

## A Killer 1461

Chapter 1461: Weird sword spirit

"Go, let's go in and take a look, I want to know what happened to the Ouyang family." After Patriarch Situ said so, he walked towards the Ouyang family with so many people.

But seeing the abnormal desolation of the entire Ouyang family, there is no one.

The entire tall building is still there, but it is empty.

Looking at the deserted Ouyang family, they all looked a little weird.

"Master, look over there?" After they entered the territory of the Ouyang family, suddenly Zhao Kuo pointed to the back of the Ouyang family and said.

But it was the old mansion of the Ouyang family.

It's just that the current old mansion has become a ruin... The entire old ancestral hall was also blown up, and even the old trees in the ancestral courtyard were completely withered by the fire.

When Patriarch Situ saw the old ancestral hall of the Ouyang family that had been blown up, he couldn't help but frowned slightly.

"The old ancestral hall of their family was actually destroyed..." Patriarch Situ suddenly muttered here.

He used to come to the Ouyang family's territory, so he knew that the last place in the Ouyang family was their family's old ancestral hall, but now that old ancestral hall is in ruins?

"In this way, the Ouyang family really suffered an unprecedented disaster this time." He muttered silently in that mouth in front of him.

"Master, what kind of person would be against the Ouyang family?" Zhao Kuo, who was beside him, asked suspiciously.

Patriarch Situ did not speak with an ugly face.

"Does it have something to do with the old monster Yin and Yang that has been uploaded recently?" Zhao Kuo continued.

Patriarch Situ said with a slight graciousness: "Don't make any conclusions..."

The Situ Patriarch who was talking now walked towards the ruined Ouyang Family Mansion.

After they walked over again, they saw the ruins of the old ancestral hall full of ruins and traces of burning fire.

Looking at everything in front of him, I saw the old man holding the knife behind Patriarch Situ. At this moment, he squatted slightly on one side, and his sharp eyes were looking at a deep sword mark on the ground.

"What a domineering swordsmanship!" A word came out of the old man's mouth holding the sword. As he spoke, he stretched out a thin hand and touched the narrow sword mark slightly.

After hearing the words of the old man holding the sword, Patriarch Situ walked over at this moment, glanced at the deep sword mark left on the ground, and said slightly in his mouth: "It seems that here There has indeed been a big battle."

"So, the Ouyang family is finished?"

"Is that old man Ouyang Wujiang really killed?" Zhao Kuo said while looking at everything around the deserted area with a pair of unbelievable eyes.

I saw that Patriarch Situ didn't speak, he just carried his hands on his back and looked at everything in front of him coldly.

The old man holding the knife behind him was closely following Patriarch Situ from beginning to end.

"Hey, I hope he hasn't died yet." Just listen to Patriarch Situ said in the end.

"Master, what shall we do now? Stay in Jinghai City? Or continue to search for Master Xuan?" Zhao Kuo said.

Patriarch Situ snorted in front of him: "Look, you must find that evil man."

Seeing that their master was angry, the people under him did not dare to speak.

Just as everyone in the Situ family was about to leave the old mansion, a cold wind suddenly rose in the old mansion.

"Sword Qi..." A loud shout came out of the mouth of the old man holding the sword.

Just as he shouted, the bright and sharp steel knife in his arms was tightly gripped in his right hand at once, and at the same time, the whole person held the knife like one in front of Patriarch Situ. Several bodyguards in black suits are also well-trained players... At this moment, they are looking around cautiously.

What about Patriarch Situ?

He also felt the fierce sword aura coming out of thin air...just at the location of the ruined old mansion.

At this moment, he had a cold face, his eyes staring at the ruins in front of him, like dragons.

How could such a terrifying sword spirit appear out of thin air in the abandoned old mansion?

"Who? Who is here?" Suddenly the old man with the knife roared, looking around coldly.

But the surroundings are extremely desolate, and there is no cover at all, no one!

Seeing that there was no one around, the old man with the knife turned pale.

He did feel the terrible sword aura just now, but why is there no one around... not only he feels weird at the moment, even Patriarch Situ also feels weird... because there is indeed no one here, but why suddenly appear out of thin air Where is the terrible sword spirit?

Just when they were wondering, suddenly there was a terrible sharp sword aura in the air at this moment... and the entire strange sharp sword aura shrouded the ruins of the old mansion of the Ouyang family.

"Master, that weird sword aura has appeared again..." The old man holding the knife looked more and more cautious, and the steel knife in his hand creaked as if he was about to release a knife at any time.

The true energy of the Patriarch Situ had already been accumulated in his palms, and he looked at the ruins of the old mansion of the Ouyang family coldly.

"Sword Qi seems to come from here." Patriarch Situ said coldly, and at the same time he pointed his finger at the ruins of the old mansion in front of him.

There is nothing in the ruins of the old mansion except some charred stones and broken walls... But why does the weird sword aura suddenly appear?

Including Patriarch Situ himself, and everyone around him was completely stunned at this moment, staring wide-eyed at the ruins of the old mansion of the Ouyang family, a gloomy wind suddenly blew on them and appeared Feeling cold, everyone feels a bit weird today...

"Master, there is something wrong here. I suggest that we should leave this place as soon as possible." The old man holding the knife said with a gloomy face, looking at the Situ Patriarch there.

The fierce and powerful sword aura just now made this old man with the knife in his arms feel unprecedented horror...

After he finished speaking, the Patriarch Situ also nodded immediately: "Withdraw!"

After he uttered a word, then they quickly left this "weird" place.

After all, a terrifying and weird sword aura suddenly spread from this barren ruin, which really makes people feel a little unbelievable. Moreover, the strength of the opponent's sword aura is definitely a master of the master... So at this moment, Patriarch Situ, in order to avoid trouble, can only Leave quickly

Chapter 1462: Continue to practice

But how could there be a domineering "sword spirit" in the ruins of this old mansion?

It's impossible for people to be nearby in such a barren ruin. What is going on?

Although there are no people on the ruins of this old mansion, it does not mean that there are no people under the ruins.

Yes, in the black hole under the ruins, there is a person practicing a peerless sword technique.

Li Tian.

The old man with the sword just now guessed that there was indeed a terrible sword aura out of thin air, but they never thought that the terrible sword aura came from under the ruins, so they could not find the "sword". The root of qi.

In the black hole, but seeing Li Tian was cultivating the epee tactic in the ten tactics sword aura.

"Wuji has no life, the universe is a sword..."

But seeing that the "stainless steel broadsword" in Li Tian's hand is elegant and free, at this moment, it does not look like a knife at all in Li Tian's right hand, but has become a sword, an extremely elegant light sword.

Sword moves are like clouds and flowing water, airtight, every move and every style is chic and sharp.

Li Tian, who has been practicing unremittingly in the black hole, has completely mastered the first layer of Ten Jue Sword Qi: Epee Jue.

His epee has been able to make it elegant and free, exactly as if holding a sharp sword in his hand.

At this moment, I saw Li Tian's move: Long Fei Jiu Tian! The "long sword" in his hand suddenly swung out and turned into a group of flood dragons. Then he saw Li Tian soaring into the air, the "long sword" slashed from the air, and the domineering sword aura pierced the cold stone wall. There was a click, but a very deep and deep sword mark appeared on the hard rock wall.

