

## A Killer 1501

Chapter 1501: Axe Gang, He Laoliu

After she walked in, she first glanced around with a pair of beautiful eyes, and then saw that the crystal glass table in front was full of messy things.

So Su Rongrong started to sort out the things on the glass table.

She keeps her duty and does what she should do like a real servant.

But just as Su Rongrong just walked over to tidy up the mess on the table, a cold voice suddenly came over at this moment.

"who are you?"

"Who let you in?" The voice suddenly came from the side indifferently like a stone.

When this cold suffocating sound suddenly came, Su Rongrong was shocked in her heart. If it weren't for her heart, I'm afraid that cold anger just now would scare her out of a heart attack.

Su Rongrong was completely stunned at the moment.

But she could still hear that the voice was the voice of Lord Vengeance yesterday.

After hearing his words, Su Rongrong hurriedly turned her head and said with her pretty face pale and said: "Good son... I am the servant you hired yesterday... My name is Su Rongrong..."

"I didn't ask your name, I only asked you, who let you in for no reason." The voice of Lord Vengeance was still so cold, so uncomfortable.

Su Rongrong couldn't help standing tremblingly when she heard Master Vengeance say this all of a sudden.

She was so frightened that she didn't even dare to raise her head, her teeth bit her lip fiercely, and she lowered her head deeply without speaking.

"Are you dumb? Or deaf? Didn't you hear what I asked you?" Only the suffocating voice of Lord Vengeful sounded again.

Su Rongrong's eye circles were red.

She is such a thin girl, when has she been reprimanded so much, and she didn't do anything wrong today, just came in his room to tidy up the room for him, is he so harsh?

The tears of grievance were spinning around her eyes at this moment.

"Forget it, you go out! I definitely don't want you to break into my room for no reason next time." The Vengeful Young Master shivered at the sight of the girl in front of him and was so scared that he could not help but whisper. Tao said.

He is not a ruthless person, he just doesn't want strangers to break into his room suddenly! Not for anything else, just because he didn't want people to spy on his secret, because this secret is related to the life and death of many people and is definitely not something she can afford as a little girl.

Su Rongrong finally felt relieved when she heard the revenge young man let herself go. She lowered her head and said nothing. Then she ran outside with her mouth covered.

She was wronged, but also very sad. She had never expected that she would suffer such a severe blow and severe reprimand on her first day at work.

But when Su Rongrong ran out crying aggrievedly, she happened to run into the smiling Buddha who had arrived early in the morning.

When the smiling Buddha saw that the beautiful girl who was recruited yesterday came out of his son's room with red eyes covering her mouth early in the morning, she was not only taken aback.

"Miss Su...what's the matter?" Smiling Buddha said with a question on his face.

But seeing that Su Rongrong had no time to explain to him, she covered her mouth and ran forward without speaking in tears.

Looking at Su Rongrong who ran out crying, the smiling Buddha frowned slightly, and couldn't help but secretly line up: What's the situation? This pure female student was fine yesterday, why did she cry on the first day at work?

He did not understand.

But he didn't pay too much attention to the matter in front of him, after all, he also has his own major things to do today.

When the smiling Buddha in front of him entered the room of Lord Vengeance, Lord Vengeance also just walked out of the place inside.

He has already put on that fake face today, except for a little sluggish face, nothing else can be seen.

Prince Vengeance has completely become an old man, a man who looks like a 5060-year-old man.

But if you are careful, you will also find that this "old man" has very light steps, and the skin on his hands is not so old... But, who is careful who cares about this?

But he said that after seeing the smiling Buddha come in, the revenge master said slightly, "You are here."

The smiling Buddha was still the smiling face of Xi Mimi, and said: "Yes, son."

"Today, go and do what you should do." The Vengeful Young Master said slightly.

The smiling Buddha thought for a while and then nodded, but he still said, "Master, there are currently two major forces in Jinghai City. If we can bring these two major forces together, then some other small characters will be Naturally, all will follow us."

"Which two forces?" The Vengeful Master asked lightly, and while asking, sat down gently on the sofa.

After he sat down, he heard the smiling Buddha and said: "The two forces are the Axe Gang, and He Laoliu."

"Oh?" The Revenge doll was not only slightly startled when he heard the smiling Buddha say so.

"Tell me about the origins of these two groups." The Vengeful Master said.

But after seeing the smiling Buddha say "yes" in his mouth, he began to speak.

"Before Jinghai City, the Ouyang family has always been in the world. The Ouyang family is wealthy and the head of the four big families. So basically no one in Jinghai City can compete with the Ouyang family. But now the Ouyang family is over. Only the two current forces left, the Axe Gang, and the group of He Laoliu."

"What about the Axe Gang? This group of people belong to the barbaric type. They can beat and chop and are capable. Their boss is named Jiang Dashan, and everyone else calls him Jiang. Half of the land ruffians in Jinghai are from the Axe Gang. The role of members, they fight in Jinghai City, watch the scene, and collect protection fees for the land... Generally speaking, this group of people belong to the role of life-threatening people, and they are cruel.

Listening to the smiling Buddha in front of him say this, the Vengeful Prince gave a faint "grace" in his mouth, and then continued to ask: "Then what is the other one called He Laoliu? What is he?"

The smiling Buddha in front of him then preached: "This He Laoliu is different from the Axe Gang. This He Laoliu is a famous old fox in Jinghai City. He is very treacherous. On the road, most people call He Laoliu called Liu Ye. This He Laoliu has opened more than a dozen underground casinos in Jinghai City... and loan sharks. The past few years can be said to have been rising, and the name is getting worse. Come bigger."

After listening to Laughing Buddha's words, the Vengeful Master didn't seem to care much about these two people.

Chapter 1502: Big satyr, big satyr

In the end, the Vengeful Prince just looked at the smiling Buddha in front of him and asked: "From your point of view, who should we take first?"

The smiling Buddha thought for a while and said: "If the son really intends to accept them, I think that if you want to accept them, you should accept the axe gang first. After all, this group of people are barbaric and there are many people. If you join Young Master's commander, then any He Laoliu will definitely admire you Young Master in his heart, so I think it should be much easier to accept him at that time."

After the smiling Buddha gave his suggestion, the vengeful master thought for a while and said, "Well then...then start with this axe gang first."

"You will leave for the Axe Gang today...Tell the guy who is Boss Jiang, if his Axe Gang is willing to join me, I will definitely not treat them badly! And will make each of them taste good and drink well. "The Vengeful Master said with a smile.

Hearing the words of Lord Vengeance, the smiling Buddha nodded.

"Okay, I'll do it right away."

"En." The Vengeful Young Master replied slightly.

"If there is nothing wrong with the son, I will go out now." The smiling Buddha was ready to go out to do errands.

But seeing Lord Vengeance thought for a while and said: "By the way, what is the name of the girl you recruited yesterday?"

Hearing this question from Lord Vengeance, the smiling Buddha was taken aback, and said with a smile: "She's Su Rongrong."

"Oh...Su Rongrong!"

"Haha, I scolded her a while ago, presumably that girl should be very angry with me now." The Vengeful Prince suddenly said with a smile there.

The smiling Buddha also laughed and said, "When I saw her running out just now, I cried aggrievedly..."

"Well, you go and tell her, let her in, I have something to tell her." The Vengeful Master said.

The smiling Buddha nodded after hearing the words of Lord Vengeance and said, "Okay, I will call her now."

