

A Killer 1551

Chapter 1551: I wanna follow you

At this moment, the revenge master stayed alone in the room, he stood quietly on the side, thoughtful.

He was about to leave for Binjiang City, of course there were some ups and downs in his heart.

Thinking of his brothers in Binjiang City, thinking of them he loved in Binjiang City, an unspeakable excitement rose in his heart.

At this moment, I can't wait to grow a pair of wings and fly quickly to Binjiang City.

But he knew that he had to wait...

Waiting for the most appropriate time.

Standing there, he still wore the fake leather mask on his face. The old mask was a little sluggish on his face. Although the mask was very vivid, it still looked a little awkward. After all, his body was so young.

In front of him was a shining mirror. At this moment, he slightly raised his head and looked at himself in the spectacles, with a bitter smile on his mouth.

If you really see your brothers and the ones you love, will they recognize them? He thought slightly here.

The revenge young man thought for a while, stretched out his hand and slowly took off his mask.

Then his true face was revealed, it was a handsome face, and with a strong breath.

Li Tian!

When Li Tian's true face appeared, he quietly put down the fake human skin mask in his hand, and then sat quietly to one side.

Suddenly at this time, his door banged.

After hearing that the door was knocked, Li Tian glanced at the door of the room coldly, then turned his body slightly, and said, "Come in."

After saying that he came in, the door was gently pushed open. ,

What came in was a beautiful shadow, that of Su Rongrong.

I saw that she was carrying the paper bag full of cash, and at the moment she walked in only innocently.

She didn't even leave! Back again?

Hearing the sound of footsteps, Li Tian could guess who it was. When he guessed that it was Su Rongrong, he couldn't help but stunned slightly in his heart, and said: Hey, why is this girl back again?

Just as he was thinking about it, Su Rongrong, who was standing in front of the door of the room, had already spoken slightly.

"Master." Su Rongrong yelled softly.

After Su Rongrong spoke, Li Tiandao said, "It's you? Didn't I tell you before? You won't use it to work here... Why are you here again?" Li Tian's voice was still as cold as before. That said.

After listening to his voice, Su Rongrong paused and said, "My son, I came here to thank you specially."

"Thank you for helping me...helping my family." Su Rongrong said gratefully.

Li Tian turned his back to her and said nothing.

"My son, I can't collect your money in vain, even if it is collected, I will return it to you later." Su Rongrong continued there.

Listening to Su Rongrong's words, Li Tian suddenly laughed.

"No need to pay back!"

"Those money, I give you, even if it's your salary here..." Li Tiandao.

Su Rongrong stubbornly said: "No, although I am poor, I don't have the habit of taking other people's things for nothing..."

After hearing Su Rongrong's words, Li Tian smiled faintly, and said to himself: I can't see that this girl is quite spine.

So he said: "Then it's up to you..."

Su Rongrong sighed softly when she heard the Lord Vengeance say this, and then continued to look at the Lord Vengeance and said, "My son, are you going to Binjiang City soon?"

"En." Li Tianen said.

"Can you take me? Let me continue to work for you, son?" Just listen to Su Rongrong.

The reason why Su Rongrong did this was to repay her gratitude in front of Lord Revenge, and what else? Maybe you can earn money slowly, and then give it back to the Vengeful Master... After all, working here for the Vengeful Master is 30,000 yuan a month. If she does something else, how can she make so much money? So she would dare to ask about it.

When Su Rongrong suddenly said this, Li Tian was quite funny.

"You want to continue following me?"

"Don't you go to school?" Li Tian asked curiously.

But seeing Su Rongrong said: "We are going to have a holiday soon, besides, this year I am already in my junior year... The theoretical knowledge should be studied and all internships, now even at school is equivalent to playing... So I wanted to follow the son You work."

Hearing her say so, Li Tian smiled slightly.

"Oh, I see."

"I don't know if the son can promise me? Let me continue to work for the son... even if the son reduces my salary a month." Only Su Rongrong said.

Li Tian in front of him thought for a while. There are indeed a group of big men under his hands. It is really not a good thing if there is a woman following, besides, it is not sure that Su Rongrong will be useful in the future.

After thinking about it, Li Tian said, "Do you really want to continue working with me?"

As Li Tian asked, Su Rongrong suddenly became excited and said, "Of course I want..."

"Well, since you want to continue working with me, then I will take you." Li Tiandao.

Hearing that Li Tian finally agreed to take herself to Binjiang City, Su Rongrong was so excited that she couldn't tell.

"Thank you son, thank you son..." she said gratefully there.

"But I have to tell you something in advance... What about the rules? It's still the same as before. Remember, don't break into my room without my permission. Have you heard?" Li Tiandao.

Su Rongrong quickly said: "Please rest assured, my son, I will definitely not do things that make you unsatisfied."

"that's fine."

After the revenge boy in front of him agreed to Su Rongrong to let her continue to work with her, Su Rongrong was undoubtedly happy.

At this moment, she couldn't help but boldly raised her beautiful eyes slowly, and secretly glanced at the revenge boy in front of her.

Seeing the Lord Vengeance turned her back to her, she couldn't see exactly what his face looked like, but from the back, Su Rongrong could feel that this young man was only in her twenties, almost the same as her own. , Even if it is old, it will not be a few years older.

Su Rongrong, who was thinking like this, suddenly saw the Vengeful Master's body move.

Su Rongrong was taken aback, and quickly lowered her head, not daring to look at the Vengeful Master again.

But what about Li Tian? After moving his body, he said slightly: "Okay, then you go back and clean up... If no accident, we will leave for Binjiang City tomorrow."

"En, all right." Su Rongrong nodded, and then hurried out.

Chapter 1552: fight

After quitting, Su Rongrong not only patted her chest, but also let out a gentle sigh.

I couldn't help but secretly lined up: I will definitely see his appearance in the future...After all, there is still so much time.

After Su Rongrong withdrew, Li Tiancai slowly turned around, his handsome face seemed to be thinking about something, after thinking for a while, he slowly stood up and turned to the front room. Go.

The silly man who followed him lived in the front room.

Since staying in the Hilton Hotel, the silly man'er has recovered to the usual silly appearance, and continued to smile all day and stay alone in the room with his ***** pouting not knowing what he was doing.

When Li Tian walked in, the silly man was still pouting his ***** and poking his head on the ground, staring at the big bull-eye-like eyes, staring at the cold floor tiles on the ground, not knowing what he was looking at. What, but I read it with gusto.

So that when Li Tian walked in, the fool didn't notice it.

Seeing that silly man's looking at the ground exactly the same as before, Li Tian not only frowned slightly, but said to himself: What is this guy doing with his ***** all day?

After thinking about it, he walked forward curiously.

He just walked to the side of that silly man, but saw that silly man's suddenly stretched out a big hand and suddenly grabbed Li Tian's arm.

His hand strength is really big enough. When he grasped Li Tian's wrist, Li Tian felt a little painful when he was caught.

But Li Tian did not dodge and was caught by him.

But he said that after the big stupid man grabbed Li Tian's big hand, he suddenly turned the silly face to look at Li Tian and laughed silly.

"I...I want to fight with you." A word came out of the mouth of the silly man.

When he said such a sentence, Li Tiandan suddenly hurt.

what?

Li Tian called out a word depressed.

That silly man seemed reluctant to see Li Tian, a grievance appeared on that honest face.

