

## A Killer 1691

Chapter 1691: Strange breath

But seeing that his body is like a ghost, so fast that people can hardly see his speed. I don't know what happened, and he suddenly came behind the two disciples of hell, and then his hands made moves like lightning, one The hand gripped the neck of one of the disciples of \*\*\*\*\* strangely and terribly, and the other hand gripped the other side's veins.

In a blink of an eye, the two disciples of \*\*\*\*\* who were standing next to the door hadn't realized what was going on, they were quickly slaughtered by Li Tian.

There was absolutely no delay in his release.

The ghost servant was shocked when he saw Li Tian rushing up by himself, thinking: Young Master is too bold, right? In case one accidentally missed his hand just now, the two of them would immediately be exposed to the sight of the gate of hell, besides, they are now in the place, it is impossible to escape? So the ghost servant was very scared.

But still did not expect Li Tian to be able to solve the two at such a speed, and even the slightest sound was not made.

The ghost servant was completely stunned when he saw Li Tian's shooting speed, and he secretly said: Oh my God, when did the young master become so powerful?

It turns out that since Li Tian's "fake death" three months ago, the ghost servants and Dugu had never seen Li Tian who had been trained by Maha Wuliang, so the ghost servants in front of them were so shocked.

After quickly solving the two disciples of \*\*\*\*\* who were guarding the door and wearing black robes, Li Tian slowly dragged the two corpses towards the dead corner here.

When the ghost servant saw Li Tian dragging the two corpses here, he was taken aback and hurried up to help. The two quickly dragged the two dead disciples of hell.

After dragging it over, Li Tian pointed his finger at the dead two on the ground and said, "Hurry up and change your clothes."

When the ghost servant heard Li Tian suddenly say this, he was not only startled.

"what?"

For a while, the ghost servant didn't understand what Li Tian meant.

After he paused, he suddenly woke up.

"Oh...I understand." The ghost servant said with a smile.

While talking, he started changing clothes quickly.

It turns out that Li Tian and the ghost servants used "to hide from the sky and cross the sea". After they quickly changed into the plackets of the two disciples of \*\*\*\*\* in black robes, they not only looked at each other, and then swaggered towards it. The door of the middle room walked past.

The disciples of the disciples of \*\*\*\*\* standing in the courtyard here did not even look at them, and continued to stand in the courtyard one by one.

After Li Tian and the ghost servants pretended to be the disciples of the \*\*\*\*\* disciples came over here, they carefully glanced at the inside of the room at the moment.

I saw that the room was empty and there were no people.

Li Tian glanced at the secret door on the left wall, and suddenly said there, "Go, let's go in and take a look."

The ghost servant nodded, and then followed Li Tian in front of him to the secret door step by step.

After the two reached the secret door, they took a cautious look around, and when they were sure that no one had found them, they saw Li Tian slightly stretched out a hand and pushed open the door in front of them. .

A pungent \*\*\*\*\* smell suddenly poured into Li Tian's nose.

When he smelled this tangy \*\*\*\*\* smell, Li Tian couldn't help frowning.

"What's going on here? How can there be such a huge smell of blood?" Li Tian said inwardly.

Thinking like this in my heart, I walked step by step towards it.

The ghost servant behind him also followed him closely.

After the two entered the secret door, they realized that the space of the secret door was huge. It was a long and narrow passage, and the \*\*\*\*\* smell came from inside.

Li Tian took the ghost servant and walked forward cautiously step by step.

Just as the two were about to walk through this passage, there was a sudden voice in front of them, and accompanied by that voice there was a painful groan... The voice seemed weak and painful, and it was obviously tortured. Only those who don't look good can make such a painful gasp.

When hearing such a weird sound of pain and torment, as well as the voice of speaking, the ghost servant and Li Tian in front of him were shocked.

"What's going on? Who is being held here?"

"Listening to the gasping voice, this person is definitely about to be tortured to death..." Li Tian and the ghost servants secretly said in their hearts.

Just as they were thinking this way, the voice of speaking came over.

"Elder sister, don't look at this dead person...boring, let's go out." A nasty woman's voice came out.

At the moment that the hateful woman's voice came, another cold and vicious voice also came out.

"Ok."

Then they heard their footsteps suddenly approaching Li Tian and the ghost servants.

Li Tian and the ghost servant were depressed when they heard the footsteps suddenly approaching them.

Because this passage is relatively long, and there is only one passage at the moment, it is impossible to avoid or return...

After thinking about the situation in the shortest amount of time, the two immediately calmed down.

It seems that they are going to bite the bullet and pretend to be the disciples of the gate of \*\*\*\*\* this time...

Hope not to be recognized by those two women.

After making this decision, seeing Li Tian and the ghost servants, he tightly covered his face with the black robe and hat, and then walked forward slowly.

At this moment, the two women also slowly appeared in the passage.

But seeing these two people is the "big sister" and "Lan'er" ugly woman.

After they walked over, they saw the vicious eyes of the two of them taking a look at the oncoming Li Tian and the ghost servant.

Then Li Tian and the ghost servants had their heads low, so the two terrible women simply glanced at them, and did not pay much attention to them, but slowly walked past Li Tian and ghosts Servant's side.

After they walked past Li Tian and the ghost servant in this way, the ghost servant and Li Tianzhen were reminded of how nervous they were, and they couldn't help sighing once they passed.

"It's great, it was not discovered by those two women." This is what Li Tian and the ghost servant are thinking together.

At the moment when the two of them couldn't help being secretly happy, they said that the "big sister" with the mole on the face of the two women who had passed by suddenly stopped.

Her eyes became gloomy and terrifying in an instant, while taking a deep sniff, her mouth suddenly murmured: Strange breath?

Chapter 1692: Escape battle

"You two, stop." Just after she smelled the "unfamiliar breath", cold words suddenly came out of her mouth.

The voice passed directly into the ears of Li Tian and the ghost servant who were walking toward the passage.

Li Tian, who originally thought he had escaped the danger, and the ghost servants, never thought that the two women would have discovered the clues at this moment, and they were shocked at first: broken...could they be discovered?

After Li Tian and the ghost servant heard the woman's vicious voice, they could only stand there motionless.

Let's talk about the "big sister" over there and the girl named Lan'er, who turned around and walked towards the two of them.

As I walked, I just listened to the "big sister" coldly asking, "Who are you? You belong to that department? Look up and let me see your faces." Only the woman with a mole on her face Li Tian, who stared in front of him unblinkingly, said the ghost servant.

Li Tian and the ghost servant knew that they had been discovered.

At this moment, he could only stand there calmly, silent, and did not answer the woman's words.

"Say? Are you dumb?" The short ugly woman beside the "big sister" said fiercely.

At this moment, they had already walked towards Li Tian and the ghost servants. ,

I saw that Li Tian and the ghost servant remained silent, without words.

Suddenly, the two terrifying women stopped, their eyes full of death and murder, looking at Li Tian and the ghost servants in front of them.

They seemed to feel that something was wrong, and at the moment they seemed afraid to move forward.

