A Killer 1471

Chapter 1471: Two villains

As his hoarse and weird voice sounded, a figure slowly appeared at the entrance of the dark cave.

The moment he saw that figure appeared, his murderous aura suddenly revealed.

"Things that don't know whether they live or die, dare to come to Lao Tzu?" A roar yelled from his mouth, and his two **** hands seemed to be shot.

"Yin and Yang old demon, it seems that you still can't change the habit of eating flesh and blood." The cold man standing in the mouth of the cave suddenly said there.

Old Demon of Yin and Yang?

Could it be that this person is a demon yin and yang old demon!

Look carefully, isn't he the old yin and yang demon? Unexpectedly this yin and yang old demon is here now.

After the other party called out his name all at once, Old Demon Yin and Yang's murderous aura became more solemn. His hands were covered with scarlet blood and he looked at the person at the entrance of the cave in front of him coldly: "Who are you? Don't speak anymore , Lao Tzu will dig out your heart."

But after seeing his harsh words uttered, the mysterious man standing at the entrance of the cave suddenly sneered and said: "Unexpectedly, it's only a few days, you don't remember me! Hey...it's sad. ,sad."

The old yin and yang demon was hearing him say so, not only frowned, but also stared at him with strange eyes.

"You are..." he asked wonderingly.

I saw the man standing at the entrance of the cave slowly walking towards him. Through the faint starlight, he could gradually see his face clearly.

Half of his face seemed to be completely destroyed. At this moment, he was wearing a silver mask. Only one eye with a treacherous smile was exposed, and the other half of his face looked carefully... ... he? he is?

"Long Yin!" Suddenly the two words came out of the old demon's mouth.

Obviously the voice of the old demon of Yin and Yang was full of unbelievable, full of surprise.

This guy turned out to be Long Yin? Didn't he die with Li Tian?

When the old demon of Yin and Yang saw clearly that this person was really Long Yin, his murderous aura slowly converged, and with a pair of curious eyes, he carefully looked at Long Yin in front of him and said, "You are not dead. ?"

Long Yin suddenly sneered: "What? Do you really want me to die?"

The old yin and yang monster laughed: "You have nothing to do with Laozi..."

Haha! Long Yin laughed wildly.

"Just a few bombs just want to kill me? It's just a dream!" Long Yin suddenly said angrily, his eyes filled with a sense of horror.

I don't know why, this terrible guy who crawled out of the ruins can feel the terrible suffocation on him more and more at this moment.

"Since you are not dead, what about the other kid? Is he dead?" Old Demon Yin Yang suddenly asked.

When Long Yin heard Li Tian's name, his hostility doubled.

"He, I don't know!"

"But even if he doesn't die, I will one day sooner or later let him die again." Long Yin said viciously.

The old yin and yang demon listened to Long Yin in front of him and smiled weirdly, then stopped looking at him, and suddenly grabbed the wild wolf meat on the ground and stuffed it into his mouth.

The **** flesh was stuffed into the monster's mouth, and the perverted yin and yang man seemed to be enjoying it, eating bit by bit, and blood flowed down the corner of his mouth.

Looking at the perverted yin-yang old demon eating raw flesh and blood, Long Yin not only frowned slightly.

"Do you like eating this food?" Long Yin asked, looking at the old Yin and Yang demon.

The old yin and yang demon suddenly turned his eyes that bite, staring at Long Yin and said, "You know what a shit...If you have been trapped in the darkness of the sun for thirty years like Lao Tzu, you are better than me. It's worse, and I like to eat this food more than I do."

Listening to the old Demon Yin and Yang said this, Long Yin didn't say much.

Looking around inside the cave, Long Yin said again, "Are you staying here lately?"

Old Demon Yin and Yang snorted: "So what!"

"I heard that the family of the crown prince of Jincheng has died, and that the whole family of Boss Bai in Huaihai has also died...it must be your masterpiece?" Long Yin asked with a sneer.

But seeing the old demon of Yin and Yang said slightly, "The two **** should have died long ago."

"So, except for the escaped Ouyang's house, you have basically avenged all the revenge, right?" Long Yin asked.

The old yin and yang demon said: "No, there is another person."

"Who?"

"A **** named Xu Fan." Yin Yang Old Mo said.

"Xu Fan? Could it be the guy who was called the Thunderboltman decades ago?" Long Yin couldn't help saying, having survived the name of Xu Fan.

But seeing the old yin and yang monster in front of him smiled: "It's the **** one."

"Then why didn't you kill him? Instead, stay in this ghost place." Long Yin asked.

The old yin and yang monster whispered: "He escaped. When I rushed to where he lived, the **** thing had already escaped."

"Oh, it turned out to be like this." Long Yin said slightly.

"By the way, you know that many people in the rivers and lakes are looking for you recently." Long Yin said in front of him with a smile suddenly.

When the old demon Yin and Yang heard that, suddenly those scary pupils lifted up and looked at Long Yin and said, "Who? Looking for me?"

"It's the boy brothers named Li, among them Duguxie is the head."

"I heard that they recruited troops from the North China Field Army in Binjiang City, as if they were going to deal with you." Long Yin said with a smile.

When the old demon Yin and Yang heard this Long Yin saying this, he couldn't help but ask, "To deal with me?"

"Yes."

"It is said that a lot of people from the rivers and lakes have already participated... and there are also people who have rushed away. They vowed to kill you." Long Yin said.

After Long Yin said this, the old yin-yang monster suddenly laughed.

After a few arrogant laughter, his hostility was suddenly revealed.

"Damn things, it seems that I have to dig out their hearts one by one...In that case, they will be afraid of me." Old Demon Yin and Yang suddenly twisted his face.

"Well, I support you to do this very much." Long Yin said with a smile suddenly.

The old yin and yang demon slowly turned his extremely terrifying face, and Long Yin, who was looking in front of him, said: "What about you? Where are you going to stand?"

Long Yin suddenly sneered: "Me?"

"Have you forgotten that we two belong to partners... We are on the same front with injuries, so of course I am on your side." Long Yin said.

Listening to Long Yin's words, the old yin and yang demon laughed weirdly, and a mouthful of white and cold teeth came out of his mouth, terrifying and frightening.

Chapter 1472: Alliance Team

"Hey, yes, yes, you and I are partners, we are people standing on the same line as you said." The old demon of Yin and Yang suddenly laughed sullenly there.

"Then what are you going to do next?" Long Yin in front of him looked at the old yin and yang demon and asked.

But seeing the old demon of Yin and Yang said: "I am going to let them all die."

"Whoever dares to stop me, I'll kill whoever." Old Demon Yin and Yang said fiercely.

When Long Yin heard the Yin-Yang Old Demon say this, he smiled slightly and said, "Okay."

"Then let's go to Binjiang City now... there are a lot of people there. After we go, it will definitely be very lively." Long Yin said with a treacherous smile.

The yin and yang old demon nodded, grinning strangely with his **** mouth.

The two ultimate villains are now rushing to Binjiang City. It seems that they are preparing to reach the North China Field Army.

What about the North China Field Army?

Since the news of Li Tian's "death" spread, the Duguxie of the North China Field Army and his brothers have wanted to avenge Li Tian.

Coupled with the arrival of Xu Fan, the thunderbolt hand, there are quite a few brothers now.

Besides, there are people who come to help one after another.

Most of them came from the deep friendship with the Ouyang family.

It is roughly estimated that there are as many as 10 people who are here to help.

These people are currently arranged in the urban area of Binjiang City, and they are not directly arranged in the North China Field Army. After all, the North China Field Army is a military powerhouse.

However, the urban area of Binjiang City is not far away from the North China Field Army, and it only takes ten minutes to drive, so there is no major problem.