The smiling Buddha who said this quickly walked towards the outside.

The Vengeful Master sat slightly on the sofa, continuing to think about his thoughts.

But what about Su Rongrong?

She came to work happily on the first day of today. She never expected that she would be scolded by that weird revenge boy early in the morning, and what kind of dumb she was? Deaf?

This hurt Su Rongrong's pride.

She is sitting alone at the end of the 20th floor, staying.

A pretty face can clearly be seen crying just now, and even those beautiful eyes are slightly red and swollen.

I saw her staying there, holding a small stone on the ground with a slender hand, squeezing it fiercely, and at the same time, she said in the unstoppable shadow: "Do you drag me? Is it great to have money? Damn! What the \*\*\*\* did I do wrong? Didn't I just go in and tidy up things for your room... Really, that \*\*\*\* vengeful boy is such a mean villain who abused himself so much.

Hate, hate him to death.

Su Rongrong thought fiercely in her mind, and at the same time she threw a small stone in her hand towards the distance, as if the stone was the revenge of the young man. This would make her vent. Generally.

But when Su Rongrong here was cursing the Vengeful Young Master 10,000 in her heart, the smiling Buddha had already reached the position behind her unknowingly.

"Miss Su." A word suddenly came out of Smiling Buddha's mouth.

Su Rongrong was shocked when a voice suddenly came from behind, she quickly turned her head, her pretty face paled at the smiling Buddha in front of her.

"Ah... I was scared to death!" Su Rongrong said breathlessly.

The smiling Buddha suddenly laughed, looking at Su Rongrong's red and swollen eyes, and said slightly: "What's the matter? Miss Su, in a bad mood?" The smiling Buddha looked at her and asked.

But seeing that Su Rongrong tried hard to show a smile and said, "I...I don't."

"Is it because our son scolded you just now?" The Smiling Buddha continued to ask.

Su Rongrong stood there awkwardly, lowered her head and said, "No..."

"Hehe, Miss Su, I have to tell you that our young man has such a weird temper sometimes...When you get along with him for a long time, you will feel it. I hope Miss Su will not mind." The smiling Buddha said.

When the smiling Buddha said so, Su Rongrong said quickly: "I'm fine, it's really fine."

"Oh, it's okay." Smiling Buddha said.

"By the way, the son asked me to call you, and told you to come to his room. He has something to tell you." Suddenly the smiling Buddha said to Su Rongrong there.

When Su Rongrong heard this, she suddenly asked in surprise: "The son called me?"

"En, yes."

"It's getting late, I'm going out to do some errands too, go and see the son as soon as possible." Smiling Buddha said to Su Rongrong who was still there in front of him.

Su Rongrong thought for a while and said, "Okay."

Speaking of the smiling Buddha, she turned and walked towards the elevator entrance. After watching the smiling Buddha leave, Su Rongrong slowly walked towards Master Vengeance's room.

As she walked, she thought: What does that neurotic vengeful boy call herself again? Didn't he let himself into her room? Are you going to scold yourself again? Hmph, if he really wants to insult himself again, even if he doesn't do it here, he will have to humiliate him severely. Is it great to have money?

With this in mind, Su Rongrong walked slowly towards the room where the Vengeful Master lived.

After Su Rongrong arrived at the door of the Vengeful Young Master's room, she slowly knocked on the door with a panic.

"Come in." Hearing the voice of the vengeful son suddenly came out of the room.

After the voice came out, Su Rongrong gently pushed open the door.

Su Rongrong, who walked in, didn't even dare to raise her head, but she lowered deeply there and said, "Master."

"You are Su Rongrong, aren't you?" Suddenly a gentle word came out of the Vengeful Young Master's mouth.

This is the first time Su Rongrong has heard this Revenge Prince speak to herself in a normal voice.

But Su Rongrong still kept her head down and said, "En."

"I heard that you are the most beautiful and pure girl selected from hundreds of girls..." The Vengeful Master suddenly said there.

Su Rongrong's heart suddenly shook when he heard the Lord Vengeance say so suddenly, and she said: That's it, this Lord Vengeance is really a pervert... a big \*\*\*\* stick!

Chapter 1503: awkward

Although Su Rongrong had this in her mind, she didn't dare to say it directly. She just lowered her head there without admitting or denying.

"Why do you keep your head down? Raise your head and let me see you." I just listened to the vengeful son suddenly saying there.

Hearing that the Vengeful Master wanted to raise her head, Su Rongrong's heart in front of him was up and down: Oh my God, this is really bad! I didn't think I was really meeting Da Selang, it seems that the outside world is not bad... This \*\*\*\* rich guy is really a big pervert, big pervert...

Do not!

What if he can do something about himself? If he forced it...what should he do?

Thinking of this, Su Rongrong in front of her panicked.

"Hey, I'm talking to you... raise your head and let this son see you." Only the words of the revenge son rang out again.

Listening to Lord Vengeance's words rang again, Su Rongrong not only blushed and lifted up that exquisitely beautiful face.

The moment she raised her head, she closed her eyes, not daring to open them.

Because she was afraid, she worried, she was afraid of what the "big pervert" in front of her would do.

Su Rongrong was thinking in her heart, what should she do if this "big pervert" really does something to herself?

Suddenly, he just listened to the murmur of the vengeful prince, saying: "Does it look like? It's okay, beautiful enough..."

"But she is not as pretty as mine." He muttered there.

At the same time, not only did he recall his lovers in his mind, they were all so beautiful and loved themselves so much! Hey, where are they now? Will they be very sad after learning of their death? But even if it is sad, there is no way...I have nowhere to retreat now. In order to deal with the enemy and the gate of hell, I can only do this, he thought melancholy.

But he said that Su Rongrong was stunned when the revenge son whispered secretly!

What did she hear just now?

Heard that "big pervert" said that his appearance was alright? Is it just okay? And it's not as good as her?

Who can't compare to?

Every woman has a heart for beauty, and every woman likes others to say she is beautiful.

Of course, the same is true for Su Rongrong.

But when the revenge master said such a word, Su Rongrong was completely injured.

"Damn it!"

"She said I can't match him?"

"what's the situation?"

"This \*\*\*\* pervert, do you still have a lot of wives?" Su Rongrong was so angry that her teeth squeaked. Just now, she thought that the vengeful son was a big \*\*\*\* man, and thought he wanted to think about himself. At that time, Su Rongrong blushed suddenly... she was embarrassed.

She can't wait to find a place to sew in.

I saw her Huo Di opened those beautiful eyes, but the revenge boy in front of him had turned around, as if he was not interested in her at all.

"You will tidy up the room for me in the future... Also, without my order, you must not enter my room without authorization, and even if I am no longer in this room, you will absolutely not be allowed to enter, hear No?" Just listening to the words of Lord Vengeance began to become as cold as before.

Su Rongrong's face flushed with embarrassment at the moment, she didn't even hear what the Revenge Prince was talking about, just silently nodded there.

After seeing this Su Rongrong nodding there, the Vengeful Young Master said: "Okay, you can go out now..."

Su Rongrong nodded and left the room of Lord Revenge.

Just after leaving, Su Rongrong suddenly felt that she was awkward.

She was embarrassed, she was depressed.

She really didn't think that the \*\*\*\* big pervert tasted so good?

He even said he was not pretty!

