

A Killer 1491

Chapter 1491: Pageant

When the ecstasy on the other side heard his sister say this, he not only frowned, and asked, "Where are they going?"

"They must have been invited by the Ouyang family to go to the North China Field Army." Situ Ningbing said decisively.

When Situ Ningbing said so, the Ecstasy was taken aback: "Go to the North China Field Army?"

"Yes!"

"Before Duguxie and Ouyang Zhengtian, they wanted to form a revenge alliance, and then deal with the old yin and yang demon together... and also heard that they kept contacting people in the rivers and lakes, now Liu Hao of the Ouyang family suddenly appeared in Here, if I am not mistaken, they definitely want to invite their father to help the North China Field Army!"

"Father, depending on the situation, they have already agreed." Situ Ningbing said.

After hearing Situ Ningbing's analysis, Ecstasy felt very reasonable, because during this period he also heard news about that Duguxie and Ouyang Zhengtian summoning people from the rivers and lakes to deal with the Yin and Yang old demon.

"Then you mean, which North China field army is your family going to go to?" Ecstasy asked.

"It should be." Situ Ningbing said.

At this moment, I saw that Situ Xiong and everyone in the Situ family had boarded the sedan parked at the entrance of the Hilton Hotel, and the car had already drove away.

Looking at the family members who left, Situ Ningbing turned his head and looked at the ecstasy, and said, "Brother, do we want to go back? Go back and join them to help and avenge Li Tian together."

After hearing what Situ Ningbing said, the ecstasy fell silent.

He didn't answer this sentence immediately, but just made a calm face, not knowing what he was thinking at the moment.

"Brother, I hope you can go back to the North China Field Army with me to help..."

"This time to deal with the old Yin and Yang demon, it can be said that it is our only opportunity. Now the Ouyang family, plus our family, plus the strength of Duguxie and the ghost servant, should be able to deal with the old Yin and Yang demon. Hope brother You can agree." Just listen to Situ Ningbing's brother who begged him.

She has always wanted to avenge Li Tian.

She hated, hated that damned demon, and that wicked Long Yin, it was them, it was they who killed her most beloved him, how could Situ Ningbing not hate him?

Listening to Situ Ningbing's words, the ecstasy in front of him thought for a while, and finally slowly raised his eyes, looking at Situ Ningbing in front of him and said: "Ningbing, I will go to the North China Field Army to help... Actually, it can be done. ...But, though, I can't see him."

Of course he is the father of the ecstasy: Situ Xiong.

When he heard his brother say this, Situ Ningbing thought for a while, looked at the Ecstasy and said, "Okay!"

"Since you don't want to see your father, brother, you can temporarily not see him..." Situ Ningbing said.

After the Ecstasy heard her sister say this, she nodded slowly and said, "Well, in this case, I can promise you."

"Let's go, return to the North China Field Army together, and work with them against the old yin and yang demon."

The ecstasy in front of him finally made up his mind and said that when the ecstasy finally agreed to go back to the North China Field Military Region with him, Situ Ningbing was still very excited.

So after the two siblings simply packed their luggage in the room, they quickly left the hotel in front of them.

They called a taxi at the door and got in.

"Go to Jinghai International Airport." Situ Ningbing said after getting into the car.

After Situ Ningbing said this, the taxi driver who drove the car responded, and then drove the taxi in front of him to the international airport of Jinghai City.

After crossing the central avenue in front of you, the taxi turned around and drove towards the front.

After passing the main road in front, turn right two more turns to reach the International Airport Road in Jinghai City.

Just when they reached the main road ahead, they saw a school on the side of the main road.

That school is quite famous in Jinghai City, and its name is: Jinghai Film Art School.

At this moment, I saw rows of photojournalists at the entrance of the film art school. There were interviewers there, and there were also many beautifully dressed and stylish girls crowded forward in that scramble. , I don't know what it is doing.

Looking at the congested situation ahead, the taxi driver slowly slowed down.

The Ecstatic Envoy glanced at the situation in front of him, frowned slightly, and asked casually, "What's this in front of me?"

After the ecstasy asked, the driver in front laughed and said, "Beauty pageant!"

After hearing the driver in front say "beauty pageant", the seducer didn't care much. How could a person like him care about such boring behavior?

Since it was the rush hour for commuting and the crowd of reporters in front of this, the taxi driver could only park the car aside, and then squinted his eyes to look at the place ahead.

"Wealthy people are good for their mothers...beauty pageants can come directly to the school...and they are also female students." The taxi driver suddenly said in the car.

Hearing what the driver said, the ecstasy who didn't care about Situ Ningbing's idleness, so he asked, "What do you mean?"

"Don't you know? It is said that the Vengeful Young Master chooses beautiful women in this film school..." The driver said with a trace of jealousy and envy in his eyes.

"Vengeance son? What kind of revenge son?" When Situ Ningbing heard the taxi driver say a strange name, not only did he ask slightly, the ecstasy also seemed very strange.

After all, the title of Lord Vengeance is indeed a bit weird.

But seeing that the driver didn't even know that Situ Ningbing didn't even know the most popular Revenge of the past few days, he expressed curiosity slightly and said, "Ah? You still don't know the name of Revenge?"

Situ Ningbing and Ecstasy glanced at each other, and then shook his head depressed.

"It seems that you have just come to Jinghai City... Recently, the Lord Vengeance is well-known in the streets and alleys of Jinghai City. Even the 35-year-old kid knows that there is a second-hand man named Lord Vengeance in Jinghai City. Don't know?...Haha." The taxi driver in front of him said with a smile.

Listening to the vulgar words of the taxi driver, the ecstasy originally wanted to be angry, but after thinking it over, it was not in his temper to be angry with these ordinary people.

Chapter 1492: Su Rongrong

After thinking about it, the ecstasy asked boredly: "Then you tell us what the man named Vengeance does?"

After the driver heard the ecstasy question, he began to speak in a verbal manner.

"This Vengeful Young Master is really rich...and really prodigal."

"Actually, who the **** is this Lord Vengeance? No one knows where it came from... Everyone doesn't even know if that guy is from Jinghai City. The only thing we know is that Lord Vengeance is special two, especially Rich."

"Do you know? A few days ago, I heard that the Vengeful Prince bought a pair of female celebrity underwear for one million in the Imperial Mansion in Jinghai City!!!" The taxi driver said with a smile.

Listening to the taxi driver's words, Situ Ningbing's face suddenly became embarrassed, but the ecstasy frowned, and his heart was secretly: Are the words the vulgar driver said true or false of? There is such a stupid person in the world? Such a rich person who is not doing business?

He only heard the driver say again: "And this revenge boy has been showing off his wealth in the big nightclub these days, and now he is still recruiting maids in this movie school... And as long as young and beautiful, I heard the monthly salary of a maid. It's as high as 30,000."

When he heard the driver talking like this, the Ecstasy and Situ Ningbing were all in the dark: It seems that the man named Prince Vengeance is indeed a person with a lot of money and nowhere to spend!

"This young lady...you are so beautiful. I believe that if you go to the beauty pageant, you will definitely be able to enter. The monthly salary is 30,000 yuan, which is higher than the salary of a white-collar worker!" The driver suddenly turned his head to face Situ. Ningbing said.

