

A Killer 1481

Chapter 1481: Drunkard

So Tang Xiaolong was speechless when Chen Qiaozhi said so.

Xue Wuhen, who was next to him, said: "But I think this group of people is a bit of a fun, what do you think?"

As Xue Wuhen said this, the brothers were also puzzled.

"What Wuhen said is not bad, 80% of those people are here to join in the fun."

"Most of them are punk-level characters. According to my guess, they may not even know who the yin and yang old demon is, and of course they don't know the power of the yin and yang old demon." The ghost servant in front of him said. .

Old Ge over there said strangely: "I know it is an ignorant junior at a glance!"

After the brothers talked so much, everyone was silent.

Originally, Duguxie and the brothers thought that there were still a lot of people helping this time, so they personally drove from the North China Field Army to Binjiang City to see the group of people... But when they saw those so-called helping people, the first sight At that time, they were disappointed, and still a huge disappointment.

There is hardly any character among those people who can be regarded as helpful, almost all of them are inexperienced characters.

If such a group of people really had to deal with the old yin and yang demon, it would be dead.

"Then what should I do now? If we gather such a group of people to deal with the old yin and yang demon... I'm afraid... I'm afraid... there is something wrong with it." Xue Wuhen said there.

Listening to Xue Wuhen's words, everyone fell silent.

"Yes, if they go there, they will simply die." Tang Xiaolong also agreed.

"Then what to do? Is it possible that we still drove others away? I am afraid this is even worse." Chen Qiaozhi said.

What Chen Qiaozhi said is not bad. People are here to help somehow. If they are driven away, what is this?

After thinking about it, the brothers were all embarrassed there, and no one knew what decision to make.

In the end, Duguxie stood up all at once.

"It's up to me then!"

"Face is always more important than their fate." After Du Guxie said such a cold sentence, the brothers stopped saying more.

The inside of Haocheng Hotel is very lively at the moment.

The reason is that Ouyang Zhengtian and the others arrived.

At this moment, I saw in the main hall on the 6th floor of the Haocheng Hotel, Ouyang Zhengtian, the thunderbolt hand Xu Fan, and Wang Huo and others all walked in with a smile.

In the middle is a large circular glass table, which is filled with the delicacies of the mountains and seas just ordered, including abalone, large lobsters, elephant 拔 and other precious things. There are also two bottles next to it. The chateaulafiterothschild that has been collected for many years, the Lafite premium red wine produced in 1934,

Looking at such a luxurious meal on the table and the two bottles of high-quality red wine, Ouyang Zhengtian not only frowned deeply.

Xu Fan next to him also whispered to himself in that mouth: Hey, here are the strategies for discussing the enemy, it is simply the enjoyment of fools!

Although they thought so in their hearts, they didn't directly say it.

I saw the bald king tiger over there with a smile on his face and said, "Patriarch Ouyang, hurry up and sit down..."

Ouyang Zhengtian waved his hand and said, "Don't dare, don't dare."

"If Patriarch Ouyang is not in your seat, who else is worthy to sit in that seat, please sit down quickly," said the bald king tiger.

Ouyang Zhengtian couldn't help it, so he sat down.

"Mr. Xu, please sit down quickly..." Then Wang Huo began to greet Xu Fan, the thunderbolt hand in front of him.

Xu Fan smiled awkwardly, then sat down on the side.

After everyone sat down, the king tiger took the lead and said: "The big guys finally got together today. It is really fortunate. At the same time, we also hope that everyone will be successful this time. So I killed the **** old yin and yang demon."

"Boss Wang is right!" The thin, ghost-like Bai Zhendong who claimed to be the nephew of Boss Bai from Huaihai, clapped his hands.

As he clapped his hands, some of the characters beside him who could not be named also clapped with laughter.

"Come, come, let's first offer Patriarch Ouyang a glass of wine." I saw that Wanghuo said as he opened the bottle of Lafite red wine that had been treasured for many years.

Then he filled up every cup.

Then Ouyang Zhengtian waved his hand quickly: "I don't drink..."

"Furthermore, we are here today to discuss with everyone to deal with the old yin and yang demon together. I am afraid that drinking today is not good, right?"

Listening to Patriarch Ouyang saying this, I just heard that King Tiger laughed and said: "Patriarch Ouyang is really careless, we all came to discuss with Patriarch Ouyang today about the enemy's

strategy, but the discussion is to discuss and eat. Going back to dinner, these two do not delay, right?"

When Wang Huo coaxed together like this, he just listened to those people around him smiling and saying: yes, yes.

"Patriarch Ouyang, do you give everyone a face... After all, we finally got together today." Wang Hu said, holding his cup there.

Looking at these people in front of me, they are all holding their cups. Ouyang Zhengtian in front of me is not drinking, nor is it not drinking. Finally, helplessly, he also raised the cup and said, "Well, since everyone is so happy today, Then I will accompany you to drink one."

As he spoke, he held up the glass and drank the glass of red wine in his hand.

Watching Patriarch Ouyang drank the glass of red wine, the bald king tiger said with a smile: "Hero! It really deserves to be Patriarch Ouyang."

After speaking, he raised his neck and drank the glass of red wine in his hand at once, and the group of people beside him opened their mouths to drink.

"Patriarch Ouyang, to be honest, everyone came to help this time, all of which are looking at your face. If Patriarch Ouyang were not for you, our brother would not come to death." Said the king arrogantly.

But seeing that Ouyang Zhengtian heard that Wang Huo say so, he shook his head with a bitter smile.

"Patriarch Ouyang, what is that yin and yang old demon... our brother will definitely help you kill him!"

"As long as the old demon dares to appear in Binjiang City... we promise that we will definitely let him come again and not have the ability to leave." Wang Laohu said coaxingly.

The guy over there named Zhang Biao, at this moment, holding a wine glass in one hand, said coaxingly, "Boss Wang is right... I don't believe that he has three heads and six arms. , Even if they did, I would chop them all off and feed the dogs..."

"Haha, yes, feed the dog!" The other guy next to him said with a smile.

Listening to these infamous characters bragging here one by one, what else can Ouyang Zhengtian do besides sighing helplessly. Now he can only pray for these people in front of him to understand the truth as soon as possible, lest they will die. I don't know how I died.

Chapter 1482: Awesome

An extravagant banquet was passed by a group of people in a group of wine and rice bags.

After eating and drinking, the king tiger took his group and left the banquet, preparing to go back to the hotel room to rest. When he left, he did not forget to pat his chest and said in a vow: "Brother Ouyang, Don't worry, the hatred of your family, and the thing called the yin and yang old devil... it's on my little brother, I must kill that **** for you, little brother."

Hearing what the bald king tiger said, Ouyang Zhengtian could only smile and shook his head.

Watching them leave, Ouyang Zhengtian couldn't help but sighed, suddenly grabbed a glass of Lafite wine next to him, and drank it all at once, but when this good wine was drunk in Ouyang Zhengtian's mouth, It's bitter, turned into bitter wine.

Xu Fan, the thunderbolt hand by his side, looked at Ouyang Zhengtian, whose expression was extremely ugly, and couldn't help saying, "Brother Ouyang, what can I do now?"

"These so-called helpers, there is simply not one that can be used... To be honest, their characters are in the hands of the old demon of Yin and Yang, and they may not even know how to die."

"They don't know, but we witnessed the terrifying power of that demon with our own eyes back then!" Thunderbolt hand Xu Fan said worriedly there.

