

A Killer 1651

Chapter 1651: Angry

Just as Li Tian was thinking like this, the mysterious gray-robed old man suddenly gazed at Li Tian's whole body with relief.

"Not bad....."

"The old man really didn't read the wrong person." A word came out of the mysterious gray-robed old man's mouth inexplicably.

After the mysterious gray-robed old man said so, Li Tian was taken aback for a moment, looked at the mysterious gray-robed old man in surprise and asked, "Old man, you, what do you mean?"

The mysterious gray-robed senior was stroking his snow-white beard while looking at Li Tiandao in front of him and said, "If I am not mistaken, you have already practiced the Mahe Boundless that the old man gave you to the seventh level. Got it!"

As the mysterious gray-robed old man said so, Li Tian suddenly became excited in his heart, not only secretly lining: It turned out that this old man could actually see how far he has cultivated the immeasurable Maha!

When I heard the mysterious gray-robed old man say this in Li Tian, he was not only embarrassed: "Senior passed the award. I have a stupid aptitude. Until now, I haven't fully understood the old Maha Wuliang... and only learned the seventh level. "

"Not bad enough!" The mysterious gray-robed old man laughed.

The vicissitudes of life shook Li Tian's ears a little bit.

"It took more than 200 years for the old man to create this Maha Boundless. It took less than half a year for your kid to comprehend the seventh floor. What do you want?" the mysterious gray-robed old man said slightly.

Listening to the mysterious gray-robed old man saying this, Li Tian quickly said: "Senior, I said something wrong..."

"No, you didn't say anything wrong!"

"The old man just wants to tell you that some people may not be able to learn the old man's immeasurable Maha even in their lifetime, but some people can appreciate my immeasurable Maha in a very short period of time, and they have understanding in everything. All have fate, you are smart, and you have fate with me, so it's not a rare thing for you to learn the old man's Maha Boundless." The mysterious gray-robed old man said while smiling.

Li Tian stood there and heard the mysterious old man in gray robe say so, not only was it sweet.

Just listen to the mysterious gray-robed old man continue to say: "But these last two layers are as difficult as climbing..."

"My child, it's true that it took me nearly half of the time to comprehend the last two realms of Boundless Maha..." The mysterious gray-robed old man suddenly muttered.

When the mysterious gray-robed old man said so, Li Tian's excitement just now was shocked!

what?

Actually these last two levels are more difficult to practice than the first seven levels? The mysterious gray robe elder in front of him actually spent nearly a hundred years to break through these two levels alone?

Li Tian always thought that the last two layers of Mohe Boundless were almost the same as Shijue Jianqi, but when he heard the mysterious gray robe senior talking like this, he felt that he was wrong for a moment, and the wrong was a little outrageous.

I saw Li Tian think about it and said to the mysterious gray-robed senior who was looking in front of him: "Old senior, please rest assured!"

"For revenge, for my brothers, even if it is difficult to practice, I will practice the last two levels." Just listen to Li Tian's determination to say there.

Hearing what Li Tian said suddenly, the mysterious gray-robed old man in front of him suddenly showed a strange look on his face. The look was extremely ugly, as if he had heard something unhappy.

Li Tian observed the people carefully, and at the moment when he saw the mysterious gray-robed senior's complexion suddenly change, he was taken aback.

Hurry up and say there: "Old man, did I say something wrong? Did you upset you?"

But seeing the mysterious gray-robed old man suddenly sighed long, that ancient sigh was like a sound from the ground, which made Li Tian feel puzzled and suspicious. He didn't understand why the mysterious gray-robed old man sighed.

But after seeing the mysterious gray-robed old man sigh, he suddenly opened Long Jiong's eyes and looked at Li Tian in front of him unblinking.

"My boy, do you really swear to learn the last two layers of this maha infinite?" I saw the mysterious gray-robed old man suddenly asked.

Li Tian was stunned. He didn't understand the words of the mysterious gray robe senior. He was stunned for a moment, then nodded deeply, and said, "Yes."

The mysterious gray-robed old man didn't speak any more, suddenly turned around with his hands on his shoulders, looked at the endless sky, and muttered, "Is it all God's will...Is it already doomed in the sky?"

Standing behind the mysterious old man, Li Tian listened to the strange whispering voice of the mysterious old man, not only secretly questioning in his heart: What happened to this mysterious old man? Why is this time different from last time? Last time, this mysterious old man seemed to let himself study this Maha Boundless, but now, looking at his expression, it seems as if he is learning what is wrong with this Maha Boundless...

When Li Tian was thinking about it like this, the mysterious gray-robed senior suddenly said: "Child, do you actually know why the old man was born this time?"

Li Tian heard the mysterious old man say this, shook his head slightly, and said, "I don't know."

But seeing the mysterious gray robe senior mumbled: "I am for you!"

"For me?" Li Tian was surprised.

Senior mysterious gray robe said: "Yes."

"The reason why I came to you is because I want to persuade you not to practice that Maha Immeasurable anymore." Just like that, a sentence came out of the mysterious gray robe senior.

At the moment when Senior Mysterious Grey Robe suddenly said such a weird word, Li Tian in front of him was stunned!

what?

"senior....."

"You, you, you, what do you mean... don't let me learn Maha Boundless?" Li Tian stayed there all at once and looked at the mysterious gray robe senior in front of him speechlessly, his eyes full of no Xie's eyes.

He couldn't believe that the mysterious gray-robed senior in front of him would say such a thing!

why?

Why? Why don't you allow yourself to practice the immeasurable Maha?

But when the mysterious gray robe senior heard Li Tian's surprise question, he couldn't bear to see Li Tian's desperate gaze, slowly turning around, and then said: "Child, wait for you to really understand later, you I know why the old man did this."

"I do this for your own good! For your future!" said the mysterious gray-robed old man.

Li Tian's heart froze a bit, and his whole body seemed to be instantly cold... it became ice!

How could this be?

How could this be?

Originally, Li Tian wanted to rely on the immeasurable Maha to change everything, change his destiny, and then avenge Xuehen, but now this mysterious gray-robed old man would not allow himself to practice? why? Why is all this?

Li Tian's eyes were red, and his whole body was shaking violently.

Chapter 1652: The power of gods and demons

His hatred seemed to shake down the dry mountain behind him, exuding endless fierce vigor.

The mysterious gray-robed old man of course felt the domineering and hateful aura of Li Tian's whole body, and he could only helplessly stand there and shook his head... It seemed that this time he wanted to make up his mind.

He was really ready to stop Li Tian from practicing the last two levels of that Maha Boundless.

"Senior, since you don't let me practice your Maha Wuliang, then I will return it to you Li Tian!" Li Tian's voice suddenly came from behind.

At this moment, Li Tian suddenly stubbornly took out the scroll of Maha Boundless Keys from his arms, held it in his trembling hands, and slowly handed it to the mysterious gray-robed old man in front of him.

Li Tian will never bow his head!

Never pray!

People like him never accept charity from others. If others don't give him something, then even if Li Tian died, he would not ask for it! I don't even pray for the mercy of others...

So Li Tian resolutely handed over the Maha Boundless Key in his hand at this moment.

The mysterious gray-robed old man turned his head and looked at Li Tian, whose eyes were full of scarlet blood at this moment. He seemed to have seen everything in the future and saw the birth of a demon even more terrifying than hell.

Looking at the Mohe Boundless in Li Tian's hand, the mysterious gray-robed old man slowly stretched out a thin hand.

But just when his finger was about to touch the Maha Boundless Key, in the clear sky, a weird thunder suddenly sounded... The huge thunder was like the roar of a **** demon... and like Thor's. Anger is average...The old man who has lived for nearly three hundred years can't help with his hands, shaking slightly, the sound of thunder that shook the sky, as if to stop the mysterious gray-robed old man in front of him!