In a room, but I saw Duguxie, the ghost servant and the brothers all staying there, and the thunderbolt Xu Fan and Ouyang Zhengtian beside them.

"I have found most of the friends on the road...Almost all of them are here, what should we do now?" Ouyang Zhengtian suddenly asked, looking at Duguxie.

Obviously Duguxie has actually become the leader of the "Alliance".

Duguxie looked at the people around him for a moment, then looked at them and said, "Not enough!"

When he suddenly uttered the word "not enough", not only did everyone froze.

"What do you mean?" But seeing Ouyang Zhengtian there, looking at Duguxie and asked.

Duguxie said directly: "With our current strength, if we really compete with that old yin and yang demon and the gate of hell, it will definitely not work."

"There is only one dead end." Du Guxie said directly.

After Duguxie said so frankly, then Ouyang Zhengtian and Xu Fan bowed their heads deeply, their faces were ugly.

They have tried their best, and almost all the friends they should find have been found...what else can they do?

"Then what to do? Are we just waiting to die like this?" Xu Fan interrupted and said.

The brothers next to him were also looking at the Duguxie right now.

But seeing Duguxie thinking for a while, he suddenly raised those indifferent eyes and looked at everyone around him and said: "Let those people go..."

what?

When Duguxie suddenly said such a sentence, not only Ouyang Zhengtian and the others were completely stunned.

"what does it mean?"

"Yes, Senior Dugu, what is going on?"

"Why let those who come to help go!"

"Yes, one more person has more strength, and at the same time it has more chance of winning."

•••

Everyone in front of them was looking at Dugu Xie Dao in surprise.

But seeing Duguxie coldly said: "The reason I let them go is because I don't want them to die in vain."

"Everyone here can also leave...you can leave...because if we use our current strength to deal with the old yin and yang demon, and the gate of hell, it will undoubtedly be suicide and death.

"I don't want to burden you all because of our grievances."

After Duguxie finished saying this, everyone present was silent.

They knew that Dugu Xie was telling the truth.

With their current strength, can they contend with that old yin and yang demon and the gate of hell? Of course not!

Therefore, if they really want to fight hard, there is only one dead end.

"I won't leave. Our family has been destroyed, and so many people have died... and Li Tian... He was killed by the **** surnamed Long to help our family. Even if he died, I also want to avenge him, I won't leave." Ouyang Zhengtian was the first to say there.

After Ouyang Zhengtian said this, Xu Fan, the thunderbolt in front of him, also said, "I won't go!"

"For so many years, I have tried to change my path and stop worrying about the affairs of the world, but I didn't expect that I was forced to come back in the end. If I can't see the yin and yang old demon die with my own eyes this time, I'm afraid it will take my life Shrouded in the nightmare of that demon, so I will not go, even if I die, I will fight to the death with that demon." Xu Fan said.

Listening to them, Du Guxie glanced at them coldly, without speaking.

"Second brother, since they have all made this decision, we have no reason to drive them away!"

"Besides, with the power of these people, I believe that we can still be sure of dealing with that old yin and yang demon." The ghost servant said on the side.

After the ghost servant said this, Du Guxie thought for a while, and said: "You choose the road yourself, and your life is also yours. Since you choose to stay, then we will find the damned demon together to avenge."

"it is good!"

"Vengeance, revenge, you must avenge your eldest brother." Xue Wuhen and Tang Xiaolong shouted there.

They couldn't let go of the hatred in their hearts.

When they thought of Li Tian's death in their hearts, they were extremely sad.

For so many days, the brothers were almost awake at night, as long as they lay down, their elder brother's face appeared in their minds, thinking of the past.

They are sad and sad.

Can't wait to kill Long Yin and the old yin and yang demon alive and well.

But when the brothers were all talking here, suddenly at this moment, the door of the room was pushed open, and it was Wang Zhen, the commander of the 38th Army who walked in.

After Wang Zhen walked in, the brothers looked at him in surprise.

"Brigadier Wang, what's the matter?" Chen Qiaozhi over there stood up and looked at Wang Zhen and asked.

Wang Zhen glanced at everyone present, then slightly raised his head there and said: "A person who claims to be Zhang Zhijie came out and said he is looking for you."

Hearing what Brigadier Wang Zhen said, Ouyang Zhengtian's eyes suddenly lit up.

"Lao Zhang is here?" He said in surprise.

Brigadier Wang Zhen looked at Ouyang Zhengtian and said, "You know?"

"Well, know!"

"That old Zhang is a friend of mine in Jinghai City...and he is also a man of love and righteousness. After our family was killed a few days ago, I called him. He was on a business trip abroad and he didn't expect him to save him so quickly Came here." Ouyang Zhengtian said excitedly.

Listening to Ouyang Zhengtian's words, it was obvious that the figure named Zhang Zhijie outside was also the person Ouyang Zhengtian asked for help.

Chapter 1473: Helper

"The man surnamed Zhang is out now, do you want to go out and have a look?" Brigadier Wang said there.

Then Ouyang Zhengtian nodded quickly, and said, "Okay."

So he stood up and walked outside, and the brothers behind him all followed out at this time.

After all of them came out, I saw two black cars parked at the gate of the North China Field Military District. Beside the cars stood a middle-aged man in his 40s, followed by three men with flat heads.

"Lao Zhang!" Ouyang Zhengtian called out after seeing the person standing in front of the car.

The man called Lao Zhang is naturally Zhang Zhijie.

At this moment, he also quickly walked over, holding Ouyang Zhengtian's hand in one hand: "Brother Ouyang..."

"I finally saw you. When I was abroad, I heard my friends call me saying that your family was in danger...Unexpectedly, I came back in a hurry, but in the end I was a step late." That Zhang Zhijie was ashamed of that. Tao said.

But seeing Ouyang Zhengtian smiled bitterly at the corner of his mouth, he shook his head slightly.

"It's already happened, it's okay, but you are still thinking about our family in your heart." Ouyang Zhengtian said gratefully.

Then Zhang Zhijie said: "How can I forget the old man's life-saving grace? If I forget, would I still be a human being!"

Ouyang Zhengtian smiled and said, "That's all old things..."

"Zhang Zhibao has always been the motto of my Zhang, and I will never be an ungrateful person." Zhang Zhijie said.

After listening to the words of the man surnamed Zhang, the brothers felt that the man surnamed Zhang was not bad.

At this moment, I saw that Ouyang Zhengtian and Zhang Zhijie exchanged greetings for a while, and then he quickly introduced to Duguxie and the brothers, "Lao Zhang, let me introduce you..."

"This is the famous evil sword Duguxie...this is the shadow ghost servant." Ouyang Zhengtian said.

When the names of Duguxie and the ghost servant were spoken by Ouyang Zhengtian, Zhang Zhijie suddenly became excited.

"Evil sword? Ghost servant?"

"Could it be that the two of them were the two who followed the Cthulhu predecessors decades ago?" Zhang Zhijie said with wide eyes in disbelief.

But seeing the ghost servants and Duguxie just nodded slightly.

"Oh my God, I didn't expect someone from Zhang to meet two masters here... it's really an honor!" Zhang Zhijie said.

Xu Fan and the brothers nearby all smiled slightly.

Then Ouyang Zhengtian continued to introduce: "Is this Lao Zhang? It is my friend, his nickname is Kai Bei Shou..."

When he said the name of Zhang Zhijie: when he opened the tablet hand, Zhang Zhijie's face suddenly blushed and was extremely embarrassed. He hurriedly waved his hands and said: "Brother Ouyang, don't be shabby... In front of Evil Sword and Senior Devil Servant, there is no name to speak of... I can't even count as a shoe for the two Seniors."

