

A Killer 1511

Chapter 1511: Wait

Isn't the revenge boy afraid of others stealing his money? Kidnapped him?

"Damn, now this rich man really doesn't know what the **** is thinking in his head." But he said that the boss in front of him suddenly cursed.

"Go, look for that foolish boy."

The old man Jiang who was talking led the mighty dozen brothers around him and walked directly towards the empty corridor.

When they reached the corner, suddenly a figure stood in the front position.

The figure was chubby, with a slight smile on his face, staring unblinkingly at Boss Jiang in front of him and his group of younger brothers.

Laughing Buddha!

When he saw the smiling Buddha appearing at the front door of the luxurious VIP room, Boss Jiang's eyes wrinkled slightly.

Then he whispered to the younger brothers around him: "You will pay attention to Lao Tzu later... I said you will do it for me again... Don't forget, this dead fat smiling Buddha is not a fuel-efficient lamp. "

"En! Brothers see." The brothers on one side said there.

Boss Jiang nodded, and then walked towards the smiling Buddha with a large group of younger brothers around him in strides.

"Father..." The old man Jiang who was walking over said with a haha smile.

The smiling Buddha just stared at Boss Jiang in front of him, and a large group of aggressive boys behind him, and said slightly: "Boss Jiang is here so early? It's not yet the agreed time..."

"Haha, didn't I specifically want to see that guy... Vengeful Lord!"

"Father, you also know... Poor people like us have never seen a big man, so this morning, my brothers just babbled and said that they wanted to meet the rich man. No, we are just like this. Come early."

Listening to what Boss Jiang said, the smiling Buddha smiled slightly.

"Oh, that's how it is."

"But, Boss Jiang, are you here today to make a deal with our son? Or are you going to do it? Why are you bringing such a large group of brothers?" Smiling Buddha asked with a smile.

Hearing the smiling Buddha's question, then Boss Jiang suddenly felt a bit in his heart, and said, "Grass, could it be this fat man who discovered it?"

After thinking about it, Mr. Jiang said quickly: "Of course it's here to make a deal. Didn't the young man say that he wants to take our axe to help...I just brought my brothers over to see the new boss..."

"Yeah, yeah, we all want to see that young man..." the group of punks behind him shouted.

Listening to these guys talking nonsense here, the smiling Buddha didn't react too much, just a weird smile at the corner of his mouth.

"Father, where's the revenge son?" The boss Jiang in front of me asked suddenly.

As he asked, but smiled, the Buddha said: "Sorry, our son has agreed to ten o'clock... Now he is probably still resting... Hey, who made you come so early..."

Listening to the smiling Buddha said this, the boss of Jiang felt sore, and he took a look at the time. It was only 9:20, and there was still 40 minutes left.

So Boss Jiang frowned and said, "That...that...what should I do?"

"Hold on!"

"Wait until the son has rested...you can go see him again." said the smiling Buddha.

Listening to the smiling Buddha saying this, the sultry of the old man Jiang, but it is not good for it to happen now, after all, the "money" has not yet reached their hands!

For the money and the life of the Axe Gang in the future, after this boss Jiang thought about it, he said, "Okay, then we will wait... until the young man wakes up." He said helplessly.

The smiling Buddha heard the words of Boss Jiang in front of him, smiled slightly, nodded there and said, "Okay, then I will go in and prepare breakfast for our son... When it will arrive at 10 o'clock, I will come again. Boss Jiang."

Smiling Buddha said while smiling and opened the door of Lord Vengeance and walked in.

The large group of axe gang guys who can only sit in the corridor outside are dumbfounded, they are just waiting there like Erhuo... They are bored, they are depressed.

They were all there and couldn't help cursing the vengeful son in secret: Grandma, will you rest after seeing the fuck?

But he said that after the smiling Buddha walked slightly into the room in front of him, he saw the revenge son sitting in front of him leisurely drinking tea.

It turned out that the revenge boy was not resting, but just sitting there quietly.

"My son...the guys are here." The smiling Buddha said slightly as he walked over.

After hearing the words of the smiling Buddha, a smile appeared on the corner of the vengeful man's mouth: "Really? Come so soon..."

"Yep!"

"My son, I took a look at both upstairs and downstairs. There are dozens of members of the Axe Gang hidden on the floor below... and the boss of Jiang also brought more than a dozen people." Smiling Buddha said slightly worried.

But he said that after hearing the smiling Buddha say this, the revenge son only gave a faint "oh" in his mouth.

Listening to the indifferent words of Lord Vengeance, the smiling Buddha couldn't help being startled. He knew in his heart that Lord Vengeance might be a master of first-class.

But no matter how powerful a person is, he can't stand alone against the Axe Gang No. 5060, right? After thinking about it, the smiling Buddha said: "My son, I am a little worried today."

"Worried? Worried about me?" The Vengeful Lord suddenly smiled at the smiling Buddha.

The smiling Buddha nodded truthfully: "After all, those guys are not good at coming... and they have brought so many people."

Hearing what the smiling Buddha said, the Vengeful Lord suddenly smiled, then took a sip from the teacup on the table, and said, "Don't worry, I said... Today the Axe Gang will completely become My staff, no matter how many people come, even if there are a hundred more people, you don't need to worry." Prince Vengeance said, laughing wildly there.

The voice is full of unparalleled domineering feeling.

The smiling Buddha looked at the vengeful son in front of him, and the corners of his mouth moved a few times, as if he wanted to say something, but in the end he held back and did not speak any more.

Time passed by every minute.

Boss Jiang, who was sitting outside in the empty corridor, and his brothers in the axe gang were so angry that they scolded their mothers one by one.

"Damn, I dared to wait foolishly in this broken corridor... Asshole, I will definitely make you look good later." The boss murmured in that gloomy mouth.

The brothers around him were also angry, and one of them whispered in a low voice: Hey, what is the vengeful son... How dare we let our eldest brother wait for him here... Grandma really regarded herself as a big man.

Chapter 1513: First shot

Following the faint words of Lord Vengeance, his hand gently sent it off, then Boss Jiang, immediately stopped and retreated three steps!

His blushing face was full of shock and anger. He couldn't believe it and looked at the arm he had just been grasped by the vengeful boy, and saw five purple handprints on his arm!

Good boy, is this guy a man or a ghost? So old...and yet still have so much strength! ! !

Just after the eldest brother Jiang stepped back three steps before grabbing his figure, a large group of younger brothers rushed towards him. .

"Big Brother..."

"Big brother, what's going on?" A bunch of younger brothers all looked at the boss Jiang in front of them and asked.