Situ Ningbing is too glamorous. If she really compares with those beautifully dressed female students, those female students will definitely retreat.

But after hearing the driver's frivolous words, the ecstasy suddenly turned cold: "What are you talking about?"

Seeing the Ecstasy suddenly said this coldly, the driver quickly closed his mouth.

However, Situ Ningbing didn't care much, she glanced at the rows of glamorous female students at the gate of the film art school in front of her, and she couldn't help but lining up in her heart: Hey, this society.

In the end, Situ Ningbing and the Ecstasy waited there for about 78 minutes, and finally the road was connected. The driver hurriedly drove his taxi towards the international airport in Jinghai City.

On the way, this Situ Ningbing and ecstasy didn't talk too much.

They are thinking about their own things in their hearts.

Regarding the matter of the Lord Vengeance that the driver said just now, it was just one of the extremely boring things in the eyes of the two of them, and it was not put in their hearts.

Having said that, it is said that the gate of Jinghai Film Art School is indeed crowded with people.

Not only are there many female students coming to the beauty pageant, but also reporters from major media and entertainment hot news are crowded here.

And in the foremost place is still the "Laughing Buddha" sitting at the beauty pageant.

One by one beautiful girls passed in front of him, and the smiling Buddha looked at it with that round smiling face...

Whenever an unqualified girl walked past, the smiling Buddha would say: Pass!

Then they changed back to the girl's insulting voice, and they all cursed the smiling Buddha in their hearts: **** fat guy, what's the drag... isn't it just rich? Grandma is so beautiful that she can't choose...huh...

Smiling Buddha did not mind the insults of these innocent female students. He just looked at the beautiful students who passed by with a smiling face: past, past, past...

The whole morning is about to pass quickly, but so far, the Laughing Face Buddha hasn't been attracted to it.

Maybe it is because the eyes of the smiling Buddha are too high, maybe the girls are not very **** and beautiful, anyway, as of now, the smiling Buddha has not chosen one.

I saw that at this moment in the beauty contest, a few tall art girls came over.

Among them, a woman wearing ordinary black skinny jeans is the most eye-catching.

Although her dress is the most ordinary, and it seems that her family is not very rich, her appearance is the most outstanding among several girls.

She belongs to the very clear type. She has black hair draped over her shoulders. Although there is no makeup on her pink face, she is extraordinarily beautiful. Her figure is also tall and well-proportioned, especially when she is wearing Skinny jeans make her two thin legs with sleeves more sexy.

Standing there as if reluctantly at the moment.

By her side, there are two girls who are not very good-looking, following her.

There was a girl with a beauty mole in the corner of her mouth. She was not tall, but she was really dressed in an extremely fashionable dress. She pulled the tall and beautiful girl there and said, "Rongrong, you can try it..."

"Anyway, I'm not selling myself, just working as a maid... A monthly salary of 30,000 yuan is enough... It is hundreds of times stronger than working in a restaurant near our school." There was a beauty on that face. The girl with mole was holding the girl named Rongrong in front of her.

But seeing the girl Rong Rong in skinny jeans, she looked reluctant, frowned and looked at the many girls who came to the pageant and muttered: "I really don't want to go..."

"Besides, I heard that the man named Revenge is a big ***** boy, and he is also a playboy... I hate this kind of person the most, I will not go." She was about to turn back.

I saw another girl beside her grabbing her.

"Rongrong... don't you want to treat your mother anymore? And the cost of your brother's school?"

"Furthermore, the man named Vengeance, although his character is not very good, but you can be careful when it comes? I believe that according to your cleverness, the man named Vengeance will definitely not be irrational. I think about it."

"Yeah, Rong Rong, thirty thousand a month, you can earn more than a year compared to working in our school hotel. Anyway, you can imagine yourself." The two girls next to me said there.

It turned out that this girl in black jeans was called: Su Rongrong!

It was an ordinary woman in Kaixian County near Jinghai City.

Her family is not very good. She belongs to a single-parent family. Her father used to be a miner engineer. He died a few years ago because of the explosion of the earth mine. The mother who stayed behind was frail and sick. In recent years, she also suffered from a type of rheumatism, so basically She belongs to the paralyzed type, and what is even more troublesome is that she has a younger brother in high school.

Chapter 1493: Selected

With such a family background, this Su Rongrong didn't want to go to school, but her mother insisted on going to school.

So she went to school and worked part-time in the canteen in the school, saving money every month and using all the money left over for her brother to study.

Today, she had just finished helping out in the cafeteria, and the sisters beside her dragged her here and asked her to participate in any beauty pageants.

Originally, she really didn't want to come to such a place, but the two good sisters had no choice but to bring her here, so she had nothing to do.

At this moment, after hearing the words of the two sisters, Su Rongrong frowned and thought about it there.

"Rongrong, are you going to participate? If you don't participate, then treat it as if we didn't say..."

"Yes, but I think this opportunity is good. After all, 30,000 a month. If you choose it, it will not only cure your mother's disease, but also provide your brother for school. How good! Besides, you are naturally beautiful and more beautiful than They are much better than those who are beautiful with makeup..." The girl with a beauty mole on her face looked at the gorgeous dress up there, and the **** and revealing girl said contemptuously.

After listening to the sisters' suggestions, Su Rongrong finally thought about it, then raised her beautiful eyes and glanced at the beauty pageant over there. She finally plucked up the courage to say there, "Okay, then I will try..."

When they heard that Su Rongrong really decided to participate, the two sisters suddenly became excited.

"Rongrong, did you agree?" The girl with a beauty mole next to her said excitedly.

Su Rongrong blushed and nodded.

"Then go...hehe, you can definitely choose it."

"Unless the judge is blind."

As the three girls said, they happily walked towards the smiling Buddha pageant over there.

But she said that Su Rongrong was wearing ordinary clothes, and the only thing she had was that her face was very pure.

However, her figure is indeed very beautiful. The jeans perfectly show the curves of her hips, which are quite upright and sexy. Such an ordinary appearance reveals a unique beauty in front of the other gorgeous girls.

But he said that the smiling Buddha still squinted his eyes and smiled at the unqualified beauty pageants, saying: "Over...over...over..."

The girls who were said to have "passed" were resentful in their hearts and wished to eat the fat man in front of them.

Finally it was Su Rongrong's turn.

The smiling Buddha looked a little embarrassed, and she didn't even look at Su Rongrong's direct mouth and said: Yes!

After all, it's been morning, and the smiling Buddha hasn't caught one eye.

After the smiling Buddha uttered the word "guo", Su Rongrong shyly lowered her head there, her heart swelled, and then walked to the side like all the girls who weren't selected, and the two girls who followed watched. When even a beautiful girl like Su Rongrong had never lived, she couldn't help feeling lost.

Just when the three girls were about to leave with a sense of disappointment, a voice suddenly came.

"Hey, beauty, wait..." Suddenly the smiling Buddha squinted and stopped Su Rongrong who was about to leave.

This Su Rongrong originally thought that she was alone, and she felt a little lost. When she suddenly heard the smiling Buddha say that, she was not only taken aback, but she couldn't help turning her head slightly to look at the smiling Buddha. The two girls next to him were at this moment. He also looked at the smiling "fat man" with surprise.

