

A Killer 1701

Chapter 1701: Find Li Tian

The snow is still blowing.

The cold air flow swept layer by layer.

At the top of Xuelian Peak, but seeing Old Man Wuji sitting quietly in the endless ice and snow, he sat cross-legged, and then slowly touched his dantian acupoint with his palms with luck.

Layers of vast real energy began to flow away from his body like a vast ocean, and he just sat quietly among the endless ice and snow, as if waiting, waiting for this "snow lotus" to bloom.

Eyes are open, looking at the snow lotus floating in the wind.

Its blooming may be able to completely cure the heroes of the first generation.

The endless snow and ice still fell on him, and in a blink of an eye, layers of ice scum were formed. The flying snow gradually covered his body completely, but the old man Wuji did not move from beginning to end.

Snow lotus peak, the top of the mountain, such a legendary old man guards that strange flower alone like that: Snow lotus.

Time passed little by little.

In the ice cave on the mountainside of Xuelian Peak, a giant eagle stood in the sky of ice and snow, looking up at its master.

However, one day passed...

Two days passed, three days passed...

This continued until the fifth day, and the old man Wuji never came back. ,

Every time the giant eagle screamed, his voice was filled with bursts of pain.

Binjiang City.

Li Tian and the ghost servants have never come back since they went to investigate the news of the Hell Gate Lair.

This kind of thing caused the brothers and Fairy Baihua to have Situ Ningbing suddenly fell into a panic state.

In the room, the fairy Baihua looked extremely ugly and said: "It's been a long time, and Tian'er and the fourth brother have not returned yet. They must have something wrong...it must have happened."

Tang Xiaolong and Chen Qiaozhi who stood there were all worried.

Suddenly Xue Wuhen said directly in front of him: "Senior Hua...Or our brothers go to the lair of the **** gate to find Big Brother and Big Ghost."

Fairy Baihua looked extremely worried and paced back and forth throughout the room.

Li Tian and the ghost servant disappeared inexplicably.

What should they do now?

Are you really ready to find clues in that Hell Gate Lair?

But even if they go to the lair of the **** gate with this little power, what can they do? The masters of the gate of **** are like clouds. With their current strength, it is impossible to fight the gate of hell. Thinking of this, the fairy Baihua in front of him has completely ignored.

"No, you have to find Tian'er, and the fourth brother." Fairy Baihua suddenly said there.

She seemed to have made up her mind.

Situ Ningbing over there walked up without saying a word.

"I'll go as well."

"Senior Flower, and me."

Tang Xiaolong and Chen Qiaozhi also came over at this time.

Looking at them all to help, the fairy Baihua in front of him was deeply worried.

She knew in her heart the strength of the group of people in front of her. If so many people went there, if they were discovered by the people at the gate of hell, it would be completely over!

These people could not be the opponents of the villains at the gate of hell.

After thinking about it, Fairy Baihua suddenly said, "No! Listen to me, this time I go to find Tian'er, and my fourth brother... I want to select people specifically to go over, and others will continue to stay here. Wait for our news."

what?

Tang Xiaolong and Situ Ningbing were depressed when they heard Fairy Baihua say this.

"Xiaolong, Wuhen, you two follow me." Just listen to Fairy Baihua saying by name.

When Tang Xiaolong and Xue Wuhen heard that Fairy Baihua asked them to go, they hurried over.

"As for Ningbing...you stay here first." Fairy Baihua said, looking at Situ Ningbing over there.

When Situ Ningbing heard this, he said: "Auntie Hua, I also want to go, I must find Li Tian."

"Ning Bing, listen to Aunt Hua, you believe me, Tian'er will definitely be fine. How many times there have been strong winds and waves, I believe he will be fine this time."

"I assure you that I will bring Tian'er back to you this time." Fairy Baihua said to Situ Ningbing in front of him with a vow.

She knew Ningbing's skill in her heart. In case, if she went to suffer some danger, even if Li Tian found it at that time, then Li Tian would be heartbroken for a lifetime, so no matter what, Fairy Baihua could not let Situ Ningbing. To take such a big risk.

"But, Aunt Hua, I..." Situ Ningbing wanted to say something more, the fairy Baihua quickly stretched out a slender hand to stop her.

"Ningbing, just listen to Aunt Hua once... Don't worry, Tian'er will definitely be fine."

With Fairy Baihua saying so firmly, even if Situ Ningbing was worried about Li Tian in his heart, there was nothing he could do.

"This time, I hope that there will be as few people as possible, because we are not trying to start with the gate of hell, but to find Tian'er and ghost servants." Baihua Fairy warned Tang Xiaolong and Xue Wuhen in front of him.

The two nodded quickly.

"But, can't you find Li Tian without me?" Suddenly a voice suddenly came over at this moment.

Look carefully, but see a handsome face appearing in the hall.

Ecstatic: Situ Xuan.

Situ Xuan has been living here since the last time. Because his left arm was broken, he rarely came out during this time, but he didn't expect him to stand up at this moment.

Seeing Situ Xuan come out all of a sudden, Situ Ningbing was not only taken aback.

"Brother...?" She cried out in surprise.

The Baihua Fairy and Tang Xiaolong and others were looking at Situ Xuan at this moment.

They all know that one of Situ Xuan's arms has been used up...

When everyone was looking at Situ Xuan, but seeing Situ Xuan suddenly smiled, he looked at everyone.

"What's the matter? Why do you look at me like this? Do you think that Situ Xuan has broken one arm and became a useless person? I can't help?" As Situ Xuan suddenly said like this, he laughed at himself. Tang Xiaolong and Xue Wuhen were not only taken aback.

"Don't worry, big guy, although Situ Xuan is a half-life, but I assure you that I will never hold you back."

"Li Tian? It's my brother-in-law. If my brother doesn't go to him, who else can go?" After Situ Xuan said this all at once, all the people in the audience were speechless and they all looked at him in a blink of an eye. Holding him,

On the contrary, Situ Ningbing's face was a little red at the moment, but he still looked at his brother with concern.

Chapter 1702: People?

When Tang Xiaolong and Xue Wuhen over there heard Situ Xuan suddenly say this, they could only stop talking, looking at the fairy Baihua.

Fairy Baihua hesitated for a while, then slowly looked at Situ Xuan and said, "Well, you can follow along."

Situ Xuan smiled.

This man who was once the gate of **** is now back on the right path for his family and his sister.

Although one of his arms was scrapped, with his help, I believe the brothers should be much easier.

Fairy Baihua glanced at the current number of people at this moment, and then said: "We have to find another person to follow us."

When Tang Xiaolong heard what Fairy Baihua said, he was stunned: "Who?"

"Man'er, Ouyang Man." A word came out of Fairy Baihua's mouth.

Stupid?

Tang Xiaolong and Xue Wuhen in front of them heard that this time Baihua Fairy was going to take Silly Man'er to find Li Tian, and his head was immediately stunned.

"Auntie Hua, can you be a man?" Tang Xiaolong muttered in that mouth and asked.

Fairy Baihua said lightly: "He must do it."

With Fairy Baihua saying so firmly, Tang Xiaolong and Xue Wuhen stopped talking.

Silly man.

In the back garden, but I saw a burly man sitting motionless with his upper body naked.

His body is like a rampant wild man running out of Shennongjia, looking scary and mighty.