"Brother Zhang is humble." The ghost servant said slightly.

Zhang Zhijie said awkwardly: "There is no humility, no humility, I am telling the truth..."

"I don't know what I can do for everyone with this little skill, but I, Zhang, has one thing that everyone can rest assured, that is to serve you wholeheartedly, if you ask me to do something, I, Zhang, will be in front of you. It's also gracious, and I will do my best."

Listening to what he said, the brothers smiled slightly.

"Go, go in, let's go in and sit and say." Ouyang Zhengtian said.

That Zhang Zhijie was honored to follow Duguxie, the ghost servant and others into the room in front of him at this moment.

After walking in, Ouyang Zhengtian told Zhang Zhijie the news of the birth of the old yin-yang demon and all the evil things the old yin-yang demon had done recently.

When he heard that it was the old demon of Yin and Yang, Zhang Zhijie's face changed in horror! Obviously he had survived that demon's name, and he also had lingering fears about that demon.

I saw him there with a ugly face and said: "Unexpectedly that demon is still alive..."

"Yes."

"The Yuwen family and our family suffered such a catastrophe because we never thought that the demon was still alive." Ouyang Zhengtian said lamentedly.

"But don't worry, that demon will die sooner or later. We have already contacted many friends in the rivers and lakes... Most of our friends have come to help." Ouyang Zhengtian said with hope.

When Zhang Zhijie heard Ouyang Zhengtian say this, he nodded slightly.

"Oh, it turned out to be like this... No wonder I see many familiar faces in Binjiang City." Zhang Zhijie said.

Ouyang Zhengtian smiled and said: "Yes, because this is the North China Field Army, it is very inconvenient, so I wronged everyone to stay in Binjiang City."

"It doesn't matter. Everyone got together to get rid of that big demon, not to get together to enjoy it. I believe they should understand." Zhang Zhijie said.

Ouyang Zhengtian also nodded again and again.

"That demon is dead this time." Zhang Zhijie suddenly said in front of him with confidence.

Hearing him say this, my brothers are all wondering, why is he so sure?

Even Ouyang Zhengtian next to him looked at Zhang Zhijie slightly wonderingly: "Brother Zhang, why did you say this?"

"We have so many people together, and there are also Senior Dugu and Senior Ghost...There are so many Jianghu brothers, I believe that killing that Yin and Yang old demon shouldn't be a big problem.

"Moreover, even the overlord Situ family from the Great Northwest is here to help... Ha ha, even if the old yin and yang demon is a great skill, I am afraid this time it will be dead." Just listen to that Zhang Zhijie smiling there.

When he talked about the Great Northwest Overlord Situ Family, the Duguxie, the ghost servant and Ouyang Zhengtian sitting next to him were not only stunned.

"Brother Zhang...what are you talking about? You mean the Situ family?" Ouyang Zhengtian looked at Zhang Zhijie in front of him in disbelief.

The Situ family, which is one of the four major families, is far in the northwest, but he and the Ouyang family do have a certain friendship. Although they have rarely interacted with each other for so many years, if it is the turn of the rivers and lakes. , I believe the Situ family will definitely not sit back and watch.

So when Zhang Zhijie talked about the Situ Family, Ouyang Zhengtian was not only shocked there.

The brothers next to him also survived the Situ family, but they didn't know much about the Situ family. The only thing they knew was that the Situ family was far away from here, and far away in the remote northwest desert.

Chapter 1474: You're done

After hearing Ouyang Zhengtian's question, Zhang Zhijie said slightly in puzzlement: "Brother Ouyang, didn't the Situ family come to help us deal with the old yin and yang demon?"

After he said these words, the brothers were even more puzzled.

When did the Situ family say they would come to help? Besides, brothers and Ouyang Zhengtian didn't have time to contact the Situ family in the northwest.

Ouyang Zhengtian, who saw this meeting, smiled bitterly and said: "Lao Zhang, how can we have time to contact the Situ family in the far northwest!!"

Hearing what Ouyang Zhengtian said, Zhang Zhijie frowned and said, "Hey, that's not right. I clearly saw the Situ family in Jinghai City..."

"What? You said the Situ family is in Jinghai City?" Ouyang Zhengtian in front of him suddenly bounced off his seat in shock.

That Zhang Zhijie said quickly: "Yes!"

"When I was rushing to you here, I saw with my own eyes that Mr. Situ Xiong, the master of the Situ family, took his family into the Hilton Hotel in Jinghai City."

"Because I had stayed in the northwest for a while, I had a relationship with the master of the Situ family... I can see clearly that the man is the master of the Situ family, Situ Xiong."

After Zhang Zhijie said this, Ouyang Zhengtian was puzzled.

"Are you from the Situ family?"

"Why did they suddenly come to this gate?" I saw him frowning and muttering deeply there.

The brothers beside him also looked suspicious.

"Brother Ouyang, didn't you find the Situ family to help? Didn't you join us to deal with the old yin and yang demon?" Zhang Zhijie asked in confusion.

Ouyang Zhengtian said: "To be honest, we have never contacted the Situ family."

"Although the Situ family, Ouyang family, Yuwen family, and the previous Duanmu family are called the four major families, but we have not had much contact with the Situ family...especially after so many years, we have almost no contact. "

After Ouyang Zhengtian told the truth, Zhang Zhijie in front of him was depressed.

"Oh, it turned out to be like this! It seems I was wrong." Zhang Zhijie muttered there.

"Lao Zhang, you said that the Situ family is still in Jinghai City, right?" Ouyang Zhengtian asked suddenly.

That Zhang Zhijie nodded and said, "It should be there."

"Great." The three words suddenly excited came out of his mouth.

The brothers next to him were all taken aback, wondering what Ouyang Zhengtian was excited about.

"Brother Ouyang, what's wrong?" Zhang Zhijie asked curiously.

I only heard that Ouyang Zhengtian said to all people with excitement: "Although I don't know what the Situ family is going to go south to the gate this time, I really know Situ Xiong extremely well. Situ Xiong is resolute. , Is a man of temperament, if we tell Situ Xiong what is happening now, I believe we should be very sure to invite the Situ family to deal with the yin and yang old demon with us all."

After Ouyang Zhengtian's words, brothers are looking at me and you at this moment.

Let the Situ family help? Deal with that old yin and yang together?

Will the Situ family agree? This is a common question in the minds of all brothers at this moment.

Want to know that the old Yin and Yang demon was born and harmed, what does it have to do with the Situ family? Is it necessary for others to run into this muddy water?

At this moment, I saw my brothers express this question in my heart.

After listening to their questions, Ouyang Zhengtian frowned slightly, and said, "Everyone's guess is good...but if you don't try, no one will know the result. I think I should talk to the Situ family. People communicate, if they don't help us, it's nothing, but if the Situ family is willing to help us, then we have a chance to win."

Listening to Ouyang Zhengtian's words, Du Guxie and Gui servants thought that what he said was quite reasonable.

After all, even if the Situ family didn't come to help, it wouldn't have much influence on them.

After thinking about it, Duguxie said, "Well, if this is the case, then send someone to contact the Situ family in Jinghai City."

Ouyang Zhengtian smiled and nodded.

After their decision, they were going to send someone to Jinghai City, and then relay the news to the Situ family.

But whether the Situ family would really come to help them deal with the old yin and yang demon together, no one knew now.

The Ouyang family, in the black hole of the ruins of the old house.

"Guimei tends to be unreasonable, unreasonable to converge with people, and colleagues to become bigger and bigger. A to C, C to G, G to Kui. The acquaintance of Zi Chou, the acquaintance of Tatsumi, the acquaintance of noon. Wind and thunder is a change, Shanze It is a change, water and fire are a change. The universe is stimulating, the trembling is stimulating, the detachment is stimulating, the sword of inaction, the sword is sent with the heart, and the mind follows the shape..."

