

A Killer 1531

Chapter 1531: The action of Lord Vengeance

After the ecstasy said so, Situ Ningbing frowned slightly.

"Then if the gate of **** and the yin and yang demon were to join forces, wouldn't Duguxie and our father be unsure?" Situ Ningbing said worriedly.

After all, this matter is related to her father's safety.

The ecstasy made his face look quite ugly at this moment, although he did not speak, it was almost the same as the default.

After all, the yin and yang old demon's strength is terrifying enough, if you add the help of those masters who have not appeared in the **** gate, I am afraid that this time Duguxie and the big alliance of the Situ family and Ouyang family will be overwhelming.

"Hey, let's wait and see." The Ecstasy finally said helplessly.

Although Situ Ningbing was extremely worried, there was no way at this moment.

They can only wait for the situation.

"Brother, the Vengeful Young Master is really getting more and more popular. You are also watching his news on TV." Situ Ningbing, who listened only to this moment, suddenly noticed the TV set in the ordinary hotel and said.

After hearing Situ Ningbing's words, the ecstasy turned his head and saw that entertainment news was being broadcast on the front TV.

The content shown above is that Lord Vengeance is aggressively gathering the surrounding black forces. So far, all the black forces in Jinghai City, Luchuan City, and other places have been gathered.

After seeing the news in front of him, the ecstasy made his brows slightly frowned, and at the same time he was quite shocked inside.

"Hey, I didn't expect that rich young master would actually like the excitement in the rivers and lakes." Ecstasy said there.

"It's pretty awesome, I actually took away all the underground underworlds in Jinghai City and Luchuan City." Ecstasy said playfully.

Situ Ningbing said: "It seems that the Vengeful Young Master should have some background...In such a short period of time, he has gathered all the underground power of Jinghai City and the underground power of Luchuan City... This person is absolutely extraordinary. character."

The ecstasy smiled slightly: "A guy who likes to hit people with money... won't be a good thing."

"Brother, I think something is wrong."

"This Jinghai City, as well as the underground forces in Luchuan City, are not lacking some rich masters...How could they be bought by the Vengeful Young Master?" Situ Ningbing thought to himself.

The ecstasy said: "Then what do you mean, the big young man who bought a pair of women's underwear with a million dollars is still a scheming person? Haha."

Situ Ningbing paused slightly when he heard the ecstasy say this, feeling a little unreliable indeed.

After all, it's not a good thing for a person who spends money like water and who does beauty pageants like that in Jinghai City. After thinking about it, Situ Ningbing didn't say much, but he was right in his heart. The revenge boy felt more and more curious.

Jinghai City.

The situation changed suddenly. In less than half a month, Lord Vengeance rose from the rise to the underground overlord known as Jinghai City and Luchuan City. This speed made the black forces in the surrounding provinces and cities completely speechless.

No one would have thought that the guy who was once hailed as the "second-force" son overnight, has now become the overlord here, the underground overlord, and the citizens of Jinghai City no longer dare to talk about the revenge son. The second man...", they are now afraid, afraid.

First the Axe Gang was taken in, then He Laoliu, and then the surnamed Zhai from Luchuan City.

So far, the strength of the Vengeful Master has been expanding bit by bit.

On the 20th floor of the Hilton Hotel, at this moment, the staff of the Axe Gang and the person surnamed Zhai were already standing.

These people are currently under Lord Vengeance.

That surnamed Zhai, since the "feast" that day, he has been completely obedient. He is not the same person as He Laoliu, he is a person who is afraid of death, so he is definitely an extremely difficult one in front of Lord Vengeance. Obedient dog, Lord Vengeance told him to lie on his stomach, he would never dare to stand.

Inside the luxurious VIP box, I saw three people standing in front of Prince Vengeance.

One is the smiling Buddha, the other is Na Jiang, and the other is Di.

Among the three, the complexion surnamed Zhai is the most ugly. He doesn't know why. Every time he sees Lord Vengeance, he feels a terrible suffocation... fear...

"My son, the surrounding Dao forces have basically returned to us now, what should we do now?" Smiling Buddha looked at the revenge son while smiling.

After returning from the surname Zhai to the Vengeful Lord's subordinates, they were in two nearby urban areas one after another. Those people on the road also followed, and they were all ready to defect to the Vengeful Lord.

It's just that those characters are too small...just like street gangsters, this revenge young man is too lazy to take care of it.

At this moment, I saw Prince Vengeance saying: "Those people, you can arrange it first."

"We are going to leave these days." A word suddenly came out of the Vengeful Young Master's mouth.

When the word "Leaving" was spoken, the smiling Buddha, Boss Jiang and the surnamed Zhai were all startled slightly.

"My son, where are we going? Are you not staying in Jinghai City?" The smiling Buddha asked in surprise.

Lord Vengeance said: "Don't stay."

"It's almost time to get out of the mountain now... Let's go to Binjiang City." The Vengeful Master said.

When Lord Vengeance decided to go out of the mountain to Binjiang City, the smiling Buddha was stunned, but immediately understood what the Lord meant, so he nodded and said: "Okay."

The rough man Jiang Dashan couldn't help asking, "My son, why are we going to Binjiang City?"

"Fighting?"

Prince Vengeance still likes this Jiang Dashan. After all, this person is loyal and not bad-hearted, but sometimes he is a bit savage and vulgar. When he hears this, he smiles and says, "Well, you said it well."

"I'm going to war!"

"And blood will flow into a river at that time."

Then Jiang Dashan grinned wide when he heard the words of Lord Vengeance.

"Hey, I just like his mother's fighting... I will definitely be a pioneer for the young man by that time!" Jiang Dashan said redly.

Prince Vengeance smiled slightly.

"Go down and prepare, and at the same time tell your brothers... These few days, we will set out." Only the Vengeful Prince said.

Jiang Dashan also had a smiling Buddha and a surnamed Zhai, so they nodded there, and walked out one by one, arched.

Why are you going to Binjiang City for Lord Vengeance? They don't know, and they don't dare to ask too much... because they all know the temper of Lord Vengeance, as long as it is something he doesn't want to say, it's better not to ask more.

Chapter 1532: Silly big man and sloppy old man

The ancients said: The power can carry the trip, but the overlord! This brave, unparalleled in the world!

It is about Xiang Yu, the overlord of Western Chu in ancient times!

Legend has it that the overlord of the Western Chu is a true hero and a true hero!

The Ouyang family in Jinghai City also had a "talent" once in a hundred years. The man was as strong as an ox since he was a child. He carried a stone pier at the age of eight. It is said that he could kill an alive cow with a punch.

It's a pity that this person is not as brave as Xiang Yu, he is a fool, and he is an out-and-out fool.

His name is "Silly Maner".

It is said that this silly boy has a big head and extremely developed limbs. Only his head is underdeveloped. Since he was born, he has become extremely awkward. He would walk on the ground when he was 3 years old and talk when he was more than 5 years old. He thought he was a dumb, but it was a pity that everyone was awakened after abruptly calling "Mom". It turned out that he was not a dumb, but a fool.

The only thing this silly man loved to do since he was a child was squatting on the ground and pouting his **** to watch the ants walk... He watched with gusto, and was fascinated.

No one knew what he was looking at, and no one knew what doorway he could see from the ants on the ground.

The only thing I know is, don't make him look at the ants on the ground...or else he must be broken by the bones that this kid beat.