But seeing that boss Jiang's face was extremely ugly, a pair of bull's eyes stared fiercely at the vengeful son in front of him, and at the same time he was shaking with anger.

At this moment, Lord Vengeance turned his head slowly, looking at Boss Jiang in front of him, still smiling and saying: "If you want this money from me, you can follow me...how about it? Promise?"

After the words of Lord Vengeance were uttered, boss Na Jiang stood there with an extremely ugly expression.

After a pause for a few seconds, a roar suddenly erupted from the mouth of Mr. Jiang.

"With your mother's head!"

"Do you think you can really get out of here today?" With a roar, Elder Jiang immediately picked up the sharp axe behind him, but seeing a bang, the sharp axe slashed in front of the Vengeful Prince. On the crystal table.

With a click, the entire huge crystal table was suddenly shattered.

Just after this boss pulled out his own fellow first, the dozen younger brothers behind him all pulled out sharp axes one by one.

"Hack him!"

"Cut him to death." A large group of bullies raised the axe in their hands and shouted, arrogantly.

And after this boss suddenly revealed his original nature, even the Smiling Buddha over there couldn't help but frowned slightly.

But at this time, he still looked at the Vengeful Master intently.

But what about the revenge son? After a bunch of guys in front of him all pulled out the sharp axe in his waist, the corner of his mouth couldn't help but smile, and then took a meaningful sip with the tea cup in his hand.

With a calm expression, Boss Jiang, as well as the group of younger brothers in front of him, were completely stunned!

He is not afraid of it? Don't know that you are about to suffer?

"It seems that you have to force me! Force me to use extreme methods to make you submit to me." A word slowly came out from the vengeful son in front of him.

After Master Vengeance said so, the boss of Jiang suddenly said angrily: "Damn, just with you, an old thing, want us to help you with the axe?"

"Old thing, let me tell you, this building has been completely surrounded by my brothers... As long as I give an order, you don't want to go out alive." Boss Jiang said arrogantly.

The Lord Vengeance didn't even look at him directly, just smiled and said, "Really?"

When Boss Jiang heard the revenge son in front of him, he was not only taken aback, but then he thought of the terrifying strength of this guy just now. Not only did he feel a little guilty, but with so many brothers by his side, could it be that so many of them could not deal with An old thing of 5060?

After thinking about it this way, I saw Boss Jiang smirkily: "Old things, if you are acquainted, give me the money obediently, otherwise, today I will let you taste what it means to be unable to survive or die. "

The Vengeful Prince smiled and turned his face to look at this boss Jiang and a large group of brothers around him. He suddenly smiled and said: "Okay, then you guys come and let me taste the pain."

After Master Vengeance said this all of a sudden, the elder Jiang couldn't help being angry anymore, and immediately said to the brothers around him: "Give it to Laozi, hack this old thing to death!"

Just after he roared out, the dozen or so little brothers suddenly raised the axe in their hands and slashed towards the revenge boy in front of him.

After seeing the situation like this, the smiling Buddha on the other side not only sharpened his eyes, but also had dark luck all over his body. He was ready to help at any time to help the vengeful son.

Because the other party is a dozen people after all!

But he said that when the dozen desperate guys suddenly took an axe and slashed at the Vengeful Master, they said that the Vengeful Master was completely sitting there as if he hadn't seen it.

Just when the sharp axe in the hands of the group of people in front of him was about to hack towards his body, suddenly the body of the Vengeful Master looked like a void, and suddenly floated backwards quickly and absolutely.

More than a dozen sharp axes all slashed in the air!

None of them could see clearly how the Vengeful Prince shot... even how his body moved!

To be honest, even the smiling Buddha over there was completely shocked, looking at Lord Vengeance with unbelievable eyes.

Then, a more shocking scene appeared!

An angry shout came out from the vengeful man's mouth, and then the dozen or so members of the axe gang had not seen what was going on. Suddenly, he saw that the vengeful man suddenly crossed his hands from his two palms. A huge pale white ball of vigor appeared in the heart!

"The universe is one!"

With a violent drink, but seeing the pale white ball of vigor suddenly sucked towards the hands of the dozen axe helpers like a huge magnet,

Huhuhu... I saw the sharp axe in their hands suddenly got out of their hands, and was suddenly sucked into their palms by the Vengeful Lord, and then the Vengeful Lord opened his hands and slammed, those sharp ones After he sucked it in, the axe banged bang...all it slashed on the cold wall behind the Vengeful Master.

And what about the dozen gangsters? It was all stunned... The complete shock was there, eyes full of disbelief, looking at the axe flying out.

Then, at the moment they were dumbfounded, Lord Vengeance sneered, and suddenly accumulated both palms, and with a thunderous palm, he directly hit the bodies of a dozen gangsters!

But hearing a loud bang, the bodies of more than a dozen gangsters were all shaken to the ground by that extremely powerful palm force.

One by one fell to the ground, yelling...

The heaven and the earth are vast, ten thousand laws are summed up, hold the yuan and keep one, the universe is boundless!

The sixteen characters perfectly set off the domineering and peerless kung fu of the Vengeful Lord.

Chapter 1514: Completely served

This is the first time Lord Vengeance!

This was also the first time that Smiling Buddha saw the real terrifying power of Lord Vengeance.

His eyeballs were almost bulging out, horrified and unbelievable.

His Laughing Buddha is also a figure in the arena, and he has been in the arena for such a long time, but when has he seen such a powerful Kung Fu? Such a powerful person?

Standing there, staring at those completely surprised eyes, looking at the horrible Vengeance at the moment, he muttered: God, who is he?

But what about the boss of the Axe Gang? Looking stupidly at the row of brothers in front of him who had been shaken by the vast palm of his hand, he couldn't think that his eldest brother was knocked down like this.

Good boy, is this guy a human? Still a demon?

Just as he was stunned, the Vengeful Prince suddenly smiled strangely, and suddenly stretched a hand forward, and suddenly a vast palm force sucked towards the boss.

Boss Jiang couldn't avoid the horrible suction force, his whole body couldn't hold it, and he was suddenly sucked into the palm of his palm by the Vengeful Master.

Then a cold hand squeezed Na Jiang's neck fiercely.

Boss Jiang suddenly felt that he was about to be suffocated, his face turned purple and his eyes widened...

"How? Do you still want money?" Suddenly a cold laugh came out of the Vengeful Young Master's mouth.

After Lord Vengeance pinched the neck of the boss with one hand, he saw that boss Jiang was about to be strangled alive, and shook his head there quickly... Those eyes that seemed to be protruding were full of terror. Bloodshot.