The domineering lines and explosive muscles all showed his bravery.

Seeing that he didn't know what he was cultivating at the moment, he suddenly heard a loud shout, and his body suddenly jumped up, like a tiger descending the mountain, and slammed his fist towards the rockery next to him.

But hearing a bang, the huge rockery was shattered by this hunky man's punch, and the hard bluestone seemed to be split by him. It was truly invincible.

Just as he was practicing the exercises, suddenly there was a voice calling him.

"Silly Man'er." As the shout came, Tang Xiaolong, Xue Wuhen and others had walked over quickly.

Behind him were Fairy Baihua, Na Situ Xuan, and Ouyang Shiqing and others.

When the silly man heard someone calling him, he not only turned his head slightly, stared at those big calf-like eyes and looked at the brothers who came by without blinking, and looked curiously at them.

The brothers who approached were all looking at the silly man at this moment.

Tang Xiaolong spoke first and looked at the silly Man'er and said, "Man'er, go out with us to do something, are you willing?"

Following Tang Xiaolong's question, Silly Man's eyes widened and looked at Tang Xiaolong inexplicably, without speaking or answering.

Ouyang Shiqing understood her brother, walked over slowly, looked at Man'er and said, "Man'er, would you like to find Li Tian with them?"

After Ouyang Shiqing said Li Tian's name, Silly Man'er suddenly seemed to have become smarter, and nodded there.

Seeing Silly Man'er nodding his head quickly, the brothers here became happy.

Ouyang Shiqing looked at Man'er and said, "Man'er, then you have to be careful and you must pay attention to safety."

Silly Man'er did not speak, just kept smirking.

In this way, this stupid big guy was going to follow Baihua Fairy and others to find the missing Li Tian and the ghost servant.

They decided to set off in the evening.

Time flies quickly, and in a blink of an eye, night comes.

Fairy Baihua, Tang Xiaolong, Situ Xuan and others are all ready.

Then Ouyang Man and Xue Wuhen were all ready to go at this time.

After everything was ready, they set off.

Before leaving, Ouyang Shiqing kept admonishing Silly Man'er, telling him to be careful when going.

Silly Man'er nodded, and then followed Baihua Fairy and Xue Wuhen to set out into the night.

Ouyang Shiqing, Situ Ningbing and the others standing here can only watch them leave.

Because Tang Xiaolong and Xue Wuhen knew where the Hell Gate Lair was located, they were basically leading the way along the way.

The Baihua Fairy followed the two closely, and Situ Xuan and Ouyang Man followed behind.

After arriving in the old city by car, Tang Xiaolong and Xue Wuhen pointed to the alley in the old city in front and said, "Senior Hua, after passing through this alley, you will be able to reach the old nest of the **** gate."

As Tang Xiaolong said so, the fairy Baihua in front of him glanced at the empty old city, then silently nodded.

"I'll lead the way." Xue Wuhen said, and then walked in the forefront alone.

Behind him, Tang Xiaolong and Fairy Baihua followed in turn.

After passing through the dark alley, they really reached the location of the Hell Gate Lair.

After arriving at this moment, Na Xue Wuhen lowered her voice, and her whole body was pressed against the cold wall, pointing to the huge house in front and saying, "Senior Hua, this is here..."

"The **** at the gate of **** live here."

After hearing this, Fairy Baihua and the people behind him became more careful.

Fairy Baihua moved forward slowly, and then glanced in front of him, but saw that there was no one in front of the house in front of him, and no disciple of **** could be seen.

This situation made Fairy Baihua stunned.

"Why is there no one?" Fairy Baihua said secretly.

Tang Xiaolong and Xue Wuhen next to him also raised their eyes and looked forward. They saw that the door of the lonely house was indeed empty.

The disciples of **** who used to stand in front of the house have no disciples at this moment.

What's going on?

What about the people at the gate of hell?

The situation in front of them suddenly depressed Tang Xiaolong and Xue Wuhen.

After seeing them hiding in the dark and observing for a while, they were surprised when they found that there were indeed no disciples of **** guarding them.

"Xiaolong, can you remember something wrong?" Baihua Fairy suddenly looked at Tang Xiaolong and asked.

Tang Xiaolong said quickly: "No, absolutely not, it must be here."

"But it's weird, what about those **** at the gate of hell? How could there be no one left?"

"Before, there were many members of the Hell Gate guarding here." Tang Xiaolong muttered in front of him.

Xue Wuhen nodded in favor.

Fairy Baihua and Situ Xuan were not only more and more weird after they heard the two confirm that.

"How could this be,?"

"Where are the people at the gate of hell?"

Chapter 1703: Corpse smell

"I think let's go in and see what is going on?" Situ Xuan, who had never said anything, said at this moment.

After he said this, the Baihua Fairy, Tang Xiaolong and others not only nodded.

"That's fine, let's go in and see what the **** the people are doing."

After Baihua Fairy and the others decided, they are now preparing to enter the lair of the gate of **** in front of them.

I saw Fairy Baihua walking in the forefront. When she looked around and there was no one, she swept her body and reached the fence of the courtyard over there lightly.

As her body lightly reached the surrounding wall over there, Tang Xiaolong and Xue Wuhen on this side followed closely right now.

After everyone reached under the wall here, Fairy Baihua turned his ears to listen carefully to the movement of the courtyard inside.

After listening carefully, there was no sound coming from inside.

"Is there really no one in this courtyard? The people at the gate of **** are not here?" As Fairy Baihua was secretly lining in her heart, she decisively indulged and jumped directly to the top of the wall.

As she reached the top of the wall, there was really no one in the empty courtyard.

Fairy Baihua was depressed.

"Really no one!!!"

Tang Xiaolong, Xue Wuhen, Situ Xuan and others in the area below the wall all swept over the wall at this moment, but there was really no one in the empty courtyard, let alone the disciples of the **** gate.

After seeing such a situation, they were all in shock.

"How could this be?"

"What about people?"

"Where are those damned disciples of hell? How come they are all gone?" Tang Xiaolong asked in a low voice in horror.

Xue Wuhen in front of him also opened his eyes wide and looked at the empty courtyard in a puzzled manner. To be honest, he also found it very strange.

A few days ago, a large number of disciples of **** gathered here, but now it is empty? Not a single figure was seen!

"Go, go down and have a look." Fairy Baihua made a decisive decision, and swept into the courtyard directly.

As Fairy Baihua fell into the courtyard, Tang Xiaolong Xue Wuhen, Situ Xuan and the silly Man'er who followed all fell in.

After reaching the courtyard, they first took a cautious look around, and after confirming that there was no one, they began to inquire around.

After looking around, they finally set their eyes on the tightly closed house in the middle. At this time, the brothers all turned their eyes.

The house is tightly closed at this moment, and no one knows whether there is anyone in it, let alone what is going on inside.

At this moment, under the leadership of Fairy Baihua, they have slowly reached the front of the house.

Fairy Baihua glanced at Tang Xiaolong and Xue Wuhen next to them, hoping they could be more careful, both of them nodded silently.

So they began to push open the tightly closed door.

After the huge door was pushed open with a creak, it was suddenly discovered that it was indeed empty inside.

There is no figure at all.

Originally, Fairy Baihua and they were worried that there were disciples of **** gate here, but according to the current situation, the inside was the same as the outside, there was no one.