You must know that Su Rongrong in front of you is a beautiful woman recognized by Jinghai Film Art School.

This Su Rongrong not only has a good figure, but also has a delicate face. Now she has no makeup at all, and she is only wearing ordinary clothes. If she dresses up a little, she will definitely be fascinating.

But now? He was actually despised by this "big pervert"!

How can she stand this?

After leaving the door in front of him, Su Rongrong cursed the revenge young man in her heart.

The famous axe gang in Jinghai City!

The strength of the Axe Gang in Jinghai City is considered to be big enough, although it has not been said to be as big as the Ouyang family, there are indeed many members in the Axe Gang.

However, most of these are punks.

The Axe Gang is very famous in Jinghai City, not because of anything else, but because the boss of the Axe Gang is cruel and cruel enough.

This person is not a bad person, but he is definitely not a good person.

I heard that Boss Jiang was only a migrant worker in the past and worked hard in the construction team. Later, because the boss who followed was owed their wages, Boss Jiang was angry and found the former boss's house with an axe in the middle of the night. , And then hacked to death the boss's three bodyguards, and finally severely wounded the boss. From then on, Hutoujiang's name became louder.

Many people followed him.

He also formed a gang since then, the Axe Gang.

The current Axe Gang is in the Xicheng District of Jinghai City. Basically all the areas in this Xicheng District are under the jurisdiction of the Axe Gang. Their people collect protection fees here, and look at the scene...what kind of characters are there.

Walking on the streets of this Xicheng District, if you see those clumsy \*\*\*\*\* who are dressed in dangling clothes with cigarettes dangling from the inside, you can tell at a glance that these people are the roles of the Axe Gang.

And everyone in the Axe Gang likes to have two awesome axes tattooed on their shoulders as a sign to show that they are from the Axe Gang.

I saw that on the streets of Xicheng District at this moment, suddenly an extremely powerful Hummer off-road vehicle drove in the direction of Xicheng District.

On both sides of the street, the scumbags, with cigarettes in their mouths, looked at the awesome luxury car, and couldn't help but tsk in there and say: "I'm grass, whose car is that? "

"do not know."

"Mother, I hate \*\*\*\*\* rich people the most..."

They cursed there.

But who is the person in this car?

Of course it is to find the smiling Buddha of the Axe Gang.

The Laughing Buddha is also very famous in Jinghai City, and he knows quite well about the axe gang, he knows the position of the axe gang's general rudder.

So at this moment, he is driving the car in front of him alone

Chapter 1504: Axe Gang

So at the moment, the smiling Buddha drove the Hummer off-road vehicle directly to the rudder of the axe gang.

The rudder of this axe gang is located in the very center of Xicheng District, Jinghai City. Basically, all the characters in the street know it: the nest of the axe gang.

Outside the lair of the axe gang is a simple teahouse as a pretense, but after entering the teahouse, we found that there is a cave, this is the real lair of the axe gang.

Because all the ground in this block is within the sphere of influence of the axe gang, the members of the axe gang can be seen dangling by the street.

At the moment, 35 members of the axe gang wearing black short sleeves were standing in the teahouse outside the axe gang.

They all have sharp axes on their waists, smoking and laughing there, their hair is also colorful, and each gangster's shoulder is tattooed with an axe pattern.

Just when these people were talking and laughing at the entrance of this teahouse, they saw a Hummer off-road vehicle driving towards them.

When this luxury car arrived here, several members of the Axe Gang at the door cast their eyes on the luxury car.

There was an attitude of resentment towards the rich in their eyes, and at the same time they revealed a deep envy. They glanced at the Hummer in front of them, and several people started talking in their mouths.

As the Hummer cross-country vehicle stopped directly in front of the restaurant entrance, one of the axe gang members wearing black short sleeves and dark skin walked over.

Then he stretched out a hand and patted the Hummer in front of him.

"Hey, hello, hello... you \*\*\*\* don't have eyes? Dare to park the car here?"

"This is a private site. If you don't want your car to be scrapped, just get out of my way." The axe gang member said arrogantly there.

The other three members of the Axe Gang with cigarettes in their backs also walked over with a smirk at this moment.

But said that the Hummer cross-country vehicle did not drive away at the moment, but directly turned off.

Then I saw the car door slammed open, and a chubby man with a smile on his face came down from above.

Laughing Buddha!

He was sent by the vengeful son to gather this axe gang: Laughing Buddha.

As the Smiling Buddha got out of the car, the members of the Axe Gang set their sights on his fat body.

They do not know the smiling Buddha.

Maybe in Jinghai City, they have heard of the name of the smiling Buddha, but who is the real smiling Buddha? They don't know.

So at this moment, they only think that the man in front of them is a fat man, a fat man who doesn't know life or death.

"Hey, fat man, \*\*\*\* you, didn't you hear Lao Tzu talking to you?" The arrogant member of the Axe Gang just now pointed to the nose of the smiling Buddha with a cigarette in front of him.

The smiling Buddha still took his iconic smile and glanced at the members of the axe gang in front of him, and then said slightly: "Thank you guys to help me pass it, I want to see it. Your boss Jiang."

Hearing the smiling Buddha suddenly say this, several members of the Axe Gang were taken aback.

"Grass! Even you, fat man, know our boss?"

"Who the \*\*\*\* are you? Why do you see our boss?" the member of the Axe Gang said viciously.

In addition, several members of the axe gang around him said, "Hey fat man, who are you?"

Just as the members of the axe gang in front of them asked the smiling Buddha in a rude manner, the smile on the smiling Buddha's face had been slightly closed.

"I'll say it again, I want to see you Boss Jiang." A word came out of the smiling Buddha's mouth. ,

The members of the axe gang in front of them, seeing this smiling Buddha so arrogant and so arrogant, were immediately angry.

"See your mother's head!"

"Aren't you \*\*\*\* looking for something?" The members of the axe gang cursed and pointed at the smiling Buddha's nose.

But when he scolded these words, he already began to regret it, because the smiling Buddha suddenly turned his squinted eyes into extreme venom.

Then no one saw how the Laughing Buddha made his move, and only heard a stern scream from the mouth of the axe gang member who was cursing just now.

Take a closer look, that man's entire nose has been smeared with heavy punches... He clutched his nose and screamed and fell to the ground.

When the other three members of the Axe Gang saw this fat man, they started to swear as soon as they came up.

"Damn, you are going to die."

There was a roar, but the other three members of the axe gang pulled out the sharp axe on their waist, and killed the smiling Buddha's head.

The smiling Buddha gave a cold snort, not to mention his chubby body, but he shot extremely fast and extremely vicious.

A kick flew, and immediately kicked another axe gang member's crotch... After the guy was kicked, he fell to the ground in pain with his entire crotch, crying and crying... Let his tears and nose flow out,

The other two members of the axe gang attacked the smiling Buddha from left to right, and the sharp axe slashed fiercely.

Laughing Buddha just flashed slightly, and then avoided the axes of the two of them, and then one hand suddenly grabbed one of the other's wrists, clicked and twisted, the axe in the man's hand suddenly fell on with a creak. On the ground, at the same time, the whole arm was broken alive by the smiling Buddha, falling to the ground in pain.

The last member of the Axe Gang saw that three of his accomplices were knocked to the ground by this "dead fat man" in a blink of an eye. They were so scared that they were ready to retreat quickly, but it was too late, and I saw the smiling Buddha. Pinched his neck.