Jinghai City.

On a bus from the outskirts of the city to the city center, the bus is still quite crowded because of the large number of people.

But what is surprising is that these crowded people are squeezing tightly in the front place... and the back is empty.

How is this going? Could it be that those people like to be so crowded?

It turned out that there was a burly guy sitting in the back.

At a glance, this guy didn't have a terrifying height of two meters...When this well-built guy sat down, one **** occupies 4 seats.

The strong muscles emerging from the two arms carry an explosive wildness... At first glance, the first word that comes to mind is: Beast!

It's a pity that such a developed and strong fierce man, but his face looks immature and silly, giving people a "two hundred and five" feeling, plus he is really not suitable for clothes, it is almost as if he was a big drastic If you move a little, the clothes will hiss and be torn to pieces.

The most terrible thing is his big hammer-like hand, tightly holding a lollipop, squinting his silly eyes and licking with relish... one click... two more... more What's terrible is that this kid's nose was still running, and the **** fluid almost got into his mouth.

Such a terrible guy, no wonder those people who ride in the car have to stand in front, and they don't want to get close to him.

Next to this stupid strong boy sits an old man. The old man wears clothes that are even more torn than this stupid big one. He wears coarse cloth clothes and a pair of hemp-soled shoes under his feet. He tilts his head there and his face is noisy. Mixed and sloppy, it feels like a beggar.

Such two "weirds" have become a unique landscape, and those standing in front are reluctant to approach them, and even some people are still talking about it at the moment.

But he said that the stupid guy who looked like a "stupid" and the sloppy old man did not shy away from these people's arguments.

The silly big guy still licked the lollipop in his hand with relish, squinted, once, twice...sometimes, he even took a deep breath of that terrible snot... and then grinned at the front one. The girl in the miniskirt smirked.

The girl was so scared that she almost jumped out of the car, and hurriedly drilled into the crowd, as if she was afraid that this "beast" grabbed her delicate body and directly "do it".

The sloppy old man next to him is even more terrible. Although he is dressed up and dressed like a beggar, his behavior is not like a beggar at all, but an uncle!

Which beggar dares to stretch his feet on the front seat?

That beggar dared to occupy the seat of three people alone, and still slept with his head tilted there to sleep?

And this "old man" dares.

Such two weird people sitting in such a bus really make those who ride the bus all the way to the ground.

Those people are reluctant to approach two people like this.

Finally, the car knocked Panpan finally into the downtown area of Jinghai City.

The old man seemed to have been awakened by the bustling and noisy world outside the car. He suddenly stretched out a long waist, then yawned unmannered, and then rubbed his face with scumbags. Old face, opened his eyes.

After opening those eyes, Yi was dazzling.

After opening it, he smiled and looked at the stupid man next to him, then raised his eyes to look at Jinghai City outside, and suddenly muttered: "It's so **** far...in a car on this road, I almost didn't sit my old guy's **** in half."

"Suffer, it's a **** thing."

After speaking, he suddenly turned his sloppy old face to look at the big silly man in front of him, smiled there and said, "Silly man...I'm back, let's go home..."

The "macho" called the silly man only sucked the lollipop in his hand and turned a deaf ear to the words of the old man in front of him.

"Silly Man'er, the old man is talking to you..." The old man who was talking lightly patted the silly man with a thin hand.

After taking a picture of the "silly man", the silly man suddenly turned his head, his silly eyes suddenly became like beasts, and he glared at the old man in front of him.

The old man suddenly fell silent, and couldn't help moving his body to one side, as if he was afraid that this "monster" would be unhappy, grabbing his thin body and throwing it out of the car.

Glancing at the old man, Silly Man'er continued to **** the lollipop in his hand, very happy, sucking it happily.

"Mother, this brat, wait a minute, will the old man buy you a lollipop?" The old man muttered to himself.

As the car was walking along the way, the sloppy old man raised his sharp eyes and looked at the bustling Jinghai City outside the car window. There was a strange light in his eyes, which seemed to have an infinite familiarity with this city. , And the "silly big guy" next to him was sucking the lollipop in his hand with relish from beginning to end.

Finally, he finished eating that lollipop, and he distressedly licked the plastic stick of the lollipop with his tongue.

"Nothing..." The voice like Hong Zhong suddenly came out of the big silly man's mouth, and then he held the lollipop stick in his sturdy hand and said to the old man next to him, stupid. An innocent look on his face.

Chapter 1533: I want to pee

The sloppy old man saw that the stupid man finally finished eating, and the hey thief immediately laughed.

Can't help but secretly line up: Your kid finally talked to the old man?

But even though he thought so in his heart, the old man pretended to be serious on his face, and coughed and coughed: "It's gone...it's gone...When I get off the car, the old man will buy it for you."
"

"I want!!!" Suddenly the silly big man yelled again.

"Fuck... this is in the car. Where can the old man get it for you?" The old man jumped up and said to the stupid man.

"I want it! I want it now!"

A violent shout came out of the big silly mouth again, and then he violently stretched out a hand to grab the old man's arm. After the old man's arm was caught, his face was shocked, and then he felt invisible. Suddenly came out of the body, and then penetrated into his arms, and then used his body's fierce qi to resist the terrifying force of that stupid big hand!

The old man is not stupid, the last time his arm was pulled and dislocated by the big stupid man in front of him is still vivid, so this will be prepared in advance.

"Silly man... I'll buy it when I get out of the car, and I'll buy it when I get out of the car, we're in the car, you see, the car is running, the old man can't get off... OK?" The old man was carrying his body to resist now. With the terrifying force of the silly man holding his arm, he said to the big silly man like "begging".

The silly man looked very unhappy, raised his sluggish gaze and glanced at the passing scenery outside the car, as if he understood...Finally, the hand holding the old man was sent away.

Then he suffocated his head, and stopped talking as if angry, his eyes looked like an aggrieved little daughter-in-law...

When the old man saw the stupid man loose his arm, he couldn't help but sighed slightly... Then he looked at his wrist, and when he saw, he almost cursed his mother: Uncle, the old man's wrist was caught again. Five purple handprints appeared pinched!

The old man was angry, but he didn't dare to speak too much, so he could only swallow his breath, but this time it was much better than the last few times...At least the old man's hand was not dislocated. Fortunately, fortunately! The old man said with a smile there.

As for the silly big guy? After eating the lollipop, he lowered his head deeply, as if they were angry and did not look up or speak.

The old man looked at the stupid man, did not speak, tilted his head and closed his eyes to rest.

"I want to pee!" a sudden thunderous word came out of the stupid man's mouth.

When he heard these words, the old man opened his eyes suddenly.

what?

He cried out.

"Silly man, do you want to pee?" The old man looked at the big stupid man depressed and said.

But seeing the stupid man nodded there.

The old man's egg-laying hurts. He looked around, and then looked out of the car. The egg-laying hurts... This Nima, he wants to pee, what can I do?

I haven't reached the station now, so the driver doesn't stop at all.

But this kid said he wanted to pee. If he is unhappy and dared to pee in public...this didn't happen before in Langshan. Thinking of this, the old man couldn't help but feel pained and depressed. depressed.

What to do? What to do?

In the end, the helpless old man suddenly glanced at the driver over there.

Then he turned his eyes to the big silly man next to him and said, "Silly man... Go and talk to the driver and say you want to pee, and then let him stop. In this case, I will take you. How about peeing down there?"