How can Ouyang Zhengtian not worry about it?

His face was pale and ugly. After hearing the words of Xu Fan, the thunderbolt hand in front of him, he suddenly stood up and said, "I'll find Senior Dugu and them."

Then Xu Fan heard Ouyang Zhengtian say so, so he followed.

After they reached the room of Duguxie and the brothers, they saw the brothers sitting quietly in the room.

After seeing Ouyang Zhengtian and the thunderbolt Xu Fan come in, they didn't pay much attention to them.

"Senior Dugu..." I saw Ouyang Zhengtian shout over there at the moment.

But Tang Xiaolong, who was next to him, suddenly slanted his eyes and opened his mouth.

"Patriarch Ouyang, why, drink and eat? How about your friends? Have you all eaten?" Tang Xiaolong asked sarcastically.

After Tang Xiaolong said so ironically, Ouyang Zhengtian's expression became even more embarrassing.

Chen Qiaozhi was still quite rational. Seeing that Tang Xiaolong's words were full of ironic words, he quickly eased the atmosphere and said, "Patriarch Ouyang, what's wrong? Is something wrong?"

I saw that Ouyang Zhengtian's face was full of guilt, and he said: "I know that everyone is complaining about me at this moment... angry me."

"But I really did my best."

"I never thought that they would be such a mob..." Ouyang Zhengtian said sadly.

Listening to Ouyang Zhengtian's words, the ghost servant thought for a while and said: "Patriarch Ouyang is serious, everyone actually didn't blame you, but think that if your friends who asked for help really want to deal with the old evil I'm afraid it's a little inappropriate."

"Well, Brother Ghost is right!"

"If they are really asked to help deal with the old yin and yang demon, there will only be one result, and that is: death!" Xue Wuhen said.

"Everyone present should know the terrifying power of that old yin and yang demon... Do you think your friends can really help us?" The ghost servant suddenly said.

After the ghost servant said this, everyone present was silent for a moment.

That Ouyang Zhengtian had a deeply guilty face and did not speak.

The Thunderbolt hand Xu Fan said at this moment: "Hey, Patriarch Ouyang has done his best..."

"It's just that I didn't expect it to be like this." Only Xu Fan said.

"What should I do now? I think let those people go..."

"En! That's a good idea."

"After all, these people staying here will not help us very much... Once the yin and yang old demon really appears, no one of us can care about their safety, on the contrary, it will harm them..." The brothers were talking there. Talking.

"But people kindly come to help us, if we drive them away, I'm afraid this matter will go out, okay?" Xu Fan said.

In the end, Ouyang Zhengtian opened his mouth and just listened to him saying, "Don't worry, everyone, since this matter started because of me, then I will do it, I'll tell them, I'll tell them, let them go away."

After Ouyang Zhengtian made the decision to do this, the brothers never spoke again.

In fact, although the brothers look down on the identity of that group of people, they also look down on the ability of that group of people, but from the bottom of my heart, Duguxie and the brothers' actions are really good for those people.

After all, the strength of the old demon of Yin and Yang is too terrifying.

If you really wait until the old Yin and Yang demon appears, those so-called helping people will definitely die here.

In order to avoid unnecessary deaths and injuries, the brothers can only do this.

But what about those people?

The group of so-called helping guys did not immediately return to their hotel rooms to rest after being satiated, but came to the room of the bald king tiger in a unified manner.

At this moment, I saw 78 people sitting in a row to discuss matters.

"Boss Wang, who is the one-armed guy this morning? So arrogant, and the guy with the grimace mask...looks like a dude...what's the background of those people?" Just listen A guy named Zhang Biao said unconvincingly there.

It turns out that this morning, the Duguxie and the ghost servants, after seeing their group, did not even look at them directly, leaving them directly, making them very dissatisfied, so now they are talking here again. Talking.

After listening to Zhang Biao spitting out here, Bai Zhendong, the nephew of the Huaihai boss on the other side, also said, "Yes, especially the one-handed guy... I'm grass, and I still hold it in my hand. A bronze sword with a broken iron gadget, what age is this Nima, and still use that gadget? Not as good as the Beretta 92sbfm9 pistol in my waist."

As they said so, but saw the bald king tiger said with deep eyes: "Don't underestimate those two people!"

"Why? Does it have a background?" Zhang Biao said on one side.

Bai Zhendong beside him blinked at the bald king tiger.

Just listen to Wang Huo said: "You may not know the names of those two people, but I know deeply..."

"Who is it?" Zhang Biao and Bai Zhendong asked.

"One is called the evil sword Duguxie, and the other is called the immortal servant, the ghost servant." The bald king tiger slowly said the name of the duguxie and the cinnamon from his mouth.

Chapter 1483: Hero

After he said this all of a sudden, Zhang Biao and Bai Zhendong beside him not only frowned, and then the two shook their heads again and again.

"Never heard of..." They really hadn't heard of the names of the two.

I saw the bald king tiger in front of me and said, "It's normal for you to have never heard of their big names. After all, they were already famous decades ago."

After listening to what Wang Hu said, Zhang Biao blinked his eyes and said, "Boss Wang, do you mean that those two are really awesome?"

The bald king tiger touched his shiny head with his hand and laughed and said, "I heard it is awesome, but as for how powerful it is, I really haven't seen it with my own eyes."

"The legendary thing is the same as farting, how many reliable ones?" Zhang Biao said in disdain.

The skinny and skinny ghost Bai Zhendong next to him also said, "Yes, those two guys look like second-hands, and at first glance they are not very good characters... Damn, if they are good, Why do you want us to help? Right?"

"Yes."

The few people in front of them began to deeply despise Duguxie and the ghost servants.

The so-called frog at the bottom of the well is used here at this moment, and it can be said to be just right.

"Grandma's, show us my face today... You didn't even go directly to talk to us? You just look down on us." Zhang Biao said angrily.

The skinny ghost Bai Zhendong said: "Yes, damn, what I look down on the most is that kind of stuff..."

"If it weren't for us to help, I really want him to have a taste of Lao Tzu's gun, but I want to see if it is the broken iron thing in his hand or Lao Tzu's bullet."

In the voice of the few people in front of him, the bald king tiger laughed haha.

"Brothers, don't be angry..."

"Just because they still look down on us? Laozi still look down on them... Forget it, don't be insightful with those famous people, don't forget, we are here to help after all."

"And the big guys had better keep their eyes on each other! I heard that the yin and yang old demon really seems to be very powerful." The bald king tiger finally said a useful sentence.

That Zhang Biao said, "It's so good to use it... can't so many of us still be able to deal with the yin and yang devil alone?"

"Even if everyone peed, it was enough to drown him." The guy was very vulgar, and said swearing in his mouth and laughed.

The skinny ghost-like Bai Zhendong beside him also laughed in response, and they seemed to not care about the yin and yang demon at all.

When Duguxie and Ouyang Zhengtian gathered together for the revenge alliance, of course the news had spread everywhere.

As the most mysterious and terrifying dark gate of hell, of course, such rumors have already been heard.

Inside the Necropolis, I saw a row of people wearing black robes kneeling in a stone house.

These were all well-known masters back then, but now, they are not like humans, ghosts are not like ghosts controlled by the master of the gate of hell, and they have been controlled for so many years. Now they have changed a little. Inhumanity becomes just a machine, a killing machine.

But seeing the front of this row of masters kneeling, standing is the master of the gate of hell.