"When I fight with others... I always knock others down... But you are different. Every time I fight with you, I can't beat you, and you knock me down... So I want to play with you. Hit." Silly Man'er stared at Li Tian in front of him like a child and said.

As soon as Li Tian heard his words, he was depressed, this Nima, is there such a thing?

After thinking about it, Li Tian smiled bitterly and said, "Man'er, I'm looking for you, but I actually want to chat with you and say something."

Of course Li Tian didn't want to play with this stupid guy. The reason why he came to this guy was because he wanted to ask some stupid guys.

But what about silly men? When Li Tian said this, he immediately said, "I'll talk about it after the fight..."

Seeing this guy really want to fight with himself, Li Tian thought for a while, then smiled bitterly and said, "Do you really want to fight me?"

"En." The big silly man nodded there with his head dull, and his naive and naive eyes blinked at Li Tian.

Li Tian then smiled slightly and said, "Okay."

"Since you really want me to accompany you to fight, then I will accompany you, but after the fight, I ask you something, you have to tell me everything." Li Tian smiled and said to the stupid man.

Silly Man'er seemed to have been unable to contain his excitement, with two hammer-like fists clenched tightly, a silly face with a silly smile, and then desperately nodded.

After seeing Silly Man'er nodding, Li Tian smiled and said, "Okay, come on."

As he uttered these two words, the silly man's aura suddenly changed.

Become like an instant madman.

The whole body with violent muscles suddenly hit Li Tian with a punch.

The boxing technique is extremely fierce, and it is more powerful and terrifying than the internal strength that others have cultivated for decades.

If he hit the calf with this punch, he would not kill a cow with one punch! ! !

Faced with such a powerful boxing technique, Li Tian also dare not care.

He knew that the silly man in front of him was extremely powerful and extremely brave, so when the silly man came with a punch, Li Tian stepped slightly to one side, and dodged quickly with a stray step.

That silly man punched in the air, and the strong energy made the surrounding air shock.

Suddenly the silly man saw his punch, and the other fist attacked Li Tian again.

Hard **** is definitely not something human can resist, even Li Tian can't.

Li Tian didn't accept his hard fist, but dodged once again.

Silly Man'er punched the icy wall with a bang, and the hard wall was hit by his mighty and domineering punch, and a deep hole appeared.

Seeing such a fierce fist, Li Tian immediately sighed in admiration: "What a sturdy fist."

"Man'er, take me a move." Li Tian roared, his palms pushed forward suddenly, and then his body was completely weak, and a move of Shenlong swinging its tail towards the silly Man'er.

This trick is the ancient martial arts of the Tianshu Danjuan... the tricks are strange and varied.

Faintly, this trick of Shenlong's tail wagging includes four changes.

When Li Angel performed this ancient martial arts technique of the heavenly book pill scroll, Silly Man'er yelled violently, and his two fists suddenly attacked. Li Tian changed his moves and changed three moves in a row.

Although the stupid man's moves were stiff, they were infinitely powerful, and broke Li Tian's move with the unchanging situation.

After breaking Li Tian's moves, Li Tian not only smiled with satisfaction.

I couldn't help but lining up in my heart: This stupid big guy looks simple and honest, but if once confronted with others, he appears extremely clever, knowing what kind of tricks to use.

After breaking Li Tian's tricks, the big silly arm swept Li Tian's waist like an iron chain.

Of course Li Tian would not be swept away by his arm. He hid himself and retreated.

The stupid iron chain arm swept Li Tian not well, hitting a coffee table in front of him, and with a bang, the huge coffee table swept his arm directly into a waste product.

Li Tian's left hand suddenly raised his **** slightly, his arm pierced through his dantian Qi, accumulated in his palm, and suddenly moved Xuantian's finger, breaking through the air.

Xuantian Zhifa is to condense zhenqi, the stronger the internal strength, the stronger the Zhijin.

At this moment, as soon as he pointed his hand, the strong wind shot at that silly man.

The overbearing **** was really like a bullet shot, and it shot at that silly man very quickly.

Li Tian was afraid of hurting that stupid man, so when he accumulated his energy just now, he deliberately weakened his strength. At this moment, although the speed of breaking through the air is extremely fast, his strength is extremely small.

But what about that stupid man? When he saw Li Tiantang's breaking air fingering, he shouted loudly, and then attacked Li Tian's strong fingers with a palm.

The terrifying palm power directly shook Li Tian's grip.

Chapter 1553: Something happened

After seeing the silly man's shaking his finger, Li Tian smiled with satisfaction.

Secretly in his heart: It seems that the silly man is really tough. Originally, he was worried that he might accidentally hurt this big guy, but now it seems that he has been a little worried.

Then Li Tian's hands suddenly accumulated on his chest, his five fingers clenched tightly.

That silly man's entire huge body slammed into him like a mountain, and two hammer-like fists, one left and the right, pressed towards Li Tian.

When Li Tian waited until the stupid man's body was getting closer and closer to him, his palms suddenly spread out, one hand became the word "heaven", entrained the air and the arm, and the other hand became the word "earth" to guide the whole body's strength and strength. The palm of the hand, the power of the universe, reverses the world.

The immeasurable Maha, the fifth layer is unified!

The power of transforming heaven and earth, all laws are unified.

Suddenly, the vast internal energy rushed towards that stupid man in terror like a river bursting a bank.

No matter the stupid brutal force overwhelming Wanfu, no matter how powerful his body is, but in the face of this mighty and mighty force, that stupid guy really couldn't resist it.

His huge body wanted to step forward, but was forced back by the intrepid energy. The muscles on his face seemed to be trembling, and the two iron fists held in the air couldn't be smashed.

broken!

Angrily shouted.

Suddenly Li Tian's whole body was bursting.

The terrifying sound of energy cracking made the silly man in front of him suddenly unable to withstand the huge energy pump around him, and suddenly his huge body was knocked back by the energy.

With a bang, his two-meter-high body slammed into the cold wall behind.

The hard wall was hit by the silly man, and a gap was directly cracked.

Silly man is defeated!

He is indeed no match for Li Tian in front of him.

Seeing that Silly Man'er was shaken to the ground by his own universe, Li Tian quickly walked over in worry.

"Man'er, are you okay?"

But what about that stupid man? I was shaken to the ground by Li Tian, but his simple face was filled with endless joy, and he smiled and looked at Li Tian in front of him.

"It's okay..."

Then his burly body got up from the ground with a grunt, and then stretched out a big hand to pat his **** and said, "It just hurts a bit..."

Haha!

Li Tian burst into laughter upon hearing Silly Man'er say this.

He stretched out a hand and patted that silly man's shoulder with a smile and said, "You kid..."

Silly Man'er saw Li Tianxiao, and he also laughed.

"Man'er, who did you learn your skills from?" Li Tian asked curiously.

He personally tried the silly man's skill in front of him just now. If the silly boy's skill hadn't been practiced by himself, it would be really difficult to restrain him with his true ability.

Originally this stupid man was extremely powerful, coupled with the martial arts he is now practicing, it is truly invincible.

He only listened to the silly man, and said with a simple smile: "I learned from the four grandpas on the mountain."

Listening to Silly Man's words, Li Tian knew that it must be the four elders of the Ouyang family on Langshan.

Rumors say that the four elders of the Ouyang family are all martial arts. Today, seeing the skill of that stupid man, it really is true.

"Good skill." Li Tian said to the silly man with admiration.

But seeing the silly Man'er shook his head slightly, raised that silly face and looked at Li Tiandao:
"Your skill is good...the world is number one!"