Then the mysterious gray-robed old man looked up at the sky, and his eyes were suddenly filled with bitter anger!

"Providence! Providence!"

"Does God really want to ruin this child in front of him? Really want to ruin his life?" The mysterious gray-robed old man suddenly looked up at the sky and asked angrily at the sky!

What's up with him?

How can you send such an angry question to God?

Also, why did he say that God would ruin Li Tian's life? What is the situation of everything?

Under the infinite sky, although the mysterious gray-robed old man has nearly 300 years of world-wide skill, his voice can only be regarded as a grain of sand in the sea in the face of the vast sky...

Listening to the mysterious old man contending with the sky, Li Tian stayed for a moment.

He didn't know what happened to the mysterious gray-robed old man in front of him? What is going on with all this? Just looking at the mysterious gray-robed old man in doubt.

But seeing the mysterious gray-robed old man with all his beards and white hair flying up, even the gray robe he was wearing trembled in the wind.

His whole person just raised his head and angered at the sky.

So, after a long time, a long time...

The mysterious gray-robed old man suddenly trembled uncontrollably in his tall body.

He was defeated.

How could he be a mortal against heaven?

He knew that some people had already been set aside for life, and even he could not change their fate.

"Fate, everything is fate!"

"Since God wants to do this...what can I do if I have a cloth?" The mysterious gray-robed old man suddenly laughed like he was talking to himself.

With the thunderous laughter, even Li Tian in front of him listened to his ears, not only the whole ear became faintly painful.

It's just that the mysterious gray robe senior's laughter sounded with a hint of sorrow and bitterness. Everyone knew that his smile was a helpless, bitter smile.

Li Tian, who was standing behind the mysterious gray-robed old man, was worried about the old man at the moment, and couldn't help taking a step forward and caring: "Old man, what's wrong with you?"

"Did I make you unhappy again... I said it, I listened to the old man, I don't practice anymore..." Li Tian said kindheartedly.

But the moment Li Tian said so, the mysterious gray-robed senior suddenly turned his head and looked at Li Tian with a pair of torch-like eyes: "No!"

"The old man takes back what I just said. From today onwards, the old man will teach him to you!"

"You want to cultivate the last two levels, whatever you want... The old man will never ask about your cultivation in this life." The mysterious gray-robed senior suddenly said.

When Li Tian heard the mysterious gray robe senior suddenly say this, he was not only stunned. what?

How could this be?

Why did the mysterious gray robe senior suddenly let himself practice again?

Didn't he just say that he would not allow himself to practice the last two levels of this Maha Wuliang?

"Senior... why are you... you... you let you practice again?" Li Tian couldn't help but curiously asked.

The mysterious gray-robed old man suddenly stretched out a hand, pointed at the endless sky and said: "It's it!"

"It allows you to practice!"

Li Tian looked at the mysterious gray-robed old man ***** the sky, and immediately wondered. day?

Is it fate?

"Old man, I don't understand more and more..."

"If I really do something to make you unhappy, senior, please tell me, I will change it! Also, I will never practice this maha infinite...I will not practice the last two levels. Now." Li Tian said kindly.

His life was once saved by the mysterious gray-robed senior in front of him! And he has been rescued more than once, so in order to make this worldly expert around him happy, Li Tian would rather do everything.

I saw that the mysterious gray-robed senior heard Li Tian's kind words, nodded with satisfaction and said: "Child, there are some things, you don't understand..."

"Something like fate is sometimes beyond our reach!"

"The old man has always thought that I can help you...I can make the rest of your life less blood, less killing, but now I found out that everything I did before was in vain...everything before. It's already doomed in the dark."

Listening to the mysterious gray-robed old man in front of him, Li Tian stood there in surprise, not understanding.

"Child, do you remember that I told you about the last move of this immeasurable Maha in the Desert of Death?" The mysterious gray-robed old man said suddenly.

When Li Tianyi heard it, he said, "Remember!"

"The last trick is: Gods and demons." Li Tiandao.

The mysterious gray-robed old man nodded slightly in the wind and said, "Yes, this is the ***** and demon."

"Child, do you know the power of these gods and demons?" The mysterious gray-robed old man suddenly looked at Li Tian with a smile.

Li Tian shook his head, of course he didn't know.

He only heard that the mysterious gray-robed old man suddenly laughed and said: "This trick, in fact, even the old man himself has not learned..." When the mysterious gray-robed old man said this, he suddenly laughed wildly.

Chapter 1653: Lonely Star

When he said these words, Li Tian almost fell in shock!

what?

Even the worldly expert in front of him? Have never practiced...

What's the situation?

Li Tian immediately asked in surprise: "Senior, you really didn't practice Gomaha Immeasurable last move God and Demon?"

But seeing the mysterious gray-robed old man smiled slightly: "Of course it's true, how could the old man lie to you such a little baby."

"But, but...senior, isn't this Maha Wuliang created by you? How...how to train you...have you never practiced?" Li Tian really didn't understand.

Just listen to the mysterious old man saying: "The first eight levels of the immeasurable Maha are indeed created by the old man, and the only mastery is the highest level among the immeasurable Maha!"

"After creating this Boundless Maha, the old man rushed to the top of the Tianshan Mountains alone. As mentioned earlier, the mysterious old man created the deeds of the top of the Tianshan Mountains. Unfortunately, the old man still couldn't reach the four guarding the gates of the Tianshan restricted area. The immortal old monster... couldn't get past the Demon Formation, so he was defeated and returned. If it hadn't been for the old man to escape quickly, he would have been killed on the top of Tianshan Mountain."

"But it was also because the old man broke through the four old undead monsters back then that he understood the profoundness of kung fu and the ultimate energy of the human body... Therefore, the old man remembered the four old undead monsters in his mind. The martial arts tricks that I did with me that day...I put all those tricks together, and then recorded them on the last layer of Maha Wuliang."

Hearing what the mysterious gray-robed old man said, Li Tian was stunned, staring at the old man in front of him with his eyes wide open and asked: "Old man, what do you mean is...the last level of Gods and Demons in Boundless Maha," It is the martial arts of the four...four...old men on the top of the Tianshan Mountains?"

The mysterious gray robe senior in front of him laughed haha.

"You kid really smart!"

"Yes! The last level of Maha Boundless is the martial arts performed by the four old immortal monsters that day..."

"The old man has studied this set of kung fu for hundreds of years, and he hasn't understood it...so so far, I haven't practiced it!" The mysterious gray-robed old man murmured, with a slight disappointment in his voice.

When Li Tian heard this, he was secretly shocked. It seemed that the last move in the immeasurable Maha: the power of gods and demons was really incredible.

"Child, you have to know that once this Maha Wuliang reaches the seventh level, the human body has basically broken through the limit instinct. If it is practiced again to the eighth level: I am alone, then a person will reach a state of vain and borderless... ..At that time, people's minds will be frustrated, and once something exciting happens, they will definitely lose their minds. At that time, even the reincarnation of Maitreya will not be able to save you!"

"Therefore, the old man is afraid that you will reach the eighth level, because if you do not grasp well, you will surely fall into the devil's path... Once you become a demon, under the heaven and the earth, you will surely be disgraced, your relatives, Everything about you will be destroyed by you..."

"If you are lucky enough to be able to penetrate the last level of gods and demons of the immeasurable Maha, you will surely be able to open the gates to the forbidden zone on the top of the Tianshan Mountains after passing through the Demon Circle... Uncover! The mystery under the Great Snow Mountain will eventually be revealed by you..."

When the mysterious gray-robed old man finished talking like this, Li Tian not only got excited in his heart.

He now finally understands why, when he is cultivating the Maha Boundless, he always feels strange...Sometimes, it seems that there is another self in his mind that is talking to him?