"Are you still pulling now?" Smiling Buddha said with a smile on the other side's neck.

The face of the axe gang member changed horribly, and his face was as pale as dead gray. Looking at the bloated smiling Buddha in front of him, it was as if he was afraid of seeing the devil.

In that horror, his eyes shook his head.

Laughing Buddha sneered, kicked an axe on the ground with one foot, then reached out and took it, and then took it in his hand, and then put the axe on the neck of the axe gang member in front of him.

The cold axe was placed on the guy's neck, and he was too scared to gasp.

"Take me to meet your boss Jiang..." a word came out from the smiling Buddha's mouth in front of him.

After the smiling Buddha in front of him said so, the man who was so scared that his face was so pale that he couldn't breathe smoothly, wiped the big cold sweat on his face and said, "Ok...ok..."

Then he frightened step by step and walked in with the smiling Buddha in front of him toward the teahouse in front of him.

Chapter 1505: Jiang boss

But he said that when the smiling Buddha came to the axe gang leader in this way, it was not only a bit violent.

I saw that in the teahouse outside the axe gang, a few men who were naked and playing cards were sitting there.

The tattoos on their bodies are also colorful, and each of them has an awesome axe tattooed on their shoulders. Obviously these people are also members of the Axe Gang.

At this moment, when the smiling Buddha walked in with the guy like this, the men who were shirtless playing cards suddenly turned their heads coldly, and then saw the situation in front of them at a glance.

"Fuck! The troublemaker?"

There was a roar, but seeing these people suddenly picked up the axe at hand, they came to the smiling Buddha.

Everyone is aggressive.

But seeing the smiling Buddha did not put these people in his eyes at all.

It's just that he held the axe in his hand and forced it on the neck of the member who was afraid to die in front.

"Gouzi, what the \*\*\*\* is this? What the \*\*\*\* does this fat man do?" He only listened to one of the guys holding an axe in his hand and glanced at the guy in the hands of the smiling Buddha.

The guy called the dog, with a pale complexion, said in a cold sweat, "This...this...people...want to find our boss."

"Looking for the boss?" When the guys heard it, not only everyone's eyes were on the smiling Buddha in front of them.

I saw that the guy who just asked the question now has a pair of cold eyes staring at the smiling Buddha in front of him: "Fatty... you better let go of our brother quickly... otherwise we will let you die today without knowing. How to die."

After the smiling Buddha heard the man say this, the corner of his mouth suddenly sneered and said, "Really?"

"Fatty man, you don't want to take a look at your dog's eyes, what the \*\*\*\* are you breaking into? If you want to leave a dog's life, let go of our brother." The other guy is ready to pounce on Swearing there.

I saw that the smiling Buddha didn't pay attention to the punks in front of him. He just sighed slightly and said, "Is it so sleepy when I see your boss?"

"Hey, it seems that I must be forced to kill to see your boss today." Smiling Buddha said while sighing there.

When he said these words, the members of the Axe Gang were slightly taken aback.

This fat man actually said he wanted to kill! ! !

It's crazy! Too arrogant!

He even dared to threaten to kill at the general rudder of the Axe Gang! ! !

"Dead fat man, are you looking for death?"

"Today you are dead."

...

With the roar of these people, they all took out the guys, ready to hack to death the smiling Buddha in front of them at any time.

Just as these ignorant gangsters were about to do something to the smiling Buddha, suddenly a mad voice came from inside the teahouse.

"Damn it to stop Lao Tzu." As the roar came, and then I saw 1020 awesome characters with axes in their hands coming out of the hidden door in the teahouse.

The front one seems to be the leader. His figure is tall and mighty. His strong bronze skin reveals the wildness of a man. He has a square face, and his eyes exude wildness like leopards. A large group of Axe Gang members walked out from inside.

"Big Brother..."

"Big Brother is here." When the members of the Axe Gang in this teahouse saw the strong and coaxing hunk coming out, they not only shouted respectfully together.

Brother,?

Is he the boss of the Axe Gang?

Yes, the burly hunk in front of him is the boss of the Axe Gang, boss Jiang.

But he said that after the brother Jiang came out with a group of brothers, his fierce eyes like leopards were placed on the smiling Buddha in front of him, and he looked up and down, the more than 20 younger brothers behind him. At this moment, they all looked viciously at the smiling Buddha in front of him.

But he said that after Boss Jiang suddenly looked at the smiling Buddha in front of him for about a minute, Boss Jiang suddenly laughed.

"I thought who would dare to break into my axe to help the rudder so boldly! It turned out that Lord Buddha was here..." The boss suddenly laughed loudly there.

The members of the Axe Gang around them were not only stunned at the same time when they heard their boss say this.

"Father? Who is Lord Buddha?"

"Could it be the fat man in front of me?"

...

They all looked at the boss and the smiling Buddha with doubts in their eyes.

But he said that the smiling Buddha smiled slightly after the boss Jiang recognized himself, then reached out and gave it away, then let go of the member of the axe gang in his hand, and then slowly passed the axe in his hand.

"Hey, I didn't expect to see Boss Jiang, you are so sleepy... I have to force me to do something with your brother." The smiling Buddha also laughed and said.

But when I saw that Jiang Lao Dadao said: "Father, don't be angry, my brothers have no eyes, and they didn't recognize you, Buddha...I will give him a match for my brothers."

I saw the smiling Buddha smile and said, "Boss Jiang is polite."

"I'm just playing with my brothers..."

The boss laughed.

Then turned his head to the group of brothers behind him and said angrily: "Damn, are your eyes blind? Don't you even recognize the famous smiling Buddha?"

After Boss Jiang suddenly cursed so much, the members of the axe gang were taken aback, and they said: So this dead fat man is a smiling Buddha! No wonder they dared to break into their axe gang.

The Smiling Buddha is still very famous in Jinghai City, and there are many legends about him, so of course these members of the Axe Gang know him.

After Boss Jiang scolded his brothers, he smiled at the smiling Buddha and said, "I don't know what the wind is today, why did you blow you, Lord Buddha, to us?" Boss Jiang grinned over there, while looking at the smiling face in front of him, Buddha said.

I saw that smiling Buddha said slightly, "I'm here this time to discuss something with Mr. Jiang."

"Oh?" After listening, Boss Jiang raised his eyebrows.

At the same time, I couldn't help but secretly lined up: How could this fat man come to his axe gang this time for no reason? This axe gang didn't have any dealings with this smiling Buddha in the past? Why did he suddenly come here today?

"Really? What's the matter?" Boss Jiang asked.

Smiling Buddha laughed, then glanced at so many members of the Axe Gang around him, and then said: "It's a bit inconvenient to talk here, I want to talk to you alone with Boss Jiang."

As the smiling Buddha in front of him said so, Boss Jiang rolled his eyes, and then sneered at the corner of his mouth: "Good, good, good."

"If that's the case, let's go in, let's talk inside." The talking boss said, pointing to the axe in the teahouse, and said.

Of course the smiling Buddha would not refuse, so he nodded quickly, and followed Boss Jiang in front of him, walking step by step towards the place there.

Chapter 1506: So bold

After arriving at the secret door inside the teahouse, I saw Boss Jiang saying to the group of brothers behind him: "You all wait here first... No one is allowed to come in without my order."

As their boss said so, the members of the axe gang nodded one by one, and then they all waited outside the teahouse.

