

A Killer 1541

Chapter 1541: The true identity of Lord Vengeance

Master Revenge is old?

Really old!

His face looked like he was in his 60s, sluggish and old, except that his eyes were sharp as torches.

No wonder that silly man would say that the revenge man in front of him is old!

After the silly man'er spoke just now, the revenge master burst into a laugh.

The sloppy old man next to him was speechless. He didn't know what the vengeful prince and the silly man in front of him were talking about at the moment...just squinted at the two of them carefully.

But he said that after the vengeful son laughed, he looked at the stupid man suddenly and said, "No wonder you don't recognize me!"

"Even I have forgotten... my appearance."

The Lord Vengeance said, and suddenly stretched out a hand, and that hand slowly touched his face. After touching the face, the scruffy old man and the stupid man's eyes widened. Looking at him unblinkingly.

The Vengeful Master suddenly pulled his hand on his face, and a delicate human skin mask was removed from his hand.

And his real face?

Looking closely, he had the old face in his 60s and suddenly turned into a handsome face in his 20s.

The face is sharp and sharp, with sharp eyebrows and sharp eyebrows. ,

he is?

Li Tian!

His real face turned out to be Li Tian!

Who could imagine that the guy who used the alias of Lord Vengeance was Li Tian who escaped from the crypt of the Ouyang family and came back to life?

It turns out that the revenge son has always been Li Tian! Li Tian is the revenge son!

Regaining the Axe Gang, regaining the surnamed Zhai, and the murdered fellow surnamed He... are all Li Tian's actions.

After Li Tian suddenly revealed his true face, the sloppy old man suddenly became depressed... looked at him unbelievably at the young man before him.

And what about that stupid man? After seeing Li Tian's true face, those dull and silly eyes suddenly let out light.

"You? Really you?"

"Are you a good person?" The big silly man suddenly got excited.

The past three years ago suddenly appeared in the middle of his mind.

Li Tian smiled and said, "Of course it's me."

When the silly man saw that it was Li Tian, he suddenly became happy. The whole body like a mountain suddenly ran towards that Li Tian, and then the two chains-like arms hugged tightly. Li Tian in front of him...This guy is huge, and he hugged Li Tian as if he hugged a stone, and he lifted it up casually, as if he had seen a relative. Then Li Tian was hugged by this stupid big man all at once, and laughed loudly at the moment.

I saw the sloppy old man, but the whole person was wondering watching them happy scene, and I couldn't help but secretly lined up: Hey, who is this young man? Why do you have such a good relationship with Silly Man'er?

"You kid, you grow up really fast! Three years ago, you were not so strong, so vigorous, three years later, you can't think of becoming so strong..." Li Tian was in front of that stupid big man. He exclaimed with his explosive muscles.

The silly big man didn't speak, just raised his eyes and smiled silly.

"Hey, you guy, I'm afraid even your sister won't recognize you anymore." Li Tian continued to praise him.

The silly guy continued to laugh, laughing like an innocent child.

"Hey, the change is so fast." Li Tian suddenly said with emotion while looking at the entire ruined Ouyang family.

When the sloppy old man on the other side heard Li Tian's words here, most of them had already understood.

He walked over and looked at Li Tiandao and said, "Excuse me, who is this young man? Who is the master? How do you know the stupid man... and the girl with poetic love?" The sloppy old man just saw Li in front of him. Tian's amazing strength, at this moment, couldn't help but secretly shocked in that heart.

He Yuncanghe also had some fame in the rivers and lakes in the past few decades... so he knew most of the heroes, but he thought about the whole rivers and lakes just now, but he didn't think of who could teach him such a terrifying martial arts. ! To tell the truth, he has never seen the peerless martial arts performed by Li Tian just now.

After the sloppy old man asked, Li Tian turned his head slowly and said with a smile: "Senior...just now the junior has offended, please forgive me."

Yun Canghe waved his hand slightly, showing a mouthful of yellow teeth, and said with a smile: "You are polite, you are polite...Young man, your martial arts is indeed surprisingly high. To be honest, my old man Yun has seen many markets in my life, but But I have never seen such a terrifying strength as a young man like you."

"So I just want to ask, who is your master?" the sloppy old man asked.

Li Tian was startled, his master?

Of course his master is the legendary old man Wuji, but the old man Wuji once said, don't talk about his name.

After thinking about it, Li Tian couldn't help but hesitate at the moment. He thought for a while and said, "Senior, sorry...because the old senior doesn't want others to mention his name, so..."

The sloppy old man could see the difficult expression on Li Tian's face, smiled and said, "It's okay...Since it's not convenient for you to say, then treat it as my old fellow didn't ask."

"Oh, by the way, what is your name? Why do you appear here?"

"Also, how do you know the silly man and the girl that poetry love?" The sloppy old man in front of him quickly asked there.

This old man Yun had stayed in Langshan for so many years and didn't hear the affairs of the rivers and lakes... so of course he didn't know the deeds of the rivers and lakes in recent years, let alone Li Tian's name taboo.

What about Li Tian? He also took the trouble to tell Lao Yun in front of him how he met Ouyang Shiqing, and also talked about how to misunderstand the silly man's acquaintance back then.

After Li Tian finished speaking, Lao Yun laughed immediately.

"That's it, that's it..."

"Old man, old man."

Li Tian smiled and said, "Yes, I didn't expect to see you here."

The two of them were talking here, and the silly man was laughing there, smiling silly.

The sloppy old man said: "Excuse me, then do you know what happened to the Ouyang family? How come the family is empty, and even the old mansion is turned into a ruin... Is it because the Ouyang family has suffered some disaster? ,?"

"And our Patriarch? Where is the old man Ouyang Wujiang? Where are they? Where have they all gone?" The sloppy old man couldn't help but asked Li Tian, who was looking in front of him.

Li Tian couldn't help but let out a long sigh after hearing the sloppy old man say so.

"Senior, don't you know about the Ouyang family at all?" Li Tianwen.

The sloppy old man said: "I know what a shit... I **** lived in Langshan for so many years, it is equal to isolation... How can I know these things!!!"

Chapter 1542: Ghastly

"Ah? Are you living in seclusion in Langshan?" Li Tian asked wonderingly. .

The sloppy old man said: "Of course."

"Since more than ten years ago, the four of our brothers have gone to Langshan, and since then, we will no longer care about the affairs of the rivers and lakes." The sloppy old man said.

Li Tian listened to the sloppy old man saying this, he couldn't help but think of the previous events in his mind. He once heard people talk about the four elders of the Ouyang family. The four elders are just like the four elders of the Duanmu family. Noble, and also heard about the four elders living in seclusion.

Now when I heard the sloppy old man in front of me say this, he was startled: "Senior, are you one of the four elders before the Ouyang family?"

"Yep!"

"The old man's surname is Yun and his name is Canghe..."

"Haha, the old man has not been out of the rivers and lakes for many years, and no one must remember my name." Yun Canghe said with a smile in that Cangran, not only a sense of bitterness in the laughter.

Li Tianyi heard that this old man was indeed one of the four elders of the Ouyang family, and he was not only in awe.

"It's just that I didn't expect that the old man would see the family undergoing drastic changes as soon as he came out of Langshan." Yun Canghe in front of him suddenly sighed.

Li Tiandao: "The Ouyang family has indeed encountered a hundred-year disaster, and it happened too suddenly...the enemy is too terrible, so it was so miserable."