The silly man listened, then nodded slightly.

The burly altitude of more than two meters then suddenly stood up, and with a bang, his head hit the roof directly! Too high, who made him grow too high!

"Haha!" The old man smiled gleefully after seeing the big head hit the car roof suddenly.

The big silly man suddenly turned his head and glared at the old man, who quickly covered his mouth.

The big silly man then arched his burly body and squeezed forward like a hill.

When the stupid man suddenly squeezed toward the front from such a burly altitude, the people squeezed in the carriage immediately looked at one side and dispersed, all for fear of having physical contact with this "savage".

But he said that the driver in front was driving, and suddenly he felt a mountain-like figure behind him suddenly enveloped him. He was driving, and he suddenly felt an invisible sense of pressure. When he turned his head, he suddenly saw one. The silly face looked at him blankly.

This shocked the driver.

The burly hunk like a "gorilla" was standing motionless behind the driver.

The driver was taken aback, raised his eyes and looked up at the terrifying giant in front of him, and immediately said, "What are you doing?"

"Pee." The words came out of the big silly mouth.

When the word pee was uttered, the driver almost squirted it out, and the passengers next to him burst into laughter, and some even started talking about it.

"You stupid... the car hasn't arrived yet!" The driver glared at the big silly man in front of him impatiently, and then ignored him.

But he said that the big stupid man, seeing the driver in front of him ignore him, suddenly said angrily: "I want to pee."

When he spoke again, the surrounding passengers laughed.

The driver's face was blue and white, the car was still driving and had not arrived yet, and the big idiot behind said he was going to pee?

What's the situation with this Nima?

"I said you are really stupid or fake, shit, the car hasn't arrived yet...Where are you going to pee?" The driver suddenly said impatiently to the stupid man in front of him.

Hearing this driver say so, the big silly man suddenly became angry.

He was really angry.

I saw that his originally simple and silly face turned hideous in an instant, and the horror aura exuding from his eyes seemed to be a beast.

Suddenly he roared: "I want to pee..."

At the time of this roar, the big silly man in front of him suddenly clenched a fist, and then hit the steering wheel in front of the driver in a circle.

With a bang, the steering wheel was completely bent by the stupid man with a punch...

The bus that was originally driving was hit by the "barbaric" stupid man at this time and the steering wheel was smashed, and the car rushed towards the crowd in front of him with a hiss...

The driver panicked and froze.

But fortunately, he was agile enough. Seeing the car lost its direction and rushed towards the crowd in front of him, he slammed the brakes and quickly stepped on... the bus made a loud noise and came out from the bottom of the car The black smoke came up as if it had been burned, but fortunately, the bus finally stopped without hitting anyone.

Chapter 1534: Come back home

But there was a panic in the car.

They were all shocked.

No one imagined that this stupid big man would bend the steering wheel with a punch!

The driver's face was as pale as a white paper at the moment, and he was speechlessly stunned, staring dully at the imposing stupid man in front of him.

The whole car looked at him dumbfounded.

In the silent bus, suddenly a long yawning sound came out. Everyone turned to look, but saw an old man with a stubborn face walking leisurely at this time.

After reaching the big silly man, he gently stretched out his hand and patted the big silly shoulder, smiled and said, "Silly man, the car has stopped, go, let's get out of the car and urinate."

Silly Man'er nodded slightly when he heard it, and when he turned around, he didn't forget to give the driver a fierce look.

"I'm going to pee."

Then after leaving a baffling sentence, he bowed his body and walked towards the car door with the sloppy old man.

Everyone in the car looked at the old and the young like a savage looking at Shennongjia.

In this way, the big silly man followed the sloppy old man in front of him and walked out of the bus in front of everyone in the horrified eyes.

After these two people got off the bus, everyone in the car couldn't help sighing lightly.

"Nima, that guy over two meters tall is like a savage...what's the background?"

"do not know."

"But it definitely looks like a fool."

"It's a fool indeed."

"That fool is so powerful..."

After the two people left, the people in the car in front of them began to talk.

But said that the old and the young who got out of the car were standing in the street not far in front at the moment, and the big silly man urinated in full view.

It is very comfortable.

A girl walked next to me and screamed, still shouting hooliganism, playing hooliganism...

The big silly man looked at the scared woman, grinned, and after pissing, he lifted his pants with satisfaction, and then followed the sloppy old man in front of him and walked forward.

The sloppy old man in front also seemed to not care about the ridicule of the people around him. He looked strangely, just gently pulling the big silly hand behind him and walking leisurely on the bustling streets of Jinghai City.

A scary figure more than two meters high, no matter where it walks to Jinghai City, it is unusually noticeable, especially the silly face, which makes people who pass by can't help but point to him.

But the big silly man didn't care all the time, he was just holding hands by the sloppy old man cheerfully and walking down the street.

"Silly man, I'm going home soon, don't you miss home?" The scruffy old man who was walking forward looked at the silly man and asked.

The silly man spoke this time, but said one word: "I think."

"Who do you miss? Miss your father? Miss your grandfather? Or do you want...someone else?" The sloppy old man continued to squint at the stupid man and said.

The big silly eyeballs rolled around, and he spit out two words that made the sloppy old man almost vomit blood. He said, "Ant!"

"Your sister..." the sloppy old man blurted out.

"You **** boy, you have been away from home for three years, and even a family member doesn't want to want ants?" The sloppy old man scolded.

The big silly man seemed to like to see this sloppy old man jumped up and scolded his mother with anger, looked at him, grinning silly.

What about the sloppy old man? After arguing with the stupid guy in front of him for a while, his expression began to become slightly serious. He raised his eyes to look at the vastly changing Jinghai City, and muttered: "I haven't come back for more than ten years. Unexpectedly, Jinghai City has undergone such drastic changes."

"It seems that I am really old... I am old..." the old man sighed there alone.

"If the boss, the second, and the third, if they were still alive, it would be great to come back and see such a big change in Jinghai City." Hearing the old man suddenly sighed again.

The sloppy old man who thought for a while seemed reluctant to think about those sentimental things, shook his head violently, and then shook off the sadness in his heart, and took the stupid guy around him step by step towards the city center of Jinghai Go.

Three years!

Three years have finally come.

Now he is back, but when he comes back, can he find his home?

"Silly Man'er, after coming back this time, will you still go to Langshan to see your fourth grandfather and me?" The sloppy old man who walked forward with the silly man'er turned back and asked the silly man'er.

Silly Man'er heard him ask, grinning and running nose: "Yes!"

"Hey, silly boy, a little emotional, it's not worth the three years I have been with you." The sloppy old man said.

"Go, it's time to go home!"

"If I remember correctly, after this section of the road, I should be home." The sloppy old man walked step by step, looking at the most prosperous central area of Jinghai City.

The road ahead is the central road of Jinghai City. This section of the ground is the most valuable and prosperous ground in Jinghai City. It can be described by inches of gold.

The place in front of this section of the road is the most prestigious big family in Jinghai City, and it is the strongest big family in Jinghai City.

Ouyang family.

The mansion and villas of the Ouyang family were built right in front of Zhongxin Road, occupying a huge area, and they are priceless.

Because this section of the road is the most central and most prosperous area of Jinghai City, all motor vehicles and people in poor clothes will be stopped by traffic police on the side of the road.

