

## A Killer 1521

Chapter 1521: There are two things!

After hearing what Elder Deng said by holding a knife, Situ Xiong nodded slightly, frowning his thick eyebrows: "Dong Deng's analysis is pretty good."

"There are many talents in the rivers and lakes in the Guan. I have heard of this person in the year when the old yin and yang became famous. It is said that this person is half male and half female, so he is nicknamed the yin and yang person. I was forced to jump to Luan Mountain, but he did not die."

"Having dormant in the devil's cave for so many years, no one really knows the true strength of that old yin and yang demon."

"That demon is really terrifying!" Situ Xiong also said slightly.

The old man holding a knife said: "Yes."

"Such a rare demon in a century, I am afraid that few people in the world can match a single husband with the exception of the unparalleled sword and the Cthulhu a few decades ago!" said Old Deng holding the knife.

Situ Xiong nodded slightly: "En, you are right."

"It seems that our help this time is about to face a big battle." Situ Xiong said.

Since the Situ family came to the Haocheng Hotel, Du Guxie and Ouyang Zhengtian have begun to prepare to deal with the Yin and Yang old demon.

Because they think it should be possible with their strength now, the only thing they have to do now is to find the old Yin and Yang demon as quickly as possible, because only by finding him can they be able to deal with him.

Brothers, there is nothing to do in the past few days, basically staying in the room.

After the "big brother" was gone, they seldom talked a day, each time they lowered their heads and remained silent, thinking about their own thoughts.

The TV in the room was still buzzing, playing boring news from the entertainment industry.

"...The following is a piece of news from Jinghai City. The sensational Revenge Prince in Jinghai City has hosted a banquet in Bailang Bay today to entertain the famous Axe Gang in Jinghai City and He Lao Liu and other black forces... ...According to the police, the evil axe gang and He Laoliu, the severely attacked black forces, have all returned to the vengeance of Lord Vengeance. Since today, the vengeance of Lord Vengeance has continued to show off his wealth and recruit the black forces. Attracted the attention of the local police in Jinghai..."

Just after the news was broadcast by this TV station, the brothers all heard a familiar name at this moment.

"Prince Revenge!"

Although they didn't know who this revenge boy was and had never seen that guy, they knew a lot about the deeds of this "stupid boy".

Especially the incident that spent a million to buy a pair of actress \*\*\*\*\* can be said to have been talked about with a smile in the circle.

At this moment, when he heard Lord Vengeance appearing in the public on TV again, Tang Xiaolong said suddenly, "I'm the grass, what's the name of Vengeance again."

"Nima's...what is this going to do? This has also collected the black forces in Jinghai City?" Tang Xiaolong said in surprise.

Hearing Tang Xiaolong's words, the brothers on one side couldn't help turning their heads to look at the news broadcast on the TV.

I saw the news continue to broadcast the report saying: "Following the numerous avengers showing off their wealth in Jinghai City and gathering the underworld forces in Jinghai City, because of his growing influence, even the underworld forces in neighboring provinces and cities are currently surrendering. What he meant is that this act of Lord Vengeance has attracted the attention of the Public Security Bureau and the police..."

After watching this news broadcast, the brothers not only frowned.

"Is this Lord Vengeance the one who spent a million to buy women's underwear last time in the newspaper?" Xue Wuhen suddenly said in disbelief with his bright eyes.

Tang Xiaolong almost jumped up, pointing there and saying, "It's him, it's that foolish man.

"Now that you are still gathering the dark forces in Jinghai City?" Xue Wuhen suddenly said again.

Then Chen Qiaozhi suddenly frowned on one side and said, "I'm wondering, I'm really wondering."

"What's the matter? Sick ghost, what are you wondering?" Tang Xiaolong in front of him looked at Chen Qiaozhi in confusion and asked.

I saw Chen Qiaozhi said: "Axe Gang, I know the Axe Gang, what is their boss's name, Jiang Dashan..."

"When I stayed in Jinghai City before, I heard the name of that person. It is said that the person was a migrant worker before. Later, I didn't know how I led a gang of gangsters and fooled an axe gang, and it was said that Jiang The person Dashan hates the richest by nature. He has the same temperament as a cow. No one is convinced. I really can't understand that a person like him would turn to such a rich man!!!"

After hearing what Chen Qiaozhi said before him, Tang Xiaolong said, "Grass, who doesn't like money in the world."

"That rich man named Revenge... the Axe Gang will definitely follow him."

"No, no! Jiang Dashan is definitely not that kind of person. Think about it, a migrant worker who has been bullied by rich people before, can he not hate those so-called rich people? Besides, Jiang Dashan's bullish temper is absolutely not. Will put one's hard work in the family business to other people's sect." Chen Qiaozhi.

Tang Xiaolong said, "Mao, I like money."

"Of course the gangsters prefer money."

Chen Qiaozhi was too lazy to pay attention to Tang Xiaolong in front of him, and continued to say: "I think the man named Revenge has two brushes, not as stupid as the outside world said, so stupid..."

When Xue Wuhen next to Chen Qiaozhi said so, not only frowned there.

"Why do you say that?" Xue Wuhen next to him not only raised his face and looked at Chen Qiaozhi.

Chen Qiaozhi held the golden glasses on his face slightly with his hand, and then said: "Think about it, if the revenge boy is just a fool, just a big brother who doesn't take money as money, how could he be here? In such a short period of time, I even gathered the Axe Gang in Jinghai City, and the group of He Lao Liu?"

"Maybe Brother Xue and Old Monster Ge are not very familiar with Jinghai City, but Xiaolong still has A Qiu. We have all stayed in Jinghai City. You said, He Lao Liu and the Gang of Axe Gang Will the local snake be surrendered so easily? Can it be bought by money easily?"

Hearing what Chen Qiaozhi said, Tang Xiaolong and Ah Qiu were silent in front of them, and even Tang Xiaolong who had been arguing with Chen Qiaozhi just stopped talking.

Because he did know that He Laoliu was a well-known cunning character on the underworld in Jinghai City, and he also opened a lot of casinos underground in Jinghai City...The people under his hands lend usury and run entertainment venues. To put it bluntly, no Lack of money!

But how come those guys have followed that "stupid" revenge boy?

Is it just because of the money?

Chapter 1522: Feeling scared

After listening to this analysis, the brothers felt that what Chen Qiaozhi said was very reasonable.

At this moment, even Tang Xiaolong couldn't help but his eyes widened, his mouth grinned and said: "Wipe, that sick ghost, you mean, that foolish boy is still hiding..."

Listening to what he said, Xue Wuhen and others on one side laughed slightly. Although they were smiling there, they were all thinking about what Chen Qiaozhi said just now. In fact, what Chen Qiaozhi said was pretty good.

On the other hand, Chen Qiaozhi said with a serious expression: "I have never seen the Revenge Prince, and I have never heard of this person..."

"I'm just very strange. Such an inexplicable person suddenly appeared like a monster when the rivers and lakes were in such a mess. Then he became famous, and then he stabbed it horizontally, and began to gather the rivers and lakes. Some underground underworld forces...I don't understand, I really don't understand what this person is doing."

After Chen Qiaozhi finished saying this, the old monster Ge, who had never spoken, suddenly squinted his eyes and said, "What do you mean by that sick ghost, what do you mean by the name of the \*\*\*\* and revenge boy who was born in this way, is there no ulterior motive?"

"Well, I think it should be." Chen Qiaozhi nodded deeply and said.