Two people stood next to the master of the gate of hell. One of them was a black boy, and the other was a tall and thin old man with half-white hair: Ruan Zixiong.

"It is said that Duguxie has gathered a large number of people and prepared to deal with the old yin and yang demon?" Hearing only one sentence, he suddenly said coldly from the mouth of the door master of the **** gate.

The dark-skinned boy next to him nodded quickly and said, "Yes!"

After hearing this, the master of the gate of **** couldn't help but sneered: "Unexpectedly, even he would find someone to help...Haha, it seems that the name of the evil sword is gradually declining..."

"Master, do we want to act?" Hei Zai asked suddenly there.

But the master of the **** gate groaned slightly, and then did not answer this sentence positively, but simply asked: "Where are the people they gathered now?"

"Binjiang City." Hei Zai said.

"Does the Yin and Yang boss have any clues?" the master of the gate of **** asked again.

"not yet....."

"Check, find out the clues to the old monster of Yin and Yang as soon as possible." The master of Hell Gate said coldly.

Hei Zai lowered his head and said, "Yes!"

"Ruan Zixiong, take someone to Binjiang City." The master of Hell Gate suddenly ordered again. After saying this, the thin old man beside the master of the gate of **** nodded quickly, and then said: "Yes!"

"Remember, don't act rashly, first observe the movements of the Duguxie and others... When it is not a last resort, let's not take action... We are just a spectator this time... Have you heard clearly?" In the cold words, Ruan Zixiong nodded silently.

"Subordinates know." Ruan Zixiong replied.

The master of the gate of **** sneered: "Okay, very good."

"You go down."

Finally, the master of the gate of **** said.

After speaking, Ruan Zixiong and the black boy next to him slowly retreated. The other dozens of black robe masters who were kneeling on the ground also stood up at this moment, arching their bodies and all backed out.

At this moment, only the master of the gate of **** remained in the entire cold stone house.

He stood alone in the endless darkness, and the terrible darkness enveloped his whole body, as if swallowing him completely.

He murmured in that weird way: "No one in the world can compete with me now... Except for Duguxie and the yin and yang boss them... Now? They kill each other, and when that happens, I won't have to take action. , You can take advantage of the fisherman... Haha, when the time comes, the whole world will be mine, mine!"

The sound of wild laughter suddenly resounded through the endless darkness.

"Father, you once said that my treacherous generation is not worthy of being the leader of the heroes in the world, but now? I have killed all those who stop me... All who stop me have died... Who else? Heaven and Earth? Who else is worthy of my opponent below?" The endless and mighty domineering voice came out of his mouth.

I am a hero!

He really deserves to be a hero!

"There is only one thing I haven't done yet, and that is the gate to the restricted area on the top of the Tianshan Mountains... Once I am waiting for me to break the celestial book, I must open the gate to the restricted area of the Tianshan Mountains! One!"

Endless words of hostility came out of the master of this **** gate.

Who is he?

Why have such terrible ambitions?

Chapter 1484: invite

Binjiang City, Haocheng Hotel.

Since the Duguxie and the brothers got together with the so-called helpers, they haven't said much.

In the eyes of the brothers, those characters are basically no different from trash except for eating and drinking all day long, so they really don't want to interact with these people.

And what about the bald King Tiger and others? I also feel that I am very awesome!

Basically, they don't get close to Duguxie. They think that Duguxie and the ghost servants are just a bunch of people who seek fame.

And what about Ouyang Zhengtian? As an intermediary, Ouyang Zhengtian seemed very embarrassed and also very difficult to do.

He knew in his heart that the king tiger and the group of people he brought could basically help nothing, but he couldn't tell the king tiger and others directly. He was just looking for an opportunity, looking for a suitable opportunity, and then let this group of so-called helping people leave here.

In the room, Ouyang Zhengtian stayed there with a melancholy expression. The two days of Ouyang Zhengtian was obviously haggard and thin, and even some white hair appeared slightly at the temples...

The thunderbolt hand Xu Fan looked at Ouyang Zhengtian in front of him, not only worried and said, "Brother Ouyang, you are so worried...Let's take care of things about that group of people slowly, and I believe everything will be fine."

Ouyang Zhengtian nodded silently while listening to Xu Fan's dissuasion from the thunderbolt, and sighed: "Hey, it seems that there is no hope for them."

"My only hope now is that Zhang Zhijie can invite the Smiling Buddha and the others." Ouyang Zhengtian said suddenly there.

"Laughing Buddha?" When Pili's hand Xu Fan heard the three characters for smiling Buddha, he was not only slightly startled, but it seemed that the smiling Buddha had a background.

Laughing Buddha: A weird person who still smiles when he kills, a guy who only recognizes money but not people.

This smiling Buddha belongs to a lonely weird person, and he is extremely shrewd. He likes to calculate everything carefully, and his two hands are like women. They are extremely white and light. I heard that they will lose the "disguise" technique. It can turn a person into a fundamental stranger in an instant without any flaws.

Because this person often shows people with a smile, few people see his vicious side. Many enemies were even killed by him directly in the laughter of the smiling Buddha. Moreover, because of this "smiling Buddha", he will be disfigured. Skills, so few people have seen his true appearance, the only thing he knows is that he is a fat man, and a fat man who loves to laugh.

When Xu Fan, the thunderbolt hand in front of him, heard that Ouyang Zhengtian was about to invite the "Laughing Buddha", he not only said slightly, "Brother Ouyang? Can this smiling Buddha be invited? I listen." It has been a long time since the Laughing Buddha has appeared in the world, and it is said that he is a fan of money, and he likes to bargain with you on everything..." Xu Fan, the thunderbolt hand, said in confusion.

After Pili's hand Xu Fan asked so suspiciously, he only listened to Ouyang Zhengtian said: "Hey, I actually don't want to ask this person to help, but now you see, among those of us who help, almost none of us has real skills. ...If I don't ask others to help, how can we deal with that old yin and yang demon?"

Hearing what Ouyang Zhengtian said, Xu Fan also felt very reasonable, but he still said, "But it is said that the smiling Buddha has always been out there, and it is said that no one has seen his true face. We can invite him. This person?"

Ouyang Zhengtian said: "You can rest assured about this."

"Others may not know the Smiling Buddha, but I do."

Listening to Ouyang Zhengtian saying this, Xu Fan was slightly taken aback: "What do you mean?"

"Brother Xu may not know. My father helped the smiling Buddha more than ten years ago... So this person has always been kind to my family. I believe he will never forget the kindness."

When Xu Fan heard Ouyang Zhengtian say this, he not only smiled and said, "Oh, that's how it is."

"But, brother Ouyang, do you have his current address for that smiling Buddha?" Xu Fan asked again.

Ouyang Zhengtian said: "Of course I know, in fact, this smiling Buddha has always been in Jinghai City..."

"Oh, all right!"

"If this person can be invited, then if we deal with the old yin and yang demon, we will have a little bit more chance of winning." Just listen to Xu Fan in front of you with a smile.

"Well, now I can only wait until Lao Zhang and the others return." Ouyang Zhengtian said in front of him.

Ouyang Zhengtian wants to invite that smiling Buddha!

He told Duguxie and his brothers about this matter.

When the name of the Laughing Buddha was said, the brothers were still very surprised, after all, they had all heard of the nickname of the Laughing Buddha.