I saw the smiling Buddha look up and down at Su Rongrong in front of him, his small eyes were slightly narrowed, and his mouth smiled and said: "Yes, not bad, pure enough, beautiful enough..."

"It's you!" Suddenly a word came out of the smiling Buddha's mouth.

After the smiling Buddha in front of him said this all of a sudden, Su Rongrong was taken aback, her face full of disbelief.

And what about the two girls who accompanied Su Rongrong? But suddenly couldn't help but scream.

"Rongrong, you have been selected..."

"Yeah, it's great, great..." The two girls in front of them screamed suddenly.

Su Rongrong was also completely stunned, and her whole person stayed there stupidly, eyes full of unbelievable.

On the contrary, there are so many gorgeous, **** girls behind that are completely dumbfounded...

"What's the situation? No one was chosen this morning, but she was chosen in the end?"

"Yeah? She... she... doesn't she look better?"

"That's right, the chest... is not as big as mine... The **** is not as big as mine... Depressed, too depressed..." Only a few exposed and **** women behind him said angrily.

They all seem to feel unfair, but it is a pity that the laughing Buddha is the judge.

Only seeing the smiling Buddha ignored the voices of the women, and walked over to Su Rongrong in front of him with his iconic smile.

"Excuse me, what do you call it?" Smiling Buddha asked with a smile.

"My name is Su Rongrong." Su Rongrong was still in a daze, and she couldn't believe it.

After the smiling Buddha heard her name, he muttered: "Su Rongrong, a good name..."

"Just you."

"Don't choose this morning..." A word came out of Smiling Buddha's mouth.

It seems that this smiling Buddha is not going to be elected again this morning.

"Miss Su, do you have anything else to do today? If not, I would like to ask you to come back to the Hilton Hotel with me... I want our son to have a look at you... If he is satisfied, I will immediately A

contract will be signed, and then you will work under our son, how about?" The smiling Buddha in front of you said with a smile.

Su Rongrong in front of him listened to the smiling Buddha saying this, and stayed for a while, as if he hadn't reacted yet.

The two ghost and elf girls nearby pulled Su Rongrong quickly.

"Rongrong, promise quickly!"

"Yeah! Fool!"

Su Rongrong heard her two good sisters say so, so she came to a sense of daze, and then quickly said: "Okay... OK..."

After the smiling Buddha heard the Su Rongrong promised in front of him, he smiled there and said: "Since you have agreed, let me go by the car...Our car is outside your school."

Su Rongrong hesitated for a moment, and looked at the smiling Buddha and said, "Please wait for me...I...I will say a few words to my sister."

The smiling Buddha heard Su Rongrong say this, so she nodded slightly: "Okay, then I will wait for you in the car outside!"

The smiling Buddha who was talking left the place in front of him.

Chapter 1494: Scared

After the smiling Buddha left, seeing Su Rongrong looking at her sister in front of her, she was worried.

"Rongrong, what's the matter? Why are you still unhappy after being selected?"

"Yeah, you see those women are jealous of you, haha." The two girls said with a smile there.

But seeing that Su Rongrong did have an extremely complicated expression on her face, she frowned and said, "Halo, stop making trouble with you two..."

"Do you think the man named Revenge is an out-and-out big ***** boy?"

The two girls in front of them smirked and said, "What's the matter...Is that man not looking good these days?"

"Yeah! Hey, maybe the revenge man is still a handsome guy... Rongrong, you are blessed..."

Then Su Rongrong didn't have time to joke there, and muttered: "Please, stop making trouble... I'm really worried, a little regretful!"

"Hey, what is the name of Lord Vengeance, what he did during this time... really makes me extremely disgusting... I am afraid, I am afraid that I will not be able to control myself and anger the man named Vengeance, but How to do?"

"Fool, stop thinking about it! It must be fine..."

"Yes, didn't people say that only maids are hired? It should be nothing?"

Su Rongrong said: "But I'm still a little worried...If that guy is a pervert...I'll be depressed."

"Rongrong, what are you afraid of? Are you not in our school's taekwondo but the women's champion? Are you still afraid of him? Isn't he just a rich man? I tell you that in general, the eldest master of the rich, his head They are all of the power-deficient type, very stupid, especially second, or else he could buy a pair of women's underwear for one million? Haha... I believe that you are the smartest head in your school, and you are also a strong woman. Surely you won't suffer, even if the villain's revenge prince dares to bully you, you just cut him directly! Haha."

The two girls laughed presumptuously there, and Su Rongrong couldn't help but laughed while covering her mouth.

She listened carefully to the suggestions of the two sisters, and muttered in her heart: The two of them are actually quite good. If the man named Vengeance really dares to think about herself, don't blame her subordinates then. ruthless!

After thinking about it this way, Su Rongrong finally lost her worry for a moment, watching the two good sisters saying: "Okay, then I'm going..."

"Bad girl, hurry up... Hurry up and earn your bus bill!"

Su Rongrong smiled and said, "I will really be selected by that time, and I will definitely invite you to dinner when I am paid."

"haha ok."

Su Rongrong, who was talking and laughing, walked out of school tightly and quickly.

But at the entrance of the school, the new and domineering Hummer was parked in the middle of the road.

Seeing Su Rongrong walking out, the smiling Buddha in front of him slightly shook down the black car window glass, and after shaking it down, he beckoned to Su Rongrong.

Su Rongrong walked over quickly, then the door opened and she sat in.

It was the first time that Su Rongrong got into such a luxurious car, and at this moment she not only looked around.

The smiling Buddha didn't talk too much, but quietly said to the front car crash: "Drive."

After the driver responded, he drove the Hummer in front of him and drove forward.

On the way, Su Rongrong was full of ups and downs, and she was still extremely worried, because she didn't know what she was going to do, let alone what kind of prodigal revenge son she wanted to see?

Is it a rich prodigal? Or the slutty son?

In her mind, Su Rongrong dreamed about how nasty the Vengeful Young Master should be.

"Miss Su." When Su Rongrong was dreaming like this in her heart, suddenly the smiling Buddha shouted.

After the smiling Buddha yelled a word, Su Rongrong was taken aback, turned her head quickly, and smiled awkwardly and said, "What's the matter?"

Looking at Su Rongrong, who was all over his body, the smiling Buddha showed a slight smile, then looked at Su Rongrong and said: "Miss Su, I have to warn you in advance. Our son doesn't like people asking him more... so I hope you don't ask questions after meeting our son, can you?"

After the smiling Buddha said so, Su Rongrong nodded slightly and said, "Okay."

But in my heart, I couldn't help but conceal the secret: What is the name of the Vengeful Young Master who is unexpectedly made quite mysterious? Isn't he just a rich prodigal son? As for? She thought to herself.

The distance from the Film Art School to the Hilton Hotel is very close. If you drive, it only takes ten minutes. Soon, the smiling Buddha's car has arrived at the Hilton Hotel.

"Here!" Smiling Buddha said as he walked out of the car.

Su Rongrong blinked her eyes and glanced at the tall five-star hotel in front of her, and then quickly got out of the car in front of her.

"Miss Su, come with me."