"Then you say... can your axe gang work for me now?" Suddenly a sentence came out from the vengeful man in front of him.

After Lord Vengeance asked this question, Boss Jiang raised those bloodshot eyes and looked at the Lord Vengeance in front of him.

"No...kill...I...I also...I won't give you the axe help." The boss said stubbornly.

"Really?" With a sneer, Lord Vengeance suddenly increased his strength.

At this moment, Boss Jiang's face began to turn purple... even his tongue was almost stretched out, and the signs of life gradually began to disappear in those eyes.

Seeing that the boss Jiang was about to be pinched to death by Lord Vengeance.

But Boss Jiang was quite hard, and even if he was dead, he would not bow his head.

In the end, when Lord Vengeance was about to deal with the guy in front of him very cruelly, Lord Vengeance looked at this guy who was not afraid of death, suddenly paused with one hand, and then smiled slightly and said: "I can't think of being a tough guy... .."

With the words of Master Vengeance, his hand slowly left the purple neck of Boss Jiang that was pinched by him.

Boss Jiang thought he was going to die. At this moment, after being let go by the vengeful man, he panted violently. His face was as pale and ugly as the dead, and there were five purple stripes on his neck. Handprints.

The Lord Vengeance did not kill the innocent.

Just after Master Vengeance loosened the neck of the boss, to be honest, everyone around him was not only taken aback.

Because no one thought he would let go of Boss Jiang... even Boss Jiang himself didn't believe it! !

The smiling Buddha over there was also looking at the vengeful son with a surprised face.

"For the sake of you are not afraid of death...I will spare your life." The Vengeful Master said slightly there.

As he said this, the elder Jiang, who was lying on the ground with a pale face, looked at the revenge boy in front of him with unbelievable eyes...

"You...you...don't kill me?"

Lord Vengeance took a look at him and said, "What? Do you want to die?"

Boss Jiang was panting with an extremely ugly face, and then shook his head vigorously.

The big group of silly little brothers behind him came to help their boss at this moment.

After being helped up, I saw Boss Jiang full of regret and guilt.

"Get out..." The two cold words suddenly came out of Prince Vengeance's mouth.

After Master Vengeance spit out these two words coldly, Boss Jiang was taken aback, and even the dozen or so subordinates he reached out were completely taken aback.

"You want to... let... let us go?" Boss Jiang asked again incredulously.

The Vengeful Young Master never paid any attention to the boss Jiang and the group of guys behind him. He just turned around slightly, and then sat quietly on the sofa on one side, quietly drinking tea.

"Big brother... let's go."

"Yes."

I saw the gang of younger brothers who were supporting the boss, looking at them, said.

At this moment, all of them looked as if they had met a ghost, pale and ugly, and no one dared to say a word too much.

But what about Boss Jiang? He lowered his head deeply, and after thinking about it for about a minute, he suddenly turned around to look at the revenge boy, and then unexpectedly, his legs fell on the ground.

"My son... from now on, our axe gang will follow you." A word in front of him suddenly came out of the mouth of the boss.

Just after such a sentence was suddenly uttered, everyone in front of him was not only shocked there.

Even the large group of younger brothers behind Boss Jiang were completely stunned.

"Big Brother..." They both looked at the boss in wonder.

At this moment, the smiling Buddha was also slightly surprised, and his heart was secretly: Why did this guy suddenly change his mind?

But he said that after hearing the words of Boss Jiang in front of him, the Vengeful Prince suddenly showed a slight smile on his mouth, and then slowly turned the "old" face to look at Boss Jiang in front of him.

"Why did you suddenly agree to follow me in the future? Is it possible that you still want to threaten me in the future?" The Vengeful Master said with a smile.

Elder Jiang knelt on the ground with his legs on the ground and said with a guilty expression:

"Although my surname Jiang is not a good person, at least he is a man."

"Actually, I was thinking about harming you son today... but I didn't expect that son would be so magnanimous, not only didn't kill me, but also released so many brothers... I have never served anyone in my life. , But today I serve you son! So I plan to take my brothers with him in the future."

"Although I am a rough person, I know what is called "Zhien Tubao". From today on, my Jiang Dashan life is your son, and all my brothers will follow him in the future. "Na Jiang said, kneeling on the ground.

Chapter 1515: Where's that girl?

After Na Jiang's words were uttered, the group of little brothers in front of him were dumbfounded, and they didn't expect their eldest brother to make this decision at this moment.

The smiling Buddha looked at the situation with a smile. At the same time, not only did he admire the revenge man in front of him more and more in his heart, but also couldn't help but wonder what kind of character this revenge man was.

After hearing the words of Mr. Jiang, the Vengeful Master finally showed a slight smile and looked at the old Jiang Old Avenue in front of him and said: "Are you really planning to follow me in the future?"

Najiang Old Avenue: "Really."

"I, Jiang Dashan, say no, I dare to swear by the life in front of me." Just listen to what he said in that man.

Hearing what he said, Lord Vengeance Haha Zongsheng laughed wildly.

"good very good."

"Since you are willing to follow me personally, then I will accept you." The Vengeful Master said.

After Lord Vengeance finally got under the boss Jiang in front of him, he saw that boss Jiang said to a large group of young brothers who were still in a daze, "Grass, you guys, don't give us the new big brother quickly. salute?"

After he said this, the group of axe gang guys behind him were taken aback, and they all knelt on the ground in front of them.

"My son." They yelled there together.

Seeing that the axe gang finally surrendered at his feet, Lord Vengeance smiled slightly.

There was a wild ambition gleaming in his pair of game eyes.

Now the Axe Gang has completely conquered... The only thing left is He Laoliu! As long as the He Laoliu was quickly recovered, then the entire underworld world of Jinghai City was already in the palm of his hand.

Thinking of this, Prince Vengeance not only smiled.

Now the axe gang finally surrendered to the feet of the vengeful son.

Boss Jiang was convinced, because he really saw the terrifying strength of the Vengeful Prince! He was shocked, but also scared.

When he took his large group of brothers and left the 20th floor in front of him, he still felt a little unbelievable.

But the facts are already in front of him, even if he doesn't believe it, he has to believe it.

On the corridor, the gang of younger brothers who saw him looked at Jiang Lao Dadao in front of them suspiciously and said: "Big brother...then we... shall we really follow that son?"

"Nonsense! Lao Tzu has already sworn in front of the son, can you not follow it?"

"Lao Tzu can tell you, don't let Lao Tzu be an unrighteous person." The old man Jiang said to a large group of younger brothers.