And the smiling Buddha followed the boss of the axe gang into it.

After walking in, the smiling Buddha found that the chief rudder of the axe gang really had a different hole in the sky. After entering this hidden door, you saw the chief rudder of the axe gang. The light here was not very bright, gloomy, and at the end. There are two extremely sharp mottled axes hanging in the middle of the place in front! The place below is Guan Erye, who they usually worship.

The characters in the gang most admire Guan Erye, so they all like to enshrine the statue of Guan Erye in the gang.

I saw the boss of the axe gang looking at the smiling Buddha in front of him with a smile at this moment and asked, "Father, let's talk about it, why are we here for the axe gang this time?"

I saw the smiling Buddha sat down slightly on one side, and then looked at Boss Jiang with a smile in his eyes.

"Actually, I am here today to discuss a big deal with you."

When Boss Na Jiang heard the three words "Big Sale", not only did his eyes light up, he looked at the smiling Buddha with a wicked smile and said, "Big sale? How big is the sale?"

"Anyway, there is a lot of money, and it is absolutely beneficial and harmless for your Axe Gang." Smiling Buddha continued.

Then, when Boss Jiang heard the smiling Buddha say this, he not only said in a puzzled way: "Is that right? How could Lord Buddha think of my axe gang?"

But seeing the smiling Buddha smiled and said, "Haha, because this business is about your axe gang, so I must find you."

Boss Jiang was originally a straight-tempered person. He didn't like the smiling Buddha in front of him turning around here, so he asked, "Come on, what's the matter?"

So the smiling Buddha said, "Have you heard the name of Lord Vengeance recently?"

When the smiling Buddha in front of him suddenly said the name of the vengeful son, Boss Jiang in front of him was not only taken aback, but frowned and said: "I have heard...just the one who bought a woman for one million. The second man in underwear...haha."

The smiling Buddha in front of him continued: "I'm talking to you Axe Gang this time about Lord Revenge."

what?

"What about the rich second-hand son?" The boss in front of him continued to laugh.

"Father, if you say that, why am I getting more and more confused, Buddha, if you don't tell lies in front of real people, you should tell the purpose of your coming." Jiang Boss asked directly there.

He is a rough person at first, he doesn't like to make mistakes, and he doesn't like to think about things even more. In his opinion, he will do what he can do, and he will never do what he cannot.

The smiling Buddha heard that Boss Jiang in front of him said so, so he said, "Okay, then I will say it."

"Maybe you still don't know... I am now working for the Vengeful Lord Buddha." Smiling Buddha said.

"Ah? Lord Buddha, are you joking? You work for that second idiot boy...Wow, haha, Lord Buddha, you are too good at joking." The boss in front of him laughed as if he didn't believe it.

But seeing the smiling Buddha said: "Do you think I am joking?"

Boss Jiang was taken aback, looked at the smiling Buddha with a serious expression on his face and thought for a while: "Is it true? Lord Buddha, are you really doing work for that fool?"

Smiling Buddha said: "Of course..."

"The son gave me a large part of the money, of course I am willing to work under his hands." Smiling Buddha said.

Na Jiang's eyes were puzzled and said: "Oh, it turned out to be like this... No wonder, no wonder you work with that second classmate with an identity like Lord Buddha. I understand, you always do it for money, money, haha."

"Boss Jiang, how about you? Do you like money?" I heard the smiling Buddha suddenly asked.

Boss Jiang was taken aback: "Which calf doesn't like money? If anyone doesn't like money, I will slap him in the face..."

The smiling Buddha laughed haha.

"Just like it! Boss Jiang, it's true that I am here to send you money this time." Smiling Buddha continued.

Hearing the money, the boss was taken aback, looking at the smiling Buddha in front of him and said: "Father, what do you mean?"

"I mean, if you promise one thing, then Lord Vengeance will give you a lot of money." Just listen to the smiling Buddha.

When the boss heard this, he was stunned. Of course he had heard that Lord Vengeance was a very rich person...especially at this near end, but he really couldn't understand why this Lord Vengeance would give him money?

"I don't even know that \*\*\*\*\* revenge boy, why should he give me money?" Boss Jiang said in disbelief.

He only listened to the smiling Buddha in front of him and said: "Although you don't know our son, our son knows you. He knows that you are the leader of the Axe Gang, so he wants to cooperate with you. "

"Cooperation? What is cooperation?" Boss Jiang asked.

The smiling Buddha saw that the time was almost ripe, so he said: "Our son said, if you still have your axe helper and can follow him in the future, then our son will give you a large amount of money for the axe help as consumption. cost....."

Just when the smiling Buddha in front of him suddenly said this, the eyes of Boss Jiang suddenly became fierce.

"and many more....."

"Father, what did you just say? You said that the second-hand man wants us to help follow him? Let him be the boss in the future? We will all be little brothers..." Jiang boss suddenly looked at the smiling Buddha in front of him with bad words and asked. .

The smiling Buddha nodded slightly, looked at Boss Jiang and said, "En!"

Just after Laughing Buddha uttered a word like this, but seeing Boss Jiang in front of him suddenly slapped his palm on the big table in front of him, the atmosphere in the room suddenly became tense.

Na Jiang's face was extremely ugly, and those fierce eyes stared at the smiling Buddha in front of him.

What about the smiling Buddha? But he was still sitting there like a bell, as if he had already expected the reaction of the boss.

"Haha! Have the courage!" Suddenly a loud laugh came out of the boss's mouth.

"Unexpectedly, the second man would dare to have such courage and want to use money to buy my axe gang? Haha..." Boss Jiang finally knew that the smiling Buddha in front of him had said so much to himself.

The smiling Buddha still looked at Boss Jiang before him with a smile and said, "Boss Jiang, what do you mean?"

After speaking, he looked at the boss in front of him.

Chapter 1507: Bad idea

But seeing Boss Jiang laughed wildly, he suddenly pulled out the cold axe behind him, and with a bang, the axe slashed directly on the table in front of him, and the sharp axe went straight into the wood.

Looking at the smiling Buddha in front of him with a sneer: "Father, you are the one who treated me badly today and tell me these things... If you change to another person today, or your \*\*\*\*\* revenge boy... I will definitely treat him. All of his hands and feet are cut off here for me."

"Damn, does he think that money is great? Can I buy Lao Tzu's axe gang if he has money?"

"Father, let me put your words here... Don't let Lao Tzu see that \*\*\*\*\* boy... If you are seen by Lao Tzu someday, Lao Tzu will not recognize him. He will definitely chop him to death. He threw him into the river to feed the bastard." The boss Jiang in front of him said suddenly angrily.

Want to use money to buy the axe gang in front of you? It seems that it is indeed an unlikely thing.

In fact, the smiling Buddha had already expected this result. After hearing the anger of the boss in front of him, the smiling Buddha could only sigh slightly.

"Then Boss Jiang, do you mean that the negotiation is not right?"

Na Jiang yelled and said, "Talk about shit..."

The smiling Buddha smiled slightly: "Then Boss Jiang said so, it doesn't make sense for me to stay here... hey."

"Go back and tell you that \*\*\*\*\* boy, let him be a bit more careful, I can't tell which day I will chop off his dog's hands." Jiang Boss finally roared.

The smiling Buddha in front of him smiled and said nothing.

He just stood up slowly, and then calmly left the axe gang rudder in front of him.