The smiling Buddha who was talking took Su Rongrong in front of him and walked in toward the Hilton Hotel.

They entered the big hotel and then they got on the elevator.

"Our son has contracted the entire 20th floor of this hotel, and you will work on the 20th floor in the future." In the elevator, the smiling Buddha said to Su Rongrong.

Su Rongrong nodded, and said inwardly: It seems that this revenge son is really prodigal. It is a luxury to live on a 20-story building alone!

You know how much money you get for the presidential suite of this five-star hotel in one night!

As the elevator slowly rose, the smiling Buddha in front of him took Su Rongrong to the 20th floor of the Hilton Hotel.

After they reached the 20th floor, they saw that there was no one in the corridor on the 20th floor. Su Rongrong took a look and was a little surprised, why there was no one alone!

But she was still very clever and didn't say a word, just followed the smiling Buddha walking in front of her to the corridor,

The smiling Buddha took Su Rongrong to the front of the vast VIP box room, stopped, and then gave Su Rongrong a gesture.

"This is our son's room."

Su Rongrong took a look, and said oh.

At the same time, she couldn't help feeling a little nervous in her heart. After all, this was the first time she saw the evil and prodigal revenge of the outside world. At the same time, she couldn't help thinking about the appearance of that revenge, handsome. Still ugly? Is it a typical **** prodigal thing? Or another type?

Chapter 1495: Big plan

As Su Rongrong thought so in her mind, the smiling Buddha in front of her had begun to knock on the door gently.

After the knock on the door came in, Smiling Buddha and Su Rongrong stood waiting at the door.

"Come in." Suddenly a clean voice came in from inside.

At the moment when he heard the voice, Su Rongrong took the lead in a daze, and then saw the smiling Buddha in front of him slightly stretched out his hand and pushed open the door in front of him.

After pushing it away, the luxurious facilities in the room shocked Su Rongrong, who had never seen him before, staring at the luxurious crystal chandelier, the high-end sofa with real leather, and the mane carpet imported from Spain. She was completely shocked there.

But what shocked her most was the so-called Vengeful Prince!

Because she couldn't see the so-called revenge boy at all, the only thing she could see was the figure in front with her back facing her.

The figure deliberately didn't let people see his face clearly...the whole person was sitting on the sofa with his back to them.

"The son." After entering, the smiling Buddha bent his body and suddenly shouted softly.

After hearing the voice of the smiling Buddha, Lord Vengeance gave a slight "good".

"My son, after two days, I finally picked a beauty!" Smiling Buddha said with a smile.

But seeing Su Rongrong when he heard the smiling Buddha praise herself so much, her heart throbbed, and at the same time a beautiful face was lowered, she couldn't help but secretly lined up: That's it, this time I really met Da Selang !

But when the Vengeful Master heard the smiling Buddha speaking like this, his mouth was just a faint "grace", as if he had a completely plain attitude.

This situation made Su Rongrong startled, feeling a little strange, why didn't this Da Selang react?

"She is by your side now, right?" Suddenly the Vengeful Master said there.

The smiling Buddha smiled and said: "Yes!"

Then the smiling Buddha said slightly to Su Rongrong, "Miss Su, I have seen our son soon."

Su Rongrong felt like she was a slave and maid, and said there, "Good son."

The Vengeful Prince didn't even turn around to look at her. After hearing her voice, he just said faintly: "Okay, you can go out."

Suddenly a cold word came out of the vengeful young man's mouth.

When she heard these words, Su Rongrong suddenly felt a little in her heart...what's the matter? Did you do something wrong? Why did he just say a word when he came up, this man named Lord Vengeance is about to let himself go? what does it mean?

But seeing that Su Rongrong was angry and shocked, but she did not dare to speak too much.

The smiling Buddha beside her was also slightly startled, but he was also very clear about his own grotesque son, so he lowered his voice and said to Su Rongrong who was in front of him: "Miss Su, please come first. Wait a moment outside..."

Su Rongrong thought for a while, then nodded, and then walked out angrily.

After she got outside, the silver teeth squeaked with hatred.

"What's the situation?"

"Isn't I selected? Why doesn't that guy named Vengeance even look at him? And just let myself come out... It's... I really look down on people!"

But Su Rongrong was also a little happy in her heart! Because she can feel that the so-called Revenge Boy is not a playboy...because how can the Playboy not even look at the hard-picked person? After thinking this way in her heart, Su Rongrong felt that this guy named Revenge might be just a prodigal young master, not a playboy. If this is the case, then if she can apply for this job, she will be sure of her family in the future. It's much better, Su Rongrong thought outside the door.

But he also felt curious at the same time.

Why didn't that revenge boy even see his appearance! What does he look like? As for that mysterious? Why don't people watch it yet?

What about inside?

I saw that after Master Vengeance let Su Rongrong come out, the smiling Buddha in the room looked at Master Vengeance cautiously and asked, "Master, are you dissatisfied with the person I chose with you?"

The vengeful prince laughed and said, "No."

The smiling Buddha asked doubtfully: "Then why the son doesn't even look at her?"

"Do I need to look at her?" The Vengeful Master asked rhetorically.

When Lord Vengeance said this all of a sudden, the smiling face in front of him suddenly became a bit speechless. To be honest, now even he has a time to understand what the Lord Vengeance is thinking in his heart.

"That son means," the smiling Buddha said speechlessly, looking at the vengeful son in front of him.

But seeing the vengeful son said: "Let her start work tomorrow... Tell her that you don't need to do anything here, just help me clean up the room every day, and then it's all right."

So easy? No need to do anything? Just simply tidy up the room every day and it costs 30,000 yuan a month?

Hearing what Prince Vengeance said, even the smiling Buddha was speechless, but he did not dare to ask too much, so he nodded and said, "Okay."

The Vengeful Prince smiled and said, "A smart person like you, do you really think I'm a beauty pageant? Do you really think I care about who is ugly and who is beautiful?"

The smiling Buddha's head turned around, his inspiration flashed, and he smiled there and said, "The son is doing this just to continue to attract attention... My head is dull, and I only react now."

The Vengeful Lord laughed loudly.

It turned out that Lord Vengeance did this to attract everyone's attention!

He must tell everyone his name so that everyone knows that there is such a person as Prince Vengeance!

"If I didn't guess wrong, I basically already know my name outside." Just listen to Master Vengeance.

Listening to the words of Lord Vengeance, the smiling Buddha said quickly: "Yes, yes, now most of the provinces and cities across the country have heard of the name of the Lord."

"Good!" A word "good" came out of the vengeful son in front of him.

Then I just listened to the avenger boy in front of him continuing to say: "Next, you start to help me do another big thing."

"What's the matter?" When the smiling Buddha heard the words of Lord Vengeance, he couldn't help but said in a daze.

"Help me buy the big and small gangs in Jinghai City, as well as a gang of characters who are on the road!" Just like this, a sentence came out of Prince Vengeance.

what?

Buying the major gangs in Jinghai City? Characters with quacks?

After hearing the words of the vengeful son, even the smiling Buddha himself was shocked by it!

"My son...you...you...want to buy the gang in Jinghai City?" Smiling Buddha asked silently.

The Lord Vengeance smiled and said, "Yes."

