powerful shares.

But Boss Bai was also dead, and his head was cut off. Even the youngest daughter of Boss Bai had his heart dug out alive...The methods were brutal and brutal.

The deaths of the two seem to have nothing to do with each other, but they basically happened within a few days, and the older generation of people in the rivers and lakes knew that the crown prince actually had some friendship with Boss Bai, and they also had They are all characters from the four major families.

It turned out that both the crown prince and the elder Bai were involved in the siege of the old Yin and Yang demon on Luan Mountain.

It is also because after that incident, they have a deep friendship, but they are old for so many years, almost seldom walk in the rivers and lakes anymore, and they rarely communicate with each other. They often operate their own. Sphere of influence.

But now, that demon is born.

The terrifying monster that has been trapped in the cave for nearly thirty years is about to come out to take revenge.

His cruelty, his killing, seemed to be sacrificed with blood.

So he started to kill.

The whole underworld is in panic for a while, because no one knows who will suffer next.

In the North China Field Army, Li Tian's "death" hit the brothers too much.

After coming back, the brothers seldom go out and walk around again. Even the most talkative Tang Xiaolong in the weekdays is silent. He is lying on the bed like a sickly patient, staring at the ceiling with dull eyes. I don't know what I'm thinking about.

Chen Qiaozhi and Old Monster Ge are almost the same...In one day, they almost said that they could not even exceed ten sentences, and they hardly even eat any food.

Not to mention the other women Li Tian loves, they wash their faces with tears every day and are extremely painful.

At this moment, in the North China Field Military District, Tang Xiaolong, who was lying motionless on the bed, recalled in his mind the deeds of following Li Tian, his eyes turned red for a moment.

Then an anger surged from his heart.

"Damn devil...damn Long Yin!"

"It was these two **** who killed the little boss... it was these two **** who killed my big brother."

"I want revenge, even if I die, I want to avenge the little boss."

After thinking this way in Tang Xiaolong's heart, he turned over and jumped directly off the bed.

Chen Qiaozhi and Old Monster Ge in the room couldn't help but stare at him when he saw Tang Xiaolong with blood red eyes and infinite hatred in his eyes when he jumped out of the bed. They looked at him and asked: "Xiaolong, you want What are you doing?"

"I'm going to avenge the little boss." Tang Xiaolong said with blood red eyes and just clenched fists.

When Chen Qiaozhi and Old Monster Ge heard Tang Xiaolong say this, they didn't talk anymore.

"What about you? If you are bloody, follow Lao Tzu to take revenge!"

"The little boss died for us...If we don't avenge the little boss, can we still count as humans?" Tang Xiaolong roared there.

Following Tang Xiaolong's words, Chen Qiaozhi and Old Monster Ge not only raised their heads together.

"revenge!"

"Of course we know that we want revenge... But you can't act recklessly, right?" Chen Qiaozhi said in that theory.

Just listen to Tang Xiaolong's eyes red and said: "How the **** can I still feel calm here... When I calm down, I think of little boss... How can you let me stay?"

After Tang Xiaolong said this, Chen Qiaozhi and Old Monster Ge stopped talking.

In fact, the two of them were the same as Tang Xiaolong, as soon as they calmed down, they suddenly thought of Li Tian in their hearts.

"Vengeance...maybe we should take revenge. Even if we die, we have to break with the gate of **** and the old yin and yang demon." A word came out of the silent old monster Ge.

After Old Monster Ge agreed with this statement, Chen Qiaozhi finally nodded.

"it is good!"

He finally agreed.

So after the three of them agreed, they started looking for Duguxie and Xue Wuhen... because they had to tell them their plan.

After Li Tian's "death", the Duguxie and the ghost servants were completely helpless.

The glory of the two men seemed to have disappeared completely, and there was only one body at the moment.

They were hit too hard.

Fairy Baihua was sad because of Li Tian's "death" and didn't even eat any food all day long.

When Tang Xiaolong, Chen Qiaozhi and Old Monster Ge arrived, the Duguxie and the ghost servant were in the room inside, and Xue Wuhen saw them.

"Little Dragon..." Xue Wuhen shouted.

After Xue Wuhen shouted out, then Tang Xiaolong and Chen Qiaozhi walked in.

Chapter 1443: action

"Where is my master? Where are Senior Dugu?" Tang Xiaolong asked immediately after he walked in.

Then Xue Wuhen pointed to the place inside and said, "Inside..."

So Tang Xiaolong took the Chen Qiaozhi and Old Monster Ge towards the place inside.

I saw Duguxie and ghost servants sitting there in a daze...Even Duguxie's previous bronze sword that never left his hand was "abandoned" by him at the moment.

"Master." Tang Xiaolong shouted after walking in.

The ghost servant didn't respond, as if he didn't hear it at all.

But Tang Xiaolong didn't care. He continued to say, "Master, I want to avenge the little boss... I can't bear the hatred."

After Tang Xiaolong finished saying this, Duguxie and the ghost servant raised their sad faces together.

"Master, Senior Dugu... Our brothers have thought about it. From now on, we are going to have a break with the gate of **** and that **** yin and yang old demon, even if it is dead... We have to raise a bunch of bitches. It's spelled out."

After Tang Xiaolong said so, the ghost servant and Duguxie suddenly stood up.

"it is good!"

"I'm waiting for your words..."

"Vengeance for Young Master." Du Guxie roared out of his mouth.

In fact, the moment Duguxie and the ghost servant Li Tian "death", they were full of hatred. They wished to find the **** gate and the old Yin and Yang demon for revenge. Now they are suddenly hearing that Tang Xiaolong and his brothers After saying this, of course they strongly agree.

Revenge, revenge, hatred fills everyone at this moment.

After they all agreed, they prepared for real revenge.

Just as the brothers decided to take revenge, suddenly they heard footsteps coming from here in their room at this time.

Commander-in-chief!

Suddenly there was a cry of respect as a soldier outside.

Commander-in-chief?

Could it be that Commander Mu is here?

At this time outside, I really saw Old Commander Namu coming here with strides, and behind him was Wang Zhen, the brigade commander of the 38th Army, and the first guard: Opteron.

As they strode towards this side, the soldiers hurriedly opened the door in front.

Then Commander Mu walked in with someone.

When Commander Mu came in with Wang Zhen and Hao Long, all the brothers happened to be here.

When they saw the arrival of Commander Mu, they were still slightly startled, and they didn't know why Commander Mu was here.