"Fucking nobody!!!" Tang Xiaolong couldn't help roaring when he saw that the room was empty.

Xue Wuhen was also looking for suspicious clues in the room with an ugly face.

The Fairy Baihua in front of her was standing there alone.

"Where are the people at the gate of hell?"

"Did they all leave?"

"But if they leave, where are the ghost servants in Tian'er?"

"Did they get caught by the people at the gate of hell? Or did they go elsewhere to find clues to the gate of hell?" Fairy Baihua was at a loss in his head at this moment, and couldn't sort out any thoughts.

Just as she was thinking about it, the silly man over there suddenly pointed to the cold wall on the side and said, "Door, door!"

After yelling out in his simple and honest voice, Fairy Baihua, Tang Xiaolong and others not only walked over quickly together.

Suddenly, he saw that there was indeed a hidden door in the middle of the wall on the left.

"Silly Man'er, you have you, I didn't expect you to find this side secret door." Tang Xiaolong patted Silly Man's shoulder and said with a smile.

Silly Man'er only knows the silly smile.

After Xue Wuhen and Fairy Baihua came over, they glanced at the secret door and said, "Why is there a secret door here?"

"Couldn't it be the **** who stayed at the gate of hell?"

"Go in and have a look." They discussed there.

While they were discussing, they only heard a loud bang, without any sign, the huge secret door on that side was suddenly kicked open by a hunk. Although the heavy iron door was hard, it was still terrified by him. The force of the kick completely deformed.

Silly man!

It turned out that he knocked open the dark iron gate with one kick.

Seeing the silly man's behavior, everyone looked at him speechlessly.

Silly Man'er stood there with an innocent look, stretched out a sturdy hand, pointed at the secret door and said, "Go in, go in?"

Listening to him asking like this, everyone had no words, they could only smile helplessly.

I saw Fairy Baihua glanced at the secret door that was kicked open, and said, "Since the doors have been kicked open by Man'er, let's go and see what's inside."

Tang Xiaolong and Xue Wuhen in front of them all nodded and quickly followed in.

Silly Man'er and that Situ Xuan followed behind, step by step.

I saw a long narrow passage inside this hidden door.

When I walked in, I felt a **** smell of corpses inexplicably, as if there were some rotten corpses in this room.

"It smells bad." Tang Xiaolong hurriedly muttered after he smelled the smell of the corpse.

The fairy Baihua in front of him also felt the smell of rotting corpses coming from the end of the passage, and couldn't help but frown tightly together.

"How can there be a rotten corpse smell here?"

"Could it be that there are still dead bodies at the end of this passage?" Both Tang Xiaolong and Xue Wuhen had such thoughts in their hearts.

As they move forward step by step, the smell of rotting corpses is getting stronger and stronger, and the smell is almost suffocating.

Chapter 1704: Where am I?

Everyone pinched their noses tightly, resisted the extremely unpleasant smell, and moved forward step by step.

Finally they reached the end of the passage, but they saw a dark and damp room at the end.

There was also a dim yellow light bulb glowing with a strange and swaying light.

Dirty buzzing flies filled the room, wandering around unscrupulously.

The Baihua Fairy and Tang Xiaolong who walked in saw this situation, not only suddenly became sick, they almost made them vomit.

It's too smelly, it's too smelly inside.

The tangy smell of corpse radiated from the front place.

He clutched his nose and looked carefully, but saw that it was not a corpse, but a cloud of blood... and there were two iron chains covered with scarlet blood... those buzzing The flies whirled around the blood-stained iron chain and the blood stains left on the ground.

Looking at the blood and the iron chain, the brothers in front of me knew what was going on without thinking about it.

"It looks like someone is being held here." A word came out of Tang Xiaolong's mouth.

"Yes, someone must be detained." Xue Wuhen agreed.

But on the other side, there was a rusty iron table, on which was placed a nasty leather whip, iron tongs, and intimidating tools such as soldering iron.

Judging from the blood stains on the ground and the current situation, those detained here must have suffered a lot.

"It should be the person imprisoned by the **** at the gate of hell."

"Who would it be?" Tang Xiaolong thought for a while and wanted to ask.

Only when Xue Wuhen suddenly snorted in his heart: "Oh, shouldn't it be Big Brother and Big Brother Gui servant who are being held here?"

"No, no, no." Tang Xiaolong said quickly there.

Following Tang Xiaolong's words, the brothers in front of him suddenly felt an extremely bad feeling in their hearts, all of them frowned tightly, their heads dulled and silent.

Fairy Baihua's pretty face also became pale and ugly, and she looked around with her beautiful eyes.

How to do?

Now the people at the gate of **** are not here at all, and Li Tian and the ghost servants have completely disappeared. What should they do next? Where should I find Li Tian and the ghost servant?

Are the two alive or dead? So far, even Baihua Fairy did not know them.

"Auntie Hua, what should we do now? The **** at the gate of **** doesn't know where he went!" Tang Xiaolong asked with that ugly face.

Fairy Baihua doesn't know what to do next? She worries about Li Tian in her heart, and it is hard for her to figure out what to do next.

Looking for Li Tian and ghost servants?

Where are you looking for a huge crowd?

Moreover, even the people at the gate of **** suddenly disappeared. There were so many disciples at the gate of **** before, but now there is no one...

What should they do?

Fairy Baihua, who had been pondering for a long time, finally said helplessly: "Forget it, let's go back first."

"Go back?" Tang Xiaolong and Xue Wuhen were all stunned when Baihua Fairy suddenly said this.

"Senior Hua, don't we find Brother Tian?" Xue Wuhen asked depressedly over there.

Tang Xiaolong also said, "Yeah, don't you just look for my master and them like this? What if something happens to my master and the little boss?"

After hearing them, Fairy Baihua suddenly said, "Then tell me, where should I go to find Tian'er now? There are ghost servants?"

"The huge crowd, now there is no clue...Can we look around like headless flies?"

After hearing Baihua Fairy say this all of a sudden, Tang Xiaolong and Xue Wuhen were speechless.

The fairy Baihua in front of her said nothing wrong.

Yes, although they are all worried about the missing Li Tian and the ghost servants, now they have no clues? Even if it is looking, where should I go to find it?

Binjiang City is such a big city, it is not easy to find someone.

So Tang Xiaolong and Xue Wuhen fell silent after hearing what Fairy Baihua said.

In the endless darkness, Fairy Baihua raised her pretty face and looked at the endless sky, muttering in her mouth: "Tian'er, fourth brother, where are you!!!"

black.

In the darkness like death, I saw a heavy gasp suddenly.

The gasp was so heavy, so laborious, as if all the energy in the whole body was drained alive.

Accompanied by the extremely heavy gasp, his body suddenly moved.

In the darkness, who is that creeping shadow?

Li Tian!

Li Tian thought he was dead.

When the master of the gate of **** used the black magic dragon magic power to hit his body, Li Tian thought he was dead.

His whole body muscles and bones seemed to be completely shattered, and the pain passed away alive.

But is he dead?

No, he is not dead!

The body lying in this gloomy dark stone room now is him, Li Tian.

There was no light, no sound in the darkness, only his own heavy breathing sound, and the sound of his bones cracking.

"Am I dead?" Li Tian blankly opened his eyes and muttered to himself as he watched the endless darkness.