"My son, you did this...what...what's the reason?" Smiling Buddha asked in confusion.

But seeing the revenge son said: "You don't need to ask more about this. You just need to spread my words... Then tell the local snakes in Jinghai City, as well as the big and small gangs... Just say I am revenge. The son is ready to gather them all and let them work under my hand!"

Chapter 1496: Words of the son

When Prince Vengeance said such words, the smiling Buddha in front of him was really stunned.

At the beginning, he thought that the revenge man he was following was just a rich and weird weird man, but now he feels that the revenge man in front of him is getting more and more mysterious, and he actually started to participate in the affairs of the arena. .

Smiling Tiger thought for a while and said, "My son...Is there something I don't know if I should say it inappropriately?"

"Let's talk." The Vengeful Master seemed to Bing not minding.

The smiling tiger thought for a while and said, "My son, to be honest, Jinghai City is a mixed bag of fish and dragons, and there are indeed many big and small gangs. There are also many people on the

road outside. To be honest, I am smiling Buddha in Jinghai City. After all these years, I know a little bit more about the local snakes and some vicious guys than my son!"

"My son, to be honest, I don't approve of you doing this... First of all, the ground snakes in Jinghai City are not so easy to gather, and these people are untamable, even if they are bought by the son with your money, but they are They don't necessarily do things for you. When the time comes, these bull-headed snakes will be by your side, I'm afraid... it will be against you! After all, those gangsters are all wanting money and life."

Suddenly Zong Sheng laughed wildly at the words of the smiling Buddha.

The smiling Buddha felt a bit inexplicable when he heard the Lord Vengeance laugh, and did not understand why the Lord Vengeance laughed.

After the laughter, Lord Vengeance suddenly said: "What you said is very reasonable, but you can rest assured about this!"

"Since I can accept them, I will definitely be able to surrender them..." The Vengeful Master said there confidently.

Listening to Lord Vengeance said this, the smiling Buddha knew that it was useless to dissuade him, so he could only sigh "Hey".

"Well, since the young man's heart is determined, then I can't say anything." Just listen to the smiling Buddha.

The revenge son in front of him said: "Don't worry, everything is under my control. You can just do what I say."

"En, all right." Smiling Buddha nodded and agreed.

"Also, did you make the mask that I asked you to make for me?" Suddenly the Vengeful Master asked slightly there.

Disguise?

The mask of disguise?

After the vengeful son said this, he saw the smiling Buddha said: "It's almost the end. If nothing else, I can give it to the son at night..."

"Okay, very good! At that night, you can show it to me... I'll see how you are doing." Just listen to the revenge boy in front of you.

The smiling Buddha in front of him nodded there.

"You can go out now, I want to be alone." Just listen to the revenge son.

With the words of Lord Vengeance, the smiling Buddha said: "Okay, then I will not bother him."

After speaking, the smiling Buddha left the room in front of him.

After Smiling Buddha left the room in front of him, Su Rongrong was still standing outside.

I saw that after seeing the smiling Buddha come out, Su Rongrong not only blinked at the smiling Buddha in front of her with a pair of beautiful eyes.

"Excuse me, what should I do?" Su Rongrong looked a little embarrassed, but she still asked.

She didn't know what was going on, let alone whether she was selected by the Vengeful Prince.

At this moment, after hearing Su Rongrong's question, the smiling Buddha in front of him smiled slightly and said: "Congratulations, you have been hired by our son."

When Su Rongrong heard that she had actually been applied for, she almost cried out with excitement.

She couldn't conceal her excitement, looking at the smiling face and saying, "Thank you...thank you..."

The smiling Buddha smiled slightly and said, "You are welcome."

Su Rongrong was full of excitement, thinking about the monthly salary of 30,000 yuan a month, she couldn't stop being excited!

She thought that with these relatives, she would be able to help her mother treat the illness, and with the money, she could also support her brother to go to school, how great!

But she was so excited that she was still more sensible. At this moment, looking at the smiling Buddha, said, "Then what should I do every day?"

When asked this question, even the smiling Buddha himself felt a little embarrassed. He touched the smiling face of his head with his fat hands and said, "You don't have to do anything every day... just on time. Come here and help our son tidy up the room... but one thing, if our son is in the room, you must not go in."

what?

When the smiling Buddha said so, Su Rongrong was speechless.

"It's so easy?" Su Rongrong couldn't believe her ears!

If winning the lottery is a dream, now this high-paying job is more like a dream.

But the smiling Buddha smiled slightly and said, "It's so easy..."

Su Rongrong was stunned when she heard the smiling Buddha suddenly say so.

With a silly excitement and a silly smile on her face, she couldn't believe that there was such a good thing in the world.

"To be honest, I can't believe it..." Su Rongrong smirked and looked at the smiling Buddha in front of her.

The smiling Buddha laughed and said: "There is nothing you can't believe in this, this is what our son said...you can just do what our son said."

After the smiling Buddha in front of him said so and so, then Su Rongrong believed that all this was true! real.

"Thank you...thank you!" Su Rongrong said gratefully.

"If you want to thank you, thank our son." Smiling Buddha said.

Su Rongrong then said, "Thank you son...thank him."

"Okay, you will come here for work tomorrow... You go back first." Only the smiling Buddha said at last.

After Su Rongrong was grateful, she left here happily.

Her heart is very excited. After seeking a high-paying job, she is extremely happy in her heart and can't wait to say it to the world.

After Su Rongrong left, only the smiling Buddha slowly wrinkled his face slightly. He was thinking about another thing, that is, why did Prince Vengeance want to gather this underworld figure in Jinghai City? Why did he do this?

Is he going to recruit a group of tigers and wolves under his own hands?

Doesn't this mean playing with fire?

After thinking about it this way, the smiling Buddha couldn't help but shook his head with a wry smile: "Maybe he will regret it when he knows what playing with fire and self-immolation is... hey..."

After uttering that sentence, the laughing Buddha with a long sigh then left here.

Chapter 1497: Universe

But he said that after the smiling Buddha and Su Rongrong in front of him left, the revenge master stayed quietly in his luxurious VIP box.

The entire luxurious VIP box does not know why, but at this moment it looks a bit bleak and cold.

The Lord Vengeance sat quietly on one side, as if holding the above things in his hands, thinking deeply there.

Look carefully, but see that the gray cloth curled up in the hands of Lord Vengeance!

And there are densely packed words on the grey cloth.

I looked at it vaguely, but saw that the densely packed characters were ancient seal characters, and the handwriting was very elegant, and it said: Immeasurable Maha!

Master Vengeance put the piece in his hand that said: The cloth of Maha Wuliang Zhenjue slowly put it on the table, and then took out another thing from his arms.

I saw that it was a book, an ancient book.

The cover of the book is a yellow animal skin cover. When he took it out, he could vaguely smell the dust of the years that came from the ancient book.

After he took out these two things, he saw Lord Revenge glanced at the ancient book slightly. His eyes were full of love. Through his eyes, he could obviously feel his love for this book. The love of ancient books far surpasses the piece of cloth that records the maha.

However, although he liked this ancient book more, but helplessly, he finally shook his head, then put the ancient book aside, and then slowly opened the piece of cloth that read: Maha Immeasurable!