Looking at the "stainless steel broadsword" in his hand, Li Tian then looked at the deep traces on the stone wall... Li Tian suddenly became excited.

"I practiced the epee tactic!!!" An excited roar came out from Li Tian's mouth.

Li Tian has now practiced the Epee Sword Art of Ten Jue Sword Qi.

The next step he will start to practice: Wood Sword Jue.

Wooden Sword Jue: I searched for things at random and held them in his hands. After searching in the black hole for a long time, Li Tian found an ordinary stick.

In this way, the wooden stick in Li Tian's hand was used as a "sharp sword", and he began to practice the Wooden Sword Art.

This wooden sword tactic is much more difficult to cultivate than the heavy sword tactic. After all, this hand is just an ordinary wooden stick, and the weight is also extremely light, and it cannot be compared with an ordinary sharp sword.

In Li Tian's hands, how could Li Tian feel awkward, and at the same time, it was difficult for him to use this wooden stick to use his sword moves.

But the difficulty is difficult, Li Tian still has to persevere in practicing this wooden sword art.

Therefore, he can only continue his practice with the stick in his hand...

Although the sword is intended to work, everything in your hand can be used as a sword.

At first, when Li Tian cultivated this wooden sword art, he felt very difficult, but as he practiced more and more later, Li Tian relaxed a lot, and he was completely immersed in the vast and profound sword art.

The body shape is like clouds and flowing water, every move and every style can be called perfect.

At this moment, if his sword skills were seen by that evil sword Duguxie, he would definitely be shocked, because now Li Tian's sword skills must have slowly surpassed Duguxie.

But seeing that the ordinary wooden stick in Li Tian's hand was made by him, Li Tian suddenly yelled, and the wooden stick in his hand broke suddenly, and a powerful sword suddenly burst out of the broken wooden stick. gas.

Li Tian's eyes were shining, and he slowly put his hands away, and the majestic sword aura that enveloped him gradually began to converge.

Wooden sword tactic, Li Tian also practiced the wooden sword tactic!

I didn't expect Li Tian to practice so fast.

First is the heavy sword tactic, then the wooden sword tactic.

Originally, Li Tian thought he would spend a long time cultivating this Wooden Sword Art, but he didn't expect that he would save and comprehend the essence of the Wooden Sword Art so quickly. Of course he was overjoyed, and now he began to cultivate this Ten Art's Sword Qi. The last layer: No Jian Jue.

No sword in his hand, sword in his heart, free to send and receive, ten thousand swords return to the sect, this is the supreme essence of Wujian Jue.

With the Qi Slave Sword, how powerful is this required?

Li Tian looked at the last layer of Wujian Jue, with a little excitement in his heart, and began to practice with a hint of excitement.

His hands were empty...then he began to exercise his body's inner strength, and then all gathered in his palm.

Then he used his body energy to use the sword art, but when Li Tian waved the sword art with both hands, he didn't burst out with sword energy at all. This made Li Tian very depressed. It seems that this swordless rank is indeed the most difficult to practice. One layer.

But no matter what, Li Tian must practice the fourth level of this Maha Wuliang: Ten Jue Sword Qi, because only in this way, his skill will be greatly improved. Once that time, he will of course be able to deal with the Yin and Yang. Boss, and the biggest villain, Long Yin.

After the members of the Situ family "visited" the ruins of the Ouyang family, everyone was puzzled and suspicious.

Although they are far in the northwest, they still know about the dynamics of the rivers and lakes, including the news that the old yin and yang demon was born a few decades ago, but they did not know that the old yin and yang demon slaughtered the Ouyang family. Things.

After all, such a horrible thing will not be rumored in the arena, and the people who knew that the Ouyang family was killed are only a small number, but the people who participated in the incident...The rest of the rivers and lakes only know about the death of the Ouyang family, but as for who was it Under the Ouyang family? They don't actually know.

The current Situ family temporarily stayed in Jinghai City after seeing the Ouyang family reduced to a ruin. They stayed in a five-star hotel. The name of the hotel was: Hilton, a business in Malaysia and South Korea. A big hotel opened by people in partnership.

In the luxurious hotel, I saw the master of the Situ family, Situ Xiong was sitting quietly on a leather sofa, in front of him was a bottle of self-produced in the Northwest region: fire wine!

This hot wine, as the name suggests, is unusually strong.

People in the Northwest like to drink, and prefer to drink strong alcohol, but even those who can drink more can only drink as much as 45 taels of fire wine. If you drink more, you will be burned. This can be imagined. The strength of the wine.

But seeing Situ Xiong at this moment took the glass of fire wine in front of him and drank it all in one, the pungent fire wine poured directly into the stomach from his mouth, and there was a burning sensation.

"Zhao Kuo, you go to the people in the rivers and lakes to find out, and ask what happened to the Ouyang family... Who on earth is the murderer of the Ouyang family!" Situ Xiong suddenly said to Zhao Kuo, who was under the hand.

Zhao Kuo nodded and said, "Okay, master, the subordinates will do it."

Situ Xiong let out an "En" in his mouth, and then walked quickly outside.

Chapter 1463: Brother and sister

After Zhao Kuo left, this Situ Xiong sat quietly on the sofa, his face slightly wrinkled as if thinking about something in his heart. .

Standing next to him was the skinny old man holding a knife, who was always beside Situ Xiong from beginning to end.

"Old Deng, what do you think of the weird sword aura that suddenly appeared in the ruins of the Ouyang family just now?" Situ Xiong suddenly looked at the old man holding the knife and said.

The old man holding the knife seems to be extremely distinguished. Although he has a master-servant relationship with Situ Xiong, it can still be seen from the eyes of his subordinates that this old man holding the knife is a figure with a solid background.

But seeing this skinny old man who would be called "Old Deng" heard Situ Xiong's question, he said in his mouth: "Return to the master, that weird sword spirit is fierce and domineering... definitely not a general generation."

"From your point of view, do you also think that there are experts hidden in the ruins of the Ouyang family?" Situ Xiong continued to ask.

Mr. Deng nodded silently there, "En."

"It's just that I can't figure out where that person is hiding." Old Deng Zai who was holding a knife said there.

"Do you think the opponent is an enemy or a friend? Why does he appear there?" Situ Xiong asked.

Old Deng's sharp eyes blinked twice, and he shook his head slightly: "This old man hasn't figured it out yet..."

After hearing Deng Lao's analysis, Situ Xiong closed his eyes slightly and stopped asking questions.

The big luxurious room was very quiet and quiet, and the old Deng who was holding the steel knife stood motionless, standing beside Situ Xiong.

"I haven't been in the pass for many years... I didn't think that talented people will come out in this pass." Situ Xiong suddenly sneered in his mouth with closed eyes.

"Master, do we have to take a trip to the muddy water of the Ouyang family this time?" Deng Lao Zai asked suddenly.

Situ Xiong said, "Then what do you mean...?"

"According to the old age, a character who can wipe out a family as big as the Ouyang family is definitely an extremely powerful character... Although we had friendships with the four major families back then, the times have changed. After all, so many years have passed. It must be an adventure for the Ouyang family...not to mention the master, this is not our territory, and we are here only to find Master Xuan. For other things, we can open one eye and close one eye." Say it there.

After Deng Lao said so, Situ Xiong in front of him was silent and did not speak.

