

A Killer 147

Chapter 147: I don't want blood on my hands

"These two are the enemies of Mr. Duanmu, we can't let it go." One of the men in suit suddenly said with a cold snort.

Another man in a suit nodded silently at this moment, and the two suddenly walked side by side towards Li Tian and Shen Feng.

"court death!"

At the moment, a sneer appeared at the corner of Shen Feng's mouth.

Charged up first.

The two men in suits are not general, and they can be seen as roles they have practiced as soon as they shoot.

A straight fist struck Shen Feng, and Shen Feng dodged at his feet, avoiding a punch. Huhuhu, then two fists hit Shen Feng's head again.

Shen Feng looked after quickly dodging, and suddenly an elbow hit the man in the suit on the cheek.

With a bang, the man in the suit fell directly to the ground.

Seeing that his companion was not low, the other guy suddenly flew over, and Shen Feng retreated and hid.

After taking a quick step back, he suddenly bullied the man in suit again.

The man in the suit had just retracted one leg and saw that Shen Feng suddenly leaped towards him. He was taken aback and hurriedly punched out. Unfortunately, he was a step late. Shen Feng's legs were bent and his heels kicked on the ground. The huge force penetrated the entire upper body, and a direct uppercut hit the guy's chin.

With a wow, the guy was hit and fell to the ground.

He fell to the ground with a bang and couldn't get up.

The other guy who was hit by the elbow just now got up with difficulty, with a fright in his eyes, clenched his fists and looked at Li Tian and Shen Feng who were approaching him step by step.

"That **** in Duanmulei is there..." Li Tian roared.

The man had a depressed expression on his face, he dared not speak, but his eyes glanced at the tightly closed VIP box door beside him.

This box originally had a sound insulation effect, so Duanmu Lei who was inside the VIP box couldn't hear the sound of fighting outside.

At the moment, Duanmu Lei, Fang Hai, Xuepan from Europe, and K were all sitting in the box.

Suddenly, the door of the box that was quietly closed was knocked in by a body with a slam.

Then I heard a scream of wow, and a figure flew in towards the house.

The scene suddenly froze.

Look carefully, isn't the person who fell to the ground and fainted is the one under Duanmu Lei who just stood guard outside?

At the door stood two people with hatred in their eyes.

Li Tian also has Shen Feng.

When Duan Mulei blinked and saw that Li Tian and Shen Feng had suddenly arrived here, he couldn't help but be stunned for a moment, his wide-open eyes were filled with disbelief...

"It's you..." Duanmu Lei said in shock.

Fang Hai in front of him also saw Li Tian and Shen Feng at this moment.

On the contrary, the immobile Xuepan and K's eyeballs were sitting quietly on the side, and he glanced at Li Tian and Shen Feng at the door, watching the scene in front of him quite like a joke.

And Li Tian and Shen Feng's hatred eyes were completely on Duan Mu Lei at this moment.

The so-called meeting of enemies is extremely jealous, but this is true.

"Duan Mu Lei, you bastard, I finally let Lao Tzu find you. Today, let's see where you go..." Shen Feng cursed.

"You are **** sinister and cunning. You arrested Sister Xue and Miss Tang to intimidate my heavenly brother. If I don't clean up you today, I won't have my surname Shen."

Shen Feng shouted aloud and then grabbed his fist and rushed towards that Duan Mu Lei.

Duan Mulei's face paled with fright, his body retreated sharply, knocking over a chair with a snap, and he almost fell to the ground.

Exclaimed: "What are you talking about..."

At the moment, Shen Feng, who rushed over, grabbed the Duan Mu Lei, raised his fist and slammed it towards Duan Mu Lei's head.

But at this moment, Fang Hai beside Duan Mu Lei suddenly slammed his hands, grabbed a wine bottle next to him, and threw it at Shen Feng's head.

The corner of Shen Feng's eyes curled, his right arm was raised to block him, and then he put his foot on Fang Hai's chest and snorted in Fang Hai's mouth before falling to the ground.

And the Duan Mu Lei, who was holding it tightly, looked at Li Tian and Shen Feng with a pair of scared eyes with a pale face.

"What are you doing..." Duanmu Lei said in a panic.

"Why? I want revenge!" Shen Feng said angrily.

Suddenly he punched Duan Mu Lei's face with a punch.

The punch hit Duanmulei's nose directly, and Duanmulei's nosebleeds came out like a fountain, fell to the ground, and screamed.

And all this happened under that K's **** eyelids, but what about two people? But they didn't even blink, as if they didn't even see the fight in this room.

In the end, K frowned slightly.

Suddenly raised a pair of eyes like wild beasts: "Bloodpan, these two boys are quite capable. They dare to break into the room where you and I are sitting. Are they not afraid of death?"

The smirk voice accompanied his strange face, and the words spoken made him feel cold.

The **** teeth showed white teeth and said, "I got here for the first time today, and I don't want to get blood on my hands."

"What to do then?" K Yin said with a smile.

"Let them disappear before my eyes." The bald **** voice said harshly.

These words of course passed into Li Tian and Shen Feng's ears.

Li Tian couldn't help looking carefully at the two men who had been sitting there still like a mountain. One of them was like a golden lion, with yellow hair and a skull stud on his ear. The other was a bald head with tattoos on his head. With a blood-red lotus pattern.

From the moment he entered, Li Tian actually felt the invisible murderous aura from the two bodies, but because of Shen Feng's first action over there, Li Tian had never paid attention to this side.

At this time, I suddenly heard the harsh voices of these two men, and only then took a serious look at them.

Shen Feng was already teaching Duan Mu Lei severely. Hearing the two yin and yang guys here talking together, one by one, he couldn't help but bang, and threw the Duan Mu Lei he was holding aside. Turning his eyes, he glared at that K, and the blood.

"What do you two monsters say? I tell you, we are here today to find this **** to settle accounts. It has nothing to do with you."

Suddenly heard Shen Feng call them monsters, K and Bloody, suddenly a terrifying breath of death exuded from his body.

The eyes of the two of them also changed like bloodthirsty beasts in an instant.