The fifth floor of the immeasurable Maha: the universe is unified!

"Dry for the sky, the kun for the earth, the universe into one, all the laws return to nature, store the vastness of the sky and the earth with power, penetrate the yin and yang of the tendons, guide the whole body, burst out with energy, and be able to do it, collapse the sky and the earth..."

This is the main mental method of the unity of the universe.

This set of martial arts is the ultimate knowledge of Yin and Yang that runs through the body. Once learned, a person can use the power of nature and then add his own powerful internal energy to defeat the enemy. The effect is extremely powerful.

Glancing at the fifth layer of the immeasurable Maha: the universe is unified, the vengeful son quietly closed his pair of eyes, and then slowly laid his palms flat in the dantian, followed by a force of qi. He began to slowly accumulate in his second line of Ren and Du. At the beginning, he made no progress at all.

It is completely futile to try to divert the forces of nature around you.

But he is not discouraged, he does not give up, and then he cultivates seriously.

He suddenly discovered that it turned out that this Maha Boundless really became more and more difficult to practice, and the later exercises were even more incredible. You can't learn by brute force at all, you must rely on your own powerful understanding.

Therefore, he must do not rush, not be irritable. After the Lord Vengeance breathed out quietly, he began to slowly cultivate this: the mighty true Qi of the unity of the universe.

In the whole room, silence fell into ashes, the only thing that could be felt was the extremely powerful and weird energy in the air.

But what about the Su Rongrong girl who was accidentally selected in the beauty pageant?

When she was told by the last smiling Buddha that she could go to work tomorrow, she was so excited that she was indescribably excited. It can be said that she was jumping back to school.

When she came back, the two buddies were already waiting for her in her dormitory.

When they saw Su Rongrong coming back with excitement, two buddies suddenly went over and embraced her.

"Girl Su...so happy, did you apply for it?" The best friend with a beauty mole on one side said with a smile.

The other girl also said, "Is it necessary to ask? Seeing the thief on her face, she must have applied for the job."

Su Rongrong laughed haha.

"Dead Rongrong, talk about it, what's the situation?"

"Yeah, do we want to know?"

The two bestie sisters frankly asked there.

But seeing Su Rongrong said: "Sister, I really applied for the job."

"Wow, that's great."

"Sad Rongrong, you must invite our sisters to sing and eat tonight..." The girl with a beauty mole on her face said with a smirk.

"That is, a monthly salary of 30,000 yuan a month, wow is comparable to white-collar workers... I really envy it." Another girl said there too.

Su Rongrong was also very happy and said: "Okay, okay, two foodies, this lady will take care of you two to eat well and have a good fun tonight."

"Hey, is this right!"

"Yes, is this a good sister?" the two girls said happily.

The girl with a beauty mole on her face is Su Rongrong's best friend since childhood, and she has the best relationship. At the moment, she asked, "Rongrong, have you seen the Vengeful Prince? What does it look like?"

"Yeah, yeah, and is that Prince Vengeance really special and rich?"

"It must be very second... or else you can do such a mindless thing?"

The two girls talked about this.

When it came to the Revenge of the Young Master, Su Rongrong in front of her suddenly shook her heart, and then an extremely indifferent image emerged in her mind, that image was cold and scary, as if she did not dare to touch it at all.

"Rongrong, what's the matter with you? Talk... Have you met the revenge boy?" The two buddies waited there and listened to the gossip news.

Su Rongrong frowned slightly, and looked at the two sisters and said, "Halo, when did you two become so gossiping?"

"Can you be a woman without gossip?"

"Haha, that's right, let's talk...what the **** is going on with that revenge boy? Is it really the same as the outside legend, special second, special money?" asked the girl with a beauty mole on her face.

I saw Su Rongrong really meditating there, thinking about it for a while, and then said: "I did meet the revenge young man!"

"It just feels strange." Su Rongrong suddenly raised her eyebrows and said.

When the two best friends heard her say this, they were not only very curious: "What's the situation? What's weird?"

"The Vengeful Lord I saw is not the same as the one from the outside... he, he, feels very cold... and indifferent is like a stone."

what?

When the two buddies heard Su Rongrong's words, they suddenly became depressed.

"No way?"

"What is cold? Does the revenge boy still play a deep vengeance?" a girl said with a smile there.

Su Rongrong whitened her good sister and continued saying, "You don't know. When I first saw the Vengeful Young Master, I felt weird. The whole person felt weird and mysterious... .."

"He is definitely not as romantic and perverted as the outside world said." Su Rongrong thought in her mind.

Chapter 1498: wack

However, when the two buddies in front of me heard Su Rongrong say this, their eyes widened. Before, Su Rongrong kept saying that the vengeful son was a big **** man, but now she suddenly stopped. They both felt so strange.

"No, Rong Rong, you just said something nice for your boss after just such a short while? Good deed...If you stay with him for a few more days, you won't have to fall in love with him." The girl with a beauty mole covered her mouth and said with a smile.

"Bad girl, what are you talking about?"

"What I'm telling you is the truth, really, that guy named Vengeance is very weird." Su Rongrong said with a serious face.

Seeing Su Rongrong's serious expression, the two girls beside her were not only slightly startled.

"Rongrong, do you mean that the revenge man has two sides?"

Su Rongrong frowned Liu's eyebrows and said, "I don't know about this...I feel very strange anyway."

"Then did he look at you? Did he tell you anything?" The best friend in front of him looked at Su Rongrong and asked.

After Su Rongrong was asked this, she was not only embarrassed there.

"What's wrong?" The girl with a beauty mole on her face looked at Su Rongrong suspiciously.

But seeing Su Rongrong said depressedly: "He didn't even look at me directly!"

"Oh no....."

"Yeah, it's impossible. We didn't even look at our beautiful Su Da? He is blind, right?" The two buddies in front of me said in surprise.

I saw Su Rongrong say: "From the moment I entered his room, he always turned his back to me, without even looking at me."

"Back to you? Does that mean you haven't seen him from beginning to end?" The buddies in front of them asked in confusion.

Su Rongrong nodded and said: "En!"

"I really didn't take a closer look at what he looked like, I only saw his back." Su Rongrong said.

"He seems to be deliberately not letting people see him." Su Rongrong added.

Hearing what she said, those two buddies not only looked at me at this moment, but I looked at you, the eyes of both of them were full of temptations.

"Ugly!"

"That Vengeful Young Master is definitely an ugly monster! Otherwise, it is impossible not to let people look at him."

"Yes, yes, yes, it must be very ugly, so I continue to spend money, continue to luxury, and then use this to satisfy the trauma in my heart." The two buddies imagined there.

Su Rongrong was speechless when she heard these two best friends say this.

"I'm dizzy, why are you two thinking about the bad things of others?" Su Rongrong said.

Just listen to those two girls saying: "Can he not be bad? I spent a million to buy a pair of women's underwear, what a good thing can such a person be!!"

"Yes, it's just a pervert... and spending so much money at nightclubs..."

When Su Rongrong heard them say this, she thought for a moment, and she secretly said: They are really good, what a good role for a man who is so ostentatious and who does such a perverted thing?

After thinking about it, she felt that what her two girlfriends said was quite reasonable.