When the gang of young men heard the elder brother say this, they quickly lowered their heads, never daring to talk too much.

In this way, this boss Jiang will really follow that revenge son from now on.

But he said that after the boss left with the members of his axe gang, there were only two people left in the room in front of him, the smiling Buddha and the revenge son.

"The son is so powerful martial arts!"

"I have never seen such a powerful kung fu in my entire life when the smiling Buddha traveled north and south... I finally saw it today." The smiling Buddha said while looking at the Vengeful Master.

Prince Vengeance just smiled faintly, and said to the smiling Buddha: "I told you...The Axe Gang will definitely follow me, haha."

The smiling Buddha heard the vengeful son's laugh, and not only was taken aback there, he said: "So, everything is under the control of the son? Does the son know that the old man Jiang will take refuge in you?"

Lord Vengeance looked at the smiling Buddha in front of him and said slightly, "Of course."

"If you change to be the boss of Jiang, what would you do?" Prince Vengeance suddenly asked with a smile.

The smiling Buddha thought for a while, and at the moment he felt a little bit in his heart and said: "The subordinate understands... the son is really a very clever man! I can't think of using this extreme method to stimulate the boss."

But seeing the revenge young man smiled faintly: "In this world, some people can't rely on forced methods to persecute them, otherwise it will only be counterproductive!"

"Although Boss Jiang is not a good person, he can be regarded as a tough guy. Such a person... the only way to influence them is not to be cruel, but to be kind."

When the smiling Buddha heard the Lord Vengeance say this, he not only looked at the Lord Vengeance again in his heart.

He felt that this revenge boy was getting more and more complicated, and his thoughtfulness was far beyond his imagination.

"Now that the Axe Gang has finally been accepted, the next step to be recovered is that Lao Liu." A word came out of the Vengeful Young Master's mouth.

After Prince Vengeance said so, the smiling Buddha nodded with a slight smile.

"My son, don't worry. Once the axe is taken down for us, it shouldn't be a problem what is the name of He Laoliu..."

The Lord Vengeance nodded slightly.

"Well, you have to do this as soon as possible!" The Revenge Master said.

The smiling Buddha nodded, and then said: Yes.

"By the way, what about that girl? Let her come in and clean up the glass in this room." The vengeful boy in front of him suddenly remembered the "female punt" he had used.

Because the room in front of him had been made uproar by the boss and his little brothers just now, the floor was full of glass slag, so the Vengeful Prince thought of the "maid".

"Miss Su?" The smiling Buddha was not only startled when he heard it.

"Hey, yeah, why didn't that Miss Su see her today?" The smiling Buddha in front of him asked in confusion.

The Lord Vengeance was too lazy to pay attention to these trivial matters, and said slightly at this moment: "Go find her, I am tired, I will go to the room and rest for a while."

As the vengeful son in front of him said so, the smiling Buddha nodded and said: "Okay, then I won't disturb the son."

After Laughing Buddha said so, he quickly exited the room in front of him.

After leaving Prince Vengeance's room, the smiling Buddha couldn't help wondering: Hey, where is Su Rongrong? Why didn't she come to work today? Yesterday, did she come very early...why it's this hour today and haven't seen her yet, what's the situation?

After thinking about it, the smiling Buddha looked around on the 20th floor of the entire building, but never found the beautiful figure of Su Rongrong, which made the smiling Buddha depressed.

It seems that the girl named Su Rongrong did not come here today.

"That girl...won't come here with a monthly salary of 30,000 yuan a month? Really..." The smiling Buddha murmured, and then didn't take this matter too seriously, so she left alone. , He went to do his own serious business.

Chapter 1516: difficult

Of course, the smiling Buddha didn't know that Su Rongrong was scolded by Prince Vengeance.

But she said that Su Rongrong really didn't come here to work after being scolded by the Revenge. She is angry, she is angry.

She thinks that the rich are so great, can they trample on the dignity of others like this?

So Su Rongrong didn't come to work again in a fit of anger, even if it was a high salary of 30,000 yuan a month, she would not come.

Su Rongrong stayed in her dormitory for these two days.

The two best friends saw their good sister Su Rongrong unhappy in the past two days, and they all came to persuade her and comfort her, but she didn't laugh much from start to finish.

"Rongrong, what happened?" The girlfriend who had a beauty mole on her face looked at Su Rongrong and asked.

Su Rongrong lay on the bed with a pretty face and shook her head and said, "I'm fine."

"Then...then why didn't you go to work with that revenge man?" asked my girlfriend in confusion. To know her job, many girls want it to be too late... but she suddenly stopped going.

After mentioning the revenge son, Su Rongrong became angry.

"Huh... Even if I die poor, I will never work with those rich people again." Su Rongrong bit her lip and said angrily.

Listening to Su Rongrong's words, the best friend in front of her frowned silently and looked at Su Rongrong, "Rongrong, what happened? We are good sisters. Just talk about it..."

After the girl said that, Su Rongrong finally told her all about her grievances.

After speaking out, the girl with the beauty mole on her face not only screamed, ah.

"Rongrong, just because of this?"

Su Rongrong was taken aback, turned her head and said, "Please...Is this still a small matter? That hateful vengeful young man does not care about the dignity of others, and does not care about the feelings of others, can he just curse casually?"

The girl with a beauty mole on her face said, "Hey, Rongrong, rich people are all bad tempers..."

"Don't you forget it!"

"Besides, I just scolded us a few words... You imagine that someone will give you 30,000 yuan a month, and the work is so easy. If it were me, I would be too happy to be too late... It's okay for Rongrong to be a little wronged. what."

"I can't bear it." Su Rongrong said angrily.

"Is it great to have money? Can the rich trample on the dignity of the poor?"

"Even if I, Su Rongrong, died poor in this life, I wouldn't do such things without dignity." Su Rongrong said with a pretty face flushed with anger.

The girl with a beauty mole on her face knows Su Rongrong's temperament, so she can only shook her head helplessly after hearing her say this.

"Ok....."

"Hey, silly girl, since you are so stubborn, I can't do anything."

"But as a good sister, I still have to advise you appropriately... Rongrong, 30,000 yuan a month is not something that can be earned anywhere. It is comparable to your work in the cafeteria of our school for a year without food. It's the salary for drinking... Besides... Besides, Rongrong, your family situation..." The girl with the beauty mole on her face held back the rest of the story.

When Su Rongrong heard her good sister say so, she felt a little bit in her heart.

Yes, what my sister said is not bad.

A monthly salary of 30,000 yuan is indeed worth the salary of a year of hard work in the restaurant.