"Tell me, what trouble has our family encountered? What about the family owners? Are they still alive?" Yun Canghe hurriedly looked at Li Tian and asked.

Then Li Tiandao: "Patriarch Ouyang and the old man are still alive, but the family has indeed suffered heavy losses, and the number of deaths and injuries is many, many!"

When Yun Canghe heard this, a murderous intent appeared in his eyes, and he said angrily: "Which culprit actually killed my family? The people who killed my family?"

Li Tiandao: "It's a demon who hasn't been born for decades!"

"Who is he?" Yun Canghe asked with hatred.

"His name is: Yin and Yang person." Li Tian finally said the name of the Yin and Yang person.

After Li Tian suddenly said the name of the yin and yang person, Yun Canghe in front of him was stunned.

"what?"

"Yin and Yang Old Demon?"

"He... he... isn't he dead? How could he still be alive?" Yun Canghe said in disbelief.

Of course, Yuncanghe knew about the old Yin and Yang demon, and of course he also knew about the war 30 years ago. At that time, the four elders of the Ouyang family were all there... so he knew that the Yin and Yang people jumped off Luan Mountain back then. When Li Tian suddenly said that the old yin and yang demon hadn't died yet, how could this not shock Yun Canghe in front of him?

Li Tiandao: "He is not dead!"

"When he was forced to jump off Luan Mountain by your Patriarch, he didn't die! He lived in the Demon Cave... A month ago, this demon was finally released, so it started with the blood and blood... First, the Yuwen family Being slaughtered by the whole clan... and then your Ouyang family."

After Li Tian finished speaking, the old Yuncanghe body couldn't help but stepped back three steps, and that old face became pale and ugly in an instant.

"No wonder... no wonder..."

"It turns out that the demon was born... No wonder even the old man can't resist it." Yun Canghe had been wondering who could deal with the Ouyang family before. Now he understands it. It turned out to be that more than 30 years ago. Scary monsters that are not dead!

Fear, fear, instantly enveloped Yuncanghe in front of him.

Old Yin and Yang Demon, the name of this blood demon is really hairy.

"What about now? What about our Ouyang family? And the monster Yin and Yang?" Yun Canghe asked.

Li Tiandao: "Since the Ouyang family was destroyed, your Patriarch has fled...now they should all be in Binjiang City... and it is said that they have already formed an alliance with most of the people in the rivers and lakes... and are ready to deal with the old yin and yang demon. "

"alliance?"

"The Alliance dealt with that old yin and yang demon?" Yun Canghe blinked his eyes.

"En, yes." Li Tian said slightly, looking into the distance.

His eyes were deep and long, looking at the distant sky, as if worried about something.

I don't know how Ouyang Zhengtian is doing now? I don't even know what happened to Duguxie and the Situ family?

Binjiang City, a place where the wind and clouds gather, is now a mixture of dragons and snakes, the famous demon has been hiding in Binjiang City, and beside this terrible demon is a terrifying figure wearing a silver mask!There are still masters of the terrible organization Hell Gate lying in wait, and how will Duguxie and Ouyang Zhengtian face this peerless disaster at this moment? Who knows?

Binjiang City...

Haocheng Hotel.

In the past few days, Ouyang Zhengtian kept sending people to search for the trace of the old Yin and Yang demon.

When they learned that the old Yin and Yang demon had arrived in Binjiang City for the first time, they began to search with all their strength... but so far they have not found any trace of the old Yin and Yang demon.

At night, 22 o'clock.

Because this luxurious Haocheng Hotel was fully packaged by Ouyang Zhengtian, all the employees working in the hotel have been put on vacation.

The prosperous hotel in the past was empty at this moment, only a few members of the Situ family were walking back and forth there occasionally.

In this hotel, on the seventh floor are the so-called helping Wang Huo and others...The eighth floor is Ouyang Zhengtian, Du Guxie and his brothers, and the ninth floor is the Situ family.

Since a large number of people from the Situ family came here, at present, the Situ family has the largest number of people, and the fighting power is also more powerful.

Of course, the gangster characters brought by the Tiger King's gang are now arranged to guard the entire building.

Because the people of the Ouyang family want to go out to find the traces of the old yin and yang demon, and the people of the Situ family have other things to do... So even the Wang Huo group are reluctant to do "security" work, There is no way.

Now I saw Zhang Biao walking back and forth with two little brothers with cigarettes standing under the empty Haocheng Hotel, guarding the hall.

In this dark night, I saw a blood-colored figure suddenly flying towards the Haocheng Hotel like a ghost. The speed was like a bolt of lightning, making it impossible to see clearly.

Then a gloomy, **** cold wind suddenly blew in from the glass revolving door of Haocheng Hotel...

The gloomy fishy smell in the nostrils is really disgusting and unpleasant.

Chapter 1543: Darkness is coming

After such a terrifying figure approached the Haocheng Hotel, Zhang Biao and other members who stood guarding the gate suddenly felt a chill in their bodies.

"My grass, why is it so cold all of a sudden?" He only heard a guy who looked at the door with a cigarette in his mouth said.

Zhang Biao, who was beside him, also felt something was wrong at this moment. He not only glanced at the outside of the Haocheng Hotel and said, "It's a bit gloomy."

"Go, go over and see what's going on." Zhang Biao threw away the cigarette **** in his hand and said to the two men next to him.

The two men nodded, and then followed Zhang Biao slowly toward this side.

Zhang Biao walked in front, and the two companions behind him followed.

After the three of them came to the entrance of the Haocheng Hotel, they raised their eyes and looked around, and saw that the lights outside the hotel were brightly lit, as usual.

When he saw that nothing was going on outside, Zhang Biao whispered and said: "Damn, I've become more and more worried recently..."

The two younger brothers next to each other also laughed at this moment.

After the three had finished speaking, they were about to turn around and come back.

But at the moment when Zhang Biao suddenly turned around, a terrifying figure suddenly passed by at this moment.

When Zhang Biao caught a glimpse of the swift figure in the corner of his eyes, he suddenly shook his heart and exclaimed, "Who?"

Following this guy's loud shout, the two younger brothers beside him also suddenly turned around at this time, staring at the empty hotel with fear.

But when the three of them turned their heads, the terrifying figure suddenly disappeared.

"Boss Zhang, what's up?"

"Yeah, what did you see?" The two younger brothers next to him hurriedly looked at Zhang Biao and asked.

Zhang Biao's face was as pale and ugly as a ghost, staring at those eyes in horror and said, "I...I saw people..."

"Who?"

"I didn't see clearly... the other party was too fast." Zhang Biao said incoherently.

At this time, the two little brothers around him also felt strange feelings around them at the same time, and they all looked around in fear.

That Zhang Biao was even more pale, blinking a pair of horrified eyes and looked around.

Just as the three of them were looking around, a gloomy wind of vigor suddenly struck from the side.

When a little brother next to Zhang Biao felt a suffocating gloomy breath coming from behind his body, he only felt the creeps on his entire back. He wanted to turn his head back...Unfortunately, it was too late.

Because a demon claw that seemed to be from **** had frightened his back.

Puff!

blood

Scarlet blood flowed from the body of that little brother.

Then his eyes looked at his body in disbelief, and a **** hand went straight through his back... and penetrated his body alive.

A scream of ah resounded in the empty lobby of the Haocheng Hotel.

Then he heard a weird laughter, and the little brother was suddenly torn apart by the monster's other claws.

The **** corpse was directly mutilated...threw it on the cold floor tiles.

When Zhang Biao and another younger brother saw such a horrible situation, they were completely stunned.

