

A Killer 1581

Chapter 1581: An old man

After Situ Ningbing's body jumped up all at once, the revenge master over there suddenly shouted: "Ningbing!"

Then regardless of the smiling Buddha in front of him, Jiang Dashan and the others, the straight body quickly chased after him.

On the contrary, the smiling Buddha here and Jiang Dashan were completely stunned.

"What happened to the son?"

"How do I know..."

"Who is that glamorous woman just now?"

"I don't know..."

"But it looks like our son should know that beauty."

The two are discussing here.

Then they turned their heads to look at the silly man over there, and saw that the guy who had just killed the arrogant and coaxing people was already sitting on the ground dumbly, and those dumb eyes looked dumbly at the boundless. Starry sky, no one knows what he is looking at, let alone what this silly guy is thinking about in his mind at the moment. The previous battle seemed to have never happened to this silly big guy. .

But what about Situ Ningbing?

She must run away!

Because she didn't know who the "old man" in front of her was! She was afraid of being caught by them, because that would be troublesome.

Although the eyes of the "old man" just now were so hot and they looked so familiar... and the phrase "Ningbing" he called out was very much like the dead "Li Tian", but he was not him after all! Because he is too old...

So Situ Ningbing could only escape at this moment!

Situ Ningbing did not choose to flee directly, but rather wisely after leaping out of the business hotel, he turned straight into another courtyard of Cuiweiju.

She is very clever knowing that if she wants to escape with her own skill... it's impossible! Just now she saw the terrifying skill of the old man with her own eyes! So she can only take shelter here.

I saw the speed of the revenge boy who chased it out really like lightning. After seeing no one around, the vengeance boy's figure flashed, and then directly flew out of the Cuiwei Residence... looking for "her" elsewhere. Figure!

Obviously, this time, Lord Vengeance had been "dang" once.

After the Lord Vengeance chased him out quickly, he found that there was no trace of Situ Ningbing everywhere.

Standing alone on the bustling street, but without her favorite figure, a trace of sadness appeared on the face of Prince Vengeance.

But his heart is still very excited, because he finally saw her favorite!

Although it was just a quick glance, Lord Vengeance still feels that her beloved is a lot thinner, as if a lot more haggard... Thinking of the pain she has suffered in the past two months, Lord Vengeance can't help but secretly blame herself. I'm not good!

If it were not for her own sake, she would not have become like this...

However, for the sake of revenge, the revenge man in front of him can only bear it.

The Prince Vengeance, who had stood for a long time in the bustling and empty downtown, finally returned to the big hotel in Cuiweiju.

After he came back lonely, he saw the smiling Buddha and Jiang Dashan in front of him quickly approaching.

"My son, how is it?" Jiang Dashan and the smiling Buddha asked.

But seeing that Lord Vengeance didn't pay attention to them, he turned straight back to his room.

Jiang Dashan and the smiling Buddha in front of him were all taken aback, but they didn't dare to ask too much, so they could only stand there stupidly.

Situ Ningbing finally escaped!

When she returned to the hotel where she was staying, the ecstasy happened to be in the room.

When Situ Ningbing came back with a pale face, the Ecstasy was not only taken aback, but Situ Ningbing, who was looking in front of him with concern, quickly asked, "Ningbing, what's wrong with you?"

I saw Situ Ningbing slowly walk into the room, she was covering her waist with one hand, and at the same time a slightly painful look appeared on that beautiful face.

When I saw my sister so affectionate, the ecstasy in front of me was taken aback.

"Ningbing, are you injured? What happened?"

Ecstasy knew what Situ Ningbing was monitoring at the Haocheng Hotel, but he didn't even know what happened to Situ Ningbing today, so he hastened to ask here now.

But he said that after Situ Ningbing walked in, he took the lead to sit aside, and then said slightly, "I broke into someone else's territory today... I was almost caught by them."

Listening to Situ Ningbing's words, the ecstasy in front of him was suddenly dazed.

"You broke into someone else's territory? What do you mean?"

"Aren't you always monitoring the place at the Haocheng Hotel?" the ecstasy in front of him asked curiously.

So Situ Ningbing told the ecstasy about all the things he was monitoring today, and also told him about following to Cuiweiju.

"...That's how I followed Duguxie and Xiaolong to Cuiweiju."

After Situ Ningbing said this, the ecstasy asked in a puzzled manner: "Duguxie and the others went to Cuiweiju? Where are they going?"

"Also, who hurt you this way?" Ecstasy asked.

Just listen to Situ Ningbing in front of him: "Prince Revenge."

"What? Lord Revenge..." The ecstasy in front of him almost cried out in surprise.

"Is it the rich ***** who reported on TV before? The Ecstasy asked again.

Situ Ningbing in front of him nodded silently and said, "This is the person."

"I don't know why he suddenly arrived in Binjiang City, nor do I know why Du Guxie and the others went to see this Vengeful Prince... The only thing I know is that Vengeful Prince is definitely not an ordinary person." Situ Ningbing blinked her beautiful eyes. That said.

The Ecstasy couldn't help frowning completely when he heard Situ Ningbing talk about the Vengeful Young Master.

He couldn't believe that the so-called revenge prince would suddenly appear here...

"Prince Vengeance arrived in Binjiang City? And also met with Du Guxie and the others? Oh my god...what happened to this!" The ecstasy in front of him said silently.

Situ Ningbing sighed and said, "Actually I don't know."

"Ning Bing, have you seen the so-called Revenge Prince? What kind of stuff is he?" the ecstasy in front of him suddenly asked.

When Situ Ningbing thought in his mind, he recalled that old "old man", his face was full of wrinkles, his complexion looked yellow and sluggish, but how could such an old guy feel so kind? So familiar? Situ Ningbing couldn't understand at all.

After thinking about it, Situ Ningbing suddenly said, "Actually, that so-called Vengeful Prince... is an old man."

Chapter 1582: doubt

After the ecstasy suddenly heard his sister say this, he became even more depressed. .

"What? Is the revenge boy an old man?" Evil Spirit asked speechlessly.

Situ Ningbing nodded.

Said: "Well, he is at least 5060 years old."

The ecstasy laughed at once.

"An old man claims to be a son? It's really funny..." Ecstasy said.

"However, it's such an old man, but his martial arts is surprisingly high!" Situ Ningbing recalled with blinking beautiful eyes.

"Ning Bing, is it because the ***** Young Master Revenge hurt you?" Ecstasy asked angrily.

Situ Ningbing in front of him hurriedly shook his head and said, "No...no...it was not his injury."

When the Ecstasy heard her sister say this, she immediately asked, "Then, who hurt you?"

"It's his subordinate...a big guy who looks like a fool!"

"By the way, I was finally saved by the Vengeful Prince..."

When the ecstasy listened, he didn't understand at all, and blinked at Situ Ningbing with doubts.

So Situ Ningbing told his elder brother all the things that happened to that stupid man.

After listening to these words of Situ Ningbing, the Ecstatic Envoy was depressed and did not say a word.

After a long time, the ecstasy said: "Then according to what you said... Not only did the vengeful son not hurt you, but he saved you once?"

"Yes, if it weren't for him, I'm afraid that stupid big guy would seriously wound me." Situ Ningbing said.

"Hey, this is weird. The Vengeful Master doesn't even know you, why did he save you?" Ecstasy asked in confusion.

Situ Ningbing thought for a while and said, "He seems to know me..."

"Knowing you? How is it possible?" Ecstasy asked.