"Unexpectedly, someone could break into our \*\*\*\*\* gate. It's amazing, amazing." Suddenly the woman with a mole on her face spoke with a sneer, and her face became slightly distorted. Up.

The short and ugly woman on the other side stared at Li Tian and the ghost servant in front of him coldly at this time, showing her murderous aura.

"Don't you show your true face?" The woman with the mole on her face suddenly looked at Li Tian and the ghost servant sneered.

After seeing through Li Tian and the ghost servant all at once.

Li Tian didn't say anything at the moment, he turned around suddenly, his left hand was full of zhenqi, and the Xuantian \*\*\*\*\* of index finger and \*\*\*\*\* suddenly broke out.

The fierce and cold \*\*\*\*\* was like a whistling bullet, and it shot at the "big sister" and "Lan'er" ugly woman quickly and absolutely.

While attacking suddenly, he suddenly said loudly to the ghost servant: "Go!"

"leave here."

Seeing the ghost servant also took advantage of this moment, his body suddenly swayed, and he used the extremely violent steps of the ghost shadow, and then began to move forward.

When the "elder sister" and the "Lan'er" girl saw Li Tian's breaking air \*\*\*\*\* approaching them, the two women turned around very quickly at the same time.

Puff, puff.

The two powerful Xuantian fingerings did not hit the two women, but all shot on the icy wall, and the icy wall was shot out of two big holes in an instant.

"Looking for death." Angrily yelled, but the "big sister" figure suddenly rushed over.

With two hands, ghostly like electricity, they grabbed Li Tian's face door and throat at strange speed.

The tricks are vicious and vicious, and he is really a master of masters.

Lan'er, another short and ugly woman, attacked the ghost servant over there.

Let's say that Li Tian faced the woman's rush, his right hand slammed forward, with an invisible palm, shaking away the cruel claws of the "big sister", and then the "Shenlong Detective Hand" with his left hand suddenly grabbed it. "Eldest Sister"'s shoulders.

After the "big sister" realized that the opponent she faced this time was an unprecedented master, she didn't dare to be careless at the moment and swept back.

Then with a strange whistle, his hands attacked strangely again.

Her claw moves are extremely powerful, and every move is filled with sullen air. If such a terrifying claw move is really caught on human flesh, I am afraid that all the flesh and blood will be caught alive.

Li Tian didn't insist on the "big sister"'s aggressive tricks, but took a few steps back later.

The woman's horrible claws did not catch Li Tian, but instead caught on the cold and hard wall, so the hard wall was caught by her claws and deeply cracked...

Li Tian evaded the claws of the "big sister" with more than ten tricks, suddenly roared, and his energy was suddenly exposed, then attacked with his right hand, and kept attacking the "big sister" with more than ten tricks.

Facing the menacing Li Tian, the "big sister" was also forced to retreat again and again.

The "eldest sister" gradually realized the extreme toughness of the characters faced this time, and the more frightened the Vietnam War.

And the ghost servant over there has already handed over "Lan'er".

The low woman doesn't look surprisingly ugly and ugly, but her skill is very high. In the passage, you can only see her dark shadows covering the ghost servants.

The ghost servant greeted her with both palms, and did not fall under the wind, but held against the low woman.

Just as they were fighting, the outside master of the gate of \*\*\*\* had already heard the movement inside, and at this moment, he could hear a lot of footsteps rushing here.

When Li Tian heard the successive footsteps coming here, he whispered: No.

If these two women are entangled in this way, once the disciples of the \*\*\*\* gate all rush in, even if they have great abilities today, it is difficult to escape?

After thinking like this in his heart, Li Tian immediately retracted his hands, and then the supreme zhenqi quickly filled his whole body, one move: the universe was unified, and the qijin suddenly rushed out of his palms.

The domineering wind hit the two black-robed women like a tornado.

But seeing that "elder sister" and "Lan'er" never thought that Li Tian should have such a strong energy, a person who did not pay attention to being shaken by Li Tian's "Universal Unity" made him retreat again and again at the same time. Live in general.

Then Li Tian took advantage of this opportunity and slid his body forward, yelling to the ghost servant as he slid: "Go, it will be too late if you don't go..."

Of course, the ghost servant knew the terrible consequences of not leaving, and immediately followed Li Tian and fled outside.

As soon as they arrived at the secret door, they ran into two disciples from \*\*\*\* who were running in.

Li Tian didn't hesitate at all, and shot with both palms.

With a bang, the domineering palms directly shattered the hearts of the two disciples of \*\*\*\* in front of them, and then the two disciples of \*\*\*\* wailed, their bodies flew back with a bang, fell to the ground, and died.

Li Tian then rushed outside with the ghost servant.

Unfortunately, when they arrived outside, they suddenly discovered that there were already many disciples of \*\*\*\* surrounding them. Li Tian looked at the situation and immediately took the brunt and attacked the first disciple of hell.

Chapter 1693: Escape to heaven

The disciple of \*\*\*\* greeted him with the palm of his hand. Li Tian leaned out on one side of his body, then his right hand suddenly reached out, grabbed the opponent's elbow, and twisted hard, but he heard the crisp sound of broken bones, and then he heard a scream. .

At this time, the ghost servant could only fight head-on with the disciples of the gate of hell.

"Ghost servant, you go first, I will break it for you." Li Tian said to the ghost servant while knocking off one of the disciples of hell.

The ghost servant looked at Li Tiandao: "But, young master, what do you do?"

"Just leave first, don't worry about me." Li Tian said while fighting.

After the two palms knocked off the two oncoming disciples of hell, they suddenly swept to the side of the ghost servant and blocked the \*\*\*\* disciples who were besieging him for the ghost servant.

The ghost servant knows that Li Tian's strength has far surpassed him. Although he is not at ease with Li Tian, he knows that if he himself is trapped here, he will not only be able to help Li Tian, but indirectly harm him. Li Tian.

So after thinking about it briefly in his mind, Li Tian could only bite the bullet and said, "Okay, I will go first."

"Young Master, you must be careful..."

After the ghost servant finished speaking, he resorted to the ghostly shadows and benevolent methods, and then slid up the wall in front of him at a very fast speed. In a blink of an eye, he was already outside.

Although a few disciples from the gate of \*\*\*\* chased after him, it would be a little difficult to catch up with the unparalleled ghost servant.

At this moment, when the ghost servant left like this, Li Tian was surrounded by many \*\*\*\* disciples.

And the "big sister" and the ugly woman "Lan'er" have also been driven out of the passage.

At this moment, all surrounded Li Tian in front of him.

"Damn, let them run away." The eldest sister roared when she saw Li Tian alone.

The Lan'er girl beside her stared at Li Tian in front of her with vicious eyes.

"The rest of this must not let him leave alive." She said, staring at Li Tiandao in front of her.

Li Tian was deeply surrounded at this moment and felt a little headache. Looking around at this moment, I saw that there were more than 20 disciples of \*\*\*\* around him, and there were two nasty women guarding him.