On the contrary, Tang Xiaolong grinned and said: "What the \*\*\*\* is your \*\*\*\* and revenge son... We don't care what the bird man does... It has something to do with our brothers, everyone said no?"

Hearing Tang Xiaolong's words so vulgarly, my brothers actually thought what he said was really good.

So what does the Vengeful Lord have to do with them now?

Even if he gathers all the black forces in the entire province and city, what does it have to do with this side?

Although the big guys talked about the Lord Vengeance in their mouths, as if they were talking about the pastime after dinner, but the four words of the Lord Vengeance were deeply burned in their hearts.

After all, that guy named Vengeful Lord, every time he has done in the past half a month is enough to make the outside world speechless! Let the outside world shock!

Jinghai City!

After the fact that Lord Vengeance bought a pair of women's underwear for a million, the name of Lord Vengeance became louder again at this moment.

That's because Lord Vengeance spent a lot of money to buy the most famous luxury nightclub "Bailang Bay" in Jinghai City.

In addition, the gathered axe gang members and He Laoliu and others who had just gathered were taken to drink.

At present, the two major black forces in Jinghai City have completely returned to the vengeance of the master.

The night in Jinghai City is very lively and bustling, but the night at the "Bailangwan" nightclub is even more bustling and noisy.

At this moment, you can see the neon flashing light from afar, and the members of the axe gang are walking towards the most famous and most expensive "Bailang Bay" in Jinghai City. He Laoliu's subordinates, the banquet tonight, and the consumers are all paid for by Lord Vengeance, in order to tell the world that the current black forces in Jinghai City have all been taken care of by Lord Vengeance.

In the first fifteen days, people only knew that the Vengeful son was a rich, rich son, but since today, people don't dare to say that anymore, because they all know that he is currently the biggest "underground emperor" in Jinghai. The banquet in "White Wave Bay" tonight is enough to prove everything.

The crowded "White Wave Bay" hotel not only has many onlookers, but also many media reporters. But they never saw the appearance of "Vengeful Son".

The only thing they saw was those He Laoliu and members of the Axe Gang drinking and entertaining at Bailang Bay. As for the revenge boy, who was it? What it looks like, at present, is a mystery in Jinghai City, and no one knows.

Hilton Hotel!

Inside the empty 20 floors, there was a cold and cold breath.

At this moment, a person came slowly from the corridor.

That person is the smiling Buddha.

The smiling Buddha's face was flushed, and his body was still slightly drunk. It turned out that the smiling Buddha had just returned from Bailang Bay.

After the smiling Buddha walked to the door of the vengeful son's room, he sorted out his spirit, then raised his hand and knocked on the door slightly: "My son...I'm back." A word came out of the smiling Buddha's mouth.

After the voice of the smiling Buddha came in, only the voice of the vengeful son rang out.

"come in."

With the sound, the smiling Buddha dared to slowly open the door in front of him, and then slowly walked in.

The Vengeful boy in the room is sitting cross-legged, his eyes closed slightly, as if he was restoring his breath.

After the smiling Buddha walked in, he first glanced at the revenge master sitting in front of him, and then said slightly, "Master, I have followed your instructions to make all of our affairs tonight public... ..Now the headlines of the major media across the country will presumably publish our affairs tonight. Not surprisingly, at this time tomorrow, you must be famous throughout the country."

After the smiling Buddha said so, a slight smile appeared at the corner of Prince Vengeance's mouth, and then the eyes of Yi Yi opened in an instant.

"good very good."

"It seems that you did a good job." The Vengeful Master said in praise.

The smiling Buddha smiled slightly and said: "The subordinates are also doing their best according to the son's will."

"Be humble, if this time without you, I believe my plan will not go so smoothly." Prince Vengeance said there.

Smiling Buddha smiled slightly.

He had an inexplicable feeling of "fear" towards the Vengeful Son in front of him. The Laughing Buddha didn't know the reason for his fearful feeling. It was because of the huge secret hidden behind the Vengeful Son? Or is it because of Master Vengeance's terrifying skill? Or is it the weird plan of the vengeful son again? All of this, currently the smiling Buddha does not know, the only thing he knows is that he must not say a word wrong, do a thing wrong, or show a trace of "smartness" in front of this revenge son sign.

"He Laoliu, as well as Boss Jiang, they have all gone to Bailang Bay?" He only listened to the faint voice of the revenge son.

The smiling Buddha in front of him nodded slightly and said, "Yes."

"En." The Vengeful Young Master said with a slight graciousness.

Chapter 1523: Such a heavy effort

"You arranged for two people to help me observe He Laoliu during this period... Remember, he and Jiang Dashan are not the same type of person, Jiang Dashan belongs to that kind of man, as long as he is convinced, he will be desperate. He's following you, but He Laoliu is definitely not this kind of person, he is a villain, an out-and-out hypocrite, this kind of person, although I have subdued him, I can feel the resentment in his stomach... .."

"A man with a deep mind usually understands one truth, that is, she is forbearing. Now that He Laoliu is saying that she is enduring her, so I am not very at ease with this person. I don't want this kind of person to be like a poisonous snake. Just turn back and bite me." The Vengeful Master suddenly said there.

"I think you should understand what I'm saying?" The Vengeful Master said while looking at the smiling Buddha in front of him with a smile.

After listening to the words of Lord Vengeance, the Laughing Buddha not only had a deep scheming for the Lord Vengeance in front of him, but also made a thorough analysis of the Lord Vengeance. At this moment, he said: "The subordinates will definitely follow the young man. The intention is done."

"Well, that's good." The Vengeful Master said with satisfaction.

It turned out that when he was regaining the sixth day before yesterday, then he just played a trick, gamble!

He Laoliu is a treacherous villain, everyone in Jinghai City underground gangsters knows, and they are despicable and shameless treacherous villains. Normally, this kind of person only gets light and doesn't suffer.

It's a pity that he met Lord Vengeance the night before. When the Lord Vengeance wanted to take him, the treacherous He Laoliu made a condition, bet!

He Laoliu started with gambling and opened several well-known underground casinos in Jinghai City. Everyone in Jinghai City knows that He Laoliu is a famous "little gambler". As long as he gambles, he has basically never lost. Especially playing dice!

But just the night before, he was going to play dice with Lord Vengeance.

Only Jiang Dashan was present that night, there were also Laughing Buddha, and Lord Vengeance, as well as the old 64.

As for how they play dice, how do they bet? No one knows, the only thing he knows is that it only took five minutes for Prince Vengeance from entering the gate of the casino to coming out, and then He Laoliu followed out with a pale face and a ghostly expression. Then he said one sentence: "From now on, I will follow you, son He Laoliu."

Lord Vengeance smiled slightly at the entrance of the casino, then turned and left.

With a mysterious opening and a mysterious ending, the Vengeful Son's style is full of mystery and weirdness.

It's just that Lord Vengeance knows who He Laoliu is, and he knows what the villain is doing, so he instructs the smiling Buddha in front of him to find two people to watch He Laoliu.

"I think this matter should have spread to them in Binjiang City." A weird word suddenly came out of Prince Vengeance.

When Prince Vengeance uttered such a sentence, his voice became full of emotion, full of similarities... Even the sharp murderous aura he had just disappeared without a trace.

What a clever person is that smiling Buddha. At the moment he saw the change of Lord Vengeance, he not only stunned in his heart, but also muttered in the dark: Why is the Lord Vengeance in front of him so concerned about Binjiang City? Why is this? Could it be said that there are people whom the Vengeful Master knows in Binjiang City? Or is there something he wants to do?