After a long time, Situ Xiong slowly said, "You are right..."

"Several major events that have happened recently in the gate must have been done by very powerful characters...If we rashly come forward, we will definitely shoot the first shot."

"I think it's better to follow your suggestion, find the evil seed first... For other things, don't ask too much." Situ Xiong before him finally decided to say.

The old man holding the knife nodded slightly and said, "Okay."

"Master, is the rumor about Young Master Xuan true or false? Did Young Master Xuan really join the mysterious and weird organization Hell Gate decades ago?" When Mr. Deng mentioned the three words Hell Gate, he was also full of face. Slightly changed.

When Situ Xiong heard about his son, his face instantly turned gloomy and ugly.

"Unfilial filial son... Regardless of what \*\*\*\* organization he joins, I Situ Xiong must personally bring this \*\*\*\* evil son back this time." Situ Xiong said angrily.

When the old man holding the knife in front of him heard that Situ Xiong roared like this, he could only shut his mouth and stop talking.

"Pass on my words and notify our other contacts in the pass...Tell them that you must find the whereabouts of the evildoer at all costs...No matter how much manpower and material resources are spent, I will find the evildoer." Situ Xiong finally ordered.

The old man holding the knife nodded and said: "Yes." After that, he quickly retreated.

There is an ordinary hotel near the Central Avenue in Jinghai City.

And the people living in this ordinary hotel happened to be the ecstasy, and the two brothers and sisters Situ Ningbing who had been extremely sad for these past two days.

After two days of careful dissuasion from the ecstasy, Situ Ningbing's mood improved slightly, but as long as Li Tian's name was mentioned, Situ Ningbing was still so sad and sad.

Now she is just trying to keep herself busy and try not to think about "him".

Inside the hotel, I saw a person standing by the glass window with a pair of eyes looking out of the window.

"Ningbing, what are your plans next?" Ecstasy suddenly turned to look at his own sister and said.

"Get revenge, revenge for him." Situ Ningbing said.

She lowered her head, just sorting things out there, her pretty face was less smile, less bloody, pale and sad.

Hearing Situ Ningbing's words, Ecstasy turned his head and looked at her.

"But, that demon yin and yang person is too powerful... you are not his opponent at all, you go, you only have to die. If you do this, it will only hurt yourself." Ecstasy persuaded there.

But what about Situ Ningbing? But the corner of his mouth sneered: "Even if I die, I will avenge him."

"Besides, from the moment he died, I don't want to live alone in this world anymore." Situ Ningbing said sadly.

"Stupid girl, why are you doing this?" Ecstasy asked.

But seeing Situ Ningbing looking at the Ecstasy, said: "Brother, you know, I can't live without him..."

"So I must avenge him." She bit her lip tightly and said.

"Hey... Since you want to take revenge, then I will accompany you." Ecstasy said helplessly.

How could he rest assured that his own sister would seek revenge from the old Yin and Yang demon?

"Brother, you don't have to go with me..." Situ Ningbing turned her beautiful eyes to look at her brother.

But seeing the ecstasy said: "Do you think I will watch my sister go to death?"

"But elder brother..." Situ Ningbing wanted to say something, but saw that the ecstasy suddenly stretched out a hand to stop her.

"Don't say anything, that's all about it."

"Since you want to take revenge, then I'll accompany you..." Ecstasy said there finally made up his mind.

Situ Ningbing looked at his elder brother, feeling moved and guilt complicated in his heart.

"Ningbing, you stay in the hotel first... Brother go down to buy some food... After we finish eating, let's set out and look for the old yin and yang demon to get revenge." Just listen to the ecstasy.

After the Ecstasy said so, Situ Ningbing nodded slightly and said, "Well..."

So the ecstasy went downstairs and went to buy food outside the hotel.

Chapter 1464: See Zhao Kuo

After getting to the bottom of the hotel, Ecstasy started looking for fast food and restaurants nearby.

Right in front of you is Central Avenue, there are shopping malls and consumer areas everywhere, and you must go to Central Avenue to find a place to eat.

So the Ecstasy went straight to the place, but after seeing the Ecstasy had crossed the Central Avenue, he saw a fast food place at the intersection in front of him. He walked in and ordered two fast foods. After that, he was ready to leave.

When he was carrying fast food in his hand to go back to the hotel, he suddenly glanced at him. At this moment, he caught a glimpse of a few men in black suits who had just walked out of the "Hilton" hotel in front of him. The man in the suit happened to be Zhao Kuo from the Situ family.

When I suddenly saw that it was a member of the Situ family, the ecstasy in front of me was stunned. The whole person was completely stunned and looked at Zhao Kuo and a few people in black suits in disbelief. !

"Oh my God... Zhao Kuo..."

"Why did they get here?" The shocked words suddenly came out of the ecstasy.

He was completely stunned!

You must know that the ecstasy was originally the eldest master of the Situ family, his real name was Situ Xuan!

At this moment, when he saw his family members entering and exiting Jinghai City, the ecstasy in front of him quickly found a place to hide, staring at the situation ahead with eyes full of disbelief.

I saw Zhao Kuo over there with a few members of the Situ family. It seemed that something was going on. At this moment, after leaving the Hilton Hotel, he went straight to the two Mercedes-Benz cars parked at the door. Then the car started and they drove. To the distance. ,

Watching Zhao Kuo and his family members leave, the ecstasy in front of him was completely speechless.

How could your family suddenly come to Jinghai City?

Haven't they been in the Northwest? How come here?

I haven't contacted the family for so many years... Why do they suddenly appear now?

And Zhao Kuo actually came here. Zhao Kuo used to be the deadlock and strategist of his father Situ Xiong. In the past, Situ Xiong would carry Zhao Kuo wherever he went, but now Zhao Kuo is here. Could it be that it's his own Father... also came here?

After thinking about this suddenly in his mind, the ecstasy made his whole body suddenly shake violently, and the eyes were filled with a strange feeling.

Then after looking at the Hilton Hotel in front of him, he hurried to the hotel where he was staying.

Situ Ningbing was waiting for her brother in the hotel. After he hadn't eaten anything, they were going to find the yin and yang man who killed Li Tian. She must avenge the blood for Li Tian.

While this Situ Ningbing was quietly waiting for his brother in the room, suddenly the door of the room slammed and violently pushed open.

Situ Ningbing was taken aback, reacted extremely quickly and touched the "death silk" he hid in his sleeve, and then coldly shouted, "Who?"

The moment she turned around, she saw that the person who came in was her brother, the ecstasy.

"It's me." Ecstasy walked in with a nervous face, and at the same time quickly put the fast food in his hand on the table, while the face was pale and ugly.

When Situ Ningbing saw his brother, he went out. When he came back with this weird expression, he couldn't help but startled slightly: "Brother, what's the matter?" Situ Ningbing looked at the ecstasy in doubt and asked. .

But seeing Ecstasy's eyes were full of disbelief, and that face was also extremely ugly, he suddenly grabbed a glass of ice water next to him, then drank it, grunting.

After the ecstasy drank the glass of ice water into his stomach so nervously, he began to gasp violently.

Looking at such a weird change of Ecstasy, Situ Ningbing quickly walked to his side.

"Brother, what's the matter? What's going on, why is your face so ugly?" Situ Ningbing asked the ecstasy who looked in front of him with a puzzled face.