It turns out that Li Tian's practice has reached its limit, and the state of change in his body...

"Child, do you now understand why the old man is unwilling to let you cultivate the last two levels of the immeasurable Maha?" The mysterious gray-robed old man suddenly looked at Li Tiandao and said.

After Li Tian heard the mysterious gray-robed old man say this, Li Tian finally understood the mysterious gray-robed old man's good intentions. It turned out that everything was for his own good! In order to prevent yourself from being enchanted!

"Senior, thank you... It turns out that everything is for your own good." Li Tianzai said sincerely.

The mysterious gray-robed old man shook his head slightly.

"Although the old man wants to help you, but he has no choice but to make people... Hey, what should happen will happen one day, and what should happen will happen one day... But I only hope that you...you...you No matter what it looks like in the future, you must always remember who you are!" The mysterious gray-robed old man told Li Tiandao there.

Li Tian nodded deeply and said, "Old predecessor, Li Tian will definitely remember your words!"

"That's good, I hope this will work for you in the future...!" The mysterious gray-robed old man sighed.

"If you really become a demon in the future... then don't blame the old man for being ruthless." The last words of the mysterious old man were very small, and he almost didn't hear him.

Of course Li Tian couldn't hear it any more, standing silently beside the mysterious gray-robed old man.

"Child, let me ask you something." The mysterious gray-robed old man suddenly looked at Li Tiandao.

Li Tiandao: "Old man, may I ask."

"Child, are you faithful?" The mysterious gray-robed old man suddenly asked a strange question.

Li Tian smiled awkwardly and said: "I don't believe it...I think a person's life is in his own hands."

The mysterious gray-robed old man laughed blankly and said, "My child, has anyone told you what your life is like?"

Li Tian was taken aback, and shook his head: "No!"

"Hey..." The mysterious gray-robed old man suddenly let out a long sigh.

"Why did the old man sigh?" Li Tian asked in surprise.

Just listen to the mysterious gray-robed old man: "Because I'm afraid that sometimes, the fate of man has already been doomed by heaven!"

Li Tian stood there without speaking, not knowing whether he agreed with the words of the old predecessor or not, he just stood there silently anyway.

"Child, do you want to know what your fate is?" The mysterious gray-robed old man suddenly looked at Li Tian and asked.

Li Tian smiled and said, "Old man, you know?"

The mysterious gray-robed old man smiled slightly, and then suddenly stretched out a thin hand, pointing to the extremely clear sky and said: "Did you see the deepest lone star over the north?"

Li Tian was taken aback, and said: How can you see the stars in broad daylight?

He raised his head dubiously at this moment, and looked at the far north sky at this moment... This look made Li Tian deeply shocked right now!

Gosh!

He really saw it.

Above the sky, I actually saw a bright lone star in broad daylight, dazzlingly flashing there.

Li Tian was completely stunned. He thought it was incredible. He quickly rubbed his eyes with his hands. He thought he had made a mistake. But when he rubbed his eyes, he found that there really is a sky above the northern sky. A lone star flashed there...

"Old man...I really saw it, really saw it..."

"Oh my God, I really saw the stars in broad daylight..." Li Tian said in shock.

But seeing the mysterious gray-robed old man smiled slightly: "Everything in the world has its own constellation... Whether it is day or night, you can see the star to which you belong... And you, what you saw just now is what you hit The star, the star in the farthest part of the sky in the north, is called: the lone star of the evil sky!

Chapter 1654: Go against the sky

Lone Star: Fierce Star.

The law of the evil spirit begins in the stars, rises from Liuren, Qizheng, and approaches Ziwei, Ziping. But what is suspicious is that I read the book of numeracy, and I don't see this sentence. Ziwei Doushu is the most authoritative and comprehensive on Shensha. There is only Yinsha, the star of loneliness and loneliness. Although there is this star, the master is lonely, but if you mention the punishment of six relatives, it is a big fuss and cannot be used as an iron mouth Straightforward basis. The researcher Ziping Shensha is slightly enlightened. I think the so-called Tiansha Lone Star is a combination of Jiesha and Guchen.

The old saying goes: evil stars are martial arts extraordinary, six relatives have injuries, oneself is lonely, lonely.

At this moment, when Li Tian heard the mysterious gray-robed old man in front of him saying that he was the life of the lone star of the evil spirits, he was stunned for a moment.

With his eyes open, he looked suspiciously at the mysterious gray-robed old man in front of him.

"Old...old man... are you kidding?" Li Tian asked, not believing his fate.

But seeing that mysterious gray-robed old man looked at Li Tian with piercing eyes and said: "My child, do you think I am joking?"

Li Tian knew that the mysterious gray-robed old man was not joking.

But, is he really the life of the lone star of the evil spirit?

true or false?

Li Tian used to be in the small county town of Liaocheng when he was a child, and he heard the older generation talk about what is called the lone star of the evil spirits.

They said: The lone star of the evil gods is a fierce star. This kind of person is destined to be lonely and destroy his six relatives.

When these thoughts suddenly popped out of his mind, Li Tian was suddenly shocked.

He paused, his face dull and speechless.

"Are I really a lone star of Tiansha? Am I really destined to be alone in this life?" Li Tian muttered to himself.

The mysterious gray-robed old man in front of him looked at Li Tian at this moment, and couldn't help sighing slightly, as if even he was there sighing with emotion.

Then Li Tian suddenly thought of his parents!

"Oh my God, after I was born, my parents suffered disaster... All of this... Could it be... Is it because of my fate?" Li Tian suddenly muttered to himself with astonishment in those eyes. Talking.

The life of a lone star, overwhelming parents, overwhelming love, overwhelming friends...

Li Tian suddenly understood everything now.

"It's all because of me? It's all because of me?" Li Tian said to himself like crazy with blood red eyes.

The mysterious gray-robed old man saw Li Tian who was blaming himself and quickly persuaded him: "Child, it's not your fault! Everyone has everybody's life... This is the decision of God!"

Li Tian held his head tightly in those hands, looking up at the endless sky.

"day?"

"Is it all the so-called providence?" Li Tian suddenly roared frantically.

In the endless sky, it seemed that Li Tian's voice could not be heard.

I saw Li Tian standing under the boundless sky, staring angrily at the sky.

But seeing the sky above the sky, the storm is thunderous, and the sky is clear.

"Does God really want to ruin me?"

"Does God really want to kill me?"

Li Tian seemed crazy, completely crazy.

"Well, since even the sky wants to destroy me, Li Tian, then I, Li Tian, swear at this moment, from then on, I will go against the sky. If you kill me, I will break through the nine heavens."

"Sunday may not exist, and I may not perish against the sky!"

The voice of clank and iron bone roared from Li Tian's mouth. At this moment, endless blood burst into his eyes, standing under the endless sky, walking against the sky.

In the clear sky, there was a sudden thunder in a sunny day, and a click flashed past like a shaking world... as if the sky was angry.

At this moment, Li Tian is against the sky!

He stepped on the ground and looked up at the sky without any sense of fear.

The mysterious gray-robed old man next to him looked at Li Tian in front of him at the moment. He was deeply shocked there. He has lived for nearly three hundred years and has seen countless heroes, but he has never seen him. A child who dares to be angry at the sky?

Is he hate? what is this else?

The mysterious gray-robed old man in front of him not only trembled slightly in his tall body.

The thunder was ringing, and the billowing clouds suddenly surging up like darkness... The whole world seemed to be shrouded in a huge shadow instantly.

"Child, now that you have made your own decision, the old man seems to be powerless." The mysterious gray-robed old man suddenly sighed slightly.

Li Tian didn't speak, just stared at those eyes that seemed to be bleeding, and stood motionless there.