Li Tianyi laughed.

"Do not!"

"You are wrong, my kungfu is not the best in the world...There are many people who are higher than my martial arts, and the reason why I learn these kungfu is because I have hatred, and I want revenge."

When Li Tian said the words hatred, his eyes showed a terrifying murderous intent.

Silly Man'er seemed to feel Li Tian's hatred, and walked over to look at Li Tian slightly, as if comforting.

Li Tian shook his head to throw away those bad emotions, turned his head and smiled at the silly man in front of him.

"Man'er, the fight is over... Now it's time for me to ask you a few things." Li Tiandao.

Silly Man'er nodded, and stared at Li Tian in front of him with his immature eyes.

But seeing Li Tian thought for a while, "Man'er, do you remember your sister?"

"Remember... I miss her!" When Silly Man'er mentioned his sister, his eyes were a little red.

He really wanted Ouyang Shiqing.

"Don't worry, after tomorrow, we can see her." Li Tian said there.

Hearing Li Tian's words, Silly Man's suddenly became happy, and his face was silly with a smile.

"Man'er, let me ask you again, do you know that there is a hollow crypt in the old mansion of your Ouyang family?" Li Tiandao asked.

After hearing Li Tian's question, Silly Man'er was not only taken aback, then shook his head vigorously, indicating that he didn't know.

After seeing Silly Man'er shaking his head, Li Tian was not only depressed.

I couldn't help but secretly lined up: It seems that Man'er really doesn't know about the crypt of the old mansion of the Ouyang family.

Originally, Li Tian wanted to ask about the secret roads in the old mansion of the Ouyang family, but when he saw that the silly man didn't know, he had to give up. It seems that if you want to know why there is one in the old mansion of the Ouyang family The secret room, why are there so many gold bars in that secret room... Then I can only ask the Ouyang family himself.

"Okay, Man'er, what should be asked, I have finished all the questions..." Li Tian said with a smile.

Silly Man'er stood there without speaking.

"You continue to play here... I'll go out and do something first." Li Tiandao.

Hearing Li Tian's words, Silly Man'er nodded slightly there.

What about Li Tian? So he left the room in front of him.

After this room was rioted by two people just now, it looked like a garbage dump. The coffee table and the table were all shattered by the battle between the two just now...Even the hard walls had deep cracks.

After Li Tian walked out, he walked along the corridor towards his room.

When I was approaching my room, I happened to see the smiling Buddha walking hurriedly from the other end of the corridor.

Smiling Buddha also happened to see Lord Vengeance.

At the moment he said: "My son."

The Vengeful Lord returned to his previous demeanor, with a faint gratitude in his mouth.

"My son, Binjiang City heard that something went wrong..." A word came out of the smiling Buddha's mouth.

When the smiling Buddha suddenly said that something went wrong in Binjiang City, the vengeful young man in front of him suddenly felt a bit of a heart, and immediately asked, "Say, what happened?"

The smiling Buddha said there, "I heard from the people over there that there have been several horrible murders in Binjiang City recently... The dead are all people on the road, and they are all from the Ouyang family. They asked for help. People..."

Chapter 1554: Depart from Binjiang City

After the smiling Buddha suddenly said this, the Vengeful Master was stunned.

"what?"

"What you said is the truth?" The Vengeful Master asked coldly.

Smiling Buddha said: "It's the truth."

"It is said that the deceased died in a big hotel in Binjiang City. Two of the corpses were torn alive, and the other one had its head shattered by the palm of the opponent... it was extremely bloody.

"Smiling Buddha said.

When the smiling Buddha suddenly said this, Lord Vengeance suddenly turned cold and ugly.

So cruel?

So bloody? Could it be...

"Yin-Yang Old Demon?" A weird and terrible name was silently murmured in his mouth.

The smiling Buddha stood there without interjecting.

"Is it really that the old demon of Yin and Yang has arrived in Binjiang City?" The Vengeful Master couldn't help but muttered.

The smiling Buddha said: "My son, what should we do now?"

After the Lord Vengeance thought for a while, he suddenly said: "Let the order go on, we will leave for Binjiang City tomorrow morning!"

The smiling Buddha said: "Yes." After that, he quickly retreated.

The Vengeful Prince in front of him was left standing alone in this empty corridor, with cold eyes thinking about his thoughts.

He knew very well in his heart that if there was someone who was extremely cruel in the world, that person would be a yin and yang old demon.

That terrible monster didn't blink at killing people, and it was cruel and inhumane. The people who died in his hands were basically without bones, not whole bodies!

Now I heard the smiling Buddha talk about the dead bodies in Binjiang City, so bloody...When I thought about it, Lord Vengeance thought of the terrible Yin and Yang man.

In this way, the old demon of Yin and Yang has really reached Binjiang City.

Hatred, the hatred gathered in his heart immediately filled his whole body.

the next day!

Early in the morning, Lord Vengeance was ready to set off.

Na Jiang's boss and his surname Zhai, Yun Canghe and that silly man all arrived.

All standing on the corridor outside are the Axe Gang and the men surnamed Zhai. At a glance, there are not as many as dozens of people. Besides, most of the Axe Gang members are still with the rudder and have not arrived. .

Such a battle is indeed not small.

Even Su Rongrong arrived.

For the first time, she saw the real face of Lord Vengeance in full view.

My God, it was an extremely old face, wrinkles on the face, dull and yellow.

When she first saw the face of Lord Vengeance, Su Rongrong almost screamed. She couldn't believe her eyes, because she had never thought that Lord Vengeance would be an old man... How could he be an old man?

How could an old man's back be so straight and his voice so young?

This made Su Rongrong very puzzled, but in fact, the face of Lord Vengeance was indeed very old, with a lot of wrinkles.

Su Rongrong was dumbfounded and stared straight at the Vengeful Young Master.

Prince Vengeance didn't care about her surprised eyes. Her sharp eyes looked at everyone at first, and then said slightly: "Laughing Buddha, you pick someone who can use it and follow me to Binjiang City first... The rest then arrived in Binjiang City one after another."

After Mr. Vengeance said so, Smiling Buddha quickly nodded in agreement.

Of course he understood the meaning of Lord Vengeance.

To know that so many people rushed to Binjiang City together is indeed a bit wrong... So Lord Vengeance is planning to lead a group of good players to Binjiang City by plane first, and the rest of the population will arrive by train one after another.

After the smiling Buddha nodded and agreed, he finally quickly jumped out 15 people with slightly better skills in the hands of the axe helper and the surnamed Zhai with Boss Jiang.

In addition to these 15 good players, there are also the boss of Jiang, the smiling Buddha, Yun Canghe, the silly man, and Su Rongrong with the vengeful son. As for the surname Zhai, he was arranged by the vengeful son to stay.

After picking up the manpower, Lord Vengeance urged the remaining people to arrive in Binjiang City in the next 23 days. The group of them was led by the surname Zhai.

After finishing the instructions, the surnamed Zhai nodded quickly.

So Lord Vengeance set off with his group.

A few arrogant Land Rover cars have already been prepared outside the Hilton Hotel, parked there in a row.

Prince Vengeance took his men and got into the car in front of him.

"Drive, to the airport."

With an order from Prince Vengeance, the convoy drove swiftly towards the airport in Jinghai City.

After the 56 off-road Land Rover vehicles started, they drove aggressively towards the airport in Jinghai City.