Everyone knows that Commander Mu has been in a coma several times because of his own grandson... From now on the pale face of Commander Mu, it can be seen that the old Commander has been extremely unhappy these days.

I saw that after Commander Mu walked in, those domineering eyes glanced at the whole house coldly, Commander Mu directly said, "You are all here, okay."

After Commander Mu said something like this, the brothers in front of him were slightly puzzled. Looking at Commander Mu before him, no one knew what the old Commander was doing when he suddenly came here. .

"You are all good brothers of Tian'er, are you good friends?" Suddenly a sentence came out of Commander Mu's mouth at this moment.

When Commander Mu suddenly said this, the brothers in front of him were taken aback, and then Dou Zai nodded quickly.

"Yes."

The old Commander Namu suddenly said at this moment: "My grandson is dead...killed by the bastard, you, as their friends...Do you want revenge?"

Just as Commander Mu said such a sentence, the brothers suddenly looked at me one by one, and I looked at you.

"miss you!"

"Our brothers all want to avenge our elder brother!" Tang Xiaolong said quickly.

But seeing Commander Mu suddenly angrily said: "Just want revenge!"

"I, Mu Yunlong, is such a grandson in this life... But, but... I only spent a few days with him... He was just... so killed!!!" Commander Mu said At this time, the tall ***** body couldn't help shaking slightly.

The white dragon next to him and Wang Zhen looked at the old commander who was trembling, and couldn't help hurriedly stepping forward to help, but Commander Mu reached out to stop them.

I saw Commander Mu slightly sorted out his emotions for a while, and then continued to stand there and said: "From now on, I will do whatever it takes to find out that the ***** is my grandson..."

"I want him to die, I want him to die."

When Commander Mu roared like this, the bloodliness of the brothers were all aroused.

Revenge, revenge for Li Tian, this is the only thing the brothers have now.

Although Commander Mu decided to personally avenge his grandson, Mu Yunlong still couldn't easily mobilize the army.

After all, the army belongs to the country. As a commander-in-chief, he does not have such great powers. If he really wants to mobilize the army, he will surely alarm the central party at that time. At that time, things will definitely be particularly troublesome. So now Mr. Mu The commander can only mobilize his guard company.

He first sent people out to investigate the organization "Hellgate".

The organization of the gate of **** was heard by Commander Mu from Duguxie's mouth, because that gate of **** was Li Tian's real enemy, and the person who persecuted the evil **** and Commander Mu's daughter back then.

And another part of them started looking for the old demon Yin and Yang.

The brothers are also waiting, ready to go.

"Second brother, I don't know if you have heard that the crown prince of Jincheng and the old man of Huaihai died two days ago..." In the room, only the ghost servant was talking to Duguxie about the recent events in the rivers and lakes. .

"It is said that the method is extremely cruel. The murderer killed all the crown prince's family, and also cut off the crown prince's head. Then the white boss of Huaihai is almost exactly the same as the crown prince."

After the ghost servant finished saying this, I saw Ouyang Zhengtian who had taken refuge sitting on the other side.

"The crown prince? Boss Bai?" Ouyang Zhengtian suddenly questioned after hearing this.

The ghost servant stared at Ouyang Zhengtian and said, "Patriarch Ouyang, do you know these two people?"

"Know... Of course I know them..."

"It must be him, that demon must have done it." Suddenly Ouyang Zhengtian shouted in the blood-red eyes.

Demon?

"Yin and Yang Old Demon?" Suddenly the brothers asked in the shocked outlet together.

Chapter 1444 The People of Meng City

When Ouyang Zhengtian in front of him suddenly said that the "Yin-Yang Old Demon" was doing these evil things, the brothers couldn't help being taken aback.

"How do you know that it is the demon?" Only the ghost servant quickly asked.

Then Ouyang Zhengtian said, "Because the crown prince and Boss Bai have also dealt with the Yin and Yang demon on Luan Mountain decades ago."

After hearing Ouyang Zhengtian say this, the brothers looked at each other.

Judging from the cruel killing methods and the cruel slaughter, Ouyang Zhengtian should be right, and it should be almost certain that the devil Yin and Yang old demon did it.

"If this is the case, the old yin and yang demon will definitely take revenge one by one... He will definitely kill all the people who participated in the vengeance against him." Chen Qiaozhi interjected.

"Well, he definitely will." Ouyang Zhengtian said.

The yin and yang old demon was full of resentment, he had been trapped in the devil for thirty years, and he came out to kill him.

Suddenly Chen Qiaozhi asked, "By the way, do you remember that among the people you participated in besieging the old Yin and Yang demon, there are still survivors?"

When Chen Qiaozhi asked such a crucial word, the brothers were also taken aback, and then they all looked at Ouyang Zhengtian in front of him with their faces raised.

Ouyang Zhengtian thought for a while, and suddenly he remembered.

"There is...there is another..."

"He is still alive now." Just listen to Ouyang Zhengtian saying there all of a sudden.

Then Chen Qiaozhi quickly asked, "Who?"

"His surname is Xu, his name is Xu Fan!" Ouyang Zhengtian said there.

Xu Fan?

"Could it be that guy named Xu Fan the Thunderbolt?" Chen Qiaozhi frowned and asked.

"Yes, it is him." Ouyang Zhengtian said in front of him.

Xu Fan, Pili's hand, was quite famous twenty or thirty years ago.

Xu Fan, the Pili player, is now in Mengcheng and runs a clothing factory under his hand... This Xu Fan also has a magnificent life. It is said that Xu Fan was a carpenter, but he didn't know how to learn to become a skill, and then began to hang out in a bar. Later, because he was extremely capable of fighting, and his thunderbolt once defeated several black market boxers in a row in the black market boxing, and from that point on, everyone knew that there was a nickname called: the thunderbolt guy.

Xu Fan undoubtedly followed the old man Ouyang when he was in Luanshan to deal with that demon, Yin and Yang.

Back then, I still remember that when he united with the crown prince and Boss Bai to deal with the yin and yang people, it was all because of Ouyang Wujiang's name that they followed.

After the Battle of Luanshan, everyone went their separate ways. The Crown Prince and Boss Bai returned to their own turf, and that Xu Fan was ready to withdraw from the rivers and lakes and go the right way. So after he saved some money, he started on his own. Started a business and now runs a clothing company.

