

A Killer 1761

Chapter 1761: Save people

And the smiling Buddha over there is also desperate to kill a **** road towards this side...

But it was still too late.

But seeing that group of monsters, dragged Jiang Dashan's body, and dragged quickly toward the dark tunnel.

They seem to want to **** "victory goods."

The ecstasy apostle Situ Xuan and the smiling Buddha of course did not allow those monsters to take away Jiang Dashan's body in this way, so he wanted to rush to stop them, but the ugly abnormal monsters around them blocked them one by one. ...

In this way, in the eyes of the two, Jiang Dashan's body was dragged into the dark tunnel by the monsters. While dragging the corpse, the monsters were still roaring weirdly, as if they had won.

The anger and hatred all burned in front of the smiling Buddha and the seductive apostle Situ Xuan.

The eyes of the two of them were red, and their shots were even more merciless, and they killed the monsters around them one by one.

Just when they were killing those perverted monsters, they only heard the sound of gunfire coming from the side...

With the sound of gunshots, two of the monsters who were about to pounce at the smiling Buddha were shot in the head, and then died tragically on the ground...

After hearing the gunshots, the other monsters suddenly seemed scared and ran towards the depths of the dark tunnel.

And what about Situ Xuan, the ecstatic apostle, and the smiling Buddha? After hearing the gunshots, they not only froze for a moment, looked up, and saw Tang Xiaolong and Brigadier Wang Zhen who had arrived.

The sound of the gunshot just now was undoubtedly the shot fired by Brigadier Wang Zhen.

After Tang Xiaolong and others rushed over, they rushed over.

"How are you? Are you injured?"

I saw the brothers running over looking at Situ Xuan and the smiling Buddha.

But seeing the two of them pale and shook their heads.

"It's fine if you don't get hurt...Unexpectedly, you have encountered so many abnormal monsters here." Just listen to Tang Xiaolong.

On the other side, Chen Qiaozhi suddenly noticed that besides the Ecstasy Situ Xuan and the smiling Buddha in front of him, there was one less person present.

Why is Jiang Dashan missing?

"Where is Dashan? What about the others? Why are you two?" Chen Qiaozhi asked suddenly.

Following the startling question of his words, the other brothers around him were not only taken aback, yes, why are they two, what about Jiang Dashan? Why is it missing?

But seeing that after Chen Qiaozhi asked, the ecstatic apostle Situ Xuan and the smiling Buddha bowed their heads in agony.

When Chen Qiaozhi and other brothers looked at their expressions, they suddenly felt something was wrong!

"What's the matter? What's the matter? Is something wrong with Dashan?" Chen Qiao asked urgently.

Just listen to the smiling Buddha in front of him and finally said, "Dashan...Dashan... was taken away by those monsters!"

what! ! !

"Is it caught by those monsters?" Hearing the words of the smiling Buddha, the brothers in front of him were all stunned.

How could this be?

How could Jiang Dashan be taken away?

After Laughing Buddha's explanation, the brothers finally knew what was going on.

After listening, the brothers were all stunned there.

"Oh my God, now Dashan doesn't know if it's alive or dead... and he was snatched away by those cannibal monsters... what can I do?" Xue Wuhen said with a worried expression on his face.

"What? What kind of human-eating monster?" When the smiling Buddha and the ecstatic apostle Situ Xuan heard Xue Wuhen talking about the human-eating monster, they asked not only in a daze.

Because they were not with Chen Qiaozhi and others, they didn't know the miner cannibalism.

So the brothers in front of them explained to the ecstasy and the smiling Buddha about the cannibalism of the miners, and also told the situation they encountered in the tunnel over there.

After the smiling Buddha and the ecstatic apostle Situ Xuan heard what they said, they were all dumbfounded...

"Oh my god, those monsters are mutant miners?"

"They actually survived this death-like dark tunnel by eating people." But seeing the smiling Buddha said in shock and fear.

The brothers here also nodded silently.

"No wonder... No wonder, when we were in the tunnel just now, we saw the corpse of a miner whose arms and thighs were torn off alive... It turns out that all this is because of cannibalism." Situ Xuan said in shock.

The brothers were all there in silence.

"What to do? What do we do now? We can't let the perverted dog stuff really eat the mountain alive..." Laughing Buddha has the deepest relationship with Jiang Dashan, and can't help but say that with red eyes .

After hearing what he said, my brothers all looked at me and I looked at you.

"Don't worry, we won't leave the mountain behind."

"From now on, we will find a way to save him..." Just listen to Chen Qiaozhi over there.

"Even if it's dead... we have to **** Da Shan's body back, and we must not let those **** eat Da Shan's body."

"Yes! Let those **** perverted **** know that I'm not easy to mess with."

After the brothers made this decision, they were ready to start robbing Na Jiang Dashan's body.

At this moment, although no one knows whether Jiang Dashan is dead or alive... However, in any case, Jiang Dashan's body cannot be allowed to fall into the hands of those **** ogres.

In the dark tunnel, I could faintly hear the roar of Ji Ligulu.

But at the end of the tunnel, I saw the two black shadows moving there...

Look carefully, but they are two abnormal-looking monsters... and in the hands of the two abnormal monsters is a heavy iron chain. What about the other end of the chain? It was tied to the body of a fainted person.

With a startled look, the body that was tied to the ground and fainted was Jiang Dashan who was caught.

I saw two monsters pulling the chains while walking towards the darkest tunnel.

The more you go, the darker you go, the more space you go.

Finally they pulled Jiang Dashan's body into the darkest cave.

I saw that as the two abnormal monsters pulled Jiang Dashan's body, a dozen other abnormal monsters roaring like them suddenly appeared in the surrounding area...

They all approached Jiang Dashan on the ground, then leaned forward and sniffed Jiang Dashan's body with their noses, as if they were smelling fragrant food with their noses.

At this moment, a perverted monster who seemed to take the lead jumped out, screaming in his mouth..

Chapter 1762: People in the tunnel!

When he yelled like this, and two black hands were waving there, the other abnormal monsters around him seemed to be afraid of him, slowly retreating, and they didn't dare to approach that Jiang Dashan's body anymore.

What about that abnormal monster that looks like a boss? After driving away the monsters around him, he looked at the body of Jiang Dashan on the ground with those weird eyes, and then hopped to the dark tunnel in the innermost part.

I saw at the end of the tunnel there was still a long narrow passage... As the monster walked over, suddenly a cry of a child came out.

The child's cry was extremely crisp, especially in this dark tunnel, and he heard very clearly at this moment.

Good deed, how come the terrible cry of a child in such a dark tunnel?

Could it be that the cry of the child just now was the missing child?

Following the sound, I walked forward step by step, and gradually saw that there was an iron cage in the forefront. The iron cage should have been here for a long time, and it was rusty... and inside the iron cage was covered. A 78-year-old boy is locked up.

The little boy's face was pale, and his two little hands were holding the iron fence and crying.