"Then Rongrong, what did the revenge prince tell you?"

Su Rongrong was depressed again, because the Vengeful Lord basically didn't talk to her.

"He just said something to me!" Su Rongrong said silently.

"One sentence? What are you talking about?" The two buddies in front of her approached her and asked.

But seeing Su Rongrong said: "He said something, let me go out!"

what

"Halo, shouldn't he have said such a thing from the moment you saw him?" The girl with a beauty mole on her face said in disbelief.

Su Rongrong said: "Really!"

"Since I entered, he basically didn't respond to me much, and then he didn't say anything, he just asked me to wait outside... In the end, the fat judge who applied for the job told me that I could stay." Su Rongrong Said embarrassingly.

When Su Rongrong said this, the two buddies were also puzzled at the moment.

"Hey, according to what you said, the Vengeful Prince is indeed quite strange!" I heard the doubts of the two buddies before me.

Su Rongrong also frowned Liu's eyebrows and said, "Yes, so I think that Lord Vengeance is quite mysterious."

"Such a rich person, who is arrogantly in our school beauty pageant... When finally selected a beauty, he didn't even look at it... Strange, too strange." Both buddies said there.

Su Rongrong pouted her red mouth and said: "Okay, okay, I'm annoying, let's not talk about him, okay?"

"Rongrong, what did he ask you to do with him?" The girl with a beauty mole asked a question.

The other girl next to me asked curiously at this moment: "Yes, Rongrong, he gives you a monthly salary of 30,000 yuan a month. He must be very tired and tired for what he has to do, right? Huh?"

Su Rongrong said: "He doesn't let me do anything... Basically, he asks to tidy up his room, and I can't enter as long as he is there."

"Ah? My goodness, doesn't that mean, you basically get a salary of 30,000 yuan a month and don't have to do anything?" The two buddies said there in complete surprise.

Su Rongrong also said, "Yes, so I find it very strange."

"Weirdo, it's just a weird one out of nowhere."

"It's true! If it's not weird, I wouldn't spend a million on a pair of women's underwear...Haha."

Su Rongrong also felt that the mysterious revenge son was very weird.

"Rongrong, I think you should secretly look at what happened to the Vengeful Prince?" The girl with a beauty mole on her face said with a smirk.

When Su Rongrong heard this, she immediately waved her hands and said, "I dare not feel dizzy."

"How can I not dare to... you can sneak into his room and have a look."

"Yeah, look at what the Vengeful Lord looks like? And why does he always do this?"

"Rongrong, let me tell you that now that man revenge is on fire... the outside media spends a lot of money trying to know the background of the man revenge, and so far no one knows what the man revenge looks like. If you can get the first-hand news from the behind-the-scenes young man, then you will be on fire, and then the banknotes of the bus will follow." The two buddies are here for Su Rongrong. Say.

But when she saw Su Rongrong, she refused and said: "To die in sweat, am I such a person?"

"Furthermore, I wouldn't do that if I killed myself..."

"Okay, okay, two crow mouths, are you going to eat out? If you don't eat, I won't invite you to eat today?" Su Rongrong turned the subject away. ,

The two buddies heard Su Rongrong say this, so they said quickly: "Of course I have to eat, hehe, it's hard to eat you, can you not eat it?"

"If you want to eat, follow me quickly..."

The three girls who were talking walked outside happily.

Chapter 1499: Fake face

Night fell slowly to Jinghai City.

But the entire Jinghai City is still brightly lit.

Especially here on Central Avenue, it is even more lively and prosperous, not to mention the five-star hotel Hilton.

At this moment, I saw brilliant lights and people coming and going in the Hilton Hotel.

I saw a Hummer off-road vehicle drove toward here mightily, this car is undoubtedly that: Lord Vengeance's mount!

After the Hummer cross-country vehicle came here, I saw the smiling Buddha walking out of the vehicle.

There is also a package in the hands of the smiling Buddha.

It turns out that the smiling Buddha came to give "something" to Lord Vengeance at night.

After getting off the bus, the smiling Buddha then went into the Hilton Hotel in front of him vigorously.

After entering the interior, he directly got on the elevator.

After pressing the 20th floor above the elevator, the smiling Buddha in front of him was about to see the Vengeful Master. He wanted to give the "exquisite" things he had just finished manufacturing to the Vengeful Master.

After the elevator reached the 20th floor, the smiling Buddha got off the elevator as usual.

But when he stepped into the elevator on the 20th floor just now, the endless energy that suddenly came from the corridor suddenly surged towards him.

This smiling Buddha is by no means an ordinary person. Since he can spend so long in the rivers and lakes, he naturally has his own abilities, but when he feels the fierce and vast energy suddenly coming from the empty corridor. When he was angry, the blood in his whole body shook for it, and at the same time, he was suddenly nervous, standing motionless at the exit of the elevator as if he was facing an enemy!

"So strong..." Smiling Buddha said in horror, his eyes widened.

Why is there such a strong energy in this empty corridor?

Oh my God, what kind of master is coming from such a terrifying energy? The smiling Buddha dare not imagine.

Finally, after he stood there for a few seconds, he reacted.

Be good!

This extremely powerful energy came from the luxurious box of Lord Vengeance! ! !

So tough? So terrible?

The smiling Buddha at this meeting was completely shocked, and he couldn't believe it!

Could it be that? Could it be that the Vengeful Lord... is... is... a top-notch master?

Then Laughing Buddha suddenly thought of the weird laughter he heard in the Vengeful Prince's room a few days ago... He clearly remembered that the Vengeful Prince laughed. The laughter shook his eardrums to a dull pain! ! !

At that time, the smiling Buddha thought he had heard it wrong and thought it was his own illusion, but when the endless vast energy in the empty corridor in front of him was filled with his whole body, this meeting was really true. I feel that everything is true!

It turns out that Lord Vengeance is really a terrifying master! ! !

When such a weird thought suddenly appeared in his mind, the smiling Buddha was completely stunned.

He always felt that he was a smart person, and he could be considered a very smart person, but at this moment he suddenly found himself stupid, stupidity is hopeless!

It turned out that an extremely terrifying expert was near him, and he had never noticed it, and at the beginning he always decisively thought that he was just a rich young master...

After feeling this way, the smiling Buddha really wanted to slap himself alive and scolded himself secretly and said: "Too stupid, I am so **** stupid!"

After the smiling Buddha secretly scolded himself viciously, then he began to sort out his thoughts a bit, and then stepped forward.

He must see Lord Vengeance at this time.

As he walked forward step by step, but seeing the vast energy in the entire corridor became stronger and stronger, the strength of the smiling Buddha's face became pale, and his breathing became uncontrollably rapid. stand up.

Finally, when he arrived at the door of the revenge prince's room exuding endless energy, the smiling Buddha gave his body a little energy, and then forced his breathing to become more comfortable, and then slowly began to knock I knocked on the door in front of me.

After the sound of the door came in, I saw the revenge son inside, and suddenly said, "Come in."

The smiling Buddha took a deep breath, then gently pushed open the door.

In the luxurious VIP room, I saw the Vengeful Young Master closing his eyes slightly, and then sitting cross-legged on one side.