But seeing that ecstasy made a few deep breaths at this time, and then those nervous eyes looked at Situ Ningbing in front of him.

"Ningbing...Do you know who I saw when I went out just now?" He said in shock.

Looking at his elder brother's weird expression, Situ Ningbing's face was full of surprise, and the ecstasy who was looking in front of him asked, "Who? Who did you see?"

Just listen to the ecstasy looking out the glass window with complicated eyes, and muttered: "I...I saw... our family members."

A word was said from the mouth of the ecstasy.

When the ecstasy said this all of a sudden, Situ Ningbing in front of him suddenly froze there.

"Brother...what did you say?"

Just listen to the ecstasy saying: "Our family members are here... they are in Jinghai City."

"Brother, don't be kidding... How could it be... Our family members are so far away from Jinghai City... How could they come here?" Situ Ningbing said in disbelief.

"Really, what I said is true."

"Zhao Kuo, do you still have an impression of Zhao Kuo? It's the driver who used to hold you all day when you were young... Zhao Kuo who drove his father." The ecstasy in front of him suddenly said. .

When the ecstasy said this all of a sudden, Situ Ningbing in front of him suddenly froze.

Zhao Kuo?

Zhao Kuo?

Uncle Zhao! Suddenly a strange name came out of Situ Ningbing's mind.

In her mind, she also suddenly recalled the optimistic man who often teased herself when she was very young, and often drove for her father...Uncle Zhao.

Could it be him?

The memories of childhood reappeared in Situ Ningbing's mind, and Situ Ningbing recalled it all at once.

"I remember... I remember! It was Uncle Zhao who liked to bring me a lot of candies since I was a child." Situ Ningbing said excitedly.

"Yes, it's him, it's him." Ecstasy said when he saw Situ Ningbing recalling it.

"Ningbing, do you know? My brother saw him just now...he actually appeared in front of the hotel entrance." The ecstasy in front of him said.

Listening to what his brother said, Situ Ningbing was stunned, blinking a pair of unbelievable beautiful eyes... staying there.

"Our family members are here? They came to Jinghai City...what are they doing here?" Suddenly Situ Ningbing asked suspiciously.

The Ecstasy shook his head and said, "I don't know now..."

Chapter 1465: Tragedy

"Oh my God, do you mean our Situ family really came to Jinghai City?" Situ Ningbing said, looking at her brother in shock.

The ecstasy nodded silently, with a complex expression, and remained silent.

Situ Ningbing was also silent, with a strange expression.

The two siblings each have their own stories, and both of them are thinking about their own minds at this moment.

Ecstasy, Situ Xiong's biological son who was once the most important in the Situ family, but committed the most heinous crime.

Ecstasy fell in love with a woman back then, but his father Situ Xiong didn't know. In the days that followed, by accident, the woman finally married his biological father Situ Xiong, but because of Ecstasy deeply She fell in love with that woman, and later met with his "stepmother" at night, but he did not expect to be seen by his father Situ Xiong. This moment Situ Xiong collapsed. How could he believe what he saw with his eyes? One is his own son, and the other is his wife who just married... But in the middle of the night, "dating", Situ Xiong, who was angry, slapped his woman to death... and almost ecstasy. He was beaten to death alive. Later, because of the plea of many members of the family, he was temporarily imprisoned. However, Situ Xiong was born with a fierce temper. The family had such a shameful and humiliating thing that corrupted the morals and the style of the family. He was determined to kill himself. Death of his son, no matter who it was to plead, it didn't work, so Situ Xiong decided to kill his son, but the night before the killing, a masked man suddenly came and let the ecstasy away. From then on, the Ecstasy began to wander the world, and never returned to his own family ever since, and then the Ecstasy entered the gate of \*\*\*\* by accident.

What about Situ Ningbing?

Not to mention the story of Situ Ningbing. She was kidnapped by the killer organization since she was a child. She lost her father and all her family since she was a child. When she finally returned to China alive, she found that her family was already alive. Regarding herself as a dead person... As a little girl who died when she was 5 years old, when Situ Ningbing saw her spiritual position in the middle of her family in the dark night, she determined that she would never return in this life.  
Family...

Since my family has regarded myself as a dead person, what is the point of going back by myself? If she hadn't met her own brother in her experience, she would have never admitted that she was one of the four major families, the biological daughter of Situ Xiong, one of the Northwest tyrants.

And now, these two brothers and sisters, who have their own embarrassing stories, stayed speechless in this hotel. Both of them were in deep silence, with extremely complicated expressions on their faces.

In the end, Situ Ningbing slowly lifted up her beautiful eyes, looking at the ecstasy in front of her.

"Brother, father...father...coming?" A word came out embarrassingly from Situ Ningbing's mouth.

Father, father, what an embarrassing word this is to Situ Ningbing!

She has forgotten how many years she has not called the word father! Now when she called out from her mouth, there was an indescribable embarrassment.

When Situ Ningbing asked, the ecstasy changed his complexion, and then said helplessly, "Since Zhao Kuo is here...presumably...he...he should be here too."

The ecstasy did not call "father", but just said "him!"

Situ Ningbing looked at his elder brother, thought for a while, activated Beifang and asked, "Then...Brother, are you going to see... see your father?"

"No!" The decisive two words suddenly came out of the ecstasy's mouth. After speaking, his head rolled over, and his eyes looked out the glass window with complicated expressions.

Situ Ningbing looked at his elder brother after the Ecstasy uttered the word "No See" so decisively.

"Brother, you... how long have you not been back to the family?" Situ Ningbing asked.

The ecstasy said: "I don't remember clearly..."

"Hey, actually, brother...you should return to the family..." Situ Ningbing said with a sigh.

"Go back? What do you go back for?"

"From the day I left, I have no plans to go back to that place..."

"He hates me...want I die...why should I go back?" Ecstasy suddenly roared there, his eyes turned red, and the whole body trembled because of excessive excitement.

Seeing his own brother so excited, Situ Ningbing sighed deeply, then sat there, not knowing what to say. ,

After a long time, the ecstasy slowly recovered his calm.

"Ningbing... My relationship with him was completely cut off more than 20 years ago. He also personally said more than 20 years ago that without my son, I have been deeply rooted since then.

Remember these words, for so many years, I have been wandering outside alone, and a life is better than dead... Do you know what I do? To make him regret, make him regret it for a lifetime." The ecstasy in front of me suddenly continued. Said excitedly there.

"But brother... Father was too angry back then. After all, he didn't know about you and... that her thing!" Situ Ningbing said there.

After spending so many days with his own brother, the Ecstasy had already told Situ Ningbing what happened to him in the Situ family back then.

"I do not care!"

"Furthermore, he doesn't care about these things... In his eyes, he only knows that I'm ruining the style, and I deserve to die... What else can he know?"

"Does he know that he robbed the woman I love most? Can he know the truth about the woman I and Xiaobi once loved so much? Besides...and...the last night, I and Xiaobi I didn't do anything, I just met Xiaobi and told her...Tell her that she has become my stepmother...We have no way...but he! What about him? He is seeing me and Xiaobi When we were together, he didn't ask anything, didn't say anything. He raised his hand and beat Xiaobi to death with a single palm, and then wounded me... He also roared that he was going to kill me and he was going to kill his own life. Son." The roaring ecstasy made his eyes blood red, telling the past many years ago.