After Ouyang Zhengtian told the story of Xu Fan, he only heard Chen Qiaozhi's words in front of him: "It seems that the next person the old demon of Yin and Yang will deal with will be him, Xu Fan, the thunderbolt."

When he said this, the brothers' eyes widened.

"You are right... It seems that the old Yin and Yang demon has been searching for his enemies since he was born. Now the Yuwen family has been destroyed by him, and your family has suffered misfortune... The crown prince and the white boss have been Being killed, Xu Fan, the only thunderboltist who survived, will definitely be the next target of the old yin and yang demon." The ghost servant also said there.

After they said so, my brothers now understand.

That old yin and yang demon would definitely kill in order to get revenge. All of the people involved in the Luan Mountain incident were all dead... The only ones who survived were Ouyang Zhengtian and others who had fled to the North China Field Army. There is another one, Xu Fan, the thunderbolt who has never been involved in troubles for many years.

Although he has retired from the arena, but the hatred is after all, the old demon of Yin and Yang will definitely kill him and kill his whole family.

"Then what to do?" Ouyang Zhengtian asked, looking at his brothers.

But seeing the brothers thought for a while and said: "We originally planned to find that demon... If it hadn't been for that demon, the little boss would not have sacrificed... the bastard, we must kill him by ourselves." Tang Xiaolong Roaring there, the hatred in his eyes was like a raging fire.

"Then what do you mean, we go to wait for the rabbit? Go to the place where Xu Fan is and wait for the old yin and yang demon?" Ouyang Zhengtian looked at the brothers and asked.

At present, it seems that the only way to find the old yin and yang demon, but will the brothers really go to Mengcheng?

To Mengcheng?

The brothers at the moment were frowning deeply there.

After all, if you go to Mengcheng, you don't necessarily meet the old yin and yang demon.

But if you don't go to Mengcheng, where do the brothers go to find the yin and yang demon?

After thinking about it, I just listened to the brothers in front of me saying: "Let's go and discuss with Commander Mu..."

"fair enough!"

After the brothers decided to discuss with Commander Mu Lao of the North China Field Army, they left the room in front of them.

Mengcheng.

An ancient city, this city belongs to the domestic heavy industry base.

There are many industrial parks and factories invested by many foreigners.

And dense rows of buildings are built here.

At this time, on a highway in Mengcheng, a Land Rover C530 that looked domineering was driving fast there.

The front of this domineering Land Rover looks like the head of a whale, and carefully look at the window glass on the Land Rover before you. It is caused by fiber, which is the better bulletproof glass.

Such a car window may not be able to break the glass even if you fire a few shots.

In such an overbearing car, carefully observe that there is a middle-aged man in his 50s sitting restlessly.

He is wearing a gray-black lucgh suit, with a platinum Rolex on his wrist, and his face is red. Such a person is a big boss-level role at first glance.

It's just that the rich and powerful man now has a deeply disturbed look on his face.

His two rough hands are constantly rubbing there...The calluses on the palms of both hands are extremely thick, and the fingers are slightly curved. If an expert looks at such a pair of hands, one can tell the absolute It is a trained character, and judging from the palm prints and calluses on the palm, it is definitely not a low hand...

Next to him is a flat-headed man in his 30s, calmly driving the car, with a black dragon tattooed on his arm, and it looks like he should be the middle-aged man's bodyguard.

Chapter 1445: Thunderbolt: Xu Fan

In addition to the two men in front of the car, there was also a girl in her 20s sitting behind the car.

Wearing a pale white dress, with slender legs exposed and flowing short hair, it looks refreshing and beautiful.

It's just that now she has a reluctant face on her beautiful face, and her whole body is shrunk in the back compartment, and her face is full of unwillingness.

The domineering Land Rover in front of them was driving fast. They seemed to be leaving Mengcheng in front of them. Just as the car was sprinting all the way, the beautiful girl with a pretty face and a sad face was suddenly there. With a little red mouth like a cherry, he said, "Dad...Where are we going? Why do you want to leave home suddenly...I really don't understand."

After she said this, she saw the tall and burly man in a gray lucgh suit snorted at the moment: "You don't understand..."

"Dad, then you tell me something?"

"I'm going to travel with Lena and the others in a few days..." the glamorous girl said reluctantly.

"Rong'er, you have to know that a major event is about to happen in our house, so we have to leave the house." Only the man said with a sad face.

When the girl named Rong'er heard this, she frowned slightly, looked at her father and asked, "Dad, is it a business matter?"

"No!" the tall man said decisively.

Rong'er was depressed at this time. It was not a business matter. What was it for? So she asked, "What's the big deal?"

"Life and death matter." A word came out of the man's mouth.

After he said that, the Rong'er girl shook suddenly.

The father who looked at her with an embarrassed pretty face said: "Dad, you didn't take a joke... life and death matter? As for this serious..."

I saw the man's pale face, rubbing his calloused hands and snorted and said, "Do you think I look like a joke to you?"

When her father said this, the little beauty Rong'er was stunned.

To be honest, she has never seen her father so anxious since she was a child, except when her mother was critically ill in the hospital.

What happened? What is a matter of life and death?

Just as the Ronger girl was about to ask again, she heard the flat-headed man quietly driving the car and said at this moment: "Mr. Xu... we are really going to Binjiang City... to the North China Field Army?"

Last name Xu?

The man named Mr. Xu nodded decisively at this moment.

"Yep."

"I heard that there is a young man named Li in the North China Field Military District... I heard that his strength is currently relatively large in the arena, and it is rumored that the Ouyang family has also turned to them. For the present, we only have You can save your life if you go to them... so you have to go to the North China Field Army." The boss with the surname Xu said in front of him.

The bodyguard who was driving the car thought for a while and said, "Mr. Xu...Is the yin and yang person you mentioned really terrifying?"

"We spend some money and hire some ruthless characters on the road can't deal with that perverted thing?" said the bodyguard in front of him.

As he said this, the man named Mr. Xu suddenly sneered in disdain.

"Do you think that the three-legged cat characters you know can really resist that perverted monster?" Xu Zong suddenly said coldly.

When he said this, the flat-headed man suddenly closed his mouth pale and did not dare to speak any more.

Just listen to Mr. Xu saying at this moment: "Is the Ouyang family in Jinghai city very powerful? Is the Yuwen family in Liaobei province awesome?"