"Laughing Buddha, is that fat man who likes to laugh?" In the room, only Tang Xiaolong said.

"Well, it's him." Ouyang Zhengtian said.

On one side, Chen Qiaozhi slightly helped the gold glasses above his eye sockets and said: "I have heard of this person, it seems that he is quite famous."

"Right?" Xue Wuhen interrupted over there.

"I hope I can invite him. If there are more people like this to help us, we will be a bit easier to deal with the old yin and yang demon." Xu Fan said on one side.

"Yeah."

"Wait, now I can only wait until Zhang Zhijie invites the Smiling Buddha." Ouyang Zhengtian said at last.

During the two days, the brothers did not take any action, they were just gathering more people to help.

Because dealing with the old monster of Yin and Yang and the gate of **** this time is definitely not what these people in front of them can do, so now I just hope to find more gangsters to help.

As two days passed quickly, on the third day, that Zhang Zhijie really came back.

It's just a pity that Zhang Zhijie came back by himself, and he didn't bring anyone, let alone any smiling Buddha.

After leaving the hotel, the brothers were not only disappointed when they saw Zhang Zhijie coming back alone, especially Ouyang Zhengtian.

"Lao Zhang...what's the matter? Didn't you invite the smiling Buddha?" Ouyang Zhengtian asked with an incredulous expression in his eyes.

I saw that Zhang Zhijie looked very tired due to the back and forth bumps. At this moment, he muttered with a pale face: "Brother Ouyang, I'm sorry...I didn't invite it."

Listening to this Zhijie saying this, Ouyang Zhengtian not only felt a little in his heart, but he still said, "Brother Zhang, it doesn't matter, you have worked hard along the way... Let's go back to the hotel and rest."

As they were talking, they put that Zhang Zhijie into the hotel in front of them.

In the room, I saw that everyone's faces were deeply disappointed, especially Ouyang Zhengtian. He thought he could invite the smiling Buddha, but after hearing Zhang Zhijie's words, he Suddenly disappointed.

He never thought that since his family was ruined, even the people he had helped before would not come to help...!

Chapter 1485: Lord Vengeance

Everyone in the room looked extremely ugly. Everyone knew that Zhang Zhijie hadn't invited anyone and felt very uncomfortable. At this moment, everyone didn't say too much.

In the end, Ouyang Zhengtian opened his mouth. He looked at Zhang Zhijie and said, "Lao Zhang, tell me, did you see the smiling Buddha? Did he personally refuse it?" Ouyang Zhengtian seemed a little unwilling. the meaning of.

But when I saw Zhang Zhijie in front of me, he said, "Yes!"

"It's just that smiling Buddha...too...too he is not righteous." Zhang Zhijie said angrily.

Listening to what Zhang Zhijie said in front of him, Ouyang Zhengtian was not only taken aback, but the brothers also looked at Zhang Zhijie suspiciously.

"Not righteous? What do you mean?"

Just listen to that Zhang Zhijie said there: "This smiling Buddha also remembers the kindness of the old man who saved him back then, and actually went to work for others for money."

After listening to Zhang Zhijie's words, Ouyang Zhengtian and the brothers in front of him were not only depressed.

Ouyang Zhengtian knew in his heart that the smiling Buddha was an extremely greedy person, but he just couldn't figure out who he was working for at this juncture.

So Ouyang Zhengtian of this meeting couldn't help asking, "You said the Laughing Buddha worked for others? For whom?"

"Working for a man called the Vengeful Young Master." Zhang Zhijie said angrily.

When Zhang Zhijie suddenly said an unfamiliar word "Prince Revenge", whether it was Duguxie, the ghost servant, or Ouyang Zhengtian and others in front of him, they were all puzzled.

"Prince Revenge?" Tang Xiaolong frowned over there and muttered.

On the other side, Xue Wuhen and Chen Qiaozhi were also muttering: Revenge son...

what is this?

How come a revenge boy suddenly appeared? What's the situation with this Nima? This is the only thought the brothers have at the moment.

"Lao Zhang, what revenge son? Why have I never heard of such a name on the road?" Ouyang Zhengtian said with a face full of horror in front of him.

The brothers next to him also looked at Zhang Zhijie with a surprised expression.

I saw Zhang Zhijie said depressedly: "Actually, I don't know very well... The only thing I know is that a man named Vengeful Lord suddenly appeared in Jinghai City recently. I heard that that guy is very rich. It is said that the money is fine. Flowers like flowing water, and they are still recruiting people in Jinghai City...and some beautiful student girls from the school..."

Listening to Zhang Zhijie's words, the brothers in this club and Ouyang Zhengtian were all depressed.

Why is there an extra person named Vengeful Lord for nothing?

Who is that guy? What are you doing? This is the question in all the minds of my brothers.

I saw Zhang Zhijie in front of me and said, "That **** smiling Buddha was invited by this revenge young man, and he also said that he became a butler... you have food, money, flowers, and women!" Zhang Zhijie said. Said the hateful way.

Listening to Zhang Zhijie's words, Ouyang Zhengtian became speechless.

"Hey, it seems that he is a prodigal son." Only listen to Ouyang Zhengtian's summary.

"Nima, what's the situation? It seems that the smiling Buddha is not a good thing. He was bought by some money," Tang Xiaolong said angrily.

Xue Wuhen here also said contemptuously: "Yes."

"There is also the one called Lord Revenge, is it just for fun?"

Duguxie suddenly snorted coldly at this moment: "Don't worry about the nostalgia, let's discuss how to deal with the old yin and yang demon."

After Duguxie let out a cold shout, the brothers in front of him no longer mentioned anything about the revenge boy.

In the eyes of the brothers, the so-called revenge boy who appeared for no reason should be the boring thing done by the boring brother of the rich man. This thing is really boring in their opinion, so they didn't do much. Too much attention.

But what is the truth?

Jinghai City!

Jinghai City has been lively these days.

Because a rich "master" appeared.

No one knows where his money comes from, and no one knows his identity and background. The only thing he knows is that he has a nickname called: Revenge of the Lord.

After hearing this name, many people were stunned for a while, and then everyone else started laughing, because they thought that name was really painful and boring.

revenge? What revenge?

A rich man who can spend money like running water, has Mao's hatred:? But what about the truth? No one knows so far.

The reason why this young man of Vengeance is so famous in Jinghai City these days is entirely because of an amazing move he did in the Emgrand Building.

The Imperial Mansion, a place frequently visited by the upper-class people in Jinghai City, is not only haunted by celebrities of all levels, but also many entertainment stars are also frequently haunted. To put it bluntly, it is a society of wealthy people, and a bottle of wine can be there. Enough for a white-collar worker's salary for a year, and a cup of tea there can be enough for a poor person to work hard for a year... This is the Emgrand Building, this is the consumer life of the rich.

But how could Prince Vengeance suddenly become famous in the Imperial Building overnight?

It turned out that a few days ago, there was an auction in the Emgrand Building. The auctioned item was a piece of "underwear" by a glamorous actress in Jinghai City.

The so-called celebrities, even the celebrity ***** will feel famous! No way, in today's society, celebrity's things are always valuable...even the most common things

At such a boring auction, the underwear of the glamorous female star was sold at a astronomical price of 270,000 yuan by a boring upper class... But this is not the focus of this auction. The focus is on the last. When the auctioneer was about to take away the 270,000 female star underwear, one of them stood up, and he called out a shocking price that no one could believe.

"one million!"

