

A Killer 157

Chapter 157: I believe you now

When Li Tian talked about the affairs in Liaocheng, Qiu Si couldn't help but move his face.

Especially when Li Tian preached that Situ Ningbing was besieged by the gangster and the scarlet tiger, and was seriously injured, Qiu Si's face looked like he could not wait to be there.

Qiu Si, whose knuckles clashed with excessive excitement, suddenly angered from his mouth: "That bunch of **** still chase my god-daughter endlessly!!"

When these words were said, Li Tian was slightly startled.

Does Qiu Si know who hunted and killed Situ Ningbing?

Qiu Si, who slowly turned that face, stared at Li Tian in front of him: "According to you, Bing'er really gave you my jade finger? It's because you were there to save it. she was?"

Li Tian thought for a while and nodded.

"I think so.

"But she did promise to be my wife in the future. I also came to Kyoto for this." Li Tian said seriously.

Hearing this in Qiu Si's ears, he suddenly burst into laughter.

Slowly walked towards Li Tian.

Li Tian couldn't help but stunned, looking at the burly Qiu Si who came over, he couldn't help saying, "What are you doing?"

Qiu Si didn't pay attention to him, but slowly reached out in front of him and untied the rope from him.

After being untied, Li Tian was stunned for a moment. He stood up from the ground numbly, stretched out some of his tied hands and hamstrings, looking at Qiu Si.

This is the person Situ Ningbing asked himself to find, but he was unexpectedly an old man! Still Situ Ningbing's godfather!

"It seems I did misunderstand you. I thought you were my enemy..." Qiu Si said slowly.

Enemy? Li Tian was stunned.

"How many are your enemies?" Li Tian asked Qiu Si in surprise.

He really couldn't understand what kind of enemies such an old man could have? Do you need to be so wary?

He knew that Qiu Si in front of him was the eldest brother who used to dominate the underworld world!

Then Qiu Si sneered: "There are so many you can't imagine!"

"There are many people who want me to die, but it's a pity that those people were buried alive to the back mountain." Qiu Si laughed loudly, with a wave of madness and domineering in his voice.

"Did you just take me as your enemy? That's why you caught me? If you didn't see the jade fingers on my body, would I be buried alive by you?" Li Tian stared at this in front of him with cold palms. Said Qiu Sidao, who didn't blink.

Qiu Si smiled slightly, and did not refute.

"It's fate, I will see what I should see! Damn it, I will die after all." Qiu Sidao said.

Li Tian smiled.

It seems that I am not so unlucky yet. If I was buried alive for no reason at all, it would be damned wrong!

"What's your name?" Qiu Si suddenly turned his eyes and stared at Li Tian in front of him and asked.

"Li Tian."

"Oh! What did Bing'er tell you when he gave you the jade finger?" Qiu Si continued to ask.

Li Tiandao said: "He didn't tell me anything, just told me to come to Kyoto City to find you."

Qiu Si smiled.

Turning his eyes and looking into the distance, he said, "This child still has this character."

"By the way, who is the person with you just now?" Qiu Si suddenly raised his cold eyes and looked at Li Tian in front of him.

"Anyone with me?" Li Tian said in surprise.

Could it be that this old Mr. Qiu regarded himself as someone with Duanmu Lei?

"Old Qiu, you are wrong. I am not in the same group with those people. I followed them."

"Following?" Qiu Si was taken aback for a while.

Li Tiandao said, "Well, those people are here specifically for you, so I'm here."

Hearing what Li Tian said, Qiu Si slowly figured it out.

"Are they looking for me?"

"I think they are looking for death." Qiu Si suddenly smiled coldly.

"Do you know who those people are?"

Li Tiandao said: "Probably know."

"One of them is called Duanmu Lei..."

"A member of the Duanmu family!" Qiu Si's expression suddenly changed when he heard Duanmulei's name.

"The four famous domestic families have been active in the south. Why did they suddenly come to Kyoto and find me an old man who has been retiring from the rivers and lakes for more than 20 years?" He said in a deep voice.

"The other people should be the same people who chased and killed Situ Ningbing last time."

Li Tian remembered the last time he was in Liaocheng, he had seen the "卍" tattoo on Chihu's wrist and the "Swastika" tattoo on his wrist. Now recall that K and the "卍" tattoo on the **** arm, of course. The child guessed it.

"What are you talking about?" When he heard Li Tian say this, even Fourth Master Qiu, who was once arrogant in the underworld, couldn't help but suddenly look like a ghost, ugly and terrifying.

Li Tian couldn't help but feel strange, how this old man's face was startled, as if he heard something terrible.

"I said that the group of people who came to you just now included two weird guys, and they had a weird symbol and a (卍) pattern tattooed on their wrists. I remember when I was in Liaocheng, he chased Situ Ningbing's two assassins have a (卍) tattoo on their wrists, so I think they are them. That's why I followed them here."

"Oh my God, don't they want to let Bing'er go? Are they still chasing Bing'er?" Qiu Si said silently in his mouth suddenly deformed.

Li Tian blinked his eyes and looked at Qiu Si: "Old Qiu, are all that group of people an organization, an organization called (Qisha)?"

Following Li Tian's question, Qiu Si couldn't help but shudder when he heard the word (Qisha).

"How do you know the name of (Qisha)?" The words were as horrible as the (Qisha) was Hell.

Li Tian smiled awkwardly and said, "This is what Situ Ningbing told me before."

"She seemed to be the killer in (Qingsha) before." Li Tiandao said.

Qiu Si in front of him suddenly sighed.

"It seems that you do know Binger."

"Old Qiu, don't you? So you never believed me? Only now did you believe what I said was true?"

Li Tian looked at Qiu Sidao depressedly.

Qiu Si laughed.

"People who live to my age must be a little cautious, don't you think?"

Li Tian secretly lined up in his heart: Old fox, really cunning.

"Binger can tell you all these things. It seems that she is very familiar with you. That's why I think I can trust you." Qiu Si said slowly.