"Really, brother, when he was saving me, he also called out my name." Situ Ningbing recalled the scene and said to his brother.

This ecstasy becomes more depressed the more he listens, what's going on?

Why would the revenge son call his sister's name? You know that Situ Ningbing doesn't know any Vengeance at all, and from the beginning to the end, the Vengeance has appeared for more than two months, how could it be possible?

"how is this possible?"

"Could it be that the guy named Revenge is someone we know?" Ecstasy asked in a murmur.

Situ Ningbing was also deeply meditating on this question, and her mind kept wandering about the excitement and enthusiasm when the Revenge Prince called her name...like a person, a Situ Ningbing's favorite man.

"Ningbing, it seems that the revenge young man you are talking about is getting more and more suspicious." Ecstasy said.

Situ Ningbing nodded silently and said, "Yes."

"He first looked for Duguxie and others, and then called your name, so it seems that this revenge young man must be someone we know! But who will he be?" The Ecstasy continued to guess there. Say.

Situ Ningbing also agreed with her brother's speculation point of view, but she really couldn't understand that there were people she knew who called herself "Ningbing" directly, and the voice was so familiar and so kind.

"It seems that I have to look up this Vengeful Young Master." The Ecstasy said another sentence.

Situ Ningbing was silent and didn't say much, pressing his aching waist with his hand there.

The Ecstasy turned his head to see that his sister was in pain, and quickly asked, "Ningbing, how is your injury?"

Situ Ningbing tried to squeeze a smile, and said, "It's okay...I think it should be fine for a rest."

"Okay, then you can rest as soon as possible." The ecstasy in front of him said.

"En, all right." Situ Ningbing finished speaking, and walked slowly to the bed.

I saw this ecstasy staying restlessly in the room in front of him. There were too many questions in his mind now. He really couldn't understand what kind of character the Vengeful Lord was? Why would he save Situ Ningbing? And who is he?

All of these problems seem to be unable to understand how Ecstasy is currently.

Glancing at his sister who was already lying on the bed, the ecstasy didn't ask too much, turned around and walked out of the room slowly, and then closed the door tightly.

After the Ecstasy left, Situ Ningbing opened her bright water-like eyes.

A pair of eyes looked at the ceiling, what kept reverberating in his mind was:
Ningbing...Ningbing...'s calling voice.

Cuiweiju!

"Miss Su, did that woman hurt you?" At this moment, seeing the place of Cuiwei Residence, the smiling Buddha asked the pale-faced Su Rongrong curiously.

After Su Rongrong was intimidated by Situ Ningbing, she still hadn't been relieved at this moment. Her pretty face was a little pale... her eyes were slightly dull, as if she was frightened.

After hearing what the smiling Buddha said, it took a long time before he came to his senses. He looked at the smiling Buddha and said, "What...what's wrong?"

The smiling Buddha looked at Su Rongrong's affectionate feeling in a daze, and continued to ask slightly, "Miss Su, I'm asking you... Did that woman hurt you?"

After hearing the smiling Buddha say so, Su Rongrong just reacted and shook her head quickly and said, "No...no..."

"Nothing is fine!"

"If she hurt you, then we would be too sorry for you!" Smiling Buddha said with a smile.

Su Rongrong took a deep breath, blinked her eyes and looked at the smiling Buddha and said, "That...that woman... who is...?"

"Why... want to break into us?" Su Rongrong asked in a low voice with a pale and pretty face.

The smiling Buddha smiled awkwardly, frowned and said, "This... Actually, I am not very clear."

"Did she come to see our son?" Su Rongrong asked again suddenly.

The smiling Buddha was speechless and didn't know how to answer.

"Mr. Laugh, tell me what the **** does our son do... Is he a gangster?" Su Rongrong suddenly asked another very strange question.

Su Rongrong was originally an extremely innocent female student, and she didn't know anything about the affairs of this world. What she had learned before was only the killing of the underworld that she knew from the movies or TVs of Hong Kong and Taiwan. After that, she came into contact with the people of the Axe Gang... and what happened today!

For such a very simple female student, of course I am afraid! So at this moment I couldn't help but look at the smiling Buddha and asked.

Chapter 1583: spread rumors

After Su Rongrong in front of her asked so, the smiling Buddha looked embarrassed and didn't know how to answer this girl's question.

"Miss Su, you think too much... Our son is not a gangster." Smiling Buddha said with an awkward smile.

Just listen to Su Rongrong saying: "Then, then why, those terrible people will come to our son?"

Smiling Buddha frowned awkwardly and said: "This...this is not so clear."

"Miss Su, you also know that the tree attracts the wind. Perhaps this is the truth. If you think about our son is so rich, besides... the name is so loud, there must be many people with bad intentions who have thoughts about him, so... .." Laughing Buddha casually found an excuse to say there.

Su Rongrong nodded half-believingly when the smiling Buddha said so.

"Miss Su, don't think too much about it... I promise you that this will never happen again in the future." Smiling Buddha said to Su Rongrong with a smile.

Su Rongrong nodded slightly when she heard the smiling Buddha say this, without asking too much, but her heart was filled with doubts...

To be honest, for her, she was a little scared, she was worried that the people she was following were not good people...

But he said that Prince Vengeance had never come out since he returned to the room.

The smiling Buddha, Jiang Dashan and others didn't know what happened to Lord Vengeance, let alone how Lord Vengeance had such a huge reaction after seeing the mysterious woman!

I saw that in the room at this moment, the Vengeful Master was sitting in the room by himself.

There was a slightly lonely look on his face.

Seeing her beloved, but didn't recognize each other... Of course he felt a little uncomfortable inside.

Lifting his head, looking at the old self in the mirror, the Vengeful Master smiled bitterly.

This mask really seems to be quite a lot of people.

"revenge!"

"I must take revenge as soon as possible, and then reunite with my brothers, and reunite with her who I love." Suddenly, a terrible thought arose in the vengeful son.

After this thought came into being in his heart, Lord Vengeance walked out of the door in strides, and then immediately called the Smiling Buddha to come to see him quickly.

When the Smiling Buddha came to Lord Vengeance's room, he faintly felt a terrifying and suffocating murderous aura permeating the entire body of Lord Vengeance. When he felt this terrifying murderous aura, the Smiling Buddha was still a little scared.

After arriving at the room cautiously, he respectfully said, "My son..."

"Laughing Buddha, are our people coming one after another?" The Vengeful Master suddenly asked.

The Lord Vengeance arrived in Binjiang City early, and a large number of people arrived in Binjiang City later, so this time the Lord Vengeance would ask like this.

After Master Vengeance asked, the smiling Buddha quickly replied: "Return to Master, if the surname is not accidental, I should bring my brothers here tomorrow."

The Prince Vengeance gave a gratitude.

Then he raised those sharp eyes and looked at the smiling Buddha and said, "Laughing Buddha, I want you to do something for me."

As Lord Vengeance said this, the smiling Buddha was taken aback for a moment, and blinked at the Lord Vengeance and said: "Please say, Lord."

"I want you to bring your people to help me quickly disseminate a message." The Revenge Master said.

Smiling Buddha asked wonderingly: "What news?"

"When you spread the word, it's said that the old yin and yang demon is a tortoise with a shrunken head...just say that I look down on him, Lord Vengeance." A word suddenly came out of Lord Vengeance.

what?

When he heard the words of Lord Vengeance, the smiling Buddha was stunned.

"My son, this..." Smiling Buddha's expression was a little ugly.

The Lord Vengeance suddenly snorted a prestigious smile and said to the Buddha: "What's the matter?"