When the sky-high price of one million was called out by him, the entire upper class of the Emgrand Mansion was stunned. Legend has it that the entire Emgrand Mansion was silent at that time and silently looked at the person who bid the price.

A young man, and a handsome young man.

He is Lord Vengeance.

A female star's underwear was auctioned off by him for one million, and he signed a check directly.

After he signed the check, everyone was stunned, and the so-called rich people were dumbfounded...

What is rich? This Nima is called rich! One million bought an actress's underwear! This is really rich!

Chapter 1486: Second son

It is said that after this young man of Vengeance bought a piece of the actress' underwear for one million, the entire Emgrand Mansion cast extremely admiring eyes on the young man of Vengeance. They really saw what a rich man is.

So that when the last revenge boy was holding the underwear, the glamorous actress hugged the revenge boy's neck tightly, and said softly in his ear with the extreme affection: behind the underwear My phone number...As long as you call me, I have time at any time...As long as you want, I can do anything for you!

This is the dramatic scene of Prince Vengeance.

The only name that was heard the most in the entire Imperial Building that night was the name of Lord Vengeance.

In the upper-class society, everyone thinks this person is a rich guy, but what about ordinary people? That Lord Revenge is simply a second force!

These two words came out of Tang Xiaolong's mouth.

Because when he heard Zhang Zhijie talk about the revenge son, he began to pay special attention to the Jinghai city newspaper. When he saw that the revenge son was famous in this way, Tang Xiaolong cursed. Said: Nima's, what kind of bird society is this? That's all right? One million bought a pair of women's underwear? And it's the underwear used by women...this Nima is too two, it's simply too two.

Xue Wuhen beside him laughed when he saw the news in the newspaper.

"Interesting, so interesting, I think that Lord Vengeance is quite fun."

"It's so fun...this Nima is simply too much money to spend." Tang Xiaolong said angrily.

Xue Wuhen smiled and said: "People have money to take care of your ass...the rich naturally have the way of spending by the rich, hey, we can't compare it."

"Look, take a look, what female model was hired at the film school in Jinghai City recently for that Lord Revenge... as a subordinate? The monthly salary is as high as 30,000 yuan a month!"

"Cheating, Nima, too cheating." Tang Xiaolong in front of him pointed to the newspaper above and roared.

Xue Wuhen smiled and said: "Forget it, don't be mad...people's money, you can spend it whatever you like, whatever it is, don't you?"

Tang Xiaolong said there, "Hey, I'm not angry, I'm just not worth it for those beautiful girls... How many beautiful girls should Nima have that should lose their virginity overnight..."

Hahahaha!

Xue Wuhen burst into laughter after hearing Tang Xiaolong's words.

Jinghai City.

It is indeed very lively now, because an extremely wealthy person has appeared, and his name is called Lord Vengeance.

At the beginning, people were still talking about why he was named Lord Vengeance, but then people gradually stopped paying attention to that weird name. Their only concern was what the Lord Vengeance was doing recently...

It is said that after the Prince Vengeance became famous in the Imperial Mansion overnight, he even lived in several high-end nightclubs for consumption, and he has always spent thousands of dollars, which can be described as very grand.

Now it is in the Film Art School of Jinghai City that a contest called a beauty pageant is held.

It is said that only beautiful women can be his servants, and the cost of a servant is as high as 30,000 yuan a month!

And now, I saw this activity in the film academy.

There are many interviewers from the media who come and go, and there are glamorous girls in gorgeous dresses waiting for selection.

These beautiful girls are basically students in the college. They cost 30,000 yuan a month. Who doesn't want to go?

Even if you sell yourself, there are probably many girls vying to get ahead.

I saw a lot of female students standing in rows in the selection area, how **** and **** they were. Black silk, short skirts, professional attire, cute attire, it can be described as everything, the only selection That person is a man in his 40s.

A fat man in his 40s with a smile on his face.

He has a round face and looks funny and cute. He has very small eyes. He is watching the beautiful girls in front of him. Perhaps in the eyes of these girls, he is just a smile. , And a fat man with a fat body, but if you know his background, you will definitely be shocked, because he is what Ouyang Zhengtian said: Laughing Buddha, a fat man who murdered invisible.

Huan is fat and thin, beautiful women of all colors walked by in front of him one by one, and then he decides which girl can stay, which girl cannot stay, and the ones left can naturally go to the vengeful boy's side, and then To be a servant, to be a servant with a monthly salary of 30,000 yuan a month.

Many girls try their best to show their beauty, and some even seduce the smiling Buddha, but what about the smiling smiling Buddha judges? He seemed not to be interested in these women. Among the 100 girls who participated, it is estimated that only 35 were left!

It turns out that the money of the rich is not easy to earn! This is the conclusion drawn by the girls after the competition.

Finally the first day of the audition competition is over.

The extremely domineering and extravagant latest Hummer cross-country zlx100 car parked at that door was parked in a dazzling manner. After the smiling Buddha reached the side of the awesome cross-country Hummer, the door was It opened, and then he got into the car amidst the people's discussion and the crackling of the camera.

"Drive, back to the Hilton Hotel."

After the voice of the smiling Buddha came, the driver slowly drove towards the Hilton Hotel in Jinghai City!

It turns out that the Prince Vengeance, the Smiling Buddha and others also live in the five-star luxury five-star hotel in Jinghai City, and they have covered the entire 20th floor of the Hilton Hotel... the entire 20th floor. In the room, no one except Prince Vengeance could enter and leave the room casually.

When the arrogant car with the smiling face Buddha arrived at the entrance of the Hilton Hotel, the car slowly stopped.

Then the smiling Buddha came out from inside.

The moment the Laughing Buddha just walked out of the car door, a few men in suits just came out from inside, and those men cast a cold look at Laughing Buddha.

A disdainful smile appeared at the corner of one of his lips: So he was the person under the hands of the rich man?

"Well, it's him!"

"A bunch of sbs! Relying on a few broken money, they are arrogant here..." The man who walked over in a suit said coldly.

"Forget it, don't worry about other people's business, let's do what the master tells us first!" said another man in a suit.

master?

Are they from the Situ family?

Yes, the few men in suits who walked out of the Hilton Hotel in front of them were all Situ Xiong's men, members of the Situ family!

Chapter 1487: smart people

But he said that the smiling Buddha smiled slightly at the corner of his mouth after hearing the discussion from the Situ family, and then didn't say anything, but symbolically walked into the Hilton Hotel with his smiling face.

The lobby manager inside the Hilton greeted him with a smile after seeing the "God of Wealth" coming.

I saw the smiling Buddha just waved his hand slightly and said, "Let your hotel make the best wine and food and deliver it to the 20th floor... Remember to hurry."

The lobby manager nodded like a pug and smiled there and said, "Okay, okay, okay!"

Then the smiling Buddha laughed up to the sky, and then walked straight to the elevator.

After entering the elevator, he gently pressed the 20th floor with his fatty hand, and then the elevator slowly rose.

After reaching the 20th floor, I saw that the entire 20th floor was empty, with no one.

The only thing there is the most luxurious box in the middle, I saw that box was open.

The man living here is the most famous revenge son in Jinghai City within a few days.

After the smiling Buddha walked to the door of the most luxurious box, he took the lead to knock on the door in front of him gently.

Then I heard a voice coming from inside.

"Come in."

After the word "in" came out of his mouth, the smiling Buddha walked in slowly.

