

## A Killer 176

Chapter 176: Horrible hostility (4 more)

"Boy, since you are here to die, then I will fulfill you."

K, who spoke a word, slashed towards Li Tian with his tooth blade.

The terrible tooth blade slashed straight towards Li Tian's head.

Li Tian didn't dare to be careless at all. He moved quickly, dodge a blow, and then K continued to wave the blade of his hand.

Had it not been for Li Tian's flexible pace to escape the fatal attack of K, he would have been stabbed to death by now.

After continuously evading the deadly tooth blade attack, K furiously exited.

"Asshole boy, I see how you hide."

After the words were spoken, his body was carrying a gust of wind hitting Li Tian, one hand ghostly grabbed his chest, and the tooth blade in the other hand was slashing head-on.

Li Tian wanted to retreat, but the other hand of K that grabbed his chest was so fast that it made a hissing sound. The K hit Li Tian's chest with a heavy blow, that was fierce. The strength caused Li Tian to retreat three steps uncontrollably, his vitality surged.

"Your kid is dead." K said with hatred.

The old Qiu couldn't help sighing... Although Li Tian's steps were strange just now, his movements were too monotonous after all.

It's okay to face ordinary people, but it's not easy to face masters like K and Xuepan. Although his steps are weird, he can quickly be seen by others.

"Why is this kid coming back to die?" Qiu Lao sighed.

It is obvious that he has no hope for Li Tian.

However, when Situ Ningbing saw Li Tian's move, he was slightly startled: Didn't expect him who knew nothing in Liao Cheng? After just over two months in Kyoto, I have learned something...

Is he really trying to become stronger? To protect yourself? Thinking of this, Situ Ningbing couldn't help but his face became slightly warm.

The first heartbeat, the first hot face, came too fast... Maybe her cold heart was gently opened by Li Tian at this moment.

"Go to hell, kid."

With a tyrannical roar, K obviously no longer wanted to fight with Li Tian, he clearly wanted Li Tian's life.

Isn't this? The vicious move slashed towards Li Tian with an invisible murderous intent.

The tooth blade pierced Li Tian's chest fiercely, and the angle happened to be the place where Li Tian's step changed. This showed that K had already fully seen Li Tian's movements.

If Li Tian dodges, only death is the only way to avoid it.

In a hurry, Li Tian suddenly took a risk and used it (Rashomon: Nine Types).

One hand moved forward spookily, directly following the footsteps, and the other leg was slightly bent. When the K's terrible tooth blade pierced over, he suddenly turned his foot, and the soles of his feet rubbed against the ground. , The whole body slammed into the toothed blade, and then his body twisted suddenly.

The same move?

Gosh? What kind of weird trick is this?

After twisting his body weirdly, he went straight to the bag and hit that K's arm suddenly.

With a scream, everyone unexpectedly, the tooth blade in K's hand was knocked to the ground by Li Tian.

Then K was shocked, his arm was numb with Li Tian's hand just now, his eyes were full of hatred and surprise and looked at Li Tian viciously.

And what about Old Qiu and Situ Ningbing? Also stunned.

"What was the move just now?"

Old Qiu was stunned, and Situ Ningbing was stunned, and even the \*\*\*\* eyes looked at Li Tian with unbelievable eyes.

To be honest, even Li Tian himself couldn't believe it.

I actually used that skillfully (Rashomon: Nine Types).

Rashomon: refers to the gate to death and hell. It means the door of death.

Just now, Li Tian, under the seemingly dead end of the enemy's tricks, actually understood the true meaning of (Rashomon: Nine Types), and skillfully used the first type of (Rashomon: Nine Types), but one trick Let the tooth blade in K's hand fall to the ground.

Such terrifying and weird tricks undoubtedly shocked everyone present.

A pair of brightly shining eyes hidden in a dark corner, looking at Li Tian, who had just used (Rashomon: Nine Types), a sense of relief appeared in his eyes.

Muttered in his mouth: "It seems that this baby will soon understand the meaning of Rashomon... She can understand the meaning of the first level so quickly..."

When the words fell, his figure suddenly rushed towards the distance like a goshawk... the direction was the direction of the back mountain.

After two ups and downs, his rickety figure disappeared into the thick lush back mountain, without a trace.

Looking at his hands, there was Li Tian, who was unwilling to believe his gaze, staring at him.

"Rashomon...Rashomon...Li Tian suddenly repeated these words weirdly..." He suddenly felt like a \*\*\*\* of death, and that terrifying hostility appeared unknowingly. Let everyone present feel it.

"What's going on with that kid..." The \*\*\*\* eyes in front of him looked at Li Tian in astonishment.

Now Xuepan also felt the strange hostility, like the smell of death.

K looked pale and looked at Li Tian as well.

And even that Qiu Si and Situ Ningbing, both of them stared at him with unbelievable gazes... How could he burst out such terrifying hostility in such a short period of time?

And what kind of weird move was his move just now?

They knew that Li Tian was because of Rashomon.

Li Tian, who has no father and no mother since he was a child, can be said to have been suffering from an orphanage. When he grew up working in a small county while living alone, he had already felt warm and cold about the world. Knowing and understanding are much more thorough than ordinary people... and they have a deeper understanding of death.

It just happened that after learning this Rashomon just now, Li Tian really understood the true meaning of death... the feeling of wandering back at the crossroads of death to send people into hell.

So at this moment, he suddenly realized the true meaning of (Rashomon)!

A sudden voice rang from the audience full of horror and hostility.

"Oh, this kind of feeling...this feeling...like our family's...our family patriarch's...horrible feeling..." Duanmu Lei was speaking.

This guy has the Duanmu surname, but is a branch of the Duanmu family.

Rashomon was originally the martial arts of the Duanmu family... Although this Duanmu Lei was a member of the branch, he had experienced the terrifying hostility of the patriarch of the Duanmu family at the ten-year family meeting, so at this moment Li Tian exuded all over his body. When this kind of horror and hostility, he was shocked there. The feeling was exactly the same as the horrible feeling he once showed at the Duanmu family's ten-year family meeting...

What is going on?

"What did you just say?" K in front of him heard the words from Duan Mu Lei's mouth and couldn't help asking coldly.

Duanmulei's complexion was ugly, and he quickly said: "He, he, him, the terrifying hostility on him, it seems, it seems to be the hostility that the talents of our Duanmu family will show... But how could he have...? "