The two of them were so frightened that their legs were soft...

call.

A stern cry came from the Haocheng Hotel.

It's a pity that their cry is so weak.

I saw that the black figure flashed to the side of the other subordinate, and with a bang, the black figure slapped the head of the subordinate with a palm, and with a bang, the person's head was directly slapped fiercely. Directly smashed... the brains flowed out, **** and terrifying.

In a blink of an eye, the three of them only left Zhang Biao alive.

"Do not kill me....."

"Don't kill me..." Zhang Biao was completely frightened... and begged.

Death hung over him.

I saw the black figure slowly appearing in his vision.

It was an extremely cruel face, without any humanity or mercy.

His eyes were filled with beastly gazes, and his hands were stained with blood... Looking at him there with a weird smile, his messy, dirty hair draped over his head, making him look completely Just like a savage from hell.

Zhang Biao did not dare to look at the terrifying weird in front of him, he was afraid of death.

However, since this monster appeared in the Haocheng Hotel, he has said that he has stepped into the gate of hell.

Following Zhang Biao's prayer, the dark figure of the monster had completely enveloped him.

Only a miserable cry could be heard in the empty lobby of the Haocheng Hotel... followed by deathly silence.

In the horrible silence, a terrifying figure opened those inhumane eyes, looked at the Haocheng Hotel building in front of him, and murmured a few words: night is coming! !

In the place above the Haocheng Hotel, Ouyang Zhengtian and the Situ family stayed there. They didn't know that **** deeds were happening downstairs.

I saw it on the 8th floor in a quiet room with no lights and no vision.

The only thing you can see is that there is a figure sitting motionless at the moment.

His figure is lonely and lonely, his cold body has only one hand in front of him sitting cross-legged, and beside him is a sword, a bronze sword that is sharpened like mud.

In the endless darkness, suddenly heard the sound of swords.

The sword is spiritual!

People are more spiritual.

With the sound of the sword, his body sitting cross-legged suddenly jumped up, and the sword in the dark was suddenly squeezed by his cold left hand.

"There is a murderous..."

He hummed three words coldly in his mouth, and then rushed to the outside of the room very quickly.

With a bang, as he quickly opened the door in front of him, his body immediately jumped out.

Above the empty corridor on the 8th floor, he was standing there with one sword and one hand.

There was no sound in the deadly corridor, the only thing he could see was his people.

Evil sword, Duguxie!

He didn't move and didn't take any measures. He just stood there, feeling the horror and murderous spirit from all around him.

He didn't know where the strong murderous aura came from, nor did he know what terrible "thing" was coming. The only thing he could feel was that the murderous aura was getting stronger and more gloomy.

The sword was already trembling in his left hand... It seemed that even the sword in his hand felt the "enemy" coming.

Chapter 1544: The Demon Appears

The intention to kill is permeating the entire corridor.

Duguxie stood still like Hong Zhong with a sword in one hand, staring straight ahead, feeling the endless murderous aura.

Suddenly not knowing what happened, the suffocating murderous aura began to weaken...

And vaguely can feel that murderous aura seems to be far away from Duguxie.

Duguxie took two steps ahead to pursue the terrible murderous aura just now, but the eerie murderous aura escaped too fast...

In a blink of an eye, the entire empty corridor once again restored the sense of dead silence.

Just as Duguxie was thinking whether he wanted to continue chasing, a door to the side suddenly opened.

Turning his head to see, it happened that Tang Xiaolong and Xue Wuhen came out from the door.

When Tang Xiaolong and Xue Wuhen saw Duguxie standing on the corridor with their sword, they were not only taken aback, "Senior Dugu...what's wrong?"

Duguxie didn't look at them, but coldly spit out a few words.

"somebody is coming."

"what?"

After hearing these words, Tang Xiaolong and Xue Wuhen rushed over quickly.

"Where?" Tang Xiaolong looked around cautiously and asked Duguxie.

Xue Wuhen was also looking around nervously at this moment.

Duguxie said: "Go..."

When Dugu Xie said that the man had gone, Tang Xiaolong and Xue Wuhen not only looked at each other.

"Senior Dugu, have you seen someone coming?" Xue Wuhen asked.

Duguxie slowly shook his head: "No."

"This person should be a master of the top level." Du Guxie added.

Listening to Duguxie's words, Tang Xiaolong and Xue Wuhen didn't speak any more.

When the three of them were standing in this corridor, they suddenly heard only the sound of screaming from below.

"Something happened... Something happened..."

That voice should have been called by the little brothers of Wang Huo.

When he heard the downstairs screaming "Something went wrong," Du Guxie's complexion changed, without saying a word, he swept down and ran downstairs very quickly.

Tang Xiaolong and Xue Wuhen in front of him also hurriedly followed right now.

When Duguxie and Tang Xiaolong and the others quickly arrived downstairs, they saw that there were already a group of king tigers there, and everyone was silent and pale, standing there.

The king tiger over there, Bai Zhendong and the others also stared at the place over there with wide, unbelievable eyes.

When Duguxie and Tang Xiaolong came down quickly, they saw scarlet blood at first sight.

Scarlet blood covered the cold ground.

I saw three **** corpses lying in the terrifying blood.

One of the heads was shattered and the brains flowed out, and the other was torn apart by the body. The last one was Zhang Biao who followed Wang Huo, with a huge blood hole in his chest... the whole heart As if being hollowed out alive by the other party.

When seeing the **** scene in front of them, Duguxie and Tang Xiaolong were also shocked.

"what happened?"

"Oh my God, who was the murderer?" The king tigers and the subordinates were talking in shock, and everyone's face was filled with a deep color of terror.

As their discussion sounded, Du Guxie and Tang Xiaolong came over.

There were three **** corpses with eyes open.

Finally, Xue Wuhen opened his mouth.

"Who is so vicious? It's such a terrible murder?"

Tang Xiaolong stood there with a pale face and said nothing.

Duguxie glanced at the corpse in front of him, then raised his eyes to look around and murmured a few words from his mouth: Darkness is here...

"Senior Dugu, look at the wound of this corpse...what terrible monster did it?" Tang Xiaolong couldn't help but angrily asked, his fists clenched tightly, and his eyes were blood red.

Duguxie stood there, paused for a while, and slowly said, "Yin and Yang, old demon..."

"Yin and Yang Demon?"

"Senior Dugu, did you mean that the old yin and yang demon appeared? Did he find our location?" Tang Xiaolong asked in surprise.

The king tiger who was on the side, and his helpers were also whispering at this moment: Yin and Yang Old Demon?

Duguxie said: "It should be!"

"There is only the old yin and yang demon who can kill with such bloodthirsty, and only he can do such cruel things."

Listening to Duguxie's words, Tang Xiaolong and Xue Wuhen were completely shocked.

Oh my God, the yin and yang demon they had been looking for unexpectedly appeared so soon.

And also found their location.

Thinking of this, they all felt an unprecedented fear.

When they were talking here, they saw a row of footsteps coming quickly from the side elevator.

"what happened?"

"what happened?"

I saw that Ouyang Zhengtian, the Situ family... and the ghost servants and brothers came.

Obviously they all heard the exclamation just now, so they couldn't help rushing downstairs at this moment.

Following the arrival of Ouyang Zhengtian, Situ Xiong and the ghost servants, they saw the **** corpse on the ground at a glance.

what?

Even they couldn't help screaming.

"How could this be?"