"The two big families are both a century-old foundation, and the old man Ouyang has entered the realm of martial arts, but even their big families were all destroyed by that abnormal monster overnight... You say we can resist. Huh?" Just listen to the extremely ugly expression of Mr. Xu in front of him.

Of course, the flat-headed bodyguard had heard of the prestige of the four big families, and even knew the powerful force of the Ouyang family in Jinghai City!

"Hey, I didn't think that the demon was not dead!!!" He heard an uneasy sigh from Mr. Xu's mouth in front of him.

The ***** past of more than 20 years suddenly appeared in his mind.

He still remembered the poisonous oath that the cruel demon made when he was forced to the top of Luan Mountain.

He once said that if he is alive, he must cut his heart and liver one by one...let them die.

These ***** words are now all echoing in Mr. Xu's mind like a nightmare.

He, Mr. Xu, was the thunderbolt who followed the Ouyang family more than 20 years ago to kill the world: Xu Fan! He and the crown prince, as well as the white boss of Huaihai, followed Ouyang Wujiang to deal with the yin and yang old demon, when the whole clan of Yuwen family was killed, and the destruction of the Ouyang family, and the death of the crown prince's family, and that Huaihai When the rumor that Bai Lao's head was cut off, he was completely shocked when it reached the thunderbolt hand Xu Fan's ear for the first moment.

Because whether it's the Yuwen family, the Ouyang family, or the white boss and the crown prince, Xu Fan knows them, and they all had a good relationship back then! It's just that after that incident, Xu Fan has retired from the world...began to start a proper business, so he rarely participates in the world affairs, but he still pays attention to the rumors in the world, so he listened at the first moment After arriving at those old friends and the destruction of the big family, Xu Fan was stunned for the first time...The whole person was completely shocked there.

At the beginning, Xu Fan hadn't actually thought that it was the demon who had jumped off Luan Mountain: Yin and Yang, who was resurrected.

Because Luan Mountain is dangerously high and there is a mess of rocks below, jumping from Luan Mountain will basically be dead, but when Xu Fan heard that the Yuwen family and the Ouyang family were destroyed, the crown prince and the white boss were immediately followed. After the tragic death, Xu Fan was shocked, especially when he heard that the Yuwen family was dying, the police once found terrible ***** handprints on the ruins of the Yuwen family!

The ***** handprint was once a ***** mark of the murder of that yin and yang demon. As long as the ***** handprint appeared, someone would definitely die tragically.

So Xu Fan suddenly thought of the demon yin and yang man who had jumped off Luan Mountain, and suddenly concluded that he was definitely the one who did it. He didn't die. He came back to take revenge!

Chapter 1446: Quack

The one curled up in the back, with a surprised expression on that face is Xu Fan's only daughter, whose name is Xu Rong'er. She just entered her junior year this year. She doesn't know anything or know anything.

Xu Ronger, who was still at school yesterday, saw her father and her bodyguard come to the private university she attended early this morning. Without explaining anything, she immediately dragged her into the car. Left school.

Xu Rong'er was still full of surprise, not understanding what happened to her father, why she was so panicked and so anxious.

"Dad, what are you talking about? Where are we going? To Binjiang... I'm dizzy, Dad, I still have to go to school." Xu Rong'er only listened to Xu Rong'er looking at her father with a gloomy face.

Hearing the thunderbolt hand Xu Fan suddenly said coldly, "No more."

"I can't save my life, what kind of school are you going to?" Xu Fan said sharply.

Father had never lost his temper to himself, and now suddenly such cold words to himself made Xu Rong'er in front of him sad.

"Dad, why? Why didn't I let me go to school? What did I do wrong?" Xu Rong'er said with red eyes and choked up.

When Xu Fan heard his daughter say this, he suddenly became angry.

"Don't bother me... I'm tired of it now." A roar came out from the mouth of Thunderbolt hand Xu Fan.

After his roar came out, Xu Rong'er really stopped the tears that flowed down. She understood that her father was a hot temper and extremely stubborn, so she didn't dare to provoke him at this moment.

The Thunderbolt hand was already very hot-tempered, and at this moment, coupled with the imminent disaster, he was even more upset. You must know that they are not out of danger at all, because the old yin and yang demon will catch up with them at any time.

Once they catch up with them, he and his biological daughter will all die, and the deaths must be miserable.

Xu Rong'er behind was holding back her tears and dared not say anything. Her tears fell from her pretty face like broken pearls, full of grievances. She didn't know what happened, let alone her own. Suddenly, what happened to my father...become so rough, so ugly.

At this moment when Xu Rong'er was sad, Xu Fan, the thunderbolt hand, might also realize that he was rude just now, so he slowly turned his head and looked at the good girl with dim eyes, and said: "Rong'er...I'm sorry...Dad was wrong. , I shouldn't yell at you just now."

"Hey, Rong'er, you don't understand the current situation."

"Rong'er, do you know? Our family is about to face the biggest disaster in history. If we don't take you away at this moment, our family will likely be bloody, and you and I will both die in Mengcheng." Xu Fan sighed and said with an ugly face.

Listening to her father saying this, Xu Ronger wiped the teardrops from the corner of her eyes, looked at her father and asked, "Dad, then you tell me what the **** is going on? Who is going to harm us?"

"Can't we report to the police?" Xu Ronger said in a simple way.

Listening to Xu Rong'er's words, Xu Fan smiled bitterly.

"Stupid boy, if I can tell the police to resolve the matter, I still need to take you out of the city where we have lived for more than 20 years?" Xu Fanzai said sadly.

Seeing her father's face so worried and irritable, Xu Rong'er didn't speak anymore.

She knew that her father was strong and stubborn in the past, always carrying things on her own, but now she clearly saw the helplessness and fear on her father's face, and she could feel it without thinking about it. What happened is definitely the biggest ever.

The thunderbolt Xu Fan said suddenly after being silent for a while: "Rong Er, remember what I told you before? Dad used to be a gangster... and this grievance is the gangster grievance for many years. At that time you were not born yet... Dad followed a group of people to deal with a cruel demon who killed innocent people indiscriminately and with extremely vicious methods. As long as the person he wanted to kill, within three days, that person He was bound to die, so Dad followed the group of people to intercept and kill him at that time. Finally we forced the demon on Luan Mountain, and finally forced the demon to jump off the cliff and commit suicide, but what we didn't expect was twenty Many years later, he didn't even die, he was resurrected, and he has massacred all the characters who participated in the siege of him...Now if I guess it is right, we are left with the living family."