"No, I don't seem to be dead." Li Tian suddenly noticed it.

"If I die, how can I feel the piercing pain in my body?"

Li Tian thought this in his mind, blinking his eyes and staring into the endless darkness.

He tried to move his body, but when his body moved slightly, he found that his whole body seemed to be sucked dry, and he couldn't get any strength at all.

"How could this be? How could it be? Why is my body completely unable to move? And I can't make it even with a little strength anymore?" Li Tian said in horror.

"Did I be caught by the master of the **** gate? I was imprisoned here?" Li Tian thought suddenly.

After thinking about this in his mind, a blazing flame of hatred rose in his heart.

"I want to live, I must live, revenge, revenge."

Li Tian warned himself side by side, and then he began to exhaust the last bit of his body's strength, trying to move his body slowly.

His hands touched into the darkness.

Suddenly when he touched it forward, he touched the icy stone wall... the stone wall was cold in his heart.

After Li Tian touched the cold stone wall, he was stunned.

"Where am I being locked up? How could this be? Where is it?" Li Tian suddenly had too many questions in his mind.

Chapter 1705: syncope

There were icy walls all around, Li Tian just touched it with his hands like that.

He found himself locked in a completely enclosed secret room, with nothing around except the cold walls.

Moreover, the space in this secret room is extremely small, as if it could not accommodate anything other than him.

After Li Tian felt this situation, he was not only stunned.

"How could this be? Where am I being held?"

"Could it be that the master of the gate of **** was imprisoned here,"

Li Tian thought about it over and over again.

He can't think of why.

Why didn't the master of **** gate kill himself? But to imprison yourself here? What does he want to do?

He thought about it for a while, but he didn't think of anything.

He shook his head and began to listen carefully to the surrounding movement.

The surrounding air was completely condensed, and there was no movement at all, as if the place where Li Tian stayed was completely isolated from the world.

After Li Tian discovered this situation, he was desperate.

What should I do? What should he do now?

At present, his body seemed to be drained, and the energy of his whole body could not be used at all. Even if he wanted to escape, it was completely impossible.

Just as he was thinking about it like this, he suddenly heard a footstep coming from a distance.

"there's noise!"

"Someone is coming!" Li Tian was suddenly excited.

Then he took a deep breath, then suppressed his inner excitement, and waited there quietly, waiting to see who came.

The footsteps of kicking, kicking, kicking came along.

Li Tian can guess the sound of the footsteps on the cold slate floor, and Li Tian knows that the visitor is definitely not the master of the gate of hell, because Li Tian can tell from the sound, the inner strength of the visitor does not seem to be very high. Judging from the sound of his heavy stride, the man's martial arts should be in the middle and lower class.

But who is the person? Why does he come here?

Is it someone who guards himself? Li Tian was thinking in his heart while listening carefully to the heavy stride sound.

The sound of that stride is getting closer and closer now.

The closer he got to Li Tian, the more excited Li Tian became.

It's a pity that Li Tian can do nothing but use his brain to think.

Just listening to the sound of footsteps is getting closer and closer to Li Tian, and it is clear that it is coming towards Li Tian.

Sure enough, the sound of footsteps had reached the outside of the stone room where Li Tianbei was being held.

Li Tian was excited at this moment, but did not speak.

Suddenly only heard the sound of keys coming from outside.

Then I heard the sound of the key being stuffed into the wire rope, followed by a clear sound of clicking, only a bang, a beam of light suddenly came in from a square hole.

Li Tian, who had been staying in the dark, suddenly saw the dazzling light coming from outside. His eyes were stabbed in pain and some of them could hardly be opened.

When he closed his eyes, he saw someone outside suddenly stuffed a plate with a hard steamed bun and a bowl of water.

It turned out that this person came to feed Li Tiansong.

After the food was stuffed in, the small iron door was suddenly closed tightly again.

Li Tian couldn't help but yelled directly after watching the iron gates big and small were suddenly closed.

"Hey, who are you?"

"Why are you imprisoned here?"

"Where is the master of the gate of hell? Where is that **** bastard??"

"Speak? Answer what I said." Li Tian yelled frantically in the stone room like he was crazy.

It's a pity that the person who delivered the meal just now seemed to have not heard him. He didn't even pay attention to Tian's yelling and yelling. He just took heavy steps and left the stone wall where Li Tian was being held.

"Hey....."

"Hey....."

After Li Tian yelled a few words in hysterics, it was a pity that the heavy footsteps had become farther and farther away.

Finally Li Tian was desperate.

He reluctantly stayed in the pitch black darkness.

Deep darkness wrapped tightly around his body, his lingering body waiting as if only death.

He could only breathe heavily in the dark, and the tingling in his chest still tortured him.

"Am I being trapped alive like this?"

"Am I going to be humiliated alive by the **** gate master?"

"No, no, I can't."

"I must not let that **** kill me, I want revenge, I must kill him."

With Li Tian thinking like this, his confidence finally emerged again.

He wants to live, he must live.

He has experienced so much pain before, and he has survived so many deaths before. This time, I must persist, and must persist until I live.

After Li Tian thought this way, he began to move his body with difficulty.

Now Li Tian didn't know what was going on, his whole body seemed to be drained, and his heart was tingling.

In order to live, Li Tian didn't care so much at this moment. He slowly moved his body, then endured the pain from his heart, and curled up his legs bit by bit.

Then he slowly placed his hands on his pubic area.

If he wants luck, he must gather the energy of his body, because only in this way can Li Tian hope to escape from here.

As he put his hands on top of his dantian, he began to slowly guide his whole body energy.

But when he began to accumulate energy, he found it so difficult, because his dantian seemed to be abolished, and he couldn't raise any real energy.

How could this be? Does your body's meridian points seem to be completely sealed? What exactly is going on?

He would never have thought that the strange tendons and eight meridians of his body had been completely sealed off by the master of the **** gate with a unique technique, so Li Tian would not be able to use any energy.

Li Tian is trying various methods to extract the energy of his body, but no matter how hard he works, how he accumulates his energy, the result is futile.

His body is like an empty body, and at this moment there is nothing but a skin.

After several consecutive helpless failures, Li Tian finally fainted to the ground in despair.

Chapter 1706: Broken hand

No way, his body is too weak, and he can't move at all when he is weak. Moreover, Li Tian's yelling just now, and the desperate accumulation of vigor, has caused his body to use up the last bit of strength.

No matter what, Li Tian is already in a coma.

He didn't know how long he had been in a coma. Finally, amidst the noise, he slowly began to gain a little consciousness.

It's just that his head is still a little unclear.

His eyes were hazy, and he only felt a ray of light coming in from the outside, and then he heard two footsteps entering the stone room he was staying in.

Li Tian could not see the faces of the two people, let alone what they were going to do to himself. He only felt that after the two people came in front of him, they seemed to say something in a whisper, and then began to hold him up. Lifted his body toward the enclosed stone room.

Li Tian could only be carried by those people at this moment because of the trance, and then he was carried inside.

He didn't know where he was going to be carried, let alone what these people were going to do to him, so he could only be carried away faintly.

Finally, those people seemed to lift him to the destination, and only heard a bang. The person who lifted him threw his body from above.

After the body touched the ground, Li Tian only felt a tingling pain from his waist, which made his head feel a little conscious.