Can Li Tian escape?

"kill him!"

A fierce voice suddenly came from the mouth of the "big sister".

But seeing more than a dozen masters of \*\*\*\* gates, they all rushed towards Li Tian.

Although Li Tian's martial arts is extremely good, how can he resist the combined attack of a dozen masters at once? At the moment, his body quickly dodged.

But just after Li Tian dodged, the \*\*\*\* gate master here suddenly attacked him again.

Li Tian had no choice but to dodge again.

At the same time, looking at the opportunity, one move eliminated the disciple of \*\*\*\* who rushed to the front.

Right now, Li Tian is surrounded by layers, even if he has a special skill, but there is still time to display it? After all, he only has two hands and two feet.

At this moment, Li Tian really looked very embarrassed, being chased and killed by so many \*\*\*\* gate masters.

After Li Tian was forced to go to a corner of the room, he roared, his palms attacked out, and the terrifying palm force directly shook the four disciples of \*\*\*\* wearing black robes.

The disciple of the gate of \*\*\*\* who had been shaken out let out a scream, and flew back.

The rest of the disciples of \*\*\*\* continued to attack without fear of death.

"Who is this person? How could he have such a great skill?" The "big sister" who stood aside watching the situation with cold eyes suddenly whispered.

The other ugly woman beside her shook her head in silence. It was obvious that she didn't know Li Tian either.

"No matter what, he must die today." The eldest sister suddenly said again.

I saw that Li Tian flew two disciples of the \*\*\*\* gate again, but he was eaten on his arm, and he was hit by a \*\*\*\* gate disciple with a vicious head.

Li Tian didn't care about his injury, what he was thinking about now was how to get out of here alive.

But facing the siege of so many masters from the gates of hell? Can he escape?

Seeing that Li Tian saw more and more disciples at the gate of hell, and when the two martial arts women over there did not make a move, he knew that he must not drag on like this...

Because once the time is dragged on for a long time, he will be even more exhausted by that time, and his skill will be greatly reduced. Once that time, if he wants to escape here alive, it will be extremely difficult.

After thinking this way in Li Tian's mind, he suddenly hit a disciple of \*\*\*\* who rushed forward in one palm, then folded his hands on his chest, and at the same time closed his eyes slightly, just like an old monk entering the meditation Buddha, his mouth suddenly read Out of strange words.

Seeing that dozens of \*\*\*\* gate masters around had already rushed towards him together.

But as soon as they pounced, Li Tian's eyes opened sharply.

The devil's palm appears, and the world moves.

The palm of the hand in the supreme heavenly book pill scroll.

The infinite black demon aura immediately filled Li Tian's whole body, and his whole body seemed to be enveloped with an extreme demon enchantment, and the turbulent black aura made all the disciples of the \*\*\*\* disciples around him shocked.

Even the "big sister" and the ugly woman Lan'er were completely stunned.

Looking at Li Tian's terrible clutches.

The endless black aura filled the entire space, and the vast power directly shattered all the things in the entire room...

With a bang, the world seemed to have been completely shaken.

With a loud bang, only a few screams burst out from the room, 78 \*\*\*\* gate masters could not stand Li Tian's extreme clutches, and they were shocked to fly out, with a bang, one by one. He fell to the ground, groaning in pain.

And many other \*\*\*\* gate masters were shocked by the powerful energy, and even the "big sister" and Lan'er from outside seemed to be unable to bear such powerful palms, and their bodies suddenly turned towards Two steps back.

What about Li Tian? Also taking this opportunity, he suddenly soared into the sky, his body soared into the air, jumped out of the room in front of him, and then quickly rushed towards the outside.

"Want to go?"

When the eldest sister saw Li Tian trying to escape, she immediately chased Li Tian, her claws fiercely attacking Li Tian behind her.

Li Tian quickly turned his head when he heard the wind coming from behind, but saw the terrible claw trick of the "big sister" quickly grabbed it. Li Tian couldn't stop this trick because he was in the air. He braced himself and flashed. Blocked the ferocious claws of the "big sister" with his back.

But hesitated

With a sound, the fierce claw moves did not catch on Li Tian's heart, but on Li Tian's back. Li Tianshen was in midair only feeling a hot pain from his back, but he did not care. Not so much, and then raised his breath again, his body continued to fly out.

And what about the "big sister"? Although he succeeded in one move, he did not survive Li Tian after all.

She fell from the air, and Li Tian's blood was covered in her right paw...

Raising a pair of extremely gloomy eyes, looking at the figure of Li Tian that is getting further and further away, he roared: "Damn!!! Let him escape..."

Chapter 1694: Scary shadow

In the dark and deep alley, I saw a figure walking fast.

He is fast, as fast as a phantom.

This person is the ghost servant who escaped.

Besides, after the ghost servant escaped from the control area of the \*\*\*\* gate, he stopped in the dark alley, and then looked at the direction behind with a worried face.

He was worried about Li Tian and whether he could escape.

Quack, quack, quack!

Suddenly, while the ghost servant was waiting for Li Tian with an extremely anxious mentality, a strange crow suddenly came from behind.

The crow's cry was terrible, especially in this dark and deep alley. The cry had an indescribable strange and terrible feeling.

Besides, after the ghost servant suddenly heard the scream of death crow coming from his back, he was so frightened that he couldn't help turning his head suddenly.

But at the top of the wall in a section of the dark alley behind him, a lonely and weird crow fell on it, staring at himself with a pair of commanding and terrifying eyes, and continuing to croak, croak, croak while looking at him. .

Looking at this weird crow, an extremely cold and terrible feeling suddenly rose in the ghost servant's heart.

Everyone knows that crows are evil stars, whoever meets them may be unlucky.

In the hearts of some older generations, this crow is even more symbolic of death.

How could such a weird crow suddenly pop up in such a place at this moment? This not only made the ghost servant deeply horrified.

But seeing the ghost servant looking at the lone crow on the wall, feeling strange in his heart, so the ghost servant was ready to drive away the strange crow.

Just when he was about to drive the crow away, the crow fluttered and flew away suddenly, flying towards the endless darkness.

Looking at the crow flying away, the ghost servant couldn't help letting out a slight sigh, and said in his heart: How did you encounter some strange things today?

Just as he was thinking like this in his heart, suddenly a lonely shadow stood motionless not far from the front.

No one knew when the black shadow appeared, let alone what it was.

When the ghost servant subconsciously saw such a lonely figure suddenly appear in this dark alley, the whole person became cautious.

"Who?" Ghost servant asked in a daze.

But the lonely figure in front didn't answer his words, but just stood there.

Because the night is too dark, the ghost servant is not sure whether the strange shadow in front is a human or a ghost, and even more uncertain whether it is a male or female.

The only thing that can be seen dimly, it seems to be a figure standing there alone and lonely.

Besides, after the ghost servant asked and the other party did not reply, the ghost servant was taken aback and continued to ask: "Hey, what do I ask you, who are you?"

Besides, the figure in the dark remained motionless, and did not answer the ghost servant's words.