While crying, he yelled: Mom, Mom...

The little boy's clothes were very ordinary, but it seemed that his crying had become smaller and smaller because of being too hungry... and the boy seemed to have no tears.

Just when I saw the poor child, a gloomy voice suddenly came from the dark place on the left.

"Catch him over to me." The voice was abnormally cold...

After the sound came, I saw a man sitting motionless in the darkness in a blink of an eye, staying there.

Because the light is too dark to see his face clearly, the only thing I can see is a pile of human skulls piled up next to him...

Look at the skulls of those people in amazement, those bones are all the bones of children! ! !

He said that after the voice came, but seeing the man-eating monster, as if he was afraid of the man in the dark, roared in his mouth as if he was agreeing.

Then he walked step by step towards the iron cage that held the child...

As he walked over, the child cried in fright...The crying became louder and louder, and he stepped back in the iron cage.

But with such a small iron cage, where can this poor child go back?

I saw him being grabbed by the cannibal monster, and then lifted his small body with a hand. After grabbing the child, the cannibal monster sat facing the darkness The guy like "Magic" walked step by step.

After the man-eating monster reached the guy like the "devil", he suddenly stretched out a hand in the dark, and then grabbed the child in the monster's hand, wondering what his hand was. As soon as he moved, the poor child who was crying suddenly stopped crying... the whole person suddenly seemed dead, no longer moving, let alone crying, but closed his eyes completely." died".

Grasping the child in his hand, the person in the darkness suddenly muttered: "This is already the forty-seventh... it's still two... it's still two, my six magic **** The Tao will succeed..." The gloomy words suddenly burst out of his mouth with a wild laugh.

But seeing the pile of child bones beside him exudes a gloomy breath.

There is a saying in the way of hell: if you have a child's heart and soul of pure yin and pure yang of seven or seven forty-nine, you will be able to practice the magical powers of hell, which is the last level of the six magic arts. , Third, humanity, fourth, animal path, fifth, hungry ghost path, sixth, **** path, and the **** path is the most difficult one among the six paths. If you can cultivate and complete the **** path, you will have the power of yin

In the endless tunnel, the voice was filled with a hostile atmosphere.

After he said these words, he saw that the man-eating monster beside him suddenly roared, yelling, as if talking to the "devil".

The "devil" in his words seemed to be understood.

After the hoarseness in his throat, the person in the darkness suddenly yelled.

"Damn, someone dared to break in here?"

"Did you monsters attract them?"

"Asshole..."

Along with his roar, he suddenly roared and suddenly pushed one hand forward, but saw that the monster suddenly felt a majestic energy hitting his chest...

There was a bang, but after hearing a stern cry, the monster's entire body was suddenly hit by the fierce palm force directly on the ice-cold rock wall, blood splattered and died directly.

But seeing that the monster's head hit the ice-cold stone wall, it was directly shattered...The sticky yellow liquid flowing out of the brain covered the wall, and it looked how disgusting and disgusting.

In an instant, the monster was killed by him.

But seeing that after killing that abnormal monster, he didn't even glance at the corpse in front of him. He just snorted and said, "Damn things, even for me to practice calmly. disturb me....."

"Since someone comes in, I will let them all die."

Following his ghastly words, he walked straight out of the darkness.

In the endless darkness, his body seemed to be wrapped in darkness, and there was an extremely heavy suffocation feeling in his whole body, as if he had come from the darkness.

Step by step, he walked outside.

Inside the empty stone chamber outside, I saw many abnormal monsters squatting all around...

Each of them had their faces twisted, and their eyes looked at Jiang Dashan, whose hands and feet were faintly by chains in front of them, with a horrifying gaze. There was yellow disgusting mucus dripping from their mouths, like salivating saliva. Looking at Jiang Dashan in front of him, there were bursts of roars...

Is that their prey?

It is the prey they are about to eat!

So they stayed quietly.

I saw that when these monsters were guarding this cave, a footstep suddenly came towards this side. When the monsters heard the sound of footsteps coming from inside, they roared in their mouths and stared at the passage...

Suddenly, a grumbling head was thrown out of the hands of those who came by! ! !

Chapter 1763: Li Tian is here

After a grunting human head rolled over, the monsters were stunned, and then took a stunned look, my God, the human head turned out to belong to the boss monster just now. .

When the group of monsters saw this grunting head, they couldn't help but roared out, and their hideous faces were completely distorted at this moment, staring at those biting eyes. People walking out of the dark.

He walked step by step, suffocating with destruction all over his body.

When his figure suddenly appeared among these monsters, he snorted coldly, looked at the monsters roaring around and said, "A bunch of ugly perverted things..."

"I don't know how you guys survived!"

After he finished speaking coldly, the group of monsters around seemed very scared, although everyone's eyes exuded a horrible gaze, and at the same time they bared their teeth, but there was no one. Dare to reach his side.

When he walked into the cave, he was the first to see the Jiang Dashan on the ground that was fainted on the ground with two hands locked by chains.

The moment he saw Jiang Dashan, he was not only startled.

"It's him?"

"It turned out to be that **** Li Xiaozi?" He recognized Jiang Dashan's identity at once.

After he recognized Jiang Dashan's identity, he suddenly couldn't help thinking in his mind: Did that **** boy named Li come here?

"Okay, great, God helped me too!"

"Unexpectedly, the person I always wanted to kill was automatically sent to the door."

There was a dark sneer at the corner of his mouth.

After thinking this way in his heart, he suddenly turned his head and said to the group of abnormal monsters around him: "Unexpectedly, you ugly things are still useful..."

As he said this, the monsters roared one by one, and their voices were extremely ugly.

"Bring him in for me first." As he said.

As if the monsters could understand his words, one by one began to jump over, then grabbed the iron chain and pulled the body of Jiang Dashan and started walking towards the tunnel...

And he? Standing at the end of the dark tunnel, looking at the tunnel at this moment with gloomy eyes, muttered in his mouth: "It's time to kill."

Darkness came gradually.

At this moment, a figure was hurriedly rushing towards the place near the dead kiln mine.

A closer look at the man revealed that Li Tian was astonished.

It turned out that Li Tian had arrived.

He could see the tents of the North China Field Army barracks near the dead kiln mine and the twinkling lights.

When he saw his grandfather's army, Li Tian felt a warm feeling in his heart.

"Unexpectedly, what that person told me was true... my grandfather really sent someone to this dead kiln mine."

After thinking this way in his heart, he stepped up and rushed here quickly.

When he just arrived at the illuminated military area tent, suddenly two cold guns were put on his head.

Then a cold voice came out.

"Who are you? How did you trespass here? Don't you know, this area has been tightly sealed off?"

The voice came from the mouth of a soldier in the North China Field Military Region.

Li Tian looked up and saw that he was pointed at his head by two heavily armed North China Field Army soldiers.

After seeing that it was his grandfather who was serving as a soldier, Li Tian said, "I am very familiar with your North China Field Military District...I came here to find someone."