"Come on, boy, the old man will tell you something else, even if you are angry at the sky at this moment, the **** will not give you an answer." The mysterious gray-robed old man suddenly pulled Li Tian who was motionless.

Li Tian slowly wiped the blood from his eyes, then turned around and looked at the mysterious gray-robed old man in front of him.

"Old predecessor... You once promised me to tell my father if he is still alive... Now I want to ask, is my father really alive?" Li Tian suddenly turned his head and asked.

Cthulhu!

Once a domineering name, now silent for nearly 20 years, is the evil **** dead or alive now? I am afraid that the number of people in the world knows no more than one slap.

And the mysterious old man in gray robe is undoubtedly one of the most authoritative!

Because he is the master of the evil god!

After hearing Li Tian's question, the mysterious gray-robed old man suddenly became ugly, wrinkles on his face were countless years of wind and dust.

"Do you really want to know about your father?" The mysterious gray-robed old man in front of him suddenly looked at Li Tian and asked.

Li Tian nodded deeply there.

He has hardly seen his father since he was born. He doesn't know what his father looks like, and he doesn't know what his mother looks like. In his impression, only when night comes, he In the

dream, I can vaguely see the tall silhouette of a man. In the dream, the burly man standing in blood and fire...

Seeing Li Tianzai nodding his head deeply, the mysterious gray-robed old man in front of him suddenly sighed and said, "Hey, Nie Yuan!"

"Well, since you want to know, I will tell you."

"Father Kua is still alive!" A word came out of the mysterious gray-robed old man's mouth.

Kuafu?

Li Kuafu?

It was Li Tian's father's name, the real name of the evil god.

"Father is alive?"

"My father is really alive?" When Li Tian heard the news that the mysterious gray-robed old man said that his father was alive, he almost forgot about himself with excitement.

Just listen to the mysterious gray-robed senior continuing to say: "Yes!"

"But, kid, don't be happy too early... because so far, Kuafu's body can't move." The mysterious gray-robed old man suddenly said.

Chapter 1655: She disappeared!

Li Tian suddenly felt a little in his heart: "Old man, what is going on with my father? Why can't he move? Why?" Li Tian asked like crazy.

But seeing the mysterious gray-robed senior said: "This matter is a long story..."

"Presumably you should know the disaster your father suffered more than 20 years ago." said the mysterious gray-robed old man.

Li Tian nodded silently, and said: "Yeah."

"Back then, your father was... caught by... the gate of hell. They personally picked up your father's hamstrings and hamstrings, and abolished his lifelong martial arts, and then put him in a death row prison... At that time, he was practicing in retreat, so he could not be rescued in time. As a result, your father suffered the most painful torture in the world on death row... In the end, the old man went to rescue your father after he left the customs. When I came out to save your father, he had broken all veins and his body was dead... The old man exhausted his life ability and wanted to save your father. , It's only credible. Your father suffered too much, and all his tendons and hamstrings were cut off. In desperation, the old man could only use Liangyi Zhenqi to protect your father's heart, and then pay him a life. But his person? He has become a living dead!"

"Living dead?" After Li Tian heard the mysterious gray-robed old man really tell all the public cases 20 years ago, his anger and hatred were all filled in his heart, and his whole body was burned with hatred. Almost trembling, especially when he heard that his father had become a living dead.

"The living dead means that although your father is still alive, he is like a dead person. He can't move, cannot open his eyes, or say a word." The mysterious gray-robed old man sighed helplessly.

"How could this be? How could this be..." Li Tian suddenly roared there like crazy.

Scarlet tears of blood flowed from his eyes, and his legs fell to the ground with a thumping sound. His lifelong pursuit, he wanted to find his father, but now he heard that his father became a living dead?

"Where is my father? Where is he now..." Li Tian knelt on the ground and yelled with blood and tears.

The mysterious gray-robed old man looked at Li Tian in front of him and sighed slightly.

"Father Kua is now hidden by me in Tianshan." The mysterious gray-robed old man said.

"Tianshan?" Li Tian was stunned when he heard it.

The land of Tianshan is too far away.

"Why are you in Tianshan?" Li Tian questioned.

But listening to the mysterious gray-robed old man in front of him said: "Because there is a century of snow and ice in the sky, you can freeze your father's body... Only then can the Lord your father's survival be guaranteed."

Listening to the mysterious gray-robed old man saying this, Li Tian suddenly understood.

"My father...my father... won't he wake up for the rest of his life? He won't be able to move for the rest of his life? Can't see me?" Li Tian said painfully.

But the mysterious gray-robed old man in front of him frowned slightly, and then said: "This...not necessarily!"

"Although your father has become the living dead now, if his meridians can be reversed to allow blood to circulate throughout the body, I believe that in that case, he should be better."

When Li Tian heard this, he became excited.

"Old man, do you mean there is a way to cure my father?" Li Tian said in surprise.

The mysterious gray-robed old man said: "This...this, I am actually just an illusion... Hey, I saved your father for more than 20 years, but it has not been cured... I actually don't know if he can wake up... .."

"However, don't worry, child, there will always be miracles in this world. I believe that Kuafu will stand up one day." The mysterious gray-robed old man comforted him slightly in order not to hit Li Tianzai.

Li Tian is not stupid, of course he can hear the words of the mysterious gray-robed senior in front of him as comforting words.

After thinking about it, Li Tian didn't ask too much.

He just stood silently, his eyes filled with endless expectations and whispered: "How I wish to see him... How much I wish to be with him."

"Child, one day you will see him." The mysterious gray robe senior said.

Li Tian suddenly turned around, kneeling with his legs in front of the mysterious gray-robed old man, and then he banged his head three times and said, "Thank you, old man, for saving my

father...thank you old man for what he did. Everything, even if I, Li Tian, use my life to repay you, senior, I am afraid I can't repay you!"

The mysterious gray-robed old man saw Li Tian say this, smiled slightly, and stretched out his arm to help Li Tian up.

"The old man said that he doesn't like worldly formalities, get up quickly..."

As the mysterious gray-robed old man said so, Li Tian stood up.

"Senior, when will I see my father?" Li Tian said with endless expectations in those eyes.

In the past, Li Tian didn't know whether his father was alive or dead, but now he finally knew, he wished to see his father right away.

I just listened to the mysterious gray-robed old man thinking for a moment: "Almost..."

His "almost" sentence made Li Tian ambiguous, Li Tian didn't know what it meant.

After thinking about it, Li Tian couldn't help asking again: "Old man, do you always know about my mother? How is she? Is she alive?"

Li Tian knew that the mysterious gray-robed senior in front of him had great magical powers. Since his father was saved by this mysterious senior, what about his mother?

After Li Tian asked such a question, the mysterious gray-robed old man in front of him suddenly changed strangely.

Li Tian could see the strange change of the mysterious gray-robed senior's face at a glance. At this moment, not only did he suddenly stun in his heart, he blinked his eyes and looked at the mysterious gray-robed senior in front of him and asked: "Senior...what's wrong? Isn't my mother? What happened?"

After Li Tian asked in surprise, I saw the mysterious gray-robed senior turned his head slightly and looked at Li Tiandao: "Child, don't think about it... Actually, about the mother, I still don't know her. Where are you!"

When Li Tian heard the mysterious gray-robed senior in front of him say so, his head was completely stunned.

"My mother is gone?"

"What do you mean?" he asked in surprise.

I saw the mysterious gray-robed old man in front of him sighed: "In a great battle more than 20 years ago, that night, your father fought alone, holding you in his hands, covering your mother and others from escaping... It's a pity since After that night, you never saw your mother again! After saving your father, the old man traveled all over the world looking for news about your mother, but he couldn't find it."

After Li Tian heard this, his heart felt like being cut by a knife.

