

A Killer 177

Chapter 177: Huitian (5 more)

As Duan Mu Lei finished speaking, the K in front of him and the **** eyes suddenly coldly bet on Li Tian's body.

For Duanmu family matters, perhaps no one knows better than Duanmulei at this moment.

So when he said those words, everyone in the audience was shocked.

At this moment, Li Tian was filled with terrifying hostility. The move of (Rashomon: Nine Types) just now has undoubtedly shocked K and blood.

Even Qiu Si and Situ Ningbing were completely stunned there.

"Boy, what trick did you use just now?" K Senhan looked at him and said.

"Why? Scared?" Li Tian said suddenly.

That K was furious.

"I'm afraid of you? Something that doesn't know how to live or die." With K's roar, I saw his figure like a wolf rushing towards Li Tian.

Two hands furiously attacked Li Tian, one of them spread out five fingers like an eagle and grabbed Li Tian's throat, while the other hand attacked from the front of the chest strangely.

Li Tian didn't dare to be careless, his body turned and avoided.

Then K's right hand suddenly clenched and turned into a fist.

Huhuhu held three heavy fists and hit Li Tian.

If these three heavy punches really hit Li Tian's body, he won't be able to break his ribs...

Although Li Tian avoided such an attack with a flexible pace, he still seemed a little embarrassed.

"Boy, I see how you hide."

K yelled, his body lifted up, one leg swiftly rotated in the air, and then it slashed straight towards Li Tian's head.

If Li Tian still wants to hide with such fierce moves, he can't avoid it at all.

Just when Li Tian couldn't avoid it, his hands suddenly subconsciously used one of the tricks in (Rashomon: Nine Types).

Then he felt a terrifying breath of death filled his body, his right arm suddenly seemed to be twisted from a posture that could not be used at a normal angle, and his five fingers were even more strange. The thumb and index finger suddenly became hooked, suddenly Grabbing it toward K's ankle, the other arm is standing upright, looping around the chest, like a single palm burst.

Suddenly K realized that it was not good and wanted to quickly withdraw his flying legs, but it was too late.

Suddenly, Li Tian stretched out his hand and grabbed K's ankle. The feeling of death from the body completely enveloped the audience. K's ankle was caught, his face changed in shock, and his other leg quickly kicked back!

But he didn't expect Li Tian to tugged fiercely at this moment, and his fierce force caused K, who was in the air without a foothold, to suddenly lose the center of gravity of his body.

With a bang, the whole body fell to the ground.

Then Li Tianfei kicked K's chest with a scream, K's body was kicked and flew back like a sandbag.

The body slid out a distance of 4--5 meters before stopping.

Such a shocking scene made that Xuebian completely stunned, it can be said that even Qiu Si and Situ Ningbing were stunned there.

Why is his tricks getting more and more weird?

The first move just now was so weird, who is not a master in the audience? But they couldn't see how Li Tian made the move? I don't even know how his movements are made in one go? Could it be said that in such a short time, Li Tian has become so much stronger?

Is it possible?

According to common sense, it is absolutely impossible for Li Tian to defeat the K in front of him, even if he has learned all the moves in (Rashomon: Nine Types)!

What's more, Li Tian only stayed in the dark cave for such a short period of time, just remembering the tricks in his heart.

But why can he beat K now?

Perhaps, even the rickety old weirdo who taught him (Rashomon: Nine Types) never thought that Li Tian would learn so quickly... so quickly! And bring (Rashomon: Nine Types) to this power...

This of course all originated from the book (Tianshu Danju) beside Li Tian.

When Li Tian was reading the Heavenly Book Pill Scroll, the small tadpoles had already fully smashed the meridian acupuncture points in Li Tian's body...In a more common language, his body had been completely changed.

There are 24 air points and 68 meridians all over the body!

That's why Li Tian became like this!

But after all, I only memorized the moves in (Rashomon: Nine Types), and Li Tian, who has learned and used lively, can't reach the real (Rashomon: Nine Types) supreme power at all.

Perhaps when the real power of (Rashomon: Nine Types) appears, Li Tian will be shocked, what achievements will be made in the future for everything he has learned today! (This is something).

After Li Tian used the tricks in (Rashomon: Nine Types) one after another to hurt K badly.

K paled with that bloodless face, looking at Li Tian's eyes for the first time fear appeared.

Because K, who was facing Li Tian just now, completely experienced the feeling of death personally, as if he had walked from **** and returned to the world.

That kind of horror was something he had never had before.

Xuepan, Sen Han stared at Li Tian with murderous eyes.

He absolutely did not expect that today's scene of the overall situation would have been set, this **** kid would suddenly be destroyed...If this is to go back to Qisha and tell the story to the evil master... Isn't his life long gone? ?

So he just wants to kill Li Tian now.

"I want you to die!"

Can't bear the **** anger in his heart anymore, suddenly both palms hit Li Tian's body fatally.

His face was flushed, as if a **** face full of anger.

The countless palm shadows imaginary from Blood Shadow Palm directed at Li Tian.

"Be careful, you can't touch his blood shadow palm with your hands." In shock, her voice sounded from the audience.

Situ Ningbing.

Maybe it was subconscious, maybe because of the concern for Li Tian, she even called out at this moment.

And what about Li Tian? After hearing the voice of Situ Ningbing caring about her, she was slightly stunned, and she couldn't help but secretly lined in her heart: She cares about me! She still cared about herself...

But at the moment he was stunned, he was spotted by the blood.

"Boy, do you think you still have time to froze at this moment..."

With a roar of blood, both palms slammed against Li Tian's chest.

Situ Ningbing was shocked... A pair of Danfeng eyes looked at Li Tian caringly, but did not dare to speak, she was afraid of affecting that fellow again.

And Li Tian also secretly said that he was not good enough: he was so **** worthless... he was distracted.

At this time, seeing the **** palm of Xuepan attacked his chest, there was no way to retreat, and it seemed that he had no choice but to bite the bullet.

One foot stepped half a centimeter away, and the other foot followed backwards... Suddenly a Tai Chi gossip gesture with both hands... The massage technique on the Tianshu Danjuan!

In fact, the real scientific name of this trick is "Huitian".

The trick recorded on the Tianshu Danshu was written in tadpole script, but Li Tian didn't know it.

This time the sky is the oldest gossip tactics...the old saying goes: Wuji produces Taiji, Taiji produces two instruments, two instruments produce four images, four images produce eight trigrams, and eight trigrams produce 64 trigrams.

And this time the heavenly tricks include the gossip routines, the supreme martial arts of using Yin to engrave Yang and soft to overcome rigidity.

At this moment, Li Tian suddenly used this trick, and that **** palm hit him.
