

A Killer 158

Chapter 158: No grievances

"It's... that group of people finally found it." Qiu Si suddenly sighed.

There was a silent sorrow in his eyes.

Li Tian knows who the group of people in Qiu Si's mouth are? It is the (Qisha) organization.

But now Li Tian still doesn't know what the origin of that (Qisha) organization is? At this moment, Li Tian was silent for a while and couldn't help asking: "Old man, I want to ask what the origin of the (Qisha) organization is?"

Qiu Si walked a few steps forward, and slowly sat on an imperial chair, frowning.

It was a long time before he said, "Qingsha?"

"Why do you want to know about these evil spirits that eat people without spitting out bones?" Qiu Si asked suddenly.

Li Tiandao said: "Because these ***** have been chasing and killing my future wife, I swear from the day I left her that I must become stronger and protect her! So I want to know which Qisha organization is. What is the background, because I will deal with them for Situ Ningbing in the future!"

Qiu Si smiled as Li Tian finished speaking word by word.

Is it funny to hear Li Tian's words? Or a relieved smile? Nobody knows.

Qiu Si was silent for a while and slowly said, "Do you really want to know the secret of Qisha?"

Li Tian nodded firmly.

"Okay, then I'll tell you."

"It's just that after I tell you, you will..." Qiu Si didn't say it.

Li Tiandao: "It's okay, old man, just tell me."

"Ok."

"Do you know? Qisha is a legendary organization, because no one knows the secret of Qisha in detail, and the two black and white Daoes are the secrets of Qisha, and maybe many people have not even heard the name of Qisha, but Qisha is an extremely terrorist organization that really exists."

"His horror is not like that of the international mafia and the Yamaguchi organization in Japan...such a huge swagger! Instead, he has always been known for his mystery and low-key. Legend has it that the origin of the Qisha was developed in China, and the Qisha organization has always been in the Qing Dynasty. Existence, the first founder was a scholar at the end of the Ming Dynasty. Later, he was arrested and imprisoned because he was anti-Qing and Fuming. After he met a stranger in prison and taught him a kung fu, he escaped from prison and became an anti-Qing man. An ambition to recover! It was also from that day that the Qisha organization began to slowly rise. They specifically targeted assassinations. At that time, they specifically assassinated officials of the Qing Dynasty...Because the methods used were the most insidious assassination methods, they were

very mysterious. , Weird, in the society at the time, hearing Qisha's name was like hearing ghosts. Qisha's door rules were extremely strict. Those who entered were the most trusted people, and of course the most ruthless people. These people seemed to have no affection. , There is nothing but killing."

"Since the first generation of the Qisha masters established the Qisha organization since the end of Ming Dynasty, it has been passed down from generation to generation. In the late Qing Dynasty, Qisha heard that the Qisha had been encircled and suppressed by the Qing soldiers. Died... This mysterious terrorist organization with a century-old history has disappeared since then... It wasn't until modern Qisha people began to occasionally show up."

"But unlike before, the Qisha organization no longer kills people for the benefit of the country, but has become a tool for killing people for the benefit of money. This group of bloodthirsty tools has a special name: killer! In Qisha, every member is a professional-level assassin. If you offend them, you are undoubtedly offended to death. They will kill you even if they chase the ends of the world."

After listening to Qiu Si all telling all the secrets of Qisha, Li Tian was completely stunned.

To be honest, he really didn't expect this organization to have such a long history, and it has always been so mysterious and terrifying.

Qiu Si said that Qisha is so powerful? Could it be said that Situ Ningbing would really be killed after betraying Qisha? Really only Situ Ning died...Is this matter the end?

"Hey! Everything I said was told by Binger. She used to be one of Qisha's killers." Qiu Si said these words with a sigh in his voice.

Li Tian was there silently, without saying a word.

It's no wonder that K is so powerful with Xuepan, it turns out that they are really awesome killers in the Qisha! !

And Situ Ningbing is of course also.

Don't these killers who must have been sent out to hunt down their wives?

When thinking of this, Li Tian couldn't help clenching his fists tightly.

"No! I must not let these **** kill my wife, even if I die, I have to protect her." Li Tian secretly made up his mind and said.

"Then she is there now? Old man Qiu, do you know?" Li Tian wanted to ask Situ Ningbing's whereabouts.

But Qiu Si did shook his head.

"I haven't seen Bing'er for a long time. The last time I met her was two years ago... Hey, this kid doesn't know how he is now?" Qiu Si sighed.

"Old Qiu, I'm thinking that those people who are coming to you with great fanfare must have some purpose. Is it because you are Situ Ningbing's godfather? That's why they came to you to ask about her whereabouts?" Li Tianzhi Said wisely.

Hearing Li Tian's words, Qiu Si suddenly enlightened, and his heart lined up: This kid is indeed extremely smart.

"What you said is very possible."

"Originally, there is nothing to provoke an old man who is half of me in the soil. Presumably their real purpose is to find Binger."

"Hehe, regardless of him, the one who should come will come after all. This time I want to see if the legendary Qisha organization is really as powerful as rumors." Qiu Si said boldly.

"You go." Qiu Si suddenly turned his head and looked at Li Tian in front of him.

"I'm going?" Li Tian said in surprise.

"Why? Are you not leaving? Do you stay here to die?" Qiu Si said with a smile.

Li Tian knew that if the Qisha gang were really forcing Qiu Si to find the whereabouts of Situ Ningbing, even Qiu Si really didn't know that Situ Ningbing was there? Things will not end so easily.

The group of people were full of hostility, and their murderous aura told Li Tian that they were definitely not kind.

Now that the major event has fallen, how could Li Tian leave!

Besides, the old man in front of him, but the godfather of his future wife, and he will leave the future godfather alone, how can he marry Situ Ningbing in the future? How to make Situ Ningbing his wife?