But seeing that after he walked in, there was a person sitting in front of the luxurious box, a very noble person.

He turned his back to the smiling Buddha in front of him, and no one could see his face clearly.

However, looking from his back, he is so young, and his back is so straight, he is: Lord Vengeance.

"My son, today's audition is over." Only the smiling Buddha in front of him said with a smile on his face.

The so-called revenge boy said slightly, "Oh, isn't it? How about the selection? Are there any attractive beauties?" His voice seemed unruly, as if he was indeed a rich and prodigal brother.

I saw the smiling Buddha smiling there and saying: "Fortunately...the ring is fat and thin, beautiful women of all colors, everything!"

"Haha!" The Vengeful Lord suddenly laughed, and when the voice was in the ears of the smiling Buddha, the smiling Buddha's heart chuckles for no reason.

Energetic! ! !

Suddenly, the smiling Buddha's heart was darkly lining, but when he was carefully feeling the "strength", Lord Vengeance's words immediately recovered calm, and the weird vigor suddenly disappeared.

The smiling Buddha couldn't help but conceal: How can a person's energy be so easy to send and receive?

Because as far as he knows, only the top level master can have such a powerful ability!

But the revenge boy in front of him is so young? How could there be such a strong strength...

Is it because you guessed wrong? Is the energy you felt just now an illusion? The smiling Buddha said in doubt?

"Very well, it seems there is nothing wrong with me asking you to be my housekeeper." The Vengeful Prince suddenly said with a smile.

His words returned to their usual state again, and the laughter was no different from ordinary people's laughter.

After the Laughing Buddha heard the words of Lord Vengeance, he smiled and said: "The young man knows the hero with his eyes. It is an honor for me to work for the young man."

"You can really talk with this mouth, I like it." The Vengeful Master said there.

The smiling Buddha smiled and said, "As long as the son likes it."

"But I heard that the more talkative people, the more disagreeable, what about you? What kind of person do you belong to?" The Vengeful Master suddenly said with his back to the smiling Buddha.

When the smiling Buddha heard this, his face changed slightly, but he didn't react too much. He continued to smile and said, "I belong to the kind of person who treats him with one heart and one mind."

"Haha, well said, well said." I saw the Prince Vengeance in front of him clapping his hands and saying.

"What's the reaction from the outside world recently?" He only heard Prince Vengeance suddenly ask.

The smiling Buddha replied: "The recent response from the outside world is the same as before, and there are still discussions about your revenge..."

"Furthermore, the story about you, son, has spread not only in Jinghai City, but also in major provinces and cities across the country."

Listening to the smiling Buddha in front of him say this, the Vengeful Lord smiled slightly.

"Okay, very good, I want this effect." He said.

"Everyone is saying that I am stupid, saying that I am a rich prodigal, right?" The Vengeful Master suddenly smiled.

The smiling Buddha nodded slightly and said, "Although the young man has a ridiculous figure, he knows that the young man must have something else hidden. The young man must have done this for other reasons."

Laughing Buddha is such a smart person. From the very first day he followed this Vengeful Master, he knew that this Vengeful Master was completely blindfolded in doing so, but as for why this Vengeful Master did this, why should he be noticed, and Such a hyped publicity made Laughing Buddha never understand.

When the Lord Vengeance heard the smiling Buddha say this, he suddenly sneered, "Why do you say that?"

The smiling Buddha thought for a while and smiled: "If I say it, I don't know if you will be angry, son? If you are angry, if you don't like to drive me away, hey... Then I am dumbfounded. "

The Lord Vengeance said: "But it doesn't matter, I like smart people, so I won't be angry."

"Well, since the son is not angry, then I will say it." Only the smiling Buddha said with a smile.

Lord Vengeance said: "Let's talk."

So the smiling Buddha began to say: "I think what the son has always done is a blinding method. Maybe in the eyes of others, son, you are a prodigal and rich child, or a money-giving A dismissive

son of a wealthy family, or a sexist who is greedy for beauty... But I know that you are not such a person."

After the smiling Buddha in front of him said this, the Vengeful Lord smiled and continued, "Why do you say that?"

"Because I know that you spent a million to buy a pair of women's underwear, when you walked out of the door of the Emgrand Building, you already threw that underwear into the trash can. I know that although you spend thousands of dollars in the nightclub, you have a secret The money donated to the Jinghai Orphanage, the Disabled Home, and the Cross Society far exceeds that of the consumption ten times, one hundred times..."

When the smiling Buddha in front of him told the true "Vengeful Son" face, the Vengeful Son was really not angry, just laughed.

"You really are a wise man." The Vengeful Master said.

The smiling Buddha smiled and said: "A wise man will become a fool in front of the son."

"Don't be humble, I like your cleverness." The Revenge Master said.

"Also, I hope your cleverness can bring me benefits, but don't let me know that your cleverness is not good for me, because if you really have other ideas about me, then I... .." Prince Vengeance did not finish the next words.

But the smiling Buddha felt a little in his heart. He believed that he was a fox in his life, and nothing could escape his palm, but in front of the vengeful boy in front of him, he always felt that he was not like a fox. It looks like a sheep, naked to be slaughtered. This is the first time the Laughing Buddha has such a terrible feeling.

Chapter 1488: Leaked words

"Now that you know my real purpose, then I won't hide anything from you..." The Vengeful Master suddenly said with a smile.

The smiling Buddha heard the vengeful son in front of him say so, and smiled slightly: "The son can treat me as his own! I swear by the smiling Buddha to be loyal to you wholeheartedly."

"Really, haha." The Vengeful Master laughed.

That smile made the smiling Buddha in front of him feel uncomfortable, because he knew that what he said just now seemed a bit too much!

Always remember, don't be clever in front of a smart person.

I saw the smiling Buddha thinking for a while and said: "Why doesn't the son like to show the true face of Lushan? Is it because of other secrets?"

It turned out that even the smiling Buddha, who was closest to Lord Vengeance, had never seen the true face of Lord Vengeance. ,

Why should he hide his true face?

After Laughing Buddha said these words, the vengeful son suddenly became unhappy, not only did he groan in his mouth.

With his muffled snort, the smiling face of Buddha suddenly became ugly.

"Laughing Buddha, I hope you shouldn't ask, you'd better not ask, okay?"

After Prince Vengeance said such a sentence, the smiling Buddha suddenly turned pale, and said: "I know...you don't want to be angry."

Lord Vengeance said: "I won't be angry."

"I heard that your smiling Buddha has a unique ability, disguise, right?" Suddenly a word came out from the vengeful son.

The smiling Buddha in front of him said with an embarrassed face: "It's just a little skill in sneaking and petting dogs. It's just a mess in the past..."

The Prince Vengeance suddenly smiled and said, "I said not to be humble in front of me..."

"I like your disguise, if you can, you should help me, I don't want to show my true face now, so I need you to turn me into another stranger." The Vengeful Master continued.

The smiling Buddha said: "Don't worry, son, leave this little matter to me!"

"I don't know what kind of person the son wants to become...Is it older? Younger? Better? Or ugly?" Smiling Buddha said.

The Lord Vengeance laughed and said: "Whatever, as long as you become a stranger..."

"I still don't want to go back to the me..." The Vengeful Master suddenly muttered in his tone.

The smiling Buddha heard the voice of the vicissitudes of the vicissitudes in front of him, and couldn't help but lining up in his heart: This prince also seemed to survive only his 20s, so why did his words reveal such a vicissitudes of life? And his words and style are completely incompatible with his age? It's so strange.