In the middle of the car, sitting in the vengeful son, there are also silly man's and Yun Canghe... and the girl Su Rongrong.

Su Rongrong was originally going to sit in another car, but because there were too many people in that car, she couldn't help it, so she got into the car of Lord Vengeance.

After she sat in, she kept her head down, her pretty face seemed to dare not look at the "old" revenge boy in front of her... Don't know if it was because of fear? Or because of other reasons.

Along the way, that silly man's bull's eyes stared out of the car window, wondering what he was looking at, but Yun Canghe? He closed his eyes slightly to rest, and only the Vengeful Prince was sitting there quietly.

In front of him was Su Rongrong, who kept her head down and didn't dare to look directly at her.

"Your name is Su Rongrong, right?" A word suddenly broke the silence in the car.

The Lord Vengeance asked Su Rongrong who was looking in front of him with a smile.

For so many days, Lord Vengeance has never paid too much attention to the girl in front of him. Now he is looking at her for the first time, but seeing that she is indeed very beautiful, her figure and face are extremely beautiful, the best among beauties.

After the Lord Vengeance asked slightly, Su Rongrong slowly raised her face and nodded there, then slowly raised her beautiful eyes and glanced at the Lord Vengeance...the eyes were timid, as if scared.

"Are you afraid of me?" The Vengeful Master suddenly asked again.

Su Rongrong heard this from Master Vengeance, she was taken aback, nodded there, and then shook her head...

"You both shook your head and nodded, what do you mean?" Prince Vengeance asked with a smile.

Su Rongrong thought for a while, and slightly raised her beautiful eyes to look at Lord Vengeance: "I...I...I'm a little scared..."

When Prince Vengeance heard her say this, he smiled slightly: "You don't have to be afraid of me... I don't know how to eat people..."

Su Rongrong nodded silently when she heard the words of Lord Vengeance.

Chapter 1555: At the beginning of the chaos

"My son, can I ask you something?" Su Rongrong suddenly said in a low voice.

The beautiful pretty face was slightly reddish... After saying this, he hurried down, his voice was even as small as an ant.

Although the voice was very small, it was still heard by the vengeful son with excellent ears.

The Lord Vengeance slowly turned the wrinkled old face, then looked at Su Rongrong and said, "Ask..."

"I... I think... I want to ask... Young Master... Are you... really such a youngest?" She asked timidly, her voice being so small that she couldn't even hear her.

After this sentence was asked in a voice that was as thin as a mosquito stare, Lord Vengeance was taken aback.

Then he laughed suddenly.

This smile made Su Rongrong feel a little inexplicable, not knowing what happened.

Let's say that after the Lord Vengeance laughed, he said, "What do you think?"

Then Su Rongrong thought for a while, and then said in a low voice, "I...I... think, son, you don't seem to be this old..."

Hearing Su Rongrong say this, Lord Vengeance said: "Why do you feel this way?"

"I... I don't actually know... It just feels like you are very young, son." Su Rongrong said.

Prince Vengeance said: "Your feeling deceived you... You know how old I should be by looking at my old face... Hey, I want to be young... It's a pity."

The Lord Vengeance smiled while talking.

Su Rongrong not only lowered her head deeply after hearing the words of Lord Vengeance, she didn't say too much.

In fact, she really didn't believe that the revenge boy in front of her was so old... She even couldn't believe her eyes! But the reality is like this. The Vengeful boy sitting in front of her is indeed an old face in her 60s, and her face is full of wrinkles. Even if she is suspicious, she must accept the reality in front of her.

Prince Vengeance glanced at the girl in front of him, smiled slightly, and said to himself: This girl is so funny... he almost recognized the mask he was wearing? Hey... I don't know how I am. If I meet my brothers or their beloved ones, will they recognize themselves?

The Vengeful Master thought just like that.

The car drove all the way and quickly arrived at the airport in Jinghai City.

They didn't talk too much along the way. The silly man basically didn't say a word except staring stupidly outside, but what about Yun Canghe? He closed his eyes and slept all the way.

As the car arrived, Yun Canghe finally woke up, rubbing his sleepy eyes and muttering, "Is it here?"

Lord Vengeance said: "At the airport..."

"Oh, so fast," said Yun Canghe, rubbing his beard-and-bearded old face with his thin hands, and then got out of the car.

Silly Man'er also followed.

After Prince Vengeance got out of the car, the smiling Buddha, Boss Jiang, and the dozen or so brothers who had brought him were all waiting outside.

"The son." The smiling Buddha called out when he saw the revenge son.

Lord Vengeance said: "You go to prepare a ticket..."

The smiling Buddha said slightly, "Okay."

Then the Smiling Buddha quickly arrived at the ticketing place over there to buy a ticket, and Lord Vengeance walked directly to the terminal with these people in front of him.

As the smiling Buddha bought and checked the tickets, Lord Revenge and everyone else passed the security checkpoint smoothly.

The plane they were on departed in half an hour and went straight to Binjiang City. If they flew from Jinghai City to Binjiang City, it should take no more than 3 hours, and the speed was quite fast.

After waiting for half an hour in the terminal, they boarded the plane.

The Vengeful Prince sitting on the plane looked into the distant sky with a pair of eyes, and murmured: "Binjiang City, I'm here..."

Binjiang City!

Although the city hides its dragons and crouching tigers at the moment, it hasn't done much so far.

That Duguxie and Ouyang Zhengtian still stayed inside the Haocheng Hotel as always.

Although they also sent people to search for the traces of the old Yin and Yang demon in secret, they could no longer do the same as before...Because one of them was inattentive, and the old Yin and Yang demon would kill them cruelly! The day before yesterday, the death of Zhang Biao was enough to explain everything!

As long as some of them showed up, they would definitely die tragically in the hands of the old yin and yang demon.

Now they are not only sending people to search for the traces of the old yin and yang demon, but also figuring out how to deal with the yin and yang demon.

And the demon of Yin and Yang and the terrifying Long Yin, after the ***** slaughter two days ago, the old demon of Yin and Yang did not make any more movements in these two days.

Not to mention the ***** gate, as long as the two of them don't do anything, the cunning ***** gate man will not act rashly!

They are the most treacherous people, the ones who know the best timing.

Apart from these three parties in Binjiang City, are there other people?

Have!

There is also the Ecstasy and Situ Ningbing hidden in Binjiang City.

The two brothers and sisters have not shown up since Jinghai City and their father arrived in Binjiang City.

The two siblings each have their own thoughts.

For the ecstasy, he just wanted to help his sister get revenge, and he wanted to spy on his old father Situ Xiong, whom he had not seen for many years.

As for Situ Ningbing, she now only wants to avenge her lover Li Tian.

So many days...Li Tian is "dead", almost a month later, Situ Ningbing will wash her face with tears every night, crying silently there, she can't forget, can't forget Li Tian, think of Li Tian Her tragic death caused her heartache, as if a fire was burning her. Then she will hate, hate those people who have harmed Li Tian! She can't wait to let all those people pay their lives, all of them die...

Ecstasy knows that his sister is crying and painful every night, but he can't do anything. He knows the pain of losing a beloved person and the piercing pain, because he has also lost his favorite. People... he understands the pain!

The only thing he can do is to guard Situ Ningbing's side, and then guard her quietly.

"The storm is coming soon... the entire Binjiang City will be in chaos!" A word came out from the mouth of the ecstasy.

He looked at the gloomy sky outside the window, and saw that the sky over Binjiang City was densely covered with haze.