The smiling Buddha could feel that what the Lord Vengeance was doing was to make people in Binjiang City pay attention. He didn't know why, and he didn't dare to ask the Lord Vengeance too much.

The smiling Buddha is a wise man. A wise man always knows what he should say sometimes and what he should not say sometimes.

Jinghai City, another place.

The dormitory of the film art school for girls.

"Rongrong, that young man in your family is really arrogant... Only this little time, he became the landlord of our Jinghai City... amazing, amazing."

"Rongrong, if your sisters have something to do in the future, you have to ask you at that time... You can help at that time and make your son stomped a little. In that case, the sisters will be happy and content." Inside, I saw a few buddies in pajamas speaking to Su Rongrong, who was looking ugly.

But she said that Su Rongrong had just given her best friend.

"Dead girl... don't hurt me, will it work?"

"Rongrong, you wronged me, how did I harm you? I'm telling the truth... Now your son is the earth emperor of the underground world in Jinghai City. He is amazing, even the axe gang and the guy who runs the casino We all followed him...Who would dare to oppose him after that, do you think?"

"As his only female subordinate, of course you can speak, hehe, by then you will be our eldest sister in Jinghai City." The girl with a beauty mole on her face said there.

Another woman in more kawaii pajamas turned her head with a smile at this moment: "Yes, yes, we Rong Rong is naturally beautiful and beautiful, and maybe she will become the first lady of the revenge boy... in that case. , Our sisters surrendered, and we will all count on Rongrong from now on."

Let's say that Su Rongrong is wearing a pale white pajamas. She has a delicate face and a charming face. Although she does not wear any cosmetics, it is enough to make a man look at her heart, especially her \*\*\*\* red lips. The slender legs, one point thinner, thinner, fat one point fat, just right, two snow-white jade arms like lotus roots are white and smooth, and the two Saintess peaks on the chest are full of blessings, making people look at the heart Infinite reverie, such a woman, is simply a stunner!

It's just that Su Rongrong now has a cold face, like a holy goddess on an iceberg, saying there: "You two dead girls, talk coldly..."

"Hmph, I don't bother to pay attention to that revenge boy!"

"I just work with him, just to make money..." Su Rongrong bit her lip and said.

Thinking of her mother who was still very ill at home, Su Rongrong's beautiful eyes sparkled with tears.

Seeing Su Rongrong thinking about her sad things again, the two good sisters were no longer teasing there, and said quickly: "Okay, Rongrong, I believe everything will pass."

"Yeah, Rongrong, when you pay your salary this month, everything will be fine. After all, that's 30,000 yuan..."

"Hey, yes."

After hearing what the good sister in front of her said, Su Rongrong nodded slightly, she swallowed the crystal tears that were about to flow out.

Chapter 1524: the truth

"By the way, Rongrong, why didn't the Vengeful Prince invite you to Bailang Bay today?" Suddenly the girl with a beauty mole on her face said.

"Yeah, yeah, didn't it mean that Lord Vengeance hosted a banquet tonight? Why didn't you invite you." The other buddies on the side suddenly said there.

Su Rongrong's pretty face suddenly became ugly after hearing the two say this.

"I don't bother to be with those gangsters!" Su Rongrong really doesn't like staying with the axe gang.

After all, how could she be a female student accustomed to the habitual style of that quack?

The best friend on one side heard Su Rongrong in front of him saying this, and felt that it made sense. After all, Bailang Bay was a night spot, and the people who came in and out were all the people who taught and went. How could a girl in Rongrong go to such a place?

"Rongrong, what does your revenge son look like? You told our sisters." One of the best friends suddenly said there.

Su Rongrong became depressed when her good sister said so suddenly.

"Actually, I haven't seen his true face either." Su Rongrong said.

"Ah? No... Rongrong, you are not kidding... You have been working with him for several days, why don't you know what he looks like?"

"That's right, Rongrong, you lied to us." The two buddies on the side said in disbelief.

Listening to the two girlfriends and sisters not believing what they were saying, Su Rongrong could only helplessly say: "I really haven't seen what he looks like...I only saw his back."

Su Rongrong really hadn't seen the true face of the Vengeful Master, and she did tell the truth. She had only seen the Vengeful Master's back. As for what the Vengeful Master looked like, she really didn't know much.

"Why? Rongrong!" The two buddies looked at Su Rongrong with wide watery eyes.

Su Rongrong lightly opened her teeth, her coquettish face carried the shyness that a girl should have, and she said, "I...I...I'm a little afraid of him."

"Fear of him?" The words of fear made the two buddies depressed.

"Why are you afraid of him? Isn't that vengeful boy very fierce?" the two good sisters in front of them asked.

Just listen to Su Rongrong frowning her eyebrows, and then said: "He is really fierce... and you don't know... the place where he lives... Every time I walk in, I feel chilly and my hair standing. When I got up, I followed like an ice hole, cold and scared."

"Really? Fake? Is there such a horror?" Two buddies are there, you look at me and I look at you, with a look of disbelief.

"it is true."

"If you don't believe me, you'll know when you walk with me." Su Rongrong said with her beautiful eyes.

The two buddies immediately waved their hands there and said, "No, no, no...we won't go."

"Coward." Su Rongrong said with a smile there.

The two girls said, "You are the coward."

This night, Su Rongrong did not sleep well.

After the lights in the dormitory went out, Su Rongrong was tossing and turning while lying on her own cot.

In her heart, she felt more and more curious about the revenge young man... Such a "big young man" actually rescued all the two big dragons in the underground world of Jinghai City and received her own hands in a few days.

Now the underground world in Jinghai City has all been under the control of Lord Vengeance.

Su Rongrong originally hated the ruffian, because the actions of Lord Vengeance made her even more annoying for the Lord Vengeance, but she was afraid of the Lord Vengeance far more than she hated. .

When Su Rongrong came to work the next day, when he arrived in the corridor on the 20th floor, he saw the members of the Axe Gang standing in the empty corridor before. These people were hideous, and at first sight they were not good people, Su Rongrong. I thought to myself, but she didn't dare to talk too much, just standing alone.

The axe gang members over there wanted to strike up a conversation when they saw this beautiful Su Rongrong, but unfortunately they all remember that the smiling Buddha once told them that the son did not allow them to mess around here, so everyone is lustful , But no guts.

I saw the two members of the Axe Gang over there talking slightly.

"Xiongzi, do you know how He Laoliu was accepted by our son?" I saw a young man who was very thin and wore a black t-shirt.

The guy called Xiongzi had a burly figure, but his face was slightly dull, and he looked as strong as a bear.

At the moment, he said slightly: "How the \*\*\*\* do I know..."

"But I heard that our son only took 5 minutes to regain the old He Fox. This ability can be described as two words: domineering!" Xiong Zi said with a deep look in his eyes.

"Yes, the degree of perversion of our son's strength is indeed beyond our imagination!" The thin guy said there at the moment.

"I believe that even if the old fox is treacherous, he cannot be our son's opponent."

"Of course." Suddenly another member of the Axe Gang approached and took a cigarette out of his arms and said in his mouth.

"Do you know? Why did our son take He Lao Liu at the time? I know..."

"You know?"

The dull Xiongzi and the thin and tall man in front of him are all looking at the guy with the cigarette in his mouth.

But seeing the guy with the cigarette, his eyes cautiously looked around, and then he muttered: "Of course I know...this is what the eldest brother told me."

"At that time, did you know? When the son took the He Laoliu again, then He Laoliu offered to gamble with our son, and he wanted to bet on the He Laoliu's best dice. Our son didn't say anything, just slightly Just laughed and said yes!"