In the words of the traffic police in Jinghai City, it is called: affect the city appearance.

Therefore, most of the people in this area are well-dressed, briefcases and so on.

At this time, suddenly a giant monster with a height of two meters, and a silly looking guy was pulled by another sloppy old man who looked like a beggar, and when he came to this side, the traffic police standing on the central road suddenly used it. He blew the whistle hanging around his neck.

As the whistle sounded, the big silly man and the sloppy old man were not only taken aback.

Then he saw the traffic policeman in blue uniform beckoning at them.

The sloppy old man was not only stunned, but he said to himself: What's the situation? Neither he nor the silly man ran the red light. Why did the traffic police let them pass by?

But even though he thought so in his heart, the sloppy old man still took the big stupid hand in front of him honestly and walked towards the traffic police step by step.

After walking over, the sloppy old man put a smile on his face, looked at the traffic policeman and said, "Young man, what's the matter?"

As the sloppy old man said so, the traffic police suddenly became angry.

"How do you say it? What young man... I am a policeman." The traffic policeman pointed at the sloppy old man in front of him and said angrily.

Chapter 1535: People?

When the sloppy old man heard the traffic police say this, an apologetic smile suddenly appeared on his face and said: "Comrade, sorry, I was wrong."

Hearing that sloppy old man said so, the young traffic policeman snorted coldly, and looked at the sloppy old man and the big stupid man with a look of disdain.

"Excuse me, this comrade, what's the matter with you stopping?" The sloppy old man looked at the traffic policeman and asked.

But I saw the young traffic policeman pointing at the center road ahead and saying, "You can't pass here."

When the sloppy old man heard it, he was puzzled.

"Why? Why can't we go through here?" The sloppy old man in front of him asked with a speechless expression.

You need to know the place he is going to reach, which is the place ahead.

"This road is the most prosperous downtown area in Jinghai City. It is strictly forbidden for beggars to enter. Didn't you see it?" The traffic police said with a sneer.

Listening to the traffic police in front of him, the sloppy old man finally understood what was going on.

At the moment, I couldn't help but shook his head and muttered in his mouth: Hey, this Nima really regarded me and this stupid man as a beggar.

After thinking about it, the sloppy old man looked at the young traffic policeman and said, "Comrade, this kid's house is right in front...If you don't let us pass, how can he go home?" He said, pointing at the stupid man in front of him. Said.

The traffic police sneered immediately when he heard the sloppy old man say this.

"Just him?"

"His home is in front?"

"For beggars, do you know how much the front lot is for one square meter?"

"Just rely on him, the family is in front?" The traffic policeman said disdainfully. When he looked at the stupid man, he seemed to be watching a beggar.

No way, the old and the young are indeed very shabby and disharmonious.

Hearing that the young traffic police really didn't believe what he said, the sloppy old man said slightly, "So, are you really going to let us pass today?"

The young traffic policeman sneered and said impatiently: "Go away, go away..."

"I want to direct traffic, you guys get out of here."

After the traffic police said so, the sloppy old man in front of him suddenly sighed helplessly and said, "You asked for this."

"Dogs look at people, and today I will let you know the end of being a dog."

After the words came out, the sloppy old man suddenly patted the shoulder of the big silly man next to him and said: "Silly man, this guy won't let us go home...you can figure it out," the sloppy old man said while standing next to him. Seeing a joke.

After the sloppy old man uttered a word, the silly man's eyes suddenly stared at the traffic policeman.

The traffic policeman didn't expect that this stupid big man would suddenly change his whole body's silly aura... it became a kind of terrifying aura similar to that of a wild beast.

Suddenly he was slightly startled.

I saw the silly man's anger attacked, and the whole person strode towards the traffic police in front of him.

When the traffic police saw the savage in front of him rushing towards him, he was stunned. He stepped back and said, "You...you...what do you want to do?"

Before he could say a word, the silly man suddenly grabbed his arm with one hand.

Hearing a click, Silly Man'er used a little force, and one of the traffic policeman's arms was suddenly broken.

The traffic policeman knelt on the ground all of a sudden, screamed in pain and screamed miserably.

But the stupid man's anger was thrown away, and he flew up and kicked directly on the traffic policeman. He only heard a bang. The traffic policeman was kicked into the air by the stupid man, and he slammed there and stopped. On one of his cars, the windshield in front of the car was shattered by his body.

The whole person's face is covered with blood, and I don't know if it is dead or alive at this moment.

Looking at the beaten head and the **** traffic policeman with a broken arm, the sloppy old man in front of him smiled evilly and said, "Look, I told you a long time ago...to be a dog will end up so miserable... hey ."

"Silly man, go, let's go home."

After the sloppy old man said that, he no longer looked at the traffic policeman who didn't know whether he was alive or dead, and pulled the stupid man in front of him and walked forward.

So Silly Man'er followed the sloppy old man in front of him obediently towards the central road in front.

After the two of them crossed the Central Avenue, they saw the mansion of the Ouyang family from a distance.

It is still so majestic, still so huge.

The moment he saw the Ouyang family, the sloppy old man smiled and said, "Silly man, we are almost home. Look, that's our house."

Silly Man'er raised his eyes, glanced slightly in front of him, then smirked, and then started to run forward.

The sloppy old man in the back saw that stupid man ran to the front, not only cursing at the back: "You bastard, wait for me...you **** boy, are you in such a hurry to go home?"

While talking, he quickly followed from behind.

Besides, following the sloppy old man walking quickly, he saw the big stupid man stop in front of the Ouyang family gate.

The huge body stood motionless like a stone.

When the sloppy old man walked over, he couldn't help being slightly startled.

Because at the same time they saw a cordon pulled in front of the electronic gate outside the vast Ouyang family...

Moreover, there was no one at the door of the entire Ouyang family, not even a person guarding the door.

Seeing such a situation, the sloppy old man in front of him not only got a bit of a heartbreak.

"Why are there policemen pulling the cordon here? What about family members? Why can't you see any of them at the moment?" The old man suddenly thought to himself.

The sloppy old man who walked slowly over took a look at the Ouyang family mansion inside. At this moment, there was no one in the mansion, no one at all.

The noisy and lively Ouyang family in the past looked like a vast ruin at this moment, silent and dead!

"What's the matter?"

"What about people? What about family members?" The sloppy old man suddenly said in horror.

Ignoring the cordon pulled up by the Public Security Bureau in front of him, he tore it off with his hands, and then pulled the stupid man in front of him towards the inside of the Ouyang family.

But when the sloppy old man broke into the Ouyang family with the stupid man in front of him, the Ouyang family still didn't see a single figure...It was as if it was completely empty here.

Looking at everything around him with unbelievable eyes, the sloppy old man suddenly roared out.

"Patriarch, I'm Yuncanghe... I'm back!"

"And your youngest son Ouyang Man, I also brought back..."

"Patriarch, where are you? Where are you?"

The vigorous voice echoed throughout the Ouyang family for a long time. The sloppy old man just now used the power of a lion roar. This lion roar can be heard by people a few miles away, not to mention the Ouyang family in front of him.

Chapter 1536: One old and one young

But when his cry came out, there was still deathly silence around him, and there was no living shadow at all.

When I felt that something was a little bit wrong, the sloppy old man's face in front of him became more and more ugly. ,

And what about that stupid man? He stood there stupidly, staring at it with his eyes!