"Find someone?"

"You came here sneakily in the middle of the night, dare you say that you are looking for someone? I don't think you look like a good person." One of the soldiers said to Li Tian with the automatic rifle in his hand at that end.

Li Tianyi could only smile bitterly.

"Answer me, what are you doing here?" the soldier continued to ask angrily.

Li Tiandao: "I really came to find someone..."

"Well, since you said you are looking for someone, then I ask you, who are you looking for?" The soldier said.

"I'm looking for my grandpa." Li Tiandao.

"Your grandfather? You ran here in the middle of the night to find your grandfather... Isn't it funny?" The soldier thought Li Tian's words were all lies, and didn't believe him at all.

Li Tian didn't have the time to spend time with them here, so he could only say: "I really came to see my grandfather...My grandfather is the commander-in-chief of your North China Field Army, Mu Yunlong."

When Li Tian told the facts all at once, the soldier standing next to him was startled first, and then he burst into laughter.

"You guy can really bludgeon... You dare to say that our commander-in-chief is your grandfather... I think you are looking for something." The soldier obviously didn't believe Li Tian's words.

After all, in the middle of the night, Li Tian suddenly emerged from here, and he also claimed to be the grandson of the old commander Mu, it is no wonder that the soldier didn't believe it.

Just when Li Tian didn't know how to explain to the soldier in front of him, suddenly the soldier next to Li Tian glanced at Li Tian, then pulled a hand of the guy who had questioned Li Tian next to him, and said in a low voice. : "Hey, come here."

The soldier was taken aback for a moment, and said, "What is it? What's wrong?"

"That kid, I look so familiar, as if I have seen him in our military district... I guess he is really the grandson of our commander-in-chief?" As the soldier said suddenly. After that, the soldier in front of him who questioned Li Tian just now was stunned.

Tao said: "Really? Don't you be kidding me?"

"How can I be in the mood to make a joke with you... You also know that our commander-in-chief only recognized his grandson... and it is rumored that our commander-in-chief treats that grandson very much... if this kid is really the commander-in-chief's relatives? As for my grandson, the two of us are in trouble."

what?

"What should I do?" Seeing the soldier who questioned Li Tian just now became depressed.

Just listen to the soldiers here saying: "Let's just wait here. I'll call our political commissar Zhou... It's said that our political commissar Zhou has had contact with the commander-in-chief's grandson, waiting for me to call After taking him, he must be able to tell at a glance whether this person is real or not."

"Okay, okay, you go," said the soldier.

"Okay, you watch him here first." After the soldier said that, he quickly ran towards the lighted military camp tent.

As a soldier ran towards the barracks tent at the moment, Li Tian continued to stand here in embarrassment.

At this time, his eyes had already seen the so-called dead kiln mine, but he saw that there was still a long cordon around the dead kiln mine...

Looking there, Li Tian thought to himself: It seems that the deep cave is the so-called dead kiln mine...

Are those missing children related to this seemingly deserted kiln mine?

Just as he was thinking about it in this way, he saw that a few soldiers had quickly walked out of the barracks tent.

One of them appeared to be in his 40s, wearing a green military uniform, and walking quickly toward this side, followed by three guards.

This person is the political commissar of the 39th Army, his surname is Zhou, and everyone else calls him political commissar Zhou.

Chapter 1764: Li Tian enters the dead kiln mine

The political commissar Zhou at the moment walked this way, and at the same time asked the soldiers around him urgently, "Where are the people?"

"Report to the political commissar, right in front."

"Okay, take me there quickly." Political Commissar Zhou said there.

So the soldier in front of him quickly hurried towards Li Tian with the political commissar Zhou at the moment and a few guards behind him.

After they arrived, Li Tian saw the Zhou political commissar at a glance.

During the period when he lived in the North China Field Army Military Region, Li Tian had quite a few contacts with the political commissar in front of him. Seeing him at this moment, he immediately recognized him.

"Political Commissar Zhou." Li Tian recognized him at a glance after seeing him, and said excitedly.

The political commissar also recognized Li Tian that week.

"Li Tian... is it really you?"

"Oh my God, I didn't think it was really you?" Zhou's political commissar said happily while holding Li Tian's shoulder tightly with a look of disbelief.

Li Tian smiled and nodded, and all the soldiers on one side were speechless. No one thought that the guy who broke into here in the middle of the night was really the grandson of their commander-in-chief.

"Smelly boy, don't hurry up and put the gun away for me." Only the political commissar Zhou said with a serious face to the soldier next to Li Tian who was still holding the gun.

The soldier's face was pale, he quickly put the gun away, and said: "Yes, political commissar."

"Li Tian, I'm really sorry, I don't...I don't know you very much..." Political Commissar Zhou apologized to Li Tian for the abruptness he had just now.

Li Tian smiled slightly and said, "It's okay."

"Go, go, let's go and sit in the barracks."

The political commissar Zhou, who was talking, quickly took Li Tian's hand and enthusiastically walked towards the military camp tent.

"Hey, I heard that you had an accident some time ago... The commander-in-chief and his elderly people are worried about it..."

"Now that you are back, the old commander will probably go crazy after the news reaches the General Military Region." Political Commissar Zhou said and laughed there.

Li Tian also said, "Is my grandpa okay?"

Political Commissar Zhou said slightly, "To be honest, the old commander's body is not as good as before... hey..."

Not only did Li Tian feel a pain in his heart, but when he thought of his grandfather in his heart, Li Tian felt an indescribable guilt.

"But, finally you are back. This time, you must go back and see the old commander... To be honest, his old man misses you very much."

After Li Tian heard this from Political Commissar Zhou, he not only nodded deeply, "Well, don't worry, I also want to see my grandfather when I come back this time."

Political Commissar Zhou said with a smile: "That's good."

After Li Tian followed the political commissar that week to the barracks tent, that week the political commissar again sent people tea and asked Li Tian to sit down. The affection was like meeting a family member, which made Li Tian not only a little embarrassed.

"By the way, Li Tian, why did you appear here?" The political commissar Zhou suddenly asked in surprise. He was excited just now, and now he suddenly thought about how Li Tian would appear here. This is indeed a question.

I just heard Li Tiandao say: "To be honest, I had just arrived in Binjiang City... and then in Binjiang City I heard that there is a dead kiln mine here, and I also heard that many children in the surrounding area are missing... and most importantly Yes, I heard that someone from your army has also come, so I immediately came over to take a look."

That week, the political commissar heard Li Tian's words and suddenly understood.

"Oh, that's how it is."

"What a coincidence, what a coincidence."

Then Li Tian said at this moment: "How is your investigation? Did you find the missing children?"

After Li Tianwen asked, the political commissar frowned that week and said, "Hey, so far, we have not found a missing child."

Li Tianyi was shocked when he heard: "How could this be? Are those children missing for no reason?"

Political Commissar Zhou said: "In fact, we don't know... the people around said that the missing of those children is related to the dead kiln mine... so we came here."