The ghost servant felt more and more weird. At first it was an extremely weird crow screaming, and now suddenly a weird figure like a dead corpse appeared standing in the deep alley in front. This situation made the past bold. All of the ghost servants felt a little strange.

After the opponent continued to remain silent, the ghost servant began to carefully look at the black shadow in front of him, and at the same time accumulated the energy of the whole body in preparation.

If something goes wrong, the Ghost Servant will definitely take action.

I don't know why, when the ghost servant looked at the motionless figure in front, he only felt that the surrounding air seemed to be condensing bit by bit. At the same time, even the ghost servant himself felt more and more The feeling of choking.

After a pause, the ghost servant suddenly felt more and more difficult to breathe, as if all the air here was drained.

"Energetic!"

"So strong Guihai Qi." The Ghost Servant noticed it all at once.

Guihai Jinqi: It is an invisible mental method that hurts people with qi, and walks with qi. This is the kind of Jinhai Qi.

After the ghost servant suddenly felt that the opponent was relying on extremely powerful internal force to control the surrounding breath, he was immediately stunned.

Because as far as he knows, only Big Brother Cthulhu could achieve this terrifying ability, except for Cthulhu, I am afraid it would be difficult for the world to find such a person with such abnormal strength...

The ghost servant was shocked thinking like this in his heart, while hurriedly mobilizing the inner strength of his whole body, and then resisted the extremely powerful breath of suffocation.

His face was pale, and he exhausted all the strength of his body to support the terrifying suffocation.

Suddenly, the weird shadow in front of him moved suddenly.

Floating towards the ghost servant like a ghost.

His feet didn't seem to fall on the ground at all, as if the whole person was walking in the void, floating straight toward the ghost servant in front of him.

What about the ghost servant? At this moment, he was exhausting all his body's energy to block the suffocating aura around him. There was still time to fight the "ghost shadow" floating towards him. At the moment, he opened a pair of horrified eyes and looked at the figure that was getting closer.

"Twenty years... Twenty years...Unexpectedly, we will meet again." A solemn, domineering voice came out of his mouth.

Then his figure swallowed towards the ghost servant little by little.

In the dark alley, after hearing his voice, the ghost servant suddenly felt like a lightning strike in his heart.

Because he suddenly remembered this voice, a voice he would never forget for the rest of his life.

Then he thought of someone...think of a villain who murdered the evil \*\*\*\* and their brothers twenty years ago...

"It's you..." a shocked word came out of the ghost servant's trembling mouth.

"You...you...are you really born?" The Ghost Servant said with a trembling voice in fear.

The "ghost" suddenly laughed wildly.

"Unexpectedly, after so many years, you will still remember my voice...haha."

In the endless darkness, I saw the eyes of the ghost servant gradually widening, widening...

And what about that terrible dark figure? But bit by bit, the ghost servant was devoured alive.

The ghost servant fell into endless despair, and he suddenly stopped struggling, because he himself knew that in front of this "monster", even if he exhausted all his abilities, he could not break free of control...

The ghost servant's face began to twist slowly, and the fear in his eyes seemed to see the devil in the dark hell...

Then in the endless darkness, he heard a sudden scream.

Then the whole darkness fell silent.

He can no longer be seen in the dark alley... and at the same time the terrifying "ghost" just now can not be seen.

Chapter 1695: He finally appeared

What about Li Tian?

Li Tian had already escaped from the heavy guard of the \*\*\*\* gate at this moment.

Although he suffered a bit of injury behind his back, this did not affect him at the moment.

After seeing him escape the position of the gate of hell, he hurriedly used the fastest body technique and flew towards the endless dark alley.

He is looking for the ghost servant, find the ghost servant.

But just as his body had just swooped into this dark alley, he suddenly heard a "scream" coming from a few hundred meters ahead.

"The voice of the ghost servant!!!"

When suddenly he heard the scream that resounded through the entire darkness, Li Tian suddenly shook his heart, and an extremely bad premonition suddenly surged from his heart.

"Didn't the ghost servants have escaped first?"

"Why...how... will his screaming sound be heard from the front place?"

"Besides, the screaming sound is frightened... with such a weird feeling?"

The more Li Tian thought about it, the more things went wrong, he had to go over and see the situation quickly.

Take a look at what happened to the ghost servant.

After thinking like this in his mind, Li Tian suddenly stretched out his figure desperately and began to rush towards the place where the screams came from.

He faintly felt that something bad might happen.

Because he has known the ghost servant for such a long time, to be honest, he has never heard the ghost servant scream so horribly.

Could it be the ghost servant killed?

"No, no, absolutely not." Li Tian told himself over and over again.

Li Tian, who was thinking this way, became more and more afraid.

At this moment, not only did he move his figure extremely quickly, but also flew quickly towards the sound of the scream.

He said that Li Tian quickly arrived at the place where the ghost servant screamed, but when he came, there was nothing in the entire dark alley...

There is no shadow of that ghost servant at all!

After Li Tian arrived in the dark alley, he immediately looked around, and then he felt something wrong with the surrounding atmosphere.

There is still an extremely strong energy faintly in the air...

After Li Tian suddenly felt that extremely powerful energy, he was stunned for a moment.

"There are high-ranking people." An idea suddenly rose from his heart.

Because Li Tian could feel that perverted energy, it was definitely the second extremely terrifying energy he felt besides the old man Wuji... Although that powerful energy only left a small part in the air, Enough to make Li Tian shocked.

Feeling the extremely powerful and supreme aura, Li Tian suddenly became scared.

"Did the ghost servant meet a master?"

"Did this master with perverted energy killed the ghost servant?"

...

The more Li Tian thought about it, the more he was afraid, facing the dark alley, he suddenly shouted there.

"Ghost servant..."

"Ghost, where are you?"

It's a pity that his voice is like a stone sinking into the ocean, and it disappears instantly.

In the silent and dark alley, there was no echo at all.

Li Tian stayed there in despair, with a painful expression on his face saying: "How can this be...how can this be?"

"who is it?"

"Who killed the ghost servant? Who was it?" Li Tian roared like crazy in the endless dark alley.

Suddenly when Li Tian was screaming here with painful emotions, a gloomy strong wind suddenly blew from behind.

murderous look!

What a murderous look.

Li Tian suddenly turned his head when he felt the cold murderous aura surging from his back.

"Who?" Li Tian exclaimed with a loud shout.

Then he saw a mysterious and terrifying black figure standing at a distance of about ten meters in front.

The black shadow stood there motionless, unable to see his face or his face.

But Li Tian could feel the extremely powerful and supreme aura from the opponent.

"Like, too similar." Suddenly weird words came from the other side's mouth, standing there.

His voice was full of kingly aura, and the aura in his whole body shocked Li Tian. It was an aura that Li Tian had never seen before, similar to the legendary old man Wuji.

That mysterious man actually said that Li Tianxiang? Like who?

Li Tian heard the strange figure in the darkness suddenly muttering so, and immediately shouted angrily, "Who are you?"