Besides, my family is so difficult. My mother is seriously ill, and my younger brother is in high school...If I don't earn any more money, who will support this family?

But how can one be so humiliated by others? What about such abuse?

She was originally a woman with extremely strong dignity, and now she was not only deeply contradicted there.

In the end, Su Rongrong stayed in the dormitory in a daze, with so many thoughts in her mind, she didn't know what to do.

Su Rongrong, who had been irritated in the dormitory for almost all morning, finally chose to call her home and ask what's the situation in the nearest home.

Often when a person is injured, her family is usually the first thing she thinks of! So Rongrong Su from this meeting called home.

She doesn't have a mobile phone, so she can only go to the small shop inside the school and find a public phone to use.

When she arrived at the public phone supermarket, she dialed the home phone.

She missed her frail mother and worried about her at the same time.

After dialing the phone, the phone rang a few times and then was picked up.

Su Rongrong opened her mouth and shouted, "Mom!"

But after the voice shouted out, only the voice of a man came from the phone.

"Rongrong... is it Rongrong?" Su Rongrong was not only taken aback when she was not her mother on the phone.

"Uncle? Uncle you?" Su Rongrong not only said curiously when she heard the voice.

The man's voice over there said, "It's me."

Su Rongrong not only lost her heart when she heard that the other party was her uncle.

Because my uncle is close to her home, and because her mother is often frail and sick, this uncle is fine to go to their home to help.

"Uncle, where is my mother?" Su Rongrong asked.

She missed her mother and wanted to talk to her mother.

After asking her mother, the other man suddenly let out a long hey.

Su Rongrong was stunned when she heard her uncle sigh.

"Uncle, what's wrong...?"

"Your mother's rheumatism has committed again... and I am still living in the city hospital," the man said.

"Ah? How is my mother? Is she okay?"

When she heard that her mother was sick again, Su Rongrong was so scared that tears almost fell.

The man on the phone said, "Your mother is nothing serious... but the hospital fees are quite high! You know, our family is poor and can't afford the medical expenses... So your mother had been from the hospital yesterday came back."

Listening to her uncle's words, Su Rongrong suddenly said, "Ah? How can this be? If my mother's rheumatoid relapses, she can't sleep because of the pain at night. How can she not go to the hospital?" Her eye circles were red. stand up.

The phone said, "I know! But what can we do?"

"Your mother originally didn't let me tell you... I'm afraid you are worried... But, watching her hurt like that, I also feel distressed."

When she heard this, Su Rongrong's tears flowed down.

"Uncle, you can rest assured my mother, let her go to the hospital, she must go to the hospital... I'll take care of the money matters!"

Chapter 1517: Go to work again

After hearing Su Rongrong's words, the person on the other end sighed suddenly. .

"It costs tens of thousands of dollars... You are a girl, and you are still in school, where can you get it."

Su Rongrong stubbornly wiped the tears from her eyes, and said: "Uncle, don't worry, you can just let my mother be hospitalized, and I will take care of the money."

"But..." The man over there seemed to want to say something.

But Su Rongrong here has interrupted his words: "Uncle, no matter what, you have to put my mother in the hospital. Okay, I won't talk about it."

After Su Rongrong said so, she hung up the phone in front of her directly.

With red eyes and wiped tears from the corners of her eyes, Su Rongrong returned to her dormitory sadly.

She stayed in the dorm alone, thinking of her seriously ill mother, thinking of her painful way when she fell ill, and finally Su Rongrong made up her mind.

She wants to make money, even if she has no dignity, she has to do it!

So she returned to her high-paying job and returned to the Hilton Tower.

When she returned to the Hilton Tower with a sad expression on her face the next day, when she was on the elevator, she happened to see the smiling Buddha.

Of course the smiling Buddha also saw this Su Rongrong.

When I saw Su Rongrong, the smiling Buddha was still quite surprised. He looked at her there and said, "Miss Su... are you finally here?"

"How about you? Why didn't you come yesterday?" Smiling Buddha asked as he went up.

After the smiling Buddha asked, Su Rongrong suddenly became embarrassed.

But she can't say that she didn't want to do it yesterday, right? So she had no choice but to make up a lie at this meeting: "Sorry, yesterday... I had a headache yesterday... so I went to the hospital. I didn't have time to tell you. I'm really sorry."

Hearing what Su Rongrong said in front of him, the smiling Buddha was such a clever person, he knew he was lying, but he looked at Su Rongrong's slightly red and swollen eyes, and agreed: "Oh, that's it."

"However, you can't do this again next time! Yesterday, the son originally planned to let you clean up his room... But then we couldn't find you."

When Su Rongrong heard the smiling Buddha say this, she hurriedly lowered her head and said to the child who had done the wrong thing: "I'm sorry, I'm sorry...I promise I won't have another time."

"En, okay." The smiling Buddha answered, and then didn't say much.

When the smiling Buddha in front of him and Su Rongrong arrived on the 20th floor in the elevator, they just got out of the elevator door and saw so many people suddenly standing in the corridor!

And each of them looks like a gangster character. At the same time, everyone is dressed in different styles, and their bodies are tattooed with weird tattoos. The most important thing is that these people also carry a sharp axe in their waist!

Axe Gang!

Su Rongrong was stunned when she saw these members of the Axe Gang.

What's going on?

What do these people do?

Of course she didn't know that the Axe Gang had already followed the Lord Vengeance yesterday, so the beautiful eyes were full of doubts looking at these people.

But seeing the large group of men in the axe gang was now looking at the beautiful girl in front of her with unscrupulous eyes, all grinning and talking at the corner of her mouth.

The smiling Buddha frowned slightly when he saw this situation.

"Ahem... This Miss Su is a maid specially hired by our son..." said with the smiling Buddha.

The members of the axe gang suddenly said "Oh" one by one.

After speaking, the smiling Buddha turned to Su Rongrong and said, "Miss Su, you can find a place to stay for a while...We have to go in and discuss things with the son."

Su Rongrong nodded hurriedly as soon as she heard it, so she hurriedly found herself in an empty corner.

And the smiling Buddha here is carrying the members of the axe gang in front of him and Boss Jiang, walking towards the room of the revenge son.

In the luxurious VIP box, Lord Vengeance was sitting quietly.

"My son, here we are." At this moment, Jiang Dashan and the smiling Buddha all walked in.

The Vengeful Master gave a faint "grace" in his mouth.

"Today, you two will go find the He Laoliu together... I hope he can be picked up by me as soon as possible." The Revenge Young Master said slightly.

The smiling Buddha and Jiang Dashan in front of him nodded.