"Okay, then I'll leave this to you." I just listened to Prince Vengeance said slightly.

Smiling Buddha nodded and agreed.

"How is the Ouyang family over there in Binjiang City? Did they come to you again?" Hearing only a weird sentence, he suddenly asked from Prince Vengeance.

As Prince Vengeance asked, he only listened to the smiling Buddha in front of him saying: "I have rejected the invitation of the Ouyang family according to your words..."

"Oh." The Vengeful Master responded slightly.

It turns out that the reason why the smiling Buddha didn't go to Binjiang City to help Ouyang Zhengtian was because the vengeful son was instigating it, and he didn't let the smiling Buddha go.

"My son, I don't know if I should ask about something?" The Smiling Buddha suddenly said.

Lord Vengeance said: "Ask."

"My son, do you know that Ouyang family member?" A word came out of the smiling Buddha's mouth.

But seeing Lord Vengeance smiled slightly, did not speak.

When he saw that Lord Vengeance did not speak, the smiling Buddha secretly guessed: It seems that the son in front of him knows the Ouyang family members!

"My son, are you in conflict with the Ouyang family?" The smiling Buddha suddenly asked again.

When the smiling Buddha suddenly said this, the Vengeful Lord suddenly smiled and said, "How do you say this?"

"The Ouyang family suffered an unprecedented disaster this time... and not only a lot of people died, but the entire family night was ruined... They wanted to invite me to help... But... But the son blocked me. So I feel like you have grievances with the Ouyang family." Smiling Buddha said arbitrarily there.

But after seeing the Lord Vengeance heard the words of the smiling Buddha, he suddenly laughed.

The smiling Buddha didn't understand why the Vengeful Prince was laughing, and looked at the Vengeful Prince suspiciously.

But he said that after laughing loudly, the revenge boy suddenly said: "No, you are wrong!"

"I did this not because I had grievances with the Ouyang family, but because I wanted to help them, I wanted to help you," the Vengeful Master said.

Listening to Lord Vengeance saying so, the smiling Buddha in front of him couldn't understand.

What does this mean?

He was puzzled and said to the vengeful son who was looking in front of him: "This son's words made me more and more confused..."

"Hehe, I tell you, the person the Ouyang family invited you to deal with is an extremely powerful character... Hey, even if you are in the past, you can't deal with him, so I can only do it to ease it. ...I hope they don't do anything over there! Because they still can't resist that demon."

Listening to the words of Lord Vengeance, the smiling face of Buddha was stunned. It turned out that Lord Vengeance was to help the people of the Ouyang family!

It turned out that his mind was like this!

That said, his original relationship with the Ouyang family was not grievance, but kindness!

After feeling this way, the smiling Buddha became a bit speechless, and he became more and more curious about the identity of the revenge son in front of him.

"You still follow what I said... continue to expand our influence in Jinghai City, whether it is good or bad, we must quickly let the whole country know that there is my revenge son, and you I want to send a part to Binjiang City to understand the situation...I want to know specifically about my brother in Binjiang City...cough cough..."

When Lord Vengeance suddenly said something, he suddenly coughed twice. The smiling Buddha didn't pay much attention, thinking that the son in front of him was just a normal cough.

After seeing the smiling Buddha and not paying attention to the words that he had just said, the vengeful son continued: "I want to know specifically about every move of the Ouyang family in Binjiang City! Any news must be notified immediately I."

After the smiling Buddha heard the words of the vengeful son, he nodded quickly: "Don't worry, son, I will do these things immediately."

"Well, very good." said the revenge son in front of him.

Chapter 1489: Situ Xiong's decision

Inside the Hilton Hotel, in addition to Lord Vengeance, there were also members of the Situ family staying.

It's just that they didn't have much contact.

But the members of the Situ family knew that there lived in this big hotel: Lord Vengeance.

In their impression, the revenge boy is typical: the image of a second force!

A man who bought a pair of women's underwear for 1 million in the Imperial Mansion, can it be the second force? This is not only in the eyes of the Situ family, this is what Erhuo did, it can even be said to be an extremely rare new thing in the whole country.

Now those members of the Situ family standing guard in the corridor were talking about this one after another.

"You know? That second-hand rich man lives in this Hilton Building now." Only a man in a black suit standing guard in the Situ family said there.

When the two men in black suits next to him heard him say this, they not only froze and said, "Really? Just the second guy who bought a pair of women's underwear for a million yuan?"

The man smiled and said, "Yes, when we went out this morning, we saw the second man's subordinate driving here."

"I'm grass, that second-hand man is really here?"

"Nima, I have to see that second person if I get a chance...I want to see what kind of brainless person can do such a thing." The guy in the black suit said with a laugh.

The man on the other side also laughed.

Just as they were smiling, they saw an old man holding a knife coming over from the corridor.

Old Deng.

When he saw Mr. Deng approaching, the three men standing guard in black suits suddenly dared not talk and laugh anymore, and they all continued to stand straight up here.

Old Deng glanced at the three people indifferently, then ignored them, and walked straight into the luxurious box in front of him.

The three guys standing in the doorway in front of them saw Deng passing by, sticking out their tongues, and no longer dared to talk too much there.

But he said that after the old Deng who was holding the knife walked in, he saw that the head of the Situ family, Situ Xiong, was sitting in the room.

"Master." Deng Lao yelled slightly after walking in.

But seeing Situ Xiong raised his eyes and asked, "How's it going? Did the people sent by the Ouyang family leave?"

The person he was talking about was the one who asked him to help in Binjiang City: Liu Hao.

Just listen to Mr. Deng in front of him saying: "He is going to leave soon."

Situ Xiong smiled slightly when Deng Lao said so.

"Okay, you go and tell him now... I am going to go to Binjiang City to help." Just like that, a sentence came out of Situ Xiong's mouth.

When Situ Xiong suddenly said this, Mr. Deng was not only taken aback.

"Master, did you really decide to go to Binjiang City to help the Ouyang family deal with the old Yin and Yang demon?" Old Deng said with a surprised expression.

Situ Xiong said: "En!"

"Anyway, I couldn't find that wicked man in Jinghai City... It's better to go to Binjiang City to try your luck..."

"It just so happens that Ouyang Zhengtian owes my Situ family a favor." I only heard Situ Xiongdao say.

Listening to what Situ Xiong said before him, Old Deng smiled and said, "The master will go out to help the Ouyang family this time. I believe Ouyang Zhengtian must have never expected...At that time, he will definitely be very grateful to you. "

Situ Xiong laughed haha.

Old Deng said, "Then I will inform Liu Hao of the news now."

Situ Xiong said slightly: "No hurry."

"By the way, Duke Deng, what happened to the man who has been talking about the name of Lord Revenge these days?"

"Why are so many people paying attention to that person?" Situ Xiong asked curiously.

The matter of the Lord Vengeance had already reached Situ Xiong's ears, who rarely went out at this moment. One can imagine how popular the Lord Vengeance should have been recently.

After Situ Xiong in front of him asked, Mr. Deng smiled and said, "An extremely boring rich man!"

"It is said that the Vengeful Prince bought a pair of female celebrity underwear for one million in the upper-class Imperial Mansion in Jinghai City... so it became popular overnight."

After that Situ Xiong heard such a boring thing, he burst into laughter.

"So boring?"