"Did the ghost servant be killed by you?" Li Tian's fists clenched tightly as he furiously vented, glaring at the mysterious shadow ten meters ahead.

Besides, the mysterious shadow didn't pay attention to Li Tian, but still stared at Li Tian.

"Years and winds are fleeting. I didn't expect that the baby left over 20 years ago has grown up now. It's ridiculous and ridiculous." The mysterious black shadow suddenly muttered to himself.

His words are like talking to himself, and his voice is full of a strange feeling of vicissitudes.

When the mysterious shadow suddenly said this, Li Tian was stunned for an instant.

With such a turn in my mind, I was shocked at the moment, could it be him?

Is the enemy?

Is the master of the gate of hell?

If it weren't for him, how could he say such weird words?

"You, you, are you the master of the gate of hell?" Suddenly a shocked word came out of Li Tian's mouth.

He opened his eyes wide and looked at the black shadow man in front of him in disbelief, and there was nothing else in his eyes except for the deep disbelief and anger.

"Unexpectedly, you could recognize me." The dark figure in front of him suddenly laughed wildly.

The sound was thunderous, and the sound of laughter pierced the entire night.

Li Tian was stunned when he heard that the other party suddenly admitted his identity.

"You \*\*\*\* killed my father... It turns out that the enemy I have been looking for is you." Li Tian suddenly couldn't help the \*\*\*\* anger in his heart roaring.

The black shadow in front suddenly sneered: "Little baby, don't be careful about your words. If I hadn't let you make a living, you would have been to \*\*\*\* hundreds of times."

"You bastard, the devil... you killed my whole family and killed my brother. Even if I die today, I will fight with you." Li Tian's eyes have begun to turn blood red, and all his energy is condensed in his body. Among them, it seemed as if he was ready to go up to the dark shadow at any time.

"Only you?"

"Haha, father Li Kua wasn't my opponent back then...you?" the mysterious shadow man suddenly said to Li Tian dismissively.

Chapter 1696: surprise

"Fate!"

"I want to avenge my family and my brothers."

A roar suddenly burst out from Li Tian's mouth.

He finally couldn't help it.

After such a long time, Li Tian finally saw his real enemy, how could he hold back the fire in his heart? So he has to shoot, he has to work hard.

But the whole body energy that had already accumulated in his whole person, like a volcanic eruption, rushed toward the \*\*\*\* gate master in front of him.

The terrifying and vast aura filled his palms, attacking the \*\*\*\* gate master with a strong force.

But seeing the \*\*\*\* gate master standing ten meters away in the darkness, when he saw Li Tian rushing, the corner of his mouth just gave a cold smile.

Then the arm of his right hand suddenly lifted, and a suffocating invisible energy suddenly hit Li Tian.

The gloomy energy with a biting cold aura, when it hit Li Tian's mighty true energy, a loud bang suddenly erupted.

The huge collision of energy seemed to shake the whole world.

Li Tian retreated all over...Flew out of the range of that energy impact.

But see that terrifying \*\*\*\* gate master? But standing there motionless, like the horrible palm of the hand just now, the master of the gate of \*\*\*\* was completely indifferent.

Li Tian's instant shock was there. Although his heart was full of hatred, he realized at this moment that the horror of the \*\*\*\* gate master in front of him was far beyond his imagination, and even more enchanted than that. After that, Long Yin was even more perverted and more powerful.

"Good boy, worthy of being the son of Li Kua's father. It is so gratifying to be able to have such a great skill at such a young age." The \*\*\*\* gate master who stood in the dark without even moving suddenly sneered.

Li Tian listened to the \*\*\*\* gate master saying this, and was even more annoyed right now.

"Go to hell."

Accompanied by his loud shout, Li Tian shot again, and his whole body was filled with: Rashomon: The nine types of skill were displayed.

This Rashomon's unique knowledge is the supreme martial arts of the Dark Duanmu family, especially Rashomon: Nine Types, it is the hegemony among the domineering.

But when he used the Rashomon Kungfu all over his body, the master of the gate of \*\*\*\* didn't even look at him, his hands suddenly gathered in front of his chest, and then a strange energy appeared in his palm. The totem, the totem of vigor became more and more weird, and it turned more and more. When Li Tian's body was bullied, the master of the gate of \*\*\*\* suddenly pushed forward with both palms.

Vast energy burst out from the palm of his palm, and the strange circular totem flew towards Li Tian's chest.

Li Tian had never seen such a weird Kung Fu before, and was shocked immediately.

The body quickly jumped up, avoiding the strange totem that struck him.

As Li Tian flew up and down, the weird totem continued to strike him as if it were spiritual.

Li Tian saw that this totem was able to chase him, and was shocked immediately.

"Ten Jue Sword Qi!"

Then when he was forced to do nothing, he could only use the old man Wuji's Maha Boundless.

At the moment when Ten Jue Sword Qi came out, his whole body turned into a sharp sword, and his whole body was enveloped with a layer of sharp sword Qi...

Then his hands suddenly waved in the air, and an invisible sword aura horribly slashed towards the vigor totem of the \*\*\*\* gate master.

But listening to a muffled sound in the air, Li Tian's sword aura smashed the vigor totem of the master of the \*\*\*\* gate... there was nothing in the void for a moment.

Li Tian then swept his body in midair and fell back to the ground.

What about the master of the gate of hell?

Suddenly he couldn't help looking at Li Tian in surprise in the darkness, and suddenly muttered, "Ten Jue Sword Qi?"

"You kid using Maha Wuliang?" a sudden burst of shouting roared from the \*\*\*\* gate master's mouth.

His voice was full of anger, full of unbelievable Li Tian staring in front of him.

Li Tian was stunned when he heard that the master of the mysterious \*\*\*\* gate in front of him suddenly saw his martial arts.

he?

How could he know that he was using the old man Wuji's Maha Wuliang? why?

Just when Li Tian was surprised, the master of the gate of \*\*\*\* suddenly roared and asked, "How did you learn the immeasurable Maha?"

An angry word suddenly came out of his mouth.

Li Tian did not answer the words of the master of the gate of hell, but stared at him coldly.

"Ten Jue Sword Qi... No Sword Jue, I didn't expect that your savvy kid is quite high, and even the old man's No Sword Jue can be realized." The \*\*\*\* gate master continued coldly.

Listening to the master of the gate of hell, Li Tian was shocked.

Why is he so familiar with Ten Jue Sword Qi?

And you also know No Sword Jue?

Also, who is the "old man" he just said?

Could it be...

Could it be that...he knew the legendary old man Wuji?

"You... devil, know the old man Wuji?" Li Tian asked angrily now.

The \*\*\*\* gate master was in the darkness, and after hearing Li Tian suddenly say this, he burst into laughter.

The laughter was like Li Tian told a big joke.

Li Tian didn't understand why the master of the gate of \*\*\*\* was laughing, and was stunned.

"What is your devil's smile?" Li Tian said.

But seeing that \*\*\*\* gate master suddenly said coldly: "How do I know him? I..."