He slowly opened those misty eyes and looked at the place in front of him.

But it was a huge stone chamber, and it was surrounded by empty icy stone walls, as if staying in a tomb.

The surrounding torches illuminated the entire space brightly, and behind Li Tian stood two cold men wearing black robes.

People at the gate of hell!

Sure enough, he is from the gate of hell.

After Li Tian was sober in his mind, he suddenly discovered the situation in front of him, but he still couldn't figure out what these **** disciples of **** wanted to bring himself here.

After Li Tian saw the disciples at the gate of hell, an inner hatred appeared in his heart. He raised his scarlet eyes and looked at the two motionless disciples of **** in front of him, and roared, "Damn it. Things, where is your master?"

"What about that bastard? Why doesn't he come out to see me? Let him come out?"

Li Tian's roar on one side seemed to be crazy, but the two disciples of **** in black robes in front of him seemed to have not heard them, and ignored him at all.

Regardless of Li Tian's anger or screaming, the two **** disciples who looked like zombies did not respond.

Li Tian's muscles and veins are now completely sealed, so he can only use his mouth to curse, but can't do anything else.

After roaring and roaring for a while, he found that it was in vain, because the two disciples of **** in front of him were like stones, so he could only endure his anger and stop cursing.

Lying on the cold stone ground began to gasp violently.

At the same time, his eyes were looking around.

Seeing that the stone wall inside the stone room was strangely tall and strange, Li Tian not only took a closer look, but was stunned, because the huge stone wall on his side seemed to have some strange lettering.

word?

There are still words on the stone wall?

After discovering this situation in surprise, Li Tian's heart not only stunned.

Then he quickly began to move his lingering body, trying to move his body forward slowly, and began to carefully look at the font on the stone wall.

The stone wall is extremely tall, and the font engraved on it is also relatively large. Although it is far away, Li Tian can see clearly.

But I saw that the font on the stone wall looked like words, but not like words, because there is no font like this in the world.

The strange fonts are like little tadpoles...

tadpole?

Tadpole text?

After Li Tian suddenly discovered this situation, he was stunned.

"Sky Book Pill Volume? Tadpole Text?"

"Oh my god, no!!!" After suddenly discovering the tadpole writing on the stone wall above, Li Tian was shocked.

"How can this be? How can there be tadpole scripts of the Heavenly Book Pill scroll here?"

"Could it be that the sect master of the gate of **** also knows the contents of the pill scroll?"

When Li Tian suddenly thought about it, he was struggling now.

Yes, the master of the **** gate definitely knew the contents of the heavenly book pill scroll.

Because Li Tian clearly remembered that when he fought the **** gate master for the last time, he clearly saw that the **** gate master also used the extreme clutches on the book pill scroll that day.

In this way, everything is clear now.

It's just that Li Tian can't guess why the master of the **** gate brought himself here? What does he want to do?

When Li Tian was thinking like this in his mind, he suddenly heard the sound of the cracking rumbling stone.

Li Tian turned his head and saw that a huge stone gate had slowly risen in the front of him.

Then a domineering and aggressive figure wearing a black robe slowly appeared in Shimen.

I can't see his face clearly, nor can I see his face. The only thing I can see is that his whole body is completely covered by a black robe, and even his head is wearing a black color. Cloak.

The only thing you can see is those eyes.

Those eyes that exude endless hostility and fierce light are looking at Li Tian motionlessly at this moment.

He, the master of the gate of hell.

When Li Tian saw him for the first time, Li Tian recognized him instantly.

It was this **** who hurt himself badly.

It was this demon who imprisoned himself here.

What does he want to do? Why are you imprisoned? Li Tian looked at the master of **** gate with hatred in his eyes.

But after seeing the doorman of the door of **** walk in, the disciples of **** who were wearing black robes slumped down quickly.

The master of the gate of **** waved his hand at these people slightly: "Go down."

After his icy voice came out, the few men in front of him nodded silently and left the huge stone room one by one.

In the empty stone room at this moment, only Li Tian and the master of the door of **** were left alone.

However, the master of the gate of **** looked at the weak Li Tian lying on the icy ground at this moment, couldn't help but sneered, and then walked towards Li Tian step by step.

As he walked, he suddenly said, "I didn't expect to be hit by my broken muscles. You can still wake up and move. You really deserve to be Li Kua's son."

When Li Tian heard this, he was stunned.

Broken hand?

The broken tendon hand is a weird and unique technique. Once the broken tendon hand is injured, all the odd tendons and eight meridians will be blocked. Not only the internal strength of the human body is not used at all, even the ordinary It's hard to use his strength, to put it bluntly, a broken tendon is like becoming a useless person. If it can't be unlocked, it will become a complete disability for a lifetime.

Chapter 1707 Threats and Conditions

Li Tianyi heard what the **** gate master said, and immediately understood why his whole body couldn't lift a little energy.

The anger in his heart suddenly soared.

"Asshole, you **** asshole..."

"Have the ability to let me go? Let go of me and fight you to the death?" Li Tian roared.

The master of the gate of **** suddenly sneered: "Let go of you? Even if I let you go, can you be my opponent?"

"Tell you, boy, the reason you are not dead now is because you still have a little use...If you were useless at all, you would have died thousands of times." The **** gate master sneered.

Li Tian knew that what the **** gate master said was not a lie.

He has seen the strength of this demon.

I believe that besides the legendary old man of Promise, no one in the world can be his opponent.

Li Tian felt cold when he thought of this.

He originally wanted to take revenge on Xue Hen, but he didn't expect his enemy to be so powerful and powerful.

"Asshole, you, what do you want to do?" Li Tian suddenly raised his blood-red eyes and looked at the **** gate master and asked.

But seeing the master of the gate of **** suddenly smiled sly.

"I want you to help me see something..."

"Because I have penetrated that thing for a long, long time and haven't realized it... Maybe you can help me penetrate the mystery." The **** gate master in front of me suddenly said in a leisurely voice.

Li Tianyi was stunned when he heard the **** gate master say this.

"Participate in something? What exactly is this demon going to penetrate?" Li Tian couldn't help thinking to himself.

But seeing the master of the gate of **** continue to say: "The situation is changing and the world is impermanent. After so many years, no ginseng has ever broken the mystery. If you kid can help me find the mystery, I I will assure you, leaving you a way out."

"Devil, don't think about it!" Li Tian immediately refused.

In any case, Li Tian would not help his enemy.

What's more, the sect master of the **** gate in front of him still has blood and blood feuds with him. Even if Li Tian is dead, he will probably not help the sect master of the **** gate in front of him.

"Why, don't you want to help me? You are not willing to use your life in exchange?" The **** gate master suddenly said in a cold voice.

Li Tian's eyes were blood-red and ferocious and said angrily: "Even if I die, I won't help you..."

"Really?"

"Haha." The master of the gate of **** suddenly laughed wildly.

Li Tian listened to this **** gate master suddenly laughed weirdly, his heart was startled, and he said: What kind of trick is this **** devil playing?

"But if I exchange the other two lives, will you agree?" The **** gate master suddenly sneered there.

When Li Tian heard this, he secretly added: Two other lives? Whose fate? This made him more and more strange.

"Whose fate?" Li Tian asked in astonishment.

As he asked, he saw that the master of the gate of **** suddenly stretched his hands forward, and an invisible black aura suddenly hit the far left.