When the smiling Buddha walked out of the axe gang chief rudder, there were a row of axe gang members standing at the door, all staring at him, and at the same time carrying an extremely sharp and cold axe in his hand.

What about the smiling Buddha? But just glanced at these people with faint eyes, and then strode towards the outside of the teahouse.

The members of the Axe Gang saw the smiling Buddha in front of them and went away like this. Although they were extremely angry, they were not easy to start. After all, the smiling Buddha was still very famous on the roads of Jinghai City.

Just after the smiling Buddha left, the boss of the axe gang also walked out from the rudder with a gloomy face.

His face was extremely ugly, iron blue, and his entire face looked like he was about to kill.

After seeing their eldest brother walk out, those subordinates not only hurriedly shouted and said, "Big brother..."

"Big brother... how is it? What did that fat man say?"

"Yeah, big brother, the fat man was very arrogant just now, why not let the little brothers kill him?"

...

The group of kids in front of them were all talking about it.

I saw the old man yelling: "It's all the \*\*\*\* shut up for me."

"Asshole, Laughing Buddha, this bastard, I didn't expect to be a dog for others, it really makes me feel curious." Boss Jiang said depressedly.

When the brothers around me heard what my eldest brother said, they all stayed there one by one, and no one knew what the eldest brother meant.

In the end, a key member of the Axe Gang asked, "Big Brother, what's going on? That smiling Buddha has always been a fascinating person. Why did our Axe Gang suddenly come here today?"

After the subordinates asked, they only heard Boss Jiang said depressedly: "This dog wants to buy us."

"Buy?" All the brothers were stunned when they heard the word buy.

"What do you mean, eldest brother?" a group of younger brothers asked around the boss Jiang.

So the angry Boss Jiang told himself all the things the smiling Buddha told him today, one to five to ten to all the little brothers in front of him.

"...Asshole, that \*\*\*\* boy with revenge... If I can find him, I have to break his legs, mother, what is it? He wants to buy us axe for help. ... I'm so stubborn." After the boss Jiang in front of him finished speaking, he still cursed there with a face full of anger.

When the subordinates heard that the rich revenge boy actually wanted to buy their axe gang like this, they all became angry.

"Dogday... It's great to have money?"

"Yes, \*\*\*\* him asshole.

"Brother, how about we take a few people to check where the \*\*\*\* lives... Brothers go and teach him severely."

"Yes, teach him, let him know who the \*\*\*\* is the boss."

The group of boys in front of them all cursed.

But only one of the clever Axe Gang members spoke. This guy had studied at the University of Finance and Economics for two years, and was later expelled for illegal financial management at the University of Finance and Economics. After being expelled, he followed the Axe Gang.

This guy's mind is turning fast and treacherous enough. At this moment, he is slightly there and said to Jiang Lao Avenue: "Big brother...little brother has a trick, don't know what big brother thinks?"

Boss Jiang himself is a vulgar person. He prefers this guy with "learning" under his hand. If anything happens to the Axe Gang, it's a bad idea from this treacherous guy.

At this moment, when he heard this guy say so, Boss Jiang looked at him and said, "Do you have any ideas?"

I saw the boy with a pointed monkey face, and said with a wicked smile: "Big brother, I think since that idiot boy wants to buy us with money, why don't we just use it?"

"What? You mean, let Lao Tzu bring my axe to help that \*\*\*\* boy." When Boss Jiang heard that boy say this, he immediately roared there.

The sharp-mouthed boy said quickly: "No, no, no! Brother, you misunderstood."

"Brother, there is a saying called White Wolf with Empty Gloves. I believe that Big Brother must have heard it." The kid said with a treacherous smile.

When Boss Jiang heard what this guy said, he frowned and asked, "Damn it, don't rectify it with me, just say anything."

The sharp-mouthed boy said "Yes", and then continued: "Brother, let's be like this. Since the second-hand boy wants to use money to recruit us, then we will try to follow him. He is not very good. Money? Let's get the money first, and then counter him. When the time comes, we will not only get the money, but also give that \*\*\*\* a lesson...make the \*\*\*\* want to recruit us!"

After hearing this pointy-mouthed guy came up with such a crooked idea, the eyes of Boss Jiang in front of him suddenly lit up.

Suddenly he slapped his thigh and said, "Yes!"

"Damn, you guys have more crooked ideas..." Boss Jiang patted the sharp-mouthed kid on the shoulder with a big hand, and the pointed-mouthed monkey-gill kid laughed happily.

"Just do it, isn't that \*\*\*\* rich anyway... Hey, I'll blackmail him severely this time, and then mutilate him as a bastard... Let him return the \*\*\*\* arrogance in the future! "Just listen to the evil boss Jiang in front of you.

"Now you can check it out quickly for me, where exactly that \*\*\*\* Vengeful Young Master lives... After finding it, let me know as soon as possible." Just listen to the boss of the axe gang saying there.

A bunch of little brothers hurriedly said: "Okay." So they hurried out to work.

Chapter 1508: Sad man

Hilton Building.

In the room where Lord Vengeance was staying, he saw his lonely figure still sitting in the room doing exercises.

The entire empty 20th floor is filled with huge energy, and even the corridors can feel his mighty true energy, and that energy has an indescribable horror and strange feeling... gloomy! When people feel it, they can't help being hairy and terrifying.

"The law of the universe, everything is combined, the air of heaven and earth, the intention is to think and do..."

After the Prince Vengeance uttered these eight words, suddenly a mighty and domineering spirit appeared to the surroundings...

That layer of mighty infuriating Qi is truly unprecedented and terrifying.

After Master Vengeance finished practicing for a while, he vomited slightly, and then sat quietly with his hands in his arms. The true energy slowly descended from his whole body, and then slowly returned everything to his dantian. Place.

Then his pupils opened, and those eyes became more gleaming and sharper than before.

It's just that his old fake face still looks so dull, after all, this face is not his face.

After he slowly gained strength, he murmured in his mouth, "Should the Laughing Buddha be back soon?"

Then he started thinking about some questions in his mind.

But he said why this revenge son should gather the black forces in Jinghai City before him?

No one knows his thoughts, but what is his real purpose? I'm afraid no one knows yet at this moment.

He just thought slightly in his mind: "After gathering these forces in Jinghai City, he will then wantonly gather the black forces from other provinces and cities... Once these forces on the rivers and lakes are gathered by himself, then he The name and the degree of rapid rise will definitely arouse the attention of the gate of \*\*\*\* and the evil Long Yin...At that time, they will definitely not expect that they will rise like a stranger..."

"Once that time is really reached, I can not only share the pressure of the Duguxie in Binjiang City... but also distract the attention of the gate of \*\*\*\* and the evil dragon... In this way, the brothers can be guaranteed not to be affected by all aspects. And then gather these forces to destroy the gate of \*\*\*\* and the \*\*\*\* Long Yin together."

"Hate... hatred..."

"I will soon repay all the blood debts you owe me."

Lord Vengeance stayed in that room alone, thinking.

While Lord Vengeance was thinking about these questions, the door of the room outside suddenly rang banging on the door. After the thoughts of Lord Vengeance were interrupted, his face suddenly looked cold and unhappy.

"Who?" He yelled coldly.

After he asked, a frightened girl's voice sounded outside the door.

"It's me... Young Master." Su Rongrong's voice rang.

