

A Killer 178

Chapter 178: Miracle (6 more)

And at this moment, Li Tian stepped on a gossip step, and at the same time dodged like a soft body...Two arms seemed to follow the **** palm that was attacking with huge stickiness.

"Don't..." Situ Ningbing was shocked!

Because she knows that Blood Shadow Palm is powerful, that Blood Shadow Palm is the unique evil skill of Blood Shadow Palm. It is extremely powerful. Once it is used, it will hurt others and yourself. Moreover, Blood Shadow Palm gathers all its strength. The palms of both palms, once hit by the palm of the blood shadow, they will die!

So this is why Situ Ningbing screamed.

Even Qiu Si looked blank...

How dare Li Tian take this trick? Obviously looking for death?

But Li Tian really took this trick!

"Go to hell!"

Accompanied by the **** roar, the blood shadow palm was about to hit Li Tian's body.

At this critical moment, Li Tian's arm seemed to stick to the **** arm.

In the area of Shunli, Xuepan suddenly felt that his arm was out of control... he even moved a point to the left... and this small difference caused his blood shadow palm to deviate from that Li Tian's body. .

Wiping his clothes and hitting out.

"how is this possible?"

"Wrong..."

Qiu Si screamed! Even Situ Ningbing was completely stunned there. Was the beautiful eyes surprised... or comforted? unknown.

And what about bloody? I couldn't believe it.

At this moment, Li Tian suddenly slammed his shoulder against the **** shoulder. The force from his body made the **** footsteps unable to be grasped, and he stepped back a few steps before stopping. Come down.

Xuepan looked at Li Tian with an ugly face, but he didn't expect that his blood shadow palm didn't hurt him.

Shocked at the moment.

No wonder K was severely injured... It turns out that this kid is really not a simple character.

Li Tian put his hands in the shape of a gossip, facing the blood pan.

"This kid has a problem, and the tricks are very weird...Xuepan, you have to be careful." K, who was pale and gray, said while blinking at Xuepan.

Xuepan is now completely felt out.

With a strong killing intent, he stared at Li Tian firmly.

Suddenly, both palms greeted Li Tian again, and he didn't even dare to say anything more.

The stern palms hit Li Tian from different angles, Li Tian dodged in a staggered step, and at the same time used Huitian's massage techniques to block.

Two people fight together.

The swift figures were intertwined, and Xuepan was like a blood-red beast, and Li Tian was desperately blocking his attack.

Use all the tricks you have learned.

Suddenly, the blood screamed, and he, who was originally ***** radiant, rose up in an instant, and then he attacked Li Tian with his palms one after another.

"Blood dance!" The deadliest move in the blood shadow.

Li Tian was covered under the palm of Blood Shadow, and he couldn't even see his body clearly with the naked eye. It seemed dangerous at this moment, but at such a moment, he still used Rashomon's moves, and he was suddenly full of hostility. Intertwined completely with that ***** light...

Interweaving black and red.

The blood shadow palms all over the sky are calling towards Li Tian.

There was a loud bang.

But seeing Li Tian got a ***** palm...

The fierce strength directly caused his body to fly upside down, and fell to the ground fiercely, with a bang, but what about that blood? Then he didn't expect his body to fly upside down, falling to the ground with a thud like Li Tian.

Wow, scarlet blood spurted out of his mouth.

Li Tian's face was ashen ashes, and all the bones in his body seemed to be interrupted. It hurts terribly when he moved...

Like him, that ***** face was extremely ugly, as if he had suffered a severe injury.

It turns out that at the moment when the ***** palm of the blood shadow hit Li Tian, Li Tian used Rashomon: the last move in the nine styles.

That move was a life-threatening move to die with the enemy.

It's just that Li Tian didn't use it well... after all, it was the first time!

If you use it well, this blood will have already died under Rashomon.

The audience was shocked.

K and Xuepan all lost.

Xuepan's face was as pale as a dead person, unable to move, and K was also the end of the crossbow, the remaining Fang Hai and Duanmu Lei's two clown-like characters certainly did not dare to move.

Although Li Tian's body here is at its limit, fortunately, there are also the seriously injured Qiu Si and the poisoned Situ Ningbing.

The situation is of course the most favorable for Li Tian and the others.

"Mr. Xuepan...Let's...Let's go..." Duan Mu Lei said with an ugly face.

A pair of eyes looked at the Qiu Si and them in fear.

Xuepan had no words, his face looked like death.

Then K didn't speak either, and the light in his eyes was helpless despair.

"Fang Hai, come here, let's go..." Duan Mu Lei shouted.

Fang Hai and Duan Mulei in front of him suddenly held the **** pan and K like a dog and went out quickly.

The Qiu Si and Situ Ningbing here didn't have the time to take care of them, so they ran to Li Tian quickly.

But seeing Li Tian fell on the icy ground, his face looked like ashes...

"Boy, hold on! You must hold on." Qiu Lao said, clutching Li Tian's hand tightly.

But his distracted gaze was tightly focused on the face of her who came by.

Situ Ningbing.

She looked at him... There was a feeling that couldn't be expressed in words in her beautiful eyes.

Li Tian's lips moved twice, as if he wanted to say something, but when the words reached his mouth, he was unable to say it. Finally, when his body reached the limit, his eyes went black and he passed out...

At his last glance, he still clearly saw Situ Ningbing's extremely beautiful face...

The big wind and waves finally passed under Li Tian's miracle.

The next day!

When the sun rose again and shone into Qiu Si's courtyard again, the corpses and blood in the courtyard had already been cleaned up.

Qiu Si's serious injury has been significantly healed...

But what about Li Tian?

He was in a coma here for three days and three nights.

For these three days and three nights, she has been silently guarding him, keeping every step of the way.

Because of Situ Ningbing, who was poisoned by the Duanmu family's Sanshengmen, her complexion was a little pale, and because of staying up late, her complexion was a little sallow, but it did not affect his alluring appearance.

Sitting on the edge of the bed, looking at Li Tian who was lying quietly on the bed, Situ Ningbing had no words, but just blinked and looked at.

Who can understand the heart of a killer beauty?

is love? Is it hate?

Who knows?

She was just looking at him there, always looking at him like that, with no trace of emotion on her cold face.

What about Li Tian? He was almost completely destroyed when he was hit by the palm of the blood shadow. Fortunately, he used his physical strength to stop him at that time, otherwise the current Li Tian may truly become a waste.

When he slowly opened his eyes... he saw her peerless face at a glance.

The moment I saw her, my heart rose with excitement, and I hurriedly wanted to move his body from the hospital bed, but after a move, he found that there was a burning pain all over his body, which made his mouth feel stuffy. Snorted.

"Don't move... You are hurt badly." Her voice softly passed into his ears.

Knowing her for so long...I heard her gentle voice for the first time.