"Who killed them?" Ouyang Zhengtian over there looked at the three **** corpses on the ground with an extremely incredulous expression.

Situ Xiong over there also frowned deeply, standing there with an ugly face.

"Yin and Yang Demon!"

"That old yin and yang demon is here." Tang Xiaolong said aside.

As he said this, the faces of Ouyang Zhengtian and Situ Xiong and others changed color.

"Unexpectedly, we have been searching for the demon these few days, but I didn't expect that he would find us in advance." Ouyang Zhengtian sighed there.

"Patriarch Ouyang, what should I do now?"

"Three of our brothers died all at once, what can we do?" Just listen to the bald king tiger over there speaking hard.

The group of people behind him were also talking in noisy.

Ouyang Zhengtian's face was pale, and he comforted them there and said, "Brothers, I'm sorry...this matter is my negligence. I didn't expect that the demon was so bold and brutal that he would come here to kill..."

"Don't worry, Ouyang Zhengtian will definitely give you justice! I will definitely avenge the dead brothers." Ouyang Zhengtian said.

"Kill that **** devil!"

"Kill him." The bald tiger tiger said with his gang roaring there.

They obviously don't know the horror of that yin and yang demon.

Chapter 1545: dispute

Duguxie didn't pay attention to the booing of the group of people in front of him, turned around and walked towards the Haocheng Hotel.

The ghost servants and the brothers saw Duguxie leave, and they all followed.

After returning to the room, Duguxie sat there with a gloomy face without saying a word, her cold eyes revealed endless rays of hatred.

"Second brother, what should we do? Now that old yin and yang demon already knows where we are... and we are still like headless flies, bumping and bumping, so and so, I'm afraid we will die and injured more people. "After the ghost servant walked in, he looked at Dugu Xie with a worried look.

The Xiong Diu who followed by his side were also looking at Duguxie.

Duguxie was silent and did not speak.

After a long time, he slowly said, "I don't know either."

After he said that he didn't know, the brothers all turned melancholy there, and they were all silent there with a calm face, each thinking about their own thoughts.

"Senior Dugu, do you think this method is OK?" Suddenly Chen Qiaozhi said there.

Chen Qiaozhi is a man of many tactics. After hearing him suddenly speak, everyone not only turned their heads, but looked at him there.

"Sick ghost, what do you mean?" Tang Xiaolong couldn't help asking.

I saw that Chen Qiaozhi thought about it for a while and said: "Since the demon already knows where we are...then we might as well stand by the sidelines!"

"Anyway, we can only wait passively now. It's better to release the bait and wait for the old yin and yang demon to come to us...In this way, we no longer need to blindly continue to look for the trace of the demon, and we can deal with him with ease. "

The brothers heard Chen Qiaozhi say this for a while and thought: "But, what if the demon doesn't come?"

"I didn't say anything just now... If you want that demon to come here, you must release bait." Chen Qiaozhi said.

"Bait, what kind of bait?" asked the brothers suspiciously.

Chen Qiaozhi said: "Do you imagine, who is the devil who wants to kill most now?"

Listening to what Chen Qiaozhi said, the brothers suddenly said: "Of course it is the person who hated him back then..."

"Thunderbolt hand Xu Fan!"

"He is the only one who has not been killed by the Yin and Yang demon until now! So I think if the Thunderboltman Xu Fan is used as bait, I am convinced that the demon will definitely come here again." Chen Qiaozhi said.

Listening to what he said, my brothers thought about it, and felt that what he said made sense.

"Qiao Zhi's idea is good." Ghost servant said there.

"Second brother, what do you think?" After the ghost servant finished speaking, he looked at Duguxie over there and asked.

But seeing Duguxie nodded slightly at the moment.

Now that the enemy is dark and I know, all we can do now is to wait and wait.

So after the brothers decided, they were going to discuss with Ouyang Zhengtian and Xu Fan, the thunderbolt hand, about making Xu Fan the bait.

The Situ family in another room.

It was the first time that they saw the cruel methods and bloodthirsty killing nature of that yin and yang person.

Situ Xiong had been looking ugly since seeing the three **** corpses.

The old man holding a knife next to him was also slightly pale and stood motionless beside Situ Xiong.

"Old Deng, it seems that the old yin and yang demon is really hard to deal with." Situ Xiong said with a sigh suddenly.

Elder Deng, who was standing next to him, nodded slightly, and said, "Master, it seems that it is not a wise move for us to mix into the affairs of the Ouyang family this time."

Situ Xiong said with a sullen face, thinking for a while and saying, "There is no way to retreat. The only thing I can do now is how to deal with that demon."

"The yin and yang old demon is in the dark, we are in the light, and now it is difficult to deal with that demon," said Deng Lao.

"Then what do you think we should do?" Situ Xiong in front of him looked at Deng with a knife and asked.

"Wait, only keep waiting..." said Old Deng holding a knife.

"Even if the demon is powerful, I believe that with the strength of our family, coupled with two characters such as Duguxie and the ghost servant...presumably, if the demon really has to face us, I am afraid it is still a bit difficult." Lao Deng analyzed.

Situ Xiong said: "What you said is really good..."

"Now among us, if we want to deal with the demon alone, I am afraid that no one can be the opponent of that demon." Situ Xiong sighed.

The old man holding the knife nodded, as if quite agreeing with his Patriarch's words.

"Wait, only wait until the demon appears." Situ Xiong said at last.

Now the only thing they can do here is to continue to wait, waiting for the appearance of the old demon of Yin and Yang.

But what about the yin and yang demon?

Where are you now?

Inside a dark and damp house in Binjiang City like a crypt.

A black figure flashed and disappeared.

His speed is so fast, so agile.

After quickly entering the dark room, his back gradually flashed out, it was a mess of extremely messy hair, and the whole body exuded a smell of corpse.

After he entered, only a voice suddenly rang from the darkness.

"Boss Yin and Yang... have you gone out?" The voice came from the side.

Looking closely, a figure came out from the side.

The figure looked like a ghost in the darkness, especially the half-silver mask on his face.

But if you look carefully at the other half of his face, you can still recognize him. He is the Long Yin who was not burned to death in the old mansion of the Ouyang family.

A terrifying Long Yin who used magical magic to **** 56 peerless masters.

After Long Yin asked, the old demon of Yin and Yang suddenly turned around.

With a sullen smile on his twisted face, his white teeth showed a smirk and said, "Yes."

"I went to slaughter a few lifeless things..." a sentence came out of his mouth.

After hearing the old Yin Yang monster say this, Long Yin suddenly sighed slightly.

"Go and kill several of them... Isn't this telling them clearly that we have arrived in Binjiang City?" Long Yin said slightly.

The old monster Yin and Yang sneered, "What if I told them?"

"Are I still afraid of them being a gang of waste?" Old Monster Yin and Yang said murderously.

"Haha!"

"It's not a question of whether you are afraid or not."

"I'm telling you, once you are really surrounded by them, it might be really difficult to get out." Long Yin said suddenly.

After hearing what Long Yin said, the old monster of Yin and Yang was furious, and his bloodthirsty eyes stared at Long Yin coldly.

"What are you talking about?" A terrible murderous aura came out from his body.

It seemed that he was going to take a shot at Long Yin beside him.

Chapter 1546: Man at the gate of hell

Long Yin didn't look at him, but just sneered: "What I said is just the truth..."

"You must know better than me in your heart... That place is not just Ouyang Zhengtian alone..." Long Yin said slightly in front of him.