After he said these words, Situ Ningbing walked over slowly. ,

Her delicate and beautiful face is obviously thinner in so many days... and paler...

Those beautiful eyes, which were as beautiful as autumn water, were also slightly ruddy, with traces of blood inside.

After coming over, stand side by side with the ecstasy.

Chapter 1556: Blood book

Binjiang City, Haocheng Hotel!

Because of the previous attack by the old Yin and Yang demon, the current Duguxie and Ouyang Zhengtian were even more careful and cautious.

Many members were also guarded in the lobby of the hotel.

At a glance, there are not as many as a dozen people.

The dozens of people were guarded on both sides of the Haocheng Hotel, with someone on the left and right guarding them.

The guards are still under the king tiger.

At noon, the guard was slightly sleepy, but still guarding the gate with spirit.

The sun hung high in the sky, scorching the ground with scorching heat.

Suddenly at this moment, something as fast as the speed of light shot towards the lobby of the Haocheng Hotel.

The thing was extremely fast, and as the shot came, all the guards in front of Ren Na hadn't fully reacted to it. They only heard a bang, and the thing shot straight on a cold and hard pillar of the Haocheng Hotel.

Seeing that something inexplicable was attacking them, dozens of guards in this hall were suddenly shocked.

Then they raised a pair of eyes and looked around in fear.

"Who?"

They screamed in surprise.

It's a pity that when they shouted out, the assailant had already disappeared.

They couldn't help but breathe a sigh of relief when they saw that the assailant had gone away, and then looked back at the thing that had just shot in.

After a closer look, I saw a sharp and cold head inserted into the pillar, and the head was not in front of the hard pillar, and the entire sword ***** was inserted in it.

When I saw this weird head, I saw a white note tied at one end of the head.

When I saw a white note sticking out of this song, the dozen guard members in front of me were not only stunned, then you look at me there, I look at you...

"What is it?" one of them asked with eyes wide open.

"do not know....."

"Take it over and take a look." A bold guy said there.

As he said this, the guys around him also boldly said at this time: "Okay, take it over and take a look."

As they were talking, they began to reach out for the head that was inserted into the pillar, and took a lot of effort to pull out the head. After pulling it out, they carefully opened the head that was stuck on the head. White note.

After one of them took the white note, everyone's eyes were not only focused on the white note at this time, but they looked surprised and cautious.

"open to take a look....."

"Yes, open it and see what it is." Several people booed there.

As they said this, one of the guys with the note in his hand slowly reached out and opened the white note. As his fingers slowly opened the note in front of him, he saw blood red. The words horribly written on that white piece of white paper.

blood!

Gosh!

The white note was actually written in blood.

After seeing the words written in blood on this piece of white paper, the dozen guys in front of them were stunned... all of them couldn't help but step back! ! !

I saw a few big blood-red characters written on the white paper, and those guys looked at the terrifying and ***** words one by one, completely stunned.

On the 8th floor of the Haocheng Hotel, the brothers were discussing things with Duguxie in the room.

They already knew about the old Yin and Yang demon lurking in Binjiang City, so they had to find a way to find the old Yin and Yang demon.

When the brothers were discussing this matter, they suddenly heard a noisy noise from the corridor outside.

After hearing the noise outside, the brothers inside immediately stood up.

"What's wrong outside?"

"do not know....."

"It seems that something happened." Xue Wuhen said on the side.

"Go, go out and have a look." Duguxie spit out a word coldly, and then took the lead and walked towards the outside in strides.

After he walked out with his brothers in strides, he saw Ouyang Zhengtian, the thunderbolt Xu Fan, and the Situ family all standing on the corridor with ugly expressions.

After seeing this situation, the brothers immediately guessed something bad had happened.

He quickly walked over, and immediately asked, "What's wrong?"

"What happened?" Du Guxie walked over and looked at Ouyang Zhengtian and the humanity of the Situ family.

But seeing that when Ouyang Zhengtian saw Duguxie and the brothers coming out, he not only slowly handed something from his hand, it was a folded white paper, and there was a quilt knife in the middle of the white paper. Piercing marks.

Duguxie was stunned, wondering why Ouyang Zhengtian handed himself a blank piece of paper.

The brothers all looked at that Ouyang Zhengtian in wonder.

Just when Duguxie and the brothers expressed their doubts, Ouyang Zhengtian suddenly said, "In the lobby downstairs...someone shot this thing in with a hidden weapon."

As Ouyang Zhengtian said so, the brothers in front of him and Duguxie not only frowned.

"Someone broke in?" Du Guxie asked coldly now.

Ouyang Zhengtian nodded silently.

"Who is it?" Du Guxie asked again.

Ouyang Zhengtian said: "People are coming too fast, our people didn't see it clearly... The only thing we saw was that the other party left this thing."

Following Ouyang Zhengtian's words, Duguxie's cold eyes suddenly placed on the white paper he was holding. At this time, brothers, everyone's eyes turned around. Consider the note in front of you.

"What's on this white paper?" Du Guxie asked.

Ouyang Zhengtian said: "Just look at it and you will know..."

So Duguxie stretched out his hand and slowly opened the note in front of him. As he opened the note in front of him with his fingers little by little, he saw blood red words appearing in his eyes. Among,

Those are a few words written in terrifying human blood.

When the brothers saw the **** fonts, they couldn't help but chuckle in their hearts, and then raised their eyes and looked at the scarlet fonts carefully.

A total of 13 words on the white paper read: Duguxie, want to avenge blood, fight at the Great Bell Temple on the outskirts of the city tomorrow morning! ,

When they saw the blood-red font in front of them, the brothers were stunned for an instant.

And what about Duguxie? The whole person stood there with murderous aura...

The endless aura of indifference poured out from his body, and his eyes were burning with fiery hatred...that hatred was like burning his body to the full.

Chapter 1557: Go to the appointment, World War I

At this moment, everyone was looking at the murderous Duguxie.

Even the brothers couldn't help but raised their surprised eyes and looked at Duguxie unblinkingly.

"If you want to take revenge, see you tomorrow morning at Dazhong Temple in the suburbs!!!"

The **** words still lingered in everyone's heart.

No one knows who sent this "blood book"? I don't even know what kind of person is going to fight Duguxie at Dazhong Temple in the suburbs! ! !

Looking at the "blood book" in front of him, Duguxie was motionless.

In the astonishment of everyone, I saw Duguxie suddenly turned around indifferently, and then turned and walked towards his room with the "blood book" in his hand.

"Second brother!"

"Senior Dugu..."

The ghost servants and brothers in the back not only shouted, then they hurriedly followed.

And here, Ouyang Zhengtian, the Situ family, and the Wanghuo group, stood here like fools.

Who on earth sent the blood book? Why do you have to invite Duguxie to fight alone? No one knows at the moment.

Ouyang Zhengtian, the Situ family and the others all silently looked at the distant Duguxie, and sighed deeply...no one said too much.

However, he said that after the Duguxie in front of him returned to the room alone with the "blood book", he stayed in the room indifferently. The bronze sword placed aside in the room seemed to feel the master's body three times. The hostility that came out... At this moment, the sword intent also filled the whole room instantly.

Indifferent people, terrifying blood...

At this moment, I saw my brothers all walking in.

"Second brother."

"Senior Dugu." The ghost servant and the brothers followed one after another.

After everyone walked in, they were all looking at the Duguxie in front of them.

Duguxie stood indifferently without saying a word.