"What about now? Haven't you entered this dead kiln mine to check?" Li Tiandao asked.

The political commissar said that week: "I have entered..."

"Just two hours ago, Brigadier Wang Zhen and your brothers had already entered this dead kiln mine." Said Zhou's political commissar.

"What? What did you just say...you mean my brothers?" Li Tianyi almost jumped up when he heard it, and said to the political commissar Zhou who looked at him unbelievably.

"Are they here??"

That week, the political commissar was taken aback and said, "Oh, yes, I forgot to tell you... Your brothers are currently living in the North China Field Army... After this incident, Brigadier Wang Zhen specially invited them to come. help."

"So Xiaolong, Qiao Zhi, and Xue Wuhen are all here?" Li Tian asked excitedly.

The political commissar said that week: "Yes."

"Great... I could never find them, but I didn't expect them to be here." Li Tian was happy there.

The political commissar of that week also said with a smile at the moment: "I guess they don't know about your coming here. I believe that when they come out, you will be extremely excited to see you."

"By the way, what about Ningbing and my Aunt Hua? Are they also in the North China Field Army?" Li Tian couldn't help asking.

But the political commissar Zhou in front of me smiled and said: "Yes, all there."

"It's good to be... so I can finally rest assured." Li Tiandao said.

Originally, he had always been worried about the safety of his brothers, but after learning about the current situation, Li Tian's worry was finally relieved.

He asked: "Then Xiaolong and Brigadier Wang Zhen have both entered this dead kiln mine now?"

Political Commissar Zhou said there, "Yes, it's been almost two hours... I don't know why, why can't I come out."

After hearing what the political commissar said this week, Li Tian said, "I will go in and look for them."

"what?"

"Are you going to this dead kiln mine?" The political commissar that week looked at Li Tiandao depressed.

But seeing Li Tian nodded quickly, he said, "Yes."

"I heard that this dead kiln mine is very strange, and that there is still such a poor child missing...I can't sit back and watch, and my brothers have already gone in now, since I'm here, how can I not go in and help? "

Listening to Li Tian's words, the political commissar of that week said, "But...but you just got here...or else, let's just wait outside for Brigadier Wang and the others?"

"No! I must go in." Li Tian said decisively.

Seeing Li Tian's stubbornness, the political commissar Zhou in front of him had no choice but to say: "Well, since you have to go in, I can't help but I still hope you be careful."

Li Tian smiled and nodded at the political commissar of that week.

"Li Tian, how about sending some people in with you?" Political Commissar Zhou said to Li Tiandao.

Li Tian turned his head and smiled and said, "No, I will go in and find them myself."

"OK then....."

After Li Tian made such a decision, he would insist on entering the dead kiln mine.

That week the political commissar brought him some things, including a flashlight for lighting, a flare, and a pistol and handed it to Li Tian.

"Li Tian, you'd better take this one too... self-defense."

As the political commissar said that week, he gave Li Tian a gun.

Li Tian glanced at the pistol, frowned and smiled, "Thank you, Political Commissar Zhou, but unfortunately, I don't like to use this thing."

That week the political commissar thought for a while. He knew Li Tian's strength, so he said, "Well, since you don't need it, then I won't force it... But after you go in, you must be careful."

"I see, don't worry."

After Li Tian said this, he began to walk towards the barren dead kiln mine, looking for his brothers.

Chapter 1765: Weird sound

Li Tian was holding the flashlight in his hand at this moment, so he entered the dead kiln mine in front of him.

After entering inside, he saw the elevator and glanced at the elevator that had fallen. Li Tian knew in his heart that the brothers must have descended from the elevator to the tunnel below.

After thinking about this in his mind, he took the flashlight and looked for the lift switch. After finally looking for it, he found the lift switch. After reaching out and pressing it, he only listened to the place below. There was the rumbling sound of the elevator, and it was obvious that the elevator had risen from below.

After coming up with the elevator, Li Tian jumped directly into the elevator, and then pressed the elevator again, and the elevator rumbling down again.

After the elevator was finally down, Li Tian jumped out of the elevator and took pictures with a flashlight around.

He discovered that there are so many tunnels in this cave...

But which tunnel did the brothers enter? After thinking about this in his mind, he was not only a little depressed, after all, there are too many tunnels nearby, and now Li Tian doesn't even know which tunnel the brothers entered...

Is Li Tian looking for his brothers casually?

However, Li Tian said that after seeing so many tunnel entrances around, he slowly walked to the entrances of those tunnels, and then carefully observed the situation around the tunnels.

He needs to look for clues carefully... to see if there are any traces of people walking past the entrance of the cave.

After searching for a while, he suddenly saw some traces of people walking by at the leftmost tunnel entrance, because the weeds at the tunnel entrance seemed to have been stepped on.

After seeing this small situation, Li Tian subconsciously confirmed that the tunnel in front of him must have been entered by the brothers.

After thinking about it in this way, Li Tian began to enter the dark tunnel.

In the dark tunnel full of corruption, I saw the brothers headed by Chen Qiaozhi walking forward step by step.

They all had flashlights in their hands, and they were shining forward as they walked.

No sound can be heard in the dark tunnel at this moment.

"Damn it, did Dashan get there by those abnormal monsters?" Tang Xiaolong yelled while walking.

"Dashan won't be eaten by... by those abnormal monsters..."

Xue Wuhen said in surprise.

They saw the monster cannibalistic scene with their own eyes. At this moment, thinking about it in their hearts, everyone was not only sweating deeply for that Jiang Dashan.

"No, absolutely not, Dashan will not die." The smiling Buddha who has the best relationship with Jiang Dashan over there said in a loud voice.

The brothers remained silent. Although no one spoke, everyone's face undoubtedly showed worry about that Jiang Dashan.

"If those **** perverts dared to eat our brothers, I swear that they will have to crack their stomachs... let them die one by one." Tang Xiaolong thought of the horrible scene in his heart, and he wanted to kill the gang. monster.

At this moment, they began to walk along the dark tunnel, looking for the river and mountains.

No one knows whether Jiang Dashan is dead or alive now, let alone whether he has been swallowed by the horrible monsters.

They are just now holding the flashlight and shining it bit by bit, looking for it.

While looking for it, I only heard the ecstatic apostle Situ Xuan said to Tang Xiaolong, Chen Qiaozhi and others here: "By the way, have you heard the cry of a child when you were searching the tunnel just now... "

After Situ Xuan suddenly said this, Chen Qiaozhi, Tang Xiaolong and others were not only taken aback.

"The cry of the child? We didn't hear it."

Situ Xuan said, "We heard it."

The smiling Buddha over there also said at this moment: "Yes, we did hear the cry of the child in the tunnel."

After the two of them said this at the same time, then Chen Qiaozhi and Tang Xiaolong not only had their doubts there.

Just listen to Chen Qiaozhi's horrified expression on that face: "Could it be that the cry of that child is one of the many missing children?"