Old Weird Yin and Yang said: "Even if they are crowded, what about it? If I want them to die, they will never survive the next day."

Listening to Old Monster Yin and Yang saying this, Long Yin just gave a faint smile without speaking.

He stepped forward, his body just reached the moonlight here, and he looked at that Long Yin carefully through the bright moonlight...His arm was covered with scars, and those scars were burning with fire. scar.

Where is the yin and yang old demon? He turned around and rubbed his ***** hands casually.

When the two were silent, suddenly Long Yin's left ear moved slightly, and then a cold smile appeared on the corner of his mouth.

"Old monster, you are really careless... You didn't expect a bug to follow you, you didn't even notice it." Long Yin suddenly said a weird word in front of him. After speaking, his eyes stared at the darkness on the left side. Place.

Just after Long Yin uttered such a weird sentence, the Yin-Yang old demon in front of him was suddenly taken aback, and then a terrible aura appeared all over his body. His bloodthirsty eyes suddenly turned, staring at the darkness on the left. Place.

"Damn thing... dare to follow Lao Tzu?"

As he shouted, suddenly the body of the old yin and yang demon flew straight to the dark place on the left.

When the old yin-yang monster discovered that someone was really peeping at them in the dark, he attacked with a roar.

Is there someone in the dark place on the left?

Yes, the moment the old yin and yang demon came back, someone was hiding in this dark place... but I didn't expect that the other party was so concealed, and they were all felt by the terrible Long Yin!

Let's talk about the hidden person, when he saw the Yin-Yang boss attacking suddenly, he wanted to take him away immediately!

From the perspective of body skills and speed, the person who ***** must be a master.

But no matter what he has three heads and six arms, no matter how he escapes, he can't escape the evil hand of the old Yin and Yang demon in front of him.

Seeing that the black shadow wanted to **** away, Old Demon Yin and Yang made a weird whistle in the air, and then stretched out his right hand and grabbed it at the man's shoulder.

The **** seemed not to dare to fight the yin and yang old demon, and took the opportunity to run away.

But he was wrong... He forgot what cruel monster he faced.

Just as he wanted to escape, the old yin and yang monster suddenly grabbed his shoulder with another **** claw.

"Want to run?"

"Bring me back!"

With a loud shout, he saw that the old yin-yang monster's hand was grasping on the person's shoulder, and with a click, the entire shoulder collarbone was directly crushed by the old yin-yang monster. Then he pulled it hard and directly peeped at it. People threw it over.

With a plop, after the **** was thrown over, there was a muffled cry in his painful mouth, and then he fell to the ground and gasped.

His right arm had been crumpled alive by the old yin and yang demon, and his face was as pale as dead ashes, lying miserably on the ground.

After the **** was caught, the old yin and yang demon in front of him walked towards this guy step by step in a hostile body.

But seeing that the face of the person lying on the ground was pale and ugly, his left hand was holding the broken right hand and he was backing fearfully on the ground. His face was square, and his eyes were full of pain.

"who are you?"

"Dare to follow Lao Tzu? Do you believe that Lao Tzu digs out your heart!!!" Old Demon Yin and Yang said to the guy lying on the ground in terror.

Long Yin here also walked over step by step with a smile on his face, and at the same time his eyes carefully looked at the person in front of him.

What about the guy who got caught?

He didn't even look at the old yin and yang demon in front of him... just stayed there in pain.

"Don't you tell me?" The old demon Yin and Yang suddenly screamed, and suddenly raised one foot, and stepped on the guy's broken right arm...

Ah, a scream, a painful cry from the man's mouth.

His broken arm was stomped fiercely by the old Yin and Yang demon in front of him, and the sound of cracking in the bones of the boy's arm could be faintly heard, but he still didn't say a word, his face was pale.

He really is a man who is not afraid of death.

"Damn, don't you tell me?"

"I dug out your eyes... and then cut off your hands and feet..." the old Yin and Yang demon in front of him said cruelly.

Listening to the old Demon Yin and Yang said this, the man never said a word, as if he was really not afraid of death.

His eyes were hollow and absent, as if he had already known that he was going to die.

"Old monster, don't force him, even if you really cut off his hands and feet...he won't say it." Long Yin suddenly sneered beside him.

"As people in the gates of hell... they are not afraid of pain, not death... What they are afraid of is a person... a person more terrifying than a dark demon!" Long Yin suddenly said.

After hearing what Long Yin said, the old monster of Yin and Yang was taken aback.

"what did you say?"

"You said he was from the gate of hell?" Only the old monster Yin and Yang asked with a surprised look.

Long Yin smiled slightly, then stretched out a hand and grabbed the dying man's left arm abruptly, and saw a purple-red line on his left arm.

That is poison!

That's the only poison coming from the gates of ***** to control the masters! The poison of bone-corrupting heart.

Everyone at the gate of ***** has this poison on him.

So after Long Yin in front of him suddenly pulled away the man's arm, the old yin and yang demon guessed it, but what about the man lying on the ground? After seeing that he was identified, that face suddenly became ashes.

"Surely he is from the gate of hell." Old Monster Yin and Yang said angrily.

Long Yin in front of him sneered at the situation in front of him: "It seems that the people at Hell Gate have also arrived in Binjiang City." He murmured.

Old Monster Yin and Yang didn't know if he heard Long Yin's words, so he suddenly stretched out a hand and sneered at the man lying on the ground: "You ***** dare to follow Lao Tzu... Lao Tzu wants you to die. ."

As he roared wildly, his five fingers pierced the man's heart abruptly...puffed, the sharp ghost claws pierced the man's heart straight, the man choked on his face twice, and then a mouthful of blood was sprayed from his mouth Come out... the whole person fell to the ground with a plop and died.

The old demon of Yin and Yang pulled out his blood-stained hand, gave a weird smile at that gloomy, then stretched out his ***** tongue and licked the blood on that hand, and laughed weirdly.

Chapter 1547: Tripartite

Looking at the murder of Yin and Yang Old Demon, Long Yin didn't speak.

He didn't even look at the corpse, turned around and walked inside.

"Old monster, it seems that the people at the gate of **** have completely controlled the trail of you and me." In the dark room, Long Yin suddenly said to the old Yin and Yang demon in front of him.

The yin and yang old demon was indifferent and coldly snorted, "So what?"

"Don't underestimate the gates of hell."

"Since they have appeared in Binjiang City...I believe there are already a large number of masters here." Long Yin said.

"Why? Are you afraid?" Old Monster Yin and Yang suddenly laughed strangely.

"afraid?"

"Haha."

"When have I been afraid of Long Yin?" Long Yin laughed wildly, his voice throbbing in Kyushu.

The old yin and yang said: "Since you are not afraid... then why are you so worried about the gates of hell?"

"You don't know the master of the gate of hell!"

"He is the most despicable, sinister, and vicious person in this world!" Suddenly, Long Yin said coldly.

"If he sends someone to Binjiang City, he must have come for you and me... Now their people have been staring at us secretly... If I'm not mistaken, they definitely want to pick us up. It's human life." Long Yin said.

"Who can kill me in the world?" Old Monster Yin and Yang suddenly said there like a demon from hell.

"Even the master of the gate of hell...I am not afraid of him."

Listening to this old Yin and Yang demon, Long Yin smiled faintly, and turned his head and said: "Old monster, there have been so many uninvited guests in Binjiang City... It seems that there is a lively event this time."

"What are you going to do?" Old Yin and Yang asked suddenly.

"Who to deal with first?"