After Pili's hand Xu Fan said this all at once, Xu Rong'er was completely sluggish.

The grievances, **** vendettas, these words only she can see on them, as well as the content that can be seen on the TV screen, now I did not expect that they really happened in real life, and they also happened to themselves. How could this not shock Xu Rong'er, how could it not make her afraid?

"Dad... what should we do? Then what should we do?" Xu Rong'er in front of her asked, looking at her father unbelievably.

Xu Fan's face was pale, and his cold sweat could be faintly seen on his forehead.

Say there: "Don't worry, Dad will protect you."

"Even if I die, I will protect your safety." Xu Fan said.

"Dad, no, I don't want you to die, my mother is gone...I can't live without you." Xu Rong'er said in tears all of a sudden.

After hearing his daughter say this, Xu Fan, the thunderbolt hand, smiled bitterly and said, "Stupid daughter, don't worry, Dad is just talking about it. It will be fine if Dad is so strong."

After Xu Fan, the thunderbolt in front of him, said that, Xu Ronger stopped talking.

She knew that her father's words just now were to comfort her. She was not stupid, and she was quite smart. She could see the tension on his face and the sometimes scared gaze in his pupils. It was Xu Rong'er. A look of fear that I have never seen before.

What about Xu Fan, the thunderbolt player of this meeting? He is indeed afraid, and his feared heart is almost too much to bear. He is not afraid of his own death, he is afraid that his daughter will die!

Because only he knew in his heart how cruel and inhumane that **** perverted monster was. As long as he was his enemy, he would definitely be alive and well.

Looking at the passing clouds and scenery outside the car window, the thunderbolt hand Xu Fan muttered with a pale face, "I hope I can escape this disaster this time..."

Chapter 1447: The **** gate

Necropolis.

One of the dark caves of **** gate.

I saw the Necropolis at this moment, and saw two gray figures leaping out of the deserted mounds of the Necropolis like lightning.

But seeing the two silhouettes rushing towards the Necropolis at this moment.

When they reached the magnificent Big Shimen in the Necropolis, the two figures stopped.

One of them is a tall and thin old man with a sallow complexion and a pair of triangular eyes with a fierce look. The other is a dark-skinned man with a mole on his face and two skulls in both hands. Steel fork.

After the two of them came to the front of the stone gate of the Necropolis, they saw the dark-skinned man, first looked at the deserted surroundings, and then slowly reached out his hand and gently buckled the stone gate, banging A bang came in.

After the sound of knocking on the stone door entered, the stone door suddenly clicked, then rumbled from the middle, and then there was a gap just enough for people to get in.

After the stone gate of the Necropolis was opened like this, the two people in front of them walked in.

After walking into the Necropolis, I saw indifferent people wearing black robes standing on the left and right sides of the Necropolis. Those characters covered the entire body with black robes, looking mysterious and cold...

"Where is the master?" The tall and thin old man walked over and asked one of the men in black robes.

"In the Forbidden Palace!" said the man wearing black fear coldly, his voice without any emotion, like a zombie.

After the black-robed man said these words, the thin and tall old man and the dark-skinned man in front of him didn't ask too much questions, and walked step by step towards the innermost place.

Passing through a few cold stone houses, I saw two ugly women guarding the door of the closed stone house in front.

These women are by the master's side: slaves!

In the past, when the masters of the **** gate gave orders, they were usually conveyed from their mouths, and even the antidote that controlled those masters was dismantled by these ugly slaves, so don't look at these two The woman's face is extremely ugly, but her identity here is extremely big.

This would only see the lanky old man and the dark-skinned man walking here, then respectfully asked, "Ruan Zixiong, the black boy, I want to ask to see the master."

After the two people reported their identities, they saw two ugly women in black robes standing on the left side of the stone house. They glanced coldly at the two people in front of them and suddenly said, "Urgent,?"

"Yes." Ruan Zixiong said, the thin and tall old man.

"Wait." The ugly woman said two words.

Ruan Zixiong and the black boy next to him immediately lowered their heads and stood there, waiting.

I saw that the woman in the black robe slowly turned and walked slowly towards the stone house in front.

When Ruan Zixiong and the black boy next to him waited for nearly 34 minutes, the woman walked out of the stone house slowly.

"The master let you in." said the ugly woman.

Ruan Zixiong and the black boy gave a thank you after hearing this woman say so, and then arched their bodies slowly towards the stone house.

I walked into the stone house in front of me, but saw that the light in the stone house was low and dim, but the space was huge.

I saw a huge semi-circular stone pier at the very front, and a man sat on the stone pier. The man closed his eyes slightly and folded his hands on his chest, as if he was practicing a unique one. effort.....

He is the master of the gate of hell, that mysterious master.

At this moment, after Ruan Zixiong and the black boy in front of him walked in extremely lightly, the master lowered his hands slightly from his chest, and then he gently exhaled a white gas from his mouth...

Those eye-catching game eyes burst open at this moment.

"Master." At the moment when the master opened his eyes, Ruan Zixiong, who stood humbly and humbly, yelled together with the black boy.

The master glanced at Ruan Zixiong and Heizi in front of him slightly, and slowly asked, "How is the old demon Yin and Yang?"

After he asked, Ruan Zixiong and Hei Zai replied: "Return to the master, the old Yin and Yang demon has killed Yuwen, the Ouyang family, and killed the underground tycoon Crown Prince of Jincheng and the white boss of Huaihai. ."

After hearing a series of cruel killings by the old yin and yang demon, a cruel and terrifying smile appeared on the corner of the owner's mouth.

"good very good."

"It seems that I was completely right to let this monster out of the magic cave." He said with a slight smile.

"Now?" The master of Hell Gate suddenly looked at the two and asked.

He only listened to the black boy lowering his head and replied: "Now that demon is going to kill the last enemy of the year, it is Xu Fan, the thunderboltman of Mengcheng..."

"Oh." After hearing his subordinates say so, the master of the **** sect responded slightly.

"It seems that the Ouyang family and the Yuwen family are also vulnerable." Just listen to the **** gate master said.

"There is something we have to report to the master." Suddenly, Ruan Zixiong said with a waxy face and bowed his head.

Upon hearing this, the master of the gate of **** asked, "Let's talk, what's the matter?"

"The old yin and yang demon once met our traitor Long Yin at the gate of **** before attacking the Ouyang family." When Ruan Zixiong said something like this, the master of the gate of **** suddenly turned his face like winter weather, cold And choking.