"Second brother, what are you going to do?" Suddenly a word came out of the ghost servant's mouth.

After the ghost servant asked, Du Guxie coldly spit out a word: "War!"

Then three words were added: "Revenge!"

After Duguxie said so, the ghost servant in front of him frowned: "Second brother, this matter is a bit wrong..."

"First of all, we don't know who sent the blood book...Secondly, if the other party designs to frame us, it will be even more troublesome." The ghost servant analyzed there.

Just listen to Duguxie suddenly said coldly: "It must be the old demon of Yin and Yang."

Old Demon of Yin and Yang?

Could it be that the old yin and yang monster sent the blood book?

After hearing what Duguxie said, the brothers stood there in horror.

"Second brother, why are you so sure that you are the devil?" the ghost servant asked.

Duguxie said: "Only Old Demon Yin and Yang knows the hatred between him and me... so it must be him."

Yes, Duguxie does have a **** feud with that old yin and yang demon. If it weren't for the old yin and yang demon, "Li Tian" would not die miserably!

Since the death of "Li Tian", Duguxie has never smiled again. The hatred in his heart is like a cold knife cutting his heart all the time, making him remember all the time, he wants Revenge, he wants to avenge blood for "Li Tian".

Now finally comes the chance!

That old yin and yang demon finally appeared, how could Duguxie shrink back?

After hearing Duguxie say this, the brothers did not speak, they were all silent there.

"Second brother, since it is the devil, I will go with you tomorrow morning to avenge the young master." The ghost servant said immediately.

"Let's go too! Revenge for Brother Tian." Tang Xiaolong, Xue Wuhen and others over there suddenly said in unison.

They all hate, hate that **** demon.

Because if it were not for the demon, Li Tian would not die.

"No, you can't go." Suddenly Duguxie said there.

When the brothers heard that Duguxie would not let them go, they said, "Why?"

"Second brother, why don't you let me go?" Ghost servant couldn't help asking in amazement.

But listening to the Duguxie in front of him said: "If you all go, the demon will definitely notice it...If he doesn't show up by then, then there will be no chance again."

"But, second brother, how can we watch you alone to deal with the demon?" Gui servant said immediately.

Yes, the ghost servants and the brothers in front of them all understand the power of the yin and yang old demon! !

Although Duguxie's evil sword dominates the world, can it resist the terrifying old demon? This thing is really hard to say!

Unless, Duguxie used his supreme "Ba Sword Art", but even if Duguxie used his invincible "Ba Sword Art", at that time, he would be crazy... and the six relatives would definitely deny it.

The crazy "Duguxie" is quite terrible!

"Yes, Senior Dugu, let's go with you to deal with the demon...In this case, our chances of winning can be a little more!" Tang Xiaolong over there said.

But what about Duguxie?

But it coldly glanced at everyone in front of him.

"I said, you can't go!"

Listening to Duguxie saying this coldly, all the brothers were stunned. Looking at his terrifying face, it was true that no one dared to speak too much, even the ghost servants.

"I Duguxie never feared anyone in my life... What about the old demon of Yin and Yang?"

"Besides, do you think my Duguxie is really a despicable villain? Since the Demon of Yin and Yang invited me to fight with him alone, then I will fight with him."

the man!

This is the man who truly stands upright.

But a man of steel like Duguxie is a bit silly...

However, this kind of man is indeed the most ***** and loyal in the world! Otherwise, he would not become one of the best brothers of the Cthulhu.

After hearing Duguxie say this, everyone in front of him, including the ghost servant, was silent.

They all know Duguxie's temper, and know that no matter how they dissuade them, it will no longer help!

In the end, the helpless brothers could only sit in the room in silence one by one with their heads sullen.

Only Duguxie walked slowly to the bronze sword over there... His eyes stared blankly at the bronze sword that had been with him for decades.

Sword length: Three feet and nine inches!

A green dragon in the hilt of the sword snaked and clung to the body of the sword.

Picking up the sword, with a sound, the hilt of the sword came out of its sheath, the cold light shone in the entire room, and then the endless sword energy filled the entire room.

The ghost servant looked at the second brother with his broken arm, and at that moment, his eyes were slightly red...

It is said that men have tears and do not flick them lightly. No one knows why the ghost servants at this moment shed their precious tears.

Chapter 1558: he has gone

"Will Duguxie really go to the appointment?" In another room of the Haocheng Hotel, Situ Xiong frowned and asked.

Standing beside him was Elder Deng holding a knife.

When Deng Lao heard Situ Xiong say this, he frowned slightly and said, "This old man is really not clear..."

"But looking at Duguxie's appearance, he seems to be really ready to fight!" Old Deng said with a knife.

Situ Xiong suddenly said: "Stupid!"

"If he is really going to challenge, it would be really stupid..."

"This is clearly a trap, it must be the trap of the yin and yang demon.": Situ Xiong said.

Old Deng holding a knife said: "Why does the master say that?"

"Think about it... Now that so many of us gather here, the old Yin and Yang demon must not dare to show up... Even if he has great abilities, it is impossible to resist so many of us!"

"Now, his only way is to defeat them individually... Now that he is urging that Duguxie to fight him, he must want to kill the Duguxie with the highest martial arts among us alone... In that case, our combat effectiveness will definitely be Seriously weakened...At that time, the demon will definitely attack us aggressively." Situ Xiong said in that analysis.

Listening to Situ Xiong's analysis, it seemed quite reasonable.

But is the blood book really sent by the yin and yang demon? Or is it really a trap set by the yin and yang demon? No one is very clear about this so far.

Deng Lao thought for a moment and said, "The master said it was right!"

"Regardless of whether it is the trap of the yin and yang old demon this time, that Duguxie had better not go alone..." Old Deng said.

Situ Xiong slowly leaned against the sofa behind him and said, "I hope he can't go..."

Since the blood book was delivered, the entire Haocheng Hotel Alliance staff were in panic at this moment.

They don't know the origin of the blood book, let alone what happened to the appointment this time. Now everyone's eyes can be said to be concentrated on that Duguxie, and they don't know if he will really be alone. Go to an appointment to fight.

"Ghost, did you persuade your second brother? This time to go to the appointment must be a trap... If your second brother really wants to go, then we will accompany him. Once the yin and yang old demon appears, we will work together Kill that nasty monster." Ouyang Zhengtian stood at the door of the ghost servant and said.

Now almost everyone in the alliance is hoping that Duguxie will not go to the appointment alone!

Because they all think that this appointment must be a despicable trap set by the yin and yang demon! !

Now even Ouyang Zhengtian couldn't help coming over to persuade him.

Besides, after Ouyang Zhengtian finished speaking, the ghost servant in front of him suddenly smiled bitterly.

Then slowly raised the grimace mask, looked at Ouyang Zhengtian in front of him and shook his head.

After he shook his head, Ouyang Zhengtian suddenly shook his heart.

"It's useless....."

"My second brother's temper, no one in the world knows better than me except me... As long as my second brother decides things, even if the front is a sea of swords and flames, he will go for it." The ghost servant said slightly. Say.

When the ghost servant said that, Ouyang Zhengtian said quickly: "But, this is obviously a trap! This must be a pit set by the demon."

The ghost servant said: "Patriarch Ouyang, don't say anything, even if it's a trap, I tell you, my second brother will go."

"No way, my second brother was born this kind of person."

"When my eldest brother was alive, he once said that no one in the world can dissuade him from getting the second brother." Ghost servant said.