This is his familiar home, a familiar house, but he didn't see a familiar person, and the stupid man stood there stupidly.

"What about people?"

"Where is the Ouyang family member?" The sloppy old man had this question in his mind on that side.

I found a house, empty, and found another... Unfortunately it was still empty.

After looking for a lot of houses, every mansion of the Ouyang family was empty. There was no one.

How could this be?

How about so many people in the Ouyang family?

Where is the owner?

How could it have completely become a barren land? Could it be that something big happened to the Ouyang family? The sloppy old man in front of him suddenly felt his heart.

He has been isolated from the world for many years, living in seclusion.

Regarding the recent events in the rivers and lakes, for the Ouyang family suddenly became a barren land, naturally there is no idea what happened.

So he was not only stunned at the moment.

When he was in a daze, he suddenly thought: Father!

Yes, father!

When suddenly thinking this way, the sloppy old man hurriedly shouted to the stupid man standing behind, "Silly man, come with me."

As he shouted out, then quickly ran forward.

The silly big man behind him hurriedly followed.

The place where they ran was the last place of the Ouyang family, the old mansion of the Ouyang family.

But when the sloppy old man came to the old mansion of the Ouyang family with the silly man in front of them, they were even more stunned, because the old mansion of the Ouyang family had been completely destroyed.

Looking at the ruins of the old mansion of the Ouyang family, the sloppy old man was taken aback for a moment.

"How could this happen? Even the family's old mansion was turned into ruins..."

"Did something happen to the Ouyang family?" A horrible thought rose from the sloppy old man's heart.

Looking at the old mansion of the Ouyang family that was completely blown up, the sloppy old man looked extremely ugly, his whole body was filled with energy... How many years have not been out of the rivers and lakes, I did not expect the Ouyang family to encounter a disaster!

who is it?

Who made the Ouyang family like this?

Ouyang Wujiang? What about Patriarch Ouyang? Could it be... Could it be that... are all dead?

Facing the shock of the family, this sloppy old man stood there with a guilty expression on his face.

What about that stupid man? Looking at the destroyed ancestral hall behind his family, he suddenly let go and ran towards the ruins.

His eyes were blood-red and ferocious, and his two sturdy hands grabbed the stone on the ground and threw it out like a cotton bag... While throwing it, he cried out in his mouth.

What does he seem to be looking for? Find someone? Still looking for something else.

He was crying, while holding the big bluestone with both hands and throwing it aside one by one.

This fierce manpower is so huge that when the stone weighing tens of kilograms is held in his hand, it is thrown out like a toy.

Watching the silly man crying at you, pulling the stone, the sloppy old man stayed there with eyes blushing.

He knew in his heart that that stupid man was looking for his grandpa!

In the family, everyone said he was a fool. In addition to his grandfather, there are also his older sister, third uncle and others...

He missed them, missed his grandfather, but now that his grandfather's house collapsed, of course he would cry.

Looking at the silly man's behavior, the sloppy old man didn't stop him, just stood there blankly.

Hilton Hotel, Jinghai City.

At this moment, a member of the Axe Gang quickly walked towards the Vengeance Room on the 20th floor.

After reaching the 20th floor, he hurried to the room of the Vengeful Master.

"My son, there is movement in the Ouyang family." A word suddenly came out of the axe gang member's mouth.

Upon hearing the axe gang member telling the truth all of a sudden, the vengeful master suddenly stood up.

"what?"

"What's happening?" Prince Vengeance asked quickly.

The member of the Axe Gang replied: "An old and a young man appeared. The old man was about 5060 years old. He was dressed in different clothes and looked like a beggar. The young guy was like a savage running out of Shennongjia. He was two meters tall. How tall and huge... as strong as a calf, now it has entered the ruins of the Ouyang family."

After hearing the members of the axe gang say so all of a sudden, the vengeful son suddenly showed a strange look on his face.

"One old and one young?"

"Who? How come to the barren Ouyang family?"

It turned out that after Lord Vengeance received the Axe Gang, Lord Vengeance had always arranged members of the Axe Gang to secretly stare at the abandoned Ouyang family.

The entire Jinghai City knew about the murder and destruction of the Ouyang family. Of course, the members of the Axe Gang didn't know why Lord Vengeance sent someone to stare at the

abandoned Ouyang family, but since it was the Lord Vengeance, they did not dare to ask more. So this time someone has been guarding the ruins of the Ouyang family's mansion.

I never thought that someone would arrive at the abandoned mansion of the Ouyang family, but I did not expect that at this time, someone really came to the abandoned mansion of the Ouyang family.

So the members of the Axe Gang came back quickly to report the news.

However, after hearing the words of his subordinates, the Vengeful Prince suddenly said: "Can you see those two clearly? Why did the two go to the abandoned land of the Ouyang family?"

As Prince Vengeance asked, he listened to the axe gang's subordinates hurriedly said: "The subordinates are not yet clear.

"I only know that the guy who is very big and roughly the same size as a savage, after entering, he cried... the voice was loud..."

"Crying?" The Vengeful Master became depressed at the moment.

"Yes, son." The member of the axe gang said.

When the Vengeful Prince heard it, he wondered what happened? How could anyone cry in the ruined Ouyang family?

After thinking about it for a few seconds, Lord Vengeance suddenly said: "Okay, I see, you can go down."

The members of the axe gang nodded quickly, and then hunched back.

After he retired, Lord Vengeance suddenly walked around the room, his brows frowned tightly, and those eyes that exuded the light of gambling thought deeply about what was in his mind: the old and the young are Who? How could it suddenly appear in the old mansion of the Ouyang family?

Chapter 1537: Yuncang crane, crane claw work

"Silly man, look, there is no more home...no one...what can we do now?"

Inside the barren ruins of the Ouyang family, but seeing the sloppy old man and stupid man sitting quietly.

Silly Man'er heard the sloppy old man say this, stuffed his head, wiped the tears from the corner of his eyes with his sturdy arms, and took a deep breath of the remaining nasal mucus with his nose. He was stuffy and did not speak.

"Hey, I know you miss home, your relatives, and your grandfather, but now they are gone... Whether it's alive or dead, we don't even know who did it, silly boy, What do you think we should do?" The sloppy old man suddenly asked there again.

As he asked, but seeing that silly man's head was even more suffocated, his head lowered and said nothing.

The sloppy old man stood up suddenly, glanced at the ruins of the old mansion of the Ouyang family, patted his **** lightly with his hand and said, "Or, will you follow me back to Langshan?"

When the sloppy old man said so, the silly man suddenly shook his head vigorously.

"Then tell me, what do you want to do?"

"As long as you say, I will be with you." The sloppy old man said.

Silly Man'er didn't nod and shook his head, didn't speak, and was silent like a stone.

"Uncle, what are you talking about? Why don't you fart?" The sloppy old man suddenly cursed there.

But the silly Man'er ignored him from beginning to end, just dull and silent.

Now this sloppy old man is **** off.

When he was angry, the sloppy old man suddenly glanced at the corner of his eyes, and suddenly saw a figure on the side rushing towards here like a shop shot.

When he saw such an extremely fast figure rushing towards this side in an instant, the sloppy old man suddenly filled his body with energy, and then filled his whole body, as if he felt threatened.

"Silly man, take care of yourself! Someone is coming..."