Long Yin smiled faintly: "The situation changes, we depend on the situation!"

"Whoever stops us, we will let whoever die first..."

After hearing Long Yin's words, the old yin and yang chuckled.

...

Binjiang City, another place.

I saw a few people in black robes guarding a hidden room. Those in black robes had extremely cold faces. There was no emotion in their eyebrows, and their eyes were full of brilliance. Knowing that these people are definitely not idlers.

There are a total of 20 of these people, all standing there like ice cubes.

At this moment, I saw a man in a black robe quickly walked towards the room. After reaching the room, I saw a weird man with half black hair standing in the middle.

The man was thin, wearing a black robe, and his eyes were sharp and cold like poisonous snakes. Standing there, he seemed to be the leader of these black robe men.

His name is: Ruan Zixiong! He is a master personally sent to Binjiang City by the master of Hell Gate.

"Something happened... the person we went to follow was discovered by the old demon of Yin and Yang." A word suddenly came out of the man in the black robe who walked in.

After he said these words, Ruan Zixiong's face changed suddenly.

"What?" a roar came out of his mouth.

The man in the black robe hurriedly said, "Tang Bin is dead."

Tang Bin? It must be the one who was killed by the old Yin Yang demon.

After hearing the news of Tang Bin's death, Ruan Zixiong was walking in the room with an ugly expression.

"Trash!" Ruan Zixiong scolded suddenly.

The man in the black robe lowered his head and dared not speak.

"Let the order go on and continue to send people to stare at the old yin and yang demon and the silver-faced man. If they find out again this time, you should not come back alive to see me." Ruan Zixiong said angrily.

"Yes!" The man lowered his head and said a word.

"Get off," Ruan Zixiong said.

The subordinate did not dare to speak, and then arched toward the outside.

After just two steps, the subordinate suddenly seemed to have thought of something, and he paused slightly: "Hall, what should I do at the Haocheng Hotel?" The subordinate suddenly asked in a low voice.

"Continue to send people to stare, remember, don't let them find our tracks, as soon as there is news, immediately notify me." Ruan Zixiong said.

The subordinate nodded quickly, and then quickly stepped back.

In the room, I saw Ruan Zixiong walking back and forth with a sullen face, his vicious eyes, I don't know what he was thinking about at the moment.

Binjiang City, the three pillars stand together at this moment!

On one side is the most obvious Duguxie and Ouyang Zhengtian and the others, on the other hand is the terrifying Yin and Yang old demon, and Long Yin.

And the last party is the masters of that **** gate.

Now the three sides are quietly waiting for the opportunity, and no one has taken the lead.

They know that if they move a little bit, it will definitely cause chaos. Who will die and who will live? No one can guess.

So everyone is waiting for the opportunity.

What about Jinghai City?

Since Li Tian told the identity of his revenge son to the only silly man, and Yun Canghe, that Yun Canghe and the silly man were taken back to the Hilton Hotel by Li Tianqi.

When he returned, Li Tian specially told that silly man and Yun Canghe, and now his identity is Lord Vengeance! ! !

That silly man and Yun Canghe didn't know why Li Tian had deliberately disguised himself, but they nodded there.

After Li Tian continued to put on the old mask, he took the two back to the Hilton Hotel.

The members of the Axe Gang, as well as the subordinates surnamed Zhai, felt astonished when they saw that Lord Vengeance went out and suddenly returned with an old and a young.

They all said, is that naive and strong big guy a fool?

Why does Nima still have a runny nose?

When looking at the Yuncanghe, they even said that Yuncanghe is simply a beggar...

But it was just these two weird guys who were invited back by their son, and they also specially arranged to enter the room where the revenge son lived.

Even the smiling Buddha and Boss Jiang were speechless when they saw the foolish man's and Yuncanghe, and no one understood what the situation was.

"Father, what's the situation? Who are the two people brought by the son?" Boss Jiang frowned and looked at the smiling Buddha in wonder.

The smiling Buddha gave a wry smile, shook his head, and said, "I don't know either."

"But judging from the son's look and demeanor, the two should be people whom the son values very much." said the smiling Buddha.

When Boss Jiang heard the smiling Buddha say this, he blinked slightly and said, "Oh... this way."

"However, that big guy looks pretty strong..." Boss Jiang said with a big yellow tooth there with a smile.

The smiling Buddha in front of him didn't pay attention to Boss Na Jiang anymore, and went to work on his own affairs.

Chapter 1548: Dragon and Tiger

In the room, I saw that the stupid man and Yun Canghe had arrived in the room of Lord Vengeance. .

That silly man followed into the palace, with rare eyes, looking at this, looking at that... with the look of a countryman, the silly man has lived in isolation for more than three years. Among Langshan, for the first time to return to the hustle and bustle of the world, it is natural to be curious.

Like Silly Man'er, Yun Canghe blinked his eyes and looked at the luxurious room. After all, this luxurious presidential suite was not affordable for everyone.

"Man'er, Yun Lao, I have wronged you two to stay here first these few days." A word came out of the "Prince Revenge", and he turned his head and smiled at the two of them.

After hearing him say that, Yun Canghe and Silly Man'er said quickly: "No wronged, no wronged..."

"Living here is much better than the thatched huts on Langshan Mountain... There is wronged my old bone! It's too late for my old bone to enjoy the blessing..." Yun Canghe bared his yellow teeth and said with a smile. .

"Silly man, don't you think it's comfortable to live here?" Yun Canghe suddenly smiled at the silly man and said.

After hearing the old Yun's question, the tall and sturdy silly man nodded and smiled, looking as silly as he was.

The Lord Vengeance couldn't help smiling after seeing the two of them doing this.

"By the way, when shall we leave for Binjiang City?" Yun Canghe suddenly looked at the revenge young man and said.

Lord Vengeance said: "Soon!"

"If everything is ready in these two days, let's rush to Binjiang City in these two days." The Revenge Master said.

Because Yun Canghe cared about his Ouyang family, he was always worried about the situation in Binjiang City. At this moment, he heard Lord Vengeance say that, and he finally had a sense in his heart, so he said: "Thank you..."

"Senior is polite." The Revenge Master said.

"Hey, the old man is just worried about our Patriarch and the Yin and Yang Demon... That monster is now born, I really don't know how many people will be buried in his hands." Yun Canghe suddenly sighed.

The Lord Vengeance looked at him, did not speak, and stood aside.

"What do those people outside do?" Yun Canghe asked suddenly. ,

When he followed Lord Vengeance back to the Hilton Hotel, he felt that the members of the Axe Gang, as well as those subordinates surnamed Zhai, were a bit out of tune with the Lord Vengeance... Those people clearly looked like a bunch of gangsters. Like, after all, the people of the Axe Gang are all characters like ruffians, and some of their hair is dyed colorfully, which looks very strange, so this old man Yun couldn't help wondering.

"How do they look like a bunch of street ruffians?" Old Yun continued.

Listening to Yun Canghe saying this, Lord Vengeance suddenly laughed.

"Senior's point is not bad, in fact, those people were really rascals before... It's just that they took refuge in my hands after they were taken by me." The Vengeful Master said slightly.

Yun Canghe was not only taken aback when he heard Prince Vengeance say this.

"you?"

"You accept these people?" Yun Canghe said with eyes full of incomprehension.

"Your martial arts are so strong... how come you accept such a bunch of guys?"

Lord Vengeance thought for a while and said: "Actually, I don't hide it from the seniors, I accept them only for superficial articles...I accept them for other purposes."