"Don't worry, son, we will do it right away."

"I believe that He Laoliu should be a wise man... He will take refuge in you soon," said the smiling Buddha over there.

The Vengeful Young Master smiled slightly and said, "Remember, once He Laoliu is collected...you must spread this matter everywhere, and the more you spread it, the better."

Jiang Dashan didn't understand why the Vengeance was doing this. Not only did he frown slightly, but the smiling Buddha knew the good intentions of Vengeance, so he said: "Okay, the subordinates must take care of this matter It's proper."

"En, then you go." The Vengeful Master said finally.

After Master Vengeance finished saying that, the boss of Jiang and the smiling Buddha in front of him nodded and prepared to go out.

"By the way, son, that Miss Su is back to work again." Before leaving, the smiling Buddha suddenly said.

When he heard the girl who had been scolded by herself the day before coming to work again, Lord Vengeance was slightly startled, and said, "Oh? Where is she?"

"It's outside." Smiling Buddha said.

"Well, let her help me tidy up the room," Lord Vengeance said slightly.

After listening to the smiling Buddha, he nodded and walked out with Jiang Dashan in front of him.

But he said that after the smiling Buddha walked out of the room in front of him, he found Su Rongrong who was in a daze.

"Miss Su, our son wants you to tidy up his room." Smiling Buddha said,

Listening to the smiling Buddha saying this, Su Rongrong quickly stood up and said, "Okay, okay."

"Well, then you go."

After nodding, Su Rongrong hurriedly came to the room of the revenge master.

Pushing open the door of the luxurious VIP box, the breath of the whole room was a feeling of cold and suffocation, making Su Rongrong who walked in slowly felt a little scared.

She didn't know if she was afraid of the revenge boy? It was still because of the aura that existed in this room.

No matter what, she walked in carefully step by step.

"The son."

After hearing her trembling voice, the voice of Lord Vengeance resounded inside.

"Well, you are here." The Vengeful Master said.

"Help me tidy up the table briefly." The Vengeful Master said suddenly.

Chapter 1518: Silver mask

After listening to Master Vengeance say this, Su Rongrong in front of her nodded quickly.

Then he quickly sorted out the table in front of the Vengeful Master.

At this moment, I saw Lord Vengeance stepping out from inside.

Su Rongrong heard the footsteps of the Vengeful Master, so scared that she did not dare to speak or scream, she just kept her head down and packed her things.

"I heard that you didn't come here yesterday, did you?" A word was suddenly spoken from Prince Vengeance.

After Master Vengeance said so, Su Rongrong lowered her head nervously and said: "I...I...I was hospitalized yesterday...so..."

"Is it?"

Su Rongrong heard the suspicion in the words of Prince Vengeance, and became even more nervous and afraid.

"Are you afraid of me?" Lord Vengeance suddenly stepped closer to her again.

This Su Rongrong was originally afraid of revenge, but after his footsteps approached, her body trembled even more.

When Lord Vengeance was already only one meter away from Su Rongrong, Lord Vengeance stopped.

"Actually, you don't have to be afraid of me... I'm not a monster, I won't eat you." The Vengeful Master said suddenly.

Su Rongrong felt a bit in her heart when she heard the words of Lord Vengeance.

Then the Vengeful Master said to her: "You can clean this place briefly... I'll go to the room and take a rest."

After speaking, the vengeful son turned and walked inward step by step.

Hearing the sound of the footsteps of the Vengeful Lord, Su Rongrong dared to slowly raise her head, and quietly glanced at the Vengeful Lord's back... I saw that the Vengeful Lord's back looked lonely and lonely. In the eyes, there is a strange smell that cannot be said.

This also made Su Rongrong a little surprised. If this revenge boy doesn't swear casually, sometimes it's good. At least he is not like the legend of the outside world. He is a big pervert and a playboy...

Su Rongrong was thinking here.

After thinking about it for a while, she started to tidy up the things in the room again.

After cleaning up, Su Rongrong went into the corridor outside alone.

In the corridor outside, the people from the Axe Gang had already followed the Smiling Buddha out to do errands. There was nothing in the empty corridor at the moment.

Su Rongrong stayed there alone, thinking wildly in her mind.

She was wondering who the revenge boy is? What does he look like at the same time?

This Su Rongrong has always been afraid to look at the face of Lord Vengeance, not only because of fear, but also a strange cold feeling in Lord Vengeance, which makes her afraid, so...

Su Rongrong who was thinking about it just stayed outside alone.

Hell Gate, Necropolis.

In the palace of the dead, full of the gloomy atmosphere of death, everyone is wearing a black robe, like a ghost walking in hell.

The Necropolis is cold and dark, giving people a sense of despair everywhere.

At this moment, in a closed dark room in the Necropolis, a subordinate wearing a black robe quickly ran towards another closed stone room.

After following him to the secret room, there was a person sitting quietly on the cold ground in the stone room, his eyes were slightly closed, as if practicing qigong.

Following the entry of the man in the black robe, he quickly knelt on the ground.

"Master, there is news from Binjiang City." Only a word came from the mouth of the man in the black robe.

After speaking, the eyes of the man sitting in front of him slightly opened, and their eyes flickered.

"Oh, how is it?" Just listen to him ask.

He is the master of the gate of hell.

"Return to the master, our people have all arrived in Binjiang City, and it is understood that Duguxie and others have gathered all the figures to deal with the old yin and yang demon." Humanity in a black robe.

"It is said that even the Situ family in the Great Northwest has rushed to help."

When he heard his subordinates say this "Situ Family", the master of the **** gate suddenly changed his eyes slightly.

"Oh? Even the members of the Situ family went to make do?" The **** gate master in front of him said curiously.

"Yes, master." The man said on his knees.

The master of the **** gate smiled slightly, and then said, "Where is the old yin and yang demon? Did you find out... where is he now?"

The subordinate then said, "Return to the master, according to our secret investigation, the old yin and yang demon has actually arrived in Binjiang City."

"What? The Yin and Yang people also went to Binjiang City?" The master of Hell Gate asked curiously.

The subordinate in front of him said, "Yes, Master."

"Old Yin and Yang demon was discovered by our people two days ago...now hidden in Binjiang City...and it seems that he is going to face Duguxie and the others." The subordinate in front of him said. .

Listening to what he said, the master of **** gate suddenly laughed wildly.

"it is good!"

"I like them to kill." A word came out of the **** gate master's mouth.

"Yin and Yang people, deal with Duguxie and ghost servants... and the Situ family... Haha, if this is the case, even if Duguxie can help me kill the old Yin and Yang demon... then they will surely die and wound !"