The master of the gate of \*\*\*\* said half of the words, and did not continue.

"Years have passed, so many years have passed, I didn't expect that he would even pass on Maha Wuliang to his son..."

"He is really kind to your Li family." Suddenly the master of the door of \*\*\*\* sighed there.

There was envy and resentment in his voice...

After Li Tian heard his words, his puzzlement became more and more strange.

He couldn't help but secretly said: What the \*\*\*\* is this damned devil talking about? How do you listen to his words, as if his relationship with the old man Wuji is extremely familiar?

"What the \*\*\*\* are you talking about?" Li Tian couldn't understand the words of the master of the gate of \*\*\*\* at the moment, and asked angrily there.

But seeing the \*\*\*\* gate master in front of him suddenly said: "You kid don't know anything... don't know anything... even thinking of revenge?"

"Hmph, since he can treat your Li family so well, I will let him take a look with his own eyes and see your Li family die one by one, one by one under my hand."

As the sect master of the \*\*\*\* gate suddenly said this, the endless dark murderous aura suddenly covered his whole body.

Li Tian immediately felt the darkness and murderous aura coming over his face.

The master of the gate of \*\*\*\* was angry, he was really angry.

He looked like he was going to kill Li Tian.

Li Tianguan focused on his whole body and didn't dare to be careless at all, because he knew that the person he faced this time was a terrifying person he had never seen before... even more powerful than the enchanted Long Yin.

"I want you to die in the Li family, and I want the evil \*\*\*\* to have no descendants." After the terrifying words were spoken from the mouth of the master of the \*\*\*\* gate, he suddenly flew up and doubled. The palm was extremely strange and attacked towards that Li Tian.

The natural horror aura mixed with a fierce energy, lethally attacked Li Tian.

Although Li Tian had practiced the immeasurable Maha, faced with such a rare and weird move as the master of the gate of hell, he did not dare to be careless at all, and suddenly dodged himself.

Chapter 1697: The same trick

The master of the \*\*\*\* gate was like a black python, as Li Tian quickly avoided it, and then followed him.

Li Tian was helpless, his whole body shook, and then he used his ten tactics sword aura again in his hands, and Ling Li's sword aura slashed towards the \*\*\*\* gate master.

But seeing that the master of the gate of \*\*\*\* didn't even evade, he didn't know how to raise his right hand, an invisible palm energy immediately shattered that Li Tian's sword energy, and then he backhanded "the dragon raises his head" to take Li Tian's neck straight .

Li Tian waved his hand to dodge the vast move of the master of the \*\*\*\* gate, and then made another move with his right hand, two sword auras stabbed out invincibly.

The master of the \*\*\*\* gate dodged his body, and quickly escaped Li Tian's blow.

With a palm of his backhand, he attacked Li Tian with an extremely cold and gloomy atmosphere.

To be honest, Li Tian didn't dare to insist on this trick.

Because he understood that he could never catch this domineering palm.

Even if it is the one who makes the Maha Boundless: the universe is unified, the true energy may be difficult to stop.

So Li Tian quickly dodged and backed away... Within the range of the palm that he quickly avoided, but seeing the \*\*\*\* gate master slapped a palm on the dark void, with a bang, the entire surrounding air seemed to be shaken. It has to be shaken.

Then Li Tian thought he had avoided the fierce palm of the \*\*\*\* gate master, but he never expected that suddenly at this knot, the \*\*\*\* gate master suddenly flashed in front of Li Tian.

Li Tian was stunned, and quickly moved his hands to resist the \*\*\*\* gate master in front of him, but it was a pity that he was still a step late.

As his left hand just stretched out, a cold hand of the \*\*\*\* gate master suddenly grabbed his arm. Li Tian was shocked and wanted to withdraw his arm. Unfortunately, the \*\*\*\* gate master had already clasped it. The vein of his wrist...

Li Tian's entire arm instantly felt no strength.

Just after Li Tian's wrist was grabbed by the \*\*\*\* gate master, the \*\*\*\* gate master raised his right hand, and a fierce palm energy hit Li Tian's chest suddenly.

But seeing Li Tian's scream, his body flew upside down like a sandbag... With a plop, his whole body hit the hard wall, and then fell to the ground.

The corner of Li Tian's mouth was slowly covered with blood... he couldn't stop gasping and climbed up from the ground with difficulty.

He is not the opponent of that \*\*\*\* gate master at all.

The world is so big, I'm afraid that no one can be his opponent besides the legendary old man Wuji.

At this moment, Li Tian climbed up from the ground with his mouth full of blood, raising his bloodshot eyes and glaring at the \*\*\*\* gate master in front of him.

"How? You know you are not my opponent at all, right?" Hell gate master suddenly laughed wildly.

"Even if it's your father, he won't necessarily be able to defeat me... just by you? Still wanting revenge?" The master of the gate of \*\*\*\* said rampantly.

He couldn't see his face clearly in the darkness, only the black robe covered all over him, and the suffocating cold voice.

Li Tian wiped the blood from the corner of his mouth with difficulty, and said with blood-red eyes, "Even if I die, I will fight you today."

As he roared out, Li Tian rushed over again.

Exercising the energy of the whole body, he continued to attack more than ten palms.

It's a pity that every palm was easily dodged by the master of \*\*\*\* gate.

The master of the gate of \*\*\*\* stood with his hands on his back completely as if he was joking, and sneered there.

"Come on? Come on revenge?"

"I was the one who killed your father back then... I killed him the Cthulhu... You killed me? Have the ability to come and kill you? Revenge for your father?" The master of the gate of \*\*\*\* laughed wildly. He got into Li Tian's ears.

Li Weather's blood flowed out of his eyes, and the internal injury on his chest made his blood surging, as if he would vomit blood at any time.

what

With a loud scream, Li Tian suddenly used the tricks in the heavenly book pill scroll.

Gu Wu: Gossip.

There is yang in yin, and yin in yang, if it goes retrograde, it can reach the sky.

The Supreme Heart Technique in Guwu Bagua Boxing.

After Li Tian used the gossip on the Heavenly Book Pill scroll, the \*\*\*\* gate master suddenly brightened his eyes at that moment.

"Tianshu Danshu, gossip pictogram fist?"

After the master of \*\*\*\* saw the effort Li Tian had done, he was not only surprised at that.

My heart lining secretly: So, this kid actually knows the ancient martial arts on the Tianshu Danshu? He even understood the meaning of tadpole text?

impossible? How could this be? How could even this kid understand the supreme martial arts on the heavenly book pill scroll?

Could this kid also be the reincarnated evil star?

With this thought in his mind, Li Tian had already attacked.

Li Tian's tricks are fluent, with yin and yang in his tricks, which change strangely and fast.

But even if Li Tian used the martial arts on this Heavenly Book Pill Scroll, it was still difficult to hurt the \*\*\*\* gate master in front of him.

Every move and style of Li Tian, the \*\*\*\* gate master seems to have been expected, every time before Li Tian changes his tricks, the \*\*\*\* gate master has already used tricks to force him back.