The root of no sword is the root of ten thousand swords. Although there is no sword in the body, there are ten thousand swords in the heart.

The mighty words came from the ruins of the old mansion of the Ouyang family.

But seeing in the entire dark cave, at this moment, I saw his figure dancing extremely fast, and at the same time the invisible sword aura in his two hands echoed throughout the space. Although his hand had no sword, it still had sword aura. All exposed, hostility hurts others.

The vigorous sword aura spread across his body, suddenly he shouted, his body turned into an arc, and at the same time an invisible sword aura in his right hand suddenly cut out with a thunder, and saw the cold and hard stone wall being invisible by him. When his sword aura hits, it makes a huge tremor. I look carefully at the hard rock wall, but there is a deep sword mark on the rock wall...

He bagged his true energy, his body fell, his excited hands looked at his right hand, and then he looked at the sword marks on the stone wall.

"There is no sword air, the power to break the air..."

"I got it... I got it finally!" Suddenly, a burst of laughter came from his mouth.

Li Tian.

The real skill of the fourth level of Maha Wuliang: Ten Jue Sword Qi!

A unique knowledge that integrates the highest sword realm in the world of kendo, first is the practice of the epee level. It is so skillful that Li Tian cultivates the epee. The epee also depends on the inner mastery to use the epee. After the Maha After the immeasurable first-level Entrained Qi Jue, the second-level entry secret, and the third-level body breaking formula, how powerful is Li Tian's current internal strength cultivation? I'm afraid he doesn't even know it!

The only thing he knew was that his internal strength was more abundant and thicker than before. In a flash, Li Tian was able to accumulate all the internal strength and penetrate his entire body.

Chapter 1475: Tiger out of the mountain

After Li Tian finished cultivating the epee tactics, he then began to practice the wooden sword tactics. The wooden sword tactics are more difficult than the epee tactics. The wooden sword tactics not only rely on deep and deep internal strength foundation, but also rely on learning. Warrior's cultivation base.

Plants and trees can be used as swords, and everything can be used as swords. This is the real advanced cultivation level required by the Wooden Sword Art.

As long as Li Tian holds things in his hands, everything in the world can be used as a sword, and to achieve this cultivation base with a sword, he can truly be said to be a master in the hand.

Finally, there is no sword tactic.

If it is said that the epee and the wooden sword tactics rely on internal strength and the cultivation base, then the wooden sword tactics rely entirely on comprehension.

To feel the realm of no sword with your heart, not everyone can understand.

Even the old man Wuji, who created the Boundless Magic Technique of Maha, spent more than 20 years to appreciate the true essence of the Wujian Jue.

There is no sword in the hand, there is a sword in the heart, and the shape of a sword has the power of a sword. Who can do it?

However, Li Tian understood.

Li Tian finally realized the true essence of Wujian Jue. After he realized the true meaning of Wujian Jue, his whole body and mind became clear. He held the sword jue in his mind and swung his sword freely, but his whole body was suddenly not. Moving, the sword aura was revealed, and the real meaning of the swordless state was fully realized by Li Tian.

After he suddenly realized the three-layer sword realm of Ten Jue Sword Qi, Li Tian could say that his whole person had changed in essence.

His eyes looked sharper and more energetic than before, and the invisible aura exuding from his body was like a sword out of its sheath, sharp and eye-catching.

The whole person stood in this dark stone cave, impeccable and perfect.

Slowly returning his hands to the pubic area, Li Tian finally got it through with a soft breath of white energy from his mouth.

Li Tian, who had developed the Ten Jue Sword Qi, was extremely delighted. Even he could feel the changes in his whole body. At this moment, he slightly took out the Maha Boundless True Art in his arms and carefully looked at the contents above. The fifth floor of the immeasurable Maha: the universe is unified!

This fifth level should be the inner strength mental method from the front. After Li Tian took a look, he then stuffed the immeasurable key of Maha into his arms, as if he did not intend to practice at this moment.

Yes, Li Tian didn't plan to continue practicing in this dark cave.

He is going out, going out of the mountain.

In this dark black hole, he doesn't even know how long he has stayed. Except for day and night cultivation, he doesn't know anything about the outside world. He doesn't know that Duguxie has ghosts. How is the servant? I wonder what happened to Tang Xiaolong, Ah Qiu and those brothers? I don't even know what happened to the girls who love him deeply, so Li Tian must go out.

When thinking of this in his heart, Li Tian began to prepare to leave this dark cave.

His eyes looked around the cave, and suddenly his eyes were placed on the "gold bars" over there.

Yes, there are indeed many valuable gold bars left in this old mansion of the Ouyang family. After seeing the gold bar, Li Tian suddenly had a strange idea in his mind, and the corner of his mouth smiled.

Money is a good thing in that society, so facing the "picked up" wealth, how can Li Tian give it up? Isn't that the work of a fool?

So Li Tian was ready to use the enormous wealth in front of him.

Because there are too many gold bars, and it is inconvenient for Li Tian to take these gold bars out now. After thinking about it, Li Tian decided to temporarily bury this huge wealth here. He used The crumbs of stones covered all the gold bars in front of him, and then he was relieved.

He was going to wait until he went out and settled down before coming back to take this huge wealth.

After hiding the gold bars, Li Tian began to find a way out.

He turned around in the dark cave and found that there seemed to be no other way out of this dark cave, only the location of the cavern covered by the stone was the exit.

Looking at the hole that was completely covered, Li Tian not only frowned slightly.

"What can I do? There is no exit in this black hole." Li Tian whispered in his mouth, and at the same time the whole person was thinking hard in the dark cave.

If you want to go out, can you only get out of the hole? Li Tian thought to himself!

However, Li Tian didn't know how thick the covered stone layer was, but this was his only way out. After thinking about it, Li Tian suddenly walked to one side, and he picked up the one on the ground. Hard and heavy steel sword.

Holding a heavy stainless steel knife in Li Tian's hands for a week, Li Tian accumulated his body's energy, and then slashed!

The heavy stainless steel broadsword turned into a blade shadow, and a powerful blow slashed towards the top of the collapsed stone wall in front of him. ,

But when he heard a bang, when Li Tianhun had slashed the hard rock wall, the stone chips on it fell down one after another, and the entire black hole seemed to be shaking violently.

What a powerful sword technique, very powerful internal strength!

To be honest, even Li Tian himself did not expect that his one-cut might be so powerful!

Of course, he would not have thought that after breaking his body, he had completely undergone a qualitative change, and he had made unprecedented progress in both his internal strength cultivation and his skill.

After Li Tian saw his shocking internal strength, he would not only be slightly startled, then he would be ecstatic.

I cultivated this Maha Wuliang myself to reach the fourth level, and now his power has reached such a level. If he cultivates to the ninth level, wouldn't he be able to defeat the sect master of Long Yin and the gate of hell? At that time, his blood and blood will be revenge, and I must be able to avenge it! !

After thinking about this in his heart, Li Tian even fantasized about going out by himself.

He waved the heavy steel sword in his hand, and then slashed toward the stone layer covered with great strength!

One cut, two cuts, three cuts...

The powerful internal energy blasted through the entire stone layer.

In the end, the stone layer of the cave of Ouyang's old mansion that was covered by the bomb exploded was shaken by Li Tian's powerful internal force.

I could vaguely see the light from the outside shining in from the gap outside. After seeing the light from the outside world recruiting into the dark cave, Li Tian felt an unprecedented sense of light in his body and mind.

He looked up to the sky and laughed out loud.

"I `m coming out!"

"I am finally resurrected!"

