

## A Killer 161

Chapter 161: war

When Li Tian insisted on staying, Qiu Si had no choice but to let him go.

At this moment, I bet on the blood in front of me and the K.

"A few people who visited me late at night, don't know what you are doing?" Qiu Si said coldly suddenly.

The voice sounded faintly in the dark.

K over there suddenly smiled sullenly.

"I have long heard of Fourth Master Qiu's name, Gao, so I took the liberty to take a look. It really is better to see it for a long time, domineering."

Following the sound of K's sneer, Qiu Si suddenly snorted.

"Everything doesn't go to the Three Treasures Hall. Since several of you have already arrived, let's just talk about it." Qiu Sidao said.

"Refreshing." K laughed.

"Four Lord Qiu, we are here this time to ask you to inquire about someone." K said suddenly.

Li Tian next to him suddenly realized!

It turns out that these people are looking for Chou Si to inquire about Situ Ningbing's news! Because Qiu Si is Situ Ningbing's only relative and only godfather, no wonder these guys come to find Qiu Si who has lived in seclusion for many years.

"Looking for someone? I'm afraid you've found the wrong place. It has been almost 20 years since Qiu Si left the rivers and lakes. Are you coming to me to inquire about people? It's ridiculous." Qiu Si said coldly.

After he finished speaking, the Xuepan who had been standing quietly at the door suddenly said, "It's not funny at all."

"Because the person we are looking for is your goddaughter (shadow)." A word came out of Xuepan's feminine tone, with an indescribable weird feeling.

Just when Xuepan said the code name of Situ Ningbing in the Qisha, Qiu Si's face changed slightly.

Since the other party found him, he must know his relationship with Situ Ningbing, so he didn't hide too much.

Immediately admitted it.

"Look for my \*\*\*\* daughter?"

"I'm afraid I disappointed you, because Binger hasn't contacted me for a long time." Qiu Si said slowly.

When Qiu Si said this, the K in front of him and his \*\*\*\* face changed hideously.

"Siye Qiu, these words don't seem to be believed!" K sneered in front of him.

Qiu Sidao said: "Whether you believe it or not, if you want to find Bing'er, you should find it yourself."

"If you don't see the coffin, you won't shed tears! Chou Si, I respect you as a veteran of the rivers and lakes, so I kindly persuade you, don't be shameless." Xuepan said suddenly coldly.

"It's best to tell the whereabouts of the traitor (shadow) quickly, otherwise this is your burial place today."

Qiu Si suddenly laughed wildly.

"Although I have retired from the rivers and lakes for more than 20 years, you are the first person to dare to speak so boldly in front of me!" Qiu Si's sudden voice was filled with an invisible murderous aura, and there was a breath of terror all over his body, even Li Heaven can feel it.

This could not help shocking Li Tian in front of him, and he couldn't think that Qiu Si was so powerful.

You must know that Qiu Si was a master of the underworld for so many years. If he had no patience, wouldn't he have been killed 18,000 times a long time ago, how can he survive now?

K seemed to feel the invisible murderous aura, and his complexion became cold for an instant, but he didn't do anything.

Because the current K is not sure that he will be able to kill the Qiu Si who has been in the underworld for so long.

He turned his eyes to the side of the blood, and shook his head slightly.

"Old Qiu, don't be so angry!" K said with a grinning smile suddenly.

"Everyone knows that the old man Qiu has a high moral character in the way, so I also hope that the old man will tell the whereabouts of the traitor (shadow). In that case, our brothers can go back and confess to our evil master."

But Qiu Si coldly said: "How to explain to your evil master, that seems to be your business, as for you to ask Bing'er whereabouts, I will tell you again, I don't know."

After Qiu Si's refusal once again, the endurance of K and Bloody in front of him has reached the limit.

"That said, Qiu Lao really wants to be forced to tell the whereabouts of that traitor (shadow)?" After K in front of him said this, his hands began to clenched uncontrollably.

"Don't talk nonsense with him, he will naturally talk at that time." The blood in front of him was also ready at this moment.

At this moment, Qiu Si stood there like an ancient bell, motionless like a mountain, and the powerful aura surrounding him was surging like an air current, even Li Tian was shocked.

"Then I'm going to look at Siye Qiu, who was once a master of the underworld, and how much he has in his hands."

After K finished speaking, he in the dark night attacked Qiu Si like a ghost.

The strange speed makes it almost impossible to see.

Seeing K's sudden move, Li Tian suddenly took a step and wanted to help, but was stopped by an invisible force by Qiu Si beside him, and then a gust of wind rushed towards the figure of K. .

The speed is faster and sharper than that of the K.

The two suddenly fought against each other, and it was as if the situation had changed.

Take a closer look, but saw that K's palm was like a ghost and grabbed Qiu Si's deadly body, making a vicious and vicious move, which was clearly a trick that didn't leave any room.

What about Qiu Si? The burly figure, coupled with the sturdy tricks, made the K look slightly inferior for a while.

The movements of the two people were so fast in the dark night, Li Tian stood there, only able to see the shadows of their fists, almost unable to see the moves clearly.

That K's moves are insidious, insidious and deadly.

Qiu Siye's tricks are staunch and domineering.

With a bang, the two of them took a dozen moves and withdrew their bodies.

But seeing K in the dark night face pale, his eyes fierce, like a hungry wolf preying in the forest.

What about Qiu Si? The burly figure stood there still like a bell.

"It really deserves to be Qiu Si!"

K said in a gloomy voice.

It turned out that after these tricks, K was down.

In the face of Fourth Master Qiu's fierce boxing technique just now, K's vicious tricks didn't get much cheaper, and K said with a pale face that didn't return to the past.

Qiu Si sneered: "If I didn't guess wrong, you two should be the two evil spirits of the seven evil spirits, right?"

"Four Lord Qiu has good eyesight." K said with a smile.

"It seems that Binger is in serious trouble this time. I can't think that even characters like Heaven and Earth Shuangsha will come out." Although Qiu Si said contemptuously, he was secretly shocked.

These two monsters unexpectedly appeared, and it seemed that Qisha really wanted to kill Binger, and Binger might really be more dangerous in the future.