After listening to the ghost servant say this, Ouyang Zhengtian was finally speechless.

He sighed helplessly.

"Hey... Since he really is going to fight for an appointment, I can't help it."

After speaking, Ouyang Zhengtian left the place in front of him sadly.

From the current point of view, it is necessary for Duguxie to decide to go to the first battle.

The Duguxie in the room stayed quietly. He first wiped his bronze sword slightly with a clean white rag, and then sat in the room alone, silent and silent. , No one knows what he is thinking in his heart...

Maybe he is waiting for the battle tomorrow morning.

Time passed by every minute.

Brothers, everyone is thinking about their own thoughts.

Tomorrow morning's appointment war, no one knows what the outcome will happen, only unknown suspense is waiting!

Finally, a long night passed!

This night, some people stayed up all night, and some people stayed stupidly all night. What they were worried about was nothing more than Duguxie's appointment.

As soon as it was lighted the next day, the ghost servant in front of him had already left his room and quickly walked towards Duguxie's room.

After arriving at the door, he quickly knocked on the door in front of him.

"Second brother..." he called out.

However, what was unexpected was that there was no sound from Duguxie's room.

The ghost servant was startled, and then shouted: "Second brother."

What's inside? There is still no sound.

Feeling that the room seemed to be empty and there was no one in the room, the ghost servant shook his heart, then he opened the door in front of him with a palm, and with a click, the locked door was directly shaken by the ghost servant's palm. .

After he stepped into the door in front of him, he saw that Duguxie's room was empty. How about people? It turned out to be gone! ! !

"Second brother is gone..."

"Has he already gone?" The ghost servant was completely stunned.

Just when the ghost servant was in a daze, there was Tang Xiaolong and his brothers walking in there quickly. It turned out that the brothers didn't sleep well this night. They just got out of bed when it was dark. I got up, just heard the movement here, so they all stood and ran out.

"Master, what's the matter?" Tang Xiaolong, who ran in, asked first.

Na Xue Wuhen and Chen Qiaozhi also followed closely.

"Brother Ghost, what's the matter? What about Senior Dugu? What about others..."

After all the brothers ran in, they quickly asked.

But there was still the figure of Duguxie in the empty room.

His sword, his people, have long since disappeared.

"Second brother has gone." A sad word suddenly came out of the ghost servant's mouth.

After the ghost servant suddenly said this, the brothers in front of him were all shocked!

what?

"Senior Dugu has gone to the appointment?"

"He... he... left so early?" The brothers stayed silently in the empty room.

Xue Wuhen over there suddenly said, "Big Brother Ghost, what should we do now?"

"Are we going to watch Senior Dugu just face the danger like this?"

Chapter 1559: Lingshan, Big Bell Temple

"Yeah, Master, we can't just wait like this... We are going to help Senior Dugu." Tang Xiaolong over there also said anxiously.

Although the ghost servant heard the brothers say there, his eyes were hesitant.

He doesn't know if he should go...

On the one hand, he had promised his second brother not to help, but on the other hand, he was worried about his second brother's life and death.

One side is righteousness and the other side is love, how should the ghost servant choose?

After the brothers finally persuaded you and I, the ghost servant finally made a decision.

"it is good!"

"Let's help the second brother! For the second brother's safety, even if the second brother will hate me forever...I don't care." The ghost servant said with fierce eyes.

In the end, the ghost servant chose a deeper "love!" between "love" and "righteousness". He decided to take his brothers to help that Duguxie.

After the ghost servant said so, the brothers shouted hello together!

Then he hurried back to the room to prepare something, and then hurried to the Haocheng Hotel!

They are going to help Du Guxie who has gone to the appointment alone!

I just don't know, can they make it in time?

The sky is still dark!

In the distant sky, the sun can be seen rising above the ground.

I saw a taxi on the outskirts of Binjiang City, fast moving in the direction of the Great Bell Temple.

In Binjiang City, the Big Bell Temple is a temple with ancient history.

Originally, the incense of this temple was extremely strong, but because of a minor earthquake in Binjiang City a few years ago, the ancient temple began to tilt and collapse, and even the stone pillars collapsed a lot.

The Great Bell Temple, previously known as one of the top ten ancient temples in China, is now in danger of being demolished.

Nowadays, due to various dangerous constructions in the Great Bell Temple, few people have come to the temple so far.

But now on the lonely suburban road, there is a taxi driving fast there, the direction of which is the Great Bell Temple.

I saw a middle-aged man in his 30s who was driving in the car.

The middle-aged driver's face was blue, and he was not very happy, but even if he was not happy, he did not dare to look back at the passengers behind him too much.

It turned out that the driver early in the morning met the weird passenger behind, and the first sentence after the weird passenger got on the bus was to get here: Dazhong Temple.

The driver originally had a night shift, and now it's almost time to take over the shift. After being tired all night, he really doesn't want to take this long journey again, but what about that weird passenger? Without saying anything, he got directly into the car.

The driver then let the weird passenger get out of the car and said that he was about to get off work. Unfortunately, as soon as the words were spoken, a cold sword suddenly reached his back, and then he heard an extremely cold voice: Stop talking nonsense, talk nonsense again, I will kill you.

The indifferent words are definitely not like a joke.

The middle-aged driver has seen many people in the world, but for the first time he has seen this strange and terrifying passenger like today.

Although the middle-aged driver has not practiced, he can still feel the horrible aura of the weird passenger behind him. It is an extremely terrifying dark atmosphere... even people who have not practiced can feel it. So he was afraid, he didn't dare to say a word along the way, and could only drive his car silently.

Who is the weird passenger behind?

Of course he left the Haocheng Hotel early in the morning: Xie Jian, Duguxie.

Duguxie, who was sitting quietly in the taxi, looked at the scenery passing by outside the lathe with indifference like torchlight.

The bronze sword was held tightly on his only left hand.

He is ready to go to the appointment and fight alone.

There is still some distance from the Haocheng Hotel to the Great Bell Temple on the outskirts of the city. Even if it is a fast car, it will take more than an hour. Moreover, the Great Bell Temple on the outskirts of the city is originally located in the most remote place on the outskirts of the city. , So coming here by car will take time even more.

Fortunately, that Duguxie came earlier.

At this moment, they have been driving for about 40 minutes, and the taxi has completely entered the suburban area at this time.

"How long will it be?" An indifferent sentence suddenly came out of Duguxie's mouth behind.

After he said these words, the driver who was driving in front swallowed deeply, and then said slightly: "It's still... there are... about ten minutes away."

After Duguxie heard him say this, he stopped speaking.

Of course, the driver didn't dare to talk too much, so he could only continue to drive the car quietly, and quickly headed towards the Great Bell Temple in the suburbs.

Finally, after the car passed the previous residential areas, he could see the ancient temple from a distance.

The temple is halfway up the mountain on the outskirts of the city. That mountain is called Lingshan and its elevation is not high.

And the Great Bell Temple is in the middle of Lingshan.

If you climb up the stairs from below, it should take no more than fifteen minutes.

If a peerless master like Duguxie goes to it, it must be faster, I am afraid that even five minutes will not be used.

When the middle-aged driver finally drove to the foot of Lingshan Mountain, he whispered, "Here..."

Duguxie coldly glanced at the Lingshan mountain in front, and the Great Bell Temple on the side of the Lingshan mountain. He reached out from his pocket and took out a hundred-yuan bill and threw it to the driver. Then he said nothing, opened the door, holding the bronze in his hand. The sword went down.