"That, that, that means, isn't my mother dead?" Li Tian said suddenly in pain.

But seeing the mysterious gray-robed old man stepped forward, there was no word.

Li Tian's heart suddenly hurt like a knife!

Mother is dead?

My mother is really dead!

Suddenly Li Tian collapsed and knelt on the ground, his whole body became desperate, and sad tears flowed from his eyes...

He always thought that his mother was still alive. He had dreamed of the familiar woman many times in dark dreams, and dreamed that she called: Tian'er's name, but now, Li Tianwan did not expect that she would die... It's dead...

Li Tian knelt on the ground in pain, his whole person seemed to be completely hollowed out.

The mysterious gray-robed old man looked at Li Tian who was so sad, and he was helpless at all.

The wife of the evil **** has indeed disappeared.

Chapter 1656: Go all over

Since the big battle 20 years ago, she hasn't been seen again...

Regarding whether Li Tian's mother is alive or dead, I am afraid no one knows now!

Li Tian knelt on the ground with his legs, only to feel that his heart seemed to be empty, his heartbeat seemed to have stopped, and he really couldn't accept the news of his mother's death. .

Finally, not knowing what happened, Li Tian's eyes suddenly went black, and he fainted suddenly!

He fell to the ground with a plop.

Looking at the fainted Li Tian on the ground, the mysterious gray-robed old man not only let out a long sigh, and then looked at the endless starry sky with a pair of dragons.

Muttered in his mouth: "Su Yuan, Nie Yuan!"

Binjiang City, Haocheng Hotel.

At this moment, the ghost servant took all the brothers who were still alive, as well as Ouyang Zhengtian, and Situ Xiong sitting in a room.

The whole space is filled with a sad, dull atmosphere.

Everyone keeps their heads down and does not speak.

Duguxie is gone!

This matter has been known to everyone so far.

There was nothing on the floor of the room except Duguxie's broken bronze sword.

The bronze sword that used to exude a sharp aura is like a piece of scrap iron, thrown on the ground... as if sighing.

The master has gone, perhaps as a broken sword, waiting for the fate of being abandoned.

Duguxie was the person with the highest effort in their revenge alliance, and it was precisely because of Duguxie that they have persisted until now.

But now, Duguxie is gone...

Where are they who stayed?

But in the room full of sadness, the ghost servant finally stood up.

His eyes were bloodshot, and at the moment he stood up, he glanced at everyone.

"Maybe everyone knows about my second brother's departure..." Ghost servant suddenly stood there and said.

Situ Xiong and Ouyang Zhengtian sighed slightly without saying much.

Tang Xiaolong, Hi Yo Xue Wuhen and others over there, stayed with a deep painful color on that face.

"I want to tell everyone... we... we... disband from now on!" Suddenly the ghost servant said.

Disband?

When hearing the word disband, the brothers in front of them not only looked at the ghost servant with shocked eyes.

And here, Situ Xiong and Ouyang Zhengtian were not only taken aback, but they looked at the ghost servant in disbelief.

"Master, you...you...you say disband?"

"Big Brother Ghost, what do you mean?" Tang Xiaolong in front of him and Xue Wuhen stared at him stupidly.

After asking the questioning voice of the brothers, the ghost servant did not speak, but stood silently for a few seconds.

Then he slowly raised his head and said, "I mean, starting today, everyone will live their own lives... Enmity, we can't avenge it!"

Live their own lives?

No more revenge?

Situ Xiong and Ouyang Zhengtian over there stared, staring blankly.

Listening to the ghost servant suddenly saying this, Tang Xiaolong stood up suddenly and stared at the ghost servant in disbelief.

"Master... don't we avenge the little boss? Don't we avenge the old man and the old man? Do you let the good brothers die in vain?" Tang Xiaolong stared with blood red eyes. Ghost servant said.

Xue Wuhen over there also stood up in shock and said, "Big Brother Ghost, we want revenge! We must take revenge for the blood of Big Brother... My life was saved by Big Brother... I Xue Wuhen said, as long as If I am dead, I must take revenge."

Hearing what the two said, the ghost servant turned a terrible grimace in an instant.

"Do you really think that we can take revenge with our current strength?"

"We are not the **** Long Yin opponent at all! Not the opponent of Hell Gate..."

"If you follow me, you will only die...you will only die for nothing..." the ghost servant said sadly.

Tang Xiaolong seemed to be willing to go out and said: "Even if I die, I have to ***** revenge! I must pay the blood of those gangsters."

"You stupid!"

The ghost servant has never been angry with Tang Xiaolong, but this time the ghost servant was angry, and he punched Tang Xiaolong in front of him. With a bang, he punched Tang Xiaolong's cheek hard. Tang Xiaolong's body staggered after being beaten, as if he almost couldn't stand...the corners of his mouth slowly flowed out of scarlet blood.

The brothers in front of them were all stunned when they saw the ghost servant actually make a move.

Xue Wuhen looked at Tang Xiaolong who was bleeding from the corner of his mouth and ran over quickly.

"Little Dragon!" shouted from his mouth.

But seeing that Tang Xiaolong didn't speak, didn't say a word, he didn't wipe the blood from his mouth, he just stood there motionless.

The ghost servant looked at the bleeding dragon at the corner of his mouth, and a distressed look suddenly flashed in his eyes, but the distressed look was only fleeting. He stood there and continued and said: "No matter what your heart is. What do you think? I have already made the decision. Starting today, we will all go to the world!"

After the sad word came out of the ghost servant's mouth, he suddenly turned around and left the room in front of him.

"Big Brother Ghost..."

Xue Wuhen screamed from behind, but the ghost servant never looked back.

Where are Ouyang Zhengtian and Situ Xiong who stayed in the room?

They also bowed their heads deeply, everyone was thinking about their own thoughts.

Why did the ghost servants disband their brothers? why?

This is the biggest question shrouded in the hearts of all brothers.

In the ghost servant's room, he was only seen sitting alone.

His grimace mask showed a solemn sense of sadness at this moment, and he still held the broken sword of Duguxie in his hand.

Suddenly a drop of cold tears rolled from his eyes, following the grimace mask.

He looked at the bronze broken sword in his hand and muttered: "Second brother...I finally know why you are leaving!"

"I know you can't bear to watch your brothers die one by one..."

"Today, I decided to disband my brothers... I hope that after I die, they... They can forgive me and they can understand everything..."

After the ghost servant said these few words silently, he began to pack his bags.

He is leaving!

He cherished the broken bronze sword of Duguxie and put it gently in his simple package.

A man, a broken sword, and a simple burden, he left the Haocheng Hotel.

When passing by the brothers' room, he couldn't help but glanced back. His seriousness was so reluctant, so grief... But after all, he turned around stubbornly and left.

Brothers leave, heartbroken.

How can he not hurt?

However, the road will continue to walk after all... Brothers are alive enough to surpass everything!

Chapter 1657: Surprise

The ghost servant is gone.

Just left silently.

Tang Xiaolong in the room seemed to be stuck with the whole person, sitting there stupidly with a godless expression on his face.

Xue Wuhen was also stunned.

Unexpectedly, the good brothers who were still together a few days ago suddenly had such a major change.

Senior Dugu is gone... now the ghost servant is also gone...

Only Tang Xiaolong, Chen Qiaozhi, Na Xue Wuhen, and Ouyang Zhengtian and Situ Xiong remained.

Can I get revenge?

Do they dare to take revenge with their strength?

Enemy: One is the mysterious gate of hell, the other is already enchanted: Long Yin!

Who can win it?

In the room, no one spoke, and no one spoke.

"What can I do now?" Just listen to that Xue Wuhen asked in confusion.