"He met the traitor Long Yin?" The **** gate master suddenly asked coldly.

"Yes." Ruan Zixiong lowered his head and said.

"And then?" The master of the gate of **** suddenly asked with a cold face.

Just listen to that Ruan Zixiong said: "Because the subordinates are afraid that the two will find their whereabouts, so they dare not get too close to the two of them, so they can't hear the content of their conversation clearly, but the two of them have a long conversation. More than half an hour."

"The old demon of Yin and Yang actually talked to our traitor Long Yin for half an hour?" When the master of the **** gate heard this, his face suddenly became extremely ugly.

"Yes." Ruan Zixiong said.

After Ruan Zixiong nodded and said yes, the master of the **** gate frowned slightly, and then slowly walked around in the room.

"Long Yin... Long Yin... I didn't expect this extremely treacherous guy to do such a thing. It seems that I did underestimate this person before." The master of Hell Gate said slightly.

Chapter 1448: Go to Mengcheng

"What about the last? In the end, what did the traitor Long Yin do?" The master of Hell Gate turned his head slightly and continued to look at the lanky old man Ruan Zixiong and asked.

Ruan Zixiong replied: "Later, after Na Long Yin and the old Yin and Yang demon talked for half an hour, the two began to go to the Ouyang family together."

When the master of the gate of **** heard what his subordinates said, he suddenly smiled coldly:

"Then do you mean that the demise of the Ouyang family was done by Long Yin and the old yin and yang demon?"

"Yes Master."

"The Ouyang family was killed by Long Yin and the old Yin and Yang demon together." Ruan Zixiong said in front of him.

"Because the son of the evil god, Duguxie and the ghost servants came to help the Ouyang family, it was indeed difficult for the old Yin and Yang demon to destroy the Ouyang family by himself. In the end, the two of them joined forces." Ruan Zixiong Continue.

"What? You said that the evil species and Duguxie also went to the Ouyang family?" The master of Hell Gate suddenly said coldly.

"Yes." Ruan Zixiong said.

"Haha, I didn't expect the Ouyang family to be so lively this time, and even the kid surnamed Li and Duguxie rushed there." The master of the gate of **** said gloomily.

"Tell me, what's the ending? What's the final ending?" Just listen to the **** gate master in front of you suddenly asking.

Just listen to Ruan Zixiong's words, "In the end, the traitor Long Yin and the kid surnamed Li died together."

"What? What did you say? You said that the evil god's son and the traitor Long Yin died together?" The **** gate master in front of him suddenly said in an unbelievable way.

Ruan Zixiong said, "Yes, master."

"The boy I saw with my own eyes finally hugged Long Yin at the very end of his life, and then dived into the sea of fire together." Ruan Zixiong said.

At the moment when he heard that Li Tian and the traitor Long Yin had died together, the master of the gate of **** did not mention how happy he was.

One was Li Tian, who he had always wanted to kill, and the other was a traitor from his **** gate. Now they are all dead and buried in the sea of fire. How could this not make him happy.

With a loud cry, the word "good" came out from the master of the gate of hell.

The sound broke through Kyushu, echoing for a long time in the entire icy grotto.

"It's great, I never thought that the two people I always wanted to kill would die together, haha, it seems God really helped me." The **** gate master in front of me said domineeringly.

"What about the old Yin and Yang demon? Did he kill the characters like Duguxie and the ghost servant?" The **** gate master suddenly asked again.

As if the master of the gate of **** wished Li Tian and all his brothers died.

Just listen to that Ruan Zixiong said: "Old Yin and Yang wounded Duguxie, the ghost servant and others, but did not kill them in the end. Old Demon Yin and Yang did not know when he left, and even his subordinates did not see it."

"Oh." Upon hearing the words of his subordinates, the master of the gate of **** responded softly.

"But the kid surnamed Li, and the damned traitor Long Yin finally died," the master of Hell Gate sneered.

"Yes." Ruan Zixiong said.

"Great, it's finally over but there is a big deal in my heart." The master of the gate of **** in front of me said there.

"Now except him, no one in the whole world dares to fight me, haha." The sound of wild laughter echoed in the whole stone house for a long time, and the master of the gate of ***** laughed like a tyrant sitting on the throne of a king. .

Binjiang City, North China Field Army.

The brothers now basically know about the Thunderboltman Xu Fan in Mengcheng, and even know that the next target that the old demon of Yin and Yang will deal with is the Thunderboltman Xu Fan.

So they are now going to Mengcheng, and then they are going to wait for the yin and yang old demon in Mengcheng, and then fight to the death with him.

The brothers had already made a mortal determination at the moment Li Tian "died". Even if they died, they would avenge Li Tian and kill the old yin and yang demon.

So they told the old Commander Namu what they thought.

After hearing their thoughts, Commander Mu did not approve of such a demise at first, but the brothers were full of blood and wanted to avenge Li Tian, so the last Commander Mu agreed.

He also hated, hated the ***** persecutors of Li Tian, hated the wicked people who took the life of his grandson.

So after Commander Mu agreed, the brothers decided to set off to Mengcheng the next morning, and then the Xu family in Mengcheng waited for the yin and yang old demon.

Time passed by every minute, and when it was still dark the next day, Tang Xiaolong followed his brothers and got up early.

They couldn't hold back the burning hatred in their hearts, so they couldn't wait to reach the city of Meng right now, and then fight to the death with the old yin and yang demon.

After they got up, they simply cleaned up, so they waited anxiously for the dawn in their hearts. As soon as it dawned, they set off and set off for the city of Meng.

Finally, in the anxious wait, the sky slowly lit up.

Wang Zhen, the brigade commander of the 38th Army, has prepared vehicles for the brothers, a total of two military Hummers.

After the brothers arrived, they said thank you to the brigade commander Wang Zhen, and jumped into the car. Wang Zhen patted the brothers on the shoulder and said slightly, "Avenge Li Tian for me... Hey, I once owed your elder brother a life... It's a pity that the army has orders and I can't avenge him personally."

Listening to what Wang Zhen said, the brothers said: "Don't worry, we will definitely help you make a knife to that demon."

As they said, they took a deep hatred and jumped onto the two off-road Hummers in front of them.

After Duguxie and all the brothers all jumped into the car, they were about to leave. At this moment, they saw a tall and burly figure walking towards this side.