The Xiongzi and the thin and tall man beside him asked excitedly, "What then?"

"Then He Lao Fox will compare the dice with the young man. They compare the size. He Laoliu said that a round is determined to win or lose. It depends on who throws the smallest number of sieves. He Laoliu puts all the 6 dice in. Inside the tube, he started to shake. He Laoliu's technique was quite clever, he even shook all the six dice by one point, and the dice seemed to have been deliberately stacked. There were six dice. It became a line, it became 1 point!"

"Six dice at 1 point?" The bear and the tall and thin guy in front of him said unbelievably.

Chapter 1525: conspiracy

These guys like to play in casinos in the past, knowing that it is extremely difficult to roll all the 6 dice into one point, but it is even more difficult if you want to stack all the dice into one point. This 1 point is already the smallest point in the dice.

After hearing this, the two guys were stunned.

"Huh? You still win the fart, 6 dice is only 1 point, how can our son win?"

The Axe Gang members who only listened to the talk laughed haha and said: "I tell you, our son is a god, so Old Fox thought his points were the lowest in the world, so after shaking it, , He said to our

son without shame: You lose, 6 dice 1 point is the smallest point. But as the old fox finished talking, our son just smiled faintly and said two words : Really? Then our son didn't do anything, just slightly extended a hand on the dice-shaking tube, then his arm moved slightly, and then he raised his head and looked at that with a smile. The old six said: Now you can see, who is the loser? After He Laoliu heard our son say this, he was stunned, and his heart was secretly, this revenge son did nothing, just touched gently with his hand. After a moment of that tube, is there a miracle? I blinked my eyes and slowly stretched out my hand to uncover the tube. I saw that the sieve inside was completely broken into pieces, and the 6 white jade dice that were intact just now, all at this moment It turned into white powder, shattered, and all shattered. The 6 dice shattered into powder, and there was no point... 0 points to 1 point. Any fool knows who the \*\*\*\* has won? Then how old the fox is seeing this During the shocking scene, I stayed there completely...Even our big brother was completely shocked...And our son? He just turned around suddenly and left a sentence: Remember what you said, and then He took a big step and walked away. Then He Lao Fox never thought that he had been playing eagles for many years, and he was blinded by the eagle this time. He was completely stupid...Finally, he admired the five-body caster He Laoliu, so he quickly followed one Followed our son like a dog."

After the members of the Axe Gang uttered the words of how the Lord Vengeance was recovered and He Laoliu in a speech, the members of the Axe Gang at both ends of the corridor were all muttering with admiring eyes there. Tao said: "Our son is really a man of God!"

"Yes!"

"I have never seen such a \*\*\*\* person since I was born!"

"God man! It's amazing!"

But when the members of the Axe Gang were talking about how amazing the Vengeful Prince was, Su Rongrong, who was standing on the side, had just listened to all their conversations.

After hearing that guy finished speaking, Su Rongrong's clever little head couldn't help but secretly lined up: Is that revenge boy really so magical?

Just as she was thinking about it, she heard the elevator ding dong in the corridor.

Then I saw a few people coming out of the elevator. The front one was the chubby smiling Buddha, followed by two other people, one was the dark-skinned and fairly strong Boss Jiang, and the other was He is not tall, but has a pair of cunning eyes like a fox, his hands are tucked in his sleeves, and his shoulders follow him.

If you have met He Laoliu, you will definitely recognize it at first sight.

But Su Rongrong didn't know these people, so this meeting was not only looking at her with her beautiful eyes.

The smiling Buddha who came by, and Mr. Jiang and Mr. He Laoliu glanced at Su Rongrong at this moment, and did not say anything, and walked straight to the VIP box of Lord Vengeance.

When the men at both ends of the corridor saw their elder brother coming, they all hurriedly closed their mouths one by one and stood upright there.

However, they said that after the three people reached the door of Lord Vengeance's box, they called out.

From inside came the still flat voice of Lord Vengeance: "Come in."

Then the three people in front of them slowly walked in.

"The son." After entering, the three people respectfully bowed their waists and spoke to the vengeful son.

The Lord Vengeance sat quietly on the sofa over there as usual, glanced at these three people, and said, "What's the matter?"

"Return to Master, Master Zhai of Luchuan City wants to visit you." A word came out of He Laoliu's mouth.

When he said this sentence, those eyes were turning around.

"Oh? Who is that person?" The Vengeful Master asked lightly.

He Laoliu smiled, and said: "Luchuan City is famous for crossing the river."

"Under my hand, I have the largest shipping terminal in Luchuan City, as well as foreign trade supplies, and some big resources in the underground world."

"Some time ago, because I heard that the son was aggressively recruiting people, the master Zhai wanted to come to Jinghai City to sit down with him and have a cup of tea." He Laoliu squinted slightly.

Listening to what He Laoliu said, Lord Vengeance smiled faintly: "Okay!"

"Since he wants to come, let him come."

"Well, then I will make arrangements for these two days... At that time, the son can meet the Zhai master in person." He Laoliu said.

The Lord Vengeance nodded slightly and said, "Okay, I see."

Luchuan City!

It is a municipality near Jinghai City.

Although it is not as big and prosperous as Jinghai City, because Luchuan is surrounded by mountains and rivers, it is also considered a rich place.

Besides, wherever there is a river, there is a Lujiang river, so people everywhere like to do business on the water.

And the Lord Zhai that He Laoliu said just now is the one of Luchuan City's masters, who does drugs, arms, smuggling, trade, everything, what makes money, what he does.

In a dark room, I saw only a few people sitting.

The light in the room was slightly orange, exuding a strange feeling there.

"Master Liu, Master Zhai asked me to tell you, are you ready?" Suddenly a cold-looking man spoke coldly on the side.

The man was about 180 in height, had a strong body, had a wheatish skin color, and had cold eyes.

The place next to him was He Laoliu and two of his men.

"Ready."

"Brother trouble, go back and tell Master Zhai that once he meets the \*\*\*\*\* boy here, I will arrange for someone to kill the \*\*\*\*\* boy." He Laoliu said with vicious eyes.

The cold man sneered, "Okay!"

"Now that you are ready, I will go back and tell Master Zhai." The cold man said there.

After speaking, he turned around and left.

After leaving the dim room in front of him, He Laoliu's sharp eyes showed a fierce look.

Chapter 1526: Feast alone

In addition to He Laoliu, there are two of his men in the room.

One of them was a little older, and his hair was a little gray. At this moment, he couldn't help asking: "Liu Ye, are you really going to deal with the revenge boy?"

"of course."

"The \*\*\*\*\* actually rides on my head to pee. If I don't avenge my revenge, how can I mess around in Jinghai City in the future?" He Laoliu said angrily.

The elderly man said, "But did Liu Ye ever think of the consequences? That Lord Revenge is no ordinary person, besides, Jiang Dashan and his gang of brothers are now following him... There is a smiling Buddha beside him, thinking It's not that simple to get rid of him."

Then He Laoliu suddenly sneered: "Jiang Dashan is a fart...a reckless man, no need to pay attention."

"As for the smiling Buddha, Lord Zhai will naturally send someone to deal with him when the time comes. Only the bullshit, mother, will have to die this time." He Lao Liu said.

Hearing He Laoliu say this, the old man blinked his dim eyes and wanted to say something, but after all he did not say anything.

A big conspiracy is being planned.

It seems that He Laoliu, who has been humiliated and worshipped under Lord Vengeance, has no sincere intention to follow the Lord Vengeance.

What about Lord Vengeance? Did he notice it?