Tang Xiaolong in front of him raised his blood-red eyes and stood up: "What the **** can I do... all gone... all gone... no one will avenge the brothers, no one will avenge the little boss. !!!" Tang Xiaolong said angrily

"Then, then no revenge? That's the end of everything?" Xue Wuhen widened his eyes.

Tang Xiaolong's eyes were blood red, and roared there, "It won't be over!"

"Since Master and Senior Dugu are gone... then I will avenge myself! Even if I die alone, I will avenge the little boss and my brothers!"

Obviously, Tang Xiaolong is very emotional.

As Tang Xiaolong finished speaking, Chen Qiaozhi, who hadn't said much from beginning to end, finally spoke.

"Xiaolong, it's not that I said you are stupid. Sometimes, your brain is really **** bad!"

"Do you really think Senior Ghost Servant left like this? Really think he won't avenge Li Tian?"
Chen Qiaozhi suddenly cursed at Tang Xiaolong there.

When Tang Xiaolong heard this, he was taken aback for a moment, turned his head, and angered Chen Qiaozhi in front of him: "Sick ghost, what do you mean by him? My master...Master...have already left...Could it be...Could it be... "

Xue Wuhen next to him blinked at Chen Qiaozhi at the moment.

Just listen to Chen Qiaozhi saying: "Hey! When will your mind be able to open..."

"I'm telling you... The reason why Senior Ghost Servant did this is definitely to keep us alive... You all know that if we are going to avenge now, if we want to deal with that Long Yin, we will undoubtedly die... Senior Ghost Servant knows that with us we only have a dead end, so he chose to go, and then affirmed to take revenge on himself! Let us live... He did it just because he wanted us to live."

After hearing some words from Chen Qiao in front of him, Tang Xiaolong in front of him suddenly froze.

"You mean...my master...is the master preparing to avenge the little boss on his own?"

"He... he... was afraid that we would die, so he left?" Tang Xiaolong said with wide eyes.

Chen Qiaozhi nodded slightly.

"Ok!"

"Senior Ghost Servant is loyal. Like Senior Dugu, he has lived for the word loyalty all his life. His love to Li Tian may be heavier than us... Think about it, how could he leave? How can you not avenge Li Tian?" Chen Qiaozhi in front of him.

After hearing Chen Qiaozhi say this again, Tang Xiaolong suddenly regretted it.

He patted his forehead vigorously with his big, heavy fingers: "I'm so **** stupid... I misunderstood my master..."

Xue Wuhen on the other side said with excitement at this moment: "Qiao Zhi's words are not bad... Brother Gui will never leave alone because he is sentient and righteous. He must be worried about our safety, so he left."

"Unexpectedly, we all blamed Brother Ghost."

"What do we do then? What do we do now?" Tang Xiaolong stood there and said in confusion.

Then Chen Qiao said: "What else can I do? Hurry up and find Senior Ghost Servant!"

"Are we really going to watch Senior Ghost Servant go alone to find that Long Yin desperately? Aren't we going to help?"

Following Chen Qiaozhi's words, Tang Xiaolong suddenly stood up.

"Yes, yes, find my master!"

"I must find my master." Tang Xiaolong said there.

"Even if we die, our brothers will die together, even if we get to Yin Cao Hell, we can take care of each other!"

Now, apart from the fact that the brothers have no constitution, Ouyang Zhengtian and Situ Xiong are also in chaos.

Duguxie left, and now the ghost servants are also gone, what use are the rest of them?

The Situ family did not expect that they would suffer such a severe injury when they came to the gate this time. So many good players from the family died tragically. Even the loyal Deng Lao also died tragically by the **** gatekeeper! Now that Situ Xiong is alone and there are more than a dozen members under his banner, what can they do?

Ouyang Zhengtian is just like Situ Xiong! He doesn't have the ability to toss anymore. Most of the people he invited to help have died tragically, and now he is the only one left...

Do the two of them still want to turn against the sky? Still want to deal with that Long Yin, deal with that terrible gate of hell?

Do not!

They are not fools.

No one would do suicide, not to mention that they still have concerns in their hearts.

So they dispersed.

They also left.

Now in Binjiang City, only Tang Xiaolong, Xue Wuhen and Chen Qiaozhi are looking for ghost servants.

Did the ghost servant really go?

Are you really not avenging Li Tian?

Dry mountain!

At night, the mountain breeze was cold, and the cold wind blew towards the cave halfway up the dry mountain in front of me.

But seeing a person lying quietly in the cave.

He was Li Tian who was sad and over-fainted.

He hadn't waken up yet, and saw Li Tian still nesting beside a giant eagle. The giant eagle seemed to be asleep too, his huge head drooping, and then the eagle eyes were slightly closed.

In the cave, apart from Li Tian and the giant eagle in front of him, no one saw the mysterious gray-robed old man, and no one knew where the mysterious gray-robed old man went.

But he said that Li Tian was sleeping quietly, at this moment, his whole body suddenly began to agitate, and at the same time, there was an extremely disturbed look on his face.

Is he having nightmares again?

Yes.

Since his fainting passed, his head has been constantly thinking about it, and at this moment he is also having a very strange nightmare.

He heard the cordial voice again in his dream, and that voice whispered in his ear: Tian'er... Tian'er...

That voice was so gentle and so kind, Li Tian was in the chaos, and tears fell drop by drop.

"mom....."

"Mom..." Li Tian suddenly screamed and woke up from his dream.

Chapter 1658: Learn from

After he suddenly woke up from the nightmare, he found that his whole body was completely wet with cold sweat.

There was a painful face on his face, and the tears were still on his cheek... sitting in the cave with a violent breath.

He dreamed of his mother again, dreaming of the familiar voice, and his heart began to hurt like a knife.

But he said that Li Tian's soberness also woke up the giant eagle beside him.

The giant eagle tilted his head, his two yellow eyes opened, and then his huge wings fluttered twice... The wind blew the gravel in the cave.

quack! quack!

After seeing Li Tianqing awake, the giant eagle not only kept screaming around him.

Li Tian wiped the tears on his face, then sorted out his emotions, and slowly looked at the dark cave in front of him.

"This is where?"

"Why am I here?"

"Where is that mysterious gray-robed senior?" Li Tian couldn't help thinking to himself, as he thought in his heart, he got up from the ground.

When the giant eagle beside him saw Li Tian stand up, he quacked and followed him forward.

It was said that after Li Tian arrived at the entrance of the cave, he discovered that the sky was completely dark, no wonder the cave was so dim.

After Li Tian looked at the sky in front of him, he walked back to the cave in front of him again.

"Senior Eagle, which senior? Where did he go?" Li Tian looked at the giant eagle beside him.

He knew in his heart that the giant eagle in front of him was extremely clever and could understand human language.

After Li Tianwen asked, the giant eagle suddenly croaked a few times, and then pointed at the outside of the cave with the right wing... as if to say: The mysterious gray robe senior has gone outside...

Seeing the giant eagle's behavior, Li Tian smiled slightly.

"Oh, I see, thank you Senior Eagle." Li Tian said with a smile.

The giant eagle flapped its wings, as if comforting.

Li Tian found a place, and then sat down quietly, thinking about what happened during this period.

Now: The people at the gate of **** are in Binjiang City, and the **** perverted Long Yin... They are all the biggest enemies in my life, and I must take revenge!

Li Tian thought of these questions in his heart, and then thought of his good brothers.

How are Duguxie, Ghost Servant, Xiaolong... Li Tian really wants to see his brothers and tell them about his life, but there have been blunders in the process, so far I haven't seen any of them. .

With a deep sigh, Li Tian continued to stay in the dark cave.

After staying for a while, Li Tian felt a little bored, so he sat cross-legged and began to slowly cultivate his qi.