The smiling Buddha said with embarrassment: "No...nothing..."

"The son did this, do you want to induce that old yin and yang demon to appear?" Suddenly the smiling Buddha looked at the revenge son cleverly.

The Lord Vengeance smiled coldly and said, "Yes."

"This old demon must be in Binjiang City now... It's just that he refuses to show up... Now if I scold him, he will definitely show up. If that's the case, I will be able to find him." When the vengeful son finished this sentence When speaking, he could clearly feel the crazy aura from his whole body.

"Master, do you want to kill that old demon alone?" Smiling Buddha looked at Master Vengeance in surprise.

The smiling Buddha knows the power of that demon. He shocked the martial arts more than 30 years ago and was called a mad demon. Now that demon is born again, and his skill has greatly

increased, can Lord Vengeance be his opponent? ? To be honest, Laughing Buddha also expressed his slight curiosity.

Although he knew in his heart that his son was also a masterful master, he did not know what he did when he suddenly did this. Is it right or wrong?

After the smiling Buddha asked this question, the revenge boy in front of him did not nod or shook his head. He just sneered: "Just spread my words."

After the Laughing Buddha heard the Vengeful Master say this, he did not dare to ask too much, nodded and said, "Okay, then the subordinates will do it."

The Vengeful Master gave a gratitude, and then the smiling Buddha slowly withdrew.

After quitting, the eyes of Lord Vengeance were fierce!

"Old demon, this time we should fight for the last time!" The Revenge Master slowly spit out a few words from his mouth.

He slowly took out a secret book in his arms, only to see that it read: Maha Wuliang...

Then it spread out slightly, and the rows of small fonts above all appeared in his eyes.

The sixth layer: vain and true Qi...

The seventh layer: Promise Mind Method.

The eighth layer: I am the only one.

Ninth floor: Gods and demons.

These four levels are the last four levels of Maha Wuliang.

The Lord Vengeance had learned the immeasurable power of Maha in the ruins of the old mansion of the Ouyang family: the third layer: the broken body tactic, and the fourth layer of the ten tactics sword energy. Since the ruins of the Ouyang family, Li Tian He also practiced the fifth level: Universe Unity, and the sixth level: False True Qi...

Master Vengeance discovered that, except for the fourth layer of Ten Jue Jianqi, which is to increase attack power, the fifth layer and sixth layer of mind method mantras are all techniques to increase their internal strength.

Now he doesn't know how powerful his body's internal power is. The only thing he can feel is that his body is full of energy, and his internal strength is like a river dam with a constant source of origin.

For now, Lord Vengeance has only learned about the last three levels of the Maha Wuliang!

The seventh layer: Promise Mind Method.

The eighth layer: I am the only one.

And the last nine-level realm of Maha Boundless: Gods and Demons.

Chapter 1584: Terrible feeling

When he saw the last three levels of martial arts, he noticed a row of eye-catching characters in front of the last three levels of exercises.

It reads: "Up to this point, Yu went up to the top, and it was difficult to reach the sky.

The seventh layer: The Promise Mind Method is a summary of the internal strength of my old man in his life. If he can penetrate the Yin and Yang, he will achieve great success!

When he saw this, he thought inwardly in front of him: It seems that this is the internal strength cultivation of the old man Wuji.

The eighth layer: I am the only one.

When Lord Vengeance saw these words, there was a fiery feeling in his eyes. Presumably, when he reached the eighth level, no one in the world would be his opponent! He should be invincible and invincible like that legendary old man.

It's just that the last layer, the ninth layer: what do gods and demons mean?

When Lord Vengeance saw this ninth level, he didn't know why he snorted.

"Gods and demons?" He muttered these three words silently.

At the moment when he was chanting these three words, a terrifying image suddenly appeared in his mind. The scene was full of blood. Amidst the scary red blood, he saw a man killing like crazy... encroaching on the world! His terrifying figure carried endless demonic energy, and his whole body seemed to be enveloped by darkness, exuding the flames of hell. He suddenly turned his head and stared at him... He took a closer look at the man's face... Oh my **** , It turned out to be himself!

Under this shock, Lord Vengeance shook his body suddenly and violently, and then gasped in his mouth and stared in horror at his eyes. At the same time, he shook his head quickly... and quickly wiped his mind. Going to the horrible image just now, and then he suddenly closed the Maha Boundless, as if he didn't dare to look normal again.

Trying to calm down for a while, keeping his head awake, after a long time, he slowly recovered.

Looking at the secret book in his hands, Maha Wuliang, he didn't know why, but he had a deep fear of this thing!

Especially the last layer: Gods and Demons!

Why did the weird picture suddenly appear in my mind? Why is the self in the picture so terrifying? All this makes him a little uneasy now...

At this meeting, he just stared blankly at the immeasurable Maha secret book in his hand with a sense of speechless fear!

When Master Vengeance was practicing the exercises, the smiling Buddha had already begun to execute his actions.

The smiling Buddha really obeyed Lord Vengeance's orders to Binjiang City and started sending people around to spread the news.

He asked Jiang Dashan and the remaining dozen people to go out to spread the news...

The news is naturally: the yin and yang devil is a tortoise with a shrunken head, and he dared not come forward and other insults, and he continued to preach how powerful the Vengeful Prince is, etc...

The news began to spread like a plague, and most people in Binjiang City had already heard the news.

Those who don't know the situation are all wondering: Is the revenge boy looking for death? How dare to make such a big announcement?

Some people even said: This revenge boy is definitely sick! After Jinghai City finished the show, I wanted to come to Binjiang City to show the show...

Although most of them hold an attitude of disdain and sarcasm towards Lord Vengeance, most of them are talking about that terrifying yin and yang old demon!

Because every one of them knew that the old yin and yang demon was the most cruel and terrifying peerless demon.

After the news of the revenge boy insulting the old yin and yang demon quickly spread in Binjiang City, Du Guxie and others at the Haocheng Hotel must have heard of it for the first time.

At this moment, I saw the brothers sitting there one by one in the Haocheng Hotel, but there was no Duguxie or the ghost servant in the room.

Just listen to Tang Xiaolong saying in that mouth: "I went... that revenge boy is really bold enough? Nima, dare you yell at that yin and yang demon?"

"Is he not afraid that the old yin and yang demon will twist his neck?"

Xue Wuhen next to him and other people did not say anything, but everyone also had an extremely curious look on their faces.

"That Young Master Vengeance is really strange. I thought it was fake that he wanted to cooperate with us to deal with the old yin and yang demon. I didn't expect that this guy would really dare to insult the demon like this." Xue Wuhen also said.

"It seems that he does have hatred with that old yin and yang demon." Xue Wuhen added again.

"Fart! I can't see it!"

"Is that guy still dealing with the old yin and yang demon? I think the **** boy must be for the limelight... Grandma's, he must be funny, so he did it." Tang Xiaolong denied Xue Wuhen's remarks. ,.

"Hey, no matter if he is for the limelight or for what...As soon as the news spreads, I believe the old yin and yang demon must start paying attention to him." Xue Wuhen said.

"That's pretty good."

"Hey, I think that **** boy has suffered this time... Maybe his life will be taken away by the demon too." Tang Xiaolong said.

The two said here that Chen Qiaozhi and Old Monster Ge over there were dull and did not say anything.

Finally, Chen Qiaozhi suddenly said something.

"Do you think the martial arts of that Vengeful Young Master is high?" When Chen Qiaozhi suddenly said such a sentence, the brothers in front of him were all taken aback.