"At that time, we will take advantage of the emptiness and kill the remaining Duguxie and others together, then no one in the whole rivers and lakes will dare to fight against me." The **** gate master suddenly laughed wildly.

Listening to his words, the subordinate said: "Master, but there is a weird person beside the old Yin and Yang demon."

"What? The old demon of Yin and Yang always likes to be alone? How come there are other people around him?" the master of the gate of **** asked doubtfully.

The subordinate said: "Subordinates don't know."

"But according to our people's investigation, that person has been following the old Yin and Yang demon... and it can be seen that the strength of that person is also very terrifying..."

The master of the gate of **** was startled slightly, and said, "Is it possible to find out who that person is?"

"There is no...I only know that the person's face is covered by a silver mask covering half of his face. As for who he is, we have not found out yet."

Listening to the people below, the master of the gate of **** muttered in that slightly dark background: "Wearing a silver mask with half a face?"

He had never heard of such a person on the rivers and lakes, so he seemed very puzzled at the moment.

After thinking about it, the master of the gate of **** said: "Well, you can find out who the guy who is following the old yin and yang demon is as soon as possible... After you find out, you will notify me as soon as possible."

"Yes, master." The subordinate obeyed.

Chapter 1519: Brothers pain

"Pass on my words, let us people in Binjiang City, don't act rashly, so as not to startle the snake, remember, let them do it first, and then we do it again, do you understand?" The **** gate master ordered there. .

After he said this, the subordinate said, "Yes!"

"Go down." The master of the door of **** in front of him said slightly.

The subordinate then stood up slowly, and walked out quickly, arching his waist.

After the subordinate retreated, the master of the gate of **** turned slightly to the side, and then faced the weird graphic characters carved on the stone wall, and fell into contemplation again.

Binjiang City.

Located in the Haocheng Hotel in Binjiang City, these two days can be described as lively.

Not only because of Duguxie and Ouyang Zhengtian's reason for staying in, but also the people from the Situ family rushed here.

On the day the Situ family arrived, Du Guxie and Ouyang Zhengtian all went out to greet them.

Na Situ Xiong had already heard of the name Duguxie, but he had never seen the legendary evil sword and the ghost servant in the far northwest.

Seeing each other at this moment was also quite happy.

After the mighty Situ family took all the people into the Royal City Hotel, they settled down a little bit before they began to discuss major issues.

The Wang Huo group who came to help at first... They were slightly puzzled when they saw the Situ family coming.

Although they had heard of the name of the Situ family in the Northwest, as for the strength of the Situ family, Wang Huo and others were really unclear.

It's just that when they saw the caravan from the Situ family, they all looked jealously. After all, the appearance of the Situ family as a wealthy clan was enough to shock the king tiger and the others.

At this moment, Wang Huo followed his group of so-called "help" guys in another hotel room, whispering and discussing.

Just listen to the guy Zhang Biao with a cigarette in his hand saying: "Patriarch Ouyang clearly looks down on our brother?"

"Does it take so many **** people to deal with a guy? And even the barbarian Situ family in the Northwest has invited... It's really, really funny."

The bald king tiger touched the shiny forehead with his hand, and snorted in that muffled voice, apparently a little unhappy in his heart.

"His uncle, Zhang Biao is right."

"Boss Wang, don't you see that since this Patriarch Ouyang has basically not talked to us since he saw us...went around that arm and the guys with grimace...this Ni Ma clearly doesn't put the brothers in her eyes." said the thin ghost-like Bai Zhendong.

In fact, since these so-called "helpers" came, Ouyang Zhengtian did not get along with them too much.

Because Ouyang Zhengtian knew the patience of these people and the little abacus they had in their hearts.

It's just that they are here to "help" and it is not convenient to say too much.

"Look down on us?" The bald king tiger suddenly roared there.

"Lao Tzu still look down on them... If you have the ability, don't ask Lao Tzu to help." said the bald king tiger.

"That's right, grandma's bear is too low to be seen." Zhang Biao also murmured there.

"Then what should I do? Boss Wang?" The thin ghost Bai Zhendong asked Wang Huo, who was looking in front of him at the moment.

Tiger Wang thought for a while, and finally said, "Forget it, let's just stay and see the situation first..."

"It's boring to fight with them. After all, our brothers are not here to really help his Ouyang family... The big guy said yes?" Wang Huo squinted.

"Yes!"

"Then do it this way." Wang Huo said.

The gang of nonchalant characters around were all there and said, "Okay."

On the 8th floor of the Haocheng Hotel, there are brothers, Du Guxie and Ouyang Zhengtian.

After the Situ family came, they were also arranged here.

At this moment, I saw all the people in black suits standing in the corridor on the 8th floor of the Nahaocheng Hotel. These people were the bodyguards of the Situ family.

At this moment, only the door of a room was opened. Tang Xiaolong walked out from inside. After he walked out, he glanced at the Situ family members in the corridor, and then walked in again.

"Sick ghost, how much strength do you think this Situ family has? Can we avenge blood and blood for the little boss together with them?" Tang Xiaolong muttered after walking in. ,

In the room besides Chen Qiaozhi, there were Xue Wuhen, Old Monster Ge, and the silent Aqiu sitting in other places.

Hearing Tang Xiaolong's words, Chen Qiao glared at him severely.

"Nonsense, would someone tell you how strong they are?" Chen Qiaozhi gave Tang Xiaolong a contemptuous look.

Tang Xiaolong thought for a while, and felt that what Chen Qiaozhi said had some truth, so he sullied his head and said, "But the Situ family shouldn't be any worse! At least it's better than what is called King Tiger. Those guys are much stronger."

"Really nonsense." Then Chen Qiaozhi scolded Tang Xiaolong again.

"Don't talk nonsense when you arrive, don't forget, we invited the Situ family." Chen Qiaozhi told Tang Xiaolong.

Tang Xiaolong smiled and said, "Don't worry, no matter how stupid I am, I won't be stupid enough to tell others..."

"That's possible." Chen Qiaozhi said contemptuously.

"Hey! I think the little boss." A word suddenly came out of Tang Xiaolong's mouth.

After he said these words, a sense of unspeakable sadness suddenly appeared on his face.

And the brothers were all silent at this moment. They rarely mentioned Li Tian's name for so many days, because they were afraid that once the name was mentioned, their grief would be revealed.

But in the end it was said by Tang Xiaolong.

After speaking out, I saw Chen Qiaozhi lowered his head deeply and did not speak with a pale face.