It turned out that Su Rongrong stayed here all morning and basically didn't do anything... So at this time, I thought about coming to Prince Vengeance's room to see if I need to tidy up some trash... After all, I took it in a month. With so much salary, he didn't do anything, which really didn't fit Su Rongrong's style.

But she never expected that her kind behavior would disturb the revenge young man who was thinking about things in front of her.

"Damn it!" After Su Rongrong interrupted the thoughts in his heart by Su Rongrong who was thinking about something, he couldn't help but shouted in a low voice.

Then suddenly raised those cold eyes coldly, looked outside and said, "What are you doing?"

As the icy voice of the Vengeful Master suddenly spread, she who was standing outside with a fearful mentality towards the Vengeful Master, not only suddenly felt a little bit in her heart.

But he still said nervously, "I...I think...I want to help the son tidy up the room..."

"Get out! You don't need to sort it out here." The Revenge Master shouted angrily.

After Master Vengeance suddenly roared and said the word "get off", Su Rongrong suddenly felt a little in her heart... The whole body was like a thunderbolt hitting her body, let her completely Stunned there.

Then the tears in her eyes tickled and tickled like broken beads!

She didn't think of what she wanted to do, but in exchange for such cold words from the damned young man of revenge... and said such harsh words, how could she, who had a strong self-esteem, could bear it?

She was aggrieved with tears and ran towards the elevator with her mouth covered.

She was fed up with... fed up with the temper of this perverted vengeful boy... She decided to kill herself and never come here to work again! Even with a monthly salary of 30,000 yuan a month... She will never come here to work again.

Su Rongrong, who was extremely aggrieved and angry, left the Hilton Tower in front of her with tears. She vowed that she would never work with this damned revenge boy again! I'm so wronged...

But what about the revenge son?

After scolding the girl away, he also had some slight regret in his heart... Regret that the tone of his own words might be too heavy! After all, she is only a girl, and she is still a girl who wants to help her own room.

After thinking about it, the revenge boy felt that his recent temper seemed a bit weird...

"Hey, why my temper is getting worse and worse... and it's completely different from what I was before!" He couldn't help but think to himself while living in the room.

In the past, he seldom got angry at girls like that... seldom scolded girls like that, but now why does he get angry at every turn? And my whole body sometimes can't help but reveal a fierce aura...

You must know that the true aura in his body is usually only emitted when he feels it, but now, the violent aura from his body will always permeate his body for no reason, sometimes even if he himself I want to control it, it seems that I can't control it, the hostility is exposed, and the whole body is full. This doesn't seem to be a good thing, the Lord Vengeance secretly felt.

After thinking about this completely in his mind, Lord Vengeance's eyes suddenly bet on the crystal table: Maha Boundless True Art.

But see it says: Practicing this magical technique, don't rush for quick success, otherwise you will lose your mind, and you will be punishable by the world!

When he saw the words on the Maha Boundless True Secret Art, the Vengeful Master's heart suddenly throbbed.

"magic?"

"The body of a demon?"

Chapter 1509: Do what you say

At the entrance of the Hilton Hotel, I saw the smiling Buddha drove back in the Hummer buggy.

After he got off the car, he walked directly towards the 20th floor.

When he reached the 20th floor, he suddenly felt that the energy permeating the entire empty floor was stronger than what he had felt before, and the reverberating energy was even more fierce.

After feeling this weird breath, Smiling Buddha's eyes rolled and glanced at the luxurious box of Lord Vengeance. Then he walked over step by step.

When he arrived at the door, he knocked gently on the door of Lord Vengeance as before. After knocking, he only heard the voice of Lord Vengeance.

"Come in."

Then the smiling Buddha in front of him walked in.

The smiling Buddha who walked in saw the Prince Vengeance sitting slightly on one side, his face still had that old fake face, and his eyes looked at the smiling Buddha who entered.

"The son." After walking in, the smiling Buddha shouted respectfully.

After he yelled out, the vengeful boy turned his head to look at him: "How is it?" A word came out of the vengeful boy's mouth.

After Lord Vengeance asked, the smiling Buddha face in front of him looked a little embarrassed.

"Return to the son, I have given you all of your entrustment to the boss of the axe gang... Hey, it's a pity that the boss of the axe gang doesn't agree." The smiling Buddha in front of you said truthfully .

Listening to the Laughing Buddha saying this, the Revenge Prince in front of him was not surprised at all, but he made a faint "oh" in his mouth.

Such a plain reaction not only made the smiling Buddha very puzzled, hey, why didn't this young man react at all? Could it be that all of this was already within his expectations?

But when the Vengeful Young Master suddenly smiled and said, "It seems that I guessed it is correct... The Axe Gang will not agree so quickly."

The smiling Buddha could not help being slightly surprised when he heard the Lord Vengeance say this, and said to himself: If it is true, he has already expected it wisely.

After thinking about it, the smiling Buddha couldn't help saying: "My son, what should we do next?"

"The Axe Gang guys... don't seem to like us very much."

The Vengeful Young Master smiled slightly: "Since I told them good things, they didn't agree...then there is only another way."

When the smiling Buddha heard it, he was not only startled, and asked, "What can be done?"

"Hard way! Since those people don't like soft ways, I have to follow them hard." A word suddenly came out of the vengeful son.

Listening to Master Vengeance saying this all of a sudden, the smiling Buddha looked at Master Vengeance in surprise and said, "What does the master mean?"

"Conquer them!" Four cold words came out of Prince Vengeance's mouth.

When he said this, the smiling Buddha felt a cold breath radiating from the Vengeful Young Master for no reason.

The smiling Buddha thought for a while and said: "What the young man says, just do what the younger one is."

The Lord Vengeance laughed there.

The Axe Gang didn't intend to let the Vengeful Lord subdue him, but to subdue them was a necessary plan for Vengeful Man to be carried out. How could it not be done?

Since good things were told to them that they were unwilling, then Prince Vengeance had to use a tough way.

Prince Vengeance has already asked the position of the rudder of the axe gang, and he also knows that the boss of the axe gang is surnamed Jiang... As for Prince Vengeance, what is the hard way to make the axe gang yield? No one knows at this moment, not even the Smiling Buddha.

But when the Vengeful Master was about to use a tough method to deal with the Axe Gang, suddenly in the afternoon, the Axe Gang found the Hilton Tower and contacted the Smiling Buddha.

It seemed that the people of the Axe Gang were quite fast, and they quickly found out where the Vengeful Prince was now.

It was a tall and thin member of the Axe Gang who came.

At this moment, the smiling Buddha was walking towards the room of Lord Revenge with the axe gang member in front of him.

The Lord Vengeance didn't expect the Axe Gang to find this place soon... and he sent someone to talk, which not only made Lord Vengeance slightly curious. In the room, Lord Vengeance sat quietly on one side of the leather sofa. , He didn't reveal his true face, just turned his back to the member of the Axe Gang who came to spread the word.

After the lanky guy entered this room, a pair of thief eyes were there.

"Are you from the Axe Gang?" The Vengeful Master suddenly asked.

The lanky member said, "Yes."

"What are you talking about when you come this time?" The Vengeful Master asked again.

Just listen to the lanky man saying: "I will give you a word for my elder brother... If you really want to accept our axe gang, at least bid 10 million! Otherwise, there is no negotiation." Said forcefully.

Listening to the lanky man saying this, Lord Vengeance sneered.

Then he said: "Money is not a problem, as long as you axe gang are willing to follow me in the future, don't say ten million... even more money will not be a problem."