When Yuncanghe heard this, he didn't understand.

He could see that Li Tian in front of him was not the kind of person who loved fame and fortune. How could he do such a move?

"Young man, I don't understand what you are saying." Old Yun said.

The Prince Vengeance smiled and said, "You will understand in the future."

Yuncanghe saw that he was unwilling to say what the people who accepted these punk characters were doing, so he didn't ask too much.

He just sighed slightly and said, "Hey, the waves behind the Yangtze River are pushing the waves forward. Our generation is really old."

After Yuncanghe sighed, he sat down on the sofa on the side.

The Vengeful Young Master looked at the silly Man'er on the side, and said slightly, "Old Yun, how can Man'er be with you?"

Then Yun Canghe replied, "Because Patriarch Ouyang sent this stupid guy to Langshan three years ago to take care of our four old immortals... In a blink of an eye, the three-year period has come, so I sent him back. , I didn't expect that after returning, the family would suffer such a disaster."

Listening to Yun Canghe in front of him, Master Vengeance finally understood what happened.

Said: "By the way, Elder Yun, what about the other three elders?"

"Dead!" The sad words came out from Yun Canghe's mouth.

what?

After hearing the news that the other three elders of the Ouyang family had passed away, the Prince Vengeance was still quite shocked.

Then Yun Canghe looked at the distant place and said, "The boss has died in the first two years... The second and third are the two and the third who died in the past two years..."

"Hey, our old bones, after World War I more than ten years ago, each suffered a lot of sequelae. For so many years, even though they have worked hard...but they still can't reach the years and ruthlessly." Yun Canghe said with emotion. .

"In the past two years, I have this stupid man with me..." Yun Canghe said as he looked at the stupid man with red eyes.

Silly Man'er squatted on the floor over there, staring at the ground with her wide-open eyes, her buttocks pouted, not knowing what she was looking at...like a daze.

The Lord Vengeance heard Yun Canghe say so and couldn't help sighing slightly.

"Old Yun, you and Man'er are struggling all the way, so let's take a rest here first."

Then Yuncanghe nodded slightly.

The Vengeful Lord didn't bother them, and walked out of the room alone.

When they arrived outside, the men standing in the corridor hurriedly bent down.

Nearby, I saw the smiling Buddha and the surnamed Zhai standing outside.

"The son." When they saw Lord Vengeance coming out, the two of them called out.

The Prince Vengeance raised his head slightly and glanced at the two of them and said, "Something?"

The smiling Buddha said: "My son, everything that should be prepared is basically ready. I don't know when my son is going to leave Binjiang City?"

After hearing the smiling Buddha in front of him say this, Lord Vengeance thought for a moment, and then said, "Tomorrow!"

"Good!" The smiling Buddha uttered a word.

The Lord Vengeance is really going to take people to Binjiang City. Now the Dragon and Tiger of Binjiang City, the masters of various forces are hiding there. If the Lord Vengeance and they really set off to Binjiang City tomorrow, I really don't know Binjiang City again. What kind of storms will hang.

Chapter 1549: You don't use it for work anymore

After Lord Vengeance decided to leave for Binjiang City, the Axe Gang and the men surnamed Zhai were basically busy preparing things.

People like them didn't know why Lord Vengeance had to leave for Binjiang City, and even the boss of Jiang and the surname Zhai didn't know why Lord Vengeance did it.

But the two did not dare to ask too much, because they both knew their son's temper.

Boss Jiang was originally a vulgar person, and ever since he followed Master Vengeance, he has been convinced and desperate.

What about Zhai? Although it was a bit arrogant at the beginning, but after that night, he also served...

Although he really didn't want to be the subordinate of the Vengeful Prince, but there was no way... He was afraid of death, more afraid of death than anyone, so he did not dare to speak against the Vengeful Prince.

In addition to these people, there is also a female student next to Lord Vengeance!

Su Rongrong!

Su Rongrong has been working hard these days.

After so many days under Lord Vengeance, Su Rongrong finally learned one thing, and that is: As long as Lord Vengeance does not allow herself to do things, she will never do it... Even if she is idle all day, she will not take the initiative to do it. Because she was afraid of being scolded.

However, fortunately, it turns out that she did it right.

In a few days, Su Rongrong was very happy and satisfied. As long as the Vengeful Prince didn't scold herself, she could talk about anything, but so far, Su Rongrong had never seen the Vengeful Prince Lushan's true face, her classmate's best friend. Chasing behind her ***** all day asking what the Vengeful Prince looks like... But so far, Su Rongrong has never seen it!

The reason why she hadn't seen the true face of the Vengeance was because she didn't have too many opportunities, because Vengeance often stayed in his room and rarely came out.

Second, she is afraid! She was afraid to look up at the revenge boy.

So, so far, that girl has never seen the real face of the revenge.

Today, she is still on the 20th floor of the Hilton Tower as usual.

She was wearing light blue jeans, wrapped in ***** thin legs with long sleeves... The plump buttocks made people full of infinite reverie. The upper body was a pale white T-shirt, which was very lady and beautiful.

After arriving on the 20th floor, the members of the Axe Gang standing at both ends of the corridor, as well as the subordinates surnamed Zhai, looked at Su Rongrong in front of them unscrupulously with their eyes open like cattle.

Su Rongrong had become accustomed to the evil eyes of these boring gangsters, lowered her head, and walked quickly past them.

Then he reached the front door of the Vengeful Prince.

She knocked on the door lightly, and then waited for the response inside.

Finally, there was the voice of Lord Vengeance.

"Come in."

After hearing the words "come in", Su Rongrong slightly opened the door of the room in front of her and walked in.

She lowered her head, walked in slowly, and said in a low voice: "Master, do the rooms need to be cleaned up?"

The Lord Vengeance waved his hand slightly and said, "No."

Hearing Prince Vengeance said so, Su Rongrong said: "Okay... Then I won't disturb Young Master."

Su Rongrong was about to leave the room in front of her after speaking.

"Wait..." Suddenly the vengeful son stopped her.

Su Rongrong heard the Lord Vengeance calling her, not only was she taken aback, she lowered her head, and stopped.

"I'll tell you something." I just listened to Lord Vengeance suddenly saying there.

When Su Rongrong heard the Vengeful Master say so violently, she was not only startled, "Master, please say..."

"From tomorrow, you won't use it for work anymore." A word came out of Prince Vengeance.

After Lord Vengeance suddenly said this, Su Rongrong was taken aback.

what?

Don't let yourself go to work?

what happened?

Did you do something wrong? He, he, why did he suddenly stop letting himself go to work?

After hearing Master Vengeance say this all of a sudden, Su Rongrong felt a little in her heart, and quickly asked, "Master, did I do something wrong?"

"No, you didn't do anything wrong." Lord Vengeance looked at her.

"That...that...why do you want to fire me..." Su Rongrong asked incredulously.

I saw the vengeful son said: "Because I am not going to stay in Jinghai City...I am leaving here."

Su Rongrong was dumbfounded after hearing the words of Lord Vengeance.

go away?

Prince Vengeance is leaving here?

"Now you know why I don't want you to go to work again..." The Vengeful Master said.

Su Rongrong was dumbfounded, standing there as if stupidly.

"Okay, what I should say, I have already said all...you can go." The Vengeful Master said finally there.

Su Rongrong seemed stupid. After hearing the words of Master Vengeance, she turned around slowly, and then walked out stupidly.

The moment she walked out of the door of Lord Vengeance, she seemed to feel that the sky was about to collapse.