"Could it be that those poor kids were also caught by those monsters." Tang Xiaolong said in shock.
Chen Qiaozhi said suddenly, "No, it's not like."

"Why?" Tang Xiaolong questioned.

Just listen to Chen Qiaozhi said: "You and I have seen the kind of monsters just now... If those children were stolen by these monsters, it is absolutely impossible. First of all, these monsters are all strange and strange, and they like to live. In the darkness, there is another thing that they seem to be afraid of light... If I heard correctly, there were a few children who disappeared during the day, and they were in the public. If these monsters robbed them. People around you can definitely find clues, but according to those around you, I've never seen the kid who took the kid before, even if I didn't even leave a trace, so I'm sure to take it. The child is definitely someone else... definitely not those ugly monsters."

After Chen Qiaozhi said this, the brothers in front of him thought about it, and they all felt that Chen Qiaozhi's words were extremely reasonable.

"Sick ghost, if you understand it according to your meaning, is there someone else who took the child?"

"And that person is also in this dark tunnel?" Tang Xiaolong asked in surprise as he said.

But seeing Chen Qiaozhi staring at the dark tunnel in front of him at this moment, and then slowly said: "Yes, besides the monsters in this tunnel, there must be other people here, and he It must be the heinous guy who took those kids."

After Chen Qiaozhi spoke such affirmative words, the brothers were all in the dark lining that they couldn't help: Baby, who the **** is in this dark cave?

After thinking about it this way, they began to continue walking along the tunnel.

The tunnel in front is getting darker and darker.

Just as they were walking toward the front, they suddenly heard a roar from the tunnel ahead.

After hearing this voice suddenly, Chen Qiaozhi hurriedly signaled the crowd to lower their voices and then listened.

But I saw that the weird roar came from the front.

After hearing the voice, Chen Qiaozhi lowered his voice, turned his head and said to the brothers beside him: "Everyone heard that...Did you hear the monster's voice?"

Chapter 1766: Salvation Oyama

"I heard..." Tang Xiaolong said from behind.

The other brothers nodded in the same way.

"Go, let's go and see." As he said, but he was the first to slow down and start walking step by step.

His steps were so light, so light, that he walked in this cold tunnel without making a sound.

And the brothers behind are the same, they all walked gently, and then moved forward step by step.

As they walked forward, the smell of corpses in front of them became more and more serious. In the endless darkness, they could only walk slowly with flashlights.

Finally, they drove to the front tunnel entrance, and they came over.

After walking over, Chen Qiaozhi signaled his brothers to turn off the flashlights, and the brothers also turned off the flashlights one by one according to his instructions.

After the flashlight was turned off, the surrounding area was plunged into darkness, and Chen Qiaozhi also started to walk out of the tunnel step by step with his brothers at this time.

When they walked out of the tunnel, they found that they had entered an empty stone room of about 100 square meters. The stone room was filled with a foul smell... This foul smell was emitted from the monster. At this moment, the brothers were holding each other one by one. Nose, carefully watching the dark surroundings.

Suddenly, while they were observing, a roaring roar sounded inside.

"Fuck you... you perverted monsters... let go of me..."

When the roaring sound of cursing came out, then I heard the roar of the monster.

After hearing that voice, the brothers suddenly felt a little stunned.

"Dashan, it is Dashan!"

One of Chen Qiao said there.

Of course the brothers in the back heard all Jiang Dashan's voice at this time, and couldn't help looking forward at this moment.

However, there is a long and narrow passage on the left side of this cave, and the voice of Jiang Dashan just came from there.

At this moment, after hearing Jiang Dashan's voice, the brothers couldn't help but feel a sense of excitement in their hearts, and then quickly ran towards the narrow passage.

I saw the place inside this passage?

In the dark space, I saw Jiang Dashan, like a dead man, with his hands and feet tied with chains, pressed to the ground, and what about him? It is surrounded by a group of extremely abnormal monsters...

Those monsters barked their teeth one by one, and the sticky yellow pus that came out of their sharp teeth looked disgusting and disgusting...they surrounded Jiang Dashan.

And in the foremost place, there are two people who are pulling the iron chain in their hands. With their pulling, Jiang Dashan's body is dragged forward from the cold ground...

And what about Jiang Dashan? You can only curse like crazy in your mouth.

A piece of meat on his shoulder has been bitten off by the monster... At this moment, he fell on the ground while yelling while panting, and the blood began to drip down his shoulder.

However, after arriving here quickly, the brothers stucked themselves to the wall over there, observing the environment here.

When they saw Jiang Dashan being chained to the front by the monsters, they were all taken aback. "Oh my God, what are these monsters doing?" Chen Qiaozhi asked in surprise when he muttered in his mouth.

At a glance, there are no more than twenty abnormal monsters in this space...

They held the iron chain in their hands, and they didn't know how to pull that Jiang Dashan there.

After seeing this situation, the brothers, in the end, Tang Xiaolong, who couldn't help but took a step forward, seemed to be about to rush forward. Fortunately, Chen Qiaozhi by his side caught this impulsive guy.

"Wait first..." Chen Qiaozhi said in a low voice there.

Tang Xiaolong clenched his fists tightly, his eyes flushed on the group of monsters staring at the front.

"When are you waiting? You didn't see those **** perverted monsters torturing the mountain." Tang Xiaolong said angrily.

Then Chen Qiao's way: "What are you anxious for?"

"If we go out rashly now...Although we can kill the monsters in front of us, who can guarantee that there are no other abnormal monsters in these surroundings? If there are any, then we can't even save people. , And you are in trouble?" Chen Qiaozhi said.

Hearing what Chen Qiaozhi said, Tang Xiaolong finally sighed and resisted his reckless behavior.

It was said that the monster over there was still pulling Jiang Dashan's body with iron chains while roaring and walking forward, but what about Jiang Dashan? He was cursing there like crazy.

"Dead monster... let go of Lao Tzu."

"Have the ability to come one-on-one with Lao Tzu?"

"Bastard perverted dog stuff..."

His cursing had no effect on the group of completely mutated monsters. Those monsters just dragged him forward by the chain...

Suddenly, the place in front seemed to be a cave. After they pulled Jiang Dashan here, two of the monsters lifted up the body of Jiang Dashan, and suddenly threw his whole person towards the cave.

Just hearing a bang, Jiang Dashan's mouth let out a scream of extreme pain, and then there was no sound anymore.

When the brothers saw this scene, they were all stunned.

All of them were not just that Jiang Dashan squeezed sweat in his palm.

However, after the monsters threw Jiang Dashan into the cave, they roared and scattered one by one...

No one knows why these monsters throw Jiang Dashan here.

When the brothers saw the ugly abnormal monsters disappear one by one, they finally quickly walked out of the darkness, and then quickly reached the cave.