"That old guy knows Kung Fu?" Tang Xiaolong couldn't believe it.

Xue Wuhen next to him also did not speak, looking at Chen Qiaozhi in surprise.

But seeing Chen Qiaozhi said slightly: "I don't know if you paid attention... Yesterday when we entered his room, the stride of the vengeful son was extremely firm from beginning to end, and the eyes projected extremely harsh. Han Guang, his subordinates also have deep respect and fear for him..."

When Chen Qiaozhi said such details, Tang Xiaolong and Xue Wuhen were not only taken aback.

"Is there? Why didn't I see it?" Tang Xiaolong said there.

Chen Qiaozhi took a look at him and said, "You can't tell it is normal."

"I just think that Lord Revenge is definitely not an ordinary person... and is probably a top-notch expert." Chen Qiaozhi said there.

Just as he said this sentence, a sudden voice came in at this moment.

"Qiao Zhi's words are not wrong at all... that Lord Revenge is indeed a master, and he is definitely a hidden master!"

After the sound came, I suddenly saw the ghost servant and Duguxie coming out from the side.

"Master, Senior Dugu..."

"Big Brother Ghost."

When they saw the ghost servants and Duguxie walk in, Xue Wuhen and Tang Xiaolong hurriedly shouted.

Duguxie and the ghost servant slowly walked over.

"Master, Senior Dugu, have you heard that the Revenge Prince spread news and insulted the old yin and yang demon?" Tang Xiaolong asked while blinking at the ghost servant and Duguxie in front of him.

But seeing Duguxie and the ghost servant nodded slightly.

"Well, I heard." Ghost servant said.

"Big Brother Gui, you just said that the Vengeful Young Master is an extremely powerful master? Why did you say that?" Xue Wuhen asked, blinking puzzled eyes at the ghost servant staring in front of him.

Chapter 1585: Joker

I saw the ghost servant said: "A person can conquer the underworld world around Jinghai City in less than half a month, and can also be a character who has no flaws when yesterday's second brother used invisible energy to invade him, absolutely A master."

When the ghost servant said that, Tang Xiaolong and Xue Wuhen were not only taken aback.

"What do you mean? Master." Tang Xiaolong asked, blinking.

The ghost servant said; "Yesterday, the second brother actually used the invisible true energy to test the revenge son after he entered the revenge son's room, but when the energy reached the revenge

son, the revenge son was a little bit. There was no reaction... As you can imagine, what kind of character is he?"

"Furthermore, this morning, we finally found some clues... It turns out that the Vengeful Young Master once had a big fight when he conquered the Axe Gang. It is said that he only used one move to completely surrender so many of the Axe Gang. Now... and since then, more than a hundred people from the Axe Gang have followed him!"

what?

"Is there such a thing?" Tang Xiaolong and Xue Wuhen both opened their eyes and said.

"Yes."

"We only found out these things today." The ghost servant said.

Hearing the words of the ghost servant, Tang Xiaolong was completely depressed, and Xue Wuhen beside him also stood there with eyes wide open.

Good deed, what kind of character is that old fellow Vengeful Lord? Tang Xiaolong muttered in that mouth.

Only now did he suddenly know that the so-called Vengeful Prince actually had an unpredictable ability!

"It seems that we underestimated that guy before." The brothers murmured there.

Suddenly Duguxie said coldly: "This revenge young man is very suspicious. I guessed with the ghost servant that most of this person should be a master sent by the gate of hell."

The gate of hell?

Is Lord Vengeance from the gate of hell?

The brothers were all dumbfounded when they heard Duguxie say this.

"First of all, he is very familiar with us, he also knows us, and his martial arts is unimaginable, so we think he should be a master at the gate of hell, because in addition to the current **** gate can have such a powerful character Besides, it is impossible for someone like that to appear in other places." Du Guxie said again.

Listening to Duguxie's words, the brothers immediately said angrily: "It turns out that the damned young man of revenge is our enemy!!!"

"But why should he cooperate with us to deal with that yin and yang demon?"

"Isn't it said before that the yin and yang demon was released by the master of the gate of hell? According to the truth, they should be a group?" Chen Qiaozhi blinked and asked.

Duguxie thought for a while and said: "This is actually where we are puzzled, but I personally think that the revenge boy must be trying to deceive us..."

"damn it!"

"Damn liar! Grandma's, I said long ago, that son of bird is definitely not a good thing." Tang Xiaolong suddenly cursed there.

"Damn, I want to make us fall into his trap, and then kill our brother with that demon... Nima's, it's really mean and shameless..."

Listening to this guy insulting the revenge boy here, the brothers in front of him didn't say much.

"Since Lord Vengeance is the gatekeeper of hell, what is his current practice? Why would he attract the old yin and yang demon? And so boldly insulting the old yin and yang demon as a tortoise?" Chen Qiaozhi suddenly asked again .

When Chen Qiaozhi said this, the brothers were all taken aback.

Because what Qiaozhi said is not bad, if the revenge boy is really in the same group with the yin and yang demon, how can he openly provoke the yin and yang demon now? Could it be that he is full to support?

Following his words, Du Guxie and the ghost servant were speechless.

Because Chen Qiaozhi's words decisively proved that their inference just now was wrong.

"Hey, according to the sick ghost, that son of bird is still not in the same group as the demon of yin and yang."

"Then what does the revenge son Nima do? Is it a good person or a bad person?" Tang Xiaolong asked in a gloomy voice.

No one answered his question!

Because no one can answer his question at this moment, no one knows that Lord Vengeance is the one standing there.

"It seems that we have to wait for the current plan...waiting for what the Vengeful Young Master will do next." The Ghost Servant said at last.

Brothers really have no other way to prove that Lord Vengeance is good or bad, the only thing that can be done is to wait until the next action of Lord Vengeance.

No one would have thought that a "revenge boy" who was known as a clown in the entertainment industry before, now he became a figure on the cusp after arriving in Binjiang City!

And for now, he has become the focus of attention of the major forces in Binjiang City!

Most people didn't know anything about Lord Revenge before, but now after the sudden rise of Binjiang City, it has become the target of everyone's attention.

They were all speculating, talking about Lord Vengeance, and guessing what kind of character he was!

In Binjiang City, another hidden dark force, the gate of hell!

Of course, they also heard the insulting words about the old vengeful man against the old demon.

At this moment, within the sphere of influence of the gate of hell, a dozen figures in black robes stood coldly around a house.

Inside the hall, I saw the skinny old man in a black robe, Ruan Zixiong, whose hair was half black and half white, and he was whistling and questioning a black robe next to him.

"What the ***** is Lord Vengeance? Why does it suddenly appear at this knot?"

"Who is he? Has his background been found out?" Ruan Zixiong asked, staring at his hands with sharp eyes like eagle eyes.

The man under him replied: "No..."

"The subordinates only found out some of the previous actions of the man named Prince Vengeance in Jinghai City..."

Ruan Zixiong, whose hair was half black and half a hundred, asked, "What did he do in Jinghai City?"

So the subordinates told all the "big deeds" of the previous Vengeful Master in Jinghai City.

After speaking out, Ruan Zixiong's face became gloomy and ugly.

"It's such a thing that doesn't know how to live or die? It's troublesome for the old demon of Yin and Yang? It seems that he is looking for death!" Ruan Zixiong suddenly said coldly.

"Hmph, an ignorant rat...Don't worry about him." Ruan Zixiong said suddenly.

The person under him slowly nodded and said, "Yes."