Just when Li Tian began to cultivate true energy, suddenly the giant eagle beside him suddenly yelled at Li Tian "quack, quack".

Li Tian was taken aback, looking at the giant eagle in front of him, and asked incomprehensibly: "What happened to Senior Eagle?"

Following Li Tian's question, the giant eagle in front of him suddenly screamed, and then a huge wing hit Li Tian like an iron wall.

Li Tian was shocked, his body skills moved quickly, and immediately avoided the past.

After evading, Li Tian looked at the giant eagle and said, "Senior Eagle...Could it be...are you going to learn martial arts with me?"

In fact, Li Tian's guess is not bad.

The giant eagle has lived for more than a hundred years at least, and I heard that the mysterious gray-robed old man said that this giant eagle is extremely powerful, and ordinary masters cannot be the opponent of this giant eagle. Now, the giant eagle sees Li Tian A person was cultivating there, so he wanted to do it with him.

But he said that after Li Tian uttered that question, the giant eagle in front of him "quacked" and his huge head nodded there at the same time.

Li Tian has never played against an animal before. At this moment, seeing this senior eagle really want to fight against himself, after thinking about it, a smile appeared on the corner of his mouth and said: "Okay, since senior Eagle wants to learn from me, then I, Li God will accompany Senior Eagle!"

As Li Tian finished speaking, Li Tian attacked the giant eagle with a backhand.

Li Tian was afraid that he would hurt the giant eagle when he took out his palm too hard, so he deliberately used very little internal energy, which was light and light.

But when Li Tian attacked the giant eagle with such a light and fluttering palm, the giant eagle in front of him seemed to see that Li Tian had deliberately let himself go, and immediately screamed, and a huge wing suddenly dazzled. A strong wind blasted toward Li Tian's palm.

Li Tian didn't pay attention, but was shocked by the fierce energy of the giant eagle, and almost fell to the ground, unable to help but step back several steps...

"What a strong inner strength." Li Tian looked at the giant eagle in surprise! He really did not expect an eagle to be so powerful.

At this moment, he didn't dare to be too careless, and looked at the giant eagle unblinkingly.

The giant eagle succeeded in a move, and at this moment its body shook suddenly, and its two steel wings waved towards Li Tian again.

Li Tian is now clever, and dare not take it lightly, so he used 60% of his power to avoid the fierce blow of the giant eagle in the past, but saw the two wings of the giant eagle sweeping on the big rock on one side. , The big hard rock was shattered to pieces by the giant eagle.

After Li Tian flashed past the giant eagle's attack, he turned his head and hit the giant eagle's back.

Li Tian thought that he could definitely hit the giant eagle with this palm... But he didn't expect that when Li Tian hit the giant eagle with a palm, the giant eagle didn't even look back and kicked back with one foot. .

Li Tian was stunned and kicked a huge eagle claw. The claw was as sharp as a steel knife... Seeing that the tragic Li Tian was about to be caught by the eagle claws of the giant eagle, Li Tian snorted and he was in the air. An upside down quickly flew back.

After flying back, he was more and more shocked in that heart!

OMG, this senior eagle is really a master of masters.

At this moment, I don't dare to look down on the giant eagle in front of you anymore...Hurry up and stare at the giant eagle in front of you.

But seeing that the giant eagle quacked with excitement after making Li Tian frustrated twice.

Li Tian's triumphant heart rose, and his luck spread all over his body, and then he swung his tail towards the giant eagle with a move of the dragon. The giant eagle was so clever that his body soared past Li Tian's blow, followed by two sharp claws. All of a sudden, he grabbed onto Li Tian's body.

Because of the huge physique of the giant eagle, its two sharp claws are also extremely huge.

At this moment, when he was grasping Li Tian's body, Li Tian swept back while shielding his whole body with the supreme infuriating energy, and then followed a move: the spring breeze was blowing in the willows, and the giant eagle's claws flashed elegantly.

This time, the giant eagle didn't get any cheaper.

Looking at the giant eagle that was empty, Li Tian smiled.

Chapter 1659: Kill a person

On the contrary, the giant eagle did not look very happy. Suddenly, a wing flapped over. With a fierce wind, Li Tian did not insist on this move. Even though his body flew up, a somersault fell behind the giant eagle. Back up. .,

After being dropped on the back by Li Tian, the giant eagle was now depressed, his huge body began to rush around him, and his whole body was shaking constantly, as if he wanted to shake Li Tian off... ..

But what about Li Tian? Both hands firmly grasped the feathers on the giant eagle's back, and then rode on the giant eagle, without killing it.

Shameless.

The giant eagle was dropped on his back by Li Tian. Of course he couldn't attack. He screamed and screamed in the cave, but Li Tian was riding on the giant eagle's back and couldn't survive...

When they were arguing, suddenly a hearty laugh came from the entrance of the cave.

"Xiao Hei...Don't make trouble!"

Following the sound, a gray-robed old man with white hair and beard came out of the cave entrance.

After he walked out, the giant eagle greeted him with "quack" and "quack".

What about Li Tian? After seeing the mysterious gray-robed senior coming in, he quickly dropped from the giant eagle to the ground.

"Old man...you are back." Li Tian respectfully said to the mysterious gray-robed old man.

The mysterious gray-robed old man looked at Li Tian who was full of red and smiled and said, "Are you awake?"

"Yeah!" Li Tian said awkwardly.

Then he saw the mysterious gray-robed old man walking slightly towards the cave.

Li Tian followed behind, and as he walked, he asked curiously: "Old man...You just went out?"

After the mysterious gray-robed old man walked to the center of the cave, he found a stone and slowly sat down, and the giant eagle beside him was now beside the mysterious gray-robed old man.

"Well, just went out to do something." The mysterious gray-robed old man answered Li Tiandao after sitting down.

"Old predecessor...Are you the legendary old man Wuji?" Li Tian asked suddenly, with a fiery look in his eyes.

When the mysterious gray-robed old man heard Li Tian suddenly say this, his brows couldn't help but frowned.

"Why do you suddenly ask the old man this question?" The mysterious gray-robed old man said lightly.

Li Tian thought for a while and said: "When I was in the rivers and lakes, I heard people say that there is a legendary senior whose name is Wuji...According to your old age and superb kung fu accomplishments, presumably You are the old man of Promise."

After Li Tian said this, the mysterious gray-robed old man suddenly burst into laughter, his voice reverberating, echoing in the cave for a long time.

"What's the use of the last name? What's the use of the first name... After a thousand years, will it turn into a pile of loess? To be honest, sometimes even the old man himself forgets who my last name is..." the mysterious gray-robed old man said loudly.

Li Tian heard the mysterious gray-robed old man say this, and he had already determined that the old man in front of him was indeed the legendary old man: The Promise Old Man!

At the moment, respect is there and said: "Old Wuji..."

Wuji, Wuji, I never thought that the old man in front of me was really the legendary Wuji old man.

The old man Wuji faintly waved his hand and said, "I still like to hear you call me senior."

When Li Tian heard the old man Wuji say this, he said, "Well, since you like to listen to it, senior, then I will call you senior."

"Well, that sounds good."

"Old predecessor, I still remember when you first told me one thing, you once said, let me kill someone for you! Senior, do you remember this sentence?" Li Tian suddenly remembered Say it there.

Kill someone?

Yes, when the old man Wuji first appeared next to Li Tian as a mysterious person, he did say this, and he specifically told Li Tian that he could only say that he wanted to kill when Li Tian became powerful. who's that person!

Li Tian's strength has now grown to a certain extent. Although it cannot be said that Guan Jue Tianxia is comparable to the old Wuji in front of him, in general, except for the more perverted characters in the world, there is basically no one in the world. It is Li Tian's opponent, so Li Tian will ask this question.