Accompanied by the sound of his wild laughter, he saw his body suddenly rise from the ground, and rushed directly towards the gap. With a bang, Li Tian slapped his backhand against the cracked stone layer, and then his body soared into the sky. Out of the dark cave in front of me.

Among the ruins of the old mansion of the Ouyang family, I saw Li Tian naked, muscular and masculine, exuding the unique charm of males under the sunlight.

At the same time, because of Li Tian, who has become the Ten Jue Sword Qi, his whole body is even more sharp!

Li Tian now seems to have completely changed a person.

Chapter 1476: Son of Rebellion

After Li Tian got out of the cave in front of him, the sun shone on him.

He took a deep breath of fresh air, and Li Tian, who had so many celestial bodies in that dark cave, was almost suffocated. If it weren't for Li Tian had been focusing on practicing that martial arts, I am afraid he would really go crazy.

Looking at his tattered clothes, Li Tian couldn't help smiling bitterly.

At the same time, I couldn't help thinking in my heart, if I saw my brothers in this way, would they not recognize me?

Hey, it's been so long, I think the brothers have really died by themselves, Li Tian was thinking there.

Suddenly, a weird idea rose from Li Tian's heart.

He thought: Since even the brothers thought that he was dead, no matter it was the people at the gate of hell, or the old yin and yang demon, he thought he was dead... Instead of everyone thinking he was dead, it would be better to simply Pretend to be dead, and use another name to deal with the old yin and yang demon, and the gate of hell, that **** gate and the old demon of yin and yang would not have thought that someone would deal with them, right? In this case, wouldn't it be easier to do things by yourself?

When such a weird idea came up in his mind, Li Tian suddenly became excited.

"Yes, that's it! Since everyone thinks that Li Tian is dead, then I will fulfill you... I pretend to be really dead, and I will come out with another name!" Li Tian thoughtfully said there.

After making this decision in his heart, Li Tian was ready to do it.

His Jingyi eyes looked at the ruins of the Ouyang family, and he couldn't help but lining up in his heart: Ouyang Shiqing didn't know what happened?

In the battle, he entered the sea of flames with the **** Long Yin, but the old yin and yang demon was still alive, would something happen to Ouyang Shiqing and the others? Li Tian said worriedly there.

But worry is worried, he just came out now after all.

After looking at all the ruins in front of him again, Li Tian took his steps and slowly left the ruins!

He came out of the mountain, and Li Tianzhen, who came out again, didn't know how to start his powerful revenge plan.

Jinghai City, the Situ family from afar.

Situ Xiong and his family members are still living in the Hilton Hotel.

After the inexplicable "voyeur" incident last time, Situ Xiong has been gloomy in the past few days and rarely goes out.

But his people are busy looking for the "evil son" Situ Xuan.

Why did this Situ Xiong come to the pass? It turns out that a few months ago, there was a rumor about the Situ Xuan incident of the Situ family in the world. Situ Xiong had almost forgotten about this incident for so many years, but when the situation in the world once again rumored the matter. At that time, Situ Xiong still couldn't help the anger in his heart, so he decided to bring his family members to the Guan, personally to find his back then: Situ Xuan, and then enforce the family law, so they began to come to the Guan. Originally, the Situ family thought that they could use the strength of the Ouyang family to help find the clues of their own "evil son", but after they arrived at the Ouyang family, they found that the Ouyang family had become a ruin... The later things must have been clear without saying .

Now Situ Xiong has arranged all the people he brought to start looking for clues to his "evil son", and he has also contacted many friends in the rivers and lakes.

According to Na Situ Xiong's original words: No matter how much manpower, material and financial resources are spent, he will find that Situ Xuan this time.

In the room, Situ Xiong sat there with an ugly expression.

Zhao Kuo walked in from outside at this moment.

"How is it? Are there any clues?" Zhao Kuo, who just walked in, heard the questioning voice of Situ Xiong.

Following Situ Xiong's questioning, he heard that Zhao Kuozai said, "I have a little eyebrow to tell the master."

"Come on, what's going on?" Situ Xiong asked quickly.

Then Zhao Kuo said, "According to what we learned from the outside eyeliner, Young Master Xuan indeed joined the mysterious and terrifying organization Hell Gate decades ago."

"Damn evil!" After hearing that Situ Xuan had really joined the mysterious and terrifying gate of **** decades ago, Situ Xiong suddenly became annoyed.

Obviously, in Situ Xiong's heart, he didn't have a lot of favor with that gate of hell.

"Master, we also learned that Young Master Xuan seems to have changed his name." Zhao Kuo continued to say there.

Hearing Zhao Kuo's words, Situ Xiong suddenly became angry.

"Renamed? What name did Niezi change?"

"Listen to our informant, it seems that Young Master Xuan is called now, Evil Spirit." Zhao Kuo said.

Listening to the three words "Hunhunshi", Situ was furious.

"The rebellious son, the old man must catch him personally, and then the family law will deal with him!" Situ Xiong said angrily.

Looking at the furious Situ Xiong, Zhao Kuo didn't know what to say, so he could only stand with his head deeply down without speaking.

"Have they found the whereabouts of the evil man?" Situ Xiong continued to ask.

Zhao Kuo lowered his head and said, "There are no accurate clues yet..."

"But according to the informant, it seems that Young Master Xuan had been in Binjiang City a few months ago." Zhao Kuo said.

"Binjiang City?" Na Situ Xiong was slightly startled after hearing what Zhao Kuo said.

Zhao Kuo nodded.

"But that was just a few months ago. As for the current Young Master Xuan, we haven't found any clues yet." Zhao Kuo said.

Listening to what Zhao Kuo said, Situ Xiong had a gloomy face without speaking.

After a while, Situ Xiong suddenly asked, "Are there any of us in Binjiang City?"

Zhao Kuo frowned and said, "No..."

"Master, are you planning to go to Binjiang City?" Zhao Kuo suddenly looked at Situ Xiong in doubt and asked.

I saw that Situ Xiong did not directly answer this sentence. He was just silent. After a long time, he only heard Situ Xiong suddenly say: "If necessary, let's go to Binjiang City!"

When Situ Xiong said so, Zhao Kuo didn't say a word.

They are still here and continue to look for the trace of Situ Xuan, and they also contacted a lot of fellow practitioners to inquire about the trace of Situ Xuan, but they never thought that Situ Xuan

was actually far away in the sky, close in front of them. , At the other end of Jinghai City Center Avenue, and no more than a few hundred meters away from the Hilton Hotel where they lived.

Chapter 1477: Lobbyist

Ecstasy and Situ Ningbing were shocked after seeing their father in Jinghai City.

Now the two of them did not leave the Jinghai City in front of them in a hurry, but continued to stay here, because they didn't know why their father suddenly came to the gate with the family members.

In the room, the ecstasy was standing in front of the glass window, with a pair of eyes fixed on the street outside, looking at something thoughtfully, even when Situ Ningbing walked in, there was no ecstasy in front of him. find.

"Brother." Situ Ningbing walked in and shouted while looking at the ecstasy.

Ecstasy heard his sister's voice, turned his head slowly, and looked at Situ Ningbing.

"What's wrong, Ningbing?"

"Shall we continue to stay here?" Situ Ningbing asked while looking at the Ecstasy.

Ecstasy thought for a while and looked out the window and said, "Well, don't worry."

"I want to see what he did to bring his family to Jinghai City." Just listen to the ecstasy.

Situ Ningbing thought for a while and said, "Brother, do you still hate your father?"

When the Ecstasy heard his sister say this, her body suddenly shook, and then slowly turned her face to look at Situ Ningbing in front of him: "No hate, after all, he is my father, but I don't want to see it. he."