"Joker, now you want to come and die, let him die..."

Chapter 1586: The devil is coming

"Ningbing, have you heard? That young man of Vengeance actually publicized and abused that old yin and yang demon outside the public..." In an ordinary hotel in Binjiang City, the Ecstasy hurriedly walked in and said to Situ Ningbing.

After listening, Situ Ningbing didn't seem to have much reaction. He nodded slightly and said, "I heard."

The ecstasy said: "I can't think of the courage of that revenge young man! He dared to provoke the yin and yang old demon openly... Isn't he afraid of death?"

"Brother, don't underestimate that Vengeful Young Master... his strength is absolutely terrifying." Situ Ningbing said.

Situ Ningbing had seen the shot of the Vengeful Young Master with his own eyes, and knew that his strength was also extremely powerful, so he said so at this moment.

Hearing Situ Ningbing's words, the ecstasy in front of him said; "But even if he is more powerful, how can he withstand that demon?"

Situ Ningbing secretly lined up, feeling that his brother was right.

Although she felt that the Vengeful Master was very powerful, how capable is he? Can you resist that old yin and yang demon? This is really hard to say.

"In this way, the demon will definitely find trouble with Lord Vengeance."

"Brother, do we want to monitor it?" Situ Ningbing said suddenly.

The ecstasy asked in surprise: "What do you mean?"

"We've been looking for the whereabouts of the old yin and yang demon... Now, we can finally wait for the chance of the old yin and yang demon to show up. I think we should monitor and catch the cicadas by the oriole." Situ Ningbing said.

"Ningbing, what do you mean, let's go to the Vengeful Young Master to hide and watch?" Ecstasy asked in surprise.

Situ Ningbing nodded quickly and said, "Yes."

"At the moment, the demon hears someone insulting him. According to the demon's temper, he will definitely find trouble with Lord Vengeance immediately...So I think as long as we stay near where the Lord Vengeance lives. , You should be able to catch the demon to come forward." Situ Ningbing said.

After hearing Situ Ningbing's words, the ecstasy in front of him felt that what his sister said was reasonable.

After thinking about it, the ecstasy nodded and said, "That's good!"

"Then let's lurk around the Vengeful Young Master tonight, waiting for the Yin and Yang old demon..."

"En!" Situ Ningbing said with a glee.

"In this case, we can not only wait for that **** old yin and yang demon, but also take a look at the revenge young man...I want to see who this person is..." Situ Ningbing said secretly.

After the Ecstasy and Situ Ningbing decided to do so, the two decided to start monitoring at Cuiweiju where the Vengeful Master lived tonight.

The night is coming soon!

The Ecstasy and Situ Ningbing were already fully prepared.

After taking a taxi to Na Cuiwei Residence, Situ Ningbing took the ecstasy into the Cuiwei Residence in front of him.

Because the last time Situ Ningbing visited this Cuiwei Residence, he was very familiar with this place.

At this moment, after Situ Ningbing arrived inside the place with the ecstasy in front of him, they turned and walked towards the business hotel where the Vengeful Prince was staying.

When they reached the gate of the business hotel, Ecstasy and Situ Ningbing saw the subordinates of Lord Vengeance standing guard at the gate.

Situ Ningbing hid in the dark, and said slightly to the ecstasy: "Brother, the front entrance is guarded, let's go in from the side wall...there are still relatively few people guarded inside."

The Ecstasy nodded quickly when he heard his sister say this.

After the two quickly reached the wall with cats, they took a look around. After confirming that there were no suspicious people around, Situ Ning slenderly pointed a finger at the wall in front of him, and the ecstasy understood what it meant!

Then his body leaped slightly, and jumped directly into it.

After arriving inside, the Ecstasy quickly found a place to hide, and then waited for Situ Ningbing.

After two seconds, he saw that Situ Ningbing's body also jumped in at this time.

But they said that after the two came in, they first looked around carefully, and then Situ Ningbing said slightly, "Brother, let's just wait here..."

"If that demon really comes to kill Lord Vengeance, we must be able to see him." Situ Ningbing said.

Listening to Situ Ningbing's words, the Ecstasy nodded slowly.

Therefore, the two of them were hiding in the courtyard where Lord Vengeance was staying at this time, quietly waiting for the appearance of the old yin and yang demon.

And when the two of them are hiding in the place where Lord Vengeance lives, what about Lord Vengeance?

At this moment, a beautiful figure slowly walked out of Prince Vengeance's room. When that figure came out, the ecstasy in front of him and Situ Ningbing quickly held their breath for fear of being discovered, and then blinked. Look with your eyes, and you can see that beautiful shadow at a glance...

Su Rongrong!

It turned out that Su Rongrong brought dinner to Prince Vengeance.

After seeing that Yingying walk out of Prince Vengeance's room, the ecstasy frowned slightly and said, "Who is that person?"

Situ Ningbing said: "It's just a girl...the one who followed the Vengeful Young Master."

"Oh, it turned out to be like this." Ecstasy made a faint cry when Situ Ningbing said this.

After speaking, the two of them continued to monitor in the darkness and waited.

In Prince Vengeance's room, the lights were faintly lit...

Through the glass window, a figure could be seen sitting cross-legged inside. Upon closer inspection, it was the Vengeful Prince.

He seemed to be practicing, sitting cross-legged with his hands lying flat in front of his legs, and his sharp eyes were tightly closed...The steaming white gas emanating from his whole body kept coming from The whole body exudes.

It could be seen that Lord Vengeance was practicing an extremely weird Kung Fu, and his red face revealed this huge vigor, and his whole body seemed to be enveloped in a huge ball of vigor, which was extremely intense.

Just as Master Vengeance was practicing Kung Fu, his ears suddenly moved... and then his twinkling eyes opened suddenly.

The cold light revealed from Jing Yi's eyes was like the stars in the dark night dazzling and dazzling.

"Here..." The terrible two words suddenly came out of his mouth.

He seemed to feel something...

In the deep darkness, I saw a flying figure like a demon in the darkness swept toward Cuiwei living here.

The billowing darkness is like a demon in hell...

Chapter 1587: Before the war

Just as the billowing darkness came, Situ Ningbing and the Ecstasy hidden in the courtyard of Lord Vengeance suddenly vaguely felt a gloomy cold wind blowing on their faces.

When the strange cold breath hit them all at once, their expressions changed instantly.

"Something is coming!" A word suddenly came out of the ecstasy.

Situ Ningbing's pretty face also became cold, and she looked around with cold eyes and said, "Murderish, so murderous..."

Just as her words fell, a scream came directly from the gate.

Following that screaming scream, and then heard a bang, a figure suddenly broke out of the room of Lord Vengeance.

The figure was as fast as lightning, and when the Ecstasy and Situ Ningbing in front of them hadn't seen who they were, they had already jumped out quickly.

But who is that lightning-like figure?

Naturally the revenge son.

At this moment, the revenge son had reached the gate where he screamed.

At the gate, two corpses were lying bloody, one of the neck was directly crushed, the other was dismembered alive... the arm was severed, and the torn head was ***** thrown aside.

At the door, the other surviving subordinates were full of fear and horror. There was a person there! A monster with a disheveled hair and a death breath.

he came!

When Lord Vengeance arrived here, he finally saw him and his enemy!

At that moment, endless killing intent appeared all over his body, and his eyes fiercely looked at the "monster" in front of him.

When the people underneath saw that Lord Vengeance was coming, they finally let out a long sigh, surrounding the monster in front of them.

"My son, this thing... just killed our brother."