Unexpectedly, I finally got a job that I finally got fired after working for more than ten days...

Her mother is still in the hospital and still sick. She has been living in the hospital and has been in arrears for nearly two weeks in hospitalization. She thought she could work here for a month, and then earn some money to go home to see her mother. But I didn't expect that I would be fired...

What should she do now?

Still owe so much money in the hospital? What should she do?

When she walked out of the door of the Vengeful Prince's room, she was stupefied. She hardly knew how she got to the corridor or how she got on the elevator. The only thing she knew was that she couldn't stop her tears. Flowing down, crystal tears fell like broken beads.

Now she was like a poor person, walking silently on the corridor leaving the Hilton Hotel.

While she was walking with grief in her heart, a voice suddenly came from behind her.

"Miss Su." As the voice came, I saw the smiling Buddha rushing over quickly.

After hearing the voice of the smiling Buddha, Su Rongrong quickly raised her hand and wiped the tears on her face, then slowly turned her head, choked at the smiling Buddha with red eyes and said, "What's the matter..." She tried to squeeze a smile.

After seeing her red eye circles, the smiling Buddha said slightly: "Miss Su...just now the son has already told me about you.

"I'm sorry..." Smiling Buddha said.

Su Rongrong smiled bitterly and said: "It doesn't matter... People are rich, I'm just a poor man... When do they want to fire me, that's their freedom!" Her words were full of sorrow.

When the smiling Buddha heard Su Rongrong say this, he not only frowned slightly.

Chapter 1550: He is a good man

"Miss Su, I hope you don't get me wrong... Our son really has something to leave Jinghai City... That's why he did that." Smiling Buddha said.

Su Rongrong didn't say a word, her silence was there, and her heart was full of hatred for the Vengeful Prince!

Because if it weren't for him, she wouldn't work here, she would go to work here stupidly with a vain hope...and now, all hopes are shattered, her mother is still seriously ill, and the hospital still defaults. With so much money! ! !

How can she not be angry?

"By the way, our son asked me to give it to you." The smiling Buddha in front of him suddenly handed a bulging paper bag to Su Rongrong in front of him.

When Su Rongrong heard what the smiling Buddha said, she was not only taken aback, raised her red eyes and looked at the bag that the smiling Buddha handed over, and asked, "What is it?"

The smiling Buddha smiled slightly and said, "You'll know when you open it."

Su Rongrong was taken aback for a moment. She was not willing to pick it up at first, but after thinking about it, she slightly reached out and took the paper bag, and then slightly stretched her hand to open it.

With her slender fingers, she slowly opened the paper bag in front of her, and then piles of brand new hundred-dollar bills were packed in the paper bag.

money!

The paper bag actually contained money!

At a glance, this bag does not contain more than 100,000 cash.

When Su Rongrong suddenly saw so much cash in front of her, she was stunned... Then those beautiful eyes suddenly widened, eyes full of disbelief and shock.

"money....."

"What...how...so much money?" Su Rongrong said unbelievably.

The smiling Buddha looked at the surprised Su Rongrong and said, "Our son asked me to pass it on to you... you accept it."

what?

Is it for himself from Lord Vengeance? what happened? Why would he give himself money? Su Rongrong in front of her was stunned.

Then she quickly stuffed the paper bag of money in her hand towards the smiling Buddha.

"What? Lord Vengeance, give me money?" Su Rongrong was speechless.

The horror is there.

"no no....."

"I can't collect these money!"

Su Rongrong who was talking hurriedly returned the money to the smiling Buddha.

Su Rongrong is not the kind of girl who sees money openly. Although she is poor, she has the backbone and is not her own money. She will not ask for a cent! No matter how hard she suffers, she will not ask for other people's money!

Therefore, Su Rongrong was determined not to have the money in front of her.

Seeing that Su Rongrong was so stubborn to pay back the money, the smiling Buddha said slightly, "Miss Su... you should accept the money."

"I have been here for so many days, you should understand the temper of the son... as long as he says things, he will definitely do it, and now he wants me to give you the money... that will definitely not be taken back. ...Miss Su, if you don't want it, you will embarrass me...make me difficult to explain."

Listening to the smiling Buddha saying this, Su Rongrong stood there suddenly embarrassed.

Her pretty face was pale, she looked at the bag full of money in her hand unbelievably, and said to the smiling Buddha: "He...he...why did he give me so much money?"

The smiling Buddha listened to Su Rongrong's question and smiled slightly and said: "Miss Su, since the son has given it to you, don't ask too much...you only need to know that the son is actually a good person."

"No! If you don't say why he gave me the money... I, Su Rongrong, will never accept the money today." Su Rongrong said stubbornly.

Listening to this girl's words, Laughing Buddha couldn't help feeling a little depressed.

Looking at this girl, the smiling Buddha can see that she is definitely not joking.

After thinking for a while, the smiling Buddha looked at Su Rongrong and said, "Do you really want to know?"

Su Rongrong nodded quickly.

The smiling Buddha said: "Well, since you want to know, I will tell you."

"Is your family in Peixian?" Laughing Buddha suddenly said something strange.

Su Rongrong was not only stunned when she heard the smiling Buddha say her home address.

When he grew up, the beautiful eyes looked at the smiling face in front of him suspiciously and said, "You...you...how do you know?"

The smiling Buddha smiled slightly and continued and said: "Not only do I know that your family is in Peixian, but also that your family is actually very difficult. There is an old mother who is seriously ill and a younger brother who is in high school... My father was killed on the construction site two years ago... Your mother is often frail, sick and suffering. She is still living in the hospital, right?"

Su Rongrong was completely stunned when she heard the smiling Buddha tell all of her family's affairs at once.

"How do you know all the things in my house? How could you know?" Su Rongrong was completely dumbfounded.

He only listened to the smiling Buddha with a slight smile and said: "Actually, I don't know these things, but the son told me these things."

"He loves you and thinks you are a filial daughter, so he asked me to give you the money... to treat your mother." Smiling Buddha said.

Hearing that the smiling Buddha finally told the truth, Su Rongrong felt that today was a dream.

It's him?

Is the Vengeful Lord giving himself this money?

He knows all about himself! How did he know? When did you know?

Su Rongrong stayed.

"Miss Su, I said that our son is actually a good person... Although he usually looks cold, his heart is better than anyone else!" Smiling Buddha said with a smile.

Su Rongrong didn't know if she heard the words of the smiling Buddha in front of her. She stood there, with a speechless expression on her face. The beautiful face was completely stiff.

"Okay, I've said everything that should be said..."

"Miss Su, I hope we still have a chance to meet, and finally wish your mother a speedy recovery for me." Smiling Buddha smiled slightly, then turned and left.

The Su Rongrong who was left in front of her stood there stupidly with so much money in her hand.

What is she thinking in her heart? Nobody knows.

But what is certain is that all that reverberates in her mind at this moment is the figure of the Vengeful Lord!

The man who made her scared, hated, and unpredictable!

This time she did such a thing that Su Rongrong never expected.

To Su Rongrong, the revenge son was completely like a mystery... a mystery that she would never guess what he was going to do... but the mystery was now circling in her heart, lingering and indelible.

Finally, after she stood there for a few minutes, she suddenly made a decision in her heart.

The decision made her feel excited, and she couldn't help taking a long breath. She turned around slowly, then sorted out her emotions slightly, and then walked forward, she was beautiful. The figure is so firm, step by step towards the place ahead.