"I thought it was some powerful character that made Jinghai such a sensation... It turned out to be a clown character?" Situ Xiong laughed wildly.

Then Mr. Deng also smiled and said: "There are all kinds of people in the world."

"Well, it's true..."

"This trip really opened my eyes to the old man..." Na Situ Xiong said with a smile.

Old Deng looked at Situ Xiongdao and said: "If the master is fine, then I will go down first. I will tell Liu Hao the news that we helped Ouyang's family in Jinghai City first... I believe that Liu Hao will be surprised. ."

As Mr. Deng said so, Situ Xiong smiled and said, "Okay, go down."

Old Deng nodded, and then walked down quickly.

When the Deng veteran Situ family decided to go to Binjiang City to help the Ouyang family deal with the Yin-Yang old demon together, Liu Hao couldn't believe how excited and happy he was.

So that after he got the news, he quickly called Ouyang Zhengtian in Binjiang City.

"Patriarch, Patriarch Situ agreed...They are going to come to Binjiang City to help us deal with that old yin and yang demon." Liu Hao said excitedly when he heard the call here.

But he said that when Ouyang Zhengtian over there heard Liu Hao say this, he was completely stunned.

"What did you say? You said Situ Xiong agreed? He promised to come to Binjiang City to help us?" Ouyang Zhengtian said with wide eyes and excitement.

The brothers beside him, Duguxie and the ghost servant, after hearing the words of Ouyang Zhengtian, were not only taken aback, and then moved in.

Liu Hao over there said: "Yes, yes..."

"Patriarch Situ just agreed...If nothing happens, we will rush to Binjiang City with Patriarch Situ in the past two days."

Hearing what the other party said, Ouyang Zhengtian suddenly became excited.

"Great, great..."

"Unexpectedly, Situ Xiong promised to help us at a critical juncture... it is really great."

"It seems that my Ouyang family invites to owe the Situ family a huge kindness from now on." Ouyang Zhengtian said excitedly in front of him.

It seems that Situ Xiong's words are really right at all. When people need help most, helping him is far better than helping when he doesn't need help much! !

Chapter 1490: Started to go

When I finally heard that Situ Xiong had come to Binjiang City to help Ouyang Zhengtian and the others, it was nothing short of a help.

Duguxie and Tang Xiaolong before them heard Ouyang Zhengtian's words, they also looked particularly excited and excited.

"Patriarch Ouyang, is the Situ family really ready to come and help?" Tang Xiaolong, who only listened to one side, asked with excited eyes.

Ouyang Zhengtian said with excitement: "Yes."

"I just called and confirmed, Situ Xiong has agreed to come and help."

When the brothers on the other side heard Ouyang Zhengtian say this, not only were they happy and said, "It's great."

"In this case, we have hope to deal with the old yin and yang demon." The brothers were there.

"Yeah, the strength of the Situ family should never be underestimated. Although the Situ family has been in the northwestern region before, Situ Xiong's pair of iron palms is definitely extremely powerful." Ouyang Zhengtian said there.

"If there is the help of the Situ family this time, I believe we will definitely have more confidence in dealing with the old yin and yang demon."

"Well, that's good!" The brothers said happily in their hearts at this moment.

This is the first time the brothers have heard such a happy thing after arriving in Binjiang City so far.

Finally found some "masters" to help, this is an extremely exciting thing for the Ouyang family and the brothers.

If the Situ family doesn't come to help, the brothers really don't know what they should do, how to deal with the yin and yang old demon, after all, those people who are looking for help like the bald tiger king... are simply a mob.

"When will the Situ family arrive here?" The ghost servant just listened to the question at the moment.

Then Ouyang Zhengtian smiled and said, "If nothing else, they will come in these two days."

"it is good!"

"At that time we will meet them." Ghost servant said.

"En! It's so decided."

After everyone had made such a decision, they were now waiting for the Situ family to come, and once they arrived, they began to prepare to deal with the Yin-Yang old demon.

But what about the old demon of Yin and Yang now? Where are the others? No one really knows yet.

Jinghai City is still very lively.

Because of the strange appearance of Lord Vengeance, the most discussed topic in Jinghai City is that Lord Vengeance.

At one end of Jinghai City Center Avenue is the Hilton Hotel, and across the Hilton Hotel, you can see an ordinary hotel on the other end.

And the two siblings living in this hotel are Situ Ningbing and Ecstasy.

They have not left Jinghai City yet.

In the room, I saw Ecstasy standing in front of the glass window as usual, looking at the Hilton Tower opposite, his eyes were full of complicated emotions, and no one knew what he was looking at.

And what about Situ Ningbing? She was sitting on the bed in a daze, her pretty face was full of sadness, and her eyes were slightly astringent. It was obvious that she thought of her lover, Li Tian, in her heart.

Li Tian has been "dead" for many days, but whenever Situ Ningbing remembered it, her heart was so painful and sad.

While Situ Ningbing was thinking sadly about Li Tian, he suddenly heard the ecstasy saying: "Ningbing, come and see... they seem to be leaving!"

As the Ecstasy suddenly said this, Situ Ningbing in front of him was taken aback, then raised his arm and gently wiped the crystal tears from his eyes, and then quickly ran towards the Ecstasy.

"Who is leaving?" Situ Ningbing asked after walking over.

With her beautiful eyes looking outside through the glass window, but seeing the entrance of the Hilton Hotel in front, you can vaguely see a few people in suits standing at the entrance of the Hilton Hotel. There was also a row of cars parked there, a few arrogant Mercedes-Benz cars, and an old man holding a knife stood there.

The car of the Situ family, the people of the Situ family.

After seeing this situation, Situ Ningbing was not only taken aback.

"Father, they are leaving?" Situ Ningbing asked in surprise suddenly.

The ecstasy in front of him nodded silently and calmly.

"Father, where are they going?" Situ Ningbing in front of him not only looked at that questioningly.

Ecstasy slowly shook his head, indicating that he didn't know.

"But it can be seen that they seem to be leaving here soon." Ecstasy said.

"Brother, what shall we do?" Situ Ningbing in front of him suddenly looked at the ecstasy and asked.

When the Ecstasy heard his sister's question, he was taken aback for a while, and then he didn't say anything, just opened his eyes and continued to look at the door of the Hilton Hotel.

At the door of the Hilton Hotel, all the bodyguards of the Situ family were already doing it, and one could see that Zhao Kuo followed Situ Xiong at the moment.

When he saw Situ Xiong walking out of the Hilton Hotel, the ecstasy in front of him caused a weird change in his eyes. Subconsciously, he couldn't help taking a step back, and then those eyes seemed to dodge and look at Situ. Xiong's sight,

Liu Hao! ! !

That Liu Hao from the Ouyang family!

Situ Ningbing knew this Liu Hao. When he was in the North China Field Military Region, Situ Ningbing had some impressions of him, so when he saw him here, he was quite surprised.

How could Liu Hao of the Ouyang family be with his father?

Situ Ningbing continued to watch there with doubts, and then she saw that Liu Hao was talking with Zhao Kuo and her father very happily, and she was still there as if she was showing the way to the Situ family.

After seeing this situation, Situ Ningbing's heart shook for a moment.

Could it be that... Could it be that... Ouyang Zhengtian sent someone to invite his fathers?

A thought suddenly emerged from Situ Ningbing's clever head.

"I know! I know where father and the others are going!" Suddenly Situ Ningbing in front of him said excitedly.