One of them said to Lord Vengeance in horror under his hand.

"Yeah, he is extremely cruel...I don't know where he came out, and he killed our two brothers as soon as he shot." Another person was also afraid.

But seeing that the Prince Vengeance heard his subordinates say this, he said slightly: "Go down, you are all right here."

After Prince Vengeance suddenly said something like this, the brothers in front of him were all taken aback.

"My son...?" they cried out in wonder.

But seeing that Lord Vengeance was unwilling to talk too much nonsense with them, he said coldly: "All retreat."

After seeing Lord Vengeance uttering angrily, his subordinates could only retreat one by one.

After these people retreated, the only thing left on the field at this moment was the revenge boy and the disheveled monster.

"Yin-Yang old demon, you finally appeared." Suddenly the Vengeful Prince said with a sneer.

After Lord Vengeance said these words, the monster suddenly raised its terrifying face, and those eyes with the meaning of death stared at the Lord Vengeance before him.

"Are you the revenge boy who knows nothing about life and death?" A strange and terrible word came out of his mouth.

"It's me." The Lord Vengeance said, standing there.

"Okay, very good!" The old Yin and Yang demon suddenly laughed strangely.

"Today, I will dig out your heart... and then I will cut off your flesh bit by bit..."

"I will let you die, it will make you die very painful." The old yin and yang said with a terrible smile, and the white teeth that appeared were terrifying and frightening.

Prince Vengeance smiled coldly at the corner of his mouth.

"Is it?"

"Then I want to see who died today!"

...

When Master Vengeance was facing this old yin and yang demon, Situ Ningbing and Ecstasy who were hiding in the dark place had rushed over quickly.

The two of them were looking at this side from a dark corner not far away.

"It's him, it's the old yin and yang demon. He has appeared. I didn't expect him to actually appear." Ecstasy said suddenly excitedly.

Situ Ningbing looked at the disheveled monster that was holding the Vengeful Young Master with hateful eyes, and said in his heart: So this person is not like a human, and what is not like a ghost is the old demon of Yin and Yang? It turned out that this demon killed his lover: Li Tian.

"who's that person?"

"Could it be that he is the Vengeful Young Master?" After seeing the Vengeful Young Master's old face, the ecstasy in front of him not only said suspiciously.

Although he heard Situ Ningbing say that the Vengeful Master was an old man, he did not expect to be so shocked after seeing the Vengeful Master's old face.

"Unexpectedly, this Vengeful Young Master should be so...so...old!" Ecstasy said speechlessly.

While he was hiding in a dark place thinking like this, he suddenly heard the sound of messy footsteps coming from the side, and then he heard the cry of "Young Master... Young Master...".

I saw that Jiang Dashan, the smiling Buddha, and the old and the young behind him!

The old and the young, the old dressed extremely sloppy, like an old man picking up trash, but the young? It is burly and majestic, with explosive muscles all over his body, exactly like a savage running out of Shennongjia, mighty and domineering.

But he said that as the smiling Buddha, the river and the mountains and the weird old and one young rushed, Lord Vengeance frowned slightly.

At this time, the smiling Buddha, Jiang Dashan and others had already ran over.

"My son... we're here to help you."

"My son, what exactly is this nasty monster?" Jiang Dashan over there also clenched his fists and stared at the old yin and yang monster.

They don't know this old yin and yang demon, so at this moment they asked inexplicably.

Perhaps the only sloppy old man who followed the silly man among the few people knew the terrible monster.

He is Yuncanghe.

I saw that Yuncanghe at this moment rushed over, blinking those incredible eyes and staring at the disheveled monster without blinking.

"Oh my God, I didn't expect that this demon is really not dead! It's really alive." The muttered words came out of his mouth.

Where's the stupid guy next to him? On the other hand, standing majestic and majestic beside the Vengeful Young Master, glaring at the old Yin and Yang demon exuding death in front of him.

But what about Lord Vengeance? When he saw them coming, he not only frowned slightly.

"Why are you here?" Lord Vengeance looked at them and said.

Jiang Dashan opened his mouth and said: "Let's help the son..."

"Yes." The smiling Buddha also said.

Chapter 1588: He, I will clean up!

Listening to Jiang Dashan in front of him and the smiling Buddha saying to help himself, Prince Vengeance not only frowned.

Looking at them there, he said, "You all retreat."

When he heard that the revenge boy in front of him was about to make them retreat, Jiang Dashan still had a smiling face and Buddha was not only taken aback.

"My son, we are not afraid of death..."

"Yes, son, we must help you deal with this monster." Smiling Buddha said there too.

Hearing what the two said, Lord Vengeance hadn't spoken yet, and the old yin and yang monster over there suddenly laughed horribly.

"Hey, since you all want to die... Then I will do it all for you today..."

"As of today, you don't want to live alone for me, I want you all to go to hell."

As the yin and yang old demon said so gloomily, suddenly his body swept toward the smiling Buddha and Jiang Dashan like a black cloud.

Seeing the yin wind coming, Jiang Dashan clenched his fists tightly, roared, and rushed over regardless of the danger.

The smiling Buddha was also at this time, and quickly moved his right hand to attack the old Yin and Yang demon.

But how could the two of them be opponents of the demon?

How can you resist the terrifying monster that kills people like ink?

At the moment when the two of them simultaneously attacked the old yin-yang monster shrouded in the black mist, they saw the suddenly black misty figure of the old yin-yang monster suddenly entangled Jiang Dashan in front of him, and Jiang Dashan held it tightly. The fist just couldn't go down, as if he was wrapped around his arm by some terrible force.

Then there was a sharp pain in his chest, as if his heart was completely shattered. With a bang, Jiang Dashan let out a scream of pain, and a mouthful of blood spurted out of his mouth, and his body was like a kite with a broken line. , Fell to the ground all of a sudden, and fell to the ground with serious injuries.

And what about the smiling Buddha?

He couldn't resist the terrifying move of the old monster Yin and Yang. He only felt that his body was completely covered by the black mist, and then he felt that his throat was suffocating... it seemed that there was one. The terrifying ghost claws pinched his neck.

With a bang, the black mist hit the smiling Buddha's chest, and the smiling Buddha had a mouthful of blood racing, his body was knocked down by the powerful force and flew several meters away, and then he fell to the ground all of a sudden. Shaking, difficult to get up.

With just one move, Jiang Dashan and the smiling Buddha who were next to Lord Vengeance were severely beaten...

Both fell to the ground and could no longer get up.

Looking at Jiang Dashan who was defeated by one move and the smiling Buddha, Lord Vengeance looked at them with concern.

"How are you two?" Lord Vengeance asked worriedly.

But seeing Jiang Dashan and the smiling Buddha lying on the ground, he said with difficulty:

"No...nothing..."

As soon as the words were spoken, the two of them no longer seemed to have strength, lying on the ground and could not stop breathing hard.

The Lord Vengeance watched his two brothers be beaten up like this, and immediately glared at the old Yin and Yang demon in front of him with hatred in his eyes.

The yin and yang old demon was surrounded by black mist at the moment, and he was like a monster emerging from **** with his disheveled hair. He laughed sharply there and said: "You all have to die for me... all die!"

The Vengeful Master glared fiercely at the demonic old yin and yang monster in front of him, and said, "Devil, our hatred should be forgotten."

"hatred?"

"I don't know you at all!" the old yin and yang monster said sharply.

The Lord Vengeance sneered, and suddenly his eyes burst with murderous intent: "Did you really forget me...?"

