

A Killer 154

Chapter 154: Vigorous

However, Li Tian must be buried alive.

Could Li Tian be buried alive and dead by a rickety old man like this?

I saw that the rickety old man yelled a hoarse voice from his throat when he realized that Qiu Si was saying these words, and then nodded.

Humping on a rickety waist, he stretched out a thin right hand to grab Li Tian's ankle on the ground, and then dragged it towards the back mountain.

It seems that this deaf and mute rickety old man burying a living person is not a matter of once or twice, but an extremely common thing like sweeping the floor.

Pulling the unconscious Li Tian's ankle, dragging forward like a dead dog.

And Qiu Si in front of him did not even look at the figure of Li Tian again, and walked towards the old mansion.

Originally from the fourth master Qiu, who was once a master of the underworld, after retiring from the world, his enemies are definitely not a minority, but what about the current avengers? All were buried in the back mountain.

If you go to the back mountain to dig through those mounds, you can definitely see one body after another.

Imagine the gangster who has been stalking the world for so many years, can he find no enemies after retiring? there must be!

And it is a lot.

But now? The corpses of these people who came to seek revenge from Qiu Si were all buried in the back mountain. Of course, Li Tian was buried alive today. It was just that Qiu Si thought it was an avenger seeking to disturb his peaceful life.

When he was about to reach the door of the old mansion, suddenly the deaf and mute old man screamed behind him.

After a moment of stunned Qiu Si slowly turned the burly figure, looking at the screaming deaf and mute old man.

"Uncle Dumb, what's the matter?" Qiu Si asked frowning.

The deaf, dumb and rickety old man over there has put Li Tianji in a coma on the ground at this moment, no longer caring about him, but holding a jade finger that has just fallen out of Li Tian's pocket and wrapped in layers of cloth. .

The crystal clear jade pull finger was pinched on the thin hand of the rickety old man. The moment Qiu Si saw it, Qiu Si couldn't help his heart beating, his face changed strangely.

At the same time, his mouth suddenly murmured, "Why did my jade pull finger get into his hand?"

Yubanzhi turned out to be Qiu Si?

I remember that this jade finger on Li Tian was given to Li Tian by the killer beauty Situ Ningbing, and when he was given it, he told him to find Chou Si after he arrived in Kyoto City!

As long as the jade pull finger is taken out, Qiu Si can be found, so Li Tian has been cautiously carrying the jade pull finger on him, although he does not know who is Qiu Si? The city of Kyoto is crowded, and I don't even know where to find Qiu Si, but Li Tian has at least a little hope. At the very least, the Yuban finger is given to him by his future wife, so he has kept it carefully.

Unexpectedly, at the moment when he really met Qiu Si today, Yu Panzhi revealed the truth.

At this meeting, Qiu Si dignified his brows and walked quickly over, and after taking the jade finger in the hands of the rickety deaf and mute old man who yelled in a hoarse voice, he frowned and looked carefully.

indeed!

It was indeed the jade finger of the arrogant and mafia.

Then the Qiu Si fierce eyes glanced at Li Tian who was lying on the ground, and suddenly muttered in his mouth: "Why is my jade finger in his hand?"

"Back when I pointed the jade puller to (Ningbing), I specifically told her that this jade puller must not be given to others easily, because if it were a token, an extremely important token... but now I gave it to (Situ How did Ningbing's jade pull finger suddenly reach this kid's hand?"

Qiu Si, who frowned for a long time, didn't understand.

Looking at Li Tian who was lying on the ground, suddenly said: "Uncle Dumb, don't bury him alive, first pull him in for me."

"After he wakes up, I must ask how my token suddenly came into his hands." After Qiu Si said these words coldly, he turned the burly figure and walked towards the courtyard.

The dumb uncle behind him could also understand what Qiu Si said through his lips. At this moment, he nodded ah, and then stretched out his hand to walk towards the courtyard with Li Tian who was unconscious on the ground.

When Li Tian slowly awoke from his coma, he first thought he was dead.

He opened his eyes suddenly, and the first thing he saw was the dark interior of the room, with insufficient light.

Then to his surprise, he suddenly smelled a thick incense fragrance in his nose, as if he were in a Buddhist hall.

I wanted to move, but I suddenly realized that my whole body couldn't move, and my hands and feet were tied tightly by ropes.

This made Li Tian depressed, and quickly turned around to think about what happened.

That **** old man fishing! It must be him.

Suddenly Li Tian wanted to scold the street and scold the ***** old man. He had no grievances against him. I didn't think that the ***** old man could even know how to use kung fu. The most important thing is to suddenly tie himself here!

He knew that if it weren't for the jade finger that Situ Ningbing gave him that happened to fall out of his body, he was probably dead by now, and had already been buried alive.

Sinister!

Li Tian struggled vigorously for a while, only to find that he was in vain, and he couldn't help but sigh.

It was so sad that I didn't think I would be tied here by a strange ***** old man.

Although there was a wave of resentment in his heart, Li Tian still blinked his eyes and looked at the room in front of him.

The light in the room is not very good, but you can still see clearly if you look closely.

At this time, Li Tian began to blink his eyes and carefully looked at the place where he was locked up.

This is definitely an antique study room, and it also faintly reveals the meaning of (Buddha).

The degree of sophistication can be called elegant. The ten items in Zhao Xigao's "Dong Tian Qing Lv Ji" at the end of the Southern Song Dynasty: Guqin, ancient inkstone, ancient bell and tripod, utensils, strange stones, inkstone screen, pen grid, water drop, ancient ink handwriting, ancient and modern ancient carvings, ancient paintings, in The study room is furnished, and there is an incense burner in the middle, and there are several incense sticks in the middle of the incense burner. The quaint scent makes the whole room even more charming!

I saw that the various objects in the room are arranged in a very organized way, showing the profound cultural background of the owner of the study, as well as the extraordinary financial resources. These things are absolutely owned by everyone!

A character "Xiong" hung in the middle with great momentum, magnificent.

Looking at such an elegant and domineering study room, Li Tian was completely stunned in front of him, where was he? Why are you ***** here by that ***** old fishing man?