"Wuhen, you are guarding over there... in case the monsters come over." One of Chen Qiao walked towards the cave, while telling Xue Wuhen, Xue Wuhen nodded quickly, and then went there. Place, body against the wall, carefully looking at the exit position,

The brothers arrived at the cave with a flashlight, took a flashlight, and found that the cave was not deep, and Jiang Dashan was lying there panting heavily.

"Dashan." Tang Xiaolong only heard a slight call at this moment.

When Jiang Dashan suddenly heard the voices of his brothers, he suddenly woke up.

"It's you...you...coming?" Jiang Dashan said excitedly, but it was obvious that his body was a bit weak, and the injuries on his shoulders made him speak a little Strenuous.

Chapter 1767: Rush out

"Hush, don't talk for now, we will save you." Chen Qiaozhi said there.

After they said this, they saw Tang Xiaolong and Xue Wuhen pulling on the iron chain forcefully, and then pulled the Jiang Dashan out of the black tunnel little by little.

After Jiang Dashan was pulled up, he finally took a long breath.

"Dashan, how are you?" As he said, squatting down to check the injury of Jiang Dashan, the brothers here rushed over.

But when Jiang Dashan saw his brothers coming to rescue him, his eyes were almost red.

There he poked his mouth and said, "I didn't expect... I didn't expect... the brothers all came to save me..."

"My mother Jiang Dashan is so touched..."

The smiling Buddha on the other side smiled and said: "Wipe, don't talk so much nonsense, as long as you are okay."

Jiang Dashan nodded there and said, "I'm fine, it's okay."

So the brothers hurriedly helped him from the ground, but saw that Jiang Dashan's hands and feet were tied with iron chains. Fortunately, they could be untied at one end of the iron chain. After unfastening the iron chain, Chen Qiaozhi glanced at Jiang. The place where Dashan was bitten by his shoulder was bloody, so he said, "Dashan, your shoulder must be bandaged, otherwise it will soon be infected. Once infected, it will be troublesome."

Jiang Dashan turned pale at the moment because of the bleeding. He shook his head and said, "I...I'm fine..." His voice was weak.

"It's okay? You're all like this, and you **** say it's okay?" Tang Xiaolong cursed.

"Sick ghost, quickly bandage Dashan's wound."

Chen Qiaozhi then tore a long piece of cloth from his clothes with a hiss, and then slowly bandaged Jiang Dashan's wound on his shoulder.

When they finally rescued Jiang Dashan, Xue Wuhen on the other side was observing the location of the exit.

Suddenly a roar of a monster came from there.

Xue Wuhen's head was stunned, and he said in secret: Oh, the monster is coming.

So he quickly turned his head and whispered to the brothers: "The monster is coming..."

As soon as the brothers heard it, they immediately became energetic.

"Mother, kill those bastards." Jiang Dashan clenched his fists.

Chen Qiaozhi frowned slightly and said: "There is no way, now there is no way to go, I can only rush out."

"Everyone is ready to fight as quickly as possible, and take Dashan out of here as soon as possible." After Chen Qiaozhi said so, the brothers nodded one by one.

Then all of them were against the cold wall, carefully raising their eyes one by one and carefully looking at the front place.

I saw that it was too late and it was fast, and in a blink of an eye, I saw a large group of monsters leaping towards this side, and one by one whispering as if talking there.

Seeing such a situation, Wang Zhen was not only taken aback, and said, "What are these monsters doing?"

"I don't know either." Chen Qiaozhi beside him said there.

"But it looks like these monsters should all be here." Wang Zhen said again.

Yes, seeing that there are more than 20 abnormal monsters in this stone house at this moment... It looks like they should all be here.

After observing the surroundings and nothing else except these more than 20 monsters, the brothers began to make preparations for action.

"Xiaolong, you deal with the three monsters over here... I and Wuhen deal with a few over there... the rest, you call them..."

Following Chen Qiaozhi's order, the brothers nodded one by one.

So one by one, they found their own position...and started to act.

Just as the group of monsters roared towards this side, a flashlight beam suddenly shone towards the head of the front monster. When the monster saw the dazzling light, it suddenly roared, The distorted face suddenly became annoyed, and squinted at this side...

With a bang, the gunshot came out directly.

The howling bullet directly hit the monster's head, and the monster screamed. The yellow slime splashing from the broken head looked extremely disgusting and died on the ground all of a sudden.

With the sound of gunshots in Wang Zhen's hands, all the more than 20 monsters here turned their horrible faces, and then rushed towards the brothers with a scream.

These mutated people were extremely fast, like wild beasts, and as they rushed, the brothers such as Tang Xiaolong and Xue Wuhen also shot in an instant.

Tang Xiaolong fisted one of the monsters that came forward, and the monster screamed and fell backward.

When another monster leaped towards him from the side, Tang Xiaolong flashed and cursed, "Go to hell, die monster."

With a roar, he grabbed the leaping monster, pressed it to the ground, raised his hammer-like fist, and slammed it on the monster's head.

One punch, two punches, three punches...

Until the monster's head was given to life.

Tang Xiaolong's hand was covered with thick yellow mucus splashing out of his head.

Tang Xiaolong shook the disgusting mucus on his hand, and continued to rush forward with a roar.

The ecstasy here, Situ Xuan, was outstanding in his actions. Although his left hand was abolished, it did not affect his combat value in the slightest. A hand that held the head tightly, saw one kill another.

The first pierced into the body of the monster, the monster made a scream of pain, and grasped Situ Xuan with both hands vigorously. He turned his right hand and pierced the head directly into the monster's neck. This time the monster wailed. Died tragically to the ground.

The gun in Wang Zhen's hand was obviously the simplest and rude.

Almost killed one with one shot. His marksmanship was very accurate. Almost all the shots were headshots. The monsters whose heads were blown up fell to the ground one by one with a hoarse cry.

In a blink of an eye, the twenty-odd mutant monsters that screamed just now all died on the ground in an instant...

The icy ground was all sticky yellow stinking liquid... it was like blood from the monster, smelly and disgusting.

There was also a monster that was not dead, lying on the ground and roaring uncontrollably. Tang Xiaolong walked over, raised his foot, and stepped on the monster's head. With a snap, the monster's head was instantly trampled on. Rotten to pieces, dead.

After quickly killing the monsters in the stone house, Chen Qiaozhi quickly said to the brothers: "It is not suitable to stay here for a long time. Let's leave here as soon as possible."

With that said, the brothers helped the seriously injured Jiang Dashan and began to run forward.

While they were running, Xue Wuhen took a flashlight inadvertently, and suddenly found that there were piles of human skulls piled up on the huge black stone wall in front, and more importantly, the circle of human skulls. There was also a large pile of children's clothing beside it.

Chapter 1768: savage

After seeing this situation, Xue Wuhen's heart sighed, the child's clothes! ! ! !

"Qiaozhi, Xiaolong, look at this place..." an exclamation came out directly from Xue Wuhen's mouth.

Following his exclamation, the brothers such as Chen Qiaozhi and Tang Xiaolong who were supporting Jiang Dashan were not only taken aback, and then they couldn't help turning their heads together. After they turned their heads, they saw The scene where Xue Wuhen shined with a flashlight.