After Li Tian suddenly asked such a sentence, the old Wuji in front of him suddenly choked violently...It was as if the person Li Tian said in his mouth made the old man Wuji very shocked.

Looking at the weird look on the old man Wuji's face, Li Tian couldn't help but lining up: Could it be said that there is anyone in the world that can move this legendary old man? God, who is he?

But he said that after Li Tian asked that sentence, the old man Wuji didn't speak any more, just opened a pair of eyes strangely, looking at the dark cave...No one knew what his eyes were looking at.

Finally, after a long time, the old man Wuji suddenly sighed, his eyes filled with a weird look of pain, and then turned his head to look at Li Tian: "Yes... the old man did say this. ."

"Old predecessor, you have a life-saving grace for me, and besides, you are still my father's master. If you say to kill someone, Li Tian will kill this person even if I go through fire and water in this life!" Li Tian said firmly. .

Listening to Li Tian's determined words, there was a weird bitter expression on the corner of the old man Wuji's mouth. This bitter expression made Li Tian very puzzled... He couldn't understand the old man Wuji's mind.

"Haha..." The old man Wuji suddenly smiled melancholy.

"Senior, please tell me, who is the one you asked me to kill?" Li Tiandao asked.

The old man Wuji said: "Don't ask, why do I want you to kill this person?"

Li Tiandao: "Old predecessors have a great reputation and are as good as a Buddha. If you always want me to kill, you don't need to think about it. They are definitely sinners."

Listening to Li Tian's words, the Wuji old man murmured, "Hey, what you said is not bad at all... He is indeed a heinous sin, he is indeed damned!"

When the old man Wuji murmured this sentence, Li Tian heard that there was a sense of grief in the voice of the old man Wuji.

This makes Li Tian feel very skeptical? What's going on? How did you mention the person who was going to kill, how could this old Wuji show such a deep feeling of sadness? Li Tian really didn't understand.

"Child, do you want to know why the old man wants you to kill this person?" Only the old man Wuji suddenly looked at Li Tian and asked.

Angel Li nodded vigorously and said, "I want to..."

He only listened to the old man Wuji and said, "Since you want to know, the old man will tell you!"

Chapter 1660: I'm leaving

"Because it's that person... he killed Kuafu and ruined Kuafu's life." Hearing the words of the old man Wuji suddenly said, his voice was full of sadness.

But what about Li Tian?

He was stunned for a moment when he heard his father's name.

what?

"My father... him? He? He killed my father?" Li Tian was completely shocked there... His eyes were filled with speechlessness.

But seeing that the old man Wuji murmured when he saw Li Tian's face showing such a painful expression: "Yes, it's him, the man the old man wants you to kill, and the life of Kuafu he killed. "

Li Tian's mind was full of shock, full of unbelievable.

Own father? Wasn't it killed by the people at the gate of hell?

How could... how could this be?

Could it be that the old man Wuji wanted me to kill? ? ?

"Old predecessor... the person you asked me to kill, could it be that he is the master of the gate of hell?" Li Tian asked suddenly.

How clever Li Tian is!

Of course he figured out the cause and effect all at once.

After he asked in such a surprise, the old man Wuji nodded silently: "Yes, it is him."

After the old man Wuji suddenly admitted, an invisible anger rose from Li Tian's heart.

"I must kill him! I must kill him myself."

"It was him, it was him who killed my father, who killed my father's life, and my mother... I will find him and kill him even if I reach the ends of the world," Li Tian said with infinite anger in his heart.

The old man Wuji looked at Li Tian's crazy face, without words, just sat there blankly.

Li Tian didn't expect that the person that this old Wuji had been letting himself kill was the **** gate master...At this moment, a weird thought not only rose from his heart.

Since Senior Wuji hates the master of the **** gate, why didn't Senior Wuji kill the **** demon early?

Could it be said that even the old man Wuji couldn't beat the master of the gate of hell?

Impossible, absolutely impossible!

It is not that Li Tian has never heard of the legend of the old man Wuji, his skill has already reached the level of gods...in the world, I have never heard of the old man Wuji defeated by anyone!

Conversely, many demon giants in the world have fallen under the hands of the old man Wuji...So the old man Wuji can't beat the gatekeeper of the **** gate, this idea is not true!

Li Tian was thinking about these questions secretly... and the more he thought about it, the more strange it became.

After Li Tian thought for a while, he not only asked.

"Senior, there is a question, I don't know if I should ask..." Li Tian looked at the old man Wuji.

The old man Wuji mumbled and said, "Ask."

"Old predecessor, since the sect master of the gate of **** is so damned, why didn't the old predecessor kill him by himself?" Li Tian asked.

Following Li Tianwen's exit, the face of the old man Wuji changed strangely.

After seeing the weird changes in Senior Wuji's face, Li Tian was not only stunned, and said: It seems that there is nothing wrong with his guess... It turns out that Senior Wuji really has something unspeakable.

But why is it all? why?

Li Tian looked at the old man Wuji quietly at this moment.

I saw the old man Wuji did not speak, nor did he speak too much. He just sat there quietly. His face was wrinkled and wrinkled, which seemed to make people feel an indescribable sadness...

The giant eagle beside it seemed to feel the sad state of mind of the old man Wuji, and suddenly quacked twice there, and then pressed the head of the big eagle against the shoulder of the old man Wuji...

"Don't ask, I can't kill that person anyway." He just listened to the old man Wuji suddenly impatiently saying.

Li Tianyi heard the irritable mood of the old man Wuji, and immediately did not dare to ask too much.

It's just that his heart is getting more and more suspicious, what kind of weird connection the **** gate master seems to have with the Wuji senior in front of him... If not, how could the Wuji senior in front of him show such an extremely weird look? ?

Li Tian, who thought so in his heart, didn't dare to ask too much, just stayed there.

But what about the old man Wuji?

A person raised Long Yan's eyes and looked at the dark distance, not knowing what he was looking at.

This night, it seemed that the cold air was particularly cool, and the cold air faintly blowing in from the entrance of the cave pierced the bone marrow.

Li Tian didn't dare to question too much this night because he was afraid that the old man Wuji would be unhappy.

What about the old Promise?

After experiencing that incident, I stayed quietly all night. Sometimes, Li Tian could see him muttering some unintelligible words there, and sometimes he could see the old man Wuji sigh deeply... ...

No matter what, this tormented night was finally over.

The sky finally lit up gradually.

A brilliant golden looming slowly rose from the horizon, and the sun came out.

When the sun slowly rose from the horizon, the old man Wuji flicked the dust off his body slightly, and then slowly stood up, standing with his hands on his back, looking up at the rising sun, he suddenly said something meaningful. Words.

"It would be great if things in the world can be reincarnated like sunrise and sunset."

Li Tian on one side stood there, listening to the old man Wuji saying this, he didn't quite understand, but he didn't ask too much, just stood quietly behind the old man Wuji.

After saying those words, the old man Wuji took a breath of fresh air, and then suddenly turned his head to look at Li Tiandao: "My child, this time the old man was born to tell you the immeasurable things about Maha. On the one hand, it is for your father to find the world spirit grass. Now I have done both things... The old man should go."

When he suddenly heard the old man Wuji say he was going to leave, Li Tian suddenly thumped.

"Senior... Are you leaving?"

The old man Wuji stood there and nodded, then reached out his hand to touch his white beard and said, "So far, the old man only wants to cure your father's disease... so I have to go back."

"Senior, I will go with you! I want to see my father!" Li Tian suddenly said excitedly there.

He wanted to see his biological father. He wanted to see him, even if Li Tian knew that the evil **** was the living dead... but he wanted to see him.

But after Li Tian said his thoughts in this way, the old man Wuji suddenly shook his head and said, "No, now is not the time for you to meet."