"But, do you plan to never see his old man again for the rest of your life?" Situ Ningbing asked again.

Ecstasy looked at the distant place with a bewildered face, and stood there blankly without making a sound.

Situ Ningbing knew the sorrowful past of his brother, and did not ask too much after thinking about it.

The two brothers and sisters just stayed in the hotel in front of them and waited, waiting for Situ Xiong's movement.

Another day passed.

Situ Xiong is still trying his best to search for the trace of his unfilial son.

But at this moment, Deng Lao, who was holding the knife in his arms, hurriedly walked towards the room of Situ Xiong.

When Deng Lao arrived at Situ Xiong's room, Situ Xiong was sitting on the sofa looking at the newspaper in his hand.

"Master." Old Deng shouted after walking in.

Situ Xiong slid the newspaper in his hand slightly, and said, "What's the matter?"

"Master, someone wants to see you." Old Deng suddenly said there.

Following Deng's words, Situ Xiong was taken aback for a moment, then put down the newspaper in his hand, and said in confusion, "See me? Who?"

"The man claimed to be sent by the Ouyang family, and he came from the remote Binjiang City." Only the old Deng who held the knife said there.

When he heard that it was someone sent by the Ouyang family, and he was still coming from Binjiang City, Situ Xiong immediately frowned.

"The Ouyang family?"

"Isn't Old Man Ouyang dead? He's still alive?"

You must know that the Ouyang family has become a ruin. If it weren't for Deng Lao in front of him to say it personally, I am afraid that Situ Xiong would have thought that everyone in the Ouyang family had been killed.

Just listen to the old Deng Dao said: "It seems that Ouyang did not have an accident."

"Where is the person?" Situ Xiong who was postponed quickly asked.

Then Old Deng replied, "It's just outside..."

"Quickly, call him in." Situ Xiong said hurriedly.

After that, Mr. Deng nodded quickly, and then walked out. After a while, he saw Mr. Deng walking in with a member of the Ouyang family behind him. The young man looked like 2526 and was wearing glasses. , Wearing a gray suit.

The person sent by Ouyang Zhengtian was a confidant of the Ouyang family, whose name was Liu Hao.

When Ouyang Zhengtian, who was in the North China Field Army, arrived in the pass with the Situ family, he sent Liu Hao to go here quickly. Liu Hao arrived here by plane all the way, and there was no delay on the way.

But he said that after Liu Hao followed Deng Lao in, he saw Situ Xiong sitting on the sofa over there.

"Patriarch Situ." After seeing Liu Hao walked in, he said respectfully.

"Are you from the Ouyang family?" Situ Xiong asked when he went up.

Just listen to Liu Hao nodded, and said: "Zai Xia is our Patriarch's driver. This time, I have come back to Jinghai City with Patriarch Situ to discuss things with Patriarch Situ."

"Oh? So there is nothing wrong with your Patriarch?" Situ Xiong said.

Then Liu Hao said, "Although our Ouyang family suffered this catastrophe, our Patriarch has nothing to do with it."

"Tell me, what happened to your Ouyang family? Who was the murderer of your family?" Situ Xiong didn't know why the Ouyang family became like that, so he couldn't help asking there at the moment.

But seeing that Liu Hao's expression changed a little when he mentioned this sad thing, but he still said, "Our family was harmed by the yin and yang boss."

When the four words of Old Monster Yin and Yang came out of Liu Hao's mouth, the expressions of Situ Xiong in front of him and Lao Deng beside him couldn't help but change.

"Sure enough, that demon!" Situ Xiong said in shock in his heart.

It seems that he really guessed right, the world is so big, and only that demon has that great ability.

"What about your Patriarch now? Where is he?" Situ Xiong asked curiously.

"The owner is in Binjiang City." Liu Hao said.

"Binjiang City?" Situ Xiong couldn't help being stunned when he heard Binjiang City. This was the second time he heard the name of this city in two days.

"Why do your family members go to Binjiang City?" Situ Xiong only asked suspiciously.

Liu Hao then told all the previous things, and also all the current Revenge League.

"... Patriarch Situ, now our Patriarch has united many friends from the rivers and lakes, as well as Senior Dugu, and Senior Ghost for their help... So we are determined to deal with the old Yin and Yang demon and kill him. This is not only It is to avenge the innocent people killed in our family, and at the same time, it is also to eliminate the harm from the rivers and lakes." Liu Hao said there.

Hearing what Liu Hao said, Situ Xiong didn't say much.

He was only interested in the evil sword Duguxie that Liu Hao had just said, and the shadow ghost servant two famous people.

"Unexpectedly, the old man has not been here for so many years, and even masters like Evil Sword and Ghost Servant have been born... It's rare, rare." Situ Xiong sighed slightly.

"Patriarch Situ, don't you want to do something for your friends in the rivers and lakes?" A word suddenly came out of Liu Hao's mouth.

When Situ Xiong heard Liu Hao in front of him suddenly say this, not only his face changed slightly, he said, "What do you mean?" He said while staring at the Liu Hao in front of him.

Chapter 1478: Old fox

Just listen to Liu Hao saying: "It's true that I came here this time because our Patriarch wants to ask Patriarch Situ to join us in the Vengeance Alliance team!"

"We would like to invite Patriarch Situ to help us deal with the old yin and yang demon together."

After Liu Hao revealed his true intentions, Situ Xiong suddenly burst into laughter.

This laughter surprised Liu Hao in front of him. He didn't understand why this Situ Xiong laughed wildly, standing there looking at Situ Xiong suspiciously.

After Situ Xiong laughed, Situ Xiong slowly turned his sharp eyes and fixed his gaze on Liu Hao in front of him.

"Can I help you deal with that old yin and yang demon?" Situ Xiong suddenly repeated.

Liu Hao looked at Situ Xiong with anxiety, nodded slightly and said: "Patriarch Situ, what do you mean?"

"Haha..."

"I'm afraid this matter is not right." A word suddenly came out of Situ Xiong's mouth in front of him.

After hearing Situ Xiong's sudden refusal, Liu Hao shook his heart. In fact, he had expected this result a long time ago, but when he accepted it in reality, it was still a bit difficult to accept!

"That old yin and yang demon is extremely powerful and cruel. It was already a famous town in Wulin a few decades ago."

"Moreover, our Situ family has no grievances with the old yin and yang demon during the festival. We dealt with him in this way, this... this is really unreasonable, what do you think?" Situ Xiong just said with a smile.

Listening to Situ Xiong's words, Liu Hao could only smile bitterly: "I understand what Patriarch Situ meant."

"But for the sake of the whole arena, in order to prevent that demon from killing innocents, I hope that the Situ family will think about it... Besides, you still have some friendship with our Patriarch after all." Liu Hao cleverly played the card of friendship.

Situ Xiong smiled slightly and said, "Well, for the sake of brother Ouyang, then this matter is for me to consider... I will give you an accurate answer after I think about it." In other words, he did not directly reject Liu Hao in front of him, just as Liu Hao said, after all, his Situ family is also one of the four major families, and he does have some friendship with the Ouyang family.

Then Liu Hao heard the Situ family say this, knowing that he said it was just a perfunctory statement, so he said: "Okay, then I won't disturb the Situ Patriarch's rest."

"Well, see off the guests." Situ Xiong said at last.

So at this time, Mr. Deng sent Liu Hao out.

After sending off Liu Hao, Situ Xiong, who was sitting on the sofa, narrowed his sharp eyes silently thinking about his thoughts.

Mr. Deng, who was giving away, walked in slightly at this moment.

"Master, are we really not going to help out?" A word came out of that old Deng's mouth.

Situ Xiong raised his eyes and looked at the old Deng, "What do you mean by that?"