When the lanky man heard this from the Vengeful Master, a sly smile appeared at the corner of his mouth.

"Well!"

"Since you have agreed...Our eldest brother will bring someone over to get the money tomorrow."  
The lanky man said with a smile.

The Lord Vengeance nodded slightly and smiled, "Okay."

"However, there is one thing I have to explain in advance..." The Vengeful Young Master suddenly said there.

The thin and tall man was taken aback for a moment, and said, "What's the matter?"

"If you get my money with the axe and don't work with me...hehe...what should I do?" Prince Vengeance asked suddenly.

When the thin and tall man heard him say this, he felt a little bit in his heart, and said to himself: This second-hand man, he was so smart, he could detect it.

However, he had already prepared the words, and smiled and said at this moment: "Don't worry... Our Axe Gang has always done what we say."

"A good word must be done!"

"I believe you...but I have something to say first, if you dare to go back...hehe, at that time, I will make every one of you unable to cry." The Vengeful Prince said indifferently.

When the lanky man heard the Vengeful Prince say so, he couldn't help but confessed in his heart: \*\*\*\* you? After tomorrow, who the \*\*\*\* is crying?

But he still smiled and said: "Don't worry, we will definitely fulfill our promise."

"Well, that's good." Lord Vengeance said.

"Then we will follow the agreement, at 10 o'clock tomorrow morning, our elder brother will bring someone to get the money..." said the thin and tall man.

The Lord Vengeance nodded slightly.

Finally the tall and thin man left.

Chapter 1510: coming

But after that member of the Axe Gang left?

I saw the smiling Buddha frowning slightly at the moment, looking at the vengeful son who was sitting quietly in the room: "My son, do you really believe what that fellow said?"

Hearing the smiling Buddha say so, the Vengeful Lord suddenly laughed.

The strange laughter made the clever smiling Buddha puzzled, and he didn't understand why this young man was laughing.

"Why, do you think the guys from the axe gang dare to play with me?" The Vengeful Prince asked with a smile.

Smiling Buddha said: "According to what I understand... The Axe Gang will definitely not want to follow the son, but they suddenly want to follow the son again, so... I am a little worried, worried that the son will have a financial loss..."

"You know, those characters of the axe gang are not good stuff, they are all gangsters." Smiling Buddha said there.

After listening to the smiling Buddha said this, Lord Vengeance waved his hand slightly.

"Don't worry, let them play... After tomorrow, I promise that they will follow me all, and they are absolutely heartbroken, haha." The Vengeful Prince said confidently, and laughed wildly.

That kind of majestic laughter shocked the smiling Buddha in front of him!

In his mind, there was no doubt about the words of the Vengeful Prince just now, because he had already felt the terrifying aura from the Vengeful Prince's body.

That kind of horrible aura is definitely not something that the axe gang gangster character can deal with.

But what about the axe gang?

The thin and tall guy who was spreading the word is now eagerly rushing to the general rudder of the axe gang.

As he drove the car back, he couldn't help smirking on the road: Damn, the second-hand man is so \*\*\*\* stupid...Haha, you want us to follow him? After tomorrow, you can't cry even if you \*\*\*\* cry.

After driving the car all the way to the Axe Gang, I saw dozens of backbone members of the Axe Gang standing in the main rudder.

They were all shirtless, with terrible tattoos tattooed all over their bodies, standing at the rudder, while Boss Jiang was sitting on the top seat with squinted eyes.

"Big Brother." At this moment, the thin and tall fellow has come back with a sly smile on his face.

Seeing this guy coming back, the boss Jiang asked, "What's wrong?"

"Haha, that's what happened... The second man agreed, and said that as long as we follow him, don't say ten million, he will pay out even more money." The lanky guy smiled there. Say.

When Na Jiang heard this, he immediately slapped the table and shouted, "Okay!"

"This Nima, I like to steal money from the rich!"

"Enjoying!" Boss Jiang laughed as he said.

The lanky man smiled and said, "Big brother, the second man also said... that if he gives us money then, if we don't follow him, he said he won't let it go."

"Oh...Is it? That fool dare to say that?" Mr. Jiang said in surprise.

The tall thin man grinned and said with his yellow teeth, "Yes."

"Grandma's bear... Tomorrow Lao Tzu will let him know what a wicked person is! Let's see who is not going to give up." The old man Jiang laughed.

"Brothers, prepare your guys with me tonight... Tomorrow morning, you will remember that I only took a dozen brothers up there, and you all waited in the elevator with me... As long as I order Please give me a charge! Lao Tzu doesn't believe it, just rely on him as a second-hand... to see how he can deal with me." Jiang said with confidence.

Dozens of shirtless members of the Axe Gang shouted, "Okay!"

"Tomorrow I will follow Lao Tzu to finish this matter... Lao Tzu takes you to have a nice day, eat well, play well, and also find you a beautiful chick to serve you at night... Haha." Jiang Boss laughed there. Say.

A bunch of rough gangsters then yelled, "Okay, okay, okay... tomorrow will be a success."

These guys like the greedy beasts seem to have the money from the Vengeful Lord now in their hands. They are all celebrating here in advance, shouting... extremely happy.

Suddenly, Boss Jiang seemed to think of something, and he asked the thin and tall man who had met with Lord Vengeance: "By the way, what does Nima look like on that fool?"

When the lanky guy heard the boss ask this, he frowned slightly: "I don't know..."

"Nima, haven't you seen him? Why don't you know?" Boss Jiang said depressed.

The kid said: "That guy has always turned his back to me...I can't see his face clearly."

"Oh, it turned out to be like this...Is Nima playing mystery? Haha." Boss Jiang laughed and said, his laughter was wild and savage.

The next day is the day of trading.

Before dawn, the members of the Axe Gang had already begun to prepare the guys.

In the axe gang rudder, there are more than 50 \*\*\*\*\* brothers accumulating, and they all have a sharp axe in their waist, ready to move.

At the forefront of the rudder is the boss of the axe gang, boss Jiang.

There was a smile on his face, and at the moment he waved his hand to the gang of younger brothers and said, "Go."

"I must take the money from Lao Tzu today."

The axe gang members, who looked like gangsters, started to make a noise.

Before ten o'clock in the morning, all the members of the Axe Gang had entered the Hilton Building. Among them, 3,040 brothers were all waiting on the 19th floor.

And the boss of Jiang rushed to the room of Lord Vengeance on the 20th floor with his brother who was more than a dozen awesome.

But they said that after Na Jiang and a group of young men rushed to the 20th floor and got out of the elevator door, they found that the entire corridor was empty, and there was no one under him.

Looking at this situation, the boss of the axe gang frowned slightly, and looked at the thin and tall brother who came to pass the message yesterday and said: "Damn, did you remember the wrong place? Why is there a person in this corridor? No?"

"Don't tell Lao Tzu that there is no one under the Vengeful Master, there is only a smiling Buddha." Only the boss Jiang said in an unbelievable way from his hand.

But he said that after Boss Jiang asked so, the lanky man quickly said, "Big brother, it is true. Yesterday, there was no one here, I only saw the smiling Buddha...what else? No hair at all."

Listening to the thin and tall man saying this, Boss Jiang suddenly became puzzled, and said to himself: I'm sloppy, isn't the Vengeful Young Master quite rich? Why don't you hire a few bodyguards?