"Wait..." After his indifferent voice came, the figure of Opteron appeared in the eyes of the brothers.

Opteron, is he here?

Isn't he by the side of Commander Mu?

When he saw Opteron walking in vigorous steps, the brothers in front of him frowned slightly and looked at him.

"Why are you here?" Just listen to Tang Xiaolong asking there.

But seeing Wang Xiaolong glanced at Tang Xiaolong, then glanced at the other brothers, and then without a word, he jumped straight into the off-road vehicle in front of him.

"I told the Commander-in-Chief, I will go with you."

"revenge!"

Simple and direct words came out of the white dragon's mouth. The man who had never had the slightest expression on his face always spoke so simply and directly, but his affection was so true.

Chapter 1449: Xu Fan is here

After Opteron jumped into the car, the brothers were ready to leave.

They are going to the city of Meng, ready to deal with the old yin and yang demon.

Tang Xiaolong was already sitting in the driving seat, ready to set off at any time, and the brothers behind were all ready to go to Mengcheng.

As the car slowly started, then the car began to turn slowly to leave.

Just when the brothers decided to leave immediately, suddenly only a soldier rushed over there.

"Brigade Commander Wang, wait...wait." The soldier ran over quickly and shouted while beckoning there.

After his shouting, Brigadier Wang Zhen turned his head slowly and saw the soldier. At this moment, he not only frowned slightly, he shouted, "What's the matter?"

"Brigadier Wang, there is someone from Mengcheng."

"Mengcheng is here." The words came out from the soldier's mouth.

When he heard "Mengcheng is coming," Wang Zhen couldn't help being stunned.

Then he hurried to the car of the brothers who were ready to leave.

"Wait..." When Brigadier Wang Zhen waved to the brothers and called "Wait", Tang Xiaolong slowly stepped on the brakes, and the car stopped there with a hiss.

As the car stopped, Tang Xiaolong and his brothers couldn't help but stuff their heads out of the car window, and said in doubt: "Brigadier Wang, what's the matter?"

After Tang Xiaolong and the others asked, they only heard Wang Zhen hurriedly said: "Mengcheng has come."

After hearing the words of Brigadier Wang Zhen, the brothers couldn't help being stunned.

"Mengcheng is here? What do you mean? Who is here? Could it be..."

Just when the brothers were puzzled, the soldier ran over quickly, panting.

"Who's here? Who's here in Mengcheng?" I saw my brothers opening the car door and asking in confusion.

After they asked, they just listened to the soldier who said: "He is a man who claims to be Xu."

"The commander-in-chief therefore asked me to come and find you." said the soldier.

Mengcheng's surname Xu?

After hearing the words of the soldiers, the brothers who were already in the car were all stunned.

Xu Fan? Pili hand Xu Fan, this is a name that everyone thought of together!

"he came?"

"No way, why did that man named Xu come here?"

"Yes." At this moment, they were wondering when they saw Tang Xiaolong and Chen Qiaozhi there.

"Are you sure that the man from Mengcheng is Xu?" The brothers who saw this meeting were all there looking at the soldier and asked.

Just listen to the soldier saying: "It's Xu, who came this morning when it was light, and it's in the place now."

After the soldier said so, the brothers quickly jumped out of the car.

Everyone will look at me and I will look at you. Everyone has a suspicious look on their faces. They don't know if the man is Xu Fan, the thunderbolt... But how could it be so coincidental? Is there a man named Xu coming from Mengcheng? Is it really Xu Fan, the thunderbolt?

"Let's go, let's go and see." The Duguxie who was talking then led the brothers now and quickly followed the soldier to the front place.

Ouyang Zhengtian and Tang Xiaolong also hurriedly followed right now.

When they arrived at the command post inside, they found a black domineering Land Rover car parked there, and one of them was standing motionless beside the car.

When the flat-headed man saw his brothers rushing over, he not only glanced at him, but the brothers also saw him at this time.

"This should be someone from Mengcheng..."

"Well, it should be."

I saw that the soldier next to him said, "The man who claims to be Xu is in the place inside."

The brothers glanced at the barracks in front, and then quickly walked over, they wanted to see if the person here was really the guy named Xu Fan the Thunderbolt.

When they walked in, they really saw a man in a suit sitting beside him. Next to him was a delicate and beautiful girl, who seemed to be his daughter, looking curiously at the North China Field Army Barracks.

Let's say that this man is wearing a gray suit, and the overall attire gives people a sense of grace and luxury. He is sitting there at the moment. When he sees Duguxie and the brothers coming in, he

quickly stands from his seat. When she got up, the beautiful and beautiful girl next to her saw her father suddenly stood up on the seat. At this moment, she also quickly stood up, blinking a pair of bright beautiful eyes at the brothers who looked in front of her.

"Xu Fan? Is it really you?" I saw that Ouyang Zhengtian saw Xu Fan at the moment he walked in, and cried out in surprise.

When my brothers heard that this person was really the thunderbolt Xu Fan, they couldn't help being stunned for a while, and they were all in the unstoppable shadow: How did this Xu Fan get here!!!

"Patriarch Ouyang!" At this moment, Xu Fan also saw Ouyang Zhengtian running over there with excitement, and suddenly held Ouyang Zhengtian's hand tightly.

"Long time no see, long time no see." Xu Fan said with emotion there.

They hadn't seen each other for so many years, but they all became almost unrecognizable.

But when Xu Fan, the thunderbolt player who saw this meeting, really appeared here, all the brothers were shocked, because no one expected Xu Fan to come here.

Ouyang Zhengtian, who only listened to this meeting, looked at Xu Fan curiously and asked, "Why are you here?"

After Ouyang Zhengtian asked, Xu Fan, the thunderbolt hand, turned pale.

"Patriarch Ouyang, you should know that I heard the unfortunate thing about the Yuwen family a few days ago, and about your Ouyang family... Hey, to be honest, I knew from that time that something bad might happen, yes. Isn't that demon born?" Xu Fan in front of him asked while looking at Ouyang Zhengtian.

Hearing the news that Xu Fan had already guessed that the "Yin-Yang Old Demon" was resurrected and had revenge, Ouyang Zhengtian was still quite surprised.

At this moment, a face suddenly became ugly: "Hey, you guessed it right, that demon has indeed come back to life."

"To be honest, we were going to Mengcheng, where we were going to deal with the demon, but we didn't expect you to find it here." Ouyang Zhengtian said there.