The driver took the money and drove off as soon as the car fell.

As the car drove back quickly, the driver yelled in the car: "Your mother, I met such a strange thing early in the morning... Real Nima was disappointed."

Duguxie did not pay attention to the fast-driving car anymore, and at the moment just raised those cold eyes and looked at the Great Bell Temple above the middle of the mountain!

A stone staircase was built on the Lingshan Mountain to reach the Great Bell Temple. It should be very convenient to go up from here.

After Duguxie took a look, he slid his body, and swiftly swept toward the stone stairs like a big Peng spreading its wings.

The body is truly elegant, and if anyone sees such a fast figure at this moment, they will think it is an idler.

But he said that Duguxie's body is very fast, and the two ups and downs are getting closer and closer to the Great Bell Temple in the middle of the mountain.

Such a journey would take less than half an hour if the average person walked, but it only took 23 minutes at the feet of Duguxie.

I saw his body finally landed in front of the temple of the Great Bell Temple after one ups and downs.

He is here!

He finally arrived at the Great Bell Temple where he was present for the appointment.

Chapter 1560: War is coming

In front of the door of the ancient temple, a few seal characters appeared mottled on it: Dazhong Temple!

The three-character dragon and phoenix dance are extremely powerful.

However, the incomplete surrounding walls made this ancient temple lose its due temperament.

After Duguxie glanced indifferently at the gate of the ancient temple, he strode into the ancient temple in front of him.

After he entered, I saw the entire Great Bell Temple was extremely desolate, the courtyard was empty, and only on the left was a huge incense burner!

There are a lot of ashes of "paper money", there are also traces of firecrackers, fireworks and so on. These things should be left by people who went to the temple a long time ago.

In the middle is the center of the Great Bell Temple.

When I walked in, I saw three Rakshasa with angry eyes standing on the left and right sides of the Ksitigarbha Bodhisattva in the middle. The three big stone elephants are about three meters high, one holding a double mace, the other holding a thunder hammer, and the last holding it. The big shield's Kui Yao, his eyes widened, so majestic!

This Great Bell Temple believes in ghosts and gods!

Therefore, what is enshrined in the temple is the Jizo King Bodhisattva of the nine gods.

The Ksitigarbha Bodhisattva was gilded with gilded lacquer, glaring and cold-eyed. Only the large hand held the Nine Dragon Bodhi stick, and the other hand held the relic beads.

On the left and right sides of the Ksitigarbha Bodhisattva, there are a few proverbs written in vermilion lacquer. The left side says: Hell is not empty, and you will not become a Buddha! On the right, it says: When all beings are saved, Bodhi is justified!

There are a few domineering words in the middle: I don't go to hell, who goes to hell!

It turns out that the Ksitigarbha Bodhisattva is the worst bodhisattva in **** among the eight Buddhist Bodhisattvas, so he once said the above two proverbs.

Having said that, he said that after the Duguxie in front of him entered the middle temple of the Great Bell Temple, he coldly glanced at the Bodhisattva and Rakshasa in front of him, and then cautiously stared around.

Among the empty temples, the dilapidated houses were covered with broken spider webs, and the surrounding windows were even more tattered. The cold wind blew them and made a slight noise.

Standing in the Great Bell Temple with one sword and one man, Duguxie suddenly let out a cold cry: "I'm here!"

"Old Yin and Yang Demon, come out!"

With his loud shout, the sound of thunderous heaven and earth shook the whole Lingshan.

After Duguxie uttered, the entire Great Bell Temple once again returned to deathly silence, only the few Raksha Buddha statues staring at him angrily.

Suddenly in this dead silence, a weird laughter suddenly came from behind the King Kong Rakshasa.

The laughter is harsh and powerful!

A guy who can possess such a sly smile and strong power must be an extremely master character.

As the laughter came out, then a voice came.

"Duguxie deserves to be Duguxie! He really deserves to be the brother of the Cthulhu, so he dared to come to the appointment in person."

The voice came out, but no one appeared.

When Duguxie heard the other party's voice, she was startled inwardly: Why doesn't this voice resemble that of the old yin and yang demon? It's like... his?

Do not! impossible!

He is dead! He has been buried with the young master in the sea of fire of the Ouyang family, how could he still be alive?

Although Duguxie's heart was uncertain, he was still calm and composed, holding the bronze sword in his hand tightly, and shouted at the King Kong Raksha in front of him, "Devil, don't want to pretend to be a ghost here..."

"If you want to fight me, get out."

As the Duguxie roared again, it was a pity that the other party still refused to show up, just grinning gloomily.

Seeing that the other party refused to show up, Duguxie became angry.

"I don't think you can come out."

With a roar, the bronze sword in Duguxie's hand suddenly slashed, and the terrifying sword shadow directly slashed towards the large Rakshasa stone elephant in front.

This sword is so powerful that it cannot be countered by manpower.

The suffocating sword aura engulfed the entire Great Bell Temple, and then I saw a sword light several meters long slashing towards the big stone elephant of King Kong Raksha!

Hands up, sword falls!

With a terrifying cut, Mi suddenly slashed towards the big stone elephant with a thousand energy!

Hearing a loud bang, the three-meter-high Vajra Rakshasa stone statue was slashed directly by the terrifying power of the Duguxie.

As the big stone elephant that was split fell to the ground with a bang, all the dust and ashes around it flew up.

Just as the dust was flying, a figure suddenly soared up from behind the stone statue of King Kong Raksha, and then landed on the arm of another Rakshasa.

And on the ground?

With a sword in his hand, Duguxie stood in the middle with an aura.

The sword is hissing long...

"What a powerful sword!"

"What a terrible sword spirit!"

"Duguxie, who has been hailed as the world's number one sword for more than 20 years, really didn't blow it." I saw the strange figure standing on another Rakshasa suddenly praised there.

Who is he?

At this moment, Duguxie slowly turned his indifferent face with endless hatred, and coldly looked at the figure standing on the huge Raksha over three meters high.

But who is that person?

Looking closely, I saw the figure standing on top of the tall Rakshasa, wearing a gray-white dress with a weird silver mask on his face, covering half of his face, and the other half with a smile. Looking at the Duguxie in front of him, standing there with his hands on his back.

When Duguxie saw his figure and the other half of his face that was not covered by the silver mask, he was completely stunned.

"you....."

"Are you Long Yin?"

With an angry voice of hatred suddenly roared out of Duguxie's mouth.

It really is him!

Is it really that Long Yin?

He didn't even die!

I thought that I had heard the wrong Duguxie just now, but I never thought that the person who appeared was the Long Yin who killed Li Tian! ! !

All the hatred, all the hatred, all rushed to Duguxie's heart at this moment.

He was so angry that his eyes were about to bleed, and his tall body trembled violently. Even the bronze sword in his hand seemed to feel the hatred erupted from the master, which rang out from the sword god. The strong sword aura enveloped the entire space more and more.

But who is the figure wearing the half silver mask?

Not bad! He is indeed Long Yin!

He is indeed the Long Yin who lured Duguxie to the Great Bell Temple!

It turns out that everyone, including the ghost servants and the brothers, guessed wrong. The one who lured Duguxie to the Great Bell Temple was not the old yin and yang demon, but this terrifying Long Yin?

But what about Long Yin? At the moment, he sneered: "Duguxie, it seems that your eyes are really good..."

"You can recognize me wearing a mask, not bad, not bad!" Long Yin said with a wicked smile.