When the two black auras slammed toward the leftmost place, two thick stone walls over there suddenly rose up rumblingly.

Li Tian stared at the scene in shock.

As I watched, I gradually saw that as the stone wall rose up, suddenly two people covered in blood appeared in Li Tian's eyes.

Oh my God, it turned out to be a ghost servant and Duguxie.

They were here, and they were all caught by this **** **** gate master! !

"Ghost servant, Duguxie?"

When Li Tian saw these two people at first glance, he was completely shocked.

"Ghost servant..."

"Dugu..."

Li Tian suddenly screamed like crazy.

At the same time, his weak body can't help but crawl forward step by step...

But what about Duguxie and ghost servants?

Seeing that the two of them seemed to be completely unaware, one by one closed their eyes tightly, and their faces were pale and locked in the stone room, like dead people.

Are they dead? Even Li Tian didn't know at this moment.

Li Tian just crawled forward like crazy, and at the same time yelled their names.

Seeing Li Tian's crazy expression, the sect master of the **** gate showed a vicious smile.

Just as Li Tian continued to exhaust his physical strength to crawl forward, all of the two stone gates suddenly rumbling down, and Duguxie and the ghost servant were once again locked into the stone room.

"How is it? Can you consider the question I just said? If you promise me, I can use the lives of both of them as a condition of exchange."

"But if you agree, their lives, as well as your own life, will all die." The master of the gate of **** sneered in that gloomy sneer.

When Li Tianyi heard this **** gate master said, his angry eyes seemed to be bleeding.

He gritted his teeth tightly and glared at the **** gate master in front of him: "You bastard... devil..."

"Let go of the ghost servant, and Duguxie..." Li Tian roared.

"Haha."

"Are you dreaming?" The master of Hell Gate suddenly said with a cold snort.

"Kid, remember, your life and the lives of both of them are in my hands. I can let them die anytime, anywhere."

"Now I only need a word from you, do you agree to my condition?" The master of the gate of **** said coldly, as if he has no endurance limit, and he seems to be ready to kill that Duguxie at any time. Like a ghost servant.

Then Li Tianyi felt very uncomfortable when he heard the **** gate master say so.

How to do?

Do you really want to help this one's biggest enemy?

But if you don't help, the ghost servants and Duguxie will all die.

The ghost servants and Duguxie helped themselves all the way, feeling like their relatives. Now that they see their lives dying, what should Li Tian do?

Finally, after Li Tian thought about it for a long time, he reluctantly made a decision.

"Okay, I will help you... As long as you can let go of the ghost servants and Duguxie, I will definitely help you." Li Tian raised his eyes and looked at the **** gate master.

After hearing Li Tian say this, the master of the gate of **** finally showed a gloomy smile.

"good very good!"

"I knew you would agree...you are the same kind of person as your father, haha." The master of the gate of **** laughed wildly.

Li Tianyi heard what the **** gate master said, and couldn't help thinking to himself: What is the true identity of this **** gate master, and why is he so familiar with my father Cthulhu? Does he know my father very well?

Chapter 1708: The secret of Tianshu Danjuan

"Ghost servant, and Duguxie, aren't they dead now?" Li Tian asked suddenly, with blood red eyes, the master of the gate of **** looking in front of him.

The **** gate master smiled coldly and said, "Don't worry, they can't die now."

Li Tian finally felt relieved when he heard that there was nothing wrong with the ghost servant and Duguxie.

He always thought that Duguxie might have left, but he didn't expect to be caught here by the master of the gate of hell, but at least it is certain that Duguxie and the ghost servants are doing well now.

"Then what do you want me to do for you?" Li Tian asked in front of him.

After Li Tian asked this, he only listened to the **** gate master saying: "You look behind."

Hearing what the **** gate master said, Li Tian couldn't help but look back. After turning around, he saw the tall stone walls.

Each of the stone walls is 56 meters high, and many, many rows are placed there.

Li Tian went to look at it blankly, but saw that dense tadpoles were engraved on the tall stone walls.

As Li Tian watched this way, he was stunned.

"Why is the content on the pill scroll at the gate of the **** gate? What on earth does he want to do?" To be honest, even the current Li Tian is a little depressed.

Just when Li Tianhu was suspicious, the voice of the master of the **** gate suddenly came over.

"Presumably you should have seen the tadpole pictures and texts at the back!" The cold words came out of the **** gate master's mouth.

Following the **** gate master suddenly said this, Li Tian nodded blankly in front of him.

"Why are you showing me these things?" Li Tian asked.

"Ancient relics Tianshu Danjuan is a thousand-year sacred book. According to legend, it is a peerless miracle left by King Dayu. It records the lost bans and ancient martial arts in ancient times... It has always been a Huaxia soul treasure. In the lower three volumes, the first volume is the ancient text from ancient times: tadpole inscriptions, the above records, the inner martial arts, the mind can reach the state of mind and spirit, and the state of mindlessness, the second volume is the ancient martial arts, the above records Various ancient profound martial arts, as well as the system of tricks, the last volume, according to legend, is the scroll of the gods. If you can practice the book of the pill scroll, you will be able to ascend to heaven and reach the realm of gods."

As the **** gate master suddenly said this, Li Tian's eyes suddenly lit up.

To be honest, although he had owned this ancient book Heaven Book Pill scroll very early, but to this day, he knew the secret of this Heaven Book Pill scroll.

And I heard it from my biggest enemy.

When Li Tian heard this **** gate master said so, he was undoubtedly shocked.

It turns out that this Tianshu Danjuan is indeed a sacred book seen in a thousand years.

"With nearly five thousand years of rolling history, there are many heroes and heroes who have obtained this heavenly book pill scroll, but to this day, I have heard that a person has once practiced all the martial arts on the heavenly book pill scroll." The master of the gate of **** in front of him suddenly said.

When Li Tian heard this, his heart was shocked, and he was shocked: So someone really trained this peerless martial arts?

"Who? Who practiced all the martial arts of this Tianshu Danjuan?" Li Tian asked quickly.

The master of the gate of **** stood with his hands on his back, and his eyes flickered and said:

"He is the first God of War, Xiang Yu, king of Western Chu."

Overlord of Western Chu; Xiang Yu!

When Li Tianyi heard it, where was the complete shock!

real or fake? Xiang Yu, king of the Western Chu Dynasty, really practiced the peerless martial arts on this Tianshu Danshu?

"I know you have doubts in your heart, and I know you don't believe this piece of history, but I have to tell you that this is a fact."

"At the time, Xiang Yu, the overlord of the Western Chu Dynasty, raised his armies against Qin and overwhelmed a thousand husbands. He was brave and invincible. In the world, almost no one could be found to fight against Qin. There were many powerful generals in the Qin army. Must die."

"You would never have thought that Xiang Yu was able to have the legendary story of the Western Chu Overlord because he had practiced the Book Pill scroll that day." The master of Hell Gate said there.

After Li Tian heard what the **** gate master said, to be honest, he didn't believe it very much in his heart. After all, so many years of rolling history have passed, no one can be sure whether this guy in front of him said it is true or false?

"Hey, it's a pity that Xiang Yu's fate has been predestined by the sky. He was destined to commit the seven-star lore. He is the evil star among the evil stars, so in the end he killed all his family members and his favorite woman, Yu Ji. Then he killed himself in Wujiang."