The entire room was filled with the powerful aura emanating from the Vengeful Young Master.

After walking in, the smiling Buddha bent over there and said respectfully: "My son, what you want, I'm ready."

As he spoke, he slowly put the package in his hand on the side of the table with both hands.

But seeing the revenge young man, his hands were slowly lowered from his chest, and the whole body's true energy was all concentrated in the pubic area...then he exhaled a little white energy from his mouth.

Then the extremely bright eyes opened.

"Let me see." After Lord Vengeance said so, he slowly stretched out a hand to pick up the package lying nearby.

As Lord Vengeance took the package, she stretched out her hand and slowly opened the box. After Lord Vengeance slowly opened the package in front of her, she saw a beautiful face that could be called a human face. The mask appeared in his eyes.

The human skin mask was so brilliantly done, it was indistinguishable from the disguise.

When he saw such an exquisite human skin mask, the Vengeful Prince laughed.

"As expected of a smiling Buddha..."

"I'm very satisfied with what this mask is made of!" The Vengeful Young Master said while holding the mask in both hands, while a pair of glowing eyes admired the exquisite mask with relish.

But seeing the smiling Buddha in front of him, smiling and saying: "As long as the son is satisfied!"

"I'll try this mask!" The Vengeful Young Master slowly put the mask on his face.

Then he slowly tapped the edge of his face with his hand, and after the mask was completely buttoned on his face, his person really became another person in an instant.

"How is it?" A word suddenly came out of Prince Vengeance's mouth.

When he said these words, Lord Vengeance's body slowly turned around.

For the first time, his face appeared in the eyes of the smiling Buddha!

It's just that this face is indeed a fake face...a face that no one would ever recognize.

What kind of face is that?

Chapter 1500: First day of work

After the revenge master slowly turned his head, he saw that his fake face was the face of an old man.

There were a lot of surroundings on that face, and the fake face was also yellowish, so that at a glance, Lord Vengeance turned into an old man in an instant.

However, it is said that the fake face mask is very vivid, even if you look closely at it, you may not be able to see it.

At the moment that Lord Vengeance turned around with that "old man's fake face", he smiled at the smiling Buddha in front of him and asked, "How is it? Like?"

The smiling Buddha was quite confident in his disguise technique and smiled there and said: "Like, very similar."

"Haha, great."

"I'll use this face in the future." A word came out of Prince Vengeance's mouth.

After he said it, the smiling Buddha stood there with a suspicious look, and his heart was hidden: What kind of character is this Vengeful Prince in front of him? Why did he feel more and more that he didn't understand this revenge boy in front of him?

First I knew that he was very rich, and later I knew he was very smart, and now he discovered that this so-called Revenge is still a top-notch master!

His level of terror was far beyond the imagination of the smiling Buddha in front of him, but the smiling Buddha did not dare to ask more.

Because he knew in his heart that a person with a secret would never like to ask people casually. The Laughing Buddha was very clever to remember this.

"You can go down now." Just listen to the Prince Vengeance who suddenly said to the smiling Buddha.

Smiling Buddha nodded, reverently stepped back, and then prepared to go out.

Just as he was about to leave here, suddenly he was stopped by the Vengeful Prince in front of him.

"By the way, what I told you to do as soon as possible... Remember, all the big and small gangs and gangsters in Jinghai City, I want to gather them all." The Lord Vengeance finally told the smiling Buddha in front of him. One sentence.

After the smiling Buddha heard the vengeful son in front of him say so, he nodded quickly and said, "Okay, I will start to do it early tomorrow morning."

"Yep."

Then the smiling Buddha in front of him hurriedly left the room in front of him.

After he walked out, he saw the revenge boy gently touching his face with his hand, and a satisfied smile appeared on the corner of his mouth. Then he walked to the bathroom and slowly looked at the stranger in the bathroom mirror. Of yourself.

In the mirror, his appearance was revealed little by little. It was a stranger, a strange old man.

His face was old and yellow, with many wrinkles, and even the corners of his eyes had many crow's feet.

Looking at himself in the mirror, Lord Vengeance finally smiled with satisfaction.

"I can finally show people from the front...I will use this face to see them in the future." The vengeful boy in front of him laughed wildly at the mirror in front of him, his voice echoing in the whole room for a long time. .

The next day, early in the morning.

Then Su Rongrong rushed to work.

She tossed with her two good sisters all night last night, and now there is a trace of fatigue on her pretty face.

But this does not seem to affect her mood, after all, this is the first day of work today.

She slightly pressed her temples with two delicate hands, telling herself in her heart that she must maintain her best condition on the first day of work, and at least satisfied the revenge young man.

Su Rongrong came from the film art school, because the distance is not very far, if you take a shortcut, it will take about 20 minutes to get here from their school, so she will be on the road leisurely. Walking.

As I walked, I couldn't help but lining up in my mind: Who is that Vengeful Prince?

Looking at his cold and deep affection yesterday, it seemed that it was not what the outside world had heard? Would such an extremely indifferent man be an out-and-out big pervert, big bastard? Would he really spend a million to buy a pair of women's underwear?

Su Rongrong, who had been thinking about it on the road like this, found that she became more and more curious about the revenge master.

In this way, with his head full of questions, Su Rongrong finally came to the Hilton Hotel.

After arriving at the elevator, she clicked the position on the 20th floor, and then the elevator in front of her rose slowly towards the floor where the Vengeful Prince lived.

I don't know why, when Su Rongrong stepped into the elevator, she jumped up and down, feeling a little nervous and scared at the same time.

As long as she remembered the voice of the extremely indifferent Vengeful Young Master in her mind, she felt a little scared.

In the end, Su Rongrong took a deep breath, and then took a long sigh, keeping her inner peace, and then slowly preparing to face the revenge son.

After the elevator quickly reached the 20th floor of the Hilton Hotel, the elevator made a ding-dong sound, and then the elevator door opened slowly.

After opening, Su Rongrong walked out of the elevator in front of her.

The 20th floor is still the same empty and cold as yesterday.

Su Rongrong, a girl walking here, not only felt a little chilly all over her body.

In this way, with an extremely nervous state of mind, Su Rongrong walked step by step towards the luxurious VIP room where Lord Vengeance lived.

After arriving at the VIP room of Lord Vengeance, the door was slightly closed. Su Rongrong glanced at the door in front of her, and then gently stretched out her hand and buttoned it there.

It's a pity that there is no sound from inside.

When there was no sound coming out of it, Su Rongrong was not only taken aback, but she couldn't help but lining up in her heart: Hey, why is there no one?

Then she reached out and knocked on the door, but this time she still didn't hear any echo.

When she knocked on the door of the room twice, Su Rongrong couldn't help but secretly said: Could this revenge boy not be inside?

But if he is not there, what will he do?

Do you stand outside here stupidly?

After thinking about it, Su Rongrong felt that since she was his servant, she was obliged to clean his room for him. Besides, he is not here now. There shouldn't be any problem in going in and tidying up the room for him, right?

After thinking this way in her heart, Su Rongrong courageously stretched out her hand and slightly pushed open the door in front of her.

After Su Rongrong pushed open the door in front of him, Su Rongrong glanced at the empty luxury box, and then stepped in.