After He Laoliu and Jiang Dashan had left, they saw that Lord Vengeance was still sitting quietly in the cold room.

The smiling Buddha did not leave.

"My son, don't you worry about what the surname is like this time?" The smiling Buddha suddenly stood in the room and looked at the revenge son.

It turned out that the smiling Buddha was a wise man, and he noticed something was wrong.

But he said that the revenge boy just smiled slightly: "Worried?"

"Is it necessary?"

"Tell me, what kind of character is that surnamed Zhai?" The Revenge Prince asked.

The smiling Buddha then said, "It's also a tyrant in Luchuan City... I've heard that he and He Laoliu come over. This time, the guy with the surname He suddenly asked the guy to come and meet the son. I worry about them. There are ghosts in it."

"If there is a ghost, kill the ghost." A word came out directly from the vengeful son.

"It just so happens that I want to gather the underworld forces in the surrounding provinces and cities. Since that surnamed Zhai is willing to come, then I happen to accept him." The Vengeful Prince laughed.

Listening to Lord Vengeance saying so, the smiling Buddha said nothing.

The Lord Vengeance continued there and said, "Don't worry, I don't care about these things!"

"The only thing I worry about now is the characters far away in Binjiang City... Hey, I really don't know what happened to them." A familiar sentence came out of Prince Vengeance again.

The smiling Buddha heard this from Lord Vengeance, and he was puzzled again.

Is Binjiang City again?

Who on earth is there in Binjiang City from the Vengeful Son?

Within two consecutive days, it was unremarkable.

There is not much turmoil in Jinghai City.

On the third day, Lord Zhai from Luchuan City came with someone.

The down-to-earth surnamed Zhai brought more than 30 subordinates when he came. It is said that he had an appointment with Lord Revenge in "Bailang Bay" in Jinghai City.

Prince Vengeance did not refuse, but agreed.

The appointment time is 9:00 in the evening.

People on the surrounding rivers and lakes all know that the "crossing the river" of Luchuan City will come to the revenge young man who will rise to fame in the near term.

"Bailangwan" was already full of people surnamed Zhai, with uniform black clothes and uniform bald heads.

One by one, it's awesome.

And where is the revenge son over here? No appearances so far.

"Master, let me Jiang Dashan follow you?" The boss of the axe gang said to Master Vengeance in the Hilton Hotel.

But I saw the revenge son waved his hand slightly: "No."

Jiang Dashan said: "That...that...you must at least bring some brothers, son?"

The Lord Vengeance smiled faintly again: "None of you don't need to go, just let me stay here quietly."

The smiling Buddha said at the moment: "My son, let me be with you by myself, in case the surnamed Zhai plays tricks... at least I can take care of him."

"Don't you hear what I said? I will go alone." Finally, after the vengeful son said coldly, then Jiang Dashan and the smiling Buddha were speechless and dare not to go again. Talk more.

So that night, Lord Vengeance drove to the luxury nightclub at Bailang Bay alone.

When the single figure of Lord Vengeance appeared in the Bailangwan nightclub, the crowd from Luchuan City was slightly puzzled.

Secret lining: Is this the most ferocious revenge prince in the past? Nima, he's an immortal...what else? He has unified the underground world of Jinghai City in the past ten days? how could it be possible? Did the wrong person come?

Moreover, this guy dared to come to the appointment alone? Is he not afraid of death?

The surname Zhai is a middle-aged man in his 40s, with a Chinese character face, thick eyebrows, and shiny black hair combed back.

Wearing a large black mink fur, standing on the second floor of Bailang Bay with a charming woman with her arms around her, she squinted her eyes and looked at the revenge young man who came up step by step, with doubts on her face. With a smile.

Standing beside him were the treacherous He Laoliu and two personally hired assassins, one on the left and the other, aggressively.

Because the entire Bailangwan nightclub was contracted, there was no one at this moment. Except for Lord Vengeance, only the surnamed Zhai remained, and there were more than 30 of his subordinates.

As Prince Vengeance walked up step by step, the surnamed Zhai burst out laughing.

"Prince Revenge!!!"

"I've heard the name for a long time!" He said, laughing and walking up.

But what about the revenge son who came to the appointment? Looking at the surname Zhai before him, he smiled slightly.

"Prince Revenge is really arrogant! He went to my Zhai's appointment alone, amazing, amazing." The surnamed Zhai laughed.

The Lord Vengeance smiled faintly: "What? Is it possible that Master Zhai still wants to take my head off tonight?"

When Prince Vengeance said this, the surnamed Zhai was taken aback, and the two assassins on the left and right beside him immediately took a step forward, but did not do anything.

After suffocating for a moment, the surnamed Zhai suddenly laughed: "How could it? Haha...I came here to talk to Lord Vengeance. How could I do such a thing?"

"Come, come, come, let's sit inside." As he said, he invited the revenge man in front of him.

Then He Laoliu walked in right now.

Chapter 1527: Squirting

After the two parties sat down, the surnamed Zhai spoke first.

"Recently, whether it's the rivers, lakes, or the \*\*\*\*\* news, the name of Lord Vengeance has appeared. I am a crude person. To put it bluntly, I envy you for your glory, so I personally dragged him to invite you. Sit down with you and have a chat, but the son is so admiring that he actually came."

The Prince Vengeance smiled slightly and said, "Come, of course I will."

"And I'm also going to find time to talk to Master Zhai."

The man named Zhai was slightly taken aback when he heard the revenge son said, "Oh? Really? I don't know what you want to talk about with my man named Zhai?"

"I want your people to follow me in the future." A faint sentence came out of Prince Vengeance.

After saying this, the two killers who were hired by the surname Zhai suddenly snorted, and suddenly grasped the sharp heads behind them with both hands, staring at the revenge boy with murderous intent.

And the surnamed Zhai, after hearing this sentence, his entire face changed drastically, extremely ugly.

But what about the revenge son? Faced with everything in front of him, it was an expression that turned a blind eye.

He didn't seem to see so many people under this surnamed Zhai, as well as the two assassins beside him, sitting there completely leisurely.

Seeing Master Vengeance being so calm, the surnamed Zhai suddenly sneered: "Master, you have such a big appetite!"

"Even my site in Luchuan City wants to swallow it!!!"

The Lord Vengeance smiled and said, "This is nothing... If you can see me alive, I believe you will be even more surprised."

"Presumptuous!" A cold drink suddenly roared out of the mouth of the person surnamed Zhai.

"Old thing, I called you a revenge for your face. If I don't look at your face, I can kill you on the spot now! Humph, do you think you can leave here alive today? Tell you, today The entire Bailangwan is all Lao Tzu's people... I want to see how you, an old thing, go out alive today."

"Hey." Hearing that the surnamed Zhai finally revealed the true face of Lushan, the revenge son in front of him could only sigh slightly.

Seeing this Vengeful Young Master sigh, the surnamed Zhai was taken aback: "You sigh shit? Is it because you are afraid of death?"

"afraid!"

"What I am afraid of is not that I will die... What I am afraid of is that there is too much blood flowing here... After tomorrow, the newspapers don't know how to write me." Prince Vengeance said with a smile.

The surnamed Zhai heard the vengeful son in front of him so brazenly, this can be said to be truly angry.

"You \*\*\*\* just want to die."

"Fuck me and kill him." The surnamed Zhai roared immediately.

The two assassins, one left and one right, who had already prepared everything, at the same time quickly pulled out the sharp head from the waist, and took the throat and heart of the Vengeful Prince.

The Lord Vengeance just sat there quietly, with a weird smile on his lips.