Li Tian felt that he was about to collapse, and he was completely manipulated by the master of the gate of hell.

It was as if Li Tian couldn't escape the palm of the master of \*\*\*\* gate even if he had great abilities.

With a bang, after Li Tian failed to hit the \*\*\*\* gate master with one move, he was counterattacked by the \*\*\*\* gate master with three strokes, hitting him on the chest in a row.

Li Tian only felt that his chest was about to explode, and bursts of tingling felt like fire...

He knelt on the ground, panting hard, blood dripping from the corner of his mouth flowed down his neck.

"Smelly boy, how do you understand the heavenly book pill scroll? And how much do you understand the contents of the heavenly book pill scroll?" With the \*\*\*\* gate master screamed, suddenly his dark figure arrived. Li Tian's front.

Li Tian's mouth was bleeding constantly at this moment, his whole body was completely defeated, his body was choking, and his mouth could not stop gasping.

But he did not admit defeat at all, and in front of him was the person he hated the most, the greatest enemy.

With blood-red eyes, he was like a beast at this moment. He suddenly roared and exhausted all the strength of his body. Suddenly his palms shook and he slammed his chest toward the dark and devilish gatekeeper of the \*\*\*\* gate. .

Devil's palm.

No one knows what the name of this technique is, and no one knows whether this technique was created by the god-level predecessor. of.

I only know that when this clutch appears, the situation changes at this moment.

The turbulent darkness attacked the main gate of hell.

"Devil's palm?" Suddenly the \*\*\*\* gate master screamed when he saw Li Tian's terrifying palms calling at him.

Then he smiled directly on his face. ,

"Well, since you want to use the martial arts on the heavenly book pill scroll, then I will play with you."

Following the \*\*\*\* gate master roared, then his hands were suddenly the same as Li Tian's palms, completely wrong, and then an extremely fierce wind palm burst out from the \*\*\*\* gate master's palm. .

Gosh!

His palms were exactly the same as Li Tian's palms, without any change.

They both used the same trick?

Chapter 1698: Tianshan, Snow Lotus Peak

After the master of the gate of \*\*\*\* also used the "devil's palm" at once, even Li Tian was completely sluggish there.

He looked at this terrible and weird gatekeeper of \*\*\*\* in disbelief.

How could he use this extreme "devil's palm"?

Moreover, it was obvious that the extremely "devil's hand" in the hands of the master of the gate of \*\*\*\* was far more fierce and mighty than his own.

But seeing the \*\*\*\* gate master with a grinning smile at the corner of his mouth, the black hostility of the whole body is obviously more dignified than Li Tian's hostility, the horrible palm technique seems to come from hell, and the billowing darkness towards Li Tian Rushed.

Li Tian used all the energy of his body to fight to the death at this moment.

In the dark void, only two black shadows were entwined like a giant python, and the heavens and the earth seemed to change completely in an instant...

Suddenly, there was an explosion in the dark void.

But seeing the two extremely powerful energies banged directly into each other with a bang, the strong energies produced directly seemed to become a huge tornado, with a weird and incredible force in the middle of the two at once. It spun suddenly.

All of the surrounding cold floor tiles seemed to be shattered by the strength... the bricks, stone chips, all started to rotate in the air with the vigor of the shock.

With a bang, a huge muffled sound came from the rotating energy.

Following the muffled sound, the black aura on Li Tian's side was suddenly completely swallowed by the clutches of the master of the \*\*\*\* gate.

After Li Tian felt the breath of his clutches swallowed up by the \*\*\*\* gate master all at once, his whole person seemed to be emptied of all the strength of his body, and he couldn't use any more strength.

"Darkness is boundless, the dragon reappears."

A violent sound suddenly roared from the mouth of the master of the \*\*\*\* gate.

But seeing his bursting voice sounded, the terrifying black aura in the dark sky suddenly converged into a "dragon", a hideous and terrifying dragon.

The black dragon is all concentrated energy, extremely violent, and the whole body is steaming black energy.

The black dragon is back!

The moment Li Tian saw the black devil dragon, he seemed to feel death...The dragon seemed to come from the underground Nine Heavens Abi Hell, with a breath of death all over his body.

The dragon is born, the space is torn,

Roar

The scream of a dragon that ruined the world suddenly came out from the black dragon's mouth, and then all its dark bodies rushed towards that Li Tian, and the fierce dragon head with a mouthful of fangs bite towards Li Tian's body.

Li Tian only felt that he was going to waste.

His body couldn't use any more energy.

Watching the dark dragon biting at him, his head was stunned, without any consciousness, and then the whole body was completely wrapped in the dark body by the dragon, as if swallowed. .

Heaven seems to be blocked.

Even the earth seemed to be completely swallowed by darkness.

In the energetic sky, Li Tian's body had already fallen to the ground over there like death.

In the dark sky, the body of the magic dragon gradually turned into a cloud of black mist, and the gatekeeper of the \*\*\*\* gate stood in the darkness with a strange smile on his mouth, faintly looking at the ground lying motionless. That body...

He didn't speak any more, just glanced at the body lying in front of him, then stretched out his five fingers, a strong suction force, directly sucked Li Tian's body...

Then, with a vertical movement, he turned and disappeared into the boundless darkness with Li Tian's body.

The night was finally quiet.

In the night of death, there was no sound, only the suffocating aura lingering in the dark space still lingered there.

Li Tian would never have thought that he would meet his biggest enemy in his life: the master of the gate of \*\*\*\* under such circumstances.

And the most regrettable thing is that so far, Li Tian has not seen the true face of Lushan, the master of the gate of hell.

Tianshan, a legendary mountain called the world of ice and snow.

There are too many ancient legends about Tianshan.

Some people say that the hills of the Tianshan Mountains were originally a plain area. Later, because of the fission of the earth, the ice sheet and snow layer in the innermost part of the earth suddenly rose up overnight. The area of the hills was still the top ten largest mountain ranges in the world.

It is also said that Tianshan is a miracle left over from the glacial century.

...

There are countless legends about this.

The Tianshan Mountains are still a natural miracle of the world.

It, the mountain range that it spans is enough to shake the whole world, it has thousands of miles of ice and snow all year round, it still has the highest mountain in the world, and the world-class holy water of the Tianchi...

There is a saying in the ancient poem: The bright moon rises out of the Tianshan Mountains, and among the vast sea of clouds, it is the most majestic mountain in the Tianshan Mountains.

Because that majestic mountain resembles a blooming snow lotus, people call it Snow Lotus Peak.

Xuelian Peak is more than 6000m high, and there are more than a dozen large and small peaks around him, as well as 5000m above sea level. Xuelian Peak has an ancient legend. It is said that it was the top of the Tianshan Mountain by the Nuwa Empress. Then I saw the ice and snow here.

Qingming, so I just discarded a white and flawless snow lotus, and then there was the snow lotus peak that now attracts worldwide attention.

Snow lotus peak is too high, and because of the ice and snow here for thousands of years, it can basically be said to be inaccessible.