Deng Lao thought for a while and said: "In the view of the old, the Ouyang family puts their hands down to ask for our help at this moment. It seems that they are really in a desperate place. Otherwise, if the strength of the Ouyang family still has face, they will definitely not Will come to us like this... and the old man feels that now that many people in the rivers and lakes are planning to deal with the old yin and yang... I think we can also help. In that case, our Situ family's reputation in Guannei will be even greater than before. Better." "Moreover, even the evil sword Duguxie and the shadow ghost servant took the lead in dealing with the old demon of Yin and Yang. Presumably, this alliance event will surely shock the whole arena, so according to the old meaning, we should help!" Elder Deng holding the knife was there. Say.

After listening to Deng Lao's analysis, Situ Xiong in front of him did not speak.

He just squinted slightly, thinking about his thoughts there.

It took a long time before I heard Situ Xiong suddenly say: "But...isn't it easy to deal with that old yin and yang demon?"

"You know that more than 20 years ago, they gathered a lot of people from the rivers and lakes to deal with the demon once, but in the end? In the end, the demon did not die, and now they have killed them like this... Hey, I really don't want to drip the muddy water of these things in their gates." Situ Xiong said there.

Following Situ Xiong's words, Mr. Deng also felt that what he said was extremely reasonable, and remained silent and did not speak any more.

"However, what you just said is right! If we can help out, I believe that our Situ family's reputation in the gate will be even higher in the future!!" Situ Xiong said suddenly.

He was actually thinking about other things in his heart, because if the Situ family took advantage of this opportunity to show up in the rivers and lakes of Guannei, then there will surely be a lot of people from the Guannei Taoist associations, and if this Situ Xiong thinks again then Finding your own "unfilial son" will definitely be easier than it is now.

This Situ Xiong was actually doing his calculations like this.

"Then master, do you mean we should help or not?" The old Deng who was in front of him looked at Situ Xiong suspiciously and asked.

Situ Xiong stretched his waist slowly, and then said with a sleepy face: "Let them wait...So I promised the Ouyang family to help them, it is too cheap for them!"

"Old Deng, you have to know that helping is sometimes an extremely deep learning. When the mountains and rivers are not exhausted, even if you help him with all your strength, he will not be grateful to you too much. On the contrary, if it is in him When you are really desperate, if you stretch out a helping hand and gently pull him, then he may remember it for the rest of your life." Situ Xiong smiled and said a meaningful sentence.

After hearing what Situ Xiong said, Mr. Deng not only smiled and shook his head, but he said to himself: Patriarch is indeed the Patriarch!

After meeting with Situ Xiong, Liu Hao was quite disappointed, because he also knew that the Situ family was inexplicably helped, and it was really unreasonable to be in danger, so he understood deeply.

At this moment, Liu Hao was also living in the Hilton Hotel, and he was waiting for Situ Xiong's reply in name. In fact, only he knew it, and he was just wasting time.

After meeting with Na Situ Xiong, he called Ouyang Zhengtian and the others who were waiting for news from the North China Field Army.

After telling Ouyang Zhengtian about Situ Xiong's "rejection", Ouyang Zhengtian remained silent on the phone for about a minute.

Finally, Ouyang Zhengtian said on the phone: "Okay, what he did, we understand... it doesn't matter, you can find time to come back as soon as possible."

After hearing Ouyang Zhengtian's words, Liu Hao here nodded, hung up the phone, and finally sighed helplessly.

Chapter 1479: Sorrowful beauty

"How's it going? Does someone from the Situ family come to help?"

On the North China Field Army's side, only Tang Xiaolong asked Ouyang Zhengtian, who had just hung up before his eyes. .

I saw Ouyang Zhengtian looking ugly and did not speak.

The brothers had almost guessed the result by seeing his affection.

Just listen to Xue Wuhen saying there: "If you don't help, don't help...Without their family, wouldn't we take revenge for the big brother?"

"Yes!"

"Grass, what is the Situ family? Would we not live without their family?" Tang Xiaolong also said angrily.

At this moment, the ghost servant was comforted by Ouyang Zhengtian, who was looking at the ugly face: "It's okay. It is reasonable for the Situ family to not help. After all, the old demon of Yin and Yang is really scary."

Ouyang Zhengtian reorganized his thoughts and said, "Well, everyone said it was good."

"Although I regret not being able to ask the Situ family for help, I believe that with our strength, we should be able to deal with the old yin and yang demon."

"Yes." The brothers said there too.

"Well, tomorrow, we will gather in Binjiang City... and then discuss together to deal with the old yin and yang demon." Duguxie said at last.

After he said it, everyone had no objections.

So they decided to arrive in Binjiang City the next day, start a round with other people who helped, and then start to really deal with the old yin and yang demon.

During the time when Li Tian was "dead", how about them who loved Li Tian so much?

Needless to say Situ Ningbing.

In addition to Situ Ningbing, what about Duan Muying, Tang Feifei, and Ouyang Poetic Girl?

Duanmuying has not appeared in public view for almost ten days since Li Tian's incident occurred. No one knows what she is doing, and no one knows what the sad woman is doing in the room all day long.

Maybe the only exception is the little girl who takes care of her.

In an exquisite room, but saw a beautiful and haggard figure sitting motionless there.

She didn't know whether her pretty face was caused by the transition of tears, or because of the influence of not eating or drinking all day, which caused her complexion to turn yellow and pale, and even the beautiful lips of Hongru cherry became dry.

She just sat there, sitting blankly, her eyes were swollen and there was no sign of vitality in her pupils.

She is Duanmuying.

Duanmu Ying, who had lost a circle of weight, would be surprised if she was seen by others, because no one could believe that the girl with such a beautiful face was so haggard in just a dozen days.

All the reasons were just because of her pain, and she felt uncomfortable.

In addition to her, there is a little ring on one side of the girl in the room, and her eyes are red and swollen.

Next to her, there was the meal she cooked herself, but she didn't move at all.

"Miss...Miss...please...please eat some?"

"You haven't eaten or drink for many days...You will definitely break down if you continue like this...Miss!" I saw Duanmuying who was persuading the girl Xiaohuan with a choked voice.

It turned out that this silly girl Duan Muying hadn't eaten or drink for many days, no wonder her complexion was so ugly and so miserable.

But no matter how little ring persuaded and comforted, Duanki Ying remained motionless from beginning to end, even her breathing seemed to stop.

"Miss...I know you feel bad, and I know your heart hurts, but... But Miss, if you don't eat or drink, Xiaohuan's heart will also hurt and sad."

Duanmu Ying remained silent,

Looking at Duanmuying who was still silent, the silly girl Xiaohuan suddenly grabbed a sharp pair of scissors next to him, and then she shed tears on her soft arm and said, "Miss, my life is Xiaohuan. It was given by the young lady. If the young lady insists on not eating or drinking, it would be meaningless for Xiaohuan to live. Since the young lady wants to torture herself to death like this, Xiaohuan also died with her... I can also serve Miss."

As the silly girl said so, she suddenly pierced her arm with the sharp scissors in her hand.

Blood, bright red blood flowed down from Xiaohuan's arm.

The silly girl Xiaohuan endured the pain, cutting her white skin little by little.

At this moment, Duanmuying, who had not moved for a few days, suddenly turned around, then grabbed the scissors in Xiaohuan's hand, and then slammed to the ground.

With tears in her eyes, she looked at the silly girl Xiaohuan there.

And what about the little ring? Her eyes were red, and she was holding her **** arm... She was crying there, looking at the finally moving Duan Muying, she suddenly became happy: "Miss..." As long as that Duan Muying can move, her body Pain is nothing to her at all.