When Situ Ningbing heard her brother say this, she was slightly stunned. To be honest, she had never heard her brother tell her in detail about the "extreme shame and shame" that year. This was her first time. Hear the real truth! !

Chapter 1466: See her father

After finally hearing the truth of the year, Situ Ningbing finally understood what happened. Now she finally understands why her brother has not returned to the Situ family for so many years!

It turns out that all of this is a misunderstanding, a grudge.

Looking at the angry and blood-red Ecstasy, Situ Ningbing in front of him said slightly: "Brother, are you really not going to return to the family?"

"Go back?" The Evil Envoy suddenly smiled bitterly at the corner of his mouth.

"Do you think I can go back?" Ecstasy asked Situ Ningbing in front of him.

Situ Ningbing was silent there, no longer speaking.

The two brothers and sisters have their own minds. They both have conflicts with their families and are separated from each other. Now the people who are watching their own family are close at hand, but they can't meet. No matter who the two of them are concerned, It's an extremely cruel thing.

"I...I want to see my father!" Suddenly a word came out of Situ Ningbing's mouth.

After all, she is that Situ Xiong's biological daughter, after all, the flesh and blood are connected! It has been so many years, almost 20 years... Situ Ningbing also dreamed of returning to her family and hugging her father. Now her father is in Jinghai City, she decided to visit.

After hearing Situ Ningbing's words, the Ecstatic Envoy did not dissuade or suggest anything else. He looked at Situ Ningbing and said, "Also... good."

"He should be living in the Hilton Hotel in front." The Ecstasy said slowly.

Situ Ningbing glanced at the towering five-star hotel outside through the hotel window in front of him, then blinked her beautiful eyes twice and nodded.

The Hilton Hotel is not very far from the ordinary hotel where their brother and sister live.

From here, you only need to go to the Central Avenue to reach, and at this moment, you can see a beautiful figure on the street walking towards the "Hilton" hotel step by step.

She was going to see Situ Ningbing, who was her biological father.

The Hilton Hotel is magnificent, and the rich people who come and go are talking and laughing back and forth. Situ Ningbing glanced at the huge Hilton Hotel in front of him, and walked in.

She walked straight to the front desk of the Hilton Hotel.

After arriving at the front desk, I saw three young waitresses standing at the front desk.

"Hello." When seeing guests coming, the beautiful waitresses at the front desk greeted them with smiles.

Situ Ningbing also showed a slight smile on his face.

"May I ask if there is a guest named Situ Xiong in your hotel?" Situ Ningbing asked with a smile.

The waitress said politely, "Please wait a moment, I will check it for you."

After the waitress quickly checked the hotel registration form with the computer in front of him, she looked there with a smile and said, "Yes, the Mr. Situ Xiong you are looking for is indeed registered here."

After hearing the waitress at the front desk say this, Situ Ningbing continued to ask: "Can you tell me which floor Mr. Situ Xiong lives on?"

I saw that the waiter at the front desk looked embarrassed and said: "I'm sorry, our hotel has regulations, we can't divulge guest secrets casually..."

Situ Ningbing heard the waitress say this, so she smiled slightly and said, "Oh, I understand."

"Then you can make a phone call to his room, just say that someone is looking for him under the hotel, can you?" Situ Ningbing continued.

The waitress thought for a while, and this was in line with the regulations, so she smiled and nodded and said, "Okay, please wait!"

Then the waiter picked up the phone at the front desk and pressed 826 on the phone with her slender fingers.

Situ Ningbing stared at the number pressed by the waitress with her beautiful eyes.

"826." After seeing the waitress press 826, Situ Ningbing smiled slightly because the waitress had inadvertently revealed the room number of the VIP room where Situ Xiong lived. You must know The front desk phone of this hotel is directly connected to the rooms of the various hotels, and the 826 she just pressed is the room where the guest is staying, and the waiter is now on the phone communicating with the guest above.

Just after the waitress at the front desk slightly put down the phone in her hand, she was about to tell Situ Ningbing, she suddenly raised her eyes to see that Situ Ningbing had disappeared out of thin air.

"Miss?"

"Where was the lady just now?" the waiter in front of him said with a surprised expression.

Because the two young waiters next to them didn't pay much attention just now, at this moment you look at me one by one, and I look at you with an unknowing expression on their faces.

However, after Situ Ningbing left the front desk, he walked to the place waiting for the elevator.

After the elevator descended slowly, Situ Ningbing walked in with the guests in the hotel. She pressed 8 on the elevator, and then the elevator moved upward.

Soon with the ding-dong of the elevator, the 8th floor arrived.

Situ Ningbing walked out of the elevator door vigorously.

After she walked out, she saw people in black suits standing in the front corridor at a glance, and those in suits standing in the corridor also saw Situ Ningbing.

Situ Ningbing noticed that those people were looking at him unblinkingly, so he pretended to turn around casually and walked to the side.

The person in the suit standing there didn't pay much attention to seeing her walking towards the other side.

After coming over, Situ Ningbing secretly lined his heart: It seems that these people should be members of his own family! Father should live where they are guarding.

After Situ Ningbing walked over, she found a hidden place and glanced at the location there. However, seeing a total of four bodyguards in black suits standing in the corridor, Situ Ningbing then glanced at the house number of the room. .

"826."

It seems that her father really lives there.

But there are bodyguards guarding in the corridor over there...If you want to pass, you will definitely be found, what should I do?

After thinking about it, Situ Ningbing finally decided to ignore her father together.

So Situ Ningbing used the simplest and most direct method. She walked straight out of the hidden place, and then stepped forward towards the bodyguards over there.

When the bodyguards over there heard the sound of footsteps, they raised their eyes, and it was this beautiful woman again... Not only was she slightly taken aback, they were all staring at her intently, after all, Situ Ningbing was beautiful and beautiful. It's simply impossible.

Chapter 1467: Fight

When Situ Ningbing walked over, the bodyguards looked at her intently. .

"Miss, you can't go over here." When Situ Ningbing walked to them, one of the bodyguards directly reached out and blocked Situ Ningbing.

Situ Ningbing smiled slightly, looked at the bodyguard and asked, "Why?"

"Because this is a private place, please leave." The bodyguard continued.

After Situ Ningbing heard the bodyguard say this, he made a faint "Oh" in his mouth, and then Jiao Chu slowly turned around.

The four bodyguards didn't care too much.

But at the moment when Situ Ningbing just turned around, she suddenly saw one of her slender hands hit the back of the back of the bodyguard's head. The speed was extremely fast, leaving that bodyguard with no defense at all. awareness.

With a heavy blow, the bodyguard's eyes went dark and he fainted directly on the ground.

The other three bodyguards were shocked when they saw Situ Ningbing's move.

However, they hadn't reacted yet. Situ Ningbing had directly grabbed the second bodyguard with his hands, and then suddenly pulled with both hands. The bodyguard was suddenly pulled to the ground, and Situ Ningbing's knees were raised. Directly hitting the opponent's forehead with a plop, the bodyguard suddenly fainted.

And the other two, one punched to attack Situ Ningbing, the other kicked straight.

Situ Ningbing drew away the opponent's punch, and then suddenly grabbed the opponent's vein position with a small grab, and then flew an elbow, directly hitting the bodyguard's forehead. The bodyguard suddenly felt dizzy in his head and body. Fell to the ground.