"If it weren't for the overlord who knew that everything was the fate of heaven...Where would the Han Dynasty be the world?" The **** gate master in front of him suddenly said wildly.

Li Tian kept listening to him and didn't interrupt much.

But when Li Tian heard that the master of the **** gate said that Xiang Yu, the overlord of Western Chu, was a lone star descending to the earth, Li Tian's heart suddenly thumped.

Lone star?

The lone star! ! !

Not long ago, the old man Wuji had personally warned himself that his life was the life of a lone star, and that his life was fierce and belonged to an unknown star.

Now suddenly I heard the master of the gate of **** talk about evil stars? It really made Li Tian feel strangely tight.

what happened? Why did everyone mention the extremely ferocious star, the Lonely Star of Heaven?

"Now you should understand why I asked you to help me solve the mystery of this heavenly book pill scroll, right?" Just listen to the **** gate master in front of you suddenly and grimly saying there.

As the master of the gate of **** said so, Li Tian was taken aback, shook his head and said, "I don't understand."

"Don't you know that your life is the same as mine, and the life of those heroes and heroes before? They are all the fate of the devil?" Hell's gate master suddenly said furiously.

The fate of the gods, the fate of the lone star.

After the local prison gate master said this all at once, Li Tian was completely stunned.

Is it true that their own fate is the fate of the lone star of the gods as they say? Li Tian stayed there blankly, his eyes lost.

"Only the Celestial Lone Star can understand the Heavenly Book Pill Scroll, don't you even know this?" The **** gate master suddenly said coldly.

As the master of the gate of **** said so, Li Tian's head suddenly stunned.

What he said is true? Still fake?

Is it true that only those who committed the lone star can understand the heavenly book pill scroll?

Thinking of this, Li Tian was at a loss.

Just listen to where the master of the gate of **** continues to say: "There are thousands of stars, and only the lone star is the most withered and the most lonely. Although the first two volumes of this book of heaven can be understood by the people of the lone star, this last volume is You must be destined to understand..."

"Up and down for five thousand years... Only a few people can see clearly in ancient and modern times... So if you want to practice the last volume of the book that day, you must find someone who is destined."

Chapter 1709: lie

Destined?

Is it true that the last level of the heavenly book pill scroll really needs to be found by someone who is predestined to understand it?

"At present, I can only understand the tadpole inscriptions in the first volume and the contents of the second volume. As for the last layer of the wordless heavenly book, I have not read it so far. Now you should understand what I want you to do. Got it..."

As the sect master of the **** gate in front of him said so, Li Tian felt a bit in his heart.

The last third of the Heavenly Book Pill Scroll was blank, and to be honest Li Tian could not understand it.

But now it is obvious that this **** gate master meant to let Li Tian go and read the wordless part of the book that day.

And the favor that the master of the gate of **** had to help was obviously this favor.

When Li Tian thought of this, he was taken aback.

"I can't understand it either!" Li Tian thought to himself.

"Since I can't understand the wordless part, how can I help this **** demon?"

As Li Tian wondered like this in his heart, the master of the gate of **** turned his head and looked at Li Tian: "I know that you have also understood the contents of the first two volumes of the Heavenly Book Pill Book...Now you can tell me, that Did you understand the last book?"

After the **** gate master asked that, Li Tian didn't know how to answer.

Tell him the actual situation? What should I do?

If I told him that I didn't understand the content of the last volume at all, would this **** demon directly kill Duguxie and the ghost servant?

Moreover, if you tell him the truth, then prove that he is useless now, then this demon is likely to kill himself directly.

After thinking of these questions in his mind, Li Tian knew that he could only lie.

He must fabricate a lie to deceive the **** gate master in front of him, because only then can he save his life first, as well as the lives of Duguxie and the ghost servant.

A person can only have a chance if he is alive.

So Li Tian turned his head, where he slowly raised his eyes and looked at the **** gate master and said: "If I tell you, would you really let go of the ghost servant and Duguxie?"

Following Li Tian's question, the **** gate master suddenly said with excitement: "Do you really understand the wordless part of the Heavenly Book Pill scroll?"

Li Tiandao: "You answer my question first, and I will tell you later."

As Li Tian said this, the **** gate master groaned. For so many years, no one has dared to talk to him about the conditions in front of him. Didn't he think Li Tian would dare?

After Li Tian asked so, the master of Hell Gate suddenly laughed wildly.

"As long as you can help me see through the third-level wordless part of the Heavenly Book Pill Scroll, not to mention Duguxie and the ghost servant, even if it is you, I will let you go unharmed." The **** gate master was there. Tao said.

"Why should I believe you?" Li Tiandao.

I saw the **** gate master sneered: "Do you think you still have room for bargaining? What else can you do besides trusting me?"

When Li Tian heard the **** gate master say this, an anger grew in his heart.

Yes, Li Tian really can't do anything now, and can only choose to believe in the master of the gate of hell.

And Li Tian himself was just to delay time, and he didn't know what the content of the wordless part of the book pill scroll was that day.

So after hearing the **** gate master said this, Li Tian paused, and then said: "Well, I believe you."

"Then tell me now, how did you break through the last wordless part of the book pill scroll that day?" the **** gate master in front of him asked urgently.

For many years, the **** gate master has been in retreat and participated in the book pill scroll that day. In this stone room, the **** gate master almost forgot how long he had been sitting, but he has not participated in breaking out. What exactly was the wordless content of the third-level Heavenly Book Pill scroll, so he eagerly wanted to know what was written in the wordless part of the Book Pill scroll that day.

As the master of the gate of **** said so, Li Tian pretended to be mysterious and thought about it for a while and said: "Do you really want to see the third layer of the book that day without words?"

"Nonsense." The **** gate master snorted coldly.

Li Tiandao said: "Okay, then I tell you, if you want to break through the third layer of the book that day, you must first get the book of heaven, because only I can understand the wordless part on it... I remember that the wordless part of the book pill scroll that day I undoubtedly saw the above clearly in the dark night, but I didn't pay much attention to it at the time, so I never looked at it carefully."

"If you really want to break through the wordless part of the book pill scroll that day, you must bring the book pill scroll in front of me... and then I will tell you bit by bit and tell you the content above."

After Li Tian said so suddenly, the master of the gate of **** suddenly raised his brows solemnly.

"You mean that there was no way to break the wordless part of the third layer of the Book Pill Scroll that day? Only you can understand it?" The **** gate master said suspiciously.

Li Tian nodded slowly and said, "Yes."

"Just now you said that the book pill scroll that day can only be understood by someone with predestined relationship without words." Li Tian lied.

"But, why should I believe you?" I only listened to the master of the gate of **** coldly.

Li Tiandao: "If you don't believe me, you can kill me now, but you have to know that if you kill me, you will never want to see the wordless part of the book that day."

When the **** gate master heard this, the darkness and murderous intent all over his body revealed fiercely.

It seems to be really going to kill.

What about Li Tian? Although his face was pretending to be relaxed, in fact, he was jumping around, because he was also scared. If this **** demon really doesn't believe his words, then there is no doubt that he is dead today. , So he was also a little scared.

In the dead silence space, no one spoke at this moment.

After a long time has passed, I just listened to the master of the gate of **** suddenly saying, "Okay, I believe you."