But what about Duanki Ying? Although the silly little ring was stopped, he didn't say anything like a mummy.

She just stood up slowly, because she stayed for a few days without eating or drinking, when her delicate body stood up, she was a little fainted, Xiaohuan wanted to go and help, but Duan Muying did not Let.

I saw Duanmuying staggering to the side, looking for some white gauze, and then slowly bandaging the wound for the small ring.

When she saw her lady doing things for herself like this, Xiaohuan was moved and cried.

After that Duan Kazakura bandaged the wound on Xiaohuan's arm, she walked directly to the hearty meal that Xiaohuan made on one side, and then grabbed the food with blank eyes and delivered it to her mouth.

Although she was eating, she seemed to just put the food in her mouth, and swallowed it without chewing at all.

Tears while eating.

Looking at the appearance of her young lady, Xiaohuan couldn't help but burst into tears.

This is how the master and servant spent these ten days.

The grief made Duanmuying completely lose herself and made her feel that everything was empty.

The world without Li Tian, as if her world was completely blurred, completely turned into emptiness...

I really don't know how Duanmuying will spend the rest of the time in grief! !!

Except for Duanmuying's sadness and despair, what about Don Feifei?

Tang Feifei did not expect that Li Tian, whom she hadn't seen for many years, finally made up her mind to come back from the United States to find him... In just a few days of getting along with him, Li Tian was dead like this.

Tang Feifei can't remember how many things she said to Li Tian, let alone what Li Tian said to herself when he went to Jinghai City. There was nothing... just like that, Li Tian "dead", Li The sky is gone forever...

This is really unfair to her and torture her too much.

Chapter 1480: Look down on

On the next day, Duguxie from the North China Field Military Region, his brothers, and Na Ouyang Zhengtian started the alliance plan.

They are ready to reach Binjiang City to join other people who helped.

After preparing everything early in the morning, they set off.

The time to reach Binjiang City is very short. If you drive, it only takes ten minutes.

Soon we can see their motorcade entering the urban area of Binjiang City violently.

In the car, Tang Xiaolong was there and asked, "Are they all waiting for us?"

Ouyang Zhengtian nodded aside.

"Everyone is waiting."

Tang Xiaolong said in his mouth and did not continue to ask.

After their motorcade drove into the Binjiang city in a mighty manner, they then turned towards the East Avenue.

There is a nice hotel on East Avenue in Binjiang City, named: Haocheng Hotel.

I saw a lot of people standing outside the Haocheng Hotel at this moment. Those people are just figures on the road. They can be judged from their figures and the feeling of their eyes. Obviously these people are standing in the Haocheng. The people outside the hotel are from all walks of life to help Duguxie and Ouyang Zhengtian.

The one headed is a bald head with a blessed figure and flushed face.

When they saw Duguxie and Ouyang Zhengtian and their motorcade rushing, they smiled and greeted the people behind them.

After the arrival of Duguxie and Ouyang Zhengtian and their convoy, they slowly stopped.

After the car stopped, Du Guxie, Ouyang Zhengtian and the thunderbolt hand Xu Fan all jumped out of the car vigorously.

"Patriarch Ouyang... Mr. Xu..." I saw the bald head smiling and saying hello.

Then Ouyang Zhengtian and Xu Fan also saw this bald head.

At this moment, he smiled and said, "Brother Wang, thank you for coming to help me this time."

The bald head, called Brother Wang, touched his big bald head and laughed, and said, "Patriarch Ouyang is really polite...I'm just doing a little bit of my strength."

This bald head is called Brother Wang, and his real name is: Tiger Wang.

He belongs to the underground boss of Jincheng. He once ran several underground casinos and nightclubs under his hands. Because the crown prince of Jincheng was cut off by the yin and yang demon overnight and the whole family was killed. The king was afraid that he would be deeply involved. , So after Ouyang Zhengtian and Duguxie and they launched a revenge alliance, the king tiger in front of him brought his men to help. Although it was a help in name, it was actually just coming to make luck and hope Duguxie and the others slaughtered the old yin and yang demon. Ouyang Zhengtian knew the truth of the matter, but he didn't want to say it at this moment. After all, they were here to help.

So Ouyang Zhengtian at this meeting can only greet him with a smile.

"These are...?" Ouyang Zhengtian asked, looking at the strangers around the king tiger.

I saw Wang Huo laughed and said, "You all quickly recommend yourself to Patriarch Ouyang..."

As the tiger said, he heard a thin, skinny man saying: "Hello, Patriarch Ouyang, next is the nephew of the boss of Huaihai Bai, whose name is Bai Zhendong."

"Underneath is Ruan Er of Jincheng!"

"My name is Zhang Biao..."

•••

Just listen to the people behind the king tiger all introducing themselves.

"Our big guys got together today to deal with the yin and yang... the devil..." they said there.

Looking at the strangers in front of him, as well as the infamous characters, this Duguxie snorted for no reason.

Here, Tang Xiaolong and Xue Wuhen couldn't help frowning when they saw each of these selfintroductions to help people, and said inwardly: I'm pulling the grass, what role are these? With them all here to help? With all of them to deal with the evil monsters that were rampant in the arena decades ago?

Although the brothers thought so in their hearts at this moment, they did not speak much.

I saw that Du Guxie coldly glanced at these so-called helpers, and then said nothing, did not even say hello, and directly led the ghost servants and Tang Xiaolong to the Haocheng Hotel. .

When the tiger king saw Duguxie and his brothers leaving the field like this, not only a cold expression flashed in his eyes, but the group of influential characters behind him saw Duguxie and the ghost servants. After people left the field in a hurry like this, they were not only taken aback, but they all muttered in their mouths, "What's the matter?"

"Why don't these people say hello...too rude?"

"Yes, we are here to help anyhow."

•••

The people behind the king tiger were all talking about it.

However, after seeing these people's comments, Ouyang Zhengtian said with an awkward smile at this moment: "I, on behalf of the big guy, thank you for coming to help."

"Go, go, go, everyone, let's go back to the hotel and sit down first, and then slowly discuss the big things." Ouyang Zhengtian said in the relaxation.

After the king tiger heard Ouyang Zhengtian's words, he squeezed a smile on his fat face and said, "Okay, since Patriarch Ouyang has spoken, then we all listen to Patriarch Ouyang."

"Go, let's go inside the hotel."

Talking that the group of people in front of them walked towards the inside of Haocheng Hotel.

Seeing Wang Huo and a bunch of so-called helpers behind him finally walked towards the hotel, Xu Fan, the thunderbolt hand behind Ouyang Zhengtian, said to Ouyang Zhengtian slightly at this moment: "Brother Ouyang, Senior Dugu doesn't seem very happy..."

Ouyang Zhengtian heard the thunderbolt hand Xu Fan in front of him say so, the corner of his mouth smiled helplessly: "Hey, I understand..."

"After all, such a gang of people with three teachings and nine tiers will help us deal with the yin and yang old demon... hey!" Ouyang Zhengtian did not say the following.

But Xu Fan, the thunderbolt hand, deeply understood the meaning of Ouyang Zhengtian's words, sighed, and said nothing, and followed Ouyang Zhengtian in front of him.

But after that Duguxie left the scene indifferently?

Inside a luxurious box in the Haocheng Hotel, I only heard the voices of my brothers.

"I'm sorry, did you see the sick ghost... What kind of people are those just now... They want to deal with the old yin and yang demon?"

"I think they came here to die!" Tang Xiaolong said sarcastically.

But seeing Chen Qiaozhi slightly raised his hand to support the gold-wire glasses on his eye sockets, and then said slightly: "Xiaolong, you are wrong to say that. No matter how strong people are, they can help us at the very least. Yes, are you right?"