While talking, Lord Vengeance suddenly walked towards the old monster Yin and Yang step by step.

The blazing hatred was burning all over the Vengeful Master's body. His eyes had become blood-red and hideous, which was more terrifying than a monster. The surrounding air has become more and more suffocated as his hostility skyrocketed. Even the Ecstasy hiding far away and Situ Ningbing can feel the terrifying murderous aura of the Vengeful Lord. .

When Lord Vengeance walked towards the old yin-yang monster step by step, the old yin-yang monster suddenly looked at Lord Vengeance's eyes, and suddenly his body was taken aback.

"It's you?"

"It's you kid... So you didn't die?" A surprised voice roared from the old monster's mouth.

He recognized it!

The old monster Yin and Yang suddenly recognized the revenge boy in front of him!

Yes, when Old Monster Yin and Yang felt his murderous aura, he suddenly recognized who he was from the hot eyes of his eyes! Because in the battle of the old mansion of the Ouyang family, the old monster of Yin and Yang also remembered his terrifying eyes.

"You finally recognized me."

"I won't die! I live for revenge!" The Vengeful Master said word by word.

The old yin and yang monster in front of him suddenly laughed strangely after hearing the words of Lord Vengeance.

"revenge?"

"Hey, just rely on you?"

"The bomb did not kill you that day. Today, I will give you another ride! Let you go to hell!"

As the old yin and yang suddenly said this, his hands suddenly folded his five fingers together, and then suddenly a ghost screamed, and his claws suddenly and fatally grabbed the vengeful boy in front of him from an incredible angle, and the grab was filled with black hostility. As the gods and demons in the Nine Heavens Hell, they attacked Lord Vengeance.

Let's say that the Vengeful Young Master was waiting to take a shot when he saw the old monster Yin and Yang attacked with his claws.

Suddenly he shouted wildly, and a majestic and tall burly figure suddenly stood in front of him.

He is like a savage! A wild man who jumped out suddenly jumped in front of the Vengeful Lord.

The figure was savage and abnormal. After blocking the front of Lord Vengeance horizontally, it not only made the Vengeful man stunned for a while, even the monster Yin and Yang boss who shot it was also slightly startled, but his terrible catch did not flicker at all. He continued to attack the stupid man who stood in front of the vengeful son.

Maner?

It turned out to be that stupid man?

When he saw the foolish man's stand in front of him, Lord Vengeance immediately exclaimed: "Man'er, be careful!" An exclamation screamed from Lord Vengeance.

But it was too late, because the stupid big man couldn't avoid it at all, and the entire huge body stood upright like a mountain, as if he was about to use his body to block the horror of the old monster Yin and Yang.

He whispered...but saw the ghost claws of the old yin and yang viciously grasping on the big stupid body...then his body flashed back with an unparalleled sound.

blood.....

Scarlet blood flowed from the stupid man who stood in front of the vengeful man.

Five piercing bloodstains were caught on his tall and majestic chest. They were very deep and deep. It was possible to see that all the bones inside him were exposed, but what about the stupid one? But it seems that I don't know the pain... I don't know that I am injured.

He just glanced faintly at the blood left on his chest, his silly eyes suddenly changed, and then raised his head to look at the vengeful boy in front of him. Depressed words: "He? I'll take care of it." As he said, he pointed at the old yin and yang demon behind him.

Chapter 1589: One palm, one punch

After he uttered such a sentence, he completely left the revenge master in front of him.

Looking at the silly huge guy in front of him, the Vengeful Prince looked at the blood flowing out of his chest distressedly, and said: "Man'er..." He yelled.

And what about silly men? He smiled, raised his sturdy arm and wiped the nasal mucus flowing to the corner of his mouth, and said, "I'm going to fight..."

After speaking, he suddenly turned his huge body like a mountain, glaring at the disheveled monster not far in front of him, the old demon of Yin and Yang.

When Prince Vengeance saw that this stupid man was going to fight for himself, he was depressed.

"Man'er...you better go down! Let me deal with him." The revenge master said.

However, the silly man's silly man's attention did not take care of the revenge prince in front of him. His huge body stood motionless, looking at the silly man in front of him that he had to fight this battle for himself, the revenge prince in front of him was puzzled.

His appearance like this really made everyone wonder and horrified.

Even the demon yin and yang man was depressed. At this moment, he raised his deathly horrified eyes, looked at the scary big man in front of him, and took a look.

"Looking for death!" The gloomy words came out from the old monster Yin and Yang.

A layer of terrifying darkness suddenly filled his whole body, as if he was preparing to attack the stupid man in front of him!

"Silly Man'er, be careful, the person you are going to deal with... is definitely not an ordinary person." Yun Canghe who was next to him suddenly shouted worriedly there.

But what about silly men? But as if he hadn't heard it, he stood there, still raising his eyes to look at the Yin and Yang boss in front of him.

"Who the **** are you? Isn't it afraid that Lao Tzu digs out your heart and eats your meat?" Old Monster Yin and Yang said to the silly man in front of him all over his body.

Silly Man'er heard the yin-yang boss say so, sullen his head and ignored him.

"Why the **** don't you answer Lao Tzu's words?" Old Yin and Yang said angrily, his hostility getting stronger and stronger.

When Silly Man'er heard the yin-yang boss in front of him say this again, he spit out a few words that almost broke the yin-yang boss: "I don't know you... why should I talk to you!"

When Silly Man'er said a word, even the Vengeful Lord next to him felt pain for a moment.

That Yun Canghe even slapped his thigh and cursed in his mouth: This stinky boy...this stinky boy even said cold jokes against this terrible demon... Nima! ! !

But what about the old yin and yang demon? When I heard that silly man'er suddenly came out such a sentence, it was also thunderous.

"You, you **** dare to play with me? I killed you!"

After the yin and yang old demon roared, his right palm suddenly attacked the silly man.

In the darkness, I saw the yin-yang old monster's palms terrifying, with a deadly cold air, he slapped the stupid man in front of him with a palm...the palms in the palms are heavy, like the horror of all hands. The silly man attacked from all directions.

The silly man was motionless, like Tarzan.

I don't know if it was because he was stupid, because he was stupid, and didn't react at all? Or something else... He just stood there anyway and didn't move.

The revenge boy in front of him has already accumulated all his energy and gathered all his energy, because as long as he sees something wrong, he will immediately help the stupid man. Yun Canghe next to him is also looking at the stupid man with his worried eyes. child!

At this moment, not only were they looking at Silly Man'er, but even the ecstasy hiding in secret and the situation where Situ Ningbing was also in front of Ningbing.

"Ning Bing, um...what the **** is that big man?" The Ecstasy looked at the giant man who was more than two meters tall and asked depressedly.

Situ Ningbing next to him said: "This guy...I don't know him, but he looks stupid. He kept calling my sister... and hurt me the day before yesterday!"

"Ah? That's him? That's the fool you were talking about?" Ecstasy whispered in surprise.

Situ Ningbing nodded and said, "Yes, it's him."

"It seems that this big man is a little capable!" the ecstasy muttered in his mouth.

Then he added another sentence: "It's just that this big man has to deal with the yin and yang boss, I'm afraid it's too bad for you." He murmured.

Besides, everyone's eyes are on that stupid man's body.

Seeing that the horrible palm of the old yin and yang was about to hit the silly man's body, and when the old yin and yang's palm was bullying, the silly man suddenly stepped back and bent his leg. Bend his knees, all the tight muscles burst out at this moment. The beef tendon-soled cloth shoes that stepped on the ground made a vigorous rubbing sound with a hiss, and the muscles of the sturdy right arm violently violently, like The ferocious beast, the huge hammer fist that was tightly clenched, screamed, and slammed at the clutches of the old monster Yin and Yang.