After saying a word from the sloppy old man's mouth, he saw the sloppy old man suddenly turned around and looked at the fast figure flying by.

"Who? How dare to trespass into the Ouyang family?" With the sloppy old man in front of him, he yelled, and he really saw a figure flying over from the front.

The speed is really faster than the wind.

Even the sloppy old man in front of him saw the "human" figure reaching them so quickly, he was not only stunned in his heart: what a powerful light work! !

Then a pair of piercing eyes looked at the man.

I saw that the man was dressed in expensive clothes with a tall and straight figure, but his face was like an old man in 60, old and sluggish, giving a strange feeling, but his eyes did not look like an old man. His eyes, but the gaze of Yi Zhizhi, is undoubtedly very strange for such a person.

The sloppy old man has been wandering the rivers and lakes for so many years, of course he can see the weirdness of people, and now he is watching the people in front of him coldly!

Who is he?

Who is the guy who has the face of an old man, but whose eyes are flashing?

Lord Revenge!

Of course he is the revenge prince who came here.

"Who are you? Why dare to trespass into my Ouyang family." Suddenly, a roar came out of the sloppy old man's mouth.

The old man uttered a word, and his whole body was exposed.

After hearing the old man's words, the vengeful young man was not only taken aback.

"Are you from the Ouyang family?" The Vengeful Master asked suspiciously.

He didn't know who this person was, and the stupid guy over there who squatted on the ground without twisting his head. He just heard members of the Axe Gang tell him that someone had come to the Ouyang family.

After Prince Vengeance asked him a word, the scruffy old man suddenly said: "Nonsense!"

"I ask you, who are you... why are you here?" the sloppy old man asked coldly.

But seeing the sloppy old man in front of him, the vengeful young man glanced at the sloppy old man in front of him, and then looked at the stupid big man who was squatting on the ground, who didn't even pay attention to him, not only frowned slightly.

"It doesn't matter who I am..."

"The important thing is you, as far as I know, it seems that the Ouyang family has already been destroyed...Who are you? How could you pretend to be a member of the Ouyang family?" Prince Vengeance asked rhetorically.

Hearing the words of Prince Vengeance, the sloppy old man's face suddenly became cold.

"What did you say? You said the family... the family was destroyed..." the sloppy old man said with his eyes wide open unbelievably.

The revenge son in front of him said, "Didn't you say that you are from the Ouyang family? Don't you even know this!"

"Nonsense, how can I know how the old man has been in Langshan for more than ten years in retreat!"

"It's you villain, how could you know this for no reason?" the sloppy old man asked angrily.

When the Vengeful Master heard this, he was puzzled. The old man actually said that he had been in Langshan for more than ten years? what's the situation?

"talk!"

"Is that villain ruined my Ouyang family?" A roar came out of the sloppy old man's mouth, his whole body was already murderous.

Seeing the situation like this, Lord Vengeance was suddenly startled slightly, looking at the sloppy old man in front of him, he couldn't help but lining up in his heart: Could it be that this person is really from the Ouyang family?

"Don't you say? You are certainly not a good thing either!"

"The old man has been in seclusion for more than ten years, and he vowed that he will never get blood on his hands again. Today, the old man began to break this oath. I will take you first.

Following the sloppy old man's roar, he suddenly saw his entire thin figure suddenly attacking the Vengeful Prince.

Two hands were like ghost claws, and several stern and eerie black claws flashed out of the thin claws from the sky, and then they fatefully grabbed the vengeful boy's chest.

Flies Crane Claw Skill! Yuncanghe became famous for his stunts. He was once the four elders of the Ouyang family.

Catch is vicious and sharp, it can be said to be the ultimate skill

Prince Vengeance did not expect that the old man said he would do it. He saw him aggressively attacking. He suddenly took a step back, accumulating palm power in his right hand, and then rushed out. The vigorous palm blasted the old man's weirdness. The claw shadow was broken.

The sloppy old man was broken with one move, and his body suddenly attacked again.

Both hands had become deadly weapons at this moment, every move and every style was sharp and vicious, and they attacked the Vengeful Young Master's whole body viciously.

The Vengeful Young Master dodged his body, and then quickly returned two palms, then his body turned upside down and flew back to the side.

"Old man, don't be cruel! Otherwise, don't blame me for being rude." The Vengeful Master said angrily after he stepped aside.

Seeing that the sloppy old man's moves would cost him his life, and Lord Vengeance tried to dodge as much as possible, so after retreating, Lord Vengeance said with an angry face.

Chapter 1538: Cooked

Hearing what the vengeful son said, the sloppy old man in front of him was furious.

"The old man doesn't believe that you can't get rid of you as a fool today." Just listen to the sloppy old man in front of him roaring.

Following his roar, he screamed out, and then saw the old man in front of him swiftly forward, grabbed it in the air, and grabbed the vengeful son's heart.

The Lord Vengeance had avoided several times in a row, but seeing the sloppy old man still reluctant to forgive him, he was really angry now.

There was a muffled groan at the moment, and then the qi of the body suddenly covered the whole body, gradually forming a huge protective layer of strength around the body of Lord Vengeance.

The scruffy old man's sharp catch came like a ghost claw attack, and the terrifying claw shadow attacked the body of the revenge boy in front of him.

But just when the sloppy old man grabbed his move and hit him on the Vengeance, but with a bang, the vigorous shield covering the whole body of the Vengeance bounced the sloppy old man away... the sloppy old man only I felt my arm numb, and then I went back upside down.

After going back upside down, he saw that his complexion became extremely ugly for an instant. The hand that he had made just now was trembling tremblingly, although his hand was tucked on his back, his face could still be seen. The change.

Those sharp eyes looked at the revenge boy in front of him unbelievably at this moment.

"Hey, this guy... why is his whole body so strong? The old man's crane grabbing can hardly get close to his body... but his arms are stunned by the terrifying force of the strength!!!"

Decades ago, everyone knew that Yuncang cranes were extremely powerful.

But in front of him, he was shocked back by the invisible energy of others, and the other party did not attack him at all. If he attacked himself, would he still have it?

The sloppy old man murmured to himself, that old face was pale for a while, then green, his eyes gloomy and uncertain on the vengeful son who was looking in front of him.

What about the revenge son at this moment? Staring coldly at the sloppy old man in front of him.

Suddenly he said, "Old man, don't force me to do it anymore!"

That sloppy old man has not been out of the mountain for decades. He never expected that he would meet such a strong opponent the first time he came out of the mountain, so he was willing to be convinced?

The next roar said: "It's late, the old man doesn't believe that today I can't cure you."

With a roar from the sloppy old man, his stamina attacked again.

This time the speed is faster than last time, and it's more fierce. Two hands grasped like ghosts, and more than ten terrifying black claws were turned into a deadly attack on the whole body of the revenge. .

The Lord Vengeance stood still like a mountain, not moving, the strange claws of the sloppy old man completely enveloped him.

When the disillusioned terrifying claw shadow suddenly hit his body, the vengeful boy suddenly yelled, his body leaped into the air, and then an invisible aura in his body filled his whole body with a move, "Husband", two palms fell straight down from the air, and the vast palm power not only shook all the terrifying claw shadows that the sloppy old man had turned out...but what's more terrible is that his vast palm power suddenly turned towards the sloppy The old man's head hit.