There is almost no living creature in the long ice and snow world.

Amidst the ten thousand-foot snow-capped mountains, a giant eagle suddenly sounded at this moment.

The sound of the sound was so loud and shocking among the empty snow-capped mountains.

Suddenly he saw that above the nine heavens, a huge giant eagle pulsed towards the snow lotus peak at an incredible speed.

According to the truth, the snow lotus peak is extremely high. Once it reaches an altitude of more than 4000 meters, there is no possibility of birds and beasts flying here, because the air is thin. Once those birds and beasts fly by, they will suffocate to death, but this The giant eagle with a weird head does not seem to be because it has obviously flown a high altitude.

And flew straight up towards the top of Xuelian Peak.

The temperature at the top of Xuelian Peak is extremely low, reaching below minus 30 degrees Celsius.

In such a low temperature, there is still a goshawk flying by?

Looking closely, even though the giant eagle rushed to Snow Lotus Peak, it could still be seen that its huge body seemed so laborious and so laborious.

Only the sound of "quack, quack" can be heard in the white snow.

Chapter 1699: Frozen man, frozen sword

After all, the giant eagle could not fly to the top of Snow Lotus Peak.

In the end, he fluttered his big wings suddenly at the snow lotus peak of Tianshan and hissed quack.

I looked closely, but saw that there was a magical ice cave on the snow lotus peak.

The ice cave did not know whether it was formed naturally or artificially. Anyway, there is a lot of space and it is halfway up the Snow Lotus Peak.

With a long cry of the giant eagle at this moment, the entire huge body flew towards the ice cave.

As the giant eagle flew into the ice cave halfway down the mountain, I saw that its body was full of frost... It shook its huge body, and then the ice and snow fell from its body. Come down.

There was also a wild deer in its mouth...The wild deer's neck had been scratched by sharp claws, and it was dead at the moment, and it was contained in the mouth of the giant eagle.

How could a giant eagle come here with a wild deer in its mouth?

Is it food?

Look carefully, but see the giant eagle's mouth, the wild deer was thrown down, and then fell on the ice and snow.

At this moment, the giant eagle was quacking and screaming at the deep ice cave.

After its call spread in, a figure suddenly floated like a god.

"Xiao Hei, you're back..." Then a kind voice came slowly.

Haven't seen how his figure moves, his figure has appeared in front of the giant eagle.

Promise old man!

Legend has it that a god-level old man who has lived for three hundred years.

It turns out that the old man Wuji is really here in Tianshan.

But seeing the appearance of the old man Wuji, the giant eagle quacked out, as if responding to the words of the old man Wuji.

Then, seeing the giant eagle suddenly stretched out a giant claw, suddenly grabbed the wild deer and threw it into the ice cave.

The old man Wuji smiled when he saw the giant eagle doing this, then stretched out his hand to grab the wild deer on the ground, and swept his body into the ice cave.

As the old man Wuji walked like this, the giant eagle quickly followed.

When I arrived inside, I saw that there were tables and chairs made of ice in the icy cave.

It's hard to believe that you can survive in such an ice world?

And looking closely at this ice cave, the space is huge, and there is a bright ice bed in front of it.

But seeing a person lying motionless on the huge ice bed.

It's just that the person lying there is very strange, because his body is completely sealed by the ice, and the whole body is deeply frozen by the ice. Only the head is exposed outside, but it looks like a pity. Like a dead person.

And there was a sword beside this person.

A sword that looks unparalleled.

The sword is three feet two inches long, the hilt is carved with a dragon-shaped pattern, and the sword body is silvery white.

At first glance, the whole sword made people seem to have an unparalleled sense of domineering, and even though the sword was not out of its sheath, it could still vaguely feel the murderous aura coming from the sword.

This sword, although I don't know the name, the origin, or the relationship between it and the man lying on the bed of crystal ice... But a discerning person can still tell at a glance that this sword is his sword. .

Because this sword, like his people, was also sealed in the same ice.

People are frozen.

The sword was also frozen in ice.

The old man Wuji who walked in at this moment seemed to have been accustomed to the environment here. After entering, he walked to the innermost place alone, and then dragged the wild deer to prepare to get some food.

And what about the giant eagle here? After entering the frozen cave, he quacked and walked towards the man lying on the ice bed.

The cry of the giant eagle seemed so sad and sad.

While shouting, it lifted up gently with its huge wings, and then gently touched the man lying on the ice bed as if touching it...

Then the giant eagle wailed suddenly, and quietly nested beside the ice bed, no longer barking, nor moving...

It seemed that even this animal felt sad.

But what does this man on the ice bed look like?

Looking closely at his silhouette, it was a face full of men with the appearance of a king over the world, and there was a kingly atmosphere between his eyebrows.

Under the thick sword eyebrows, his eyes were tightly closed. Perhaps because of the long time of freezing, his face looked very pale, and his chin was covered with a long black beard...

No one knows how many years he has been frozen here, and no one knows whether he is dead or alive.

The only thing you can see is his body.

He was wearing a navy blue dress, two legs, and the joints of the two arms had frozen blood... Obviously, before he was frozen, his two legs had two arm joints. There was definitely a serious injury there.

He lay down like a dead man without breathing or moving.

If you look at his face carefully, you will find that he looks like a person!

To be precise, that person looks a lot like him.

Because based on his age, he is enough to be his father.

Li Tian.

Yes, Li Tian looks a lot like him, both in profile and face are extremely imaginative.

If Li Tian is older in the future, he will definitely look exactly like him.

Is it Li Tian's...?

In the open ice cave, he was just like a dead person in the ice cave.

Even the unparalleled sword beside him was frozen by his side.

Finally, I don't know how long it took, the old man Wuji prepared the food.

He raised a pile of charcoal fire in the ice cave, and then roasted the wild deer that the giant eagle had picked up. Because this ice cave has been cold for thousands of years, even the fire can only melt the accumulated water slightly. , For thousands of years, the hard ice has no effect at all.

The old man Wuji and the giant eagle ate the wild venison.

After eating, the old man Wuji sat cross-legged and began to exercise.

And the giant eagle? The whole body continued to lie next to the man who was lying motionless on the ice bed, its shiny eagle eyes blinking...not screaming, not moving...like a human being silently thinking about his thoughts.

The old man Wuji placed his hands flat on his dantian acupuncture points, and then closed his eyes slightly...The white air that was steaming from his body was emitted from his body layer by layer.

The thousand-year-old ice around that and the extremely low temperature seemed to have no effect on the old man Wuji.

This way, I don't know how long it has been, suddenly, the old man Wuji suddenly opened his eyes.

"That snow lotus should be opened." A muttered word came out of the old man Wuji's mouth.

Snow lotus: The snow lotus that blooms once in twenty years.

Rumor: Snow lotus is a peculiar medicine that can bring people back to life.

Because snow lotus blooms once every 20 years and it grows in the icy and snowy Tianshan Mountains, it can be said that it is more difficult to obtain this precious snow lotus than to climb to the sky.