It's close.

The moment the two deadly heads pierced the Vengeful Master's body fiercely, the Vengeful Master's two hands suddenly moved.

Do not move like Hong Zhong, move like a dragon!

At the moment when Lord Vengeance's body moved, a terrifying coldness suddenly filled the room.

That terrifying hostility seemed to have turned the entire nightclub into \*\*\*\* in an instant. No one had seen how Lord Vengeance made his move, but he heard two very miserable and weird calls... Ah... Ah... ... from the mouths of the two killers.

Then two \*\*\*\* corpses, bang, bang, twice fell to the ground.

The bodies of the two people seemed to have been completely shattered by some terrible palm force. Their eyes were widened, and they suddenly died on the ground in disbelief. The blood in their mouths shot at that surnamed Zhai and him. He Laoliu's body beside him.

death! Hostility!

And scarlet blood flooded the nightclub.

Seeing this horror and horror scene, the surnamed Zhai was completely taken aback!

He would never have thought of the "top" killer he had invited from China for 500,000 yuan, but he did not expect to die suddenly like this! Suddenly he was beaten to death. Did he even see how they both died? what's the situation?

Then the surnamed Zhai was stunned, looking at the vengeful son in front of him at close range like a \*\*\*\* of death.

He saw the smile at the corner of Prince Vengeance's mouth and the usual expression on his face!

Then he saw a devil-like hand and grabbed his neck abruptly, and then his body was slammed to the ground in front of him like a raised chicken. His feet were stomping coldly on his face...

"Don't kill me...please...don't kill me..." The surnamed Zhai was stepped on his green face, begging there like a dead dog.

He Laoliu beside him was completely frightened with both legs.

Prince Vengeance stepped on the person named Zhai in front of him with one foot, and said with a sneer: "How is it? Now I ask you again, can your people follow me in the future?"

"But...you can..."

"My son, please...please...please...don't kill me...as long as you...you don't kill me...whatever you want me to do...I am willing to..." the surnamed Zhai continued to pray .

But Lord Vengeance sneered slightly and said, "Hey...it's a pity!"

When he said the three words "it's a pity", the surnamed Zhai suddenly became desperate.

The whole body was trembling and fell to the ground in despair.

All he waited for was death.

"He Laoliu...Give me the knife on the ground." He only heard the Vengeful Master suddenly smiling and looking at He Laoliu on the other side.

He Laoliu's legs were frightened at the moment. He had never seen this revenge boy before, never thought that this "so old revenge boy" was so powerful!

At this moment, he wiped the cold sweat on his face vigorously, then slowly picked up the knife on the ground, and walked towards the Vengeful Lord step by step.

Seeing that He Laoliu had already handed the knife to the Vengeful Master, the surnamed Zhai, who was stepped on by the Vengeful Master, suddenly cursed.

"He Laoliu...you bastard..."

"You fucking... dare to kill Lao Tzu? If it weren't for you... could Lao Tzu offend... Vengeful Son?" Suddenly the surnamed Zhai yelled.

However, when He Laoliu heard the surname Zhai say this, his face changed in shock. Of course he was not stupid, and of course he didn't want to let Prince Vengeance know that all this was originally his attention!

So he just wants to silence his mouth.

"You bastard, spitting blood... hurting our son, and wanting to blame me, I will kill you." He Laoliu who roared suddenly picked up another handful of heads on the ground, and then directed towards the surname Zhai in front of him. The body is poked.

Chapter 1528: news

It's a pity that when he stabbed the body surnamed Zhai with a stab, suddenly there was a chuckle from He Laoliu.

Then his body convulsed violently, and his face choked tightly.

Looking closely behind him, a sharp knife was inserted into his heart, and the man with the knife was the Vengeful Master. The Vengeful Master sneered at the Old Six, with a knife in his hand lying across his heart. Slowly stirring inside, piercing pain.

"He Laoliu, a villain like you, do you really think you can fool me?"

"No one deserves to die today, the most \*\*\*\* thing is you."

When Lord Vengeance said these words coldly, He Laoliu was taken aback.

His mouth was open with difficulty, as if he was trying to say something to the Vengeful Master... It was a pity that it was too late, because the knife in the Vengeful Master suddenly drew a perfect arc, and then he saw that He The old sixth's neck snorted... blood splashed, and a hole in his throat was alive.

He clutched his throat, his whole body plopped and fell to the ground. After two convulsions, he died.

The traitor He Laoliu finally died.

Seeing that Lord Vengeance killed He Laoliu with a single stab, the surname Zhai on the ground was completely stunned, his face was as pale as dead ashes... I don't know how he will end up at this moment.

With eyes of fear and despair, he looked at the revenge boy in front of him.

Will he die?

Will Lord Vengeance kill him?

"Don't kill me... Don't kill me... All this is the \*\*\*\* surnamed He. Attention... Son, please, don't kill me... You can let me be a cow or a horse for you... Please Do not kill me....."

At this moment, the Vengeful Prince still had one foot on his face surnamed Zhai, and the surname Zhai did not dare to show one, his face was full of dead gray.

I saw Lord Vengeance, and glanced at the surnamed Zhai on the ground. The surname Zhai was pitiful like a dead dog waiting to be killed.

In the end, Lord Vengeance slightly threw away the blood-stained head in his hand, and the head was thrown on the ground with a bang.

"From now on, your surnamed Zhai will follow me... If you dare to disobey me in the slightest, your fate will be ten times worse than that of He Lao on the ground."

As Prince Vengeance spit out these words coldly, the surnamed Zhai seemed to have recovered his life from Guimenguan.

Then he quickly got up, knelt on the ground with his legs, and kowtowed his head to the vengeful son and said, "Thank you...thank you for not killing..."

Prince Vengeance never listened to his words anymore, but left the Bailangwan nightclub in front of him alone.

Three people died in Bailang Bay that night.

Among the three, there are two killers, one is He Laoliu.

And the surnamed Zhai, and the 30 or so people he brought, took refuge in Lord Vengeance the next day after Lord Vengeance left the Bailang Bay in front of him.

That night, the underworld world around Jinghai City was boiling over.

No one knew what happened that night, only that Prince Vengeance went to the banquet alone, and then the next day, the surnamed Zhai took all of his people to vote for the Prince Vengeance.

Regarding the underworld forces around Jinghai City, they don't know what the situation is. The only thing they have is shock, shocked who is the Vengeful Young Master, who is so powerful?

In less than ten days, the reputation has risen!

Especially in the recent days to unify Jinghai City, and the surrounding underworld world's awesome things.

This current Prince Vengeance is no longer an entertaining character, but a man of the wind.

His every move will have a huge shock to the underworld world.

The outside world is spreading: The name of Lord Vengeance!

They all said that this character is about to unify the underworld... is about to spread the underworld forces to the entire province and city.

According to word of mouth, the speed of transmission is unusually fast, and the characters who are now out there have basically heard the name of the revenge.

Jinghai City!

Haocheng Hotel.

A brand new Ford sedan was driving towards the Haocheng Hotel at very fast speed.

As the car hurriedly arrived at the luxury car hotel, it then stopped with a hissing sound. From the car, a young man in a suit walked towards the luxury hotel with a nervous face.

After getting inside, I saw him walking up to the 8th floor.

In this place on the 8th floor lived Duguxie, Ghost Servant, and Ouyang Zhengtian.

After following this person to the 8th floor, he went to the room of Ouyang Zhengtian.

"Patriarch Ouyang, we have found out." A word suddenly came out of the man's mouth.