"But if you want me to know that you are lying to me...you will die miserably and miserably, and everyone around you, everyone you know, I will let him die, one by one in front of you. "The vicious and cold words came directly from the mouth of the master of the gate of hell.

It is absolutely impossible to tell that his words are a bit of a joke... If you really let him know that Li Tian was actually lying to him, I really don't know what terrible consequences will happen at that time.

"What a pity, what a pity." Li Tian suddenly sighed there.

After hearing Li Tian's sigh, the master of **** gate suddenly couldn't help but asked, "What are you sorry for?"

Just listen to Li Tiandao said: "It's a pity that even the master of the **** gate may not be able to get the current heavenly book pill scroll."

As Li Tian said so, the master of the gate of **** suddenly burst into laughter.

"There is nothing in the world that I can't get."

"Tell me, who owns the heavenly book pill scroll now?" I just listened to the **** gate master coldly asking.

"Well, let me tell you, the Heavenly Book Pill Roll was snatched by the **** Long Yin." Li Tiandao.

"If you really want to see the non-word part of the third volume of the Heavenly Book Pill Scroll, you must grab the Heavenly Book Pill Scroll from Long Yin's hands."

Chapter 1710: Traitor damn

Long Yin?

When Li Tian pointed the spear at the enchanted Long Yin all of a sudden, the **** gate master in front of him suddenly filled his entire body with a terrifying dark murderous aura.

"It's this **** traitor again." The master of the gate of **** suddenly roared.

Long Yin back then was only one of the three protections of death at the gate of hell, but he did not expect this traitor to become more and more troublesome. At first, the master of the gate of **** did not pay much attention to a traitor, but now, he has to Cast his eyes on that Long Yin.

Because now that Long Yin did take the legendary Heaven Book Pill Scroll.

Seeing the dark murderous aura that the master of the door of the **** gate was full of, Li Tian finally let out a long sigh in his heart.

In Li Tian's heart, whether it was Long Yin or the **** gate master in front of him, these two people were his biggest enemies.

If the two of them are fighting each other, no matter what they are, they will be happy.

Li Tian was secretly scheming, lying motionless there.

I saw the **** gate master suddenly turned around and looked at Li Tiandao in front of him and said: "Boy, you remember what I said, if I get the heavenly book pill scroll from that traitor's hand, if you dare to If you deceive me, or dare not tell me the contents of Book Three, you will die at the ends of the world."

Li Tiannu stared at the **** gate master in front of him, and he did not speak.

"Come here." Suddenly a cold drink roared from the mouth of the master of the gate of hell.

Following the roar of the master of the gate of hell, a huge stone gate on one side rumbly cracked, and then two disciples of **** wearing black robes appeared.

"Master." After the two disciples wearing black robes arrived, they bowed and saluted the master of the **** gate.

"Take him down to me." The **** gate master pointed to Li Tian and said coldly.

The two of them said, "Yes."

Then the two disciples of **** grabbed Li Tian's arm and dragged Li Tian toward the outside like a dead dog.

Li Tian is now hit by the "broken muscle hand" of the master of the gate of hell. At this moment, all the seven meridians and eight meridians are blocked by the acupuncture points, so Li Tian's internal strength can't be used at all, and he may not have the strength to stand up. At this moment, he could only be dragged by the disciples of the two **** gates toward the outside.

Although Li Tian was dragged by the two **** disciples, his eyes were carefully looking at the surrounding environment.

He found that the place he was imprisoned seemed to be a huge crypt... and it was surrounded by tall stone walls... it gave people a gloomy feeling.

And he also found that the disciples of the disciples of **** here were extremely large and heavily guarded.

"This is definitely not Binjiang City." Li Tian judged it directly, because such weird caves would never appear in Binjiang City.

"But where is this place? Where did the **** gate sect master lead me?" Li Tian couldn't stay there and said to himself.

"Could it be that this is the home of the **** gate?" Suddenly a strange thought came out of Li Tian's heart.

After Li Tian thought this way, he continued to observe the surrounding situation.

Finally, he saw the place where he was being held. It was a cold and gloomy stone room. The space was extremely small. There was only a square round hole on the heavy iron door... If someone was imprisoned here, I'm afraid it would count. It's hard to escape with great ability.

Just as Li Tian thought about it, the two **** gate disciples dragged Li Tian directly and threw him into the small and dark stone room, and then the heavy iron gate slammed tightly. Close up.

The surroundings randomly turned into darkness.

Li Tian lay desperately in the stone room.

"What should I do now? My whole body meridians are blocked by acupuncture points, and I can't mention my skill at all... Although I say that I have deceived the **** gate master, but the **** gate master will eventually know the truth. What should I do at that time? Besides, there are ghost servants and Duguxie, how can they save them?"

All the questions filled Li Tian's mind, he could only lie silently in the dark thinking.

Where is the master of the gate of hell?

When he knew that the Heavenly Book Pill Scroll was currently in the hands of that Long Yin, he hated more and more in his heart.

He didn't expect that the traitor Long Yin had become so rampant now... Not only did he kill the Yin and Yang Old Demon, but now he even dared to **** the Heavenly Book Pill scroll?

"Long Yin!"

"Must die." The cruel words roared out from the mouth of the master of the gate of hell.

This traitor, the current **** gate master must kill.

At this moment, a woman in a black robe suddenly walked out.

"Master." She was low in stature, with a disgusting mole on her chin, calling the **** gate master.

After the ugly woman walked in, the master of the gate of **** snorted coldly.

"whats the matter?"

Following the icy voice of the master of the gate of hell, only the ugly woman said: "Master, our people in Binjiang City have all retreated back as you ordered."

"OK."

"Master, what should we do now?" The ugly woman suddenly asked.

"Look for the traitor Long Yin!" A word suddenly came out angrily from the **** gate master's mouth.

After the **** gate master suddenly said that, the ugly woman thought for a while and said; "Does the master really believe what the kid named Li said?"

"Huh, what do you think?" The **** gate master said coldly.

The ugly woman said, "I think the kid with the surname Li is probably just to delay time."

"Procrastination?"

"no, I can not."

"Hit my broken tendon hand, even if he has great abilities, he can't stand up anymore..."

"If he dares to lie to me, he will regret it when the time comes, and I will let him know the most painful feeling in the world... it will make him begging for death." Hell gate master sneered.

"Not to mention that traitor Long Yin, I wanted to kill him a long time ago."

"Now he has the Heaven Book Pill Scroll in his hand, of course it is even more deadly!"

After the **** gate master said these words so coldly, the ugly woman before her dared not speak too much.

"During this time, you guard the Necropolis...remember, you only need to make sure that the kid has a lonely lonely man, and the ghost servants and others are not dead."

"After I find the traitor Long Yin, I will kill him personally, and then take back the Heavenly Book Pill Scroll."

After the **** gate master said so, the ugly woman nodded and said: Yes!

Necropolis?

Just now the master of the gate of **** said that this is the palace of the dead?

It turns out that this is really the old lair of the gate of hell, no wonder it looks like a crypt.

The Necropolis was originally a catacomb. It was built in a deserted tomb in the southeast mountain range. This place is not known to be the tomb of the dynasty... The space is huge, but now it has become the total lair of the **** gate! And now Li Tian still has Duguxie, and the ghost servant is imprisoned in this palace of the dead.