And the last bodyguard who remained could not be the opponent of this glamorous woman. At this moment, he wanted to run and shout, but his mouth just opened, and Situ Ningbing's already cold slender hand suddenly covered his mouth. .

Oh oh...

With his muffled cry, Situ Ningbing knocked him out.

In a blink of an eye, the four bodyguards were knocked out on the ground by Situ Ningbing in less than a minute.

After Situ Ningbing stunned the four bodyguards cleanly, she quickly reached the door of the 826 room.

Because every VIP room in the Hilton Hotel has excellent sound insulation, no one in the room heard the sound of Situ Ningbing fighting outside.

When Situ Ningbing, who was at this meeting, arrived in front of the door of the hotel, she looked inside through the gap in the door, and saw that there were several bodyguards in suits standing in the same place as outside. Personnel, and there is also a man sitting on the sofa over there.

Since the man's body was facing the door in front of him, Situ Ningbing couldn't see clearly.

But even if Situ Ningbing saw the man's back, her heart couldn't help but beat.

Because the figure from the back has a very cordial feeling to her, and at the same time the figure is so familiar.

Suddenly recalled vaguely in my mind, I often lay down on that wide back...

"father!"

Situ Ningbing suddenly woke up.

That is her father! !

Yes, the man sitting on the sofa with his back turned to him was Situ Xiong, but now Situ Xiong was facing the door of the room, so Situ Ningbing did not clearly see her father's face.

Inside, Situ Xiong seemed to be talking to his men. The bodyguards in black suits standing next to him were just standing there and listening.

Suddenly, Situ Xiong stood up from the sofa, walked two steps, and then slowly turned around.

Situ Ningbing saw his father's face clearly immediately.

Situ Xiong.

The moment she saw her father Situ Xiong, a sad feeling came out of Situ Ningbing's heart, because she was shocked to see that her father was really old, and her face was also a lot of it. Wrinkles.

The gentle, elegant and handsome man in the past is now like an old man, with wrinkles on the corners of his eyes. He seems to have experienced many vicissitudes of life. His figure gives people an indescribable weird feeling, especially his The entire back seemed to be slightly bent, but his domineering body was still exposed.

"Father." Situ Ningbing whispered sadly at the door. She had forgotten how many years she had not seen her father. The vague image of father in her mind now reappeared in her eyes. Here, it's just getting old now.

Situ Xiong inside still didn't notice the situation outside, and was speaking to his men there.

Just as Situ Ningbing was snuggling in front of the door of this room and looking sadly at his father, he suddenly shouted: "Where is the lunatic? How dare to peep here?"

There was an angry shout, but he saw a white and bright steel knife slashed vigorously, and it slashed directly at this Situ Ningbing. The knife was extremely fierce and powerful.

Situ Ningbing was looking at her father at the door, but she never thought that behind her at this moment, a sharp blade shadow was slashing towards her back, and she was shocked, and she rolled on the ground. Dodge the fierce blade.

As Situ Ningbing exhausted her body's full strength, she evaded a ruthless move from the other party, and then she quickly backed away, while looking at the person in front of her with beautiful eyes.

I saw that the man was a 50-year-old old man with a thin body and a pair of eyes that were sharper and vicious than eagle eyes. He was holding a knife in his hands tightly, and a bright white knife was looking at him fiercely. .

The moment Situ Ningbing suddenly saw the old man, she felt a bit in her heart, and at the same time, she seemed to have some impression of the old man with a knife in her mind.

But what about the old man with the knife? The moment he saw Situ Ningbing's face, his people were also slightly startled. The murderous aura he was originally covered in his body disappeared somehow at this moment.

But he still said angrily: "Who is this woman? How dare you spy here and hurt my family members?" The old man saw the four fainted hands around him facing Situ angrily. Ning Bing said.

Situ Ningbing glanced at the situation in front of her with beautiful eyes. She knew that no matter what she said was useless at this moment, she could only escape here quickly at this moment.

So Situ Ningbing didn't say anything, the life-threatening silk hidden in the sleeve of his right hand flew out all of a sudden, and with a swish, he hit the thin old man holding the knife.

When the old man with the knife saw Situ Ningbing's face, he felt a cordial feeling in his heart for no reason. But when he saw this woman unexpectedly not repenting, and the sword in her hand was hitting him, immediately Angry for a moment.

The snow-white knife in his hand was cut horizontally!

But with a bang, the life-threatening silk in Situ Ningbing's hand was knocked aside by his snow-white steel knife.

Chapter 1468: Run away

The life-threatening silk in Situ Ningbing's hand was knocked into the air by the old man with the knife, and at the same time her arm was faintly shocked from the mouth of the tiger. .

It can be imagined that the strength of the old man holding the knife in front of him is absolutely terrifying.

Situ Ningbing looked at himself, if he didn't leave again, there would be no chance to leave at all, so he hurriedly made another move, and the deadly silk in his hand, swishing like a poisonous snake, attacked the old man.

The old man with the knife banged the steel knife in his hand to block Situ Ningbing's three strokes, and then he used the word "splitting" to slash at the body of Situ Ningbing.

Situ Ningbing saw that the opponent's sword technique was mellow and powerful, and did not dare to meet him. As soon as he flashed to the side, he bounced from the ground and started to run towards the end of the corridor.

But he said that after Situ Ningbing suddenly started to run, the old man with the knife looked very angry.

"Huangmao girl, still want to run?" The old man with a knife roared, and immediately followed up with him.

That Situ Ningbing could only run desperately at this moment, and the strength of the old man behind him was definitely much higher than him. If he were to be stopped by the old man with the knife, it would be bad.

So Situ Ningbing at this meeting began to run madly forward. She had no time to take the elevator, so she could only run down from the stairs.

The old man with the knife behind was chasing after her and didn't mean to let her go.

One runs in front, and one chases behind.

Soon, Situ Ningbing had ran to the 6th floor, but the old man with the knife was still chasing after him, and he got closer and closer.

Suddenly, the old man with the knife behind seemed to be annoyed. With a loud shout, his skinny body suddenly jumped directly from the stairs on the 6th floor. At the same time, the white steel knife in his hand made a move: to slash Huashan with a fierce knife. Fa directly struck Situ Ningbing's head in front of him.

However, he said that Situ Ningbing was running madly in front of him, but he didn't expect that the old man with the knife seemed to be about to leave her behind. When the following slashed with the fierce knife, he was slightly stunned.

She couldn't avoid the vigorous blow of the old man at all.

Seeing that Situ Ningbing was about to be smashed to death by the old man with the knife under his snow-white broadsword, suddenly at this moment, a dark shadow flew over from the stairs, and then his hands suddenly and utterly attacked. Two palms out.

The domineering palm directly shook the old man's white sword into a mess...

The old man with the knife was shocked by the inexplicable palm strength, and he suddenly overturned and landed on the stairs.

And what about the shadow? In an instant, he quickly pulled Situ Ningbing and rushed downstairs.

But what about the old man with the knife? At this moment, suddenly he didn't chase anymore...but suddenly the whole person was stunned, with a touch of unbelievable in his eyes, with a deep shock, the snow-white knife in his hand was also at this moment. Lost the strong sword energy just now.

"Fantastic Palm?"

"It's him... Is it really... it's... him?"