When Ouyang Zhengtian in that room heard the person who walked in say so, he quickly asked, "Is it found out?"

"Yes."

"We have found clues through inquiries from various places. The old yin and yang demon is now in Binjiang City." The man said nervously.

what?

"What are you talking about? You said that old yin and yang demon is in Binjiang City?" Ouyang Zhengtian asked, his eyes widened, with an unbelievable expression on his face.

But the man said: "Yes."

"This news is absolutely true. The old yin and yang demon is indeed in Binjiang City."

Hearing the man's confirmation like this, Ouyang Zhengtian in front of him was stunned!

Unexpectedly, the old yin and yang demon they were looking for was far in the sky, right in front of them!

"How could this be? Does the old Yin and Yang demon already know what our alliance is dealing with him?" Ouyang Zhengtian muttered in that difficult.

"Patriarch, we have now confirmed the news that the demon is in Binjiang City, what should we do now?" Only the man said.

Ouyang Zhengtian thought for a moment, and then suddenly said, "Look for Duguxie and the ghost servants."

After the man listened, he nodded quickly, and then quickly searched for the Duguxie and the ghost servant.

When Duguxie and the ghost servants rushed over, their faces changed drastically. After they walked in together, they immediately asked, "Is the yin and yang demon really already in Binjiang City?"

Then Ouyang Zhengtian nodded cautiously.

"should be."

"My people can never go wrong."

When Duguxie and the ghost servant heard it, his murderous aura suddenly appeared.

"It seems we will have a big battle soon." Ghost servant said.

"It's just that the location of the old yin and yang demon in Binjiang City is still uncertain... Binjiang City is so huge, if you want to find it, it might be difficult to find." Na Ouyang Zhengtian frowned.

Duguxie said coldly: "Even if the entire Binjiang City is turned around, we must find that demon to avenge our young master."

Thinking of Li Tian's "blood hatred", that Duguxie seemed to be crazy, and his mind was full of hatred at this moment, endless hatred.

He couldn't wait to dig out the heart of that damned old demon of Yin and Yang, and the dragon's corpse.

Chapter 1529: Silly

When Ouyang Zhengtian and Duguxie finally learned that the old Yin and Yang demon was currently in Binjiang City, they decided to send someone to look for the old Yin and Yang demon.

Now Binjiang City has arranged a lot of eyeliners to find the old yin and yang demon, but can they find it? It's hard to say at the moment.

Situ's house.

Situ Xiong has been as usual for the past two days. Although he has come to Binjiang City to help, he has not stopped looking for his "evil son".

In the room, Zhao Kuo of the Situ family walked in.

"Master, we have inquired, Master Xuan seemed to have indeed appeared in Binjiang City some time ago, but his traces disappeared later."

Hearing what Zhao Kuo said, Situ Xiong's face was uncertain and ugly, his eyes staring fiercely like a horse.

"This \*\*\*\* wicked man!" Situ Xiong roared there.

Seeing the master get angry, Zhao Kuo said, "The master should not get angry first, I believe we will find Master Xuan."

"Well, hope." Finally, Situ Xiong said with a sullen voice.

In order to find that Situ Xuan, this Situ Xiong has taken great pains, but so far he has not found his "evil son."

"Master, I heard that Patriarch Ouyang and the others have discovered the trace of the Yin-Yang Demon." A word suddenly came out of Zhao Kuo's mouth.

"Oh? Really?" Situ Xiong was still quite surprised when he heard the news about the old Yin and Yang demon.

"Where is the demon?" Situ Xiong in front of him quickly asked.

Just listen to Zhao Kuo: "I just heard them say that it seems that the yin and yang demon is already lurking in Binjiang City."

what?

"The Demon of Yin and Yang has come?" Situ Xiong was not only slightly shocked when he heard this.

"Yes."

"I have just seen that the people from Ouyang's family have sent someone to collect clues. If the guess is correct, the news that the Demon of Yin and Yang has arrived in Binjiang City should be true." Zhao Kuo said.

At this moment, Situ Xiong was sitting there quietly, muttering: "Since the devil has appeared, then there must be a big battle soon."

"You go tell everyone and make them prepare for everything." Situ Xiong finally ordered.

Zhao Kuo nodded quickly, and then went to inform the other members of the Situ family.

Outside the Haocheng Hotel, at this moment, only a military jeep was driving over.

After the military jeep arrived at the entrance of the Nahaocheng Hotel, it then stopped. After stopping, a beautiful figure walked out of the car.

Na Qianying draped her black hair casually on her tender shoulders, and she wore a capable black suit, underneath was a pair of black slim trousers with a pinched waist, perfectly showing her two beautiful legs.

Her pretty face is exquisite and charming, but there is a look of grief on that beautiful face.

Ouyang Shiqing.

It turned out that it was Ouyang Zhengtian's daughter who came from the North China Field Army at this moment.

Since the destruction of the Ouyang family, Ouyang Shiqing took the completely broken and crazy old man to settle in the North China Field Army, but now how can Ouyang Shiqing suddenly come to Binjiang City.

However, after getting off the military jeep in front of him, Na Ouyang Shiqing went straight to the Haocheng Hotel.

After arriving at Haocheng Hotel and asking about the address where his father lived, he quickly got on the elevator in front of him.

When passing the elevator, Wang Huo and others saw Ouyang Shiqing, but Ouyang Shiqing didn't know them, so they went to the elevator in front of them.

"Hey, isn't that the daughter of Patriarch Ouyang?" Zhang Biao, the crude man, smiled with a pair of colored eyes.

A pair of dishonest eyes looked up and down the shadow of Ouyang Shiqing.

At this time, Wang Huo also turned his head and looked at Ouyang Shiqing, not only frowned slightly: "Well, it is indeed the eldest lady of the Ouyang family."

"Why did she come here? Did she come to help her father?" Bai Zhendong, who was thin and ghost-like, said with a smile.

White Tiger said: "What about her..."

Speaking of them, the group of people walked towards the elevator over there.

However, after that Ouyang Shiqing quickly rushed to the 8th floor, she then saw Xu Fan, the thunderbolt hand over there.

"Uncle Xu." Ouyang Shiqing knew the thunderbolt Xu Fan, and couldn't help screaming there at this moment.

Xu Fan also saw Ouyang's poetry.

"Niece Shiqing, why did you come here?" Xu Fan asked, the hand of Pili.

She was in the North China Field Army before, and she stayed with Xu Fan's daughter, but now why is Ouyang Shiqing suddenly coming to Binjiang City?

"I'm looking for my father in an urgent matter." I only heard Ouyang Shiqing's worried expression saying there.

When Xu Fan heard this, he said, "Is it a big deal?"

"En! It's about our family." Ouyang Shiqing said.

"Oh, then I will take you to see your father now." Only Xu Fan said there.

I saw Xu Fan walking towards Ouyang Zhengtian's room with the anxious Ouyang poetry on his face.

After arriving at Ouyang Zhengtian's room, Ouyang Zhengtian was finishing his suit.

"Brother Ouyang, Shiqing niece is here." A word came out of Xu Fan's mouth.

Then Ouyang Shiqing saw her father.

"Dad." Ouyang Shiqing called out.

When Ouyang Zhengtian saw that Shiqing came here, he was not only stunned for a moment, but he looked at Ouyang Shiqing incredulously: "Poetry? Why did you come here...Didn't I tell you? You take care of your grandpa."

Just listen to Ouyang Shiqing: "Grandpa is getting better lately... Dad, the reason why I came here is to tell you something important."