Xue Wuhen over there, dressed in a white shirt, sat there as if in a daze, with a dull face looking at the distant place. No one knew what he was thinking at the moment, and Old Monster Ge still had that ah. Qiu Ze is also a common silence,

Half a month has passed since Li Tian's "death", but whenever I think of their eldest brother, everyone's heart feels like being stabbed fiercely by a cold blade, it hurts to the bone.

Chapter 1520: Terrible hatred

"Patriarch Situ, thank you for coming to help me this time. Ouyang Zheng is innocent and I don't know how to thank you." In a luxurious room, I saw Ouyang Zhengtian politely thanking Situ Xiong.

Situ Xiong sat down with a smile, and behind him stood an old man holding a knife, Deng Lao.

On the side, there was the Duguxie and the ghost servant sitting quietly.

"Brother Ouyang is really polite... We are originally the four big families, whoever has difficulties should help... This is nothing to be busy." Situ Xiong said slightly.

When Ouyang Zhengtian heard Situ Xiong say this, he didn't say much.

"Hey, our family is all to blame for this disaster this time! Blame me for not protecting my family." Ouyang Zhengtian said regretfully.

Situ Xiong exhorted: "Brother Ouyang's words are serious!"

"Although your family has been temporarily destroyed, how can it be said that the century-old foundation will fall? After we have eliminated the yin and yang demon together this time, I believe that your Ouyang family will definitely be able to regain the glory." Situ Xiong said.

"Thank you for the comfort of Patriarch Situ, hope." Ouyang Zhengtian said slightly.

At this moment, Situ Xiong put his eyeballs on the Duguxie and the ghost servant again.

Although he had been in Binjiang City for almost two days, to be honest, Situ Xiong didn't know much about Duguxie and the ghost servant in front of him.

I have only heard of the prestige of the evil sword and the name of the ghost servant before, but as to who the two are, Situ Xiong, who is far in the northwest, does not know much.

At this moment, he glanced at Duguxie and the ghost servants, and said slightly: "The two have not been out of the arena for many years. Why did they suddenly appear above the arena this time?"

Situ Xiong, who was far in the northwest, didn't know the news of these two people coming out of the mountain. He only heard the news that Duguxie and the ghost servant had already come out of the mountain after he got inside the pass, so he couldn't help asking.

"Because of hatred." Four cold words came out of Du Guxie's mouth.

His voice was cold and murderous.

Situ Xiong felt that Duguxie's body made up for the terrible murderous moment, and he was taken aback, and his mouth was hidden: What a strong murderous! It seems that the famous evil sword Duguxie is really well-deserved.

When the old man holding the knife behind Situ Xiong felt the terrible murderous aura permeating the Duguxie, he couldn't help taking a step towards his master, as if afraid of the Duguxie.

However, he said that when Situ Xiong heard Duguxie coldly uttering the words "hate", he was not only shocked.

"The two have hatred with that old yin and yang demon?" Situ Xiong said puzzledly.

The ghost servant said: "Of course."

"This demon must not be killed." The ghost servant said with blood red eyes, the face wearing the grimace mask looked even more terrifying.

Looking at this Duguxie and the ghost servants all showing sharp killing intent, Situ Xiong not only secretly lined up in his heart: Why is the hatred of these two people so heavy? What kind of people make them have such a big hatred?

After thinking about it, Situ Xiong was inconvenient to ask again, so he turned his head slightly to the side of Ouyang Zhengtian and said, "Brother Ouyang, do you have any specific plans now?"

Ouyang Zhengtian shook his head slightly and said, "To be honest, there is not yet."

"But after your Situ family came, I believe we can now consider plans."

"I think the first step is to find that **** demon." Just listen to Ouyang Zhengtian.

When Situ Xiong heard Ouyang Zhengtian say this, he nodded slightly and said, "Yes."

"No matter what, we must find out the whereabouts of that demon in advance, so that we can work together to destroy him." Situ Xiong also said.

Ouyang Zhengtian said: "I have asked someone to ask about this matter. If nothing happens, I believe that the demon will be found in a short time."

Although the Ouyang family was destroyed, this did not mean that the Ouyang family did not have any strength.

The Ouyang family, who has been the leader of Jinghai City for so many years, still has met the "above" high-level people, so this time the Ouyang family dragged a lot of acquaintances and friends to help find the traces of the demon's Yin and Yang people, as to whether they can find out. That old yin and yang demon? I don't know at the moment.

After having a conversation with Ouyang Zhengtian, Situ Xiong left the room in front of him.

As he walked in the corridor, Situ Xiong calmed his face and suddenly asked Deng Lao who was holding the knife behind him: "Dong Deng, the evil sword and the shadow ghost servant are all exposed to murderous intent. These two are extremely fierce. A year ago, I heard that it was shocking the world. I saw it today and it was really well-deserved. I just don't know what hatred the two of them have, and they will exude such a huge hatred?"

The old man with the knife said slightly, "Return to the master, I heard from the Ouyang family that one of the two people seemed to have lost their life in the last battle to rescue the Ouyang family."

"Family?" When Situ Xiong heard these two words, he was not only taken aback.

"What kind of family?" Situ Xiong asked puzzledly.

The old man holding the knife thought for a while and said, "It looks like a boy named Li Tian."

"Li Tian?" Situ Xiong was slightly surprised, then shook his head and said, "I haven't heard of this name."

Elder Deng, who was holding a knife, then said: "I have also heard of this person's name, but I heard that Li Tian is the grandson of the commander-in-chief of the North China Field Army..."

"The master must have seen the army stationed outside the Haocheng Hotel...that was the person sent by the old commander in North China to assist him." Deng Lao Zai slightly reminded him in front of him.

After hearing what Deng said, Situ Xiong said slightly, "Oh, it turned out to be like this."

"No wonder, even the famous Duguxie and the ghost servants have to avenge Li Tian's name!" Situ Xiong thought to himself.

"Master, I think there will be a fierce battle against the old yin and yang demon this time." I just listened to the words of the old Deng who held the knife suddenly.

Situ Xiong said: "Why do you say this?"

"The evil sword Duguxie swept the world with a bronze sword more than 20 years ago. Except for his eldest brother Cthulhu, almost no one is invincible. Immortal servants and ghost servants, tracking the world's number one, can be described as unparalleled in light work. Twenty years of changing circumstances, talents in the arena have also emerged in large numbers, but Duguxie and ghost servants are enough to deter one party, but the master, such two people can't even take that yin and yang old demon, and also ask us... Imagine how terrifying the yin and yang old demon's strength should be!!!" said Deng Zai, who was holding a knife, very cleverly.