Hearing what Ouyang Zhengtian said, Xu Fan sighed deeply and said: "I heard that the crown prince and Boss Bai have been killed...now I am alone."

"If I don't leave Mengcheng, I...my daughter...will definitely die." Xu Fan said.

Chapter 1450: Northwest Overlord

"What you said is correct, the old demon of Yin and Yang is here for revenge." Ouyang Zhengtian said with deep hatred there.

Then Ouyang Zhengtian looked at the thunderbolt Xu Fan very curiously: "Then why did you come here? How do you know we are here?"

Xu Fan said: "To be honest, I actually don't know. I heard that your Ouyang family had an accident a few days ago... Then I asked about your family's traces around, and then I heard that you were here, so I rushed in time. Come to meet you,"

"I hope to deal with that terrible demon with you," Xu Fan, the thunderbolt hand in front of him, said there.

When the brothers heard that Xu Fan preached that they wanted to deal with the old yin and yang demon with them, they only heard Tang Xiaolong yelling on the side: "Okay..."

"Everyone join forces to deal with that demon!"

When the voice came out, Xu Fan, the thunderbolt hand, looked at Tang Xiaolong and the people in front of him.

Of course he is not very familiar with Tang Xiaolong and Duguxie. He blinked at them and said, "These are..."

"These are people who hate the demon, and their strength is much stronger than us." Ouyang Zhengtian said.

The thunderbolt hand Xu Fan said "Oh" in his mouth, then looked at the brothers with a pair of eyes, thought about it, and said: "I heard that there is a young man named Li Tian among you...very amazing... ..To be honest, I admire him in my heart, I don't know which one is?"

When Xu Fan's words were suddenly uttered, the faces of the brothers suddenly became sad.

At the same time, Ouyang Zhengtian's face suddenly changed at this moment.

Xu Fan, the thunderbolt hand, is a wise man. At this moment, when he saw the grief on the faces of his brothers, and that Ouyang Zhengtian showed a strange expression, he suddenly realized that something bad had happened.

At the moment, Ouyang Zhengtian asked, "Patriarch Ouyang, what's wrong?"

Ouyang Zhengtian sighed sadly.

"It's because our family is not good...it hurt him..."

"Li Tian... Li Tian wanted to save our family... He sacrificed." When talking about Li Tian's sacrifice, Xu Fan, the thunderbolt hand, was stunned.

Muttering in his mouth, he said: Unexpectedly he...he actually died.

The brothers over there were extremely sad when they mentioned Li Tian's affairs. At this moment, all of them bowed their heads and did not speak, and their grief was silent on everyone's face.

"Although our elder brother is dead, he lives forever in our brother's heart. As long as we live, we will definitely avenge our elder brother and kill the demon by himself." Xue Wuhen in front of him was suddenly red there. Said the eyes.

Following Xue Wuhen's words, Tang Xiaolong in front of him also clenched his fist tightly at the moment, echoing and saying: "Yes! Revenge, you must kill that bastard."

alliance.

Now the brothers have begun to form an alliance with Thunderbolt Xu Fan and the Ouyang family for revenge.

Although the Ouyang family is now completely destroyed, at least the prestige of the Ouyang family is still there, so as long as Ouyang Zhengtian contacts his former friends, as well as those on the road, many people should come to help.

And Xu Fan, the thunderbolt, was once a member of the rivers and lakes, and he has a lot of friends around him in business for so many years, so he is also ready to contact his friends who can help. In this case, there are many Human joined the "Vengeance Alliance" team.

In the past few days, a lot of people have come to the North China Field Military District.

Because the North China Field Military Region is related to the military, they Ouyang Zhengtian and the thunderbolt Xu Fan can only entertain them outside.

Judging from the current situation, there are already more than a dozen people who have come here. Among them are Dao friends known by the Ouyang family, such as Qiao Ba over there, and the people he brought with him.

This Qiao Banai is a local snake in Jinghai City, but his character is not bad.

Because I had heard the name of the old demon of Yin and Yang, and because he was taken care of by the Ouyang family when he was in Jinghai City, he would come to help.

At present, there are already many people who have come here to join the "Vengeance Alliance" team, waiting for revenge for Li Tian and revenge for other people in the arena.

Necropolis.

When Duguxie and Ouyang Zhengtian held a large number of conveners to prepare the alliance to deal with the yin and yang old demon, of course the news was learned early by the mysterious gate of hell.

In the Necropolis at this moment, the master of the gate of **** happens to be in the secret room. Inside the secret room is a rock wall with fast and powerful strength. On the rock wall are carved tadpole characters of dragon and phoenix. Obviously these tadpole characters are Li Tian. He carried the contents of the tadpoles in the Tianshu Dan scroll on his body, but after seeing the master of the **** gate frowning and looking at the tadpoles on the stone wall, he couldn't help sighing slightly, and then helpless. Shook his head.

He carried his hands on his back and walked out of the secret room in front of him step by step.

After leaving the secret room in front of him, he saw the dark black boy kneeling outside.

"Something?" Just listen to the **** gate master who is pacing over there asking.

I saw the black boy kneeling on the ground and said: "Tell my master that there is a lot of movement outside the rivers and lakes."

"What's going on?" The master of the gate of **** asked curiously.

"It is said that the people from Duguxie and the Ouyang family are recruiting people from the world on a large scale. They seem to be dealing with the old yin and yang demon, as well as us." Hei Zai said there.

When the master of the gate of **** heard them say this, he suddenly burst into laughter.

"A bunch of mobs..."

"Except for Duguxie and ghost servants, the rest are all rubbish. What's to worry about." I just listened to the master of the **** gate sneered.

The black boy in front of him nodded and said: "The master said it was right."

"But as far as the staff understands, the Situ family in the northwest seems to be coming to the gate soon." Hei Zai said.

Situ family?

When the **** gate master in front of him heard the name of the Situ family, not only a slight sneer appeared at the corner of his mouth.

"Situ Xiong? Does that old man want to come here to join in the fun?" He only listened to the **** gate master in front of him with a sneer.

Situ Xiong, an overlord figure outside the Northwest Pass.

Of course, it is also the furthest family of the four major families, the Situ family.

In fact, among the four major families, the largest family is the Ouyang family, the darkest family is the destroyed Duanmu family, and the oldest family is the Yuwen family, but the family with the highest martial arts is the Situ family.