When the sloppy old man saw that the situation was not good, the opponent's ability was beyond his imagination. At the moment, his body whizzed sharply, and he wanted to get out of the range of the vengeful son. He was helpless, just as he turned around. It was too late, because the palms of the Vengeful Lord had already attacked him.

The sloppy old man let out a sad sigh.

"Hey, I didn't expect that I hadn't been out of the rivers and lakes for decades, and died just after going down the mountain today... It's really sad, sigh."

In the face of the vast palm power, the sloppy old man has no resistance at all, because the terrifying palm power is so strong that it almost makes him unable to breathe, and his body is even unable to move.

Just when the Vengeful Young Man raised his palm to the sky and killed the sloppy old man in front of him alive, who knew that Vengeful Young Man suddenly turned his body, and the palms that reached the top of the old man's head suddenly changed direction.

But with a bang, Lord Vengeance's palms hit a distance of two meters from the old man's side. The bluestone ground that was hit suddenly seemed to burst like a bomb. At the moment, the whole ground was fluttering and cold. The hard bluestone ground was stunned by the horrible palms of the Vengeful Master! !

Gosh!

If these vast and domineering palms really hit the sloppy old man on the head, wouldn't they be able to directly smash the old man to death?

But what about that sloppy old man?

Looking at the deep pit two meters away from him... His body was covered with stone chips, and he was stunned.

He couldn't believe what he saw with his eyes.

At the same time, he looked at the Vengeful Young Master in surprise, why is this person showing mercy to his men?

"You...you... why don't you kill the old man?" the scruffy old man suddenly turned pale and asked.

But seeing the Vengeful Prince standing there, he glanced at the old man and said: "I have no grievances against you, why should I kill you so much!"

"Besides, I don't even know who you are...how can I kill you?"

Listening to the words of Lord Vengeance, there was a look of regret on the face of the sloppy old man. ,

Just as the two of them were talking here, a "giant man" with a terrifying height suddenly stood up.

The man is burly and savage, like a savage running out of Shennongjia. His eyes turned around with blood red like bullseye, and he stared fiercely at the vengeful son in front of him. With that mighty momentum and domineering height, he stood up and turned to face When Vengeful Lord, even Vengeful Lord felt a little bit pressure.

No, he couldn't help but turned his head to take a look, and saw this "barbarian" staring at himself with his scarlet eyes.

When Lord Vengeance saw this strong guy, he didn't just feel a little in his heart: This guy is really strong, but really mighty!

The huge altitude of more than two meters, coupled with his innate explosive muscles, can hardly even compare to Western muscles!

At the moment, he was staring at the Vengeful Master fiercely.

When Prince Vengeance saw this giant guy, he couldn't help but was slightly startled, and then looked up at his face.

The giant man, with a naive face, a silly face, and a runny nose, only those scarlet eyes staring at him like wild beasts from hell.

At the first sight of him, the vengeful son suddenly moved in his heart: Why are you so familiar? Why is this guy so familiar? As if I had met him there?

The Lord Vengeance thought suddenly.

However, when the silly big guy suddenly turned his head and raised his blood-red eyes to stare at the revenge boy in front of him, the sloppy old man suddenly murmured: No!

Because only he knows in his heart what it means to be a silly man at this moment!

It means that the silly man is already angry, and is about to shoot.

The Vengeful Lord looked at the stupid man in front of him surprisingly, because he felt that the stupid man in front of him was too familiar... and when he saw the stupid man at first glance, he seemed to have a déjà vu. feel.

Therefore, the current Prince Vengeance not only looked at the silly and big eyes in front of him.

When the vengeful young man was looking up and down at the silly big man in front of him, and could not help but conceal how this guy is so familiar in his mind, the silly big man in front of him suddenly roared, and then the whole person was like pulling a mountain, his burly body directly He ran into the vengeful son in front of him.

That strength is simply overwhelming and unstoppable.

Seeing the big stupid man in front of him suddenly made a move, the revenge young man also felt a little startled, and his whole body was completely enveloped by the stalwart and terrifying figure of the big stupid man.

It's almost like a giant.

The stupid big man's entire huge body attacked towards the Vengeful Young Master, and a hammer-like fist suddenly slammed at the Vengeful Young Master in front of him, valuing his daughter's strength.

The Lord Vengeance didn't dare to underestimate the silly big man with a mighty punch, and his abrupt body quickly avoided.

That stupid big body is huge, and the speed is really incredible.

According to the truth, a body as large as him should move slowly, but unfortunately, I never thought that this guy is really fast.

Suddenly passed a punch.

Prince Vengeance only felt a fist wind sweeping his face, and his body suddenly dodged.

Fortunately, Lord Vengeance is as fast as lightning, otherwise, he will definitely be smashed into meat sauce by that mighty guy.

After the vengeful boy dodges the silly big man's mighty and domineering punch, he saw the stupid big man roar and swept his backhand directly at the vengeful boy again. This punch was more powerful than a punch. The strength is more ferocious and more domineering.

Unparalleled in the world! The strength is really the best in the world!

Seeing the big silly man attacking himself again, the vengeful young man in front of him suddenly turned his body, and then his body changed into three forms before evading the big silly man's second punch.

The silly man really froze after seeing the revenge boy evading his fist continuously, as if he was surprised and puzzled.

The sloppy old man who was watching over there was also completely taken aback.

"Death three chain!" is a silly big man's awesome trick.

These three moves were taught to this stupid man when the Great Elder Langshan was dying. This life-threatening three-stroke chain is a powerful boxing technique with three moves to the extreme. In the world, if you talk about resolute kung fu, there are naturally more. There are many people, but there are few fierce people who can have the energy like this stupid big man.

The deadly three-link is the most powerful boxing technique, fists and fists follow each other, and it is impervious to the wind. At this moment, coupled with the vast strength of that stupid man is unparalleled in the world, it can be said to be invincible.

But I never thought that the first two punches of the silly big man would all be missed.

Seeing that the silly man's **** skills were so unsuccessful, the sloppy old man looked at the vengeful son in front of him with a look of speechless horror.

I can't help but rest in the dark lining: Oh my God, who is this person? The horror of martial arts is beyond people's imagination. It is almost impossible for Ouyang Wujiang, the old man of the Ouyang family, to be his opponent.

Just as the sloppy old man was thinking like this in his heart, there was a loud bang, and the stupid man was completely irritated by the revenge.

At this moment, his face was flushed as if bloodshot, and the blue veins all over his body violently. At this moment, the stupid man suddenly lifted a large bluestone weighing almost two hundred jin beside him, suddenly like throwing a balloon. Generally, he smashed at the vengeful son in terror.

Facing the big stone weighing more than two hundred catties, Lord Vengeance was taken aback for a moment, and his heart was secretly lined: Good deed, this hunky man really has some strength! Then he stepped on a radius, and his whole body was vigorous, and then suddenly slashed forward in his right hand, an invisible vigor emanating from the vengeful son's hand, it was cold and strange.

"Sword Qi!" Suddenly the words came out from the dirty old man's mouth.

He clearly felt an extremely powerful sword aura radiating from the Vengeful Young Master.

But what makes the sloppy old man completely puzzled is that there is no sword in the hands of Lord Vengeance? Where does this sword qi come from? What happened?

Of course he would not know that the Vengeful Master had already cultivated to the state of "No Sword Art", and the kung fu used at this moment was also the strongest layer among the "Ten Art of Sword Qi" that was unique in the world: No Sword Art, .