"My God, so many human skulls...?"

"Besides, there are so many children's clothes?" Chen Qiaozhi said in surprise.

Then the brothers were completely shocked there.

"This, this, is this the missing children?" Brigadier Wang Zhen said in disbelief as he stared at the pile of human skulls.

Look carefully at the human skulls on the ground. Indeed, they are indeed children's bones...but these bones have been blackened, and the pile of clothes next to them is obviously ordinary children's clothes... Now one by one The cold is still here.

"My God, these kids...could it be that they are all dead?"

"They died like this?" Wang Zhen said, looking at the unbelievable scene in horror.

As for the other brothers around, they were all stunned.

A lot of human skulls, it doesn't look like there are a dozen children...

What kind of cruel thing would kill so many innocent children, how cruel it should be! ! !

"In just ten days, their corpses became a pile of bones..." Wang Zhen said in amazement.

Then Chen Qiaozhi was completely stunned.

I can't help but think to myself: Yes, how is it possible? Counting it down now, those children have only been missing for more than ten days. In ten days, how come the bodies of these children decayed so quickly? This is completely illogical.

"Unless, the flesh of these children was eaten by the group of abnormal monsters just now..." Chen Qiaozhi said suddenly.

In fact, he guessed all right.

These human skulls are indeed those of the missing children.

After ten days, the corpses of these children would of course not rot so easily, but were eaten clean by the abnormal monsters in this tunnel...that's why it became like this.

"Oh my god, it's too cruel, too cruel and inhuman." The brothers couldn't help but say with emotion.

They never thought that the innocent children would have died in this tunnel, and after death, even the corpses would be eaten by the monsters. Thinking of this, an invisible anger burned the brothers in front of them.

"Perverted dog stuff...too cruel." Tang Xiaolong roared there, his entire eyes became blood red.

The brothers on one side also kept their heads dull and did not speak, looking at the pile of children's clothes, and a cold wind of extreme sadness blew over.

Just when the brothers felt sad for the poor dead children, suddenly something threw in from the tunnel in front.

"Be careful!" When he felt something flying here, the ecstasy apostle Situ Xuan who reacted the fastest, exclaimed immediately.

Then the brothers flew back one by one...

But seeing what was flying in fell on the ground in front of them with a plop...but because the light was too dark, they didn't immediately realize what was flying in.

After they calmed down a little bit, they saw the brothers starting to take a flashlight to take photos of the dark thing that was thrown over.

Take a closer look, my goodness, I was shocked to see the corpse of a child.

The child seemed to be about 78 years old and was thrown on the ground at the moment.

The child's seven orifices are bleeding red blood... death is extremely ugly.

what!

A scream of exclamation came out of the brothers.

Looking at the dead child lying on the ground, the brothers were all shocked.

"Bad son, who? Who is there?" Tang Xiaolong finally couldn't hold back the anger in his heart, and asked angrily from his mouth.

who is it?

Who just threw this dead child in so cruelly?

At this moment, the brothers were surprised and hated, looking at the dark tunnel ahead.

Gradually, a footstep came towards them step by step.

The suffocating heavy footsteps sounded like the death knell of hell, ringing every time.

He appeared, and finally appeared in this one.

In the darkness, but seeing his figure appeared in the brothers' glasses, a huge sense of darkness quickly filled the entire space.

Looking at the figure in the darkness with endless terrifying aura, the brothers only felt a sense of suffocation that had never been felt before.

They all stood there cautiously, no one dared to speak or move, as if the appearance of the black figure in front had completely shocked them.

Even the hand of the pistol that Wang Zhen was holding tightly was full of cold sweat.

Just when they were all shocked here, a voice that seemed to come from **** suddenly came out.

"Hey, I didn't expect that the boy named Li was not here...only a bunch of little guys came." His voice was ugly and hoarse, and when he said it, it was full of disappointment.

When this terrible voice came out of his mouth for an instant, the brothers were dumbfounded.

Then they remembered the voice in their minds.

A terrible name appeared in their minds.

"Long Yin..."

"You, you, you are the **** Long Yin?"

As the brothers said so, suddenly Tang Xiaolong took a flashlight and shot it at him.

But in the light, a horror figure whose hair turned weird blue stood motionless.

His pupils have completely changed... I don't know why, they turned into a blood red like animal nature... That light blue hair was even more excited by the vigor of the whole body, and the silver on his face The mask had already been taken off... I saw that half of the face that had been burnt in the old mansion of the Ouyang family had condensed into a huge black scar, ugly and terrifying.

The moment when Long Yindang appeared, all the brothers in front of him were shocked.

The aura on his body is undoubtedly more solemn and terrifying than the terrifying aura before.

I really don't know what evil skills this perverted guy has practiced... it seems that the whole person has changed.

"I didn't expect this **** thing you to be here." Chen Qiaozhi said angrily.

Chapter 1769: Desperate fight

But just as he was about to pull the trigger with his finger, an invisible breath in the darkness suddenly seemed to grab his arm, making him unable to pull the trigger at all.

Wang Zhen's face flushed red and wanted to pull the trigger, but unfortunately that hand was completely blocked by the stubborn energy. I saw that Long Yin stretched out his hand and inhaled, and suddenly the gun in Wang Zhen's hand came out directly. He flew directly to one side of the hard rock wall, but after hearing a bang, the whole gun was too violent due to the force of the suction, and the gun shell was shattered.

Looking at Long Yin's terrifying strength, Wang Zhen was completely stunned.

He spent his entire life in the army, and followed the old commander Mu's wars in the north and south, but he had never seen such a perverted character, and he was completely shocked at the moment.

"Do you want to die?" Just after Wang Zhen fired his gun, a hell-like voice suddenly came over, and then he saw that Long Yin suddenly stretched out one hand with five fingers, like a claw, carrying a A horrible suction, suddenly sucked towards Wang Zhen.

That Wang Zhen only felt that his whole body was completely involuntary, and his two legs seemed to be unwilling, and suddenly his whole body flew towards that Long Yin.

"Brigadier Wang..."

When the surrounding brothers saw Wang Zhen's body being sucked by Long Yin with weird palm strength, they couldn't help but yell, and they all rushed toward the abnormal Long Yin, ready to save. The commander Wang Zhen.

But seeing that after all of them pounced, Long Yin suddenly made a smirk at the corner of his mouth, and suddenly squeezed the hand that was holding the brigade commander Wang Zhen, and suddenly felt a suffocation in Wang Zhen's chest ...

With a wow, a mouthful of blood spurted out of his mouth, and at the same time he saw his chest as if he had been hit by a heavy hammer... he fell to the ground with a plop.

And all the brothers here also all rushed towards that Long Yin.

Just when they all rushed towards Long Yin, Long Yin suddenly transformed his body, his whole body suddenly suspended in the air, and then his two hands criss-crossed strangely...A black energy came from his palm. Turn it out.