"The Situ Family's Heaven-shaking Palm can only be used by his own family. Apart from Situ Xiong, he has only one son. Young Master Xuan can use it... Could it be... Is it him?" The speechless words came from the old man's mouth with the knife. Said in horror.

He stood there straight with his old skinny body, looking at what happened today unbelievably.

"Lao Deng, Lao Deng..." Suddenly at this moment, the bodyguards of the Situ family ran quickly from the stairs.

"Old Deng, what happened? Our brothers were knocked out!!" The bodyguards who ran over said in horror.

But seeing the old Deng holding the knife, he ignored the bodyguards in front of him. He just walked up the stairs step by step with deep shock in his eyes.

After seeing Mr. Deng's affection, the bodyguards were not only surprised, but they didn't dare to ask too many questions, so they followed one by one.

But who was the one who rescued Situ Ningbing?

This would only see the man who quickly pulled Situ Ningbing out of the door of the Hilton Hotel was an ecstasy.

It turned out that at the critical moment, the ecstasy rescued his sister.

At this meeting, they hurriedly left the Hilton Hotel, and then quickly walked towards the hotel where they were staying.

After returning to the hotel, the ecstasy hurriedly closed the door in front of him, and Situ Ningbing's face was also slightly pale.

"Silly girl, fortunately I went in time just now...or else, you have to be slashed by Deng Gong's vigorous knife skills." The ecstasy in front of you said with a sigh of relief.

Deng?

Could it be the old man holding the knife just now?

Deng Gong: Deng Chengfeng!

Once in the Northwest, a lonely thief of thousands of miles.

A single pole, one person, rampant northwest.

This Deng Gong once hijacked a group of horse thieves' things. He was later chased and killed by horse thieves in the northwest. Then he went on a desperate journey, and finally met Situ Xiong. With the help of Situ Xiong, they defeated him. The horse thief, who saved Deng's life, was also a conscientious and conscientious person who started following Situ Xiong from that time.

Situ Ningbing suddenly remembered after the ecstasy said Deng's name.

"It turned out to be Duke Deng? It turned out to be him..."

"Oh my god, no wonder I was so familiar and so kind when I first saw him." Situ Ningbing said with her beautiful eyes wide open.

It turned out that when they were very young, Deng Deng had always guarded their siblings, and he had taught them how to do swords when they were young.

It's just that after so many years, everyone has changed, Deng Deng has grown old, and the two brothers and sisters in front of him have also grown...Of course Deng Deng would not know the 56-year-old girl Situ Ningbing.

The ecstasy said slightly: "Yes."

"I didn't expect Deng Gong to come to Jinghai City this time." He said.

"You...did you... see him?" After the ecstasy was silent for a while, he suddenly raised his eyes and looked at Situ Ningbing in front of him and asked.

After he said this, he then quickly lowered his head, as if he was afraid that his sister would see the complicated look in his eyes.

Situ Ningbing nodded slightly when her brother said that.

"I saw it, I saw my father." She said.

Then her tone was full of sadness and said: "Father... Father is old..."

"Unexpectedly, after so many years, he is old so fast..."

Chapter 1469: Turning Palm

When the Ecstasy heard that "he" was old, he bowed his head deeply and said nothing.

No one can see his face clearly, and no one can see how sad he is.

"Father's face has so many wrinkles... There are many white hairs on the hair... Even the back seems to be bent a lot... I really don't know how he survived so many years alone." Situ When Ning Bing said these words, the circles of her eyes were all red.

The Situ family, a seemingly famous family, but who knows what happened in this family?

Situ Xiong, who had only two children, was taken away from him since he was a child, and the other was also "corrupted". How did Situ Xiong come here for so many years? No one knows.

"Brother, are you really unwilling to see your father again?" Situ Ningbing in front of him asked while looking at the Ecstasy.

But seeing the ecstasy turned his head, then thought for a while and said: "No...I said that I will never see him again."

"But..." Situ Ningbing seemed to want to say something more.

But the ecstasy suddenly stopped her.

"Don't say it... From the moment Bi died, I have taken a poisonous oath, I will never see him again in this life." Ecstasy said firmly.

Listening to her brother's words, even if Situ Ningbing wanted to persuade him, it was of no use, so she could only shut her mouth and stop talking.

What about Situ Xiong in the Hilton Hotel?

At this moment, in room 826, there are standing bodyguards with their heads down and their faces ugly.

They were just the few guys who were knocked out by Situ Ningbing, and at the moment they were all bowing their heads deeply in the room.

"Are you just a bunch of pigs?"

"A woman? A woman knocked all four of you down... and right under my nose? Do you still have the face to follow me?" Situ Xiong in front of him suddenly roared in the room.

The few bodyguards in front of him were scolded and dare not say a word, all of them were there with their heads down.

"Trash, it's all a bunch of trash." Situ Xiong roared in front of him.

"Get out, get out all."

Following the roar of Situ Xiong, all four of his men walked out with their heads down.

After they walked out, Situ Xiong in front of him was pacing, walking back and forth in the room with a gloomy face.

Standing next to him was Elder Deng who was holding a knife in his arms. He saw that his master was so upset, and he slightly waved his hand at the other bodyguards standing in the room, and signaled them first. When they went out, when the few bodyguards saw Deng Lao waving his hands, they hurriedly bowed their heads and left the room in front of them.

In the luxurious room at the moment, only the old Deng who was holding the knife in his arms was standing there, and Situ Xiong, who had an extremely ugly expression.

"Master." Suddenly Deng shouted at this moment.

The ugly-faced Situ Xiong groaned slightly at the moment.

"Master, the woman just now does have some skills... and the tricks are tough. The few people under our hands can't deal with her. It's normal." Deng Lao spoke for the other bodyguards.

Situ Xiong snorted in front of him: "Trash, it's all a bunch of trash."

"But master, the other party doesn't seem to be a wicked person, and it doesn't seem to have done anything bad to the people of our family." Deng Lao continued there.

When Situ Xiong in front of him heard Deng Lao say this, he was slightly stunned.

Yes, according to common sense, if the other party is really a gangster, the four bodyguards at the door will definitely not just be knocked out, they will definitely be slaughtered directly by the other party.

But the opponent obviously did not kill those four bodyguards.

When thinking of this, Situ Xiong not only frowned slightly.

"Lao Deng, in your opinion, what is the intention of the woman who spied on our conversation?" Situ Xiong asked, looking at Lao Deng in front of him.

I saw that Old Deng thought for a while and said, "The old man doesn't know..."

"But the old man can feel that the woman is not a wicked person."

Situ Xiong didn't say a word after hearing Deng Lao say so.

Elder Deng on one side suddenly moved his mouth, as if he wanted to say something to Situ Xiong, but after the words reached his lips, he held back. With such repeated repetitions, it is obvious that Elder Deng is very contradictory at this moment.

In the end, Mr. Deng before him was determined to speak out.

"Master, I have to tell you something." Just like that, a sentence came out of Deng's mouth.

After Elder Deng said so suddenly, Situ Xiong slowly turned his face and looked at Elder Deng.

"Go ahead, what's the matter?"

"When I was chasing the woman just now, I could have captured the woman, but I didn't expect that someone suddenly jumped out at this moment, forced me back with palms, and rescued the woman." Old Deng said there.