The terrifying swordless sword aura suddenly slashed the huge bluestone thrown by the silly big man, and then heard a loud bang, the big silly man threw the huge bluestone just because of the power of the vengeful boy. The infinite Ten Jue Sword Qi split into two abruptly, and with the fragmentation of the big bluestone, the sloppy old man was completely taken aback.

The terrifying sword aura and the terrifying sword aura made the sloppy old man horrified.

Even the silly big guy couldn't help being completely startled when he saw this guy split his huge bluestone.

But the big stupid man was equally angry.

He has never been beaten by anyone before, and he has never been beaten by anyone, so that the vengeful boy in front of him has broken his moves, of course the stupid man in front of him is angry.

The silly big man with a wild roar, his always thick arm swept across the revenge boy in front of him like an iron chain, and his violent arms were extremely powerful.

When this sweeping force swept towards the Vengeful Master, the Vengeful Master suddenly moved his body to avoid a blow, then flipped his palms slightly, and then made a quick and extraordinary move with his right hand to grab the stupid big man's shoulder, the stupid big man. Although it was huge, his body skills were very fast. Seeing Lord Vengeance attacking him, he immediately attacked with his right fist.

The Lord Vengeance didn't want to face the big stupid man head-on, withdrew the catch, and then kicked the big stupid man with two beautiful serial kicks.

The stupid big man didn't evade, and his huge body was abruptly kicked by the revenge boy.

He kicked the big silly body with a heavy kick. The big silly man just shook his body a little, and then patted the dust on his body as if it were all right, with his calf-like eyes. Staring fiercely at the revenge son in front of him.

Chapter 1540: He is not as old as you!

"Oh my God, who is this person? How could there be such a power?"

"Even the angry silly man is not his opponent!!!"

You must know that if this stupid man is really seizure when he is in Langshan, I am afraid that the four elders may not be able to control him, plus this stupid man is inherently powerful, burly and strong, and universal. Under the circumstances, it is indeed a very difficult thing for someone to restrain this silly man, but now he is subdued by the revenge boy in front of him! ! Moreover, it seemed that Lord Vengeance didn't use his real strength at all, and his subordinates seemed to show some mercy.

What's going on?

Could it be said that this person has reached the point of shocking martial arts?

That silly man was kicked a few times by the revenge boy. Although it was okay, his stomach was full of sultry fire. At this moment, his mouth not only roared, but two hammer-like fists were clenched fiercely. , Ready to strike a fatal blow to the vengeful son at any time.

"Silly man, don't fight, you are not the opponent of this person at all." Seeing the sloppy old man who was in the wrong situation, he couldn't help but remind the silly man at this moment.

He could see that the revenge son was definitely not the one who killed them! If you really want their lives, you will never show mercy to them again and again!

After hearing the sloppy old man's words, the big silly man was slightly startled.

And what about Lord Vengeance? But when I heard the word "Silly Man'er", my heart shook for a while, and then a familiar image suddenly appeared in my mind.

He still remembers three years ago, when he first came to Jinghai City and lived in the Ouyang family. At that time, when he was in the back garden, he met a stupid guy with a big head and terrifying strength!

The guy poked his ***** in the back garden, first watching the ant who was staring at the ground with his eyes motionless... Later, he began to lift the big bluestone in the back garden and hit the ground fiercely, as if the ground followed He has great hatred.

Finally, he moved his hands with "him", that fool is extremely powerful, and his boxing skills are fierce. If he hadn't had the Duanmu family's Rashomon skill protection body, I am afraid he would be beaten alive by the "idiot" dead.

In the end, he knew that this "fool" was Ouyang Shiqing's silly brother, a fierce man who was born with great strength... and because his brain reacts slowly, the word "Dou Da" is a stranger, and The most terrible thing is still pouting at the ants on the ground every day...So in the Ouyang family, everyone calls him: silly man!

When he suddenly remembered this scene in the head of Lord Vengeance, he was stunned.

"Silly Maner...Ouyang Family..."

"Oh my God...could it be that this big stupid guy is the stupid guy back then," The Vengeful Master suddenly couldn't help thinking like this in his mind.

Those incredible eyes stared at the stupid man in front of him without blinking.

But what about that stupid man? At this moment, he was still staring at him angrily, a pair of hammer-like fists were clenched tightly, and his eyes were full of hostility to the revenge.

"You...are you Ouyang Man?" A word suddenly came out of the Vengeful Young Master's mouth with joy.

When Lord Vengeance suddenly said the real name of the stupid big man, the big stupid body was suddenly stunned... But he didn't have a word, just raised that simple face and continued to stare. The vengeful son in front of him.

However, after the sloppy old man heard the name that the vengeful son called out for an instant, he was momentarily taken aback.

"You, how do you know the real name of the silly man, who are you?" The sloppy old man looked at the Vengeful Young Master incredulously and asked.

But seeing the sloppy old man in front of him suddenly confessed that stupid name, he couldn't help but said with excitement in his heart: "It's really you?"

"Are you Ouyang Man? Are you Shiqing's younger brother?" Prince Vengeance said, unable to conceal his excitement.

After saying the name of Ouyang Shiqing, the silly man was taken aback for a moment, raised his sturdy arm and wiped the snot left from both sides of his nose, and then wrinkled his honest face and looked at the revenge.

Poetic?

Ouyang Shiqing! ! !

"Yes!"

"He is indeed the silly brother of that girl of Shiqing." The sloppy old man said there.

"It's just that the child went out for three years, and when he didn't expect to come back, his home was in ruins," said the sloppy old man.

When the Vengeful Young Master finally recognized that the big stupid man in front of him was the "stupid" who was fighting with him for no reason, he couldn't help being taken aback.

"Oh it's you....."

"No wonder, no wonder I was so familiar when I first saw you!" The Vengeful Master suddenly laughed.

When the deceased meets, the revenge son is of course very happy.

The big silly man wiped the snot under his nose, blinked those silly eyes, stared at the revenge boy in front of him and said, "You, who?"

The Lord Vengeance smiled and said, "Don't you know me?"

"Remember when I was in your family three years ago, you had a fight with me...in your family's back garden." The Vengeful Master suddenly said with a smile.

And he said with his hands, "Remember that you were lifting a large bluestone... At the end of the fight, your sister came over and told you to stop."

The Lord Vengeance said that, the big silly bull's eye was turned there, his head turned slightly, and he recalled what happened three years ago.

After thinking for a while, the big silly man suddenly smiled like never before.

"You? Good guy..."

"I remember you..." An inexplicable word suddenly came out of the big silly mouth in front of him.

After he said this sentence, the Vengeful Master suddenly laughed.

"Do you recognize it? Yes, it's me."

Three years ago, he had a fight with the stupid man in front of him in the back garden of the Ouyang family. At that time, he was soft-hearted. Although the stupid man was extremely powerful, he was still not his opponent, but he did not get hurt. He... Although the stupid man was stupid, he knew that he was merciful at that time, so in the end, the stupid man once said that he was a good man.

So this time, the stupid big man said excitedly.

"You...not him..."

"He is not as old as you!" Suddenly when the vengeful man thought that the stupid big man recognized him, the stupid big man abruptly said something that made the vengeful boy depressed.

Then the silly man opened his eyes again, glaring at the revenge boy in front of him!