Break the world! Extremely powerful.

Even if it is the reincarnation of the Overlord of Western Chu, it is nothing more than that...

Just heard a loud bang, the courageous force collided with the terrifying hand of the yin and yang boss, and there was a fierce roar of thunder!

Hearing only a strange cry in the air, the body of the old yin and yang suddenly retreated... the body style floated backward like a ghost!

And what about that stupid man? The powerful punch of the world and the earth did not hurt the terrifying yin and yang old demon...but was shocked by the terrible hand of the other party and stepped back five big steps, each step, the cold floor tiles Shattered!

One palm, one punch!

Palm, terrible and eerie palm!

Fist, the overlord fist that opened up the world.

This time, everyone was stunned!

The Lord Vengeance looked at the silly man with worried eyes, and Yun Canghe did the same. The Ecstasy hiding in the dark and Situ Ningbing's eyes were full of horror, full of unbelievable... Muttering to himself, he said: "Hey, this big man can't think of such a mighty man!" ! !

What about the yin and yang boss? At this time, his eyes became more vicious, and even more fierce!

With the palm just now, he never thought that this stupid-looking idiot with a runny nose could actually catch it with a punch? And also shook his arm to the trembling and pain that he couldn't help but... It is undeniable that the punch of this stupid man was powerful enough! !

He is simply not human!

Because how can a person have such a powerful force?

You know, Silly Man'er has no internal strength at all, he just uses physical strength, and his body is like a calf-like strength.

Chapter 1590: Can't beat

Boss Yin and Yang was stunned by the stupid man's powerful fist. At this moment, his face was ugly and pale, and horrible eyes shot out from those terrifying eyes.

"I want you to die! I want you to die!"

A terrifying voice roared from the old monster's mouth.

Then his body suddenly revolved on the ground, and the dark aura around him suddenly resembled a dark hurricane with the rotation of his whole body... With a furious sound, the vast and incomparable figure attacked the silly man again. In the black air, his palms turned into two things that looked like evil spirits, attacking the silly man.

Although the silly man'er was silly, but as soon as the war broke out, he suddenly seemed to change.

This time, seeing the old yin-yang monster attacking himself again, his eyes glared forward.

Two iron fists clenched fiercely, one attacked the black energy, and the other fist attacked the "evil spirit" in the void.

With a bang, the horrible "ghost" figure was blown away by the silly man, and disappeared without a trace. With another punch, the silly man was hit in the air.

After the silly man's two punches, the old monster of Yin and Yang suddenly attacked from the side.

One of his hands is unpredictable, and his tricks are extremely vicious, even taking the silly eyes, roar, heart...

The other hand was grabbing the silly man's Tianling cover.

Silly Man's two roared, and the huge body moved out half a step horizontally, and the thick arms like iron chains swept across, sweeping towards the waist of the Yin and Yang boss like a thousand army.

The old monster of Yin and Yang knew that this big man was extremely powerful, so he didn't dare to be careless. He could only dodge his body when he saw his thick, chain-like arms swept.

This time, the two were evenly matched.

But the yin and yang boss is much faster than the stupid man!

At this moment, one move failed, and the backhand attacked again. This time the figure of the Yin-Yang boss was even more terrifying and the speed was even faster.

His two ghost hands grabbed the silly man in front of him from all directions.

Although the silly man's is like a "overlord" and is extremely powerful, after all, his movement speed can't keep up, isn't it? The one who didn't pay attention, the vicious palm of the old yin and yang monster had already hit the stupid man's chest with three palms.

But seeing that Silly Man'er was attacked by three heavy palms, his tall and mighty body trembled...At the same time, his face became slightly pale.

Looking at the silly man's a little too much, the revenge boy in front of him is ready to take action at any time.

But when the old yin and yang didn't even knock down the big silly man with three palms, the ghost screamed: his hands were weirdly crossing his chest, and his mouth was silently muttering words that he didn't understand. At the moment when a weird spell was chanted, a black hideous demon suddenly appeared behind his body...

"Sacrifice of blood!"

boom

The darkness surges, and the ghosts are howling! The entire space seems to have completely turned into a **** hell. Even the Lord Vengeance standing around and Yuncanghe can feel that the entire space has been completely distorted...

Then I saw the terrifying figure of the old monster Yin and Yang attacked the silly barbarian like erosion, and the hellish demon behind him opened his blood basin with fangs, swallowing the silly barbarian in front of him.

"Man'er, be careful!" The Vengeful Young Master exclaimed, because he had already sensed that it was impossible for the silly man'er to take the terrifying trick of the old yin and yang monster.

Yun Canghe beside him looked at the silly man with extreme anxiety.

How about stupid? When facing the dark demon that completely rushed out of the distorted space, he gave a furious rage, and his two iron fists were clenched tightly. Those big bull-eye eyes stared at the rushing demon, and his fists exploded hugely. The incomparable energy, with a bang, slammed hard at the demon that distorted the space.

The huge collision saw that silly man's pair of iron fists forcibly blocked the demon's offensive...

Even though the demon flared his teeth and claws among the black clouds, he was abruptly blocked by the stupid man's body... But what about the stupid man himself? The icy ground on which his feet were stepped on was also completely cracked...Two feet were completely sunk under the ground because of the strength of the opponent.

But he was still there to resist... with staring eyes, hands stretched out there to block the demon that was about to swallow him.

The old yin and yang monster saw the silly man's force to block his horror: the sacrifice of blood, when gravity was added to his body, turbulent darkness poured in from all directions and pressed against the silly man.

Where's the silly man? The two violent arms of the blue veins had already begun to tremble slightly at this moment, the blue veins on the arms swelled up, as if they were about to rupture, and the entire huge body was gradually shaken...

Suddenly a terrible cry came out. The black cloud behind the old monster Yin and Yang deceived the silly man, and the **** demon from the distortion space opened his mouth to swallow him in front of him. No longer resisted, but after hearing a loud bang, the demon with its mouth wide open was about to swallow the stupid man in front of him. Although the stupid man was mighty, he couldn't avoid it after all. Seeing that the demon would give his body to It was swallowed alive, and at this critical moment, suddenly a powerful infuriating qi suddenly slammed into the demon from the side.

He finally made it!

He would never put the silly man in danger!

When the mighty infuriating qi hit the **** demon summoned by the old yin and yang monster, the demon turned into nothing with a bang... it turned into a black cloud... and drifted away!

Immediately after that, the figure flashed, and suddenly his body reached the silly man's side quickly and absolutely.

Lord Revenge!

Just when the Vengeful Master shot, the old monster Yin and Yang let out a terrible grin, and then his body suddenly moved back.

The Lord Vengeance didn't pay attention to the yin and yang boss in front of him, but hurriedly turned his head to look at the pale silly man next to him.

"Man'er, how are you?"

But seeing the silly man's pale face without speaking, but his tall and burly body was shaking... Suddenly his body was spasm, then his body skewed and almost fell down!

When the vengeful boy in front of him saw that Silly Man'er was so badly injured, he quickly stretched out a hand to support him.

"Maner..." The Revenge Master exclaimed.

But seeing the silly man's body faltering, she still stood up hard, turned her head and looked at the revenge young man with a pale face and said, "I...I...can't beat him."

After speaking, he seemed to have no strength, and fell to the ground, panting.