When Situ Xiong heard what Deng said, he was not only taken aback: "Oh? Is there such a thing?"

"Yes, master." Old Deng said.

"Is it clear who is it?" Situ Xiong asked.

Deng Lao shook his head slightly there.

"Although I didn't see his appearance clearly... but I can see the palms he used." Deng Lao said with his eyes turned.

When Situ Xiong heard Deng Lao say this, he was slightly startled, looked at Deng Lao and asked in surprise, "What is the technique?"

"Fantastic Palm!" The three characters came out of that old Deng's mouth.

Turning palm? The martial arts of the Situ family!

When this shaking palm suddenly came out of Deng's mouth, Situ Xiong was shocked there.

"What? Do you mean Turning the Sky Palm?" Situ Xiong said in surprise there in disbelief.

"Yes, master."

"The old man saw with his own eyes that the other party used our Situ family's own martial arts, the palm of the sky, the palm of pure sun penetrated the arm, when it was used, the strength of the arm was abnormal, and the palm wind was amazing." Deng Lao said there.

When Situ Xiong heard that Deng Lao confirmed that the other party was using the Turning Palm, the whole person was shocked there.

"How is it possible? How is it possible to use my family's unique martial arts?" Situ Xiong said in an unbelievable way.

Old Deng looked at Situ Xiong in front of him, and said slightly: "Master, only the Situ family is in control of the entire world, and apart from the master, there is only one person in the Situ family!"

After Mr. Deng said so, that Situ Xiong's heart suddenly stunned, and a light of unbelief suddenly appeared in his eyes.

"You...your...mean...that...that villain?" A horrible word suddenly came out of Situ Xiong's mouth.

Chapter 1470: Savage! ! !

When Situ Xiong said in shock, Deng Lao stood there silently and did not speak too much.

I saw Situ Xiong's face extremely ugly, and muttered in that mouth, "Impossible, impossible..."

"Why did that evil man appear here?"

"Why did he come here?" Situ Xiong suddenly roared angrily.

The old Deng looked at the roaring Situ Xiong, and said slightly: "Master, I am not too sure that it is Master Xuan, but the old man definitely didn't look away. The other party's palm is definitely the Situ family's shaking palm."

When Situ Xiong heard this, the whole person sat on the sofa, and at the same time he grabbed a pot of "fire wine" next to him with one hand, and drank a few big mouthfuls with his head upright. The wine flowed from Situ Xiong's throat into the stomach, spicy and fiery.

His eyes were red and burst open there.

"Evil son has been away from the family for so many years... Now, if I hadn't heard the rumor that he was still alive, I would definitely never mention that evil son again."

"The evil son corrupted the family tradition and caused the entire Situ family to suffer a great humiliation. If I don't kill him personally, what face will I have to face the ancestors of the Situ family after death?" Situ Xiong said sadly.

Then, when Mr. Deng heard Situ Xiong say this, he couldn't help sighing for a long time: "Master, after so many years, do you still have a grudge against Master Xuan? Do you have to kill him?"

Situ Xiong said with red eyes, "Kill, you must kill."

"Master, there is an old saying that tiger poison does not eat children, how can you bear to kill your own son by yourself?" Old Deng persuaded.

But who can dissuade Situ Xiong's fierce temper?

When he heard Mr. Deng's dissuasion, he roared, and then he slapped a palm on the crystal table in front of him, but when he heard a crack, the huge crystal glass table was suddenly angry with him. The palm is crushed.

"I gave birth to him, of course I can kill him."

"The evildoer has committed a heinous crime, if I don't kill it? How will I face the people in the rivers and lakes? How can I stand on the rivers and lakes in the future?" Situ Xiong said furiously.

His eyes exuded a wild killing, as if this wild man could do the same as six pros.

After hearing Situ Xiong's words, Mr. Deng could only sigh deeply, and then said nothing.

"If you pass it on, you must do your utmost to search for the whereabouts of the evildoer... as soon as there is whereabouts, you must inform me as soon as possible." Finally, Situ Xiong said there.

Then there was no way for Deng Lao, so he nodded there and then stepped back.

Since the destruction of the Ouyang family, the old demon of Yin and Yang has been haunting him.

First, the family of the crown prince of Jincheng was killed by him, and then the boss of Huaihai was killed by him.

When the two of them were dying, their heads were cut off alive and hung in the flames. Their deaths were terrible and outrageous.

At the place where the two of them died, they were shocked to see the \*\*\*\* handprints left on the wall.

The blood handprint, a symbol of horror killing, has made many people sleepless at night and afraid of death?

But he said that after killing two people in a row, the old yin and yang demon disappeared now, no matter it was the people at the gate of \*\*\*\* or Li Tian's brothers, he could never find that demon yin and yang person again.

Where is he? Why did it disappear suddenly?

Far away from Jinghai City, there is a remote mountainous land. This mountainous land has rugged roads, high mountains, and dense wild forests.

There are several mountain villages in this place. The area of the mountain villages is not very large, but they live in scattered places.

In the past, when the night came, these villagers would move their seats outside to enjoy the cool and chat, but in the recent period, these villagers have come home early to rest, and every household is Close the room tightly, and what's more, dare not even turn on the light.

They seemed to be afraid of something.

It turned out to be here: Haunted! !

The so-called haunting came from a villager a few days ago. When the villager went up the mountain to hunt, he saw a black shadow in the mountain, curled up in a black hole like a beast, his hands were holding it. A \*\*\*\* wild rabbit bit the flesh and blood of the wild rabbit with its mouth. When he saw this scene, the hunting villager was immediately scared to death.

When he woke up, he ran back to the village as if he was crazy, and then quickly told the people in the village about the incident. After hearing this, the villagers all said it was: Shankui! Ghost!

And in the past few days, they can always hear the strange and terrible cry from the mountains and forests. Everyone said that the cry was made by the "evil thing".

So recently everyone in this remote small mountain village is extremely frightened. They go to bed very early every night and close the door tightly, for fear that that terrible thing will come to them at night and eat it. they.

But it said that as the night came, the small mountain village had all closed the doors, and many people had all turned off the lights.

In the dark mountains and forests, all of a sudden, I heard a very miserable "ghost" cry from the wild forest.

As the terrible sound sounded, the birds all over the wild forest were frightened and fled in terror, as if even the birds and beasts were afraid of this strange sound.

At the extreme of the terrible sound, a very fast figure flew across the mountains and forests, and in his hands there was a \*\*\*\* wolf that was just killed by him.

The wolf's entire head was crushed by him, dripping with blood, dripping on the cold ground.

He skimmed towards a cave, and when he reached the dark cave, he began to drag the dead wolf in his hand.

Then the two scarlet hands began to tear the body of the wild wolf. After a while, the whole wild wolf was stripped by him. He tore the blood body of the wild wolf with his hands, and then tore the flesh in his hands. Put a little bit into your mouth.

It was exactly like the wild men who ran out of Shennongjia, eating the meat of these wild beasts raw.

The blood covered his face and his whole body.

While he was enjoying his delicious meal, suddenly a strong wind swept over from a distance extremely fast. Although he was in a dark cave, his hearing was better than anyone else.

Suddenly he put down the \*\*\*\*\* wolf meat in his hand, and his body jumped up. At the same time, those terrifying eyes exuding weird animality were coldly betting in the darkness: "Who?"