With a bang, I saw that the weird black aura wrapped around the brothers' bodies like ghosts. The brothers only felt that the black aura wrapped around them had an indescribable icy feeling. They were shocked. , Before he came, he would react, a vast and immense palm strength suddenly came out again from that Long Yin's hand.

The invisible strength directly knocked all the brothers to the ground with a boom.

Chapter 1770: The death of the smiling Buddha

Too strong.

Then the current Long Yin is really too powerful, the brothers have no power to fight back at all, have been directly shaken to the ground by that Long Yin's abnormal palm.

Fortunately, although this palm is strong, it did not hurt the brothers.

Tang Xiaolong got up first, and the ecstatic messenger Situ Xuan also quickly stood up.

"Qiao Zhi, Wuhen, you take Dashan and Brigadier Wang and go first, let's hold this ***** demon first." Just listen to the ecstatic apostle Situ Xuan in front of him.

When Na Xue Wuhen heard what he said, she immediately said, "No, we have to go together...I will stay and help you."

"Stop making trouble, you go first! Don't go again, we won't be able to go alone later."

As Situ Xuan said this, he saw him rush towards the enchanted Long Yin with a stride.

Although Situ Xuan's left hand was crippled, his right hand was fine. At this moment, with a backhand, he suddenly attacked Long Yin in front of him.

I saw Long Yin seeing the seductive apostle Situ Xuan rushing, a weird sneer emanated from the corner of his mouth, his body flashed slightly, and he avoided the heavy palm of the seductive apostle Situ Xuan.

After Na Situ Xuan saw Long Yin avoiding his own palms, he accumulated energy and suddenly struck three quick attacks.

The trick was viciously killed, but they were all easily avoided by that Long Yin. It could be seen that Situ Xuan was not a rival in front of that Long Yin.

After Situ Xuan here took the lead, Tang Xiaolong also rushed over at this moment.

He used the ghost servant's ghost shadow boxing method, the fast and unparalleled boxing method really has no shadow, and the strangely fast move is attacking that Long Yin.

Long Yin just dodged his body gently, as if he didn't take Tang Xiaolong and the others to heart.

While Situ Xuan and Tang Xiaolong were desperately blocking that Long Yin, Chen Qiaozhi and Xue Wuhen both showed grief on their faces.

"I'm going to help." Xue Wuhen said suddenly with red eyes.

However, Chen Qiaozhi in front of him grabbed his arm.

"Do not!"

"If you go there, you can only die..." Chen Qiaozhi.

Xue Wuhen: "Do you want me to watch Xiaolong... and Situ Xuan died here? But we escaped?"

"I Xue Wuhen can't do this kind of thing forever."

Following Na Xue Wuhen's anger, he couldn't help it anymore, shook off that Chen Qiaozhi's wrist, and then rushed forward like a flying to deal with Na Long Yin.

Then Chen Qiaozhi saw Xue Wuhen rushing forward lifelessly at the moment, and stood there sadly.

He was also heartbroken, but he thought more about saving people... After all, if they all stayed, they might all die this time.

But now the brothers are determined to fight, what can he do?

Looking at the brothers who are fighting in the cave at this moment, Chen Qiaozhi suddenly said angrily: "Well, since everyone refuses to leave, we will stay and fight this demon today... Even if we die, our brothers will die too. Together."

"Yes, brothers will die together even if they die." Jiang Dashan, who was seriously injured and the smiling Buddha, also said there.

At the moment, the fighting over there has become more and more intense.

Tang Xiaolong, Situ Xuan, and Xue Wuhen stayed together to deal with Na Long Yin.

But what about Long Yin? But it was as easy as a fish caught in the water, with a grinning smile on the corner of his mouth.

Suddenly, at the moment when the three of them were dealing with Long Yin, but seeing that Long Yin's hands were weirdly crossing, a black vigorous energy wrapped around his hands.

Then Long Yin's hands suddenly pushed forward, and the black entanglement energy came to Tang Xiaolong, Situ Xuan, and Xue Wuhen at an unparalleled speed...

The speed is surprisingly fast, leaving the three of them completely defenseless.

But hearing a bang, the black energy slammed into the chest of the three of them. The three of them only heard a scream, and at the same time fell from mid-air and fell heavily to the ground.

Together, the three of them couldn't resist the burst of Long Yin?

It's so cruel.

I saw that after the three of them fell heavily to the ground, each of them looked pale and ugly as white paper, and then climbed up from the ground with difficulty.

After Chen Qiaozhi and the Smiling Buddha and others saw that the three of them were seriously injured by that Long Yin, the Smiling Buddha suddenly rushed towards that Long Yin from behind.

"You demon... I fight with you." With a roar, the smiling Buddha rushed forward bravely.

The brothers in front of them were shocked when they saw the smiling Buddha rushing over in such a dangerous situation, and then hurriedly shouted, "Don't..."

But it was too late, and the smiling Buddha had already rushed over.

Immediately after his body reached that Long Yin's side, he saw Long Yin suddenly stretch out a ghostly hand, and then directly pinched the smiling Buddha's neck at an extremely fast speed.

"Do you want to die?"

The cold words like **** came out of his mouth.

I saw him pinching the smiling Buddha's neck and lifting up the whole chubby body of the smiling Buddha.

The face of the smiling Buddha began to turn red and purple...A pair of pupils seemed to be bleeding, both hands tried to struggle, but unfortunately they were so helpless, and the whole body was slowly and slowly brought to life at the same time. Lifted in the air.

"Laughing Buddha..."

"Father..."

When the Jiang Dashan and the brothers saw that the smiling Buddha was about to be pinched to death all of a sudden, they desperately rushed towards that Long Yin to save the smiling Buddha.

But when they all rushed over, that Long Yin suddenly squeezed the hand of the smiling Buddha's body, and slammed it hard, and the smiling Buddha's body slammed into the surrounding stone wall like a sandbag.

With a bang, the body of the Laughing Buddha directly hit the cold stone, and then fell from the stone wall to the ground. His face was covered with blood all at once, and he could not move at all when he was lying on the ground as if he had died.

Looking at the smiling Buddha who was thrown back, all the brothers ran over.

While yelling the name of Laughing Buddha, he hurried to see him.

But seeing that the whole body of the smiling Buddha was already full of blood... that face was purple and blue, and a pair of bloodshot pupils were wide... the body trembled violently at that moment.

"Father, how are you? Don't have an accident..." Jiang Dashan, who ran over, held onto the **** smiling Buddha.

The brothers on one side also looked at him heartbroken.

I saw that the smiling Buddha was dying, and his wide, blood-red eyes seemed to be closed at any time. At this moment, he stretched out a hand with difficulty to grasp the arm of Jiang Dashan.

The mouth is moving hard...as if you want to say something...

"Dashan...Dashan...I...I...I'm afraid it won't work anymore..." a sentence came out from the smiling Buddha's mouth with difficulty.