In Ouyang Shiqing's words, Ouyang Zhengtian immediately asked, "What's the matter?"

"About Man'er." A few words suddenly came out of Ouyang Shiqing's mouth.

Maner?

Stupid?

Is it Ouyang Zhengtian's youngest son, that stupid man recognized by the outside world?

Silly man, silly, powerful and big as a cow, because I didn't know a big character since I was a child, and he often poked his \*\*\*\* and stared at the ground alone, so the outside world basically knows that the Ouyang family has a silly son, His name is Shamaner.

According to legend, when the silly man'er was 8 years old, he picked up the large bluestone stone in front of the Ouyang family with one hundred jins in front of the Ouyang family. It is extremely powerful, which is rare in a century.

Feng Qingzi, who was once a master of Xuanmen, once said: Silly Maner is a rare wizard in a century. If you meet a big one, you will surely become a dragon.

However, Silly Man'er lived for more than ten years. Apart from pouting his \*\*\*\* and staring at the ground to watch the ants crawl, all that was left was fights.

This stupid guy is so powerful that no one dared to fight him, because if he couldn't handle it, he would beat people to death with a single punch.

Chapter 1530: Three-year period

Having said that, after Ouyang Shiqing suddenly said about Man'er, Ouyang Zhengtian in front of him suddenly felt a little bit of a heart.

"What's wrong with Man'er? What's wrong with him in Langshan?" A worried word suddenly came out of Ouyang Zhengtian's mouth.

Langshan is a solitary mountain far away from Jinghai City, and is as famous as Kunlun Mountain.

Many hermit elders are hiding in the land of Langshan, because Langshan is dangerous and extremely high, and there are virgin forests around it for protection, so many high-ranking people live in seclusion here.

Either these people are tired of the worldly society, or they don't want to be tumbling in this worldly vanity fair, so they choose to live in seclusion.

In Langshan, the four elders of the Ouyang family lived in seclusion.

The four elders can be regarded as the pillars of the Ouyang family.

Because of the battle of the four great families more than ten years ago, the four great elders had too much blood on their hands, and two of them paid a very heavy price for this...so they chose to retreat to the arena and never asked the truth about the arena.

Even this time the catastrophe of the Ouyang family once occurred in a century, the four elders did not appear.

But how could that stupid man be connected with the current four elders of the Ouyang family?

If this matter is to be investigated, it must be investigated three years ago.

Three years ago, that silly man's crippled one of the guards of the Ouyang family with a punch accidentally... That silly man was not intentional, for a fool, he never knew what was right and what was wrong. After the incident happened at that time, Ouyang Zhengtian became angry and vowed to punish his stupid son severely. In the end, the old man came forward and stroked the stupid man's head with his hand and said: Sent to Langshan to take good care of the four elders... The four elders have very high martial arts, not only can teach the barbarian some kung fu, but also tame and tame him...

Ouyang Zhengtian couldn't bear it at first. Although his son was born with a bit of dementia, he was his own flesh and blood after all, sent to such a remote place? What can I do if I miss it? But this time it wasn't much to say anything. In the end, a three-year period was agreed!

Three years later, that silly man'er could come back from Langshan to the Ouyang family.

And now?

However, after Ouyang Zhengtian asked, Ouyang Shiqing quickly said, "Dad, have you forgotten... Man'er is coming back, and the three-year period is up."

As Ouyang Shiqing said this, Ouyang Zhengtian suddenly thought of his stupid son.

Yes, the three-year period has really come.

That silly man should almost indeed return to the Ouyang family from Langshan.

But what about the Ouyang family now? Has been completely destroyed, the entire vast Ouyang family has been completely reduced to a land of ruins...

"Dad, if Man'er comes back and can't find us, what can I do?" Ouyang Shiqing finally said what she was worried about. ,

Yes, the Ouyang family is in ruins. If that silly fellow returns and sees his family become that kind, what should he do? What should I do? The fool can't find home! ! !

After Ouyang Shiqing said this all at once, then Ouyang stayed in a daze.

How to do? What should I do?

At this moment, Ouyang Zhengtian frowned deeply, with a worried look on his face.

"Dad, or else, let's go back to Jinghai City to pick up Man'er." Only Ouyang Shiqing said.

But how could Ouyang Zhengtian walk away?

He is here to deal with the yin and yang demon. After all, he has just found out the trace of the yin and yang old demon. If he misses this opportunity, how can he find that demon in the future?

The hatred of brotherhood and the hatred of family destruction, for Ouyang Zhengtian in front of him, how could he not avenge the blood.

Ouyang Zhengtian, who was surrounded by hatred in his mind, said immediately: "No!"

"I want to stay here...to deal with that yin and yang demon!"

"I, Ouyang Zhengtian, must not let our family be ruined by that demon in vain. I must avenge the deaths of your second uncle and third uncle, and avenge the blood of so many innocent lives in our Ouyang family. "The cruel words came out of Ouyang Zhengtian's mouth.

Ouyang Shiqing looked at her father's blood-red eyes, not only feeling sad.

"But, Dad, what should Man'er do? If he can't find us... he will definitely be very sad." Ouyang Shiqing said with red eyes.

She hasn't seen her stupid brother for more than three years, how could she not want to!

Then Ouyang Zhengtian didn't want it, but if he wanted to return, he still had to do something big after all.

So in the end, I just listened to Ouyang Zhengtian said: "Don't care about Man'er. I believe that Langshan's four elders will not let Man'er come back alone. Certainly someone will \*\*\*\* him back. After we avenge our blood, I Go back to him again."

Hearing what Ouyang Zhengtian said, although Ouyang Shiqing was still a little worried in her heart, she finally nodded there.

After all, we really have to focus on big things now.

Binjiang City still looks extremely peaceful on the outside, but who can imagine that Binjiang City is now a land of Crouching Tiger, Hidden Dragon, and many masters have gathered.

There are not only famous figures such as Duguxie and ghost servants, but also brothers, the Situ family and others...and the mysterious visitors hidden in the dark gates of \*\*\*\* that have not appeared, as well as the yin and yang old demon and wearing : The master of the silver mask...

In an ordinary hotel in Binjiang City, there is a man and a woman.

They arrived in Binjiang City on almost the same day as the Situ family, but they were not in the same train.

Who is this man and woman?

The males are unusually handsome, and the females are even more glamorous, even more beautiful than fairies, but that glamorous face is filled with a cold suffocation, like ice in winter.

They are the ecstasy and Situ Ningbing who rushed back.

At the moment, they are standing outside the hotel, looking at the pedestrian walkway.

"Ningbing, it seems that many people have gathered in Binjiang City now."

Situ Ningbing heard her brother say so, looked around, and nodded slightly.

"Doesn't the yin and yang demon be here?" Situ Ningbing said slightly, his voice full of hatred.

The Ecstasy glanced at his sister, and then slightly pulled her slender hand: "Go, let's go back."

Situ Ningbing did not speak, and followed his brother back to the hotel room.

"This time, Binjiang City is already Crouching Tiger, Hidden Dragon. If I hadn't guessed it wrong, the people at the gate of \*\*\*\* must have already noticed it." Just listen to the wise man who said Ecstasy.

"In the gate of hell, the clues are extremely wide, and the news is extremely fast. If Duguxie and the ghost servants move, I believe they will notice it the first time."

Situ Ningbing heard the ecstasy say this, and said, "Brother, do you mean that the people at the gate of \*\*\*\* will also join in the fun this time?"

"definitely will!"

"According to the character of the master of the gate of hell, he will definitely clean up the mess." Ecstasy said.
